KIDS! HELP NAME 14 RCMP FOALS FOR CANADA 150!

Submitted by Alberta RCMP

Hey kids, the Royal Canadian Mounted Police (RCMP) has a contest just for you! This year, in celebration of Canada's 150th anniversary, the RCMP needs your help to name 14 foals born this spring at the RCMP breeding farm in Pakenham, Ontario. A winner will be selected from each of the 13 provinces and territories in Canada. In addition, for the first time, an entry submitted by a school class will be selected.

"Here's a chance for kids to be a part of history, by coming up

with a name for one of the 14 foals," says Inspector Patrick Egan, Officer in Charge of the Musical Ride. "This year with adding the school class entries, it gives a great opportunity for students to work together and come up with a name. Wouldn't it be cool if your class submitted the winning name and the foal becomes part of the world-famous Musical Ride some day? It's possible if you send in an entry to the 2017 RCMP "Name the Foal" contest."

To qualify, entries must meet the following criteria:

- names must begin with the

letter "O";

- an individual entry must include a child's first name only, school, city, province or territory and email address;

- school class entries must include the teacher's name, school, city, province or territory and email address;

- entrants must be 14 years old or younger;

- only one entry per child will be eligible; and

- online entries must be received no later than April 30, 2017.

LAC STE ANNE AND COMMUNITIES RATEPAYERS ASSOCIATION'S ANNUAL GENERAL MEETING

Submitted by Christine Yeoman, President | LSARA

The Lac Ste Anne and Communities Ratepayers Association is holding our Annual General Meeting on March 21st at 7 pm in the Gunn Hall. We have chosen this venue to provide a location that is more centralized to all the members and Ratepayers that wish to come and participate in the meeting. We intend to reveal the findings of the audit on the Petition to the Minister that was performed by the executive of the association. There are some serious inconsistencies

with procedural validation protocols that were not met. This inconsistency cost the Lac Ste Anne Ratepayers to not be heard and potentially incur some serious debt. We will update everyone on the latest "HOT TOPICS" that we post on our BLOG located at <http://lsaracares.blogspot.ca> Also for discussion will be the items that we post to our Face Book page. Look us up at Lac Ste Anne Ratepayers Association. Like, Follow, See first and Share our Face book page in order to have the newest items come to your FB feed first! We are actively seeking members to

join us and memberships will be available to all those that are over the age of 18 at the meeting.

There are many items that have the ability to impact us all in the coming months and years in the County of Lac Ste Anne. We urge you to get involved. Tell your family, tell a friend, tell your neighbors. This should be a high priority meeting for all those that pay tax in the County of Lac Ste Anne. If you have any questions, please feel free to contact us via email at Lsaracares@gmail.com we will be happy to try to assist you. We sincerely hope to see you there.

BEWARE OF SCAMMERS

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is warning constituents to beware of emails and letters demanding payment to protect their intellectual property rights.

The Competition Bureau, an independent law enforcement agency, has issued a press release cautioning Canadians of scammers who are exploiting business owners' desires to protect their intellectual property by sending official-looking "reminder notices". These notices demand hefty fees for urgent renewals to protect ownership of trademarks and patents.

Intellectual property forms the basis of business, including names, logos, slogans, domain names, original products and inventions. To protect intellectual property from competitors and copycats, business owners can safeguard it by registering trade-

marks, patents, and copyrights with the Canadian Intellectual Property Office (CIPO).

The fake notices claim to be from the CIPO and demand money to renew these intellectual property rights.

Below are some tips from the Competition Bureau to avoid falling for fake solicitations:

- Check who sent the reminder: Emails from CIPO will come from an address ending in "@canada.ca"; letters will come from 50 Victoria St., Gatineau, QC, K1A 0C9. If the notice comes from elsewhere, it's not from CIPO.
- Know what you owe: The fees requested in the solicitations are usually much higher than CIPO's fees. Check CIPO's list of fees for a complete list of fees per service.
- Plan ahead: Intellectual property rights need to be renewed at very specific times. For example, trademarks are renewed every 15 years and patents maintenance

fees must be paid every year. To know when you are expected to renew your IP rights, consult CIPO's list of fees.

