RUSSELL DECARLE TRIO MENTORS AND PERFORMS AT SANGUDO COMMUNITY SCHOOL

Submitted by Lisa Bakos

It was an exciting day for Sangudo Community School (SCS) yesterday with the arrival of the Russell deCarle Trio.

The band, led by the former lead singer of the Juno

award-winning band Prairie Oyster, spent the entire day mentoring Music Club students prior to putting on a full show in the evening for the community!

Principal Oates shared, "We are so thankful to have had this opportunity. To have members of the band mentor and inspire our students all day, and perform for the community that same night, is a testament to their community spirit and passion for music. We know that spirit has rubbed off on our students. Thank you so much to the Russell deCarle Trio for coming out and to our school community (staff, parents, volunteers) for making the experience possible for SCS students."

PORTION OF HIGHWAY 37 RENAMED “LAC STE. ANNE TRAIL”

Submitted by Terry Slemko, Onoway and District Historical Guild

After nearly two years of discussion and planning with Alberta Transportation, approval was given recently for the renaming of a portion of Highway 37. Long before proper roads were common this part of Alberta, a trail linked St. Albert with the mission at Lac Ste. Anne. The trail, some 50 km in length, originated in St. Albert and followed the Sturgeon River to Calahoo, then along what is now Highway 37 to Onoway and finally across country from Onoway to Alberta Beach and the mission at Lac Ste. Anne.

The four new Lac Ste. Anne Trail signs along Highway 37 were designed by the Onoway and District Historical Guild. The half wagon wheel symbolizes the many horse- and oxen-drawn wagons and Red River carts that used the trail over the years.

An historical marker was erected two years ago on the segment of the trail that winds its way from Highway 37 through Onoway to Highway 43. The marker reads

From the mid-1800s or earlier, there was a continuous going and coming between Edmonton and Lac Ste. Anne because Fort Edmonton depended on fish from Lac Ste. Anne to supplement its food supply.

After the St. Albert Mission was established in 1861, this trail was a veritable highway. Besides Father Lacombe and other missionaries, the trail was used by explorers, prospectors, surveyors, farmers, early settlers and native peoples.

From St. Albert, this route

touched on St. Peter or Ville-neuve, the Calahoo Indian Reserve to Noyes Crossing where it crossed the Sturgeon River. It then skirted the north end of Little Devil’s Lake (Matchayan), continued past Onoway and Alberta Beach to Lac Ste. Anne.

The trail is approximately 50 km in length.

Additional “Lac Ste. Anne Trail” signs will be installed this summer between Onoway and Alberta Beach.

FLORA WEISS 100TH BIRTHDAY PARTY

Submitted by Eunice Draper

WE had an eventful day here at the lodge, June 29th, 2016. One of our residents, Flora Weiss, celebrated her 100th Birthday with family and friends. The Staff went all out with decorations – pink streamers, balloons and red tablecloths to mark such a momentous day.

Flora received 100 red roses with a hand painted cream can for a vase, very fitting for a farm girl, from the Staff at the Lodge.

She also received a plaque from the Town of Onoway, presented by the Mayor, Dale Krasnow. After the presentation they shared a dance and received a round of applause.

She received a rose bush with pink buds (her favourite colour) from her fellow residents as a tribute and a Thank You for all that she does for us here at the Lodge.

She is an amazing lady and she deserved this amazing day! Congratulations Flora!!

GOLFER'S GUIDE

TIPS FOR NEWCOMERS TO THE GAME OF GOLF

Few hobbies can be as enjoyable one moment and as frustrating the next as golf. Golfers know a great putt can be quickly followed by a bad tee shot, and maintaining their composure through the highs and lows of the game is a key to success on the links.

Maintaining that composure isn't always easy, even for the professionals. It's even more difficult for beginners, who quickly learn the game of golf involves more than just spending sunny weekend afternoons on pristine golf courses. In fact, golf can be quite demanding, and beginners would be wise to heed a few tips before hitting the course.

