## SEBA SENIORS HOST A FREE BREAKFAST

**Submitted by Peter de Vos**

On the weekend of June 10 to June 12, the Seba Seniors are holding their 40th anniversary celebration.

A banquet for the members will be held Friday night, an Open House with displays on Saturday and Sunday, and a free Community Breakfast on Sunday morning.

"Everyone is welcome to come for a hearty pancake breakfast at the Seba Seniors Centre in Seba

Beach on Sunday June 12 from 9 to 11am. The first 250 will be served a breakfast as part of the 40th Celebration of the founding of the organization," said Lynn Berg president of the Seba Seniors. The breakfast will be open to all and donations will be collected to support the Breakfast for Learning program at the Seba Beach School. The Centre is at the corner of First Street and First Avenue in Seba Beach.

The Seba Seniors started as a social club in 1976 and since

then the 120 strong volunteer group has become active in many ways to keep seniors active in the community. A popular Thrift Shop provides clothing, household goods, and some furniture. Weekly events for music, bridge, yoga, fabric arts, walking, monthly Jamborees, socials and talks, as well as supporting people and the local school are some of the other ways members of the club are involved.

## YELLOWHEAD COUNTY REINSTATES FIRE PERMITS AFTER PROVINCE WIDE BAN LIFTED

**Submitted by Stefan Felsing**

As the Provincial set fire ban has been lifted, Yellowhead County will begin issuing fire permits. Campground fires will also be allowed.

Now that the ban has been lifted County residents are reminded that the appropriate burn permits must still be attained from the proper authority for the jurisdiction in which they reside. Permits are issued within the County's jurisdiction for brush

piles, transfer sites, field, grass or stubble burn, and permits will be issued for contained burns, such as burn barrels.

Permits for burning within the County's jurisdiction, north of Highway 16 and east of Highway 22 (the northeast corner of the County), are obtained from the Yellowhead County offices in Edson or Wildwood. Permits for all other areas within Yellowhead County (Edson Forest Area) are obtained from Alberta Agriculture and Forestry.

"Although there has been ade-

quate precipitation over the last few days, residents must still obtain the correct permits and use caution when burning in any area," reminds Yellowhead County Deputy Chief of Public Safety Cory Chegwyn.

Yellowhead County continues to work with the province, depending on the conditions of the separate areas, to have similarly aligned restrictions across the County.

To report a fire, call 911 or the Alberta Wildfire Hotline at 310-FIRE.

# YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

## Submitted by Stefan Felsing

Millers Lake Delegation – Nathalie Cardinal, a resident at Millers Lake, made a presentation to Council to show support of the proposed noise bylaw that would address potential excessive noise issues in County hamlets and subdivisions and give law enforcement a bylaw that can be used to enforce any noise issues.

Noise Bylaw 12.16 – Having previously discussed the benefits of an updated Noise Bylaw (12.16) that addresses excessive noise in County hamlets and subdivisions, Council passed third reading that brings the updated noise bylaw into effect.

Bylaw 9.16 Public Hearing – A Public Hearing was held for Bylaw 09.16 that would rezone a property in the Hamlet of Niton Junction from Hamlet Residential (HR) District to Hamlet Commercial (HC) District. The landowner wishes to re-district this property to accommodate a future commercial storage facility. No concerns were brought

forward during the public hearing. The bylaw will be brought back to Council for second reading.

Elder Abuse Prevention – Charlene Sitar, coordinator for the Yellowhead Elder Abuse Prevention program, provided an update on the progress of the Taking Action against Elder Abuse program. The group now consists of twelve agencies and organizations in the Evansburg, Edson, and Hinton areas who will work together to address elder abuse through education, prevention and intervention.

Alta Gas Road Closure – Council passed a motion to allow for the closure and transfer to the province of 420m of undeveloped road allowance for the development of a proposed \$60 million Alta Gas processing facility west of Edson. Administration will submit the resolution and a letter of request to the provincial government for their consideration and the portion of undeveloped road allowance that would be part of the future processing facility. The road allowance would

be part of the provincial lease only while the plant is in operation.

Nomination Deposit Bylaw – Nomination Deposit Bylaw 10.16 was passed by Council and will require a \$500 fee from any member of the public running for Council in an election. Under the Municipal Government Act, a candidate must receive at least equal to half of the total number of votes cast for the candidate elected to office to get their fee returned.