- Read the fine print: It may confirm that the solicitation does not come from CIPO. If still unsure, contact CIPO to confirm that the solicitation is legitimate.
 - Ask questions: If you have received an email or correspondence regarding the renewal of your trademark or patent, verify that it is legitimate by contacting the CIPO Client Service Centre at 1-866-997-1936, or by email at ic.contact-contact.ic@canada.ca.
- "Businesses who believe they have been misled should contact the Competition Bureau's Information Centre at 1 800 348 5358 or CIPO's Client Services Centre at 1-866-997-1936, or visit the Bureau's website to file a complaint. Businesses can also contact the Canadian Anti-Fraud Centre at 1 888 495 8501, or visit its website," concluded MP Eglinski.

JOKE OF THE WEEK

A pregnant Irish woman from Dublin gets in a car accident and falls into a deep coma. Asleep for nearly 6 months, when she wakes up she sees that she is no longer pregnant and frantically asks the doctor about her baby. The doctor replies, 'Ma'am you had twins! a boy and a girl. Your brother from Cork came in and named them.'

The woman thinks to herself, 'Oh No, not my brother... he's an idiot!' She asks the doctor, 'Well, what's the girl's name?' 'Denise.'

'Wow, that's not a bad name, I like it! What's the boy's name?' 'Denephew.'

STRUCTURE FIRE, TOWN OF ONOWAY

Submitted by David Ives, Fire Chief | ONOWAY REGIONAL FIRE SERVICE

At nine-forty-two PM Friday March 10th, Onoway Regional Fire Services – Canada’s first Hybrid Fire Service was dispatched to a structure fire – Garage Fire on fifty-first street in the Town of Onoway. The first units were rolling to scene within 2-minutes.

A group of people that had been congregating inside the building safely evacuated the building after initial attempts to extinguish the fire were not successful. Thanks to quick 911 notification, fire crews were on scene before the fire could grow exponentially. Accordingly, the fire was still contained to the

attic when the fire department arrived on scene.

After exposing several hidden fires and extensive overhaul of burning materials, Onoway Regional Fire Services gave the all clear and returned property to its residents with no major damage. The area of origin appeared wiring in attic with significant heat transfer to insulation and structural members within this confined space.

Three apparatus and ten firefighters were dispatched to this fire along with an initial response from Alberta Health Services and the Royal Canadian Mounted Police, Atco Gas, and Fortis. Onoway Regional Fire would also like to thank Alexander First Nations Fire Department as they were ready to respond

and lend a hand should more resources had been required.

Onoway Regional Fire Services and North West Fire Rescue would like to remind everyone that wiring should be completed by qualified electricians and / or a homeowner’s permit and inspection should accompany any electrical renovation. Over-fusing of a wire can cause excess heat and fire.

WHITECOURT WOLVERINES MAKE LONG-TERM COMMITMENT TO STAY IN WHITECOURT

Submitted by Tara Galant, Legislative Manager | Town Of Whitecourt

The Whitecourt Wolverines are proud to announce that the team is committed to staying in Whitecourt for the long term. The decision was made following a recent meeting between the Club's owner, Brent Stark, and Whitecourt's Mayor and Town Council.

"I love Whitecourt. I've always said that the town has given me and my family everything that I have, and I want this team to succeed in Whitecourt," said Whitecourt Wolverine owner Brent Stark.

With this recent announcement, the Whitecourt Wolverines and the Town of Whitecourt are exploring long-term partnership opportuni-

ties, both in terms of marketing and infrastructure enhancements.

"I'm thrilled with the Club's decision," remarked Whitecourt Mayor Maryann Chichak. "The Town sees the value this Club has in our community – not only for residents in terms of entertainment and the youth for mentorship, but also in terms of economic benefit. This team, in its travels and with its successes, puts Whitecourt on the map both provincially and nationally, along with providing name recognition for our community.

As well, travel by not only league players to our community, but also league fans, supporters and media representatives, provide a considerable amount of business to our hotels, food establishments, and other service providers."

The Whitecourt Wolverines and the Town of Whitecourt will be working collaboratively to make enhancements to the Scott Safety Centre for the Club's permanent and exclusive use. The design and options are being explored, as well as other opportunities to en-

hance awareness and recognition of Whitecourt through the team's travels and activities.

"Thank you to the Town of Whitecourt for continuing to work in partnership with us to meet the Club's goals and objectives, both short and long term," added Stark. "We thank our fans and sponsors for their continued support and are looking for new and innovative ways to market our team."

For information on the Whitecourt Wolverines visit www.whitecourtwolverines.ca.

