## PARENT –TEACHER INTERVIEWS AND SCHOOL COUNCIL INITIATIVES

Submitted by Wanda Pederson | Onoway Junior Senior High School

When parents and teachers have the opportunity to meet and talk, it helps to create a positive relationship that results in everyone working together for the child's best in-

terests. For the parent, the interview will offer a better understanding about their child's academic, emotional, social and physical development at school. In addition, teachers can explain such things as homework expectations, suggest strategies that can be done to improve student performance, and explain how

curriculum outcomes will be met.

On the evening of September 21st from 5 to 8 pm, Onoway Junior Senior High School had the first of four Parent-Teacher Interviews held throughout the year.

## RCMP INVESTIGATE ARMED ROBBERY

Submitted by Whitecourt RCMP

On September 30, 2017 at approximately 3:00 am, Whitecourt RCMP received a call of an armed robbery at the Quality Inn Hotel in Whitecourt. A man walked into the hotel with what a witness believed to be a firearm. He was wearing

a mask, white gloves and grey coveralls. The man left the business with an undisclosed amount of money and walked away in an unknown direction. No one was injured during the robbery.

The Whitecourt RCMP members with the assistance of the RCMP Police Service Dog Unit were able to locate nearby a bag containing

some of the money and the air soft gun used in the robbery. A red Dodge Caliber was seen entering the parking lot and left shortly after. Members attempted to stop the vehicle but were unsuccessful. It is believed the male was picked up by the Dodge.

# RCMP Investigate Armed Robbery

Continued From Page 1

The male is described as being approximately 5'6" tall, 250 pounds, possibly Caucasian.

The Whitecourt RCMP and the Forensic Identification Section (FIS) continue to investigate.

If you have any information about this event, please call the Whitecourt RCMP at 780-779-5900 or call your local Police. If you want to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS), or by internet at www.tipsubmit.com, or by SMS (check your local Crime Stoppers www.crimestoppers.ab.ca for instructions). You do not have to reveal your identity to Crime Stoppers, and if you provide information to Crime Stoppers that leads to an arrest(s), you may be eligible for a cash reward.

## Connecting STUDENTS to a Brighter Future!

Give youth the skills, attitudes, values and beliefs they need to thrive through personal webs of support.

We all have people who impact our lives for the better - people who along the course of our personal journeys have helped us along the way, whether we knew it or not - coaches, pastors, mentors, family members and members of our community.

These people are our anchors and we need them to thrive and

succeed. Our kids need those anchors too! Together, our anchors form our own personal web of supports to cushion our fall, point us in the right direction, advocate on our behalf or lift us back up when needed.

Join us for this special community presentation with child/youth advocate Derek Peterson as we

learn how to foster resiliency and prepare our kids with the tools they need to develop their own "personal village of supports."

**October 5, 2017**  
**Onoway Jr/Sr High School**  
**Doors open at 6:00 pm**  
**Presentation 6:30 pm - 8:30 pm**

Contact Onoway Elementary School or Onoway Jr/Sr High School for more information!

# Parent –Teacher Interviews and School Council Initiatives

Continued From Page 1

This first one, an informal Parent-Teacher Interview, was held upstairs in the Learning Commons. It was an opportunity for staff and parents to meet each other, discuss their student's progress, and get to know each other better in an informal, comfortable setting. The successful turn-out of parents was gratifying to see.

Adding to the evening, the OJSH School Council had a table at the entrance to the Learning Commons, holding a special food drive. Members of the School Council took turns manning the table, collecting food and monetary donations for the OJSH Breakfast Nook. School Council in conjunction with OJSH Administration, supply various types of bread, peanut butter, jams, granola bars, juice and other quick food snacks for students who do not take the time or have the means to have breakfast or a nutritious snack. Studies show that students who have breakfast are better able to pay attention in class. Additionally, some

students stay late at school for clubs or sports activities and benefit from a quick snack that will keep their energy levels up. The Breakfast Nook – located in the Wraparound area – is a very popular and well-used service.