Robb Campground Use – Yellowhead County Council approved a lot in Robb to be used as a campground area for community activities organized by the Robb Recreation Society. The site will be used for camping during events such as quad rallies or other community events. The site will be monitored by the organization during events and will be gated with a list of the rules posted.

The next Council Meeting is June 28, 2016. The next Committee of the Whole Council Meeting is June 20, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

**JOKE OF THE WEEK**

A blonde goes to the doctor with both of her ears and her right hand are burned. "Sit down and tell me how it happened," says the doctor.

"I was ironing my clothes when I received a call. Instead of picking up the phone, I picked up the iron and burned my ear."

"What about the other ear and your hand?"  
"I tried to call for an ambulance."

# FARMERS' DAYS ATTENDANCE EXPECTED TO SURPASS PREVIOUS YEARS

**Submitted by Town of Stony Plain**

This year, the annual Farmers' Days Rodeo & Exhibition is expected to attract greater numbers than it has in the past. The event, which is sponsored by the Town of Stony Plain and the Stony Plain Kinsmen Club, will take place from June 3 to 5 at Heritage Park in Stony Plain.

"Farmers' Days is an opportunity for born and raised Albertans to return home and reconnect with the community. With The Town of Stony Plain steadily increasing in population, we've seen a corresponding increase in Farmers' Days attendance," says Tevra Graham, Community Services Coordinator.

The three-day festival features a variety of events, including carnival games, a rodeo, live entertainment, and beer gardens. Many aspects of Farmers' Days remain unchanged; however, corporate interest in the event has allowed the activities and events to grow and develop. This year, in partic-

ular, attendees will notice changes made to the Kids Korral.

"Thanks to our sponsors, we've been able to expand the kids' zone to include a variety of interactive activities," says Melanie Samson, Program Manager of Communi-

ty and Protective Services. "As a result, we expect more families to attend the festival."

Due to anticipated attendance numbers, there will be no parking available at Heritage Park. Instead, The Town of Stony Plain

will run a "Park N Ride" program for the duration of the event.

# FIRST QUARTER PERMIT STATS CONSISTENT WITH ECONOMY

**Submitted by Town of  
Stony Plain**

The Town of Stony Plain permit statistics for the first quarter of 2016 are consistent with the slowdown in the regional economy. The Town posted a total of 19 housing starts, with an estimated value of \$6.5 million, and

1 commercial permit valued at \$525,000.

"We are forty per cent of where we were last year," says Paul Hanlan, General Manager of Planning & Infrastructure. "However, these results were expected and seem to be the trend regionally."

While Hanlan expected permit

statistics to reflect the regional slowdown, he did not anticipate housing starts to be as high as they were over the past three to four years.

"Nineteen new housing starts means that nineteen families have committed to the Town of Stony Plain," says Hanlan. "These new housing starts were

likely not speculative, but contracted new home construction, which confirms that Stony Plain is still growing as a community."

The Town of Stony Plain is confident that new housing starts will increase as the economy enters its correction phase.

# FOUR ARRESTED IN STOLEN VEHICLE DURING TRAFFIC STOP

**Submitted by RCMP  
Enoch**

2016636177- Enoch, Alberta: A woman and three men face multiple charges after Enoch RCMP located them in a stolen vehicle in Enoch, Alberta.

On May 26th, 2016 at approximately 1:00 A.M., Enoch RCMP conducted a routine traffic stop

in the community of Enoch. Police checks revealed that the vehicle was stolen. RCMP located a firearm, ammunition and drug paraphernalia inside the vehicle. The vehicle had been reported stolen out of Fort Saskatchewan on May 23rd.

The occupants of the vehicle, 28 yr old Leanna Morin-Pariseau, 30 yr old Darrell Gauthier,

23 yr old Andrew Rachar and 31 yr old Donovan Savidant have all been charged with possession of stolen property and firearm related offences. Leanna Morin-Pariseau has also been charged with drug related offences. All four remain in custody and will make their first court appearances on June 1st, 2016 at Stony Plain Provincial Court.

