AMAZING CLASS OF KIDS!!

Submitted by Lisl Gunderman, Teacher

An amazing group of Grade 4-5 kids from Wildwood raised over \$100 for Stollery Children's Hospital. All on their own volition the children created artwork and gave it

away to supportive parents and students in return for donations. Their teacher arranged for the students to make a special stop at the hospital on the year end class trip to the city. The students are pictured here with Braden Mole who by 2014 reached his own goal of raising a million

dollars for the Stollery. The students were able to meet the inspirational Braden Mole who underwent many surgeries as a youth. His important message to the kids was "Never take no for an answer when you are trying to reach your dreams."

RCMP ATTENDED SCENE OF SCHOOL BUS COLLISION

Submitted by Stony Plain RCMP

On September 16, 2016 at 8:21

a.m., RCMP responded to a report of a collision between a Parkland County school bus and a car. The collision occurred at the intersection

of Township Road 514 and Range Road 261.

IS IT CURSED OR CURSIVE WRITING?

Submitted by **Shayna Powell/ Museum Manger**

Whether you consider it cursive writing or cursed writing Canadians appear to have very strong views as to whether handwriting should be taught in schools. The decline of teaching the art of penmanship really started to begin as early as the 1930's. Teaching keyboarding and computer skills began to take precedence over penmanship, so much so, that now today many people have difficulty in deciphering and penning their own name! Students are now allowed to use computers and often handprint their assignments. Signatures are still required in legal documents throughout the western world, yet fewer and fewer people are learning how to master the art of handwriting. In the nineteenth and twentieth century only uneducated people would sign a document with an "x", yet we now have college graduates that are unable to pen their own signature. That leaves us all to beg the question, "Is the ability

to handwrite an important skill to master?"

Why did we teach handwriting in schools? We began to use looped joined handwriting when the quill was developed. The ink would not dry quickly, so it was imperative that the writer learn how to write in the most efficient manner possible. This required joining all letters in a word together. The efficiency was perfected and many famous documents were written in this manner. Penmanship was usually first taught between seven and nine years of age. Eventually, some educators thought that handwriting skills no longer needed to be formally taught and students were then encouraged to print or use a keyboard for assignments. Computers were the wave of the future and the pen was a tool from the past. This caused a protest amongst some parents and fellow educators. Regardless, the majority of schools quit teaching handwriting and quit caring about proper penmanship.

Many people still believe that it is important for our youth to learn

how to decipher and master the art of handwriting. They believe that no one should be limited in their ability to decipher historical documents, stories and archives. They think that all students should have an alternative means to communication besides powered devices. They also believe that learning to handwrite improves hand-eye coordination. In fact, evidence has demonstrated that not only does it improve hand-eye coordination but it also improves decoding skills for reading and greatly improves the memory when cursive handwriting is practiced.

Not surprisingly, we at the Tipple Park Museum strongly support maintaining the art of penmanship. Every Wednesday we will be offering cursive writing classes to all students ages six through sixteen starting at 3:30- 4:30 p.m. We will do some handwriting, read some handwriting, do some calligraphy, eat some snacks and have a whole lot of fun. These classes are free! Please call 727-2240 if you are interested.

JOKE OF THE WEEK

Roger, who was 19 years old, was buying an expensive bracelet, to surprise his girlfriend on Valentine's Day, at a very smart jeweller's shop in Hatton Garden, London. The jeweller inquired, 'Would you like your girlfriend's name engraved on it?' Roger thought for a moment, grinned, then answered, 'No, instead engrave "To my one and only love".' The jeweller smiled and said, 'Yes, sir; how very romantic of you.' Roger retorted with a glint in his eye, 'Not exactly romantic, but very practical. This way, if we break up, I can use it again.'

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Felsing

9 Mile Hill Re-Grading Tender – Council awarded the contract for grade lowering of Nine-Mile Hill on the Wolf Lake Road to Morgan Construction & Environmental Ltd. at a total tender price of \$2,760,037.70. This will allow the project to proceed in 2016.