Then, on Monday morning, September 25th, School Council members Melanie Fitzgerald and Laura Harrison met in the entrance for the monthly Coffee Club. Parent volunteers come in the morning on the last Monday of the month from 8:30 - 9:00 am to welcome students to the school by handing out treats such as pencils, mini ice scrapers, candy and chocolate. All parents are welcome to join the Coffee Club - just come in, enjoy a cup of coffee at the office and welcome students at the front door as they arrive at school.

The School Council is composed of OJSH parents invested in the school community - as School Council Treasurer Christine Peck says: "We are here to help students and staff succeed." OJSH is fortunate to have such an energetic and engaged School Council.

# BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR DEVIL'S (MATCHAYAW) LAKE

Submitted by Alberta Health Services - Health Advisory

September 29, 2017

ONOWAY – A blue-green algae (cyanobacteria) bloom has been identified in areas of Devil's (Matchayaw) Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possible.
- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.
- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, including Devil's (Matchayaw) Lake, at any time. Boiling of this water will not remove the toxins produced by blue-green algae (cyanobacteria). An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae (cyanobacteria) is naturally occurring, and often become visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae (cyanobacteria) can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae (cyanobacteria), or who ingest water containing blue-green algae (cyanobacteria), may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Sym-

ptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Devil's (Matchayaw) Lake, until further notice.

Please note that areas of Devil's (Matchayaw) Lake in which the

blue-green algae (cyanobacteria) bloom is NOT visible can still be used for recreational purposes, even while this Blue-green Algae (Cyanobacteria) Advisory is in place.

If you suspect a problem related to blue-green algae (cyanobacteria), or if you require further information on health concerns and blue-green algae (cyanobacteria), please call Health Link at 811. Additional in-

formation is also available online, at [www.ahs.ca/bga](http://www.ahs.ca/bga).

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

# GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool | Onoway Royal Canadian Legion

Monday October 2, 2017

Bob Clark took time from his pre-election campaigning to honor his commitment to organize, help prepare and serve the Friday night corporate meal sponsored by NORM BLAKEMAN'S DRILLING LTD., WJB CONSULTING LTD. AND WILDWILLOW ENTERPRISES LTD. Bob's competent cooking and cleanup crew consisted of Lorne O. and Derald W. (on the BBQ),

Ron W., Marcelle J., Allen P., Diane W., Meila S., Elvina S., Cheryl., Heike P., Wayne H., Randy W. and Liane W. Thanks also to Ric M. for selling draw tickets and Louise B. for making sure refreshments were available. Congratulations to Jeanne Hodgson for winning the free meal voucher, Ted Latimer the meat package and Heike Post the 50/50 draw.

Darts are in full swing with 34 players attending the fun dart night on September 26th. Thanks to Broley Huxley and Neil Gorman for stepping in and organizing the teams as Scott Sadler

was under the weather. The annual Larry Miller Memorial Dart Tournament will be held at the Legion on October 7th. You must be a four person team with at least one member of the opposite sex. Please check out the information posted on the Sports Board for registration information.

There was a two day fun pool tournament held on September 23rd/24th but unfortunately I have not received any information on the winners.

Area "A" Cribbage Legion Pairs will be held on October 15th at the Jasper Place Legion.

If you are Legion members and would like to compete please contact our Sports Director Neil Gorman @ 780-960-4160 ASAP for information.

Grey Cup Pull Tickets are now available for sale. Many Legion members have already picked up their packets and will be busy selling tickets at all of the upcoming events. Tickets will also be available at the Bar.

The handicap ramp along with the steps and landscaping is finally completed and provides safe, easy access for our customers requiring the extra care.

The cigarette butt disposal bin has been moved to the covered deck at the back of the Legion and customers are asked to please refrain from smoking and/or dropping their butts at the front.

