THORSBY RCMP SEEKING SUSPECT IN ATM THEFT

Submitted by Thorsby RCMP

On Feb 29, 2016, at 4:25 a.m. Thorsby RCMP were dispatched to an alarm at the Bank of Montreal. Investigation revealed that earlier, a garbage truck had been stolen and was used to perpetrate the offence of breaking into the bank and stealing an ATM machine.

The garbage truck was later driven eastbound on Township 492 where it was abandoned. The suspect left that area in what is believed to be a very clean, white, early 2000's Chevrolet/ GMC extended cab truck. No one was in the bank at the time. The RCMP are seeking public assistance in identifying either the male involved in this occurrence, or information on the truck. This is the second ATM theft reported in Thorsby although it is not confirmed that these thefts are related.

If you have information about this, or any other investigation(s), please call the Thorsby RCMP at 780-789-3950, or call your local police detachment. If you want to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS), by internet at www.tipsubmit.com, or by SMS (check your

local Crime Stoppers [www.crimestoppers.ab.ca] for instructions). You do not have to reveal your identity to Crime Stoppers, and if you provide information to Crime Stoppers that leads to an arrest(s), the recovery of stolen property, and/or a seizure of illicit drugs, you may be eligible for a cash reward.

FIREFIGHTERS GET FIRED-UP FOR PROVINCIAL TRAINING GRANTS

Submitted by Government of Alberta

The Fire Services Emergency Preparedness Program provides grant funding to municipalities and First Nations to help local authorities and volunteers prepare for, mitigate, respond to, and recover from fires and other emergency situations.

"Local firefighters and emergency responders provide an invaluable service to their communities. These men and women, many of whom are volunteers, brave dangerous situations in order to protect the public. Our government is proud to invest in emergency preparedness training as just one of the ways we will continue to help these individuals who help others." Danielle Larivee, Minister of Municipal Affairs

This grant program helps first responders develop the skills they need to respond effectively in fire and emergency events. The program is especially crucial for smaller fire departments, which rely heavily upon the commitment of volunteer firefighters.

A priority is placed on applications that include regional collaboration. Grant recipients are encouraged to train together, so different municipalities and First Nations can find common ground to expand and enhance the emergency services they provide to residents in their region.

"The Ermineskin Cree Nation Fire Protection – Disaster Services provides critical, life-saving emergency response within our community and thanks to mutual aid agreements, our Nation is also asked to provide fire response to surrounding communities and neighbours. Provincial training grants help ensure our trained volunteers can enhance their expertise and practice their skills, so they are ready, and Ermineskin Cree Nation is ready, in case of an emergency."

Randy Ermineskin, Chief of the Ermineskin Cree Nation

In 2016, Municipal Affairs will provide \$500,000 to support fire training and \$150,000 to support emergency management training.

Municipalities will be notified of their grant applications within the coming weeks.

WINTER PHOTO CONTEST WINNERS ANNOUNCED

Submitted by Megan Candie

Leduc County, Alberta – Leduc County is pleased to award two amateur photographers for their submissions for the winter edition of Leduc County's Municipal Development Plan (MDP) update photo contest.

Leduc County resident Jeff Janisse received 320 votes from the public – the most of the seven photos submitted – for his photo "Beautiful Alberta country sunset." In the youth category, Grade 8 student Kendra Nahajowich was awarded for her submission titled "Sunset on the horizon."

"We are delighted by the submissions received in our second installment of the photo contest in support of the Municipal Development Plan update," says Laurie Johnson, senior planner and MDP project manager. "We thank all participants for submitting their photos which capture the character of Leduc County."

Janisse and Nahajowich will receive a Leduc County prize package, including a 16GB iPod touch, and their photos will be featured in future Leduc County publications.

Each season, the county is hosting an amateur photo contest to collect images that capture the character of Leduc County.

March 15, 2016 CITY URGES LEDUC TO ACCEPT THE EARTH HOUR CHALLENGE

Submitted by John R. Statton

The 2016 FortisAlberta Earth Hour Challenge is simple: residents, businesses and institutions are encouraged to turn off all non-essential lights, appliances and electronic devices for one hour, from 8:30 to 9:30 p.m. on March 19.

"These simple actions show the power of individuals to make a big difference to our planet," said Kerra Chomlak, environmental sustainability coordinator with the City of Leduc. "As FortisAlberta says, you have the power to make a difference. Let's save energy together."