Edson Airport Capital Purchase – Yellowhead County will contribute \$252,081.00 for the purchase of a combination plow/sweeper/blower for maintenance at the Edson Airport. This equipment allows the airport to get through the next winter season with reliable equipment and prevent any potential operational issues at the airport. The total cost is \$504,162.00 and is cost-shared between the County and the Town of Edson.

Marlboro Lagoon – Yellow-

head County will proceed with the detailed design and tender preparation of a new lagoon for Marlboro. The estimated cost of the lagoon construction is \$2,163,000 (\$1,622,250 Province and \$540,750 Yellowhead County). Detailed design and tender preparation will be completed in 2016 and construction to start in 2017.

Bylaw 07.16 – Council passed Bylaw 7.16 that closes a portion of road adjacent to Highway 16 near Jasper Park gates and consolidate it with the adjacent properties. The landowner will be responsible to pay \$6,500.00 (the assessed value of land) and any surveying costs. No concerns from were brought forward during the Public Hearing for this bylaw.

Bylaw 15.16 Road Closure – Council passed Bylaw 15.16 that closed a portion of a road plan west of Edson so it can be

consolidated with an adjoining property. The landowner will be required to pay the assessed value of the land (approximately \$1,068.14). No concerns from were brought forward during the Public Hearing for this bylaw.

Peers ASP Steering Committee – Three County residents were chosen from the submitted applications to sit on the Peers Area Structure Plan Steering Committee. The role of the Steering Committee is to help facilitate discussions with the public and to make recommendations regarding the Statutory Plan which will help guide and inform any future growth and development in the Peers area.

The next Council Meetings is September 27, 2016. The next Committee of the Whole Council Meeting is September 19, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

RIDING UPDATE: SEPTEMBER 1-16, 2016

Submitted by Jim Eglinski, MP – Yellowhead

As many of you may know, the House of Commons reconvenes on September 19th. I have been busy preparing my summer notes from meetings I had with constituents, as well as attending Alberta Caucus and National Caucus meetings.

I started out the month recording radio messages for a 'Don't Drink and Drive' campaign over the Labour Day long weekend, as well as a 'Back to School

Safety' message to remind drivers to slow down in school zones.

I enjoyed the long weekend at home with my family before leaving the following week to meet with other Conservative Members of Parliament from Alberta to discuss issues specific to our region. I later attended the Conservative National Caucus Meeting to discuss national matters and how we will continue to hold the Liberal Government

accountable.

The week of September 19, I will be travelling with the Standing Committee on Environment and Sustainable Development (ENVI) as it visits our riding. I look forward to touring Yellowhead with the committee and educating its members on the industries and environmental concerns in the region.

So far, my office has received over one thousand responses to the poll in my householder sent

out this summer on electoral reform. Thank you to those that have responded. If you have not yet responded, I encourage you to participate in the poll and mail it, postage free, to my Ottawa office. I will be compiling these results in order to best represent my constituents' views on this issue.

When I return to Ottawa, I will begin updating you on a weekly basis.

RCMP Attended Scene Of School Bus Collision

Continued From Page 1

RCMP were on scene with emergency response units, as well as representatives from the school.

Preliminary information is that there were approximately 34 students from Parkland Immanuel Christian School on the bus. Some students have been transported to an Edmonton hospital with minor injuries. Two adults were involved in the collision and one adult has been transported to an Edmonton hospital with serious injuries.

Parents of the students involved have been contacted and the school is providing support.

Motorists were requested to avoid this area as the RCMP Collision Analyst is conducting an investigation. This is a dynamic situation and more information will be provided when available.

PROPOSAL CALL FOR SNOW REMOVAL

Grande Yellowhead Public School Division No. 77 invites all interested contractors to submit a proposal for the removal of snow, grading and the sanding of all Division owned parking lots at the following locations:

Grand Trunk High School, & Evansview School in Evansburg, Wildwood School, and Niton Central School.

The successful contractor must demonstrate that all of the areas bid on will be cleaned and sanded within a 12 hour period after any significant snowfall.