Thank you MORAND INDUSTRIES LTD. for agreeing to sponsor the Oktoberfest Meal on Friday, October 13th. This annual supper will be presented by Heike Post, along with her crew, and will also feature music by Bill Heide and Helmuth Hansen. This meal has always been very popular and if you plan to attend reservations are strongly recommended by phoning Lorinda @ 780-967-3640.

**UPCOMING EVENTS:**

October 3 – Fun Dart Night – Drop in darts. Registration from 6:45 to 7:15 pm. Play @ 7:30 pm. You do not need to be a member to play

October 4 – Fun Pool Night – Drop in pool. Registration from 6:45 to 7:15 pm. Play @ 7:30 pm. You do not need to be a member to play

October 6 – No Friday Night Supper

October 7 – The Larry Miller Memorial Dart Tournament

The Legion phone number is 780-967-5361. Please contact Ted Latimer @ 780-967-4980 for hall rentals; Lorinda (Lindy) McCool @ 780-967-3640 to reserve your plate for the Friday Night Supper or to place information in the Legion newsletter; Cheryl Sadler @ 780-967-4146 for membership; Joanne Gorman @ 780-960-4160 to volunteer in the kitchen; Neil Gorman @ 780-960-4160 for sports. See you at the Onoway Legion and have a great week!

*JUST GO TRAVEL announces for Winter 2018...*

## 10-DAY SOUTHERN CARIBBEAN CRUISE

[contactus@justgotrvl.ca](mailto:contactus@justgotrvl.ca)

# **FELLOW VOTERS:**

## **This Municipal Election Make Sure You Are Informed**

### **Did You Know:**

- ❖ If there was a fire or another emergency literally on the wrong-side of the road (for example 47 Ave in Onoway or 46A Ave / Rail Grade Road in Alberta Beach) the closest fire-department WILL NOT be automatically dispatched and if the closest department did respond to the emergency, they'd likely face legal action from Lac Ste. Anne County.
- ❖ During a meeting with representatives of the towns and villages Lac Ste. Anne County Fire Chief Randy Schroeder was said to have stated "Just because you dial 911, don't expect a fire truck to show up every time - we are a volunteer service."
- ❖ As per the Alberta Highway Development Protection Act, all provincial highways are under the jurisdiction, care, and control of the Alberta Government.
- ❖ In a question and answer session at the Alberta Urban Municipalities Association, the Minister of Transportation confirmed "Where the rubber meets the pavement on a provincial highway, the province has jurisdiction."
- ❖ When there is an emergency call out to a provincial highway, the municipality is not stuck with the cost. Fire and Rescue rates are pre-set by the Alberta Government and the bills are paid by Alberta Transportation.
- ❖ Representatives of Alberta Transportation have stated that they do not care who responds to a highway emergency - so long as the job gets done.
- ❖ Last year on highway #37, North West Fire came upon a two-vehicle collision with entrapment, flammable fluids down, and no traffic control. At the request of an Alberta Sheriff and the urging of the Town of Onoway Deputy Mayor, North West Fire rendered aid.
- ❖ As a result of rendering aid on that motor vehicle collision. North West received accolades and thank you's from occupants of both vehicles.
- ❖ Also as a result of rendering aid on highway #37, Lac Ste. Anne County Sued North West Fire for no apparent reason.
- ❖ During negotiations mediated by the Province of Alberta, Lac Ste. Anne County freely admitted that their service levels range greatly from day-to-day due to fluctuating labour resources.
- ❖ As part of the mediated discussions; Alberta Fire Commissioner Spence Sample specifically addressed Lac Ste. Anne County emergency response concerns due to low membership and actively advocated for automatic aid (dispatch both fire services so that help is not delayed for people in need) throughout areas of southern Lac Ste Anne (not just highways).
- ❖ Last fall a mutual aid (not automatic aid) agreement was entered between Lac Ste Anne County and the Town of Onoway.
- ❖ Since the Mutual Aid Agreement came into effect Lac Ste Anne County has never requested mutual aid on a provincial highway.
- ❖ Since the Mutual Aid Agreement came into effect Lac Ste. Anne County still refuses to drop the lawsuit against North West Fire for helping people on highway #37.