We appreciate all applications, but will only contact those who are shortlisted.

LETTER TO THE EDITOR RE: DUAL CREDITS

Submitted by David Chawner

Strange that NGSB should be pursuing more dual credit programmes when the Apprenticeship Board (about 15 years ago) stopped that practice.

The purpose of education should not be to 'guide' stu-

dents into local, or any other, (business) careers, nor to supply workers to any industry, but to provide the maximum and widest possible exposure to all of the possibilities out there for those students. Dual credits are, in fact, a 'bribe' to encourage students to head for a specific industry or trade, but doing so

could discourage the first astrophysicist or neuroscientist that could have come from NGSB had they been introduced to or encouraged to research those options as well as local 'needs'.

Only a few years ago the Provincial Government was trying to promote the trades because there was a shortage here... to-

day, many of those trades-people are unemployed... go figure!

If companies are unable to find the skills they need... START TRAINING your employees (that's how it USED to be done)... now they want someone else to pay for that but still want loyalty from people that they never invested a penny in.

SHENANIGANS IN FINANCE COMMITTEE

Submitted by Jim Eglinski, MP – Yellowhead

On March 7th, in Ottawa at the House of Commons Standing Committee on Finance Conservative MP Ron Liepert, asked to undertake a study into Alberta's economy and current unemployment levels.

The committee has no agenda scheduled for any meetings in

March as the Government has not presented any agenda items to study. This was a great opportunity for Albertans to have their voices heard by Government. However, despite more than an hour of presentations by Conservative members of the committee as to the merits of such a study, the Liberals used their majority to defeat the motion.

I am disappointed in this deci-

sion. Conservative MP's believe they were elected to do work on behalf of those who elected them. It seems like Government Liberal MPs would rather the committee meet about nothing for the rest of the month or cancel all meetings than actually study what is the number one concern for many Albertans.

In my October householder, 33% of Yellowhead's constituents iden-

tified unemployment as their number one priority and 48% identified the impact of the carbon tax on the economy as their top priority.

While Liberal MPs voted not to undertake a study, Conservative members succeeded to have 2.5 hours of debate take place on the job crisis in Alberta.

Rest assured, we will not let this issue die.

DANGER PAY

Submitted by Jim Eglinski, MP – Yellowhead

Before Canadian troops were deployed to Kuwait, our previous Conservative government ensured that our troops would be entitled to full danger pay.

The Liberals have decided to revoke the benefit for all of our troops who are battling ISIS. They have taken away a tax credit worth up to \$1,800 per month from each of Canada's troops who serve in harm's way.

This is the same government

that has racked up record deficits and tens of billions of dollars in borrowed money to finance their out-of-control spending.

I will continue to support the Conservative Party's efforts to have the Liberal government reverse their decision and support the brave men and women who represent Canadians in dangerous and life threatening postings. We must respect and recognize those who go into harms-way to give us our freedom and way of life.

Where a written statement of opposition is filed with the Board within thirty (30) days following the publication of this notice, the Board shall forthwith order, subject to certain exceptions as noted below, that a public hearing be conducted with respect to any grounds of opposition set out in the statement, in relation to any section or part of the pipeline affected by the concerns disclosed in the written statement. The Board is not required to give any notice, hold any hearing or take any other action with respect to any written statement of opposition filed with the Board and may at any time disregard any such written statement if the person who filed the statement files a notice of withdrawal, or if it appears to the Board that the statement is frivolous, vexatious or is not made in good faith. If the Board determines it appropriate to hold a public hearing,

the Board will fix a suitable time and place for the hearing and will publish a notice of the hearing in at least one issue of a publication in general circulation within the area in which the lands acquired or proposed to be acquired are situated. The Board will also send a notice of the public hearing to each person who has filed a written statement of opposition with the Board. The public hearing will be held near to where the lands to which the statement relates are situated. The Board, or a person authorized by the Board, may make such inspection of the lands acquired or proposed to be acquired, or affected by, construction of Trans Mountain Expansion Project, as deemed necessary by the Board.