The proposal call should therefore include the type and number of pieces of equipment available to clean, grade, sand and remove the snow from all parking lots and the hourly rates charged including travel time. Include WCB clearance letter and proof of liability insurance in proposal.

When submitting a proposal bear in mind the distance between the sites and restrictions on a single operator for a number of sites.

Preference will be given to those contractors that submit their company safety program including safe work practices and up to date equipment maintenance records.

Scaled quotes will be received by Grande Yellowhead Public School Division No. 77 attention:

Director of Facilities

fidential group for GRANDPARENTS PARENTING!

Beginning in October this group will meet on the First Thursday

of the month at 6:30 PM at Grand Trunk High School. Grandparents meet in the Lobstick Literacy & Learning room. Child care will be

provided at the Evansburg Public Library

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

Yellowhead County Caregivers' Fall Series

Continued From Page 1

You can choose to attend one, some or all of the 8 sessions offered on Thursday afternoons. The material being presented is provided by the Alberta Caregiver Association.

Handouts will be available to take with you for each session. The sessions will be co-facilitated by Tannis Arsenault from BBC the Brain Care Centre in Edson and Karen Schatz, the Community Outreach Coordinator from Yellowhead County.

The cost is \$20.00 per session.

Wildwood County Office on Thursdays from 1:00 PM – 3:00 PM. Choose to attend one, some or all of the 8 sessions:

- Caregiver Characteristics - September 29
- The Emotional Journey - October 6
- The Balancing Act - October 13
- Improving Communication - October 20
- Putting Yourself First - October 27
- Managing Stress - November 3
- Navigating the System - November 10

To Register or for more information call Yellowhead County at 780-325-3782 or 1-800-814-3935. Please pre-register one week before the session date.

In partnership with the Alberta Caregiver Association.

MLA TREVOR HORNE ON THE MINIMUM WAGE INCREASE

Submitted by Trevor Horne, Constituency: Spruce Grove-St. Albert

Prior to being elected as MLA for the wonderful constituency of Spruce Grove-St. Albert, I spent many years working in the service industry—making minimum wage. The wage I was paid barely kept up with the costs of school, let alone living expenses, even if I worked full time. I know the struggles many families in my community are facing as they try to make ends meet on less than \$15 per hour.

Across the province, 300,000 Albertans work for minimum wage. I hear the argument that many of these people are teenagers who are trying to earn money to buy video games and new clothes. However, the truth is that 56 per cent of Albertans earning less than \$15 per hour are over the age of 25. These are people who are trying pay for food, transportation, rent and child care. Even if we go back to the original argument that low-wage workers are teens and college students, so what? Just because they're young doesn't mean they don't have financial obligations. And it certainly doesn't mean they don't deserve a decent wage.

Another argument I hear about raising the minimum wage is that it's irresponsible to do it during this economic downturn. However, no one has ever been able to explain to me how keeping nearly 10 per cent of Alberta's population at below poverty wages is responsible.

Our government consulted with business owners in order to roll out the minimum wage increase in a balanced way. The phased-in approach of a series of increases gives employers maximum certainty and

predictability. Certainty and predictability are also the reasons why our government passed all three annual increases at once, rather than make a decision year to year. Now business owners know exactly what the increase will be and when it will take effect. Businesses do benefit from a minimum wage increase. More money in workers' pockets, means more money for them to spend locally; after all, one business' employee is another's customer. Additional benefits include increased employ-

ee productivity and job satisfaction, as well as decreased turnover and training costs. Employers spend tens of thousands of dollars each year to replace workers who leave.

I know Albertans are hardworking people. And everyone in this province who works full time shouldn't have to visit a food bank or choose between a roof over their head or electricity. Moving Albertans closer to living wage will give them economic security and allow them to live with dignity.