It's time Lac Ste Anne County stopped playing politics with people's lives. It's time Lac Ste Anne County stopped wasting administration's time and taxpayers' money fighting a turf-war over egos. Instead Lac Ste Anne should focus on ensuring the best care for anyone and everyone when it's needed.

Ask your candidate: Will he or she put an end to this craziness? Will he or she support automatic aid between Fire departments? Will he or she demand professional respectful behavior from County Managers and Fire Officers? If the answer is yes, have them write it down and hold them to it.

Sincerely Yours,

-David Ives

Sangudo Golden Club	Division #7	4927 – 50 Avenue

In order to vote, you must produce identification for inspection. The identification must be one or more of:

- Photo identification issued by a Canadian government or agency, whether federal, provincial or local;
- Bank/credit card statement or personal cheque;
- Correspondence issued by a school, college or university;
- Government cheque or cheque stub;
- Income/property tax assessment notice;
- Insurance policy or coverage card;
- Letter from a public curator, public guardian or public trustee;
- Pension Plan statement of benefits, contributions or participation;
- Residential lease or mortgage statement;
- Statement of government benefits: e.g. Employment insurance, old-age security, social assistance, disability support, or child tax benefit;
- Utility bill: e.g. Telephone, public utilities commission, television, electricity, gas or water;
- Vehicle ownership, registration or insurance certificate; or
- A letter or form (attestation) confirming that the person lives at the stated address. The letter can be signed by any of the following:
  - authorized representative of a commercial property management company;
  - authorized representative of a correctional institution;
  - authorized representative of a First Nations band or reserve;
  - authorized representative of a post-secondary institution;
  - authorized representative of a facility that provides services to the homeless; or
  - authorized representative of a supportive living facility or treatment centre.

**as required by section 53 of the *Local Authorities Election Act*.**

Dated at the Lac Ste. Anne County Administration Office of 56521 Range Road 65, Lac Ste. Anne County, in the Province of Alberta, this 19<sup>th</sup> day of SEPTEMBER, 2017.

(Returning Officer)

## FIRE PREVENTION WEEK Q&A Can You Answer These Burning Questions?

**Fire safety is often a question of life or death. Test your knowledge with this important quiz. Then share what you've learned with your children, and make sure everyone knows what to do in the event of a blaze by developing a home safety fire escape plan. If your home is not equipped with smoke detectors and a fire extinguisher, be sure to do so during Fire Prevention Week. These devices will help save lives in the event of a fire emergency.**

**Q: Is gasoline a safe way to start a fire in a charcoal grill? A:** No. Instead, use plenty of charcoal, lighter fluid and a long-necked lighter to light the grill.

**Q: Should you use a fire extinguisher to put out a grease fire on the stove? A:** Never. Get everyone outside and immediately call the fire department.

**Q: Most home fires start in which room of the house? A:** The kitchen. In fact, 3 in 10 reported home fires begin in the kitchen.

**Q: What is the number one cause of home fires? A:** Cooking fires. Most cooking fires start with the ignition of common household items in the kitchen.

**Q: Where should you install smoke alarms in your home? A:** Install alarms on every floor of your home, and outside each bedroom.

**Q: What should you do if you're trapped by fire? A:** If your exits are blocked, stay in the room with the door closed. Signal for help by waving a cloth at the window. If there is a telephone in the room, call the fire department and give your location.

# These businesses proudly support our local fire department, and thank our firefighters for all that they do.

# WHAT ARE THE COUNCILLORS RESPONSIBILITIES

Submitted by Lac Ste. Anne Ratepayers Association

## DUTIES OF A COUNCILLOR

Why is it important, as a Ratepayer, to fully understand the Duties of Councillors?

In order to fully understand what the "Duties Of The Councilors" are, one must refer to Alberta Municipal Government Act as the Act (MGA) which is the legislative framework in which all municipalities and municipal entities across the Province of Alberta operate.

