ONOWAY HOSTS ITS 4TH ANNUAL CHILDREN'S HEALTH FAIR

Submitted by Terri Flemmer

Residents are invited to attend the FREE Children's Health Fair on April 29th from 10 a.m. – 2:00 p.m. at the Alliance Pipeline Activity Centre.

The fair celebrates children and promotes healthy living and positive parenting. Alberta Health Services will be on hand

to showcase its programs. Public Health, mental health and speech and language services will be available. Early childhood services will be there also.

Over 45 exhibitors will be on hand during the fair, including local businesses. Onoway Food Bank will be accepting donations. A story teller will be showcasing her talents throughout the day. Parent Link will be provid-

ed a craft for the little ones, and an Airbrush Tattoo Artist will be there to delight the crowd.

The Onoway Children's Health Fair is sponsored by Onoway Alberta Treasury Branch, Parent Link and Alberta Health Services.

For more information, call AHS Community Health Services at 780-967-4440.

ONOWAY COMMUNITY GARDEN

Submitted by Pastor Rick Foster

The Onoway Beautification Committee, Onoway Baptist Church and Lac Ste. Anne East Food Bank, are again looking forward to our third growing season! Those who love gardening begin to get excited at this time of year about getting outside and digging in the dirt! But you don't have to wait! Plants like tomatoes and cucumber are

easily started indoors and transplanted when the weather is suitable. So, if you have the room and a window that faces south, why not get started right away?

The site plan for the community garden is the same as previous years with 8 plots of approximately 210 sq. ft. being made available to each renter. The fee for renting a plot for the season is \$25, and a signed agreement is required. The season runs from May 1 to October 21. Currently

there is one garden plot available for rent this year, but another spot has been made available in another location in town. So if you are interested, please contact Pastor Rick Foster at the Onoway Baptist Church, 780-967-2266. The Community Garden site is located at 5032-48 Ave. in Onoway on the lot between the church and the Food Bank house.

WESTJET EMPLOYEE CHARGED IN TRAVEL CREDITS FRAUD

Submitted by Mike Tucker, Communications Manager, Alberta Law Enforcement Response Teams (ALERT)

Calgary... A joint investigation between ALERT and WestJet's Corporate Security has resulted in fraud and theft charges against an airline employee. ALERT Calgary's Financial

Crime team arrested and charged Terance Gough, 43, on April 19 with fraud and theft over \$5,000. ALERT is an integrated team consisting of Calgary Police Service and RCMP members.

Gough is alleged to have fraudulently issued over a quarter million dollars' worth of WestJet travel credits between 2012 and 2015. ALERT alleges that

these travel credits were being bought and sold by a third-party, and no WestJet customers were defrauded.

The investigation was referred to ALERT in July 2015 after WestJet conducted an internal investigation on the matter.

Members of the public who suspect drug or gang activity in their community can call local police, or contact Crime Stoppers at 1-800-222-TIPS (8477). Crime Stoppers is always anonymous.

ALERT was established and is funded by the Alberta Government and is a compilation of the province's most sophisticated law enforcement resources committed to tackling serious and organized crime. Members of Alberta Sheriffs, Calgary Police Service, Edmonton Police Service, Lethbridge Police Service, Medicine Hat Police Service, and RCMP work in ALERT.

JOKE OF THE WEEK

A store manager overheard a clerk saying to a customer, "No, ma'am, we haven't had any for some weeks now, and it doesn't look as if we'll be getting any soon." Alarmed by what was being said, the manager rushed over to the customer who was walking out the door and said, "That isn't true, ma'am. Of course, we'll have some soon. In fact, we placed an order for it a couple of weeks ago."

Then the manager drew the clerk aside and growled, "Never, never, never, never say we don't have something. If we don't have it, say we ordered it and it's on its way. Now, what was it she wanted?"

The clerk smiled and said ... "Rain."

MP JIM EGLINSKI CONGRATULATES LOCAL CONSTITUENT

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, congratulated Jadey Van der Vlis on receiving a post-secondary bursary and for being selected as the 2016 Ponoka Rodeo Queen.

The following is the statement

he delivered:

“Mr. Speaker, last Saturday in Leslieville Community Centre in central Alberta, I had the privilege of attending the Rocky Mountain House Agricultural Society’s annual “Salute to Agriculture” banquet. This event celebrated the achievements of local farmers in the area.

During the event, post-secondary education bursaries were given out. Miss Jadey Van der Vlis from Alhambra, Alberta, in her first year of education at Red Deer College, was one of the recipients. Later on, I was speaking with Jadey about her wishes to become a teacher and her future. During the conversation, she ex-

citedly mentioned that she had been selected as a finalist in the Miss Ponoka Rodeo Queen competition. I have just learned that she was selected.

Congratulations to Jadey for becoming the 2016 Ponoka Rodeo Queen and for winning a post-secondary education bursary. Well done, young lady!”

UPDATE #2 SEARCH FOR MISSING FEMALES

Submitted by RCMP Stony Plain/Spruce Grove/Enoch

2016-413510

On the evening of April 18, 2016, 12 year old Cameron Lawrence was located in the city of Edmonton in good health. Unfortunately a short time later Cameron Lawrence, once again went missing and is believed to still be in Edmonton at this time.

Cameron Lawrence is de-

scribed as

- Aboriginal
- hazel eyes
- Long Blond hair
- Slim build
- 5’ tall

If you have any information about this matter, please contact Edmonton City Police, the Stony Plain RCMP at 780-968-7267 or if you want to remain anonymous, you can contact crime stoppers by phone at 1-800-222-

8477 (TIPS), by internet at www.tipsubmit.com, or by SMS (www.crimestoppers.ab.ca for instructions). You do not have to reveal your identity to Crime Stoppers, and if you provide information to Crime Stoppers that leads to an arrest, the recovery of stolen property, and/or the seizure of illicit drugs, you may be eligible for a cash reward. Crime Stoppers does not subscribe to call display and the identity of the

caller will remain anonymous.

PARLIAMENT UPDATE – WEEK OF APRIL 11

Submitted by Jim Eglinski, MP – Yellowhead

This week was largely spent debating the Liberal Government's 2016 Budget. We also covered topics including charitable donations, organ donor registry, and impaired driving.