If the Board determines a public hearing is required, the Board will permit each person who filed a written statement of opposition that met the requirements of the *National Energy Board Act* (NEB Act) to make representations and may allow any other interested person to make representations before it as the Board deems proper. The Board will take into account all written statements of opposition that have met the requirements of the NEB Act and all representations made at the public hearing in determining the best possible route of the pipeline, and the most appropriate methods and timing of construction for the Trans Mountain Expansion. The Board may impose in any approval, such terms and conditions as it considers proper. Where the Board has held a public hearing in respect of any section or part of the Trans Mountain Expansion Project, and has approved or refused to approve the plan, profile and book of reference respecting that section or part, it will forward a copy of its decision and reasons to the Minister and each person who made representations to the Board at the public hearing.

The Board may fix such amount as it deems reasonable in respect of the actual costs reasonably incurred by any person who makes representations to the Board at such a public hearing, and the amount so fixed will be paid forthwith to the person by Trans Mountain. Copies of the plan, profile and book of reference for the detailed route of the Trans Mountain Expansion Project is available for inspection by you online at www.transmountain.com, and at the following locations:

ANOTHER FEDERAL LIBERAL TAX?

Submitted by Jim Eglinski, MP – Yellowhead

Hundreds of constituents have emailed me worried that the Federal Liberal Government is going to be taxing employer-provided health and dental plans. Should the Liberals proceed with these changes in

their 2017 Budget, Canadian workers who get these benefits will end up paying more per year in taxes and many will lose them entirely.

The Liberals have already raised taxes on energy and payrolls. They cut tax credits for: children's arts and fitness, education and textbooks, and eliminated the hiring tax

credit. Now they want to tax Canadians for their health care too!

If the Liberals make these changes in Budget 2017, this move would put more pressure on the public health care system.

It is time for the Minister of Finance to let all Canadians know if he will be proceeding with this tax

grab in which I believe is only the Liberal's way of curbing their reckless spending and mounting deficits. I beg to ask, does the Liberal Government really care about the working Canadian or just looking out for themselves?

SANGUDO HORTICULTURAL CLUB NEWS

Submitted by Brenda Ogden

On February 27 we had Rose and Orry Rumball of Rumballing Acres Farms of Peers talking about all

things bee related. In nature we already have a diverse group of pollinators for our food sources; these even include bats and birds. Wasps will pollinate strawberries, carrots

and onions. Because honeybees are not native to our environment here in Canada, they can not survive here without human support. The largest decrease they have in their survival

numbers is from mites. The Varroa mite is the biggest problem and uses the bee as a food source. This mite has to be eliminated from the hives by using pesticide strips or formic acid. The bees also have to have protection during our cold winters as most originate from Australia or New Zealand. The queen bee is busy laying her eggs by February. The bees need protein in the spring to create strong offspring, and need the pollen of early producers like willows, Manitoba maples and dandelions. June is the month where the hive has its biggest peak in numbers. If the bee keeper has not reduced the numbers of a hive by then, the bees will start to swarm. A new queen takes over the hive and the old queen takes a number of the worker bees with her to stake out a new dwelling. The bees are unable to sting when they first start to swarm as they have gorged on honey, anticipating lean times ahead, and are too fat to use their stingers. If a swarm of bees lands on your property you are then the legal owner. The bees will not survive without shelter. Birds and bears will feast on them, but the Rumballs have found that the worst pest they have is skunks. The skunks have learned how to tap on the beehives, and when the angry bees come out, they are eaten. If you are interested in taking a bee keeper course you have to register by November for the January course. The # is 310-FARM.

Our upcoming speaker on March 27 at 700pm at the Sangudo Golden Age Club (4927-50ave Sangudo) is Kenneth Willis. He will talk on Trees - Planning, Planting and Maintenance. He will also discuss briefly pruning in Japanese Style.

Ken is the Head of Horticulture at the Devonian Botanic Garden. He is a graduate of the Niagara Parks Commission of Horticulture and a Certified Arborist with the International Society of Arboriculture.

Members of the public welcome. (\$5.00 drop in fee).

WHAT TO DO AFTER BEING INVOLVED IN A CAR ACCIDENT

Car accidents happen every day, and rare is the experienced driver who has not been involved in at least one accident during his or her time behind the wheel. Drivers or passengers who have been involved in previous accidents may react calmly when involved in another accident, but the experience of being in a car accident can be shocking to those people who have never before been involved in a car crash.

According to the World Health Organization, there were 1.25 million road traffic deaths across the globe in 2013. But not every traffic accident involves a fatality, and many are minor incidents in which all involved parties walk away unharmed. Unfortunately, all traffic accidents, however minor they may be, have financial ramifications, and it's in drivers' and

passengers' best interest to familiarize themselves with the right way to respond to traffic accidents should they find themselves in a crash.