ENTWISTLE SCHOOL NEWS

Submitted by Les Worthington, Principal - Entwistle School

Another school year has arrived and students and staff are excited to be back at school. This year holds many amazing opportunities for students and I hope you all get a chance to review our new handbook. It contains lots of great information, some of which you can find out more about in this newsletter and online. I'd like to take this opportunity to introduce you to many of the people who will be working with your children this year:

Les Worthington – Principal – I enter my seventh year at Entwistle School, and sixth as Principal. This is my thirteenth year of teaching and I will be teaching Physical Education this year. A couple of highlights from my summer included spending time with family and my wife and I taking our children to visit Head-Smashed-In Buffalo Jump. I also spent a great deal of time training in preparation for the Canadian Brazilian Jiu Jitsu Rocky Mountain Classic that will take place in Spruce

Grove on October 1st.

Ron Walker – Teacher – I was born and raised in Thunder Bay, Ontario. I moved to Alberta to complete my Bachelor of Physical Education Degree at the University of Calgary at 19. I worked as a child care counsellor in secure treatment for 6 years before completing my Bachelor of Education Degree at the University of Calgary. I have been teaching for 22 years at the Junior and Senior High level in a variety of subject areas. I enjoy a variety of sports and anything outdoors including hunting, fly fishing, camping, hiking, etc. but I value the time spent with my wife and family most of all.

Judy McDonald – Educational Assistant – Hi! My name is Judy McDonald. I am the mother of two wonderful children who have blessed me with 4 beautiful grandchildren. I had a great summer traveling to the Yukon and Alaska in our truck and camper. We saw lots of animals and some very beautiful scenery. I am very happy to be back this year to work with the amazing students of Entwistle School.

June Anne St. Goddard – Teach-

er – I spent most of the summer with family and relishing my time with our three grandchildren. I look forward to my eighth year at Entwistle School collaborating with colleagues and reconnecting with families and students and welcoming those who are new to the school community.

Karen Gibb – Librarian – My name is Karen Gibb and I have had the privilege of being your school Librarian for many years now. It is an awesome job because I get to work with super students every day. I had a great summer camping, took a driving trip out to Vancouver and enjoyed family gatherings with my six grandchildren and of course their parents too!! I am looking forward to an exciting year ahead for all of us!

Liticia Webster – Teacher – I am excited to be the grade 8/9 home-room teacher and will be teaching Science (5/6 and 8/9), Math (6-9), Physical Education (5/6)). This will be my sixth year teaching at Entwistle School. When I am not at school I enjoy playing sports and reading books. This is going to be an

enjoyable year for all my students but also productive, challenging and an encouraging year.

Cecilia Bentancor – Secretary – Hi Everyone!! I'm Mrs. Bentancor, the secretary of this amazing school. I was born, and grew up, in Uruguay (South America). After completing high school, I attended Law School and earned a Paralegal Degree. I've been living in Canada with my 13 year old daughter for 5 years, and we love it! I speak English...with a little accent, Spanish and a bit of Portuguese. I love to dance and travel. I practice Zumba and I try to walk at least twice a week. Also, I love to read before going to bed. This is going to be an awesome school year!!

Stacey Nash – Educational Assistant – Welcome back, I hope you all had a great summer. I look forward to hearing about all your vacation adventures. Traveling is a huge passion of mine and we are in the process of planning a Christmas vacation for our family.

Entwistle School News

Continued From Page 8

We have huge life changes in the process. Our daughter Skylar is spreading her wings and moving to Red Deer. Our son Dylan is working for Jensen Diesel so we are fortunate to still have him in the area. While not busy with the rodeo circuit we enjoy hiking and hanging with friends and family.

Doug Kucher – Teacher – Welcome back! This is my second year here at Entwistle. I have taught my entire career with Parkland School Division, having taught several grades from 2-6. I love to read, travel, and going to concerts. I also enjoy playing videogames. This summer I spent some time doing work around my house (I'm not that handy though). I am excited to be back and can't wait to see you. Make sure you say hello!

Amanda Chornopyski – Teacher – I have been teaching for approximately 10 years and have taught a variety of grades, including: Early Education, Kindergarten, and Grade 2. This will be my first full year teaching Grade 1 at Entwistle

School. I lived, and grew up, in Winnipeg Manitoba, but have also lived in many other provinces including Ontario, British Columbia and now Alberta! I have a dog named Breeze, which I rescued from a shelter, and I love to go hiking and on long walks around the city! When I'm not teaching I love to garden, bake and have started a new hobby: decorating cakes. I wish everyone a wonderful school year and am looking forward to meeting all of the new students and families.