Debated this week:

- Budget 2016-2017
- Conservative MP Ted Falk's Bill C-239 (Fairness in Charitable Gifts Act)
- Conservative MP Steven Blaney's Bill C-226 (Impaired Driving Act)

ing Act)

• Conservative MP Ziad Aboultaif's Bill C-223(Canadian Organ Donor Registry Act)

• Government Bill C-10 (An Act to amend the Air Canada Public Participation Act and to provide for certain other measures)

For more information on Bills before Parliament, visit: www.parl.gc.ca/LEGISInfo/

An emergency debate was held late into the evening of April 12th regarding the state of emergency and suicides at the Attawapiskat reserve and other communities. My

comments during the debate can be found on page 96 of the following link: <http://www.parl.gc.ca/content/hoc/House/421/Debates/037/HAN037-E.PDF>

As you may have seen in the news, the Liberal Government tabled legislation on physician-assisted suicide (Bill C-14). Debate is scheduled to start on April 20th.

I had the pleasure of delivering a statement on Friday, in which I recognized Jadey Van der Vliet, from Alhambra, Alberta. She was awarded a post-secondary education bursary at the Rocky Mountain House

Agricultural Society's Annual Banquet. The next day, she called me to say that she was selected to be the 2016 Ponoka Rodeo Queen. If anyone in the riding knows of someone they want recognized, I invite you to contact my Ottawa office.

As Vice-Chair of the Standing Committee on Environment and Sustainable Development, I attended two meetings this week, where we heard witnesses on the Federal Sustainable Development Act.

This week, I attended 12 meetings and 3 events. Stay tuned for next week's update from Ottawa.

REGISTER TO BE AN ORGAN & TISSUE DONOR

Submitted by Government of Alberta

April 17 – 23 was National Organ and Tissue Donation Awareness Week in Canada. With more than 600 Albertans waiting for an organ transplant, and many more waiting for tissues, increasing the number of Albertans registered as donors is an important part of improving health outcomes.

Individuals can register their consent to donate at ultimatgiftalberta.ca, and also have the opportunity to register when renewing or applying for a driver's licence or identification card. Since the registry launched in April 2014, more than 230,000 Albertans have registered their consent to donate.

Talking to your family and friends about your wish to donate is also important, so they can sup-

port your choice when the time comes.

Facts About Organ and Tissue Donation

• Alberta's rate of deceased donors is increasing, from 9.9 deceased donors per million population in 2012, to 13.6 in 2014.

• Tissue donation is equally as important as organ donation. For example, donated corneas can restore sight and heart valves are

life-saving.

• About 2,500 Albertans register every week to become organ and tissue donors.

• Just one organ and tissue donor can save up to eight lives and make life better for up to 75 other people.

To register your consent to donate, or to learn more about organ and tissue donation, please visit ultimatgiftalberta.ca.

DARWELL PUBLIC LIBRARY NEWS

Submitted by Sandra Stepaniuk, Library Manager

Here is an update on the library expansion. Things are progressing and we are nearing the lock up stage. We are hoping to have a usable space in time for the Summer Reading Program in July and August 2016. As expected with construction, you tend to run into a few unforeseen challenges so we will be doing some more fund raising to facilitate the completion of the building. Currently available are a few Logo Travel Mugs at \$ 20.00 and Logo Enviro Shoppers at \$ 5.00 each; with your purchase of a travel

mug or enviro shopper \$ 15.00 and \$ 2.50 respectively will go towards the library expansion, watch for more fundraising events information to follow in future articles.

Preschool Story Time continues Monday mornings, except holidays, from 10:00 to 11:00 AM at the library until May 30, 2016. This is a barrier free program designed to promote early literacy and gives preschool children and their parents/guardians an opportunity to explore a love of reading in a non-judgmental and supportive environment. So mark your calendar and join us for stories, crafts and a snack. Parent/guardian participation is mandatory.

This is a free drop in program so pre-registration is not required.

The Colouring Club for all ages continues as an ongoing, free, drop in program during regular library hours. We supply the materials (or you can bring your own); coloring pages, crayons, and markers and you supply the inspiration. Bring a friend, relative or just yourself, create, relax and see what the craze is all about. We have had a couple of requests to formalize the colouring club so that people can learn new techniques such as shading and adding dimension, etc. to your colouring. If you are interested in participating or have the skills to teach

others, please contact the library as we are looking at formalizing this program in the fall of 2016.

Wednesday evenings is Family Games Night at the library. We have a selection of games for all ages and encourage you to drop by for some good old fashioned fun and refreshments. This is a drop in program so registration is not required.

The Book Club will be meeting on Monday, May 2, 2016 at 7:00 p.m. to discuss "13 Ways of Looking at a Fat Girl" by Mona Awad. Do you love to read? Do you like to discuss what you have read with others? We have a few open spots and are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and make arrangements for loan of the current title by calling the library @ 780-892-3746.

Registration is now open for our Mother's Day Craft session on Wednesday, May 4, 2016 running from 3:30 to 5:00 p.m. This program is open to children 6 years of age and up and we will have two options to create a beautiful décor canvas craft for mom. The maximum spots available are 15 so we encourage you to pre-register early so you won't be disappointed. The cost is \$ 2.00 per person and a snack will be provided. We would like to remind all parents that it is your responsibility to get your children to and from this event.

The next Family Movie Night, at the Lake Isle Community Hall, will be held on Friday, May 13, 2016. We will be showing the pre-release "G" rated title "Zootopia". The doors will open at 6:30pm and the movie starts at 7:00 pm. Admission is \$ 2.00 and a concession will be available. See you there! All of our programs are sponsored by The Darwell Public Library Society, Darwell Library Friend Society, FCSS and the CLSA Library Grant.

The Darwell Public Library Society will be holding their Annual General Meeting followed by the regular meeting on Monday, April 25, 2016 starting at 7 pm. Meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our Website www.darwellpubliclibrary.ab.ca or like us on Facebook at www.facebook.com/DarwellPublicLibrary

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

QUALITY SALES & SERVICE OF:

- DISTILLERS
- SUBMERSIBLE PUMPS
- SEPTIC & JET PUMPS
- PIPE, WIRE & FITTINGS
- BOTTLE BUSTER (R.O. WATER COOLER)
- CHLORINE BLEACH, CHEMICALS & SALT
- 3 MOBILE SERVICE VEHICLES
- CHEMICAL-FREE IRON FILTERS
- SOFTENERS
- CHLORINATION SYSTEMS
- MOBILE SHOCK CHLORINATION
- SEDIMENT, TASTE & ODOR FILTERS
- REVERSE OSMOSIS FILTERS (R.O.'s)
- HOT TUBS & JETTED TUBS
- POOL & SPA FILTERS & CHEMICALS

• FREE WATER ANALYSIS •

OUR WORKMANSHIP IS GUARANTEED!

