## SMOKE & VISIBILITY UPDATE FOR YELLOWHEAD COUNTY EAST & EDSON AREA

**Submitted by Stefan Felsing**

Persistent and mainly light variable north-easterly winds of 10-20 km/h are bringing smoke down to our region from the Fort McMurray fires. Smoke may slightly reduce visibility but should not affect road conditions. The current wind conditions are forecast for the entire province.

Once the winds shift the current smoke conditions will begin to clear; and is anticipated to start clearing by Friday May 13, although the visibility or presence of smoke may be possible over the next few days.

Residents with health concerns can contact Health Link Alberta to speak to a registered nurse 24 hours a day, seven days a week, toll-free at 1-866-408-LINK (5465).

Information about the air quality in some areas of the Edson Zone is updated regularly on the Alberta Environment Air Quality Website: [www.environment.alberta.ca/apps/aqhi/aqhi.aspx](http://www.environment.alberta.ca/apps/aqhi/aqhi.aspx).

Air quality information is also available by phone, toll-free, at 1-877-247-7333.

Stay tuned to local media or go to [www.yellowheadcounty.ab.ca](http://www.yellowheadcounty.ab.ca) for any updates.

## WOMEN ASSAULTED WHILE USING STONY PLAIN TRAILS

**Submitted by RCMP Stony Plain/Spruce Grove/ Enoch**

2016-562343

Stony Plain Alberta –On May 9th, 2016 the Stony Plain/Spruce Grove/ Enoch RCMP received a complaint from a female reported that she had been grabbed while walking on the trail system in Stony Plain. On May 7, 2016 at approximately 10:00 PM the victim was walking in the area of 49 Ave and Brown Street northbound on a path near the Skate Park when two males came up behind her and grabbed her shoulder as they attempted pull her off the trail.

The victim was able to get away running to safety. The victim was not harmed. The suspects are described as follows....

Suspect #1:

- Age: 25 - 35 years
- Race: Aboriginal or Black
- Height: 6 feet
- Weight: 180 - 200 lbs.
- Hair: Dark Brown - Black
- Style: Unknown
- Facial Hair: Unshaven Scruff, not a full beard
- Clothing: Dark jacket and jeans

Suspect #2:

- Age: 25 - 35 years
- Race: Aboriginal or Black
- Height: 6 feet

- Weight: in excess of 250 lbs
- Hair: Dark Brown - Black
- Style: Unknown
- Facial Hair: Clean Shaven
- Clothing: Dark Jacket and Jeans

Police are currently investigating this matter and are seeking the public's assistance. If you have any information about this please call the Stony Plain RCMP Detachment at 780-968-7267 or if you want to remain anonymous, you can contact Crime Stoppers by phoning 1-800-222-8477.

# YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

**Submitted by Stefan Felsing**

May 10, 2016

2015 County Assessment – A presentation by Accurate Assessment gave an overview of residential and farmland, and non-residential (industry) assessments for 2015. Information on current industrial activity within Yellowhead County was also presented.

Nomination Deposit Bylaw – A Nomination Deposit Bylaw was introduced in Council that would require a \$500 fee from any member of the public running for Council in an election. To bring attention to the

seriousness and importance of elected office to the community, and to ensure potential candidates understand same, the Local Authorities Election Act does provide that, if approved by a bylaw, every nomination shall be accompanied with a deposit in the amount fixed in the bylaw. Under this legislation, for a candidate to get the fee returned, they must receive at least equal to half of the total number of votes cast for the candidate elected to office, or if the candidate withdraws prior to the election. First and second readings of the proposed bylaw were passed.

ANRTA – Council for Yellowhead County directed Administration to work with the Alberta Northern Rockies Tourism Alliance to ensure deliverables are developed which would benefit Yellowhead County and directs Administration to bring back the

matter at that time. The ANRTA has requested funding from Yellowhead County to partner in regional tourism marketing for the area.

Bylaw 9.16 – Council gave first reading to Bylaw 09.16 that would rezone a property in the Hamlet of Niton Junction from Hamlet Residential (HR) District to Hamlet Commercial (HC) District. The landowner wishes to re-district this property to accommodate a future commercial storage facility. The application was referred to Alberta Transportation, and both Yellowhead County's Infrastructure Services and Protective Services departments. A Public Hearing will be held on May 24, 2016.