• Dial emergency services. After pulling over and out of traffic, drivers and passengers involved in traffic accidents should dial 9-1-1 emergency services. If drivers are incapable of pulling onto the shoulder or out of the way of oncoming traffic, immediately put on the vehicle's hazard lights and dial 9-1-1. Enlisting the help of emergency services like 9-1-1, even when no one appears to be injured and no vehicles seem to be damaged, is necessary because the presence of a neutral third party like a police officer or emergency medical technician can be helpful should the accident ultimately lead to legal action.

• Exchange insurance information.

After each driver has pulled over and is out of harm's way, attempt to exchange insurance information. If you lost your insurance card or can't find it in your vehicle, don't panic. Simply use your mobile phone to call your insurance company and get your policy number. Police may let you off the hook if you can provide proof of insurance, even if you don't have any such proof in your vehicle. If the other driver appears irate and/or confrontational, wait until the police arrive to exchange insurance information and do your best to avoid this person.

• Obtain a police report. Police reports are vital, even when accidents are minor. Insurance companies may not pay damages if no police report has been filed and the involved parties have differing accounts of the ac-

cident. And drivers' premiums may increase if they are involved in an accident in which no one is deemed at-fault. Always protect yourself after a traffic accident by calling the police and obtaining their official report of the incident. Also, ask the responding officer if you are required by law to report the accident to the local motor vehicle agency. Some areas require this, while others do not.

• Take photos. If you have a smartphone or camera on hand, take as many photos of the accident as you can without risking your safety. Time-stamped photos may help you should a lawsuit or other legal action be taken in the future.

Car accidents can be scary, and knowing how to respond to accidents can help drivers and passengers make the best of unfortunate situations.

WASH YOUR CAR LIKE A PRO TO PROTECT ITS VALUE

Vehicle owners know maintaining a vehicle can be a lot of work. Taking the time to properly care for a vehicle can prolong its life expectancy and help owners avoid breakdowns and other issues along the way.

Regular washing is an aspect of vehicle maintenance that some may classify as a purely cosmetic benefit. Certainly a car wash can keep the vehicle looking its best, but there are other advantages to washing as well. Washing offers preventative maintenance for the car's paint and can help prevent rust and corrosion resulting from dirt, acid rain and road salt. Rust can compromise hydraulic brake and fuel lines, as well as many moving parts in the chassis and frame. Corrosion of electrical connectors and other parts under the hood can lead to leaks, electrical shorts and a host of

additional problems. It's easy to see how washing the car is more essential than one might have suspected.

If you live in an area with a high amount of dust or industry, you may need to wash your car as frequently as once a week. Drivers who live along or near coastal areas may need to wash their vehicles frequently to combat sea salt buildup. Garage-kept vehicles may be able to go longer between washes, but in general washing a vehicle every two to three weeks is a good rule of thumb. In addition, a good sealant will protect the paint and other trims throughout the year.

The following are some other car-wash tips to follow.

- Always use a proper washing soap solution. This will preserve the car's finish better than other homemade soaps. Avoid using dishwashing liq-

uid, which can strip protective wax coatings.

- Be prompt when cleaning off bugs, sap and bird droppings that may stick to the paint and become difficult to remove over time.

- Wait until a car has cooled down before washing. Heat speeds up the drying of soap and water and can make it more difficult to clean.

- Always use a clean, non-abrasive sponge. Resist the urge to move the sponge in circles as you clean. Doing so can create noticeable swirl scratch marks. Instead, move the sponge lengthwise across the body panels and hood.

- Keep a separate rinsing bucket to clean the sponge or washing mitt so that dirt is not mixed into the clean, sudsy water.

- Consumer Reports suggests using

a soft squeegee to remove most of the water on the body of the car after washing and rinsing. Blot up any extra water with a chamois.

- Wax the car every season to ensure it has maximum protection. In between, apply a liquid spray wax to touch up spots. Water beading is not an ideal indicator of whether or not the car needs a coat of wax.

- Don't forget to pay attention to the interior. Vacuum the carpets regularly to prevent ground-in dirt and routinely clean the upholstery with a product specific to your vehicle's interior, whether that interior is leather or fabric.

Protecting a vehicle investment involves keeping the car clean. Know the right ways to help a car or truck look and perform like new.