The benefits and savings provided by Elite conditioned water will make a wonderful difference in your life.

May Library Programs

Thank You Mom! Mothers Day Craft

Thursday, May 5, 3:30 - 5pm

Show your mom how much you love her with a gift that you made yourself! This program is for children ages 8-12. You must register to attend.

Beginning Genealogy

Wednesday, May 11 & 18th, 9:30 - 11:30am

The pursuit of family history is fascinating! Learn how to get started, where to search for information and how to organize your data. Instructed by Selma Halhead, who has her Professional Learning Certificate in Genealogical Studies. Registration is required.

Lil' Kids Book Club

Thursday, May 5, 10:30 - 12pm

Bring your favourite book to share with friends and enjoy a snack at this program for children 0-6. This program is provided in partnership with Parent Link and FCSS.

Mother Goose

Thursday, May 12, 19 & 26th, 10:30 - 12pm

Share friendship, fun, snacks, rhymes, stories and songs at this Parent Link program for children ages 0-6. Drop in program provided in partnership with Parent Link & FCSS.

Chinese Ink Paintings by local artist, Hilde Keller on display for May!

Congratulations to the winner of our Lego contest, Micah Bradley and a special thank you to everyone who submitted their entries!

Alcohol Ink Art

Saturday, May 28, 1 - 4pm

You will use alcohol ink on ceramic tile to create one-of-a-kind fantasy landscapes in this unique class. Participants will learn how alcohol ink moves on paper and ceramic tiles. Techniques for finishing will also be discussed. Purchase of a few supplies necessary for this class, list to be provided. Registration Required.

Movie Night: Finding Nemo

Friday, May 27, 7pm

Come and watch this 2004 Academy award winning movie at the library! The film follows the comedic and eventful journeys of two fish - Marlin

and his son Nemo - who become separated in the Great Barrier Reef when Nemo is unexpectedly taken from home and thrust into a fish tank in a dentist's office overlooking Sydney Harbor. Buoyed by the companionship of a friendly-but-forgetful fish named Dory, the overly cautious father embarks on a dangerous trek and finds himself the unlikely hero of an epic journey to rescue his son - who hatches a few daring plans of his own to return safely home.

Mayerthorpe Photography Club Meeting

Thursday, May 12, 7 - 9pm

Meet fellow shutterbugs and talk about the latest gear, swap tips and techniques, share your images and stories - and have fun doing it!

ONOWAY ROYAL CANADIAN LEGION NEWS

Submitted by Lorinda McCool

Greetings from the Onoway Legion.

An unusual visitor showed up on our flat bird feeding platform last week. At first I thought it was a very large type of cat but after watching for a while I realized that it was a fox eating whatever was left of the bread. It was interesting to see how agile and fast it could be if I moved and disappeared like a ghost when I ventured too close.

Thank you to everyone who reserved their plates for the Friday Night Crispy Chicken Meal. This allowed us to more easily monitor the amount of food necessary without having a lot of waste and you were assured you would have a meal. We always welcome walk in customers as long as there is food available and you do not have to be a Legion member to enjoy our meals and most functions. If you are an Onoway Legion member and your birthday falls on a Friday we will treat you

to a free supper. Volunteers Ron, Marcelle, Scott, Bob, Pat St. H. and Cheryl prepared and served the Crispy Chicken Supper with Scouts Harvey, Dawson, Marshall and Jack once again clearing and cleaning the tables. Thanks to Ric for selling tickets and helping with the dishes, to Lynne for joining in the clean-up, to Cheryl for recording the draws and to Louise for selling the refreshments. Scott handled the ticket draws and was on the stage for quite a while as we have been forced to terminate Chase the Queen by Alberta Gaming and Liquor. Forty nine cards were left in the deck and forty numbers were drawn before Al Hansen finally found the Queen. The free meal was won by Linda Smith and Diane May took home the meat draw.

The Legion Garage Sale was very successful as lots of people wandered through and many of them left with some treasures they had found. Carol was very busy managing the Legion articles and was quite excited when she sold the shuffleboard table. Hamburgers and hot dogs prepared by Ron

and Scott were very popular with everyone and they worked hard making sure both vendors and customers were well fed.

I noticed a small table set for one that was off on its' own at a past Legion rally and requested information as to what it represented. The meaning of the items on that special table were as follows:

"The table is round – to show our everlasting concern for all our fallen comrades.

The tablecloth is white – symbolizing the purity of their motives when answering the call to duty.

The single red rose, displayed in a vase, reminds us of the life of each of our fallen comrades, and the loved ones and friends of these comrades who keep the faith.

The vase is tied with a red ribbon, symbol of our continued determination to remember our fallen comrades.

A slice of lemon on the bread plate is to remind us of the bitter fate of those who will never return.

Oneway Royal Canadian Legion News

Continued From Page 8

A pinch of salt symbolizes the tears endured by the families of those who have sacrificed all.

The Holy Book represents the strength gained through faith to sustain those lost from our country.

The glass is inverted, they cannot toast with us at this time.

The chair is empty because they are no longer with us."

I found the display heart wrenching and beautiful and hope you appreciate the above information. You can find much more by googling The Fallen Soldier Table and you will see the symbols displayed on many related websites. Some of the items and their significance may vary but the sentiment does not.

While you are busy with your spring cleaning don't forget to contact Richard Moses @ 780-967-2433 if you come across some forgotten service medals. The Legion is honoring the memories of the men and women who served our great country by mounting and displaying their service medals at the Oneway Legion.

Darts are continuing to be very popular with thirty four participants playing last Tuesday night. They will continue until the end of May with our wind-up supper taking place on June 4th. It isn't too late to join the fun and you do not have to be a Legion member or a good dart player to participate. During the summer we will continue to play darts on the third Tuesday of each month while being open for Pub and Games Night every other Tuesday night.