Shannon Kolotyluk – Teacher – I'm excited to contribute to the positive community at Entwistle School, bringing my passion for literacy, technology and performance arts. I have extensive experience as a music educator and continue to promote young artists through Rock Camp Alberta. My husband Matt and I are enjoying raising our three young boys near Entwistle.

Kerri Williams – Teacher – I am extremely excited to start my tenth year at Entwistle School as the grade 5/6 homeroom teacher. I'm also looking forward to spending time with other classes while teach-

ing Art for grades 5 to 9 and French for grades 4 to 9. I grew up in Parkland County and currently live in Spruce Grove with my super spoiled kitten Dinty. When not at school, I enjoy traveling, spending time with friends, and being the proud Auntie of seven amazing nieces and nephews. I wish everyone a fantastic school year and looks forward to meeting all of the new students and families.

More bios next month!

Here are some great things to look forward to this month:

- September 20th is Crazy Hair Day.

- September 22nd we host our annual Cross Country Run which will be followed by our Meet the Staff BBQ presented by Entwistle School Council.

- September 27th – 30th students in Grades 2-9 have the opportunity to attend Tim Horton's Camp.

- October 4th is the monthly assembly at 2:25 in the gymnasium.

If you should ever have any questions, comments, celebrations or concerns please feel free to email (lworthington@psd70.ab.ca) or call

me (780-727-3811) at any time.

Les Worthington, Principal Entwistle School "Our students get our best"

Parkland School Division "Where the world opens up"

Entwistle PRIDE

All Entwistle School students are members of the Entwistle Eagles. Entwistle Eagles display the virtues of PRIDE in their endeavors and are ambassadors for Entwistle School and Parkland School Division as they pursue their goals. Our virtue for the month of September is Purposefulness.

P - Purposefulness: Being purposeful is having a clear focus. Begin with a vision of what you want to accomplish, and concentrate on your goals. Do one thing at a time, without scattering your energies. Some people let things happen. When you are purposeful, you make things happen.

Members of the Entwistle School community value these virtues as positive contributing factors to inclusion, citizenship, social responsibility, and wellness. The Eagle is the symbol for PRIDE.

DARWELL PUBLIC LIBRARY NEWS

**Submitted by Sandra Stan-
paniuk, Library Manager**

We are currently working on our fall program schedule and as the details are finalized we will let you know what is happening so watch for our articles and posters in the community. We currently have a signup sheet in the library for a 4 month beginner Tai Chi class that would run 2 times a week. We need 10 people to register to see the program go forward so if you are interested please stop by and add your name to the list along with your

preference for daytime or evening sessions.

Are you aware that the library has passive programming available during regular hours? Passive programming is programs that are self-directed by patrons and available anytime at the library. We have a few things available in the library for families and individuals to do when they come to visit. The colouring club, family games and makerspaces are examples of passive programming. The great thing about passive programming is that it always fits into your

schedule, no specific dates and times to remember, just come down when you want to. We encourage you to ask about our passive programming and provide ideas for what you would like to see in the library. We look forward to hearing you.

As the weather holds through September the used book shed (green shed behind the library) will be open on the following dates: Wednesday, September 21 from 5-8 and Monday September 26 between 1 and 4pm. We encourage you to drop by and peruse the titles, take what

you want and leave a donation of your choosing. All money received will go directly towards the completion of the library expansion.

Family Movie Night, at the Lake Isle Community Hall, will be held on Friday, September 23, 2016. We will be showing the pre-release "G" rated title "Finding Dory". The doors will open at 6:30pm and the movie starts at 7:00 pm. Admission is \$ 2.00 and a concession will be available. See you there! All of our programs are sponsored

by The Darwell Public Library Society, Darwell Library Friend Society, FCSS and the CLSA Library Grant.

