SOFTWOOD LUMBER AGREEMENT

Submitted by Oneil Carlier, MLA Whitecourt-Ste. Anne, Minister of Agriculture and Forestry

Our government stands shoulder to shoulder with Alberta's forest workers, their families and the communities that rely on a strong forest industry. Our government is working closely with the federal government and our forest industry to defend Alberta jobs and fair market access.

This is the fifth time since 1982 that the U.S. has investigated alleged Canadian lumber subsidies. In each case, international tribunals have ruled in Canada's favour. We are confident we will prevail again.

Together with affected provinces and the federal government, we are developing plans to help support Albertans in addressing the possible impacts of a prolonged trade dispute.

Part of our strategy is to have a strong voice for Alberta in the U.S. That's why our government has ap-

pointed Gary Doer, a former Canadian ambassador to the U.S.

His experience, high profile and deep knowledge of bilateral relations will be critical to ensuring our U.S. partners understand the significance of the U.S.-Alberta softwood trade relationship. He will be a key ally in advancing our strong commitment to finding a solution to the lumber dispute.

As your local MLA and the Minister of Agriculture and Forestry, I am heavily involved in a federal-provincial task force on this issue to ensure that Alberta's interests are represented in broader national efforts to overturn this unfair trade action. I have also engaged my American counterparts while at meetings in the U.S. earlier in the year.

We believe that a new and lasting deal is needed and we want to ensure that any deal supports our forest industry and the workers who support their families in this important industry. We want to see a long term solution to this problem and we are working hard to achieve that goal.

Diversifying our economy remains a key priority for our government, and a robust forest industry is a key ingredient in a diverse and resilient Alberta economy. Alongside that goal, we are also working hard to diversify our markets so that we are no longer stuck in the trap of selling one product at one price to one customer.

We know that Alberta's forest industry relies significantly on exports. That is why we are actively pursuing new markets outside the U.S. I have taken trade missions in Asia to move this goal forward. Premier Rachel Notley and Economic Development and Trade Minister Deron Bilous have also recently returned from a very successful Asian trade mission.

As a government we want to ensure our products are sold around the world so we can continue diversifying our economy, creating good jobs and making life better for Alberta's forest communities. Our government's actions on the softwood lumber issue will be centred on those priorities.

ENTWISTLE SCHOOL MAY NEWS

Submitted by Les Worthington, Principal | Entwistle School "Our students get our best"

It appears the snow has finally disappeared and students are anxiously waiting for the baseball, soccer and track & field seasons to start. Close to thirty students received their red Entwistle Eagle soccer socks. I look forward to watching some Pembina Soccer and seeing all of our students who are participating. If you still would like a pair for your child, please let me know. Go Eagles Go!

Lots happened in the month of April. Included amongst the several highlights are:

- Students came back to an Artist in Residency week with Meghan Cooper and the Imagination Academy. Every student brought home a framed art piece. There are also some

displayed in the library.

- A new banner went up in the gym. Thanks to Kathleen Hull for her amazing work and generosity!

- A big thanks also to the Friends of Entwistle Learning Society who purchased safety mats for the front of the stage.

- Entwistle Eagles Archery team participated in the NASP Provincial tournament in Drayton Valley. It was a great season and we look forward to this sport as it continues to gain popularity.

There are lots of things happening in May and going forward. You can also sign up to receive this monthly newsletter and calendar electronically. Please visit our website: Entwistle.psd70.ab.ca. Weekly memos are also sent out on the Entwistle School Council/F.O.E.L.S. Facebook page.

- On May 9th at 2:45 we

will be hosting our monthly assembly. Everyone is welcome to come and celebrate the accomplishments of our students.

- Entwistle School Council & Friends of Entwistle Learning Society will be meeting May 15th at 3:45 in the Learning Commons.

- Ms. Williams has already booked the fieldtrip for next year's grade 4-6 students (currently grades 3-5) to "Sleep with the Dinosaurs" in Drumheller!