As per the Alberta Municipal Government Act the "Duties Of Councilors" Sec 153 of the MGA states:

Councillors have the following duties:

(a) to consider the welfare and interests of the municipality as a whole and to bring to council's attention anything that would promote the welfare or interests of the municipality;

This is important because according to the MGA, municipalities have 3 purposes. That's it. Three. No more, no less. They're pretty simple, too.

Municipalities exist to:

1. "provide good government",
2. "provide services, facilities, or other things", and
3. "develop and maintain safe and viable communities".

You might ask yourself what the other 499 pages of the MGA are all about. Let's just say that three seemingly simple purposes can lead to a lot of technical stuff. The same applies to the "Duties Of Councillors".

(b) to participate generally in developing and evaluating the policies and programs of the municipality;

This is important because Council must represent the wishes and requirements of the Ratepayers. Councils are elected to set Policy and Direction. No one member of Council has the authority to make decisions, nor act individually. All decisions that are required to be made by Council MUST be made by the Majority and must be done by Resolution or Bylaw.

Bylaws and Resolutions can only be passed at a Regular Meeting of Council, or a Special Meeting of Council. This should ensure that the Policies and Programs of the Municipality are Implemented Fairly with the Best Interests of the Ratepayers in mind.

The "Evaluation" of the Policies and Programs really boils down to Performance Management.

Performance measures should be used to report on the outputs and outcomes of each program and should be

related to the mission, goals, and objectives of the municipality.

Performance management and performance measures can help municipalities develop a continuous system of improvement. Consistent performance measures can help reveal when a program or service is not being delivered properly or effectively, which can result in insufficient services to the Ratepayers. It is important for LSAC to be receptive to introducing performance measures to become more focused on outputs and outcomes of a program. Furthermore, performance measurements can also result in positive behavioral change. LSAC should embrace the concept of continuous improvement and be willing to be measured (benchmarked) against outcomes. Establishing a receptive climate for performance measurement is as important as the measurements themselves.

Performance measurements can be integrated to the strategic planning process and budget, which can then help assess accomplishments on a County-wide basis. When used in the long-term planning and goal setting process and linked to LSAC's mission, goals, and objectives, meaningful performance measurements can help identify financial and program results. Performance measures can also help evaluate past resource decisions and facilitate qualitative improvements in future decisions regarding resource allocation and service delivery.

Performance measurements and performance results should be disclosed to the public. This can act as a helpful guide for Ratepayers to understand how LSAC measures performance, thus becoming more Transparent and Accountable.

(c) to participate in council meetings and council committee meetings and meetings of other bodies to which they are appointed by the council;

This is important because that is their Job and the reason they were Elected!

(d) to obtain information about the operation or administration of the municipality from the chief administrative officer or a person designated by the chief administrative officer;

This is "EXTREMELY" important to understand because the Council members are responsible for ensuring that all municipal policies and procedures are fair and fairly applied by staff. Fairness starts at the top and the only employee of LSAC is Our County Manager (CAO) Mike Primeau.

So what does this mean? LSAC Administration as per the LSAC Web Site consists of over 43 Employee's. That is over 43 Employees under the direct supervision and control of the 1(ONE) and ONLY Employee of LSAC, our County Manager, who in turn is under the direct supervision and control of our Elected LSAC Councillors.

The questions that arise are who ensures that the Ratepayers are fairly represented and what procedures are in place to ensure Administration addresses the Ratepayers concerns?

We as the Ratepayers, have no say in who is doing a good job and who may not be doing a good job! In fact we the Ratepayers were declined by the County Manager to review the Performance Reviews of the Administrative Employees that Run our County. That also includes the Performance Review of our only Direct Employee Mike Primeau the County Manager. Not only were we denied to review his Performance Review we were also denied to review his Employment Contract in which our County Councillors just recently extended!

If our Councillors do not ask the right questions and rely solely on the recommendations of the County Manager then we do not have a democracy, we have a dictatorship funded by our tax dollars!