Everyone participating in Earth Hour is asked to share their power-saving ideas and plans on Twitter (#LeducEarthHour) and on Facebook. If enough electricity is saved in Leduc during that hour, the City of Leduc could win a grant from FortisAlberta, the city's power provider, to enhance public education about saving energy in our community.

Winter Photo Contest Winners Announced

Continued From Page 2

The spring photo contest runs from March 1 to April 30, 2016. Show us your favourite scenes, vistas, events, activities or places in Leduc County for your chance to win a Leduc County prize.

The MDP is Leduc County's plan for the future. It is the roadmap for how the county will grow and develop over a 25- to 30-year period by guiding future land use and policy decisions. Leduc County is updating its MDP to ensure development is sustainable and provides a high quality of life for current and future residents. The project is now in its second phase.

Learn more about the photo contest and view prior submissions at www.leduc-county.com/photo-contest. As its commitment to saving electricity during Earth Hour, the City of Leduc will turn off all non-essential lights at the Civic Centre and Operations building and will dim lights at the other facilities during Earth Hour where possible. Businesses are encouraged to take the same actions.

"Business participation in Earth Hour will make a big difference to the amount of electricity Leduc saves and will make a big visual impact on our streetscape by turning off outdoor signage," said Chomlak. The 2015 FortisAlberta Earth Hour Challenge attracted 25 municipalities. Participants saved a total of 18,796 kWh, which is enough electricity to power 20,000 houses for one hour. The first, second and third place winning municipalities of the 2016 challenge will be awarded \$7,500, \$5,000 and \$2.500 respectively.

Earth Hour is a global event begun in Sydney, Australia in 2007 to encourage people and businesses to help conserve power and raise awareness of environmental issues. The challenge takes place annually in March. The World Wildlife Fund (WWF) leads Canada's Earth Hour participation.

For more information about Earth Hour and other environmental initiatives in Leduc, check out Leduc. ca, e-mail ecosmart@leduc.ca or call the Eco-smart Hotline at 780-980-7107.

Lose up to 5 lbs or more in just 3 days!! Yes It Really Works!!

"I've lost 30 Pounds in 45 days - I've tried all kinds of products and so happy to find one that actually works!" - Elaine Spruce Grove

Page 4 Community Voice RIDING UPDATE – WEEK OF FEB 29, 2016

Submitted by Jim Eglinski, MP – Yellowhead

Parliament was down the week of February 29th. During my stay in the riding, I spent a considerable amount of time meeting with constituents in my Edson office on issues varying from the Energy East Pipeline, to coal issues, trade issues, as well as a future plan to design and construct a new hostel facility in Jasper National Park. I also participated in a conference call with the Environment and Sustainable Development Sub-committee to discuss future committee business.

While in the riding, I attended a Town Council meeting in Thorsby, a meeting with community business leaders in Drayton Valley, and our local Yellowhead EDA, AGM. The week ended promoting the upcoming Farm Safety Week (March 13 - 19). This year, it will emphasize protecting our children from the dangers associated with growing up on a farm. Tune into your local radio station to hear more.

On March 6th I will be headed back to Ottawa where I will meet with various organizations, as well as attend committees and events. This will be a very busy week and I look forward to reporting back to you. If anyone is in Ottawa, please do not hesitate to contact my Hill office and I will be more than pleased to meet with you, organize a tour of Parliament and/or obtain passes for those wishing to attend Question Period.

PARLIAMENT UPDATE – WEEK OF MARCH 7

Submitted by Jim Eglinski, MP – Yellowhead

This week in Parliament, we covered topics from income tax, to citizenship and immigration.

• The Liberal Government's Motion on Canada's contribution to the effort to combat ISIL was passed in Parliament. This officially confirmed the recall of our fighter jets.

• Bill C-2, An Act to amend the Income Tax Act, was debated this week. This bill will adjust tax rates and reduce the annual contribution limit for tax-free savings accounts from \$10,000 to only \$5,500.

• As well, Bill C-6, An Act to

amend the Citizenship Act and to make consequential amendments to another Act, was debated. This bill will make several changes, including removing the grounds for the revocation of Canadian citizenship that relate to national security.

• A new Government bill was introduced -- Bill C-7, An Act to amend the Public Service Labour Relations Act, the Public Service Labour Relations and Employment Board Act and other Acts and to provide for certain other measures. Under this bill, more than 17,000 Mounties will be permitted to form a national union but will not have the right to strike. • Conservative MP Arnold Viersen tabled his Motion (M-47) regarding online violent and degrading sexually explicit material.