- Track & Field season is under way. Please see the calendar for the schedule.

- The 5/6 class is headed to Fort Edmonton later this month.

If you should ever have any questions, comments, celebrations or concerns please feel free to email (lworthington@psd70.ab.ca) or call me (780-727-3811) at any time.

The family of Jenny Ahlskog

would like to extend their sincere appreciation for the outpouring of support and caring offered to us in the loss of our beloved mother and grandmother. The calls, cards, floral arrangements, and other kindnesses meant more to us than we can express, and will always be remembered. We would like to thank everyone who attended Jenny's memorial service, and extend special gratitude to Pastor George Stone, Elmer Riehl, Diane Jendrick, and Gayle Walker and her group of ladies for their loving efforts to make the service a true celebration of her life. Bearing this loss is made easier knowing how many people loved and cared for her, and that her memory will live on in their hearts as well as our own.

JOKE OF THE WEEK

Two elderly gentlemen from a retirement centre were sitting on a bench under a tree when one turns to the other and says: 'Slim, I'm 83 years old now and I'm just full of aches and pains. I know you're about my age. How do you feel?' Slim says, 'I feel just like a newborn baby.' 'Really!? Like a newborn baby!?' 'Yep. No hair, no teeth, and I think I just wet my pants.'

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

May 9, 2017

RCMP Report – Edson RCMP Staff-Sergeant Peter King gave an overview of RCMP activity in Yellowhead County over the past year highlighting the success of the new RCMP Enhanced Patrols in Yellowhead County. The patrols are done by the Enhanced RCMP officers positions financed by the County. King also emphasized that RCMP are focusing on education rather than enforcement for the new Off-Highway Vehicles Helmet law in Alberta.

Provincial Preschool Funding No Longer Available – Recently, the Alberta Government clarified that Parent Link Funding cannot be used for registration-based programs such as community preschools. Council voted against using County funds to replace provincial funding to enhance preschool support in the

County, but will continue to offer limited Preschool Grants to eligible preschool programs in 2017.

Parent Link Centre Coordinator – Council approved using the funds provided by the Alberta Government to provide Parent Link Centre services through the hiring of a part-time Early Childhood Coordinator and development of a Parent Link Centre program for County residents.

Proposed Golf Course Rezoning – Bylaw 06.17 received first reading to rezone a property south of Hwy 16 near Millers Lake (PT SE 06-53-19-W5) from Rural District (RD) to Recreational Use (RU) District for a proposed golf course on the property. A Public Hearing will be held on June 13, 2017.

The next Council Meetings is May 23, 2017. The next Committee of the Whole Council Meeting is May 16, 2017. All meetings start at 9:30 a.m. in the Council Chambers.

LETTER TO THE EDITOR: EVANSBURG FARMERS' MARKET

Submitted by Shayna Powell, Museum and Farmers' Market Manager

Dear Editor:

Due to the ever present, "rumour mill," I unfortunately find it necessary to clarify some misconceptions concerning the Evansburg Farmers' Market. The Evansburg Farmers' Market is NOT relocating to the main street. We are pleased to continue to house the Evansburg

Farmers' Market at the Tipple Park Museum. We are a proud member of the Alberta Farmers' Market Association and we are currently the only market in Evansburg to be a member of this association. We are in no way affiliated with the open market being started on the Main street. We adhere to a strict set of rules and guidelines set forth by the Alberta Farmers Market Association, Alberta Health Services, the Food and Drugs Act

and the Canadian Food Inspection Agency.

What does this mean to the consumer? Our market is supplied with hot and cold running water, we have toilet and hand-washing facilities, we hold a valid Alberta Farmers Market permit, our market is insured, our stalls are clean and sanitary, our vendors have completed a Food Safe handling course, all their food products are labelled not only with the ingredients listed

but also the name and address of the seller, and the common name of the food. All of our food has been handled and kept at the optimal temperature for the type of food being offered. We only sell fresh products, jams, jellies and pickles, unless the seller has been approved by the Alberta Health Inspector to sell prepared food. Lastly, our vendors ensure that our food is not contaminated by keeping it protected in a manner adequate to prevent customer contamination and handling.