The responsibility folks lies wholly with our elected officials (Our Councillors) to ensure that LSAC Administration is in Fact doing a good Job of running our County.

It is OUR RESPONSIBILITY (the Ratepayers) to ensure our Elected Officials,( the Councilors) are doing their "Job" which is to "Represent the Public" and to consider the well-being and interests of the Municipality!

(e) to keep in confidence matters discussed in private at a council or council committee meeting until discussed at a meeting held in public;

This is important because when discussions and decision making are removed from the public arena, it tends to result in the promotion of private interests and the corruption of proper administration. This does not require any intent to do wrong. Often discussions are held in private because more detailed information can be exchanged and participants can be more candid. People have a natural reluctance to discuss their personal or commercial interests or to criticize others in public. However, private meetings can lead to confusion about the duties of the elected Councillors.

The appearance that decisions are made 'behind closed doors' may also lead to a loss of confidence in council processes and decisions.

The Municipal Government Act requires council and special committees of council to conduct meetings in public, with only limited exceptions. These exceptions include decisions on legal and commercial-in-confidence matters, and personnel or other matters that would contravene privacy provisions if discussed in public.

Consistent with the legislative intention of the MGA, Councillors should, to the extent practicable, conduct council business in public.

(f) to perform any other duty or function imposed on Councillors by this or any other enactment or by the council.

This is important because it just is!

So in closing of this topic please keep this in mind when you attend the forms to choose your LSAC Councillor.

Every time a Municipal Council makes a decision, some person or group of people is affected by that decision. Someone may disagree with the decision, and complain about it.

Ratepayers have the right to expect that their Council and Administration will act in a Fair, Open and Transparent Manner.

Fairness that can be expected from your Councillor consist of ...

- An EXPECTATION on the part of people affected by the Councillors decisions. Trust and respect got the Councillor Elected. Implicit in that trust is the Expectation that they will be fair in their deliberations and decisions.

- An OBLIGATION created by law. What is needed to meet that obligation will depend on the circumstances, but the obligation to be fair relates to both a decision itself and the process by which it was made.

- The STANDARD municipal decision makers set for themselves and their municipalities.

- A GOOD BUSINESS PRACTICE that can help to maintain public confidence, to avoid or reduce conflict, and to protect Council when decisions are challenged.

In addition to all of the above, it is also a SKILL that requires combining some procedural knowledge with COMMON SENSE. It is a skill that can be learnt, improved and perfected with regular practice, and can be passed onto others.

# OCTOBER NEWS FROM THE RICH VALLEY PUBLIC LIBRARY

**Submitted by Regan MacDonald, Library Programmer and Communication Coordinator | Rich Valley Public Library**

This month we are offering the following programs:

Movie Night at Rich Valley Public Library. On Saturday, October 14th, 2017 the Rich Valley Public Library will be showing "Pirates of the Caribbean: Dead Men Tell No Tales" (Rated PG

13). Doors open at 6:00 pm and the movie will start at 7:00 pm in the Yellow Room. Admission is free. Popcorn, licorice, pop and water will be available for sale at cost. Please feel free to bring pillows or blankets to sit on.

On Saturday, October 22nd, 2017 the Rich Valley Public Library will be showing a special Halloween feature "Halloween Town" (Rated PG). Doors open at 2:00 pm and the movie will start at 3:00 pm in the Yellow

Room. Admission is free. Popcorn, licorice, pop and water will be available for sale at cost. Please feel free to bring pillows or blankets to sit on.

Story Time runs Wednesdays from 11:00-11:45 am. Bring your toddlers in on Wednesdays from 11:00 to 11:45 am for stories, activities and crafts. All children ages 0-5 are welcome to join us at this free program. Every third Wednesday of the month we will alternate between

Tents and Tunnels, Play Doh Fun and Lego Building.

Parent and Tots runs Wednesdays from 9:45-10:45 am. Parents and toddlers are invited to play, discover and make friends at this free drop-in program held at the Rich Valley Public Library. All children ages 0-6 are welcome. Snacks, juice and coffee will be provided. This program is funded by FCSS.

Yoga runs Tuesdays at 7:30 pm. Join Melissa, our yoga instructor, in the Yellow Room on Tuesdays from 7:30 to 8:30 pm. The next session of Yoga will run October 17, October 24, October 31, November 7, November 14, and November 21. The third session of Yoga will be announced once the holiday scheduled is confirmed. Yoga is a wonderful way to stay strong and flexible for life. The cost is \$60.00 for six sessions or \$12 per drop in fee. Please contact the library at 780-967-3525 to register or drop in on Tuesdays.

Adult WHIST runs every 2nd and 4th Friday of the month at 7:30 pm for \$2.00 a person. Just drop in and play some cards.

Public Skate - Friday October 20, 2017 from 7:15- 8:45 pm

The Rich Valley Public Library is proud to sponsor the second public skate of the season at the Rich Valley Ag. Join us Friday, October 20 from 7:15 pm to 8:45 pm for hot chocolate, skating and enter your name into our book draw.

Pumpkin Carving - Saturday, October 28, 2017 at 10:00 am

A family favourite! Come on down to the library and carve a pumpkin with family, friends or neighbors. Ages 0-6 will be carving from 10:00 am -12:00 pm. Children ages 7 and over will be from 1:00 -3:00 pm. Register by October 17 at 780-967-3525 or stop by the library for more details.

# MISCHIEF AND THEFT OF ELECTION SIGNS

Submitted by RCMP Morinville

Morinville, AB – The Morinville RCMP have received

complaints that Municipal election signs are being damaged or stolen in Sturgeon County. The RCMP are urging people to be respectful of the democratic

process, and to report anyone stealing or damaging the election signs.

It is a criminal offence to destroy, damage or steal election

signs and the Morinville RCMP takes these complaints seriously and will investigate these matters fully.

## October News from the Rich Valley Public Library

# LETTER TO THE EDITOR RE: NEW COUNTY OFFICE

Submitted by **Dorothy Carlson**

Upon reading the letter to editors and other articles upon the new County office, I find myself writing this reply. I cannot sit by and quietly take it anymore. I have had enough of negative comments.

So I would like to say Yes, the County building is centrally located. Yes, there is lots of space and a few empty offices, but this is for

future expansion. Glad someone thought that way. Yes, there is more than one meeting room but this is so more business can be done in a day. No longer does the staff have to wait to use a meeting room and delay business outcomes. Yes there were coffee stations, but how many were set up for the open house guests.

Upon this how many of you took notice that all departments were under ONE ROOF. Now we can go in

and not be told hold on for someone to be right over or you will have to go down the street to their office building. How many noticed no buckets collecting water from drips from the leaking roof like the old office building had? How many noticed no plastic sheets covering the computers and other equipment to keep things dry? How many of you noticed no one in old closets turned into office space or desks under the stairwell? How many noticed no base board heaters under the staff desks to keep warm?

The biggest thing I did notice on open house day was, there were smiles again. The Staff are work-

ing under one roof efficiently again. They waited a long time for this but I think it was worth it. The staff and councillors are proud of the building. This showed as you asked any of them questions as you met them on the tour. The work atmosphere was high! Does this not mean anything anymore?

Congratulations to all in the County of Lac Ste. Anne, "WE, the taxpayers", have a wonderful building and good working conditions for our staff. Now let the administration and councillor's get back to running the county, it is a business, and quit complaining, IT'S BUILT!

## MAKE LIGHTS SPARKLE

As days get shorter and natural light is less abundant, interior lighting becomes ever more important. Chandeliers, pendant lamps, recessed lighting, and tableside lamps are most effective when they are clean. HGTV experts say dirty lights can give off up to 20 percent less light than clean ones. Dirty fixtures also waste energy.

Lighting fixtures that are within reach are easy to tackle, but what about those fixtures that hang or have multiple crystals, globes or bulbs? These tips can cut down on the time needed to give lights a thorough cleaning.