The next Council Meetings is May 24, 2016. The next Committee of the Whole Council Meeting is May 16, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

## JOKE OF THE WEEK

The boss was concerned that his employees weren't giving him enough respect, so he tried an old fashioned method of persuasion: He brought in a sign that said "I'm the Boss" and taped it to his door.

After lunch, he noticed someone had taped another note under his. "Your wife called. She wants her sign back!"

# CO-OP MOVES ON \$100K FOR FORT MAC

Submitted by **FEDERATED CO-OPERATIVES LIMITED**

Co-op is making an immediate \$100,000 donation to the Canadian Red Cross to support disaster assistance in Fort McMurray, Alta.

This donation is part of the \$1 million commitment by Federated Co-operatives Limited (FCL) and more than 200 independent retail Co-ops to support emergency relief efforts across Western Canada.

"Co-op made a long-term commitment to the Canadian Red Cross so that we could lend a hand to our

neighbours when disaster struck," said FCL CEO Scott Banda. "While this amount is normally used to match local Co-op donations, we are releasing the full amount now due to the urgent need in northern Alberta."

The initial five-year commitment in 2013 included \$100,000 per year to pre-position goods across Western Canada to respond quickly to local crises and another \$100,000 per year to match local retail Co-ops' donations. This is in addition to the donations and collections from local Co-ops across Western Canada.

With the Red Cross scaling up op-

erations, prepositioning amounts will be used in part to support registration, reunify families and provide accommodations, food, water and basic supplies.

The local co-operative effort

Today's donation does not include the efforts by FCL, retail Co-ops and their customers on the front line. FCL is working to deliver more products to serve evacuees while retailers are finding ways to support evacuees in the communities that need the most assistance.

Near Fort McMurray, the local Co-op in Plamondon, Alta., is now operating 24 hours to serve the rush of evacuees while employees and community volunteers are working to keep supplies on shelves. Meanwhile, St. Paul Co-op has deployed its Co-op Community Connector – a trailer that can prepare food for large groups at public events – to Lac La Biche, Alta., to serve meals to evacuees. In British Columbia, Vanderhoof Co-op has provided fuel and supplies to volunteers who are driving to affected communities to deliver emergency supplies.

Co-op's donation to the Red Cross was used to assist wildfire relief efforts in northern Saskatchewan last year, as well as flood relief efforts in southern Alberta, southeastern Sas-

katchewan and southwestern Manitoba in 2013 and 2014.

About Federated Co-operatives Limited and the Co-operative Retailing System

Federated Co-operatives Limited (FCL), based in Saskatoon, is the 43rd largest company in Canada and the largest non-financial co-operative in Canada. FCL is a unique multi-billion dollar wholesaling, manufacturing, marketing and administrative co-operative owned by more than 200 autonomous retail co-operatives across Western Canada. Together FCL and those local retail co-operatives form the Co-operative Retailing System (CRS). The CRS serves our members and communities with products and services that help build, feed and fuel individuals and communities from Vancouver Island to northwestern Ontario. Our total workforce of 24,500 employees serve 1.8 million active individual members and many more non-member customers at 2,500 retail locations in more than 500 communities. We are a different kind of business – we are locally invested, community-minded and offer lifetime membership benefits including patronage refunds, quality products, quality service and fair prices. More information is available at [www.coopconnection.ca](http://www.coopconnection.ca).

**STE. ANNE NATURAL GAS CO-OP LTD.**

**NOTICE OF ANNUAL MEETING  
& CALL OF DIRECTOR NOMINATIONS**

The Annual Meeting of the Ste. Anne Natural Gas Co-op Ltd. will be held at 7:00pm on August 18, 2016 at the Co-op office located west of the Onway turn off on Highway #43. The purpose of the meeting is for interested Members to hear the Auditor's report on the previous fiscal year's financial statements as well as reports from the Board and Management on various facets of the Co-op's operations. There are 3 – 3 year Director's terms open for election at that time. As per Supplemental Bylaw #8, the Secretary of the Association will accept nominations for the position of Director for any member in good standing up to close of business (4:30 p.m.) on June 10, 2016 at the Co-op office. **NO NOMINATIONS WILL BE ACCEPTED AFTER THAT TIME.** More details on the Annual Meeting as well as the list of candidates nominated will be available in July.