What does this mean to the vendor? Our market has two qualified market managers that are accredited with the Alberta Farmers' Market Association. Our vendors are offered some protection through our Market insurance, a health permit is obtained and is on the premises, we offer a commercial kitchen and indoor and outdoor stalls. Vendors are also given free advertising in local papers, signage, Facebook coverage, two websites including tippelpark-museum.com and evansburg-farmersmarket.weebly.com. We offer tables at the nominal fee of \$10.00. We are here not as a profit-making business, but to support our local farmers, artisans and crafters. Tipple Park Museum is the sponsor of our market and has continued to assist in increasing the amount of vendor and customer participation in our market, since its inception at this location. During the summer, we offer kids crafts, entertainment and a pleasant atmosphere of mutual respect and comradery. We welcome all visitors and fellow community members to continue to come visit us at the Tipple Park Museum.

Yours truly,
Shayna Powell/ Market Manager of Evansburg Farmers' Market
Manager of Tipple Park Museum

CHANGES TO PROVINCIAL FUNDING RULES RESULT IN PRESCHOOL FUNDING GAP, AND NEW COUNTY SERVICES

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

Recently, the Alberta Government clarified that Parent Link Funding cannot be used for registration-based programs such as

community preschools but must instead go towards free-access parent and child programming.

At the May 9th regular meeting, Yellowhead County Council voted against using County funds to replace provincial funding to enhance preschool support in the County. However,

Yellowhead County, through the Family and Community Support Services (FCSS) department, will continue to offer limited Preschool Grants to eligible preschool programs in 2017.

At the same council meeting on May 9th, Yellowhead County Council approved using the

funds provided by the Alberta Government to provide Parent Link Centre services through the hiring of a part-time Early Childhood Coordinator and development of a Parent Link Centre program for County residents.

SUPERINTENDENT OF SCHOOLS ANNOUNCES RETIREMENT

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellowhead Public School Division

Cory Gray, Superintendent of Schools, announced his retirement after twenty eight years with Grande Yellowhead Public School Division. While a date has not yet been finalized, he will likely remain through the summer months to ensure a smooth opening to the new school year and to assist the incoming Superintendent.

Board Chair and Lobstick Trustee Brenda Rosadiuk said "With great reluctance, I have accepted Superintendent Gray's resignation on behalf of the board. First as the Deputy Superintendent and then as our Superintendent of Schools, he has made many improvements to the system over the last ten years as well as assembled a strong central office administration and talented leadership. He will be greatly missed and we thank him for all he has accomplished in moving our division forward."

Cory began his teaching career in Milk River, Alberta and moved to Edson in 1989 with his family and his been a teacher and administrator at the elementary, middle and high school levels. In November 2007, Cory joined the Education Services Center staff as Deputy Superintendent and became the division's Superintendent of Schools two

years later. He has thoroughly enjoyed the challenges and connections he has made during his career and focused his efforts on ensuring that 'decisions made keep our students' needs front

and center because their success is why we are here.'

Mrs. Rosadiuk notes "The Board will immediately begin the next steps in determining the selection process for a new

superintendent. I am highly confident that our leadership team will continue to move the Division forward and maintain the focus on our students and their educational goals to succeed."

PARLIAMENT UPDATE

Submitted by Jim Eglinski, MP – Yellowhead

Week of May 1, 2017

This week in Parliament, we discussed topics including government spending, drug overdose, and Remembrance Day. We also discussed an incident where two Conservative MPs were blocked from accessing the House of Commons by the Prime Minister's motorcade and, as a result, missed an important vote.