Friday's Roast Pork Supper was enjoyed by close to sixty customers and people have already signed up for the next couple of meals. Two volunteers were unable to help with the supper so Bob, Ron and Marcelle worked like crazy to prepare and serve the meal in time. Thank you to Ken and Pat St. H for jumping in and helping at the last minute; to Lisa, Cheryl and Carol for helping clear tables; to Kim for recording the draw winners and especially to Ken and Scott for helping with the dishes. The kitchen staff and the

Legion appreciates your help and understanding when all of a sudden faced with a shortage of volunteers. Congratulations to Jim Ecerson for having the winning free meal ticket, to Al Oselies for winning the meat draw and to Marg Chieduch for winning the 50/50 draw.

Fortis Alberta will be sponsoring the next corporate meal on April 29. Fish (Cod) and Chips (Potato Wedges) with a Shrimp Cocktail appetizer and all of the fixings. The last time this was served the meals sold out very quickly. I would urge anyone

who wishes to reserve a plate for that meal or any meal please phone Bob Clark @ 780-967-3640. PLEASE NOTE: Friday night reservations will only be held until 5:30PM then will be sold to walk in customers unless prior arrangements have been made.

UPCOMING EVENTS:

April 26 – Tuesday Night Darts

April 27 – Mason's Meeting

April 29 – Friday Night Supper – Fish (cod) and Chips (potato wedges) sponsored by Fortis Alberta

May 2 – General Meeting

May 3 – Tuesday Night Darts
May 4 – Wednesday Night Pool and Games

The Legion phone number is 780-967-5361. Please contact Ted Latimer @ 780-967-4980 for hall rentals, Bob Clark @ 780-967-3640 to reserve your plate for the Friday Night Supper, for meal inquiries/suggestions or to volunteer in the kitchen, Cheryl Sadler @ 780-967-4146 for membership and Lorinda McCool @ 780-967-3640 to place information in the Legion newsletter. See you at the Oneway Legion and have a great week!

2016 BUDGET APPROVED WITH 0% TAX INCREASE

Submitted by Tara Gallant

Whitecourt Town Council approved the final 2016 Budget. The budget, valued at just over \$56.6 million, requires no change to municipal mill rates for both residential and business properties.

“Preparation of this budget involved balancing our need to increase efficiencies while at the same time meet demands for enhanced programs and services,” remarked Whitecourt Mayor Maryann Chichak. “I believe this budget has found that balance, and that the 2016 budget will minimize the tax impact on

households while maintaining the quality of life we are accustomed to.”

Budget highlights include:

- A balanced budget with no municipal tax increases for residential and business properties.
- The 2016 Capital Budget totals \$16,821,957.
- The 2016 Operating Budget totals \$39,789,092.
- Revenue from taxation totals \$12,513,624; accounting for 22.1% of the municipality’s total revenue.

The 2016 Budget was guided by public input, and the Town of Whitecourt worked to active-

ly engage the public throughout the budget process. Council is reviewing options to further expand public consultation activities in order to gain feedback for 2017 and future budgets. Further information will be provided to residents during the summer of 2016 explaining how they can get involved.

“During budget preparations our residents remained, as always, the top priority,” added Mayor Chichak. “We know that people are feeling the pinch from our current economy – food and other household costs have increased, and at the same

time incomes have been affected. In recognition of this, we made it a priority to not burden taxpayers with a higher municipal tax rate at a time when every penny counts.”

The Town of Whitecourt publishes an annual budget report to help increase local understanding of projects and initiatives planned for the year, and residents’ knowledge of where municipal tax dollars are spent. The report will be available on www.whitecourt.ca and municipal social media sites at the beginning of May after the Tax Rate Bylaw has been adopted by Town Council.

EVACUATION OF SPRUCE GROVE WALMART

Submitted by RCMP Stony Plain/Spruce Grove/ Enoch

Spruce Grove Alberta -On April 19, 2016, at approximately 1:30 PM Stony Plain/Spruce Grove/ Enoch RCMP responded to a call

from the Spruce Grove Walmart. An employee working in the store had received a call from an anonymous male claiming that he had left an explosive device in the store.

The store was evacuated and the

area was searched by police. No such device was located. At approximately 3:15 PM the area was re-opened to the public.

Police are currently investigating this matter and are seeking the public’s assistance. If you have

any information about this please call the Stony Plain RCMP Detachment at 780-968-7267 or if you want to remain anonymous, you can contact Crime Stoppers by phoning 1-800-222-8477.

PARENT LINK/EARLY CHILDHOOD DEVELOPMENT INITIATIVE PROGRAMS FOR MAY 2016

Submitted by Cathy Steeves, Parent Link/Early Childhood Development Coordinator, Lac Ste. Anne County

Baby Network in partnership with Alberta Health Services and Onoway Public Library. Wednesdays, May 4th & 11th from 10:30 am – 12:15 pm at Onoway Public Library. Come meet other parents, discover parenting strategies, learn about great resources in your community, feeding and sleeping tips, and more! Pre-registration is required. Childcare for older siblings provided, but MUST be requested at time of registration. Call 780-967-4440 to Register

Parent Link is joining Cherished Memories Parent & Tot Playgroup. Fridays from 10:00 am – 12:00 pm (noon) at Alberta Beach Agliplex.

- May 6th - Mother's Day Craft
- May 13th & 27th - Messy Play

SANGUDO PARENT & TOT: Tuesdays, until June 7th from 10:00 AM – 11:30 AM at Sangudo Early Childhood Room (Arena). In addition to all the amazing toys at Sangudo Parent & Tot, we will have fun with:

- Mother's Day Craft: May 3rd &
- Messy Play: May 10th, 17th, 24th, & 31st

A light snack will be provided. This is a drop in program - no need to pre-register!

Mother's Day Crafts

Kids will have fun making this craft for their Mother, Grandmother, or Aunt. This craft is a bit messy to make, but is beautiful when it is finished.

- Sangudo – Tuesday, May 3rd from 10:00 am - 11:30 am at Sangudo Early Childhood Room (Arena)

- Alberta Beach – Friday, May 6th from 10:00 am – noon at Alberta Beach Agliplex

- Onoway – Friday, May 6th from 1:00 pm - 2:30 pm in Room # 3, Onoway Heritage Centre

Surprise Days

Alliance Pipeline Activity Centre (Onoway Museum Gym) from 10:00 am – 12:00 pm (noon). Thank you to Onoway Moms & Tots for inviting us to join in their

fun! Watch for different activities, and different toys & materials each week! We will also have some outdoor programs, weather permitting. Mondays – May 2nd, 9th, & 30th.

