RCMP SEEK SUSPECTS IN ATTEMPTED CAMPSITE ROBBERY

Submitted by Drayton Valley RCMP

Drayton Valley, Alberta – On June 28, 2017 at approximately 8:00 a.m., Drayton Valley RCMP responded to a report of an attempted robbery with a firearm at the Brazeau Dam Provincial Park Campground. The victims heard a truck back into their campsite and exited their travel trailer to determine what was happening. Once outside their travel trailer, an unknown male suspect pointed a rifle at the victims while another unknown male attempted to attach their flat deck trailer containing two quads to the truck. A third unknown male remained in the driver seat of the truck. When

the suspects were unsuccessful in attaching the trailer to the truck, all suspects got back into the vehicle and sped off.

The three suspects were masked at the time of the attempted robbery and are described as first nation males in their 20's or 30's. The truck used in the incident is described as a white mid 2000's 4-door Ford F350 with a long box, diesel engine, and tinted side windows. Nothing was successfully stolen during this incident and no victims were injured.

Police believe this incident is related to a Break and Enter in Nordegg, Alberta a few hours earlier.

The Drayton Valley RCMP are asking for any information regarding the identity of the suspects or

the location of the truck used in this event. The suspects are considered armed and dangerous and should not be approached. All appropriate resources have been engaged and the investigation is ongoing.

ENABLING ACCESSIBILITY FUND

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that the federal government is currently accepting applications to the Enabling Accessibility Fund (EAF) through Employment and Social Development Canada (ESDC).

The EAF funds organizations, businesses and other eligible recipients to improve accessibility and safety for people with disabilities by supporting the capital costs of renovation, construction and retrofit activities, as well as the provision of accessible technologies in workplaces and communities across Canada.

This year, there are two funding streams:

- Workplace Accessibility Stream – provides funding for small projects that improve accessibility and/or safety for people with disabilities in workplaces.
- Community Accessibility Stream – provides funding for small projects that improve accessibility and/or safety for people with disabilities in communities.

The deadline to apply is July 26, 2017. More information can be found at ESDC's website: www.canada.ca/en/employment-social-development/services/funding/enabling-accessibility-fund.html

"This call for proposals provides an important opportunity to make sure that all residents in our riding of Yellowhead, regardless of their abilities, feel welcome in their workplaces and communities. That is why I strongly encourage all eligible organizations to submit a proposal for this funding," concluded MP Eglinski.

MP EGLINSKI HIGHLIGHTS SMALL BUSINESS TOOL

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to remind local entrepreneurs and business owners of BizPal, an online service that benefits Canadian businesses by helping them identify which permits and licences they require and how to obtain them.

"Looking to start or grow your business? BizPal is an excellent source for

Online Business Permit and Licence information. This one-stop service gives entrepreneurs and business owners a single point of contact to simplify the process," stated MP Eglinski.

BizPal's website (www.bizpal.ca) is easy and convenient, available anytime and guides users through a simple process. Entrepreneurs simply select the business activities they plan to undertake, and BizPal automatically generates a list of required permits and licences from all levels of govern-

ment, along with basic information on each. The list also includes links to the various government websites where entrepreneurs can learn more and, in some cases, apply online.

"Manufacturing, small businesses, and entrepreneurs are cornerstones of our riding's economy. I encourage all new business owners to utilize this tool to ensure they are set up for success," concluded MP Eglinski.

JOKE OF THE WEEK

Walking up to a department store's fabric counter, the pretty girl said, "I would like to buy this material for my new dress. How much does it cost?"

"Only one kiss per yard," replied the male clerk with a smirk on his face.

"That's fine," said the girl. "I'll take ten yards."

With expectation and anticipation written all over his face, the clerk quickly measured out the cloth, wrapped it up, then teasingly held it out.

The girl snapped up the package, pointed to the old man behind her, and smiled, "Grandpa's gonna pay the bill."