The following was debated in the House:

- Bill C-4 – An Act to amend the Canada Labour Code, the Parliamentary Employment and Staff Relations Act, the Public Service Labour Relations Act and the Income Tax Act (Consideration of Senate Amendments)
- Bill C-44 – Budget Implementation Act, 2017, No. 1 (Second Reading)
- Bill C-224 – Good Samaritan Drug Overdose Act (Consideration of Senate

Amendments)

- Bill C-305 – An Act to amend the Criminal Code (mischievous) (Report Stage)
- Bill C-311 – An Act to amend the Holidays Act (Remembrance Day) (Report Stage)
- Bill S-208 – National Seal Products Day Act (Third Reading)
- Question of privilege (denial of access of Members to the Parliamentary Precinct raised on March 22, 2017)

On Monday in the Standing

Committee on Environment and Sustainable Development (ENVI), the Minister of Environment and Climate Change attended the meeting as a witness to discuss Report 6, which was presented to the House of Commons on May 2. The President of the Canadian Environmental Assessment Agency, the Deputy Minister, and the Chief Executive Officer of Parks Canada were also in attendance.

On Tuesday, I attended the official launch of the Arctic Aviation Tour 2017, which will take-off from Rocky Mountain House on June 1. The tour will be performing at 97 airshows across the arctic, flying 31,000 km. I want to encourage constituents in the area to come out and see the record-breaking show!

Also on Tuesday, I briefly met with students from Edson after they visited the War Museum in Ottawa.

On Wednesday, ENVI continued a review of The Canadian Environmental Protection Act, 1999. For more information on these meetings, visit: www.parl.gc.ca/Committees/en/ENVI

On Friday, I met with constituents in my Hill office. If you are visiting Ottawa, please stop in to say 'hello'!

This week, I attended 12 meetings, four events, and recorded a radio message. My next update will be on the happenings of Parliament as it continues to sit next week.

Week of May 8, 2017

This week in Parliament, we discussed topics including genetically modified foods, railway crossings, and palliative care.

The following was debated in the House:

- Bill C-338 – An Act to amend the Controlled Drugs and Substances Act (punishment) (Second Reading)
- Conservative Motion – Minister of National Defence
- Bill C-44 – Budget Implementation Act, 2017, No. 1 (Second Reading)
- Bill C-277 – Framework on Palliative Care in Canada Act (Report Stage)

Parliament Update

Continued From Page 10

- Bill C-4 – An Act to amend the Canada Labour Code, the Parliamentary Employment and Staff Relations Act, the Public Service Labour Relations Act and the Income Tax Act (Consideration of Senate amendments)
- Bill C-291 – An Act to amend the Food and Drugs Act (genetically modified food) (Second Reading)
- NDP Motion – Canada Infrastructure Bank
- Bill S-231 – An Act to amend the Canada Evidence Act and the Criminal Code (protection of journalistic sources) (Second Reading)
- Bill C-23 – An Act respecting the preclearance of persons and good in Canada and the United States (Report Stage)
- Bill C-7 – An Act to amend the Public Service Labour Relations Act, the Public Service Labour Relations and Employment Board Act and other Acts and to provide for certain

other measures (Consideration of Senate amendments)

- Bill C-322 – An Act to amend the Railway Safety Act (road crossings) (Second Reading)

On Monday, I took part in the Conservative motion, asking the Minister of National Defence two questions on how he still thought he had the respect and trust of the people or the military: <http://www.parl.gc.ca/HousePublications/Publication.aspx?Language=E&Mode=1&Parl=42&Ses=1&Do>

id=8927248 on pages 20 and 23.

On Tuesday, I was extremely disappointed to learn that six Liberal Members used their majority in the Standing Committee on Justice and Human Rights to vote against Bill S-217, effectively defeating it without a vote by the House of Commons. This bill, also known as Wynn's Law, would have closed a fatal loophole in the Criminal Code, a loophole that cost Const. Wynn his life when he was murdered by a career criminal who was

out on bail.

