## EQUS WELCOMES REMOVAL OF MARKET RESTRICTIONS AND NEW INTEGRATED OPERATION AGREEMENT

Submitted by Patricia Bourne

EQUS REA LTD., the largest member-owned utility in Canada, is pleased with the 2016 Arbitration decision that confirms EQUS' right to provide electric distribution services to anyone within EQUS' designated Service Area in rural Alberta. This decision paved the way for a new Integrated Operation Agreement (IOA) between EQUS and FortisAlberta, which guides the operation of both entities integrated electrical distribution systems. The new IOA takes effect today

September 1, 2016.

The Arbitrator's decision reflects the changing times and the final determination states that while EQUS' Service Area is defined by a geographic boundary, that membership in EQUS will contain no eligibility provisions other than those determined by their by-laws.

EQUS Chairman Glen Fox states, "EQUS has long-held the opinion that interpretations in the previous IOA regarding the eligibility of a consumer living and operating in the EQUS Service Area and wishing to be an EQUS member was restrictive

and not in the interests of rural Alberta or EQUS' members. EQUS has consistently defended the rural consumers' right to choose EQUS."

Pat Bourne, Chief Executive Officer, confirms, "EQUS operates under co-operative business principles and becoming a member is simple. Over the years, we have responded to an increased demand for services from consumers who want the advantages a co-operative, and in particular EQUS, offers."

For more information on EQUS and how to become a member, please visit [www.equs.ca](http://www.equs.ca).

## FALL AT THE DDRA

Submitted by Lorne Ross, Darwell District Recreation Association

Fall is here and activities at Darwell's Centennial Hall are in full swing. Zumba has started and goes Tuesday and Thursday mornings from 9:30 to 10:30. All ladies are invited to participate in this healthful and fun way to keep in shape through the winter's months. Go at your own pace and enjoy the company of others.

Pickleball continues Monday and Saturday mornings from 9:00 - 12:00 and on Thursday

evening 7:00 - 9:00 PM. The Pickleballers will once again have an introduction to Pickleball session for those wishing to try this fun sport. The date for this session has yet to be set. Pickleball fees are \$25.00 for each four month season. There is a \$5.00 drop in fee for those who only want to play on occasional bases. Planning for the Fall Classic Tournament is now underway. The outdoor court was finished at the beginning of the summer and will continue to be used as long as the weather cooperates.

The DDRA executive will

once again be planning a Fall Business Expo to be held later in the fall. The purpose of the Expo is to provide area businesses an opportunity to showcase their products and services to area residents. Those persons and businesses interested in participating in the expo should contact Maria Smith at 780 892-3099 or Theresa Utri at 780 721 2690.

The DDRA's Information and registration night is September 6th at the Centennial Hall starting at 6:30 for more information on what is happening this fall and winter in the area.

# HEALTHY AFTER SCHOOL SNACKING

Submitted by Alberta Health Services – Nutrition and Food Services

Whether your kids spend their after school time at home or on the way to an extra-curricular activity, they may be hungry for a snack. Planned healthy snacks will help children get the extra energy they need to grow and be active.

- Try to offer snacks at least 2 hours before a meal to prevent your child from being too full at meal

time.

- Aim to choose foods from 2 of the 4 food groups from Canada's Food Guide at snack time.

- Wash and slice vegetables and fruits; store them in a container in the fridge so they are easy to grab on the go.

- Keep a small supply of non-perishable snacks such as un-salted nuts, pretzels, or whole grain crackers in a sports bag so your child can have a quick snack before activities or sporting events.

Plan ahead by stocking your fridge and cupboard with items that can be used to make these quick and healthy snacks:

- Low-fat cheese to eat with whole grain crackers, mini whole grain pitas, or apple slices.

- Peanut butter spread on a whole wheat tortilla and rolled around a banana.

- Low-fat yogurt with fresh, frozen, or canned fruit.

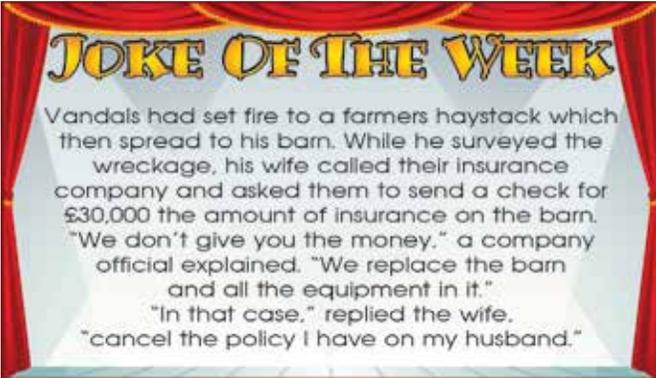

- Pair snacks with water, milk, fortified soy beverage, or 100% fruit juice. Limit juice to ½ cup (125 mL) per day.