* Don't commit to an expensive set of clubs right off the bat. Golf clubs can be very expensive, so

beginners should buy an affordable secondhand set of clubs so they can get the hang of what they like before spending a lot of money. Visit a pro shop and explain that you are just a beginner. The shop will likely make some valuable suggestions and might even let you try out a pair of clubs. In addition, many driving ranges allow customers to rent clubs, and this can be a great and inexpensive way to find the right clubs for you.

* Take lessons. Even the very best at self-teaching might find it extremely difficult to become a self-taught golfer. When first trying your hand at golf, take some lessons and don't expect to be playing 18 holes any time soon. Before hitting the course, where you might be discouraged and

you might frustrate those golfing behind you, learn the fundamentals by taking a few lessons at the driving range. Learn from a professional, who won't offer you any hidden secrets to golfing glory (there aren't any) but will offer sound advice on the game's fundamentals.

* Take the game home with you. Beginners can even take advantage of golf's vast popularity by taking the game home with them. This doesn't mean building a putting green in your backyard. Rather, purchase some instructional DVDs to learn the game during your down time throughout the week. Many golfers don't have time to hit the links during the week, but they do have time to watch some DVDs when they get

home from work. Such instructional DVDs can help you master your grip and stance, which you can then take with you to the course over the weekend.

* Have fun. Golf is a fun game; it just takes time to hone your skills. But even if you aren't ready for the professional tour after your first few rounds, you can still have fun. Don't let some beginner's frustration, which every golfer experiences, ruin the fun of the game. Take note of your surroundings when you hit the links, and appreciate the time you're spending with your group. If the game becomes more a source of frustration than fun, then take a break and put in some more work away from the course, be it at the driving range or studying at home.

GOLFER'S GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid founda-

tion for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those

who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR LESSARD LAKE

Submitted by Alberta Health Services

ONOWAY – A blue-green algae (cyanobacteria) bloom has been identified in areas of Lessard Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possi-

ble.

- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (Peo-

ple can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any lake, including Lessard Lake, at any time. Boiling lake water will not remove the toxins produced by blue-green algae (cyanobacteria). An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae (cyanobacteria) is naturally occurring, and often become visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae (cyanobacteria) can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae (cyanobacteria), or who ingest water containing blue-green algae (cyanobacteria), may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Lessard Lake, until further notice.

Please note that areas of Lessard Lake in which the blue-green algae (cyanobacteria) bloom is NOT visible can still be used for recreational purposes, even while this Blue-green Algae (Cyanobacteria) Advisory is in place.

If you suspect a problem related to blue-green algae (cyanobacteria), or if you require further information on health concerns and blue-green algae (cyanobacteria), please call Health Link at 811. Additional information is also available online, at www.ahs.ca/bga.

WHITECOURT TOWN COUNCIL UPDATE

Submitted by Tara Gallant

June 28, 2016

Council has approved the purchase of two new transit buses to serve Whitecourt Transit. The buses have been purchased in part with funds approved from the Province's GreenTRIP Grant Program, and are expected to arrive next spring. Council also adopted a public transportation strategic plan which was developed by the Public Transit Steering Committee. The Town has made a 10 year commitment to public transportation, and the goals and priorities outlined in the strategic plan will aim for Whitecourt Transit use to reach levels similar to a larger urban center, making public transportation a core service.

Council has adopted the 2016 20-Year Capital Plan. The plan, which is adopted annually, provides a vision for the Town of Whitecourt's infrastructure, land development, parks and trails, building and recreation facilities to meet the needs of our growing community. The plan sets broad direction that helps guide decision making, promotes sustainability in the future and enhances residents' quality of life. The plan can be viewed on www.whitecourt.ca.

Council has passed third and final reading of Bylaw 1518 which will allow the Town to borrow \$1,690,000 to construct a leachate treatment system, road and cell to meet continuing

demands for landfill services.

An energy audit was recently completed at the Allan & Jean Millar Centre and Scott Safety Centre to identify energy conservation methods that could reduce the facilities' energy consumption, save utility costs, and reduce greenhouse gas emissions. Based on the audit, a number of projects will be undertaken which will be funded in part with a \$100,000 grant from the Taking Action to Manager

Energy (Tame+) Program.