In the Standing Committee on Environment and Sustainable Development (ENVI), we continued our review of The Canadian Environmental Protection Act, 1999 and the consideration of a draft report. For more information on these meetings, visit: www.parl.gc.ca/Committees/en/ENVI

This week, I attended 12 meetings and two events. My next update will be on the happenings of Parliament as it continues to sit next week.

Seba Beach Early Education Program

Seba Beach School is excited to announce that we will be offering an Early Education program at our school starting in the Fall of 2017. For more information please contact Shawna Stewart @ 780-797-3733.

WHO: The Early Childhood Services Program at Seba Beach School is an inclusive program that supports children ages 2 years 8 months to 5 years of age (must be 3 years by December 31) in a play-based inclusive environment. We offer specialized supports embedded through play for children with mild-moderate or severe special needs three mornings a week. As well as a PLAY PARTNERS playschool program for 3-4 year olds.

Early Education Classrooms Features:

- Rich play based programming.
- Specialized supports embedded through play for children with mild-moderate or severe special needs three mornings a week.
- Teams work collaboratively to meet the individual needs of each child within an inclusive environment.
- Each classroom includes a mix of children from the community as Play Partners.
- Family oriented program sessions are provided regularly at the schools, communities or in homes to further support families in meeting their children's needs.

For more information, contact Shawna Stewart @ Seba Beach School 780-797-3733.

EARLY CHILDHOOD SERVICES INDIVIDUALIZED SUPPORTS

Each Early Childhood Services (ECS) Program has a multi-disciplinary team of professionals dedicated to meet the individual needs of all children. Embedded specialized programming is provided within the ECS day as required.

The multidisciplinary team consists of:

- Teacher
- Educational Assistant(s)
- Speech Language Pathologist
- Speech Language Assistant
- Occupational Therapist
- Physical Therapist
- Education Psychologist
- Other specialists as needed

PLAY PARTNERS

Parkland School Division believes in having the best start possible for our young children. We provide activities that support the whole child including social/emotional development, communication and motor skills. Play partners are typically developing young children that participate alongside their peers in order that they all become the mightiest little learners! Play Partners are welcome in all Early Learning classrooms and priority is given to the program closest to the child's home.

Please register at your community school or by calling Early Childhood Services 780-962-0212.

Lawn & Garden

The Businesses in the following Guide can be your One Stop Solution to all your Lawn & Garden Needs!

Lawn & Garden

HELPFUL AND HARMFUL INSECTS

Although it's virtually impossible to count them, insects are the most diverse group of organisms on the planet. Nine hundred thousand different kinds of insects are known to exist. At any given time, it is estimated that there are around 10 quintillion individual insects living.

Gardeners grow frustrated when seeing their gardens infested with insects. In an effort to restore their gardens, homeowners might be tempted to eradicate any bug that moves in their yards. But gardeners would be wise to first learn which insects are hurting their gardens and which can actually help gardens in the long run.

Harmful

Certain insects can be dangerous to animals and plants. The following are a handful of insects that can threaten the vitality of gardens.

Aphids: These insects suck on the juice needed to sustain plants, particularly when they congregate.

Bald-faced hornet: Hornets tend to be an aggressive species that can sting repeatedly. Should you find a nest near an entertaining space or garden, it can cause trouble.

Carpenter ants: These ants will burrow into wood causing damage. They may compromise any wooden structure in and around a home.

Locusts: Various species of locust can damage plants and crops due to their voracious appetites. **Treehoppers:** These small, green insects mimic the look of leaves, and their appetites can affect crops and gardens.

Red pavement ant: As they feed on all manner of human food, these ants can quickly overtake

areas with their staggering numbers and deliver painful bites.

Grasshoppers: Certain grasshoppers, like the red-legged grasshopper, can decimate food crops and transfer parasites to birds when eaten as prey.

Caterpillars: Many caterpillars, the precursor to adult moths, will feed constantly on leaves, stems and other parts of plants. The tobacco hornworm moth caterpillar can damage potato and tomato plants.

Helpful

Plants depend on insects to transfer pollen as they forage, and many insects are quite beneficial to have around. While some pollinate, others are predators of other pests.