# RANGE ROAD 32 WILDFIRE

**Submitted by Parkland County**

On Sunday, April 17, a wildfire started near Duffield along Range Road 32. While emergency response crews tended to the fire, it

continued to encroach on the Hamlet of Duffield.

On Monday, April 18, strong winds and hot, dry conditions caused the wildfire to spread. In addition, Parkland County fire crews were also called to tend to multiple

other fires that were occurring simultaneously. Mayor Rod Shaigec declared a state of local emergency, allowing Parkland County to evacuate 83 residences in Duffield and the Duffield Downs subdivision.

Thank you to all the emergency

crews who responded to the multiple fires and the residents who were so patient and understanding during this period.

After over two weeks, the fires were deemed extinguished on Tuesday, May 3.

## THE ROAD TO SUCCESS

**Submitted by Lobstick Literacy & Learning Society**

Evansburg is one of 19 rural Alberta communities involved in a two year applied research project called

'The Road to Success', funded by Alberta Health Services - Alberta Cancer Prevention Legacy Fund (ACPLF). The Road to Success is a community level comprehensive cancer prevention and screening ini-

tiative that works with communities to create supportive environments for health.

Communities have an important role to play in cancer prevention. How our communities are designed

and how we support individuals within our communities affects the choices people make. Up to 45% of cancer is caused by factors we understand and can influence. Communities can reduce cancer risk by reducing ultraviolet radiation exposure, implementing tobacco and alcohol reduction strategies, increasing availability and access of physical activity, increasing the availability of healthy food, and increasing awareness and access to cancer screening.

Our local Health & Wellness Committee collected community level data measuring different components of the community (nutrition, physical activity, alcohol, UV, and screening). The data showed that there is a gap in locally available food. The Committee is presently brainstorming ways to get local food available throughout the community. Ideas so far:

- A community garden in Evansburg
- A community garden in Entwistle
- Planters, with vegetables, herbs or berries, located throughout the community
- Two vegetable and/or strawberry planters at Tiptoe Park Museum
- Vegetable and berry planters in front of Claire's V & S, Evansburg
- A few berry patches planted throughout the community.

In order to have more planters situated in the community, the Health & Wellness Committee is planning a 'Planter Building day' and barbecue around the middle of August, at the PARS Arena in Evansburg. Would you be interested in lending a hand? More details will follow later.

Are there any garden enthusiasts out there? Would you be interested in helping and advising us in getting community gardens started?

If you would like to become involved in this exciting community project, please contact Nancy at 780-727-4077 or nandins@gypsd.ca.

## BETTER QUALITY OF LIFE

*and a money saver, too!*

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

## HOW TO REPOT A PLANT

Gardening time is here, with people enjoying plants both inside and outside of their homes. Container gardening, which is a planting method in which flowers and other plants are grown in pots and other containers, is quite popular because of design versatility. Containers can be moved from location to location if plants are not thriving in a particular spot. They also make gardening possible when there isn't any available land space, which might be the case for apartment-dwellers.

Flower pots enable plant enthusiasts to enjoy foliage inside of the home as well. Houseplants can add beauty to interior spaces and help filter indoor air. In the late 1980s, NASA and the Associated Landscape Contractors of America actually studied houseplants as a way to purify the air in space facilities. They found several plants are particularly good at filtering out com-

mon volatile organic compounds (VOCs). Having plants around can create inviting spaces and improve healthy conditions inside and out.

Part of caring for plants in containers involves knowing when a potted plant might need a little tender loving care. As plants grow larger, they may outgrow their containers and require more roomy quarters. Without ample space, plants may not be able to adequately draw up water and nutrients to support top growth. Repotting may seem like it is easy, but it actually takes a little finesse so not to damage the plants.

Gardening experts like those from Fine Gardening, HGTV and Today's Homeowner suggest these repotting tips.

- Be sure the plant is well watered for a few days prior to the repotting process. Watering also will help loosen the root ball from inside of the smaller pot.

- A plant ready for repotting should slide out with most of the soil in one piece. If the soil is free-falling, it may not need to be repotted at this point because there's still room for the roots to expand. Other signs that plants may need repotting include roots poking out of the soil or plants that are straggly and pale.

- Consider repotting outside because the process can be messy. Have all of your materials, which include a trowel, gloves, scissors, and potting soil, handy so that you can tackle the process smoothly.

