## MAYERTHORPE RCMP INVESTIGATING FATAL COLLISION

**Submitted by Mayerthorpe RCMP**

Mayerthorpe, Alta - On Saturday, May 28th, 2016 at approximately 1415 P.M. the Mayerthorpe RCMP along with the Fire Department and EMS responded to a fatal motor vehicle collision at the in-

tersection of Highway 43 and Highway 22 near the entrance to the Town of Mayerthorpe.

A pickup truck was travelling West on highway 43 and struck an SUV that was making a left hand turn into the Town of Mayerthorpe. The passenger of the SUV died in the crash. The driver was taken to hos-

pital in critical condition, the other driver was treated for non life-threatening injuries.

The RCMP are continuing to investigate the cause of the collision. RCMP would like to thank the public for all the assistance provided.

## TWO CONCERTS IN ONE HIGHLIGHT BOTH SWING AND CHORAL MUSIC

**Submitted by Jean Moses**

Two popular entertainment groups are joining in concert on Saturday, June 4, 2016. You'll hear a wide range of swing and choral music as the Lac Ste. Anne Community Choir and the Joe Saumer Big Band perform both separately and together.

The Lac Ste. Anne Community Choir has been wowing audiences for the past five years with a wide range of popular, ethnic and classical harmonies. Director Debbie Rosen, and accompanist RJ Chambers are

both professional musicians who inspire and encourage this 50-member group to regularly challenge themselves.

The 17-piece Joe Saumer Big Band, under the direction of Tim Bowman, has just celebrated its 25th Anniversary. They specialize in music from the swing era with classics like In the Mood and Boogie Woogie Bugle Boy, along with more contemporary favourites. Many of their pieces in this performance will feature vocals by choir members as well.

The joint concert begins at 7 p.m. at Immanuel Lutheran

Church of Rosenthal (52401 - Range Road 13). That's just west of Stony Plain on Hasse Road.

Called the Friends and Family Concert, it includes a reception after the concert so the audience has a chance to socialize with members of both the choir and the band. Tickets are \$15 each, available from members of both the Lac Ste. Anne Community Choir and the Joe Saumer Big Band, as well as at the door.

# LETTER TO THE EDITOR

Submitted by Carol Johnson

Dear Editor,

As a Graduate of The War Amps Child Amputee (CHAMP) Program and a Safety Ambassador for the PLAYSAFE Program, I have met kids who have lost limbs in accidents that could have been prevented. With the weather warming up, it's a good time to teach kids about the dangers that can come with summer, such as lawn mowers, boat motors and playing around water areas.

Over the past few years, I have given War Amps PLAYSAFE presentations as I believe it is crucial to pass on the safety message and prevent as many accidents as possible. I would encourage parents to take their children on a "safety walk" and point out the dangers in their area.

It only takes a split second for an accident to happen, so let's all PLAYSAFE!

## JOKE OF THE WEEK

A blonde goes to the doctor with both of her ears and her right hand are burned. "Sit down and tell me how it happened," says the doctor.

"I was ironing my clothes when I received a call. Instead of picking up the phone, I picked up the iron and burned my ear."

"What about the other ear and your hand?"  
"I tried to call for an ambulance."

## FOUR ARRESTED IN STOLEN VEHICLE DURING TRAFFIC STOP

Submitted by RCMP  
Enoch

2016636177

Enoch, Alberta: A woman and three men face multiple charges after Enoch RCMP located them in a stolen vehicle in Enoch, Alberta.

On May 26th, 2016 at approximately 1:00 A.M., Enoch RCMP conducted a routine traffic stop in the community of Enoch. Police checks revealed that the vehicle was stolen. RCMP located a firearm, ammunition and drug paraphernalia inside the vehicle. The vehicle had

been reported stolen out of Fort Saskatchewan on May 23rd.

The occupants of the vehicle, 28 yr old Leanna Morin-Pariseau, 30 yr old Darrell Gauthier, 23 yr old Andrew Rachar and 31 yr old Donovan Savidant have all been charged with possession of stolen property

and firearm related offences. Leanna Morin-Pariseau has also been charged with drug related offences. All four remain in custody and will make their first court appearances on June 1st, 2016 at Stony Plain Provincial Court.

## FARMERS' DAYS ATTENDANCE EXPECTED TO SURPASS PREVIOUS YEARS

Submitted by Town of  
Stony Plain

This year, the annual Farmers' Days Rodeo & Exhibition is expected to attract greater numbers than it has in the past. The event, which is sponsored by the Town of Stony Plain and the Stony Plain Kinsmen Club, will take place from June 3 to 5 at Heritage Park in Stony Plain.