• The Government tabled their 2016 Immigration Levels Plan which includes massive cuts to immigration streams vital to our economic growth. For more information, please see: http://news.gc.ca/ web/article-en.do?nid=1038699

• This week, the Environment and Sustainable Development Committee (ENVI) began a review of the Canadian Environmental Protection Act, 1999. We heard from senior officials from Health Canada, Environment Canada, Ecojustice Canada, Environmental Defence Canada, and the Chemistry Industry Association of Canada. You can follow the committee at: http://www.parl. gc.ca/Committees/en/ENVI

• For more details on bills before Parliament, please see: http:// www.parl.gc.ca/LEGISInfo/Home. aspx?language=E&ParliamentSession=42-1

Throughout the week, I attended 17 meetings and four events. The House will be down the week of March 14, and my next update will be on my travels in the riding before I return to Ottawa on March 20th.

With the Prevail line of functional beverages, people all over the world are experiencing a new kind of health and vitality.

Formulated with purest natural ingredients from some of the most pristine locations on the planet, we pride ourselves not only on creating product that get results, but on creating products that are good for your body.

From our flagship product that many are calling the best energy product EVER, to our super-antioxidant Immune Boost, to Trim, our incredible new weight management drink, the Prevail line of products by Valentus is second to none.

And as if the health benefits weren't enough, just wait until you taste these amazing drinks. They are delicious!

PULLING A TOOTH SHOULDN'T COST AN ARM AND A LEG: WILDROSE SUGGESTS DENTAL FEE REFORMS

Submitted by Wildrose MLA Drew Barnes

Most people don't like going to the dentist.

It doesn't matter how kind the hygienist is, or how friendly the dentist. It's uncomfortable to sit there with your mouth wide open, having to grunt responses to polite – and horribly timed – questions.

Nevertheless, Albertans understand

how critical these services are to our communities – especially for young families

However, there is more that can be done to increase competition, improve services and reduce costs throughout Alberta's dental system.

Here in Alberta, families pay more out-of-pocket on dentistry costs than anywhere else in the country, according to Statistics Canada's most recent National Household Survey. In fact, costs have risen dramatically since 1997, when the Alberta Dental Association (now the Alberta Dental Association and College) stopped publishing their fees. Even insurance plans are growing more costly more quickly in Alberta than in other provinces.

Especially in these difficult economic times, when thousands of Albertans are out of work and struggling to make ends

meet, Wildrose believes that Albertans don't need more reasons to worry. That's why, in response to the government's review of dental fees, we have put forward a comprehensive strategy to address the strain on Albertans' pocketbooks caused by the most expensive dental care in the country.

March 15, 2016

Our plan would increase transparency in Alberta's dental system by allowing and encouraging dental offices to post pricing information online. It would also promote consumer choice and a competitive market by relaxing the strict limitations on advertising and promotional offers currently in place in the dental profession.

Now, we understand that the cost of doing business isn't cheap, and that dentists must cover their overheads and make a profit margin. However, unlike almost all business owners in Alberta, our dental professionals are not operating within a transparent and efficient free market.

A strong market economy relies on competition: it unleashes innovation and passes savings from business efficiencies on to consumers. Competition allows for fair prices and fair profits, and provides a natural means of balancing a market quickly and efficiently.

It also removes the need for price controls.

The last thing Albertans want is a dental system burdened with more red tape and government regulation. Allowing and encouraging dental offices to make their prices publicly available and allowing dentists to advertise more freely would provide a more effective solution to record dental fees than imposing set fees.

There is a rare opportunity here to allow Albertans the ability to make informed decisions and exercise their purchasing power in choosing a dentist. We'd like to see a common-sense solution that brings best practices to the dentistry market – where consumers are empowered, and dentists are free to compete for your dollars.

We are disappointed that to date, the NDP government has rejected many of these constructive recommendations that would improve the lives of and health care choices for Albertans. If you agree with our suggested changes, I encourage you to send an email to the Health Minister at health.minister@gov.ab.ca.

Wildrose hopes the government will take up our proposals for increased transparency and consumer choice in dentistry as it reviews dental fees in our province.

We think it's a good way to improve access and choice for families.

Drew Barnes is the Wildrose Shadow Health Minister

ITEMS TO INCLUDE IN YOUR AUTOMOTIVE EMERGENCY KIT

Road trips can make for great weekend getaways or even more lengthy vacations for those who can't get enough of the open road. But before embarking on any road trips, motorists should replenish their automotive emergency kits with the following items so they are fully prepared in the event of an accident or an injury.