Dad & I are building a birdhouse! Supplies donated by Onoway & District Fish & Game Association. Saturday, May 7th at 1:00 pm in Room # 3, Onoway Heritage Center. Dads, Grandfathers, Uncles, etc. are invited to join us, with their child(ren), 2 – 10 years old, to con-

struct a birdhouse! Pre-registration, for this FREE program, is required by Monday, May 2nd. Participants are required to bring their own hammer! All other supplies, as well as a light snack, will be provided.

Important Dates in May:

- Sunday, May 8th: - Mother's Day
- Friday, May 20th: - Northern Gateway Public Schools Day in Lieu for Parent-Teacher Interviews (Sorry, no Parent Link program

on May 20th)

- Monday, May 23rd: - Victoria Day

For more information on these programs, or if you have a suggestion for future programs, please contact:

Cathy Steeves, Parent Link/Early Childhood Development Coordinator, Lac Ste. Anne County, at 780-785-3411 (or 1-866-880-5722) ext. 229 or email csteeves@LSAC.ca

The advertisement features a woman with long blonde hair sitting on a brown leather couch, holding a tablet computer. A semi-transparent chat window is overlaid on the image, containing the text: 'Always chatting', 'Always posting', 'Always streaming', and 'We're always on, because they're always on'. The chat window has a header with 'Chat Stream Surf' and a close button. Below the image, a blue banner reads 'Fast speeds. Choice of data plans. High-speed Internet that's ready when you are.' At the bottom, the Xplornet logo is shown, along with the website 'xplornet.com', the phone number '780-306-2001', and the tagline 'Reliable | Rural | High Speed'.

A GOLDEN PRODUCTION

Submitted by Judy Rhese

First conceived by a group of local Christians in the summer of 2015 the Whitecourt Community Choir and Churches in Whitecourt, Sangudo and Barrhead and Onoway are cooperating to present a free musical drama to their communities. The Choir directed by Janet Doyle will perform Roger Jones' "GREATER THAN GOLD" and members of various Churches will provide the voices for the characters. There will be performances in 3 different communities beginning in Whitecourt April 29th at 7:00

p.m. in the Whitecourt United Church. The second show will be in Barrhead United Church at 3:00 on May 1st and the last show will be in Onoway at the Anglican Church on Wednesday, May 4th at 7:30 p.m.

The performances are free and the music captivating, all made possible by the Whitecourt Community Choir, local Churches in cooperation with the Canadian Bible Society and the Welsh writer Roger Jones. There will be refreshments and a slide presentation of scenery where the musical was set. Come enjoy with your whole family.

IMMUNIZATION: BE AWARE; GET PROTECTED

Submitted by Alberta Health Services, Population, Public and Aboriginal Health

The week of April 25, 2016 isn't only the last week of the month: it's also Immunization Awareness Week, and Alberta Health Services (AHS) is encouraging parents to learn more about arming their children against disease by visiting im-

munizealberta.ca. Developed for Albertan parents, together with Albertan parents, the immunizealberta.ca website provides parents with information and support, as they consider immunization for their children.

With answers just a few clicks away, this website simplifies the search for credible immunization information in the crowded online environment. Common questions,

concerns and information requests about vaccine safety, immunization and immunity have all been incorporated into a simple website parents can trust.

In addition to arming children against disease, immunization is also important for adults. Benefiting people of all ages, immunization not only protects individuals – it also arms our communities against disease. As more people are immu-

nized, the risk of disease for everyone is reduced.

Adults need booster doses throughout their lifetime, and people may also need additional vaccines if they have certain health conditions, risks or are travelling out of country.

For more information about immunity, immunization, and how to protect your family, visit www.immunizealberta.ca or call Health Link at 811.

Spring 2016 HomeRENO

The Businesses in the following Guide can be your One Stop Solution to all your Renovation Needs!

HomeRENO

ACHIEVE THE IDEAL SOUND EXPERIENCE AT HOME

(MS) - Advancements in digital technology over the years mean that almost anyone can own a home theatre or music room or build a recording studio in their home. When you're planning

your project, there are a number of elements that will make the difference between good and great sound.

Just like in real estate, location is crucial, so finding the best space

within your home will be vital. You want to find a place that will provide ample room, comfortable temperatures and easy access. A room with windows is fine, as long as they are double glazed, sealed correctly and don't open. Be sure to install a heavy, well-insulated door to prevent sound leakage.

Insulation is among the most critical steps in creating an ideal sound experience. Many professionals recommend Safe'n'Sound insulation produced by Roxul. Specially designed for your home's interior walls, ceilings and floors to reduce the transfer of noise from one room to another, this high-density stone wool insulation provides an excellent acoustic barrier that effectively absorbs sound. Its nondirectional fiber structure composition, densi-

ty and friction-fit prevent any gaps and combat airborne noise such as music, speech and traffic sounds.

Sound can often echo and reverberate. Sound dampening measures such as carpeting can help alleviate the problem or you can purchase acoustic panels that prevent sound reflections throughout your room. With basic DIY skills, you can also simply and affordably construct your own acoustic panels, using stone wool rigid board called Comfortboard IS, which is effective at reducing the intensity and propagation of noise.

Insulating properly will help achieve optimal sound quality. It will also allow you to get the most of your space without disturbing the rest of your family or neighbors. All that's left is to turn up your tunes and enjoy.

FINISHED BASEMENTS SAVE ENERGY AND DELIVER MORE LIVING SPACE

By finishing your basement, you can gain more living space while reducing the amount of energy loss from downstairs. Basements that are not fully finished typically do not have insulated walls or covered flooring. This can result in heat loss and cause your furnace to work overtime.

A remodeled basement offers more than additional storage space. It can provide a lot of extra room for a growing family, such as space for a gym, home theatre, office, guest suite, or a playroom for the kids.

To ensure a comfortable and inviting basement, there are a few project components to consider:

- Insulation will make

sure your space warm and comfortable. For the best results, install a stone wool insulation product, a measure that can be done easily with the ROXUL ComfortBoard IS. This product is mechanically fastened or adhered to the concrete foundation wall, offering you a higher R-value and better acoustics.

- Drywall will help define the space and make it feel like a part of your home. If you haven't tackled drywall before, consider hiring a pro to ensure your walls are seamless.

- Flooring should be water sealed and covered with an insulated material. There are many products on the market,

but consider laying padding before carpet or in-floor heating before tiles.