The Book Club will be meeting on Monday, October 3, 2016 at 7:00p.m. to review "Crazy Rich Asians" by Kevin Kwan. Do you love to read? Do you like to discuss what you have read with others? We are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and make arrangements for loan of the current title by calling the library @ 780-892-3746.

The Darwell Public Library Society will be holding their next regular meeting on Monday, September 26, 2016 starting at 7 pm. All meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our Website www.darwellpubliclibrary.ab.ca or like us on Facebook at www.facebook.com/DarwellPublicLibrary

GOLFER'S GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just

how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start

learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic

swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

GOLFER'S GUIDE

TIPS FOR NEWCOMERS TO THE GAME OF GOLF

Few hobbies can be as enjoyable one moment and as frustrating the next as golf. Golfers know a great putt can be quickly followed by a bad tee shot, and maintaining their composure through the highs and lows of the game is a key to success on the links.

Maintaining that composure isn't always easy, even for the professionals. It's even more difficult for beginners, who quickly learn the game of golf involves more than just spending sunny week-end afternoons on pristine golf courses. In fact, golf can be quite demanding, and beginners would be wise to heed a few tips before hitting the course.

* Don't commit to an expensive set of clubs right off the bat. Golf clubs can be very expensive, so

beginners should buy an affordable secondhand set of clubs so they can get the hang of what they like before spending a lot of money. Visit a pro shop and explain that you are just a beginner. The shop will likely make some valuable suggestions and might even let you try out a pair of clubs. In addition, many driving ranges allow customers to rent clubs, and this can be a great and inexpensive way to find the right clubs for you.

* Take lessons. Even the very best at self-teaching might find it extremely difficult to become a self-taught golfer. When first trying your hand at golf, take some lessons and don't expect to be playing 18 holes any time soon. Before hitting the course, where you might be discouraged and

you might frustrate those golfing behind you, learn the fundamentals by taking a few lessons at the driving range. Learn from a professional, who won't offer you any hidden secrets to golfing glory (there aren't any) but will offer sound advice on the game's fundamentals.

* Take the game home with you. Beginners can even take advantage of golf's vast popularity by taking the game home with them. This doesn't mean building a putting green in your backyard. Rather, purchase some instructional DVDs to learn the game during your down time throughout the week. Many golfers don't have time to hit the links during the week, but they do have time to watch some DVDs when they get

home from work. Such instructional DVDs can help you master your grip and stance, which you can then take with you to the course over the weekend.

* Have fun. Golf is a fun game; it just takes time to hone your skills. But even if you aren't ready for the professional tour after your first few rounds, you can still have fun. Don't let some beginner's frustration, which every golfer experiences, ruin the fun of the game. Take note of your surroundings when you hit the links, and appreciate the time you're spending with your group. If the game becomes more a source of frustration than fun, then take a break and put in some more work away from the course, be it at the driving range or studying at home.

INCREASE TO THE FEEDER ASSOCIATION LOAN GUARANTEE PROGRAM

Submitted by Oneil Carlier, Minister of Agriculture and Forestry

The cattle industry is a key driver in Alberta's rural economy, and feeder associations are vital to the success of the industry. That's why we need to keep this sector strong.

Alberta beef is known worldwide for its quality. Cattle feeders add significant value to the way we produce quality food. Success in this sector relies on a large number and range of feedlots, many of which are long-standing, family-owned operations.

For many years the invaluable work of the Feeder Association of Alberta has kept our feedlots healthy. Through the Feeder Association Loan Guarantee Program (FALGP), the association supports producer-run co-operatives in obtaining competitive financing for members to buy, feed and sell livestock – both cattle and sheep – for profit.

The sector is thriving and de-

mand is exceeding the overall provincial loan guarantee cap of \$55 million.

That's why our government is making a move to support our province's cattle feeders, and it is why we announced on Sept. 14 an increase to the overall provincial loan guarantee to \$100 million from \$55 million.

What this does is give the program more flexibility in meeting the demand for capital. This rise in the government loan guarantee will help cattle feeders get the capital they need to be successful, especially in a time with increasing demand and high prices for cattle.

This move will benefit our new and young farmers, our family farms and small feedlot operators – all hardworking Albertans who deserve support from our government. Their work not only advances their own livelihood but also fortifies agriculture in our province.

Economic diversification is our government's priority and the agri-

cultural sector plays a pivotal role. We want to ensure that our rural and resource communities have the tools they need to contribute to Alberta's prosperity.

This loan guarantee program has been highly successful for more than 75 years. We have worked closely with the industry to eval-

uate the program and make this change for the benefit of both cattle feeders and our agriculture industry.

As we get into the busy fall season, I trust this loan guarantee program enhancement will immensely help many of our feeders.

Agriculture and Forestry Minister Oneil Carlier with Eric Boot, Feeder Associations of Alberta Provincial Board Chair and Kerry Fahlman, Chairman of South Eastern Livestock Feeder Ltd. Discussing the increase to the Feeder Association Loan Guarantee program on a farm near Medicine Hat.

Now Recruiting!

Parkland County Fire Services has openings for part-time paid-on-call firefighters at several stations. They will be recruiting throughout September with plans to hire in October.

ARE FORMAL SPACES DISAPPEARING?

Formal dining and living spaces could once be found in every home. But such rooms are becoming more and more rare, thanks in large part to the rising popularity of multipurpose open spaces.

As early as 1992, architects and builders were predicting the demise of formal living spaces in homes. At that year's International Geographical Congress, architectural geographer Artimus Keiffer estimated the living room and dining room would disappear from the American residence in the next century, to be replaced by the family-entertainment room and the computer room. According to North Carolina-based builders Stanton Homes, many home buyers have inquired about converting their formal dining rooms into office spaces or rooms to be used for purposes other than dining.

The National Association of Home Builders also released a special report listing home features expected to be-

come the norm within the next several years. More than half of the NAHB study participants expected the living room to merge with other spaces in the home, while 30 percent expected it to vanish to save on square footage.

So what is taking the place of living rooms and dining rooms? Great rooms and open-concept kitchens have steadily caught the eyes of designers and homeowners alike. Such rooms enable a free flow between lounging and entertaining spaces and the heart of the home - the kitchen. On-the-go families may not be sitting down to the same formal dinners they once were, or they don't need the pomp and circumstance of formal meals. Large eat-in-kitchens function well for family meals and even for entertaining friends in a relaxing way.

Thanks to the advent of wireless technology and mobile devices, home residents no longer need to be relegated to one room in the house for their media watching or computer use.

This may have helped to accelerate the disappearance of living rooms. In addition, the concept of devoting one space as a media-free zone (traditional formal living or sitting rooms tend to be tech-free) may seem antiquated to this plugged-in generation. Rooms that are comfortable and serve various pur-

poses better suit today's homeowners.

The rules that once governed the traditional home floor plan are more fluid than ever. Homeowners' preferences are having a greater impact over which rooms are now being included in new homes and which ones are soon to be history.

THE PROBLEM WITH HARD WATER

Hard water can cause scaling, deposits inside of pipes, reduced cleaning ability, and several other problems.

Home ownership opens people's eyes to many new experiences, even requiring home-

owners to familiarize themselves with certain things they never encountered as renters. Homeowners become novice plumbers, electricians, horticulturists, and even chemists as they wade through the projects and repairs

involved with owning a home.

Outside of high school chemistry class, you may never have given thought to water composition and how it changes. However, once you become a homeowner, you may have to pay special attention to the type of water bubbling out of your faucets. Hard water is a common concern, and it can affect appliances and other parts of the home.

What is hard water?

Hard water affects about 85 percent of the United States, according to the Water Quality Association. Although not harmful to human health, hard water can impact one's daily life in other ways.

Hard water is formed when water moves through soil and rock. It dissolves very small amounts

of minerals and holds them in a solution. Calcium and magnesium are the most common minerals to turn water "hard." The more magnesium and calcium water dissolves, the harder it becomes.