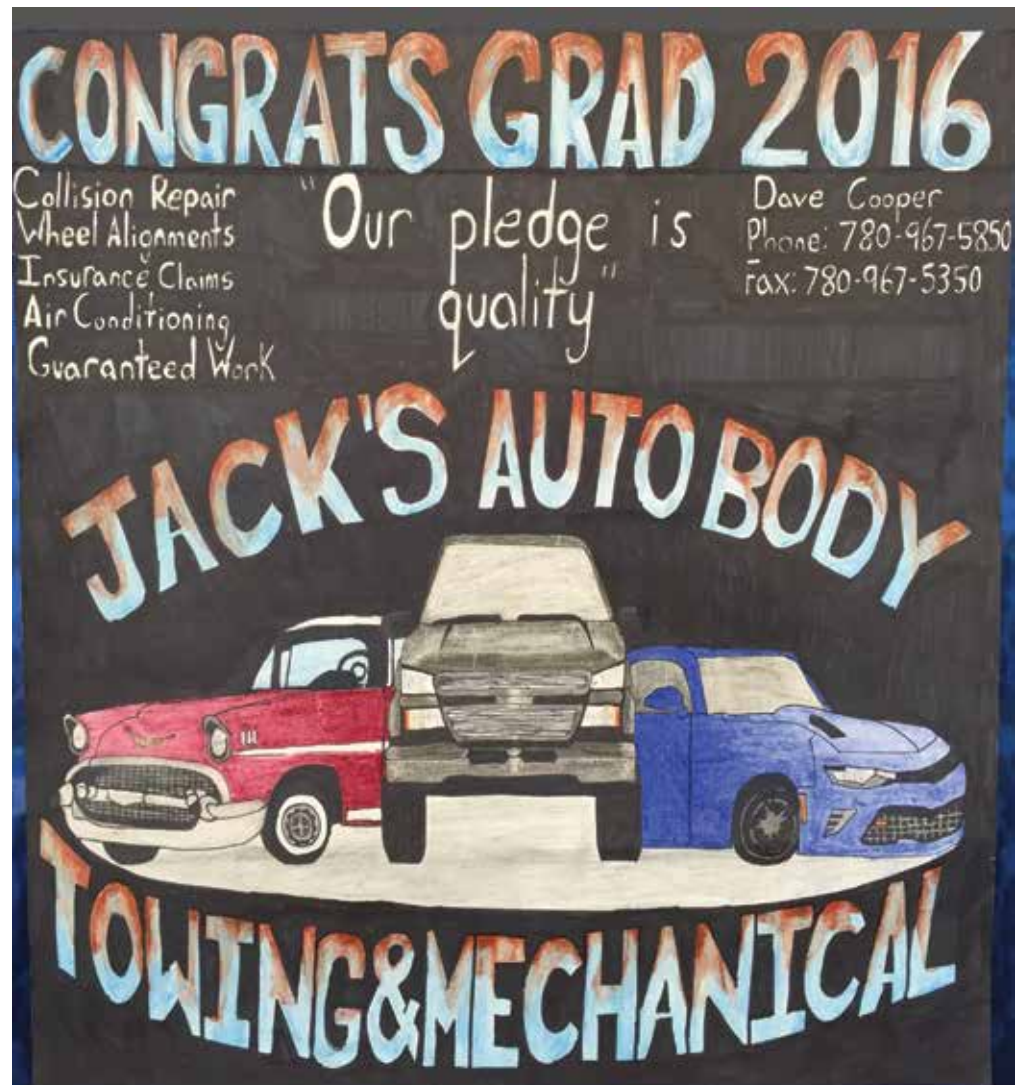

"Farmers' Days is an opportunity for born and raised Albertans to return home and reconnect with the community. With The Town of Stony Plain steadily increasing in population, we've seen a corresponding increase in Farmers' Days attendance," says Tevra Graham, Community Services Coordinator.

The three-day festival features a variety of events, including carnival games, a rodeo, live entertainment, and beer gardens. Many aspects of Farmers' Days remain unchanged; however, corporate interest in the event has allowed the activities and events to grow and develop. This year, in particular, attendees will notice changes made to the Kids Korral.

"Thanks to our sponsors, we've been able to expand the kids' zone to include a variety of interactive activities," says Melanie Samson, Program Manager of Community and Protective Services. "As a result, we expect more families to attend the festival."