TIRE MAINTENANCE A KEY COMPONENT OF SPRING CHECK-UP

When warm weather arrives, many people enjoy a collective sigh of relief. Just as people welcome the end of the cold, snow and ice, cars and trucks also can benefit from more moderate temperatures.

Salt, grime and pot holes can take a toll on tires over the course of a typical winter. Drivers will not get far this spring and summer without tires in good repair, which is why tire maintenance should be part of any seasonal

repair checklist.

Inflation levels

Now is the time to use a tire pressure gauge to see if tires are at the ideal inflation levels. Many tires indicate the recommended PSI (pounds per square

inch) on their sidewalls. Cold temperatures may cause tires to deflate a little. Esurance states that winter weather can cause tire pressure reduction at about one PSI for every 10 degrees the temperature drops. Driving on improperly inflated tires can be dangerous, potentially affecting handling and braking distances.

Check tires when they are cold for the most accurate reading. Properly inflated tires also will improve fuel economy, so drivers may even save a little money by inflating their tires.

Tire rotation/realignment

Examine the tires for tread wear. Any uneven or abnormal tread wear could indicate that the tires need to be rotated and the wheels realigned at the very least. Take the vehicle to a qualified mechanic to get their opinion on how to remedy the situation. Mechanics may recommend rotating tires every 6,000 to 8,000 miles, or about every six months for the average driver.

Wheel realignment may be necessary after a season of driving over potholes and other irregularities in the road. Misaligned wheels can cause handling problems, like the car 'pulling' to one side.

Tire replacement

Drivers may discover extreme tread wear, bulges or even cracks in the sidewall during a tire inspection. These signs indicate that it's time to replace the tires. Failing to replace old, worn down tires can increase the risk of automobile accidents.

Thorough cleaning

Once tires are inspected and possibly serviced or replaced, treat the car or truck to a washing and thorough detailing. This will help tires shine and get the vehicle road-ready for spring trips.

LAC STE. COUNTY TARGETS RV OWNERS WITH LARGE ANNUAL FEE

Submitted by Leo Blais

During the last week of February, 2017 approximately 300 property owners in Lac Ste. Anne County unexpectedly received letters from the Lac Ste. Anne County (LSAC) Administration notifying they would be required to apply for an RV authorization if; (1) parking an RV on vacant residential land, (2) parking more than 1 RV on a property with a residence, (3) having multiple RVs on site for more than 72 hours. The annual fee for a permit for "the right" to park an RV is \$500.00, should any of the above apply. In addition, affected property owners will be responsible to pay the yearly Solid Waste Utility fee of over \$200.00. If property owners do not apply for a permit and pay the \$500.00 annual fee, they will be subject to an initial fine of up to \$1,000.00 with a subsequent offense being up to \$4,000.00.

Also note, undeveloped residential lots are currently assessed a tax mill rate that is more than double

that of developed lots, effectively setting a higher rate of property taxes on undeveloped residential lots.

With the letter, LSAC also included a rather complex form - SPECIAL EVENT APPLICATION RV Use, which is to be used for the permit application process. Also included in the package was a copy of the eight page LSAC Bylaw #23-2015, which is the Bylaw to Establish Licensing and Regulation of Concerts and Special Events. You may think this all sounds confusing, and that is because it is. LSAC appears to be shoe-horning in an existing bylaw to establish a permit process and set fees for the use of RVs on vacant properties.

Not only was it a shock to receive this from LSAC just before the start of the RV season, but the permit process and their justification is convoluted, lacks proper or complete information, is confusing and smacks of nothing more than a "money grab". The intentional timing of this initiative could not have been more inappropriate given

that both Division 4 and Division 5 are not currently represented by a counsellor, due to vacancies. Affected rate payers in these divisions have no reasonable avenue to vent their objections and concerns. As it stands, not a lot of thought or research went into this initiative. For the County to suggest that an annual fee of \$500.00 per trailer is affordable, is preposterous, especially given the economy is hurting and Albertans are paying more taxes (including the carbon tax) than they ever have. Adding yet another tax or utility fee is underhanded and uncaring.

In discussion with the County's Manager of Planning and Development, he indicated that as of the end of February he fielded over 200 calls and numerous emails from irate and frustrated rate payers. LSAC does not seem to care how this affects rate payers. I attended the March 01, 2017 Municipal Planning Commission Meeting with Council, where the Planning Manager reported that the majority

of feedback he received was "negative". LSAC Mayor's uncaring and flippant response was "of course we expected that", end of discussion.

