# ALBERTA RCMP AND AMA JOIN FORCES FOR THE #ROOMTOWORK CAMPAIGN

Submitted by Alberta RCMP

Edmonton, AB - The Alberta RCMP and the Alberta Motor Association (AMA) have partnered together for the #RoomToWork campaign. The campaign's goal is to decrease the number of motorists who speed past emergency workers and tow operators when they are at the scene of an accident. AMA Service Vehicle Operators (SVOs) and emergency responders have had an increasing number of close calls and near misses while working at the side of the road.

The campaign kicked off today with a media event that included a mock accident scene and the RCMP pulling over motorists who failed to slow down for a friendly roadside chat about what drivers should do when they see flashing lights.

"In 2015, the RCMP and the Alberta Sheriffs handed out 662 tickets for speeding past emergency vehicles. So far this year, we've handed out nearly 400, so that is a significant increase," said RCMP Sgt. Darrin Turnbull.

Darren Klassen, an AMA SVO, had a near death experience when he had to leap out of the way of an oncoming vehicle that plowed right through the safety pylons he set out in front of the vehicle he was preparing to tow.

"When you see those flashing tow truck lights, it means I'm helping rescue a stranded motor-

ist - someone who could be your friend, your neighbour or even a family member," said Klassen. "If just one person slows down, everyone behind follows - and it makes the biggest difference. People's lives are on the line."

Brian Mason, Minister of Transportation attended the #RoomToWork media event. "In Alberta, about a quarter of all

fatal collisions involves a driver travelling at an unsafe speed - and the fine for speeding doubles if motorists don't slow down when they pass an emergency vehicle with its flashing lights activated," said Minister Mason. "First responders make your safety their priority, so please make their safety your priority."

# LEDUC COUNTY INTRODUCES MR. DUANE COLEMAN AS NEW CAO

Submitted by Brandy Kelly

Leduc County, Alta. – At their regular council meeting earlier today, Leduc County council introduced Duane Coleman as Leduc County’s new chief administrative officer (CAO). Mr. Coleman officially assumed the role on July 4, 2016, replacing now retired CAO Brian Bowles.

Mr. Coleman brings more than 22 years of municipal experience to Leduc County, plus a four-year period in private industry. His municipal experi-

ence includes 11 years as chief administrative officer with Lac La Biche County, and more recently, nearly four months as CAO of Westlock County. He has an in-depth understanding of urban and rural needs and challenges, municipal collaboration, regional partnerships and experience with the amalgamation of two municipalities.

“We believe Mr. Coleman is absolutely the right person for this job,” said Mayor John Whaley. “Mr. Coleman has both the experience to not only manage our diverse county, but he also

possesses the drive to take on the challenges and regional initiatives that lie ahead. We are excited to have Mr. Coleman lead our municipal team through the challenges to the exciting opportunities that lie ahead for Leduc County.”

Mr. Coleman also expressed his enthusiasm about the new role, “I believe my blend of municipal and private sector experience will lend itself well to leading Leduc County alongside council and their strong senior leadership team. Much of my experience aligns with

Leduc County’s challenges and regional opportunities and I am confident that together we will be successful in serving the best interests of Leduc County residents.”

Mr. Coleman is married with four children. He and his family plan to relocate to the Leduc County area in the fall. “We are excited about this opportunity and we look forward to joining the Leduc County community,” said Coleman.

# FIRST NATIONS FINANCIAL TRANSPARENCY ACT (FNFTA)

**Submitted by Jim Eglinski, MP – Yellowhead**

I am disappointed to learn that the Government will be reinstating transfer payments to band councils that did not publicly disclose the salaries of Chiefs and Band Councillors as was required by the First Nations Financial Transparency Act (FNFTA). The FNFTA is seen as an important measure for indigenous peoples living on reserves to hold their band leadership to

account.

The Honourable Carolyn Bennett, Minister of Indigenous Affairs, announced on December 18th that the Government will be reinstating all funds that were frozen for non-compliance with the FNFTA as well as halting compliance measures that would require bands to post financial information online. Presently, 38 of 581 First Nations bands had yet to file the required financial information. The FNFTA is an important piece of legislation

that our Government brought in to ensure that there was accountability and transparency surrounding funding to be used on reserves.

What the Liberals are doing is a step backwards for transparency for all Canadians. Our Conservative government supported this legislation because it is based on the premise that all Canadians deserve accountability and transparency from their leadership. First Nations governments operating under the In-

dian Act had been the only level of government in Canada that was not obligated to make basic financial information public.

This move by the Liberal government would only leave First Nations people in the dark about how their elected leaders spend public money. Aboriginal people deserve to know where the money in their communities go. After all, this is public funding.

# (E.I.A) RCMP APPREHEND MAN AT THE EDMONTON INTERNATIONAL AIRPORT

**Submitted by RCMP “K” Division**

Leduc, Alberta – This afternoon, members of the RCMP detachment at the Edmonton International Airport apprehended a man after he had gained ac-

cess to the airfield by climbing a fence.

The initial report was that a lone man climbed the fence at the south west side of the airfield at approximately 1:20 P.M., and exited the area by going under the fence on the south side of the

airfield shortly afterward.

The RCMP responded quickly to the report and, with the assistance of the RCMP’s Police Dog Services, apprehended the man. No one was harmed during this incident nor was there an impact upon the flights and passengers

utilizing the E.I.A.

No additional details are available at this time as the investigation is ongoing. Should new information pertaining to any criminal charges become available, an update will be provided.

## Protecting Alberta Lands

Tickets for public land offences will range from \$100 to \$500.

Alberta is known for its vast, beautiful land – and it’s important we take the steps to protect it.

Starting August 6, 2016, tickets with specified fine penalties can be issued on the spot for irresponsible off-highway vehicle use, damage and destruction to fish or wildlife habitat and inappropriate waste disposal.

These tickets are another tool for enforcement personnel, who may also issue written warnings, require the person(s) responsible to repair any damage they caused or compel the person(s) responsible to appear in court.

Anyone who witnesses serious public lands abuse can phone the 24-hour Report A Poacher line at 1-800-642-3800.

# PROTECTING ALBERTANS AGAINST UNFAIR POWER BILLS

**The Government of Alberta is going to court to protect Albertans from being forced to pay for the business losses of five power companies.**

The companies are trying to offload their losses onto Albertans because of a deal made between the former government and Enron, a discredited and now-bankrupt U.S. electricity operator.

Albertans shouldn't have to pay for the losses of electricity companies.

This 'Enron clause' was never raised during months of public hearings that were supposed to ensure Albertans got a fair deal as their electricity system was deregulated.

And, there is evidence the Enron clause was enacted unlawfully by the previous government and then deliberately withheld from the public.

The Government is asking the court to overturn the Enron clause and protect Albertans against an estimated \$2 billion in business losses over the next four years.

If successful, any additional electricity fees charged to the public due to the Enron clause will be refunded back to Albertans.

Albertans shouldn't be on the hook for a backroom deal that allows companies to collect the profits when power prices are high and hand consumers the losses when prices are low.

That's why the Government of Alberta is taking legal action – to protect Albertans.

# ANNUAL COMMERCIAL VEHICLE INSPECTION OPERATION SEES ONLY 34 PER CENT OF VEHICLES PASS

**Submitted by Justin Janke**

Leduc County, Alberta – Leduc County Enforcement Services, in conjunction with other enforcement agencies, conducted their annual inspection operation of commercial vehicles in Nisku on June 29 and 30.

Over the course of the two-day event, 104 inspections were observed with 35 (34 per cent) commercial vehicles passing inspection,

40 (39 per cent) being taken out of service and another 29 (27 per cent) requiring attention. Vehicles were inspected based on the Level 1 Commercial Vehicle Safety Alliance Inspection criteria, a North American standard inspection for all commercial traffic.

“It is concerning to see less than half of the vehicles inspected over the two-day period pass the inspection,” said Leduc County Peace Officer Joel McDonald. “We hope

to see this number increase in the future and implore businesses to ensure their commercial vehicles are compliant with the safety criteria outlined by the Commercial Vehicle Safety Alliance.”

In total, 246 ticketable offences were noted and 33 violation tickets were issued.

Agencies involved in the commercial inspection operation included: Leduc County Enforcement Services, City of Grand Prairie

Enforcement Services, Red Deer County Patrol Division, Flagstaff County Enforcement Services, Wetaskiwin County Enforcement Services, Strathcona County Enforcement Services, City of Edmonton Community Standards Enforcement, Edmonton Police Service, City of Leduc Municipal Integrated Traffic Services, Commercial Vehicle Enforcement – Leduc and Town of Beaumont Enforcement Services.

Leduc AB - On July 13th, 2016 Leduc RCMP attended a residence in the City of Leduc to assist Leduc Regional Child and Family Services with an Apprehension Order. As a result of further information obtained during the course of this in-

vestigation, Leduc RCMP obtained a subsequent search warrant for the residence. Numerous weapons were seized from the home; including prohibited firearms (e.g. a sawed-off shotgun), restricted and prohibited handguns, other rifles, other shotguns and ammunition. Arrest warrants were issued for the homeowners, and on July 15th, 2016 at

approximately 10:00 A.M. an adult male and female who cannot be named in accordance with the Child, Youth and Family Enhancement Act to protect the identities of children in the home, were arrested and taken into custody. Charges at this time include Possession of a Prohibited/Restricted firearm, Careless storage of a firearm, and a Breach of a Re-

cognizance. The accused persons remain in custody and are awaiting a bail hearing. Leduc Regional Family Child and Family Services have taken two children into their care and continue to investigate the original complaint in this matter.

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