BIG THANK YOU TO ENVIRONMENT WEEK 2017 PARTICIPANTS

Submitted by Sherrie Mohr, Corporate Communications | City of Leduc

Nearly 125 family members planted 850 trees at Caledonia Park during the Arbour Day tree planting on Saturday, May 13. Thirty students from Willow Park School planted an additional 200 trees in Willow Park a few days after the tree-planting event. Approximately 400 Grade four students attended the special environmentally-friendly presentation.

The annual Green Gold event held in conjunction with Leduc RONA on May 27 featured free compost and discounted rain barrels and backyard composters. The community shoveled up close to 21 yards of compost, and took advantage of the featured 'green gold' deals – purchasing 79 rain barrels and 16 backyard composters.

The Spring Bird Count recorded 94 species and a total of 1,489 birds. Altogether, 20 people took advantage of the beautiful spring days to learn more about our feathered friends.

In addition to these events, Leduc residents took advantage of free Leduc Transit service on Clean Air Day, June 7.

The final initiative held in support of Environment Week, the art wall at the Leduc Public Library, remains on display throughout June. The art wall features paintings by local artist Shelby Willis and photography by Leduc high school student Abby Oliver. All pieces of art celebrate nature through energetic, unique perspectives.

Environment Week 2017 took place from June 5 through June 11.

For more information about Leduc's environmental initiatives,

email ecosmart@leduc.ca or call the Eco-smart Hotline at 780-980-7107. The Environmental Progress

GOOD BEHAVIOUR CAN BE REWARDING FOR LOCAL YOUTH THIS SUMMER

Submitted by Natalie Lang, Corporate Communications | City of Leduc

Good behaviour is often its own reward, yet for Leduc youth between the ages of five and 21, there will be an added incentive for positive decision-making this summer. The City of Leduc kicks off the 2017 Positive Ticketing campaign, May 31, 2017, with the support of local businesses and community partners.

"We're very fortunate to have so many caring, intelligent and community-minded young citizens who deserve to be recognized for making our city such a fantastic place to be," says Leduc Mayor Greg Krischke. This week, the Standing Committee on Environment and Sustainable Development (ENVI), for which I am Vice Chair, released a report entitled, "A Review of The Canadian Environmental Protection Act, 1999." I presented a dissenting report to the House to express the Conservative Party's opposition to the report's recommendations due to a focus on ideology rather than evidence presented to the committee. To find a copy of the report and for more information on these meetings, visit: www.ourcommons.ca/Committees/en/ENVI

This week, I attended six meetings and four events.

Week of June 19, 2017

Before the House adjourned for the summer, several government bills were pushed through to the Senate. The Liberals also made unilateral changes to the Standing Orders that restrict the rights of Opposition parties.

The following was debated:

- Bill C-17 – An Act to amend the Yukon Environmental and Socio-economic Assessment Act and to make a consequential amendment to another act (Second Reading)

- Bill C-23 – Preclearance Act, 2016 (Third Reading)

- Bill C-36 – An Act to amend the

Statistics Act (Third Reading)

- Bill C-309 – An Act to establish Gender Equality Week (Third Reading)

- Bill C-344 – An Act to amend the Department of Public Works and Government Services Act (community benefit) (Second Reading)

- Bill S-3 – An Act to amend the Indian Act (elimination of sex-based inequities in registration) (Third Reading)

- Bill S-232 – An Act respecting Canadian Jewish Heritage Month (Second Reading)

- Government Motion No. 18 – Changes to the Standing Orders

This week in the Standing Committee on Environment and Sustainable Development, we heard the Spring 2016 Reports of the Commissioner of the Environment and Sustainable Development. For more information on committee meetings, visit: www.ourcommons.ca/Committees/en/ENVI

Throughout the week, I attended four meetings and one event, as well as recorded a radio message. As the House has adjourned until the fall, my summer updates on my time in the riding will be sent on a monthly basis towards the end of each month. If you see me around the riding this summer, please say hi!