**Nomination Process**

Nominations to the Board must have the signature of the candidate and certifying that he/she is a member in good standing. As well as the person or persons making the nomination must also sign indicating that they are also a member(s) in a good standing.

**IMPORTANT  
ANNOUNCEMENT FROM  
Tru Hardware Evansburg**

To thank all our customers and business associates for their loyal patronage for the past 28 years we will have a barbeque on **Wednesday May 25<sup>th</sup>, 2016**. All food including dessert will be available inside the store.

The hours are as follows:  
Wednesday 10:00 AM to 5:00 PM  
Thursday 10:00 AM to 5:00 PM  
Friday 10:00 AM to 5:00 PM

All remaining stock will be at 50% off from Wednesday to Friday. Fixtures remain priced as is. We have a good selection left. First come first served.

***We will be closed permanently on  
Friday May 27<sup>th</sup>. Hilda and Marcel  
will look forward to seeing you.***

# GRANDE YELLOWHEAD PUBLIC SCHOOL DIVISION BOARD NEWS

Submitted by Nikki Gilks

Our thoughts and prayers go out to the community members and families of Ft. McMurray who are currently dealing with the devastating fires in their city and surrounding areas.

News in Brief

• Sandy Axmann, Supervisor of Learning Services, outlined the various strategies and alternate methods the division is considering when partnering with community agencies and local busi-

nesses as we move forward with the delivery of the Registered Apprenticeship Program (RAP). New initiatives such as dual credit opportunities and modifying high school time tabling/planning will greatly assist our students in participating in this highly regarded program.

• Trustees were provided an overview of the results from the recent Thoughtexchange process which enabled division stakeholders to share their thoughts about education; specifically on ideas

for improvement and identified student successes. The information received greatly assists the division in moving forward in providing our students with meaningful, supportive and inclusive learning opportunities.

• The Board approved funding in the amount of \$252,000 towards renovations to Grand Trunk High School to replace the current staff room with a student gathering area, and relocate the staff room. The funding includes the division's contribution towards a new

exterior entrance and washroom for the community library located within the school. Grande Yellowhead is also proud to partner with Yellowhead County who is also providing funds towards the library renovation portion of the project. The division's funding is designated from prior capital reserves that were previously set aside for a running track at Parkland Composite High School in 2015. The running track project was later abandoned after tender proposals for its construction were considered to be too costly to pursue.

• Anne Auriat, West Yellowhead Waste Reduction Coordinator, updated trustees on a number of environmental awareness community projects that both GYPSD students and staff have been assisting with including waste reduction and developing the Edson and District Community Garden. She also requested a letter of support from the Board in a proposed Waste Reduction Project planned for October 2016.

• Eleven student teachers from both the University of Lethbridge and the University of Alberta, were welcomed in several GYPSD schools this year. Completion of two field experience placements are required by students working towards their Bachelor of Education degree: one introductory term and a second advanced term. Grande Yellowhead Public School Division is pleased to participate in these valuable placements for student teachers as well as in supporting these opportunities for our staff to share their knowledge and expertise as mentor teachers.

• The Board moved to proceed with submission of a proposal to Alberta Education for the approval of an Outreach Program in Jasper. The division has operated a pilot program in Jasper over the last two years as an extension of the The Learning Connection Centre in Hinton and its success in Jasper in fulfilling a much needed educational service for students has prompted the Board to move forward provincial approval of an independent centre.

• Clarification of language and other amendments to Policy 7 - Board Operations were approved.

# COUNTY FIRE DEPARTMENT CROSS-TRAINING AIMS FOR HIGHER WILDFIRE SUPPRESSION

Submitted by Stefan Felsing

On April 23rd, 30th, and May 1st approximately sixty-five Yellowhead County Fire Department's (YCFD) firefighters from Station 1, 5, 7, 8, 9, 10 and 12 participated in joint training exercises at both the Cold Creek and Entrance fire bases. In addition to some demonstrations on helicopter operations, both YCFD and Alberta Agriculture and Forestry (AAF)'s wildfire crews from the Edson Forest Area cross trained on each other's equipment and apparatus, radio procedures, and on-site emergency management systems, also known as Incident Command.