- Remove your plant from the pot carefully. Place the plant on its side, then support the main stem in one hand and use the other hand to gently pull the pot away. Be careful not to pull on the main stem or break the stem. Tread gently.

- Cut away any rotten or dead roots, and trim really long ends. Make three or four vertical cuts

about a third of the way up the remaining root ball. This also will help with water and nutrient absorption once the plant is in its new pot.

- Gently untangle any remaining roots and prepare to place the plant in a new pot.

- Choose a new pot that is slightly larger than the root ball. Fill the pot with soil so that the root ball sits about an inch below the rim of the pot. Add more soil around the roots to fill the pot. Be sure to leave enough room so that with each watering the pot can hold water.

- Thoroughly water the plant after repotting to moisten the soil.

Watch your plant afterwards to be sure that it's taking to its new potted home. It can take around three to four weeks for the plant to recover from repotting. Water regularly, avoid fertilizing and keep the plant out of direct sunlight.

# PARLIAMENT UPDATE

**Submitted by Jim Eglinski, MP – Yellowhead**

Week of May 9, 2016

Last weekend, after attending an event in Wildwood, I had the pleasure of taking the Honourable Lois E. Mitchel, Lieutenant-Governor of Alberta, and Oneil Carlier, Alberta's Minister of Agriculture and Forestry, on a tour of the Coal Creek Forestry Fire Base. While there, we had the opportunity to meet and talk to fire attack crews.

On Sunday, I flew back to Ottawa. The following was debated this week:

- Bill C-7 – An Act to amend the Public Service Labour Relations Act, the Public Service Labour Relations and Employment Board Act and other Acts and to provide for certain other measures.

I asked a question concerning this bill. (See page 23 of the following document.) <http://www.parl.gc.ca/content/hoc/House/421/Debates/053/HAN053-E.PDF>

- Bill C-15 – Budget Implementation Act, 2016, No. 1

- Bill C-237 – Candidate Gender Equity Act

- Bill C-227 – An Act to amend the Department of Public Works and Government Services Act (community benefit)

- Bill C-246 – Modernizing Animal Protections Act

- Bill C-231 – Fight Against Food Waste Act

- Bill C-241 – An Act to amend the Excise Tax Act (school authorities)

- Opposition Motion by the Conservative Party to support the Trans-Pacific Partnership

Partnership

- Opposition Motion by the Conservative Party to protect the freedom of conscience of medical and nurse practitioners in regards to physician-assisted dying

I presented a petition calling on Parliament to pass legislation that would recognize preborn children as separate victims when they are injured or killed during an offence against their mothers.

This week in the Standing Committee on Environment and Sustainable Development, we continued to study and hear witnesses regarding federal protected areas and conservation objectives. For more information on committee meetings, visit: <http://www.parl.gc.ca/Committees/en/ENVI>

mittees/en/ENVI

Throughout the week, I attended 12 meetings and 7 events. I will remain in Ottawa this weekend and my next update will be on the happenings of Parliament as it continues to sit next week.

Week of May 16, 2016

Parliament caught international headlines this week, as physician-assisted dying entered its final stages; a bill to protect transgender rights was tabled by the Liberal Government, and Prime Minister Justin Trudeau aggressively guided a Conservative member towards his seat.

The following was brought before the House:

- Conservative Private Member's Bill C-230 – An Act to amend the Criminal Code (firearm — definition of variant)

- Conservative Private Member's Bill C-229 – Life Means Life Act

- Bill C-2 – An Act to amend the Income Tax Act

- Bill C-11 – An Act to amend the Copyright Act (access to copyrighted works or other subject-matter for persons with perceptual disabilities). This bill passed third reading and is now in the Senate.

- Bill C-14 – An Act to amend the Criminal Code and to make related amendments to other Acts (medical assistance in dying) was debated further. Voting is expected to take place next week.

- Bill C-10 – An Act to amend the Air Canada Public Participation Act and to provide for certain other measures.

- Bill C-16 – An Act to amend the Canadian Human Rights Act and the Criminal Code (the bill to protect transgender rights) was tabled.

- Liberal Motion No. 24 – Tamil Heritage Month

- Question of Privilege: 'physical molestation of the Member from Berthier – Maskinongé', when the Prime Minister's aggressive behaviour infringed on the Member's right to vote.

I had the opportunity to ask the Government questions on two separation occasions as to what actions they are taking on the Mountain Pine Beetle moving through Jasper National Park, slowly making its way into Alberta's forests: <http://www.parl.gc.ca/content/hoc/House/421/Debates/056/HAN056-E.PDF> on page 32, and <http://www.parl.gc.ca/content/hoc/House/421/Debates/057/HAN057-E.PDF> on page 39.

This week the Standing Committee on Environment and Sustainable Development continued to study and hear witnesses regarding federal protected areas and conservation objectives, and began a review of the Canadian Environmental Protection Act, 1999. For more information on committee meetings, visit: <http://www.parl.gc.ca/Committees/en/ENVI>

Throughout the week, I attended nine meetings and five events. As the House is not sitting the week of May 23rd, look for my update next Friday on my travels throughout the riding.

# FIRE AID FOR FORT MCMURRAY CONCERT ANNOUNCED FOR JUNE 29

Submitted by Marketwired

Members of Alberta's Fire Aid Organizing Committee, comprised of volunteers from across the province of Alberta, proudly announced today the details for Fire Aid for Fort McMurray - a major benefit concert being planned in support of people in the City of Fort McMurray and the Regional Municipality of Wood Buffalo (RMWB) directly impacted by the Alberta Fires. Fire Aid for Fort McMurray is set to hit Commonwealth Stadium on Wednesday, June 29, 2016 at 4PM MT. All proceeds raised from this event will benefit the Fort McMurray United Way to support the city's efforts to rebuild for all residents, individuals, families and businesses.

Canadians have expressed immense compassion and generosity during this time and many award-winning Canadian musicians have been keen to contribute to these efforts. World-class Canadian talent, including many hailing from Alberta, are ready to take the stage at Commonwealth Stadium on Wednesday, June 29, 2016 including, Nickelback, Blue Rodeo, Corb Lund, Dean Brody, The Rankin Family, Dallas Smith, Brett Kissel, Randy Bachman with The Sadies, Ian Tyson, Alan Doyle and the Beautiful Gypsies, Dear Rouge, and High Valley. Tickets for Fire Aid for Fort McMurray, a major benefit concert in the name of community, are on sale Monday, May 30, 2016 at 10AM MT. Tickets are \$35.00, \$60.00 and \$99.00 and will be available at ticketmaster.ca or charge by phone at 1-855-985-5000.

This past May, Albertans, Canadians and the entire world were shocked by the devastation of the wildfires in Fort McMurray and across the Regional Municipality of Wood Buffalo. Those affected were friends, neighbours, family and colleagues, and our hearts have continually gone out to them in their time of need. In the spirit of community, a dedicated group of volunteers from across the province, including the core team of organizers of the 2013 Alberta Flood Aid benefit concert, have come together to create Alberta's Fire Aid Committee, working to help rebuild and sustain the future of Fort McMurray and surrounding regions.

Co-chairing Fire Aid for Fort McMurray are Edmonton-based

community leaders Bob Nicholson, Oilers Entertainment Group (OEG) CEO and Vice Chair, Len Rhodes, Edmonton Eskimos Football Club President and CEO and Tim Reid, Northlands President and CEO, alongside special Honorary Chair, her Worship Mayor of the Regional Municipality of Wood Buffalo, Melissa Blake.

All funds raised will go directly to the community as the Fort McMurray United Way has been selected as the beneficiary from Fire Aid. United Way's mission is "to improve lives and build community

by engaging individuals and mobilizing collective action," making this cause the perfect fit for Fire Aid for Fort McMurray's beneficiary. The United Way will work with the various agencies on the ground in the region and help the thousands of residents with the support they need now and for however long it will take to rebuild.

TD Bank Group has joined the Fire Aid effort knowing that the recovery and rebuilding efforts will be massive, and through their early efforts and contribution of \$500,000 to Fire Aid, they show their com-

mitment to rebuilding this community. The TD First Responders sponsorship highlights the heroic efforts of those who have given so much and in addition to supporting relief efforts, are honoured to host first responders during the concert.

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