Due to anticipated attendance numbers, there will be no parking available at Heritage Park. Instead, The Town of Stony Plain will run a "Park N Ride" program for the duration of the event.

To learn more about the new Park N Ride program or Farmers' Days visit our website: [www.stonyplain.com](http://www.stonyplain.com)

# MAYERTHORPE 2015 AUXILIARY ASSOCIATION REPORT

Submitted by Lil Roszko

Mayerthorpe Hospital Auxiliary Association still meets every 4th Monday @ 5:00 P.M. in the health care center education room, WE have been fortunate to have the Administrator & Auxiliary Wing coordinator, & their Recreation coordinator attend most of

our meetings. We never miss a meeting date! Two of our Ladies attended the Alberta convention & came back with useful information.

We have raised funds by: having bake sales in the Health Care Center, selling lap robes, throws, slippers, & dish rags made by & donated to us by generous, talented women.

We accept memorial donations, supply tax deducted receipt to donors & mail acknowledgement cards to the donor's requested. There have been generous donations made by various groups example: Kinettes, Legion, Rural Crime Watch, Catholic Women & more.

Several Ladies go each Tuesday

with a tuck cart to both wings of the health care centre selling bars, cheezies, popcorn twists, chips, gum & knitted items. We are going to refurbish the much used palliative care room, buying blanket warmers, & anything else that is requested & needed but Alberta health care will not provide.

# PHOEBES, PONDS, PERENNIALS, POLLINATORS, AND POTATOES

Submitted by Lorraine Taylor – Horticulturist, Lac Ste. Anne County

What do these have in common? We'll be looking at all of them on Sunday, June 5th during the George Pegg Botanic Garden Annual Bird Count & Perennial Plant Sale and Swap.

The Bird Count is a great opportunity to learn about the birds in your backyard. Whether they are at the feeder or way up in the sky, our knowledgeable volunteers Peggy and John Follinsbee can put a name to all of

the birds you'll see. Finish off the day with a short drive to Old Man Lake to find more water-loving birds.

Wrens, bluebirds, chickadees, robins, and swallows are favourite backyard birds and all of them can be encouraged to nest in your yard with bird houses and nesting platforms. Garden volunteer Charles Lily is making them as a fund raiser for Pegg. Contact the Garden to pre-order your choice of houses.

- Bird watcher or not- plan to stop by Pegg June 5th to pick up some perennials for your garden. It is a Swap and

Sale- if you have plants to share bring them along to trade for something new or make a donation to buy some plants. Pegg Garden is partnering with Denise O'Reilly of A'bunadh Seeds on a grow co-op project. This summer's vegetable garden is focused on growing crops to save seed. Denise will be on hand with a selection of her vegetable seeds. Grown on the family farm near Cherhill- all are well adapted to our short season.

Families are always welcome at Pegg Garden events and we have special activities for children. With our

binoculars we can see the ducks on the Pegg pond, we'll also take an up-close look at what's living in the pond.

Last November Lac Ste. Anne County hosted a workshop on Shelterbelts for Pollinators. Come out to the Garden to get hands-on tips for building a house to attract our hard working native bees. These houses are not only functional they are also a decorative addition to your landscape.

This event runs from 9am to 1pm. Drop in any time. For more information call the Garden at 780-203-0331 or visit [www.PeggGarden.org](http://www.PeggGarden.org)

## MOUNTAIN PINE BEETLE – WHAT IS THE LIBERAL'S PLAN?

**Submitted by Jim Eglinski, MP – Yellowhead**

OTTAWA: On May 16th, in the House of Commons, Jim Eglinski, Member of Parliament for Yellowhead, asked the Liberal government what their plan was to stop the Mountain Pine Beetle from spreading.

"Mr. Speaker, Jasper National

Park, in my riding of Yellowhead, is in trouble. From the west along Mount Robinson to the east park gates, the park has been overtaken by the mountain pine beetle. Local government and forest companies are counting on Parks Canada to stop this epidemic before it moves into Alberta's west central forest area.

The Liberals say they have a

plan, but, as usual, nothing is being done. What is the Liberal plan to stop these evil weevils?"

Again, on May 17th, MP Eglinski asked the following question in the House:

"Mr. Speaker, yesterday in the House, the member opposite said he was more than happy to have a conversation with me about the mountain pine beetle. Unfortu-

nately, on the ground in Alberta, government employees have been told they cannot talk to the local officials about this issue.

Why are the Liberals muzzling scientists and researchers who are critical to this issue?"