First-aid kit: A first-aid kit can treat cuts and abrasions suffered while you are out of the car and even some minor injuries that may result if you are in a car accident. Include essential items like adhesive tape, antibiotic ointment, antiseptic wipes, aspirin, bandages, a cold compress, gauze, and scissors. Visit www.redcross.org for a more extensive list of items to include in your first-aid kit, which should be kept in your car at all times.

Tools: It's important to include tools in your automotive emergency kit. While a full toolbox might be unnecessary, bring along an adjustable wrench, a flat head and Phillips screwdriver, a pair of pliers, a tire jack and crow bar, an ice scraper, and a flashlight. Extra roadside flares and reflectors also should be packed should you need to pull over and address an automotive problem, such as a flat tire. Keep a tire pressure gauge in your glove compartment or with your other tools so you can check tire pressure if you feel your car is not operating as smoothly as it normally does.

Fluids: While it's best to check all of your vehicle's fluids before beginning a road trip, it does not hurt to bring along some extra fluids just in case you start to run low while out on the road. Fluids to pack include motor oil, antifreeze, brake fluid, and windshield washer fluid. Include a funnel with these items so you can easily pour

them in should you be running low. Pack an empty spray bottle as well so you have something to spray washer fluid from if a problem arises with your wiper blades. Wiper blades: Include

an extra set of wiper blades in your automotive emergency kit. Maintaining wiper blades is an oft-overlooked component of vehicle maintenance, so bring along an extra set of blades should your existing blades succumb to wear and tear while you're on the road. Miscellaneous items: Some items that may not seem synonymous with road trips can come in handy should you find yourself in an emergency. Pack a blanket so you and your passengers can stay warm should your car break down at night. In addition, pack some energy bars and bottled water so no one gets too hungry or thirsty while waiting for help to arrive. It's also good to keep a pair of work gloves in your car so you can still use your tools or change a tire when the temperatures dip or your hands get sweaty on hot days.

ROBBERY SUSPECT ARRESTED

Submitted by Rocky Mountain House RCMP

On March 2, 2016, at approximately 11:30 a.m., Rocky Mountain House RCMP arrested a robbery suspect responsible for a crime spree throughout Central Alberta over the last week.

On February 22nd, 2016, at approximately 10:30 p.m., a Pontiac Grand Am was stolen in Drayton Valley, Alberta. Shortly after the motor vehicle theft, the suspect driving the stolen car was chased out of a rural farm yard by a property owner who caught the thief attempting to steal items in his yard. RCMP immediately responded to the farm and extensively patrolled the area. Police later located the stolen Grand Am in the Buck Creek area; however, the culprit(s) had already fled. The RCMP Police Dog Section responded to the scene to assist in the search of the area but were unable to locate the culprit(s). On February 23rd, 2016, at approximately 9:40 a.m., an oil lease operator in the Breton area drove into a site to conduct his daily rounds. When the operator entered the site, he noticed someone had been in the shed on the property. When he exited his truck to check it out, he was attacked by a masked man who pepper sprayed him and stole his GMC pickup truck. The stranded victim, despite his in-

juries from the attack, was able to locate help who called 911 for assistance. Police immediately responded to the scene but were unable to locate the stolen truck.

On March 2, 2016, at approximately 11:30 a.m., alert Mounties from Rocky Mountain House detachment located the stolen GMC truck involved in the oil lease site robbery parked in an alleyway with no occupants. Police found fresh footprints in the snow surrounding the stolen truck indicating it had only been recently abandoned. Hoping the thief would return to the truck. officers waited out of sight for the culprit(s) to return to the vehicle. Shortly after doing so, a man approached the stolen truck and tried to run away when he saw police. The culprit was quickly arrested. The subsequent investigation revealed the stolen truck contained weapons used in the robbery, including bear spray and other stolen property.

The accused, Joshua Aaron SCOTT, 32 years of age, a resident of the Drayton Valley and Rocky Mountain House area, has been formally charged with 17 criminal counts, including robbery, using a mask in the commission of an offence, flight from police, possession of stolen property and other serious charges. SCOTT was already out on bail conditions awaiting a future court date as a result of previous criminal charges relating to a search warrant at a residence in Rocky Mountain House. In that case, it is alleged that he was in possession of stolen property linked to recent break and enters in the Rocky Mountain House area.

Rocky Mountain House RCMP will continue to aggressively target individuals involved in illegal activities and will use every possible tool and agency available. The RCMP wishes to remind those that are involved in criminal activity that any assets used to commit crime will be seized as offence related property.