- Personalize it with finishing touches. Select furni-

ture that can fit down a typically steep staircase and choose items that complement the rest of your home's décor.

WEEKEND RENOVATION PROJECTS

Some home renovation projects require the expertise of professionals, but there also are many ways for homeowners to improve their homes without hiring a pro or spending too much money. The following are a handful of DIY renovation projects homeowners can tackle in a typical weekend.

· Closet conversion: Ample closet space is a big plus for home buyers, but upon moving into a new home, many homeowners may find they don't need as much closet space as they initially thought. Guest room walk-in closets, in particular, may prove to be underutilized resources.

Such closets often come with built-in shelving, and therefore, they make ideal spaces to convert to mini home offices or study areas for kids. Installing an extra shelf to serve as a desk area for remote working or homework stations won't take up much of a Saturday or Sunday afternoon,

and before you know it, you will have a fully functioning workspace.

· Accent wall: Accent walls can liven up a room by breaking the color pattern of the walls in the room. Accent walls also can be used to divert attention on a particular design element in a room, such as a painting or an elaborate wall furnishing. Painting an accent wall won't take very long, but such a project can give a room an entirely new look and feel.

· Driveway: If weather permits, repaving an asphalt driveway can be an ideal weekend project, especially if an existing driveway has endured its fair share of wear and tear. Many driveways can be paved anew in a single day, but larger driveways or those that have endured an extraordinary amount of wear and tear may take a couple of days.

· Storage and shelving: Much like some homes come with an abundance of storage areas, others fall short of homeowners' or apartment dwellers' needs. If your home or apartment falls into the latter category, adding some shelving or finding some new furniture that can serve double duty as storage areas is a weekend project that can help clear up some space. Purchase some wood shelving from a local furniture retailer to mimic the look of traditional built-ins or replace existing single-use furniture with newer items capable of serving multiple functions, including storage.

· Art: If the rooms and hallways in your home are bare or in need of new looks but your budget is tight, try your hand at spicing things up by creating some of your own paintings. Parents can encourage kids to create their own colorful masterpieces. Frame the finished works and hang them on the wall and enjoy your inexpensive and homemade "art gallery."

THE IMPORTANCE OF CLEAN GUTTERS

Every autumn, trees and shrubs take on their brilliant display of reds, oranges, purples, and yellows that mark the end of the growing season. Fall foliage may make for ideal photo backdrops and scenic days in the countryside, but closer to home leaves may be more of a hindrance than an aesthetic pleasure.

The hundreds of leaves that adorn the maples, oaks and other trees near homes will eventually fall as autumn turns into winter. Some will float down to lawns, while others will get lodged in gutters and downspouts, posing problems that can cause substantial and potentially costly problems for homeowners.

Homeowners know that gutter cleaning is an important part of fall home maintenance, but they may not completely understand why. Gutter cleaning can be a messy and time-consuming project, making it a project many homeowners are apt to put off. Waiting to clean gutters can lead to considerable problems, so it's best to tackle the job well in advance of the winter.

Gutters guide rainwater and runoff from the roof so it drains properly away from homes. When gutters are clogged with leaves, a number of problems can occur.

- Leaks: Water will take the path of least resistance. When clogged gutters

do not allow the water to drain away properly, water will find other ways to the ground. It may work itself right into the walls and ceilings of the home. In addition to damaging walls

and ceilings, moisture inside the home can promote mold growth. It also makes interior spaces more appealing to pests.

WEATHER EVERY STORM WITH CONCRETE WALLS

(MS) - Now is the time to take a few precautionary steps toward the utmost security of your home and family in the event of extreme weather occurrences, say officials observing climate change. You may be doing so already, but recent survey findings show that most Americans are worried about the ability to cope with damage caused by severe wind, fire, and flooding. Safety is the main preoccupation, but so are the costs associated with destruction and loss.

“One answer that solves many issues is to opt for the strongest impact-resilient house available,” says Keven Rector at Nudura, a leading name in building with insulated concrete forms. “This ICF method is an advanced departure from traditional wood framing - and our design is recognized to be even more efficient. At the construction site, these compact concrete forms interlock (like Lego) to build a rock solid envelope from 4

to 12 inches thick.”

And, says Rector, this construction innovation gives homeowners far more for their investment, such as:

Walls to weather any storm - If high winds and fire are a concern, data shows that an ICF home delivers hurricane and tornado impact-resistance up to 250 miles per hour - and the fire protection rating is up to four hours.

Energy bills with a smile - Concrete walls vastly reduce air infiltration as compared to wood walls, and that is the key to lower energy consumption. This saving is even more pronounced, says Rector, if builders use the most advanced ICFs available. The Nudura design, for instance, combines two panels of thick (EPS) foam with the structural strength and thermal mass of concrete. The resulting envelope produces an energy efficiency rating as high as R-50 (compared to an average R-20 in

wood structures) saving you up to 50 percent on your utility bills.

Temperature consistency - The outside cold air easily travels through wood-framed walls, causing thermal bridging that produces drafts and chilly spots inside your home. Walls with a solid concrete core prevent thermal bridging so even temperatures result throughout the house.

Better, breathable air - Mold, mildew, and toxins associated with wood structures are also diminished.

Shut out the noise - Solid concrete is an effective sound barrier. It dampens sound vibrations from outside noise such as traffic, trains and neighborhood parties. This internal peace and quiet is a welcomed bonus.

Rock solid asset - It is generally expected that a stronger, safer, storm resistant, greener home - and one that is cost efficient with less maintenance and repair - will steadily increase in resale value.

THE PROBLEM WITH HARD WATER

Hard water can cause scaling, deposits inside of pipes, reduced cleaning ability, and several other problems.

Home ownership opens people's eyes to many new experiences, even requiring homeowners to familiarize themselves with certain things they never encountered as renters. Homeowners become novice plumbers, electricians, horticulturists, and even chemists as they wade through the projects and repairs involved with owning a home.

Outside of high school chemistry class, you may never have given thought to water composition and how it changes. However, once you become a homeowner, you may have to pay special attention to the type of water bubbling out of your faucets. Hard water is a common concern, and it can affect appliances and other parts of the home.

What is hard water?

Hard water affects about 85 per-

cent of the United States, according to the Water Quality Association. Although not harmful to human health, hard water can impact one's daily life in other ways.