## THE FEDERAL LIBERAL GOVERNMENT'S NATURAL RESOURCES FILE

**Submitted by Jim Eglinski, MP – Yellowhead**

I believe Quebecers understand that pipelines are the safest option to transport oil, with 99.999% of the oil transported through federally regulated pipelines arriving at destinations safely. A recent poll by the Montreal Economic Institute shows that Quebecers favour

oil from Western Canada over imports from places like Saudi Arabia or Algeria. Why then did the Quebec Government decide to file an injunction against TransCanada and the Energy East Pipeline?

Prime Minister Trudeau has said that he believes his new process instills "public confidence" in pipelines, but in fact, Quebec's injunction proves that it does the

opposite. Must I remind the Liberal Federal Government that it has jurisdiction on inter-provincial pipelines? Has the Prime Minister lost control of this file? As Prime Minister, he has a responsibility to ensure that Canadian energy can move quickly and safely to domestic and international markets.

This Liberal Government is badly failing all Canadians and needs

to work with Quebec to ensure that projects like Energy East can be developed in a timely and environmentally sustainable manner.

Remember, all Canadians benefit from the wealth created by our energy resources, which pay for excellent education and healthcare services across Canada.

# WHITECOURT TOWN COUNCIL UPDATE

Submitted by Tara Gallant

As part of the public consultation process for a wastewater treatment plant study currently underway, the Town of Whitecourt is hosting a facility tour and public information open house on Tuesday, June 14. You are invited to attend to ask questions and share your comments.

Facility Tour: Wastewater Treatment Plant, 3420 Flats Road (east of Graham Acres), 4:00 to 6:00 p.m. (Tours to take approximately ½ hour).

Open House: Whitecourt Golf & Country Club, 1 Flats Road, 7:00 to 8:30 p.m.

The tour will highlight how the facility functions and operates, and will be followed by a public open house with further information on the master plan study and odour mitigation strategies currently underway. Representatives from the Town of Whitecourt and Stantec Consulting will be in attendance. Please take this opportunity to ask questions and provide comments.

The Town of Whitecourt is asking for your assistance to track trends in regards to odours from the wastewater treatment plant in the east valley area. By tracking when residents and other public members are being affected by odour, we will be able to:

- assess if there is a correlation between odour and operations at the plant,
- evaluate the effectiveness of existing mitigation strategies, and
- identify how operations can be changed to address area concerns.

We appreciate you taking the time to assist with our data collection process. Odour tracking diaries, which include instructions, are available at the Town Office and can be downloaded from [www.whitecourt.ca](http://www.whitecourt.ca). Tracking sheets are available for residents and recreation facility users.

Council has approved an amendment to the Whitecourt Regional Landfill Authority Budget to complete capital and operational changes that will extend the life of the current landfill site. A review of the closure/post closure obligations for the site determined that the life of the landfill could be significantly increased if the

filling method was revised and the height increased. The budget changes will allow improvements to be made starting this year. To fund the improvements, Council has passed first reading of Borrowing Bylaw 1518 which would allow the municipality to borrow \$1,690,000. Advertisements regarding the proposed bylaw will be published to notify the community of the proposed debenture.

Whitecourt's Economic Development Strategic Plan has been approved. The plan, which follows the same format as Council's Strategic Plan, identifies

goals and initiatives for the Economic Development Committee and will assist with scheduling projects and resources specific to this function. Current priorities include implementing a business visitation program both on a local and regional level, researching the potential of business revitalization zones, and creating an ambassador program for handling business inquiries.

Council had the opportunity to review the proposed West Whitecourt Area Structure Plan document which has been drafted by Opus Stewart Weir on behalf

of Woodlands County. The area structure plan item will be discussed further at the June Policies and Priorities Committee Meeting, and Council will be providing feedback to our municipal neighbours on the document.

The Whitecourt & District Chamber of Commerce will be hosting West Coast Amusements Carnival on June 6 & 7. 52nd Avenue from 49 Street to 50 Street will be closed to accommodate the event.

For further details on the carnival please visit [www.whitecourt-chamber.com](http://www.whitecourt-chamber.com).

# Lawn & Garden

## TRANSPLANTING TREES NO SMALL TASK

An alluring landscape can make a home much more enjoyable. Many homeowners devote considerable time to their lawns and gardens, and that devotion can pay both instant and long-term dividends. A well-groomed landscape can make it more enjoyable to relax in the yard, and such a property will be more attractive to prospective buyers when homeowners want to sell their

homes.