From nuisance to damaging

Hard water can not only be a minor headache, but also something more serious. Hard water can interfere with various cleaning tasks and also personal grooming. Clothes washed in hard water may not be fully clean and may appear dingy. Hard water can cause a film on surfaces, such as bath tiles and tubs. Some people find that their hair and skin can appear dull and sticky due to hard water.

The Problem With Hard Water

Continued From Page 18

Hard water can have other effects, too. Over time, the water can deposit minerals on the inside of pipes, reducing water flow. If these deposits grow thick, you may have a plumbing issue on your hands. Furthermore, mineral deposits can harm appliances, such as water heaters, washing machines and dishwashers. Eventually, hard water may render these appliances ineffective, and they will need to be replaced.

Treatment options

Considering hard water is such a common concern, a number of treatment options exist. The main types of water-softening systems use either a packaged water softener or a mechanical water-soft-

ening unit.

Packaged water softeners are chemicals that bond with the calcium and magnesium ions in the water so that they cannot interfere with cleaning efficiency. These chemicals fall into two categories: precipitating and nonprecipitating. Precipitating softeners are borax and washing soda and can affect pH levels of water and make water cloudy. Nonprecipitating softeners use phosphates. Alkalinity won't be increased, and usually there is no cloudiness or buildup. These products are typically added to laundry loads and the like and are not recommended for drinking water.

Mechanical water-softening systems are hooked up directly to the plumbing of the house.

They are ion-exchange systems that will add salt to the water. Although it can be safe to drink, softened water may not be recommended for those who are on low-sodium diets.

Hard water is a problem many

homeowners have to face. It can affect a home's appliances' performance and cleaning abilities. Water hardness can be managed, and it is best to consult with an expert water-softening system manufacturer about your options.

HOW TO SOUNDPROOF YOUR HOME

(MS) - What's the first step in sound proofing your home? Finding which rooms have the least amount of sound resistance.

To do this, make sure everyone is out of the house, unplug all electronics and close all doors and windows. Take a quick walk through your house and pause for a few moments in each room to evaluate which ones are the noisiest. Now consider if you're installing a media room or teenage recreational room where volumes will be blasting on TV's and stereos.

With this information, you should have a good idea of where you need to soundproof and create barriers against noise. Here are some tips to help you achieve the optimal result of peace and quiet:

• Plant trees and hedges along the exterior of your home, perhaps along a fence. Not only do trees and hedges

help with the environment and provide a good amount of privacy, they also slow down the travel of noise from the neighborhood into your home.

• Insulate your walls and ceilings. Better insulation in your interiors and exteriors won't just drive away excess noise, it will also reduce your heating and cooling bills during the hot and cold months. For the best sound proofing and easy installation quality, a professional-grade product by ROXUL called Safe'n'Sound is very popular.

• Seal up all cracks and holes around windows and doors, and add double glazed windows to your current glass panes.

Once you've selected the best soundproofing method, implement it and enjoy the bliss of silence throughout your home.

LIST IS SUBJECT TO ADDITIONS AND/OR DELETIONS

AUCTIONEER'S NOTE: Floyd & Vivian Lauer own a service rig oilfield business in Drayton Valley and have rented out all of their farm land, therefore they have decided to disperse their complete line of farm equipment. Most of the machinery was purchased new but will no longer be needed, so this is a great opportunity to purchase a great line of machinery and livestock equipment. For further information please contact Robert with Timberlind Auctions at 780-542-7323 or Floyd at 780-621-9349.

Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

A perfect day starts with perfect skin.

Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

8		9	1					
	4	1		8	2		7	
	7						6	
6	5					2	1	
			5	4			9	
	1					3	4	5
4				5	3	1		
	8							7
7		5	8		4			9

ANSWER:

8	6	9	1	3	7	5	2	4
5	4	1	8	2	9	7	3	
3	7	2	4	9	5	8	6	1
6	5	4	3	7	9	2	1	8
2	3	8	5	4	1	7	9	6
9	1	7	2	6	8	3	4	5
4	9	6	7	5	3	1	8	2
1	8	3	9	2	6	4	5	7
7	2	5	8	1	4	6	3	9

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