For more snack ideas for children, please visit: <http://www.albertahealthservices.ca/assets/info/nutrition/if-nfs-snacks-for-children.pdf>

# ROAD-TRIPPING? DRUGS AND DRIVING MAKE A DEADLY COMBINATION

Submitted by Alberta Motor Association

After checking off the endless months of winter, many Albertans count the summer months one holiday Monday at a time. For your typical road-tripper, summer kicks off with the Canada Day long weekend and wraps up with Labour Day. And while long weekends seem designed for lazy days at the lake or a quick dash to the Rockies, for police officers, EMTs and AMA tow truck operators who work the highways, the days can be long for

much less pleasant reasons.

Fatal automobile collisions tend to spike on holiday long weekends. According to the Alberta Traffic Collision Statistics, from Victoria Day to Labour Day in 2014 there were 3,752 long weekend collisions resulting in 14 fatalities on Alberta roads. Drivers involved in fatality collisions were nearly five times as likely to have consumed alcohol (15.9%) than drivers involved in injury collisions (3.3%).

But what about other kinds of impairment, like fatigue, prescription drugs or marijuana? That's where the

statistics get a little fuzzy...

"Unlike alcohol - where a tried and tested approach to measuring blood alcohol concentration offers a very accurate read on impairment - the effects of other drugs or physical conditions can be difficult to quantify," explains Jeff Kasbrick, VP of Government and Stakeholder Relations with the Alberta Motor Association.

Recent research from our American cousins at AAA studied the "per se limits" of THC (the main psychoactive compound in Cannabis) and found that "there is no science showing that driv-

ers reliably become impaired at a specific level of marijuana in the blood." The same research showed that THC levels can drop rapidly during the time it takes to perform a blood test and that frequent users can exhibit persistent THC levels long after use, making it complex to correlate marijuana use with driver performance.

But before you roll one up to celebrate the news, the numbers coming out of Washington (where recreational marijuana was legalized in December 2012) give pause for some sober second thoughts. Collision data showed the percentage of drivers involved in fatal crashes after recently using marijuana more than doubled from eight to 17 percent between 2013 and 2014. That's very close to the 15.9% of Alberta drivers involved in fatal collisions who consumed alcohol prior to the crash.

And that brings us full circle back to the Labour Day weekend and staying safe on Alberta's roads. While marijuana and other drugs, which are still illegal in Canada, may fall into a grey area in terms of testable limits, we know it takes all your grey matter focused on the task of driving to avoid becoming a statistic in a collision report.

According to the Traffic Injury Research Foundation (TIRF) "cannabis significantly affects the skills necessary for driving." Research points to slower cognitive functioning, which can delay reaction times, distort time and the perception of distance, and make it more difficult to scan ahead for hazards or navigate turns across oncoming traffic. TIRF's analysis indicates that crash rates for cannabis users can be from two to six times higher than sober drivers.

"Whether it's the excitement of a fully loaded RV with the wind at your back, or the fatigue of too many late nights around the campfire catching up with you on the way home, long weekends are prime time for traffic collisions," Kasbrick warns. "This isn't an issue of knowing your limits; when we drink, smoke or drive exhausted it isn't just your friends or family at danger. When you drive impaired everyone you share the road with has to live with that risk."

Law enforcement will be out in full force watching for speeders, distracted drivers and impaired drivers over the long weekend. And with the cost of an impaired driving conviction running up to \$13,950, you're better off spending your road trip budget on ice cream than gambling with innocent lives.

## WINTER IS JUST AROUND THE CORNER

Applications for new natural gas services will be accepted until September 15, 2016. Any requests for service after this deadline will be subject to the date received and weather conditions.

West Parkland Gas Co-op Ltd. reserves the right to decline requests for service that are received after the deadline.

## **Job Posting: Whitecourt – Ste. Anne Constituency office Constituency Assistant – Full time**

Hon. Oneil Carlier, MLA is seeking to fill the full-time (37.5 hours) position of Constituency Assistant

**General Description:** Reporting to the MLA, the Constituency Assistant will be the primary liaison between the MLA and their Constituency, community groups, stakeholders and individuals. Working in a challenging, variable environment the Constituency Assistant will be responsible for office administration, community outreach and organizing, event planning, coordinating communications, casework and the day-to-day operations of the MLA Constituency Office.

### **Job Duties:**

- Ensuring that the office is accessible to constituents through regular and consistent hours of operation
- Phone, email and other correspondence
- Administrative duties, including budgeting and file management
- Monitoring community activities and reporting to the MLA
- Engaging in casework on behalf of constituents
- Performing outreach to community organizations and individual constituents as directed
- Representing the Member at public and community functions when required
- Coordinating advertising and constituency mailings and online communications
- Coordinating part-time and temporary staff and interns
- Liaising with caucus staff on scheduling and outreach activities
- Liaising with Legislative Assembly of Alberta administrative staff regarding constituency office administration
- Assist with other duties as assigned

### **Qualifications and Skills:**

- Degree in a relevant field or equivalent work experience
- Excellent written and verbal communications skills
- Ability to work independently and as part of a team
- Familiarity with MS Windows, Office, databases and CMS web updates
- Willingness to work flexible hours, including evenings and weekends
- Experience with community organizing
- A demonstrated commitment to community volunteerism
- Knowledge of government bodies and non-governmental agencies, including Alberta Works, AISH, MEP, WCB, etc.
- A strong understanding of the political history of the Constituency and of Alberta politics

**Compensation:** \$53,628 - \$66,048 per annum depending on education and experience. An excellent benefits package is also provided. The Whitecourt – Ste. Anne Constituency Office is an employment equity employer.

**Please send resume and cover letter to:**

[Whitecourt.steanne@assembly.ab.ca](mailto:Whitecourt.steanne@assembly.ab.ca)

*Please note that the position will remain open until a suitable candidate is found. All applicants are thanked for their interest. Only applicants selected for an interview will be contacted.*

# APPLY TO SIT ON THE PRIME MINISTER'S YOUTH COUNCIL

Submitted by Jim Eglinski, MP - Yellowhead

OTTAWA – Jim Eglinski, Member of Parliament for Yellowhead,

is pleased to extend an invitation to young residents of the riding to apply to sit on the Prime Minister's Youth Council. The Council will advise the

Prime Minister on national issues such as employment, access to education, building stronger communities, climate change and clean growth. The Council

will meet multiple times a year. If you are aged 16 to 24, you are eligible to apply to become one of the Youth Council members.

You have until October 7 to submit an application to join the second wave of members who will meet with the inaugural members and the Prime Minister in 2017.

"This is a unique opportunity for youth in our Yellowhead riding to directly voice the concerns of young people to the government and advocate on behalf of residents in the area," stated MP Eglinski. "I urge any youth in my riding with a passion for public service to apply," concluded MP Eglinski.

For more information on this process, please visit <https://www.canada.ca/en/campaign/prime-ministers-youth-council.html>

# RIDING UPDATE – MONTH OF AUGUST, 2016

**Submitted by Jim Eglinski, MP – Yellowhead**

This summer has been busy meeting with constituents, attending events and holding town hall meetings.

I spent the beginning of August meeting with local mayors and constituents. I visited the Drayton Valley & Rocky Mountain House farmers markets, the Pembina Pipeline barbeque, and spent an afternoon in Jasper meeting with locals. Later, I took part in the Pembina Daze Parade in Evansburg. It was great to see everyone out and celebrating in their community.

In the second week of August,

I flew to Victoria, B.C. to meet with provincial government officials. After I returned, I met with representatives of the oil and gas industry. That weekend, I attended the Northern Alberta Conservative Association summer barbeque.

The following week, I had a meeting regarding agri-business in our riding, and held several town hall meetings to discuss with constituents the federal Liberal government's defence policy. These community meetings were held in Grande Cache, Jasper, Hinton, Warburg, Rocky Mountain House, and Drayton Valley.

I also enjoyed an informative

tour of the Blue Ridge Lumber facilities, and attended the Cloverleaf Manor's annual barbeque in Warburg. On the weekend, I stopped in at the Darwell Summer Fair, and had the opportunity to join in the dancing at the Paul Band Pow-Wow.

During the last week of August, I held the final town hall meetings on the defence policy in Edson and Wildwood and attended the Grand Opening of Garva Petroleum, Husky's new convenience store in Edson. I also met with Thorsby Town Council & Seniors' group, as well as the Grand Opening of the new Main Street in Rocky Mountain House.

I spent last Saturday on my mo-

torcycle participating in Edson's Annual Toy Run. It was great to see riders from around central Alberta attend. Oneil Carlier, Alberta's Minister of Agriculture & Forestry, rode his Harley in from Alberta Beach. We had rainy weather but there was a good turnout. Thank you to all the participants for showing up and to the die-hards that took in the poker run.

August was an eventful month meeting constituents across our beautiful riding. In total, I had 18 meetings and participated in 15 events. As your voice in Ottawa, I will bring your input to Parliament when it resumes mid-September.

## CAPITAL WEST ITU CATCHES EXCESSIVE SPEEDER ON MOTORCYCLE ON HIGHWAY 16A

**Submitted by RCMP and Sheriffs**

On August 29th, 2016, at 11:22

PM, Capital West ITU intercepted an excessively speeding motorcycle travelling on Highway 16A east of Spruce Grove. It was

caught on radar at 115 km/h over the posted speed limit of 100 km/h. As a result, the driver was charged with speeding and issued a sum-

mons for his appearance in court in Stony Plain, Alberta on November 24, 2016. The driver was also from Spruce Grove, Alberta.

# Now Recruiting!

Parkland County Fire Services has openings for part-time paid-on-call firefighters at several stations. They will be recruiting throughout September with plans to hire in October.

GO TO [www.parklandcounty.com/firefighter\\_application](http://www.parklandcounty.com/firefighter_application) TO APPLY ONLINE

You can also contact Fire Services at 780-968-8338 or email at [FireServices@parklandcounty.com](mailto:FireServices@parklandcounty.com)

## SUSTAINABLE FLOORING OPTIONS ABOUND

Kitchen and bathroom remodeling projects tend to make great investments, earning homeowners significant returns when they sell their homes down the road. But flooring upgrades are another home renovation project that can attract attention and help sellers when they put their homes on the market.

Home flooring options abound, and it is easy to get excited and overwhelmed about flooring renovation projects. When choosing new flooring materials, homeowners should keep in mind the latest consumer trends, as those trends might help them recoup more of their flooring investment down the road.

One popular flooring trend is the use of sustainable materials. In addition to the more widely known benefits of choosing sustainable flooring, such as protecting natural resources and reducing a home's carbon footprint, sustainable flooring can help

reduce indoor air pollution. Various studies from the U.S. Environmental Protection Agency have shown that indoor air pollutant levels may be higher indoors than outdoors. A major contributor to indoor air pollution are the volatile organic compounds, or VOCs, being off-gassed by carpeting and other flooring in a home.

Flooring manufacturers and designers are embracing the green design and remodeling movement. Today there are many beautiful and sustainable eco-flooring options. Here are some of the more popular materials.

- **Bamboo:** Contrary to popular belief, bamboo is not a wood, but a grass. It is a fast-growing grass, and that makes it a smart choice in many design applications. Also, unlike wood, which will absorb moisture and can warp, bamboo repels water and can be used for flooring

in areas where one wouldn't think to put wood, such as in bathrooms, entryways or mudrooms. Bamboo is naturally very light in color, but can be stained in many different hues to give homeowners more options.

- **Green carpeting:** Consumers can now find a wide range of sustainable carpets and rugs that are available at competitive prices. Wool carpets made with undyed or vegetable-dyed yarns and minimal glues are some options. Some carpets are even made from recycled content, such as rubber and plastics. Water-based, low-VOC adhesives paired with recycled cotton padding can reduce the toxicity and impact of carpeting even further.

- **Cork:** Growing in popularity, cork is a material harvested from the bark of cork trees found in the forests of the Mediterranean. The bark grows back every three years, so it is a handy renewable resource. Cork

boasts fire-retardant properties and may naturally repel insects. It can usually be stained to suit various color schemes.

- **Rubber:** Rubber flooring may call to mind fitness gyms and playground safety substrate, but it's also slowly finding its way into homes. Made from recycled tires, rubber flooring is flexible underfoot and can be long-lasting and colorful.

- **Reclaimed wood:** Rather than purchasing brand new hardwood planks for flooring, homeowners can opt for reclaimed wood reused from other building applications. After some sanding, staining and finishing, reclaimed wood provides homeowners with the opportunity to choose traditional hardwood flooring without any concerns about deforestation.

Eco-friendly flooring materials continue to evolve and can be smart choices in today's homes.

## TOP 5 RENOVATION TIPS TO CREATE MORE SPACE IN YOUR HOME

(MS) - As real estate prices continue to climb, the cost to trade up to a larger home is on the upswing across the country, especially as markets remain hampered by tight inventory levels. As a result, more and more Americans are choosing to renovate their current homes instead of relocating. In fact, some forecasts predict that 2015 renovation spending could exceed the record of \$324 billion set during the peak of last decade's housing boom. While the hunt for more square footage can be challenging, homeowners shouldn't feel like a costly second story or complete addition are the only options.

Here are five great ways to create or optimize space in your existing home.

1. Finish an unfinished basement. A basement renovation can hold limitless potential and increase the

resale value or income potential of your home. Think about the possibilities: a home theater, office, spare bedroom, basement apartment or recreation room. The key to doing it successfully is to focus on what's behind the walls, especially since moisture is a common issue in basements. Choosing the right insulation is critical. Look for products that are vapor permeable, dimensionally stable and mold and moisture resistant. Many contractors use Roxul Comfortboard IS semi-rigid sheathing board paired with Comfortbatt batt insulation to combat thermal bridging and protect against mold and mildew growth. An added benefit of this type of mineral wool insulation is that it's also fire-resistant to 2,150 F. For interior walls and ceilings, Safe 'n' Sound insulation is ideal because of its ability to absorb noise and indoor traf-

fic sounds, ensuring your newfound space is a peaceful one.

2. Create a more open-concept feel with light and color. If your home wasn't blessed with towering windows, installing French doors and pot lights can encourage light to travel more freely, creating the illusion of space. Likewise, choosing a paint color for walls, trim and moldings that is lighter and cooler in tone (think soft grays or blues) will help to reflect light and give the room a more open feel.

3. Remove non-load-bearing walls. Homeowners have the opportunity to rethink the layout of their home by removing non-load-bearing walls. Removing structurally unnecessary walls can make your whole home feel larger, improve flow, lighting and the function of your home.

4. Convert your garage into us-

able living or work space. For many homeowners, the garage becomes an overflow room for storage -- and is often a walk-in headache. Convert your garage (or a portion of it) into another living space, guest bedroom or home office. Install carpet and quality thermal insulation such as Roxul Comfortbatt to block outdoor noise and keep in warmth.

5. Choose furniture and accessories carefully. Adopt a minimalist's eye. Begin looking around your home for furniture or accessories that overwhelm the space. Interior designers recommend choosing low-profile or small-scale furniture for rooms with less square footage. Dual-purpose items, such as ottomans with storage chests inside, are a budget-friendly way to save on space while staying organized.

## TIPS ON SHOPPING FOR NEW APPLIANCES

Now may be the right time to make large appliance purchases. Know the product before visiting the store.

As the weather turns cooler, outdoor improvements become less practical. Homeowners' thoughts may turn to projects they can tackle inside of the home. Now may be the time to consider the purchase of new appliances that can be the finishing touches to renovated spaces.

Fall is prime time to purchase new large appliances. Manufacturers typically unveil their latest models during September and October. At this point, prices on older models will be reduced to make room for new ones. By the end of the year, any older models that have not yet been cleared out will be discounted further. Even though the end-of-the-year deals will be better,

the selection may be limited the longer you wait.

It is best never to wait until an appliance is on its last leg for repair or replacement. Then consumers do not have the luxury to price shop nor find items that include the features they desire most. Here are some other buying tips.

### Research

Shoppers should begin their research at home before they even enter a store. Make a list of features you want in the appliance, which helps narrow down the playing field and better focus your purchasing decisions.

Once you have a list handy, speak with friends or family members about their experiences with brands and/or retailers. Ask about which features they like the most and how often they have had to call for repairs. If

they could do things differently, what would those things be?

### Know your space

Perhaps you are familiar with the adage to measure twice and cut once. The same can be said for measuring prior to purchasing an appliance. Be sure you know the exact measurements of the space that will house the new appliance. Take into consideration the clearance needed to open doors, such as with a refrigerator or front-loading washing machine. It can be a waste of time and money to have an appliance delivered only to find it doesn't fit at the time of installation.

### Energy savings

Consider appliances that reduce energy usage. Energy Star® appliances are produced in adherence to international standards for energy efficiency.

The program was started more than 20 years ago by the EPA and the Department of Energy. Since then, other countries have adopted the program. Appliances that feature the Energy Star® logo use 20 to 30 percent less energy than required by typical federal standards. Homeowners who purchase qualifying appliances may be eligible for tax breaks and other incentives.

### Consider your lifestyle

It is easy to be overwhelmed and awestruck by the number of appliances available. You may desire the biggest and best there is, but if you are not a superstar in the kitchen, you may not need the commercial stove. A bachelor may not require an oversized washing machine.

Do your research and comparison shop so you won't have any regrets later on.

## FINISHED BASEMENTS SAVE ENERGY AND DELIVER MORE LIVING SPACE

By finishing your basement, you can gain more living space while reducing the amount of energy loss from downstairs. Basements that are not fully finished typically do not have insulated walls or covered flooring. This can result in heat loss and cause your furnace to work overtime.

A remodeled basement offers more than additional storage space. It can provide a lot of extra room for a growing family, such as space for a gym, home theatre, office, guest suite, or a playroom for the kids.

To ensure a comfortable and inviting basement, there are a few project components to consider:

- Insulation will make sure your space warm and comfortable. For the best results, install a stone wool insulation product, a measure that can be done easily with the ROXUL ComfortBoard IS. This product is mechanically fastened or adhered to the concrete foundation wall, offering you a higher R-value and better acoustics.

- Drywall will help define the space and make it feel like a part of your home. If you haven't tackled drywall before, consider hiring a pro to ensure your walls are seamless.

- Flooring should be water sealed and covered with an insulated material. There are many products on the market,

but consider laying padding before carpet or in-floor heating before tiles.

- Personalize it with finishing touches. Select furni-

ture that can fit down a typically steep staircase and choose items that complement the rest of your home's décor.

# KEY MESSAGES FROM GYPSD BOARD MEETING

Submitted by Nikki Gilks

## Capital Projects Update

Facility Services updated the Board on three current capital projects in the division: the modernization project for Grande Cache Community High School (GCCHS), the replacement school in Edson, and the renovation project at Grand Trunk High School in Evansburg.

### Grande Cache:

Phase 3 was completed over the summer. Phase 2 and Phase 4 (library and classrooms) will be completed and handed over on August 26th, 2016. Classrooms 119 and 120 will be completed by September 2nd, 2016. The library is scheduled to move at the end of August. Phase 5 (gymnasium and administrative areas) footings and foundation work and masonry work has started. The majority of the site work including curbs, walks and paving will be completed by September 1st, 2016.

### Edson:

The Edson Replacement School Project will be an Alberta Infrastructure managed project under the Design – Bid – Build approach. Tenders closed on July 5th, 2016 with the contract awarded to the lowest tender submitted by United Construction Company in the amount of \$12,117,369. A construction trailer and temporary fencing are being placed onsite during the week of August 22nd, 2016.

### Evansburg:

The construction of the new student gathering area and new staff lounge started at the beginning of July 2016 and is nearing completion. Demolition was completed the 3rd week of July. The project is scheduled for completion in late August.

### Other News in Brief

The Annual Communications Plan was approved by the Board which highlights the division's communications strategies for the 2016-17 school year.

Trustees ratified the Division Bus Driver Agreement for a three year period beginning retroactively from July 1st, 2015 and ending on July 31st, 2018.

The 2016-17 Schedule of Superintendent and Monitoring Reports was provided to trustees which sets out a guide on providing information to the Board on the division's various initiatives and results throughout the year.

As per Policy 19 - Staff Rec-

ognition, the Board was very pleased to learn that a total of 77 staff will be receiving continuous long service awards this year at the annual welcome back events celebrated throughout the division in the communities of Wildwood, Edson, Hinton, Grande Cache and Jasper. Service awards are being recognized from 5 years up to 40 years at this year's events. Congratulations to all recipients!

# EXTREME WEATHER DAMAGES YELLOWHEAD COUNTY ROADS & CULVERTS

Submitted by Stefan Felsing

Both a culvert on Township Road 545 and a significant amount of a road nearby on Range Road 71, both north of Evansburg, took significant damage caused by the extreme weather last week.

A temporary bridge has been placed over the culvert wash out. The road was closed to foot

access only, with resident having to leave their vehicles to cross.

Approximately 5-7 meter of fill will be needed to replace and upsize the culvert.

Yellowhead County is currently evaluating the damage and is looking at options for funding from the Alberta Emergency Management Agency (AEMA) to help alleviate repair costs for damage caused by the extreme rain conditions.

# GYPSED SEPTEMBER SCHOOL NEWS

Submitted by Nikki Gilks

Grand Trunk High School, Evansburg

Grand Trunk High School is looking forward to welcoming new and returning students for another exciting year of engaging students in a variety of learning activities during the 2016-2017 school year. This next school year will see some changes in the appearance of Grand Trunk High School. These changes include opening up the current staffroom and it will now become the student gathering area. The old stu-

dent lounge will now become the staff workroom and the current work area and rooms will be opened up to make the new staff lounge. At the same time, a separate entrance will be made for the public library and one of the offices in the gym will be converted into a gender neutral washroom with access from outside of the gym.

Our High School Redesign Project will continue in the 2016-2017 school year with our continued focus on mentorship and advisory groups. These areas will hopefully help improve student

success and a regular meeting schedule will be established for these groups.

The school will continue to expand on its Career and Technology Foundations options for the junior high and everyone is excited about the number of choices and opportunities that our Junior High students will be able to receive.

The experiences and friendships that students will have by being a part of any number of different opportunities that are offered at Grand Trunk High School can be cherished forever.

The student's union, music program and extra-curricular activities such as the sports program, Bee-Aware, It's Cool, and the PARTY Program are just a few of the chances for students to be involved in next year at the school.

Evansview School, Evansburg

Welcome to the 2016-17 school year. At Evansview we do all in our power to help our students develop a love of reading. A few of the things we do to promote and encourage reading in our students are volunteer readers from the community, our read across Canada program and regular library time.

For the last seven years we have invited parents and community members to come to our school to read with students who the teachers felt would benefit from having some one on one reading time. The program has been quite successful. The students involved have shown improvement in their reading skills. We will be once again having community volunteers coming in to the school to read with students to help further improve their reading skills and in the process hopefully begin to develop a love of reading.

This month is also the kick off for our Read Across Canada Program. This program encourages our students and parents to read at home during evenings and weekends. The students with their parents help keep track of what books they read and the date. The students are rewarded for every province they cross. These are just a few examples of some of the things that we use at Evansview to help develop our students literacy skills.

EVW Events for September  
• September 6 - First Day of Classes

• September 23 - No School for Students

Niton Central School, Niton Junction

It's time to get ready for the start of the 2016-2017 school year. Our small school is looking forward to some exciting big events. With Literacy Day quickly approaching, we are eagerly anticipating a great year of literacy.

## BETTER QUALITY OF LIFE

*and a money saver, too!*

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

### QUALITY SALES & SERVICE OF:

- DISTILLERS

Continued on Page 21

# GYPSD September School News

Continued From Page 20

Last year Karyn Petty successfully applied for a literacy grant that would have Trickster Theater, a group out of Edmonton, come out to our school to create a school wide original performance. They will be joining us early on in the year, so that we are ready for our big debut at the Christmas concert. Our Theme for the presentation, Gifts from Around the World, will also tie into our UNESCO work for the year. After transforming our computer room into the ideal space last year, we were very happy to receive a small grant for a variety of new technology. We look forward to learning, using, and teaching our students to use all of the new equipment.

We also have many fresh faces around the school. This year we have 3 wonderful new people on our team. First we were lucky to have Jenna Otway transfer over from Fulham. She will be teaching our grade 5 class. As well, we have Thomas Meier, who taught at Evergreen last year. We were fortunate enough to bring him on board to teach our grade 6 class. Last but not least, Spencer Hayes, a new teacher out of Edmonton, has joined our team to teach junior high science, physical education and a variety of other things. He has already proven to be very ambitious, so we know our kids will benefit from having him as a teacher, coach, mentor. In addition to all the new teachers at our school, there has also been a lot of shuffling within the school. Maryann Varty has moved from VP into the principal position, Amanda Nixon has taken on the role of VP, and Bailey King has switched from teaching grade 2 into the grade 4 position. Everyone is very excited to embark on this new journey.

What's happening!

This September we will hit the ground running...literally! Our grade 2/3 class will be leading the school and community members in our annual Terry Fox Run mid-month. Then on October 30th, we will be having 'Orange T-Shirt Day' to commemorate, honour and bring awareness to the experiences of residential

students.

Wildwood School, Wildwood The new school year is upon us! And Wildwood School is actively engaged and focused on developing learner-centered opportunities to support students in developing the competencies required to be Engaged Thinkers and Ethical Citizens with an Entrepreneurial Spirit. This year we are focused on transforming our challenges into opportunities for growth of students, staff and school.

Opportunity One: Create a School Council to consult with

the Principal about matters related to the school and about the opportunities students have to meet the educational standards. A meeting to form next year's School Council was held on June 15th. We will schedule another opportunity to create a School Council in the fall to increase the number of attending parents for the current school year.

Opportunity Two: Create a School Technology Plan to maximize new technology resources on behalf of student learning. Now, with ever increasing 'Web based' applications, schools can

equip students with streaming devices that allow dedicated, continuous student use.

Opportunity Three – Maintain the Wildwood Advantage. Wildwood School students meet and exceed Provincial standards. We are proud of our students' success. Wildwood School's educational practices are carefully considered and reviewed on an ongoing basis and considering challenges to be opportunities is just another part of The Wildwood Advantage: Small School, BIG Ideas!

# SUICIDE PREVENTION DAY

**Submitted by Alberta Health Services**

September 10 marks World Suicide Prevention Day, an internationally recognized event designed to raise awareness and dispel some of the myths related to suicide.

Suicide affects people of all ages and genders. Each year more Albertans die by suicide than motor vehicle collisions. As a result, many Albertans have been impacted by losing someone to suicide.

Suicide is a preventable tragedy that starts with learning how to recognize the signs that someone may

be suicidal. Although not all people show warning signs, most suicidal people show signs of their distress. Being aware of these signs can help someone identify and talk to a person at risk.

There are many different warning signs and being aware of them is an important step in helping to prevent suicide. Talking to someone who may be suicidal does not put the idea in their head. In fact, being able to openly discuss suicide lets the person know you care and can make a difference.

Some of the suicide warning signs include:

- Talking about suicide or a plan
- Making statements about hopelessness, helplessness or worthlessness
- Showing a loss of interest in pleasurable activities
- Personality changes
- Becoming cheerful after a period of depression, which may mean the individual has already made the decision to escape their problems through suicide.

Suicidal people are in pain and want their pain to end, but do not necessarily want to die. Talking about suicide provides a clearer picture of how the person feels so they

can get the help they need.

If you or someone you know needs help, please call: Health Link at 811, or one of the following help lines:

- Addiction Help Line: 1-866-332-2322
- Child Abuse Hotline: 1-800-387-5437
- Family Violence: 310-1818
- Kids Help Phone: 1-800-668-6868
- Mental Health Help Line: 1-877-303-2642
- Suicide Prevention: 1-800-784-2433

# TRAMPOLINES: BOUNCE, BOUNCE, OUCH!

**Submitted by Alberta Health Services**

As the summer winds down, sales on backyard toys may have you considering a trampoline for your home.

Though you may think of trampolines as a means of getting your kids outdoors and exercising, they aren't without potentially significant risks.

In 2015, Albertan children visited emergency departments (EDs) more

than 1,620 times for injuries they got using trampolines. On average, that's more than four kids, every day, who ended up in Alberta's EDs, due to trampoline use.

And unfortunately, we're not just talking a wee scratch or two:

- Almost 20 per cent of these kids had dislocated ankles or feet, 18 per cent had fractures in their legs, 21 per cent had fractures in their shoulders, elbow or arms, and 140 sus-

tained injuries to the head or neck.

In fact, from April to September 2015 alone, every second day, an Albertan child was injured so severely on a trampoline as to require admission to a hospital. That's a lot of ouch for the bounce.

If you're thinking that safety nets, most often sold with trampolines to prevent people from falling off, will reduce this risk, consider this: fewer than 30 per cent of trampoline

injuries are caused by falling off the tramp. Simply, the risk of the trampoline is the use of the trampoline at all.

Alberta Health Services wants you and your kids to stay safe. Keep the trampolines out of your backyard, and keep your family out of the hospital. For more information on injury prevention at play and at home, visit [www.ahs.ca/injuryprevention.asp](http://www.ahs.ca/injuryprevention.asp)

## Obituaries

**BRUCE, John Melvin**  
Mr. John Melvin Bruce of Stony Plain, Alberta passed away on August 28, 2016 at the age of 94 years.

John will forever be loved and remembered by his wife of 65 years, Bunny; his sons: Reg (Sheila), Allen (Jo-Ann), Dale (Linda) and Ward (Lil); his daughter Tracey (Jim); 12 grandchildren and numerous great-grandchildren. He is also survived by his brothers: Harold, Donnie and Alvin (Kathy) as well as numerous nieces, nephews and friends. John was predeceased by his sister Jean and also by his brothers Paul and Larry.

A Funeral Service will be held at 1:00 p.m. on Thursday, September 8, 2016 at the Entwistle Community Church 5237 - 50 Street, Entwistle, Alberta. Interment to follow at Darwell Cemetery as well as a luncheon at the Darwell Hall. If friends desire, Memorial Donations may be made in John's memory to either the Entwistle Community Church, 5237-50 Street, Entwistle, AB. T0E 0S0 or to the Parkland Bible Church, 4704-79 Avenue, Stony Plain, AB. T7Z 3A1.

Floral or written Tributes may be made to [www.parklandfuneralservices.com](http://www.parklandfuneralservices.com)

Parkland Funeral Services, Stony Plain, 780.963.2520.

### Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

#### A perfect day starts with perfect skin.

Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

### BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

3			4			1	5	8
				7		6	3	
4					5			2
			7	4	8			
						8		
1		8	5	2	9		4	
	9	4		8				
	6	5		1	4			9
			9		2		6	7

**ANSWER:**

3	2	7	4	9	6	1	5	8
5	8	9	2	7	1	6	3	4
4	1	6	8	3	5	7	9	2
6	5	3	7	4	8	9	2	1
9	4	2	1	6	3	8	7	5
1	7	8	5	2	9	3	4	6
2	9	4	6	8	7	5	1	3
7	6	5	3	1	4	2	8	9
8	3	1	9	5	2	4	6	7

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