Projects scheduled as part of Whitecourt's annual Street Improvement Program will be completed by Knelson Rock Products Ltd. This year's projects include a number of overlay and intersection rehabilitation projects. Once the schedule is complete, information will be posted on www.whitecourt.ca informing motorists and residents of construction areas.

The contract to construct a

new salt/sand storage facility was awarded to Vertical Building Solutions. The facility will be located in the public works yard and will provide an environmentally friendly location to store both salt and sand used on local roads/pathways during the winter months.

Councillor Derek Schlosser has been appointed Deputy Mayor from July 1 to August 31, 2016.

GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool

Happy Birthday Canada! It seemed very odd to not be attending the usual Friday Night Supper on July 1 which was cancelled due to the Canada Day Holiday. Hopefully everyone had a great time enjoying the various festivities and participating in the fun and frolic planned by other local establishments.

Thank you Larry and Carol Villneff for running the draws on behalf of the 8 Ball Pool League

and donating a generous portion of the proceeds to the Onoway Legion. The third Thursday of July and August will be dedicated to the pool players with the third Tuesday of each month concentrating on the dart players. All Tuesday evenings during the summer will be open for games and socializing so come on in to join the fun and enjoy a cool beverage of your choice. You do not need to be a Legion member to participate in the games or the Friday Night Suppers but we encourage you

to join the Onoway Legion for the many advantages offered (one benefit is a free supper if your birthday falls on a Friday). We are very active in changing and improving the lives of our veterans, the RCMP, our youth, seniors and their families, our members and our community. You can make a difference by volunteering and assisting at various functions such as our Friday Night Suppers and the very special Remembrance Day celebrations.

Vice-President Ric Moses is

collecting service medals from families who are looking for somewhere to display the medals honoring veterans who have passed on. If you have inherited service medals and would like to donate them to the Legion, please call Richard Moses @ 780-967-2433 so they can be collected and given the honor they richly deserve.

Allen Parr and his crew of Ron, Marcelle, Jay, Pat St. H. and Lorna prepared the delicious roast beef dinner on June 24 for nearly sixty hungry customers. Congratulations to draw winners Ted Latimer for winning the free meal voucher, Eleanor Snider the meat draw and Diane May the 50/50 proceeds. Onoway Legion member June Richter enjoyed her free meal as part of her Friday birthday celebration. Don't forget that supper reservations are recommended if you want to be sure your meal is guaranteed. Please phone Bob Clark @ 967-3640 before 3:30 on supper day or call the Legion @ 780-967-5361. Answering machines are on both phones and if you would like a call back to confirm your reservation please speak clearly leaving your phone number with your name. Walk-in meal sales begin at 4:30pm.

ALBERTA BEACH FIFTY PLUS CLUB ELECTS NEW BOARD

Submitted by Joan Charbonneau, Past President

The Alberta Beach & District held its Annual General Meeting and Elections on June 27th. For the first time in many years an election was required to fill the positions of President and vice president. Interest was definitely high with a near record turn-out of eighty nine members. Two people ran for the position of President, Jeanne Hodgson and Mark Harvey. Mark Harvey was elected as the new president. Mark and Jeanne had both previously served on the Board as a Director and also as vice-president.

Two people also ran for the position of Vice President. Wendy Lippa's name was presented by the nominating committee and Von Hutchinson was nominated

from the floor. Wendy Lippa was elected vice president. Diane Kroetsch became secretary by acclamation and Shirley Kane Treasurer also by acclamation. The six positions for Director were filled by: Bonnie Barbeau, Laurie Demers, Jeannette Hutchinson, Bev Larsson Shawna O'Reilly and Shirley Steinke. Joan Charbonneau now assumes the role of Past president.

The new Board is a good balance of new members and experienced members.

The seniors building is closed for most of the month of July for major renovations but we look forward to welcoming the community during the annual Ham and Egger and Pancake Breakfasts during Polynesian Days, July 30th and 31st. Come and meet our new Board and see our updated décor.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