On behalf of other rate payers affected, my request to LSAC is shelve this contentious and divisive initiative till after the Municipal election in October this year. For the sake of diplomacy and fairness, an issue that affects such a large group of rate payers should be dealt with when there is a full slate of counsellors. Also, delaying this will provide the County more time to develop an RV use program that is reasonable, understandable, affordable and acceptable to those affected.

If you have thoughts or concerns with this latest LSAC initiative, please contact the County CAO - Mike Primeau, Manager of Planning and Development - Matthew Ferris, Mayor Hegy, or your Counsellor (if you have one). County Phone Number: 1-780-785-3411 or 1-866-880-5722.

MP EGLINSKI ON BILL S-217 – WYNN’S LAW

Submitted by Jim Eglinski, MP – Yellowhead

On January 30th Jim Eglinski, Member of Parliament for Yellowhead, gave the following statement in the House on Bill S-217, ‘Wynn’s Law’.

He stated:

“Mr. Speaker, Bill S-217, Wynn’s Law, sponsored by the Member for St. Albert-Edmonton, will soon be up for final debate in this House.

Tragically, in January 2015, RCMP Constable David Wynn was killed and Auxiliary Constable Derek Bond was severely

wounded by a career criminal who had been let out on bail because the prosecution did not disclose his criminal history to the judge. S-217 would ensure that judges have the relevant facts about an accused before granting bail.

As Members of Parliament we

have a moral duty to our men and women in uniform and to the communities we serve, to ensure that our Criminal Code adequately ensures that justice is served.

I urge all Members of this House to join together in passing this much needed legislation.”

MP JIM EGLINSKI CONGRATULATES JANELLE WESLOWSKI ON WINNING PRESTIGIOUS SCHOLARSHIP

Submitted by Jim Eglinski, MP – Yellowhead

My sincere congratulations go out to Janelle Weslowski, a student of West Central High School, in Rocky Mountain House, who was recently selected as one of Canada’s 33 Loran Scholars. She was chosen from an initial pool of 4,438 applicants based on evidence of character, commitment to service in the community and long-term leadership potential.

Loran Scholars Foundation is a national charity that works in partnership with universities, donors and volunteers throughout the country to invest in young Canadians who demonstrate character, commitment to service and leadership potential.

The Loran Award is valued at \$100,000 over four years of undergraduate study, including an annual stipend, tuition waivers from one of 25 Canadian universities, mentorship, summer internship funding, an orientation expedition in Algonquin Park as well as annual retreats and forums. Six Alberta students are among the 33 selected this year.

Janelle is active in community theatre through choreography, choir and acting. She leads her church’s youth group, which volunteers in soup kitchens and organizes community cleanups.

“Janelle, congratulations on your success and good luck in your journey to the future as you continue to learn,” concluded MP Eglinski.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | 3 | | 2 | 8 | | | 9 | 7 |
| | 2 | | 7 | | 4 | 3 | | |
| 5 | | | | | | 4 | | |
| | | | | | | 2 | 4 | 8 |
| | 7 | 8 | 1 | | | | 6 | |
| | | | 8 | 4 | 9 | | | 3 |
| 7 | | | | 2 | | | | |
| | 4 | 9 | | 6 | 3 | | 1 | 2 |
| 2 | 1 | 3 | | | | | | |

ANSWER:

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 1 | 3 | 4 | 2 | 8 | 5 | 6 | 9 | 7 |
| 9 | 2 | 6 | 7 | 1 | 4 | 3 | 8 | 5 |
| 5 | 8 | 7 | 3 | 9 | 6 | 4 | 2 | 1 |
| 3 | 9 | 1 | 6 | 5 | 7 | 2 | 4 | 8 |
| 4 | 7 | 8 | 1 | 3 | 2 | 5 | 6 | 9 |
| 6 | 5 | 2 | 8 | 4 | 9 | 1 | 7 | 3 |
| 7 | 6 | 5 | 9 | 2 | 1 | 8 | 3 | 4 |
| 8 | 4 | 9 | 5 | 6 | 3 | 7 | 1 | 2 |
| 2 | 1 | 3 | 4 | 7 | 8 | 9 | 5 | 6 |

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