But even the most well-designed landscapes sometimes need some re-arranging, and those changes may involve transplanting trees. Homeowners may transplant trees for various reasons. Some homeowners might be moving to a new home and want to take a favorite tree along with them, while some trees simply outgrow their existing space and need to be

moved elsewhere on the property. Regardless of why trees need to be transplanted, homeowners can take several steps to ensure the process goes as smoothly as possible.

· Determine why the tree needs to be moved. Some trees that are not thriving in their existing location may not benefit from a transplant. For example, a tree with a pest infestation might need to be replaced rather

than transplanted. Determining the reason behind a transplant can save you the trouble of transplanting that won't benefit from the move. If a tree is not getting adequate sunlight in its present location, then transplanting it to a different location on your property with more exposure to sunlight might reinvigorate the tree. If soil is the problem, then transplanting the tree might prove ineffective unless you also test the soil where you plan to move the tree and adjust it so the tree can thrive.

· Prune the tree roots. Tiny roots that extend beyond the tree absorb water and nutrients, and such roots need to be pruned before transplanting a tree. Landscaping professionals note that root pruning stimulates the growth of new small roots nearer to the tree's trunk, and these newer roots will be dug up when the time comes to transplant the tree. Root pruning must be done well in advance of transplanting the tree. For example, if you hope to transplant the tree in the fall, then do your root pruning in the spring before new buds appear on the tree. Speak with your landscaper or a nearby garden center to determine the best way to prune your tree's roots.

· Time your transplant correctly. Avoid transplanting trees when temperatures are colder and the ground is frozen. Transplanting before or after a thaw allows the transplanted roots time to develop. In addition, transplanting the day after you have watered the soil around the tree reduces the stress on the tree's roots, making it easier to keep the root ball intact.

· Protect the root ball. When transplanting a tree, make sure the root ball does not dry out. If it does, the tree likely won't thrive in its new location and all your hard work will have been for naught. Cover the root ball with damp burlap or canvas so it can retain more of the moisture it will need to adapt to its new location.

· Plant the tree sooner rather than later. While you can store a transplanted tree before you plant it elsewhere on your property, storing it for a long period of time increases the chances that the transplant will be unsuccessful. Ideally, you want to plant the tree in its new location as soon as possible.

If you must store it, make sure you don't suffocate the root ball, as roots must be kept damp or they

will die and potentially cost you the tree.

Transplanting a tree can add appeal to a property and help reinvigorate an unhealthy tree.

# GOLFER'S GUIDE

## DRIVE HOME A WINNING GOLF TOURNAMENT

(NC) The arrival of warmer

weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While there are many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get

a wider selection of dates and courses.

Ensuring your guests are well fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and safe round.

What about prizes? The excitement of winning something is always a big draw, so hit up local businesses, suppliers, business partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes

to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting Manager, Wayfarer Insurance. "You can get insurance coverage that will pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

## HOW TO MAKE THE MOST OF YOUR DAY ON THE COURSE

(NC) Most great golf games are filled with sun, competition and camaraderie, but you can enhance the experience with a few tips that have less to do with your swing, and a lot to do with your 18-hole enjoyment:

Dress for success: The right golf apparel can be as important as the clubs you carry. Check

the weather in advance to make sure you'll be as comfortable as possible during play. Determine if you're dressing to impress or to elevate your game. Light, non-restrictive clothing will allow you to swing freely and keep you comfortable and cool in the heat, or warm if the temperature drops. If you're a guest, always

check out the dress code at the club you'll be visiting to ensure you comply with the rules.

Choose your company carefully: Your playing partners can have a lot to do with how you play and how you socialize on the golf course. If you're out with friends, you can relax and enjoy the day knowing what to expect. But if it's a game with your boss or clients, always make sure to test the waters. Will they play by the rules or is it just a relaxed day? Are your clients there to play golf or do business? Understanding the landscape on the first tee will alleviate any awkward moments later on.

Create friendly competition: Sure, there's already a scorecard, but you can add more competitive fun to your game by creating a little friendly rivalry. For example, try a little Bingo Bango Bongo - a points based game that awards a total score based on three kinds of achievement: Bingo - first person on the green gets a point;

# GOLFER'S GUIDE

## DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

(NC) A little know-how can help golfers avoid unnecessary injury. Considering the number of times a swing is repeated during a game, it's not surprising that the season often ends early for those who are not physically prepared.