Hard water is formed when water moves through soil and rock. It dissolves very small amounts of minerals and holds them in a solution. Calcium and magnesium are the most common minerals to turn water "hard." The more magnesium and calcium water dissolves, the harder it becomes.

From nuisance to damaging

Hard water can not only be a minor headache, but also something more serious. Hard water can interfere with various cleaning tasks and also personal grooming. Clothes washed in hard water may not be fully clean and may appear dingy. Hard water can cause a film on surfaces, such as bath tiles and tubs. Some people find that their hair and skin can appear dull and sticky due to hard water.

Hard water can have other effects, too. Over time, the water can deposit minerals on the inside of pipes, reducing water flow. If these deposits grow thick, you may have a plumbing issue on your hands. Furthermore, mineral deposits can harm appliances, such as water heaters, washing machines and dishwashers. Eventually, hard water may render these appliances ineffective, and they will need to be replaced.

Treatment options

Considering hard water is such a common concern, a number of treatment options exist. The main types of water-softening systems use either a packaged water softener or a mechanical water-softening unit.

Packaged water softeners are chemicals that bond with the calcium and magnesium ions in the water so that they cannot interfere with cleaning efficiency. These chemicals fall into two categories: precipitating and nonprecipitating.

Precipitating softeners are borax and washing soda and can affect pH levels of water and make water cloudy. Nonprecipitating softeners use phosphates. Alkalinity won't be increased, and usually there is no cloudiness or buildup. These products are typically added to laundry loads and the like and are not recommended for drinking water.

Mechanical water-softening systems are hooked up directly to the plumbing of the house. They are ion-exchange systems that will add salt to the water. Although it can be safe to drink, softened water may not be recommended for those who are on low-sodium diets.

Hard water is a problem many homeowners have to face. It can affect a home's appliances' performance and cleaning abilities. Water hardness can be managed, and it is best to consult with an expert water-softening system manufacturer about your options.

The Importance Of Clean Gutters

Continued From Page 19

• Excess weight: Gutters are meant to hold the weight of traveling water and not much

more. Gutters filled with leaves and other debris can quickly become heavy. This stresses the entire gutter system and can cause the gutters to fall off of the home entirely.

• Nesting areas: Clogged gutters can serve as nesting areas for insects and birds. Mosquitoes and other insects lay eggs in pooling water. Gutters can quickly become breeding spots for harmful pests. Furthermore, birds may nest in gutters, creating unsightly messes and more damage. Seeds that sprout in clogged gutters can grow unchecked.

• Ice-damming: Left untreated, pooled water and leaves in gutters can freeze over. Blocked water can back up and push against the roof, lifting shingles and destroying the roof in the process.

• Foundation trouble: Clogged gutters also may contribute to flooded basements and

cracked foundations. Leaking water will pool around the foundation, expanding when frozen and causing cracks in basement and crawlspace walls. It also can cause driveways and other cement areas around the home to sag and crack.

Gutter cleaning should be scheduled in the spring and fall of each year. Homeowners can hire gutter-cleaning services to handle the job or do the job themselves. Rinse the gutters with water from the hose afterward to ensure good run-off. Take the time to seal any leaks as well. This routine maintenance can save homeowners many headaches and prevent some very expensive repairs.

CONVERTING GARAGES INTO LIVABLE SPACES

Many people decide to upgrade from their apartments or condominiums out of a need for more space. But even after moving into a new home, homeowners may soon begin to outgrow the room they have.

Rather than looking for a new home, some homeowners consider expansion. Expanding a living space can be expensive, and a more affordable option may be converting existing basement or garage space into something more livable. Garages already are built on a foundation, have four walls and a roof overhead, so a garage-conversion project is merely a matter of turning this utilitarian area into a living space.

Before beginning the renovation, homeowners should consider the

benefits versus the cost of converting the garage. For those who are planning to grow old in a house, a garage conversion can be a worthy investment. But those who intend to sell their homes rather than retire in them may learn that a converted garage can affect home value and make it less desirable at resale. Compare your home to others in the area and see what your neighbors have done. If converted garages are the norm where you live, your own renovation may fit in with others.

Always apply for the proper permits and learn the zoning laws to see if a garage conversion is acceptable in your town or city. It's best to go by the book so that work can be done in a proper manner and be inspected for safety.

Many homeowners hope their ga-

rage-conversion projects will make their garages seem like a seamless part of the rest of the house. To do so, you will need to remove evidence the space was once a garage. Slab floor will need to be raised and insulated. Walls also will need to be insulated and finished to improve comfort and soundproofing. Many garages do not have windows, so for the garage to function as a renovated space, windows may need to be added.

One of the biggest transformations will come by way of modifying the garage door entry. Some homeowners prefer to leave the existing door so that the home still has the appearance of a garage from the curb, while others remove the garage door and rebuild the exterior wall so that it has a window or

another architectural element. An architect can help suggest design elements that will camouflage the original garage look and make the space seem like it was always part of the main living area of the home.

Landscaping work also can minimize the appearance of an old garage. Rather than having the driveway end at the wall of a home, shrubbery, pavers and other techniques can blend the garage renovation into the rest of the yard design.

Transforming a garage into a living space can add several hundred square feet to a home. Hire a reputable contractor and follow the municipal guidelines for modifying the space to ensure the job is done right.

HomeRENO

TOP 5 RENOVATION TIPS TO CREATE MORE SPACE IN YOUR HOME

(MS) - As real estate prices continue to climb, the cost to trade up to a larger home is on the upswing across the country, especially as markets remain hampered by tight inventory levels. As a result, more and more Americans are choosing to renovate their current homes instead of relocating. In fact, some forecasts predict that 2015 renovation spending could exceed the record of \$324 billion set during the peak of last decade's housing boom. While the hunt for more square footage can be challenging, homeowners shouldn't feel like a costly second story or complete addition are the only options.

Here are five great ways to create or optimize space in your existing home.

1. Finish an unfinished basement. A basement renovation can hold limitless potential and increase the

resale value or income potential of your home. Think about the possibilities: a home theater, office, spare bedroom, basement apartment or recreation room. The key to doing it successfully is to focus on what's behind the walls, especially since moisture is a common issue in basements. Choosing the right insulation is critical. Look for products that are vapor permeable, dimensionally stable and mold and moisture resistant. Many contractors use Roxul Comfortboard IS semi-rigid sheathing board paired with Comfortbatt batt insulation to combat thermal bridging and protect against mold and mildew growth. An added benefit of this type of mineral wool insulation is that it's also fire-resistant to 2,150 F. For interior walls and ceilings, Safe 'n' Sound insulation is ideal because of its ability to absorb noise and indoor traf-

fic sounds, ensuring your newfound space is a peaceful one.