These cross training opportunities are crucial to the success between both the Yellowhead County Fire Department and Agriculture and Forestry as the two agencies work side by side on incidents on a regular basis. Having a common understanding of each other's operating procedures, equipment and capabilities is important to successfully

mitigating incidents and keeping responders safe.

Having this training occur prior to entering the highest-hazard time of the year helps ensure all personnel are familiar with each other and helps increase efficiencies during an incident as both agencies can better work together seamlessly by understanding each other's roles in these types of events. YCFD personnel gain an excellent opportunity to learn and train with the experts on wildfire suppression and it is definitely invaluable to the local stations. It also gives AAF some insight into the structural fire suppression and rescue side of things most often employed by the County firefighters.

AAF & YCFD work together through a mutual aid agreement to deliver the best service possible to the residents within the Edson Forest Area and Yellowhead County to help reduce and mitigate the risk and hazard from wildfire throughout the year.

## Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

### A perfect day starts with perfect skin.

Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

## BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE

# DARWELL PUBLIC LIBRARY NEWS

**Submitted by Sandra Stan-  
paniuk, Library Manager**

Preschool Story Time continues on Monday mornings, except holidays, from 10:00 to 11:00 AM at the library until May 30, 2016. This is a barrier free program designed to promote early literacy and gives preschool children and their parents/guardians an opportunity to explore a love of reading in a non-judgmental and supportive environment. So mark your calendar and join us for stories, crafts and a snack.

Parent/guardian participation is mandatory. This is a free drop in program so pre-registration is not required.

The Colouring Club for all ages continues as an ongoing, free, drop in program during regular library hours until May 31, 2016. We supply the materials (or you can bring your own); coloring pages, crayons, and markers and you supply the inspiration. Bring a friend, relative or just yourself, create, relax and see what the craze is all about. We have had a couple of requests to formalize

the colouring club so that people can learn new techniques such as shading and adding dimension, etc. to your colouring. If you are interested in participating or have the skills to teach others, please contact the library as we are looking at formalizing this program in the fall of 2016.

Wednesday evenings is Family Games Night at the library until May 25, 2016. We have a selection of games for all ages and encourage you to drop by for some good old fashioned fun and refreshments. This is a free drop

in program so registration is not required.

The Darwell Library Friends Society will be having a Book Event and Plant Sale on Saturday, May 28, 2016 from 11:00 am to 2:00 pm. Join us at the green shed behind the library. Come and peruse the titles, take what you want and leave a donation of your choosing. Drop by for lunch; we will be serving a meal deal which includes a hotdog, pop and a bag of chips for \$ 5.00. All funds from the donations for books and the proceeds from the meal deal will go towards the completion of the library expansion. And if that is not enough, to make this a little more interesting, Cynthia Lalonde from Lakeshore Fragrant Gardens will be present with a selection of plants. Need a few last minute additions to your garden, or haven't started yet? Drop by and see what she has to offer. See you there!

The Book Club will be having a potluck and the last meeting before the summer break on Monday, June 6, 2016 at 6:00 p.m. to discuss "Salt to the Sea" by Ruth Sepetys. Do you love to read? Do you like to discuss what you have read with others? We have a few open spots and are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and make arrangements for loan of the current title by calling the library @ 780-892-3746.

The Darwell Public Library Society will be holding their next regular meeting on Monday, May 30, 2016 starting at 7 pm. All meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. ## BETTER QUALITY OF LIFE

*and a money saver, too!*

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

### QUALITY SALES & SERVICE OF:

- DISTILLERS

## BREAK GROUND WITH THE RIGHT TOOLS

The right tools for the job can be the difference between an interminable landscaping project and one that goes smoothly and efficiently. Aspiring landscapers probably have a few shovels and rakes hanging in their garages and sheds for basic landscaping work. But while such tools are effective for certain projects, when it comes to churning soil for garden beds or digging holes for outdoor struc-

tures, additional tools come in handy. It may be well worth a trip to a nearby home center to purchase or rent one of these tools ideal for breaking ground.

### Rototiller

A rototiller, sometimes called just a "tiller," is a powered garden tool designed to loosen soil prior to planting. A rototiller also can help aerate soil during the growing season. Because they reduce the need

for manual spade digging or hoeing, tillers can be useful landscaping tools, particularly for homeowners who want to work efficiently.

Rototillers will break through tough soil and any plant roots. They come in a variety of sizes, and it's best to match the tool to the size of the job. Many homeowners can get by with smaller, less powerful models, especially if the tiller is only necessary at the beginning of planting season. Professional landscapers or those with large swatches of property may benefit from larger models.

### Auger

Augers, both mechanical and manual, are essentially large drill bits that help move materials from one location to another. Augers are typically used to cut holes in landscapes, and they are good for post-hole drilling, which is part of the process of installing deck footings, fencing posts or other structures. Augers come in a variety of sizes, and homeowners can choose how much power they prefer. Augers can be heavy and cumbersome, and many do-it-yourselfers will find that one-person augers are more than adequate for their projects.

Augers dig deep holes, so it is always

smart to have the property surveyed prior to use. This way pipes, gas lines, buried electrical lines, and any other obstructions are clearly identified prior to drilling.

### Cultivator

Cultivators are similar to tillers in that they loosen soil. Cultivators are effective during the growth period of plants, when they can be used to aerate the soil and remove weeds. Cultivators come in hand-held versions and push models, and some are even motorized. Cultivators get close to plants to remove weeds without disturbing the plant. They also are used to stir in compost or fertilizer.

While many people think cultivators and tillers are the same, that is not the case. The former is less powerful and will mix the soil or stir up the top layer, while the latter can break up moderately hard ground and loosen firm soil.

When using any tools around the garden, wear the proper protection. This includes devices to protect hearing when power tools are in use as well as gloves and safety goggles. Tillers, augers and cultivators have the potential to toss soil and rocks into the air, so make sure others keep their distance while work is in progress.

# GOLFER'S GUIDE

## TIPS FOR NEWCOMERS TO THE GAME OF GOLF

Few hobbies can be as enjoyable one moment and as frustrating the next as golf. Golfers know a great putt can be quickly followed by a bad tee shot, and maintaining their composure through the highs and lows of the game is a key to success on the links.

Maintaining that composure isn't always easy, even for the professionals. It's even more difficult for beginners, who quickly learn the game of golf involves more than just spending sunny weekend afternoons on pristine golf courses. In fact, golf can be quite demanding, and beginners would be wise to heed a few tips before hitting the course.

\* Don't commit to an expensive set of clubs right off the bat. Golf clubs can be very expensive, so

beginners should buy an affordable secondhand set of clubs so they can get the hang of what they like before spending a lot of money. Visit a pro shop and explain that you are just a beginner. The shop will likely make some valuable suggestions and might even let you try out a pair of clubs. In addition, many driving ranges allow customers to rent clubs, and this can be a great and inexpensive way to find the right clubs for you.

\* Take lessons. Even the very best at self-teaching might find it extremely difficult to become a self-taught golfer. When first trying your hand at golf, take some lessons and don't expect to be playing 18 holes any time soon. Before hitting the course, where you might be discouraged and

you might frustrate those golfing behind you, learn the fundamentals by taking a few lessons at the driving range. Learn from a professional, who won't offer you any hidden secrets to golfing glory (there aren't any) but will offer sound advice on the game's fundamentals.

\* Take the game home with you. Beginners can even take advantage of golf's vast popularity by taking the game home with them. This doesn't mean building a putting green in your backyard. Rather, purchase some instructional DVDs to learn the game during your down time throughout the week. Many golfers don't have time to hit the links during the week, but they do have time to watch some DVDs when they get

home from work. Such instructional DVDs can help you master your grip and stance, which you can then take with you to the course over the weekend.