Below are a few simple stretching techniques that can

help prevent or reduce the impact of injuries:

Side bending stretch

1. Stand with feet shoulder-width apart.

2. Hold the golf club above your head with your arms straight.

3. Slowly bend to one side, without rotating, until you feel a

stretch in the side of your back.

4. Hold for 15 seconds and repeat twice for each side.

Shoulder stretch

1. Hold the shaft of a golf club vertically behind your back.

2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower arm. Hold for 15 sec-

onds.

3. Gently pull the club down with your bottom hand until you feel a stretch in the top shoulder and arm.

4. Hold for 15 seconds.

5. Reverse hand positions and repeat.

## How To Make The Most Of Your Day On The Course

Continued From Page 24

Bango – the player whose ball is closest to the pin when all balls are on the green gets a point, Bongo – the player who is first to hole out gets a point. Add up the points and the per-

son with the highest total for the round wins.

Walk it off : Make a small 'healthy' tweak to your game by walking vs. taking a cart. When you choose to walk rather than drive 18 holes, you'll cover approximately six kilometres and burn around 1,500 - 2,000 calo-

ries. Golfers that ride carts will burn only about 1,100 - 1,300 calories.

Say cheers and enjoy: The 19th hole remains one of the best holes on the course. Cap off a great day by enjoying a light meal or a light beer such as Molson Canadian 67, which is

brewed to 67 calories per 341ml bottle and 3% ABV. This crisp, refreshing beer can be paired nicely with a protein boost of chicken or fish.

# GREETINGS FROM THE ONOWAY LEGION

**Submitted by Lorinda McCool**

With gracious permission from the author Ken Blacklock I would like to invite everyone to read his poem.

## FORT McMURRAY EVAC

There was a little fire started north of town; After a while they tried to knock it down; But the wind was blowing and pushing the flames; That made it hard, the fire to tame.

The fire started jumping and twisting around; And some folks were told they should leave town; Just head up north 'til we put it out; We'll soon make that fire turnabout.

But soon they were stranded between walls of flame; While the town fire-crew said we're losing this game; You folks had better pack a few things; Cause the whole city is evacuating.

Without panic the town thought with dismay; To leave Fort Mac there's only one way; With the smoke and soot making them cough; I wonder if we will all be cut off.

Together the entire city convoyed carefully out; If they block this road there's no other way out; People

shared food and water and gas for cars; Driving in smoke and flames for long hot hours.

When at last the folks managed to get clear; Albertans rallied 'round to help them far and near; While fire-fighters remained behind spitting soot; Though sore of eyes, back and foot.

We've done it before and we'll do it again; Whenever folks are suffering loss or pain; Friends and neighbours and strangers soon standby; To help those in trouble, and never ask why.

We were honored to have the Fort McMurray Legion President and Fire Captain Pat Duggan and his family attend our Friday Night Lasagna Dinner on May 20th. They certainly enjoyed the homemade meal prepared and served by Sherry Brown, Bob, Ron and Marcelle, as did the sold out crowd of customers. Thanks to Ken and Shauna for washing dishes and to Scouts Harvey, Marshall with our new apprentice Zackery for their great job of clearing and cleaning the tables. Pat Dixon enjoyed a free meal as he is an Onoway Legion member and

his birthday landed on the Friday. Thank you to Terri Potter for generously donating her 50/50 winnings to the Cadets and congratulations to Florence Strembitsky for winning the free meal voucher as well as to Ken Blacklock for winning the meat draw.

We have our beautiful new top of the line commercial grade BBQ which was made possible by the efforts of Lorne Olsvik with his huge amount of research and Joe Blake-man for securing a large donation from the Alberta Beach Amateur Softball Association. Thank you as well to Derald and Terry for helping Lorne unload the BBQ and to Richard and Lorne for the installation and hook ups.

We know that many people donate their time and money to the success of the Legion and we would like to thank Allen Parr for contributing to the success of the Onoway Legion by once again purchasing and donating more kitchen and bar equipment.

Darts are winding down but the enthusiasm of the players is not. We will play our last regular game on Tuesday May 31 and have our wind

up party on June 4th. We will be open Tuesday Nights during June, July and August for Pub Nights which will be open for darts, pool, cards and socializing with regular Tuesday Night Darts commencing again on September 13.

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid,  
broken down into nine 3x3 boxes. To solve a  
sudoku, the numbers 1 through 9 must fill  
each row, column and box. Each number can  
appear only once in each row, column and  
box. You can figure out the order in which  
the numbers will appear by using the  
numeric clues already provided in the boxes.  
The more numbers you name, the easier it  
gets to solve the puzzle!