Antlion: A foe of ants, they'll help eat and control ant populations and pollinate flowers. They pose no threat to humans, either.

Big dipper firefly: These colorful insects feast on earthworms, slugs and snails during the larval stage. Fireflies add drama to evening gardens with their twinkling lights.

Garden spiders: Although some spiders can be venomous, many are quite handy to have around the garden. They'll help control pest populations that can damage plants and crops.

Dragonflies: These arial artists that zip around the yard are consuming smaller insects that would otherwise pester plants and humans.

Blue-winged wasp: This wasp attacks the larvae of Japanese beetles, helping to control beetle populations.

Bees and butterflies: Butterflies and bees are some of the best pollinators out there, and each can add whimsy to gardens.

PROBLEMS THAT CAN LEAD TO LAWN DAMAGE

A beautiful lawn is a goal for many homeowners. Some homeowners may find that lovely lawns may last momentarily, only to disappear when damage - be it pest-, weather- or child-related - sets in.

While well-established turf can be resilient, even the most well-maintained lawns can be vulnerable. Preventing lawn damage first involves getting to the root of the problem.

- **Lack of sunlight:** All plants need the proper ratio of sunlight to grow. Too much sunlight and plant blades can scorch. Too little sunlight and grass may turn brown and die. Although there are shade-tolerant varieties of grass, homeowners also can explore alternative landscapes. Work in a garden bed or create a design that utilizes gravel or

mulch. Avoid aggressively pruning back trees to give the lawn more sunlight in that area, as this may just damage the trees.

- **Chemical spills:** Gasoline and fertilizer spills and pesticide applications in high concentrations can cause the lawn to yellow or brown in spots. Carefully refill lawn gas tanks and fertilizer spreaders on the sidewalk or driveway to avoid overflow onto the lawn. If spills occur, flood the area promptly with water to dilute.

- **Foot traffic:** Lawns can take a pounding from foot traffic, leading to compaction and spots of dead lawn. Try to redirect the traffic elsewhere to give worn down areas a break. Aeration can relieve soil compaction. If a certain area has become the de facto pathway, in-

stall a paver, gravel or concrete walkway in that spot.

- **Debris:** Leaving a tool, kids' toys, piece of wood, or any debris on the lawn can quickly suffocate the grass beneath and cause the lawn to die quickly. Make sure that no items are left on the lawn for an extended period of time.

- **Mowing patterns:** Running the mower in the same pattern over and over can cause ruts in the grass that lead to damage, so avoid mowing in the same direction on consecutive cuts. Avoid mowing on very hot days or when the lawn is soggy. Both can cause tracks to form in the lawn.

- **Mowers:** Dull lawn mower blades can damage lawns, as can mowing too fast. Grass blades can be torn,

snapped and more, resulting in brown spots.

- **Wildlife:** Animals and insects can destroy turf roots. Animals or insects may feed on the grass from underneath its surface, compromising the lawn's ability to procure nutrients and water. Animals like moles or raccoons may feed on grubs in the lawn, and treating for grubs can alleviate torn-up turf.

Lawns can be hearty, but they're also highly susceptible to damage. Even seemingly harmless things can compromise the integrity of a lawn. Understanding the causes of lawn damage can help homeowners protect their lawns.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

	4	3						1
1	6		3					4
		2		1	5	6		3
9				3	1		6	
5			7	6	2			
	8					1		
	5			4			9	
		9		5	8		2	1
1			2	7	8	5		

ANSWER:

7	4	3	2	8	6	9	1	5
1	6	5	3	7	9	2	4	8
8	9	2	4	1	5	8	7	3
9	2	4	8	3	1	5	6	7
5	3	1	7	6	2	4	8	9
8	8	7	5	9	4	1	3	2
2	5	8	1	4	3	7	9	6
4	7	9	6	5	8	3	2	1
3	1	6	9	2	7	8	5	4

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