\* Have fun. Golf is a fun game; it just takes time to hone your skills. But even if you aren't ready for the professional tour after your first few rounds, you can still have fun. Don't let some beginner's frustration, which every golfer experiences, ruin the fun of the game. Take note of your surroundings when you hit the links, and appreciate the time you're spending with your group. If the game becomes more a source of frustration than fun, then take a break and put in some more work away from the course, be it at the driving range or studying at home.

# GOLFER'S GUIDE

## 9 WAYS TO IMPROVE YOUR GOLF GAME

Warmer weather sends scores of golfers to their favorite courses each and every day. Golf is a challenging pastime, but a few pointers can help golfers hone their short games, long games and everything in between.

- Choose the right clubs. There is more to selecting clubs than pulling any old iron out of your golf bag and whacking away. Wind, hazards and obstructions in landing areas should influence your decision of which club to use. Novice golfers may want to rely on their caddies to make club recommendations, and as they become more confident in their abilities they can start to make their own choices.

- Anchor your feet. Anchor your foot behind the ball to drive the ball fur-

ther. Right-handed players will keep the right foot anchored, and lefties will do the opposite. Do not lift your foot prematurely; otherwise, you can lose power and distance.

- Identify your weaknesses. As with any hobby, identifying those areas that need the most work can help you become a better golfer. Keep track of each shot you take, and then look at the results to see which areas of your game need the most work.

- Fix your alignment. Align your shots by assessing the target from behind the ball. Then set the clubface behind the golf ball and align it with the target before you enter your stance.

- Use your torso for power. The torso is essential to a solid swing. Practice

rotating from your core to control your backswing & then maintain the same spine angle & posture on the downswing.

- Use the wind. Not every golf game will be played in perfect weather. A good player knows how to make adjustments for the wind depending on the shot. Use the wind to your advantage when you can, and adjust your swing when hitting into the wind.

- Become a better chipper. Many players put so much emphasis on their backswings and putt shots that they fail to devote any practice to chips. All shots are important for golfers trying to shed strokes off of their scores.

- Keep fit. Maintaining or improving your physical strength and overall

health can help your golf game. Exercise and eat right, and you will have more endurance on the links.

## ADJUSTING GOLF SWING GETS EASIER

Golfers rejoice! Those dreaded slices or hooks could become a thing of the distant past thanks to adjustable clubs and drivers. In addition to helping improve accuracy, adjustable clubs also lighten the load in your golf bag.

With a few twists of a wrench or even turning the shaft of the driver itself, golfers can adjust the face angle, loft and lie angle of the driver to hit the ball farther and straighter. Golfers can make small adjustments to create the right loft and improve distance without having to purchase a new club or visit a club fitter.

Many club manufacturers now offer adjustable drivers and other clubs. According to an informal poll on Golf.com, 34 percent of the 2,337 respondents owned an adjustable driver by the end of 2011. The ability to upgrade shafts has also become popular as golfers respond to what the pros are doing.

Adjustable golf clubs enable golfers to walk out onto the course with one driver and a few different shafts. With a couple of clicks from a wrench, a person can have an entirely new driver. That cuts down on the equipment that needs to be carried and can fine tune a golfer's accuracy. These high-tech clubs are corresponding to changes being made to golf balls. Engineers have reduced the spin on golf balls to help the balls travel farther. To do so, golf experts advise that the ball needs to be hit higher into the air. Adjustable drivers can give players the edge they

need to produce the right height and trajectory.

According to data from golf club manufacturer TaylorMade, 70 percent of consumers who use the company's adjustable drivers adjust their club at least once to get the desired shot. Afterward, 10 to 15 percent of adjustable driver users report further adjustments as they become comfortable with the features.

Although golfers can now put adjustments into their own hands, it is still advisable to get a professional fitting

regardless of which clubs are chosen. A certified club fitter can help a person sort through the myriad options available and make recommendations based on various factors, including the golf ball used.

Those who are not fans of adjustable drivers say that the adjustment mechanisms add weight to the drivers, which can compromise efficiency. However, that isn't stopping larger numbers of golf fans from taking adjustable drivers for a trial run in an effort to improve their game.

## SUDOKU OF THE WEEK

	1					9		7
5			1	2	7			
8				4				1
	2	8		9	1			
			3		4	8		
7	9					5	4	
6			9		3			8
		2	7					9
		5		6		1		

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