2. Create a more open-concept feel with light and color. If your home wasn't blessed with towering windows, installing French doors and pot lights can encourage light to travel more freely, creating the illusion of space. Likewise, choosing a paint color for walls, trim and moldings that is lighter and cooler in tone (think soft grays or blues) will help to reflect light and give the room a more open feel.

3. Remove non-load-bearing walls. Homeowners have the opportunity to rethink the layout of their home by removing non-load-bearing walls. Removing structurally unnecessary walls can make your whole home feel larger, improve flow, lighting and the function of your home.

4. Convert your garage into us-

able living or work space. For many homeowners, the garage becomes an overflow room for storage -- and is often a walk-in headache. Convert your garage (or a portion of it) into another living space, guest bedroom or home office. Install carpet and quality thermal insulation such as Roxul Comfortbatt to block outdoor noise and keep in warmth.

5. Choose furniture and accessories carefully. Adopt a minimalist's eye. Begin looking around your home for furniture or accessories that overwhelm the space. Interior designers recommend choosing low-profile or small-scale furniture for rooms with less square footage. Dual-purpose items, such as ottomans with storage chests inside, are a budget-friendly way to save on space while staying organized.

RE: LETTER TO THE EDITOR: COAL PLANTS

Submitted by **Graham Caffyn**

Dear Editor,

I am going to put a letter together in reply to the letter submitted by Mary Thiessen,

I think all Canadians with a school grade education are in agreement that we must work towards a good clean environment throughout the world, but when you talk about coal do you know that coal has powered the world for hundreds of years, it was coal that powered the big ships that were a major part of winning the wars, and powered the trains that hauled the ammunition to

the docks, it was coal that put the light in all the homes, hospitals and industrial buildings throughout the world for hundreds of years. This world has been dependent on coal for all man's needs. It was the source of feeding and clothing the majority of the working class and their families, who was the backbone of the world.

As far as your last paragraph go's, I agree, you don't know, the changes that this government will make is not to help this country or province go forward, but instead they will create more jobless residents. The amount of coal that is here in Alberta could create a continuation of good employ-

ment for many years to come, it is known that Japan has been importing coal from Canada for many years and both Japan and China will continue to use coal for their countries energy forever. The smog in China is from the dense amount of traffic on the roads - many cities in the west are the same.

Again, in your last paragraph referring to the experts, the experts you should be looking at for good advice is those who have put years into improving the use of coal for the purpose of coal power throughout the world, and it is now at a stage where it is the best source of fuel that can be used in

inland power plants or stations. The technology of your mentioned experts are at least twenty years behind the countries who have led this world for so many years, your so called experts have started driving this province even further back instead of doing anything to get it ahead.

I am so glad that I am no longer in the working days of life, I said it quite a few years ago that "when a vehicle goes to the pumps to gas up the driver should be emptying the waste carbon monoxide into a tank for this purpose", I know this has been worked on in some plants here in Alberta, so get your experts on the next stage.

RCMP MORINVILLE ENTERED INTO DRUG INVESTIGATION

Submitted by **RCMP Morinville**

In the early morning hours of April 15th, 2016, Morinville RCMP members responded to a suspicious vehicle complaint in rural Sturgeon County, Alberta.

Upon arrival members identified the driver as a person well known to police and observed drug paraphernalia within the vehicle. As a result, the member entered into a drug investigation. A subsequent search of the vehicle resulted in a seizure of

what is believed to be cocaine and methamphetamine. A set of brass knuckles was also located and seized.

Kyle Brian BEREZAN age 30 of Yellowhead County was charged today with several offences including Controlled

Drugs and Substances charges. He will appear in Morinville Provincial court on April 21st, 2016.

No further details will be released as this matter is presently before the courts.

SUDOKU OF THE WEEK

1		8			3	2	6	
4		7	1	6		9	8	
5			9		7	1		
		4		1			7	
	2	1	7	3				6
					8		2	1
2					9	3		
6		9	3					
	1	3			5			

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

GET LOUD ABOUT MENTAL HEALTH: MENTAL HEALTH WEEK, MAY 2-8, 2016

Submitted by Alberta Health Services, Addiction and Mental Health

Each year, more than 500,000 Albertans visit a doctor about their mental health. Taking care of your health means taking care of your mind too.

Engaging in physical activity, eating healthy foods, practicing gratitude and having fun are all

small steps that can improve your mental health and help to reduce stress.

During Mental Health Week, May 2-8, Alberta Health Services wants to remind you to take care of yourself and share how you are making a difference in your own mental wellbeing. Get loud about the positive steps you are taking and encourage others to do the same.

Try these simple steps and challenge your family, friends, co-workers and yourself to better health and wellness.

Start now and take AHS's Mental Health Week Ways to Wellness Challenge from May 2-8 visit: <http://www.albertahealthservices.ca/amh/Page13618.aspx> and tell us what you do each day for your mental health.

- Get active
 - Physical activity can improve your mood. What's good for your biceps is good for your brain too.
- Eat healthy foods
 - What we eat can affect how we feel. Eat healthy to feel healthy.
- Be kind
 - Showing kindness can help you and others feel good, enhances positivity and lifts your mood.
- Be yourself
 - Appreciating yourself can have a positive impact on your mental health. Get rid of

your inner critic by appreciating who you are.

- Practice gratitude
 - Giving and receiving thanks creates a more positive outlook, which helps to keep you emotionally balanced.
 - Get your groove on
 - Music soothes the soul, pumps you up and helps ease your worries.
 - Laugh
 - Laughter is medicine for the mind and helps to reduce stress and tension.
- Follow us and tell us what you are doing for your mental health and well-being:
- Twitter: [AHS_behealthy](https://twitter.com/ahs_behealthy), [#AHSMHW16](https://twitter.com/ahs_behealthy)
 - Facebook: <https://www.facebook.com/pages/Alberta-Health-Services/179579998746821>
- For more information or help contact Mental Health Help Line toll-free at 1-877-303-2642, 24 hours a day 7 days a week.

Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

A perfect day starts with perfect skin. Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE