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

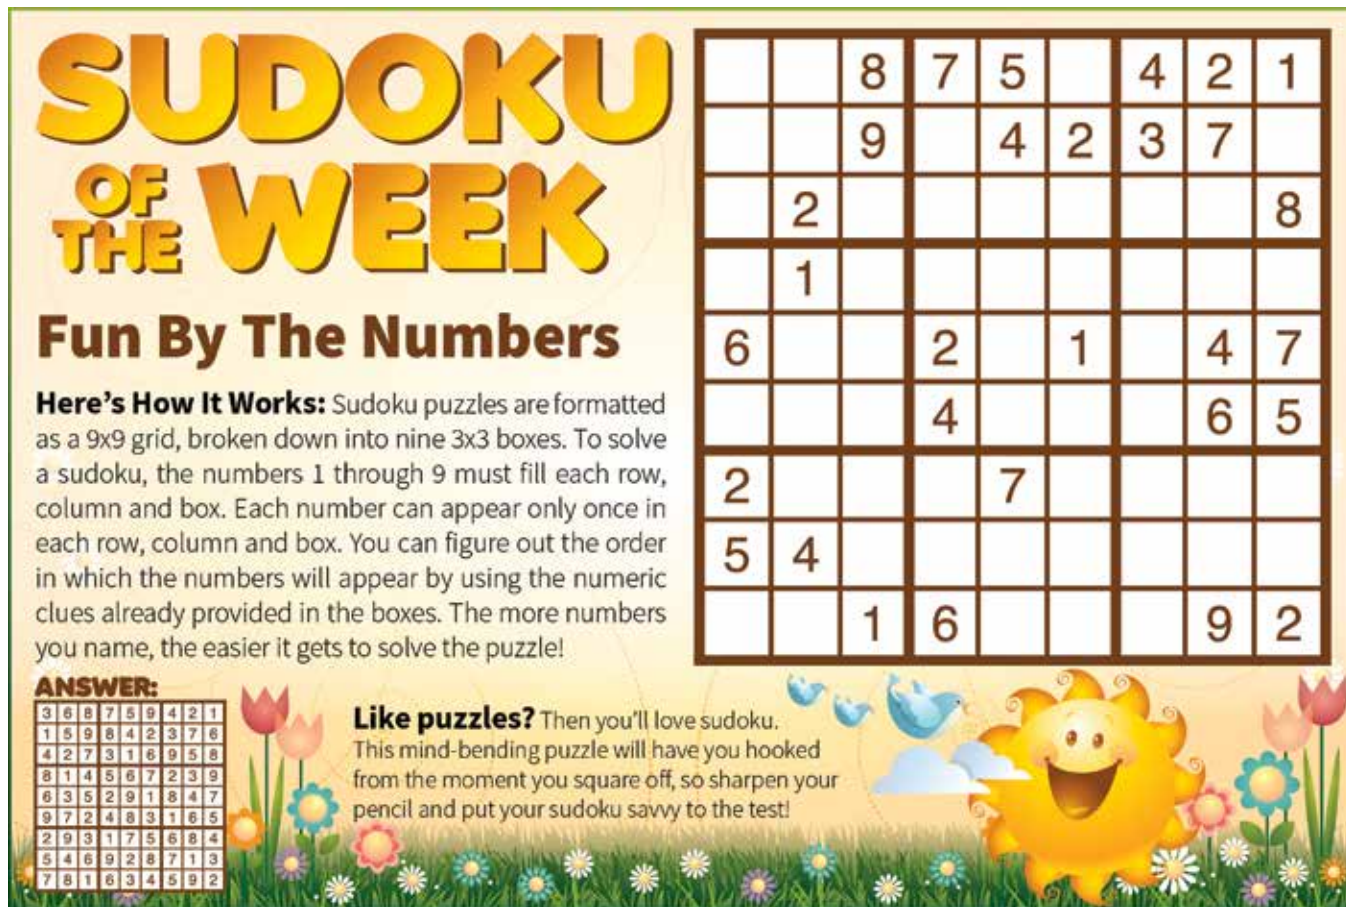

ANSWER:

3	6	8	7	5	9	4	2	1