- Stock up on the right cleaning supplies. Microfiber dusting cloths are smart choices because they can help trap grime and tend to be machine-washable and reusable. Extendable static-charged dusters are another handy item to have around, particularly for fixtures that are hard to reach.

- Dust regularly. Dusting regularly can prevent the buildup of grime that's difficult to wash off. Try to dust light fixtures weekly or biweekly. The more frequent the fixtures are dusted, the less time each cleaning session will take. Soft cloths can remove the dust from most bulbs and exterior surfaces. Lamp shades may need more attention. Use a lamb's-wool duster to attract dirt so it doesn't leave a residue on the lampshade.

- Deep-clean at table level. Deep-cleaning at table level is more manageable. Remove any glass accents and set them out on a cushioned surface so they do not break. Soft cloths dampened with a vinegar solution should remove most of the dirt on chandelier crystals and the globes or outer glass coverings of other types of fixtures. Take a photo of the lighting fixture prior to cleaning so you'll know how to replace removed parts correctly once

everything is clean and dry.

If you cannot remove a fixture for cleaning, use a sturdy stool, a spray bottle with your cleaning mixture and a soft cloth to wipe away the dirt. Remember to place something absorbent beneath the light to catch any drips. Do not spray liquids di-

rectly onto light bulbs; otherwise, you can damage the bulb and the electrical components.

It's best to exercise caution when cleaning lighting fixtures. Turn off the light itself and shut off the circuit breaker to avoid the risk of shock or burns from hot bulbs.

## HOW TO IMPROVE INDOOR AIR QUALITY IN WINTER

Plants can improve indoor air quality by helping to remove harmful irritants from the air.

Homes tend to be stuffer in autumn and winter. As temperatures outside dip, windows are closed and air quality inside homes can

suffer.

Poor indoor air quality can not only be uncomfortable, causing residents to experience headaches, dry eyes and nasal congestion, but also can be unhealthy. According to the American Lung Association,

poor indoor air quality can cause or contribute to the development of infections, lung cancer and chronic lung diseases, such as asthma.

Though it's not feasible or healthy to open windows when temperatures outside dip to near

or below freezing, there are steps everyone can take to improve the indoor air quality in their homes.

· Add to your décor with plants. Plants provide both aesthetic and practical appeal to a home's interior. Houseplants can clean and purify the air in a home, helping to remove formaldehyde, benzene and other toxins that can make indoor air unhealthy to breathe. Benzene is an irritant that can cause dizziness, headache, nausea, and blurred vision, among other side effects. Formaldehyde, which is often found in homes thanks to its widespread use in a range of products, can cause watery eyes, nausea and wheezing.

· Watch what you are lighting up. Many homeowners know that smoking indoors drastically reduc-

## How To Improve Indoor Air Quality In Winter

es indoor air quality, putting even nonsmokers at heightened risk of developing various respiratory ailments. Homeowners concerned about the indoor air quality in their homes should ban smoking inside, no matter how low temperatures dip outside. In addition, homeowners with wood-burning stoves and fireplaces should be especially diligent maintaining these features, as they can release harmful soot and smoke if they are not taken care of. Some people may also be allergic to incense and scented candles, so keep a watchful eye on residents and guests whenever you light candles or sticks of incense. If any symptoms of allergies appear, avoid lighting any more candles or incense, waiting until you can open the windows if you want to light any again.

· Purchase an air purifier. Air pu-

rifiers are beneficial year-round, helping to remove allergens and particles from a home. High-efficiency particulate air filters, known as HEPA filters, are extremely effective at removing airborne particulates from the air inside your home.

· Pay attention to pets. Like their owners, pets tend to spend more time indoors during the winter. That means more fur and pet dander, the skin flakes in an animal's fur or hair that can trigger allergic reactions, is likely in your home during the winter than in the summer. To combat this, bathe your pets regularly in the winter, making sure to wash the animal's bedding in hot water on a weekly basis as well.

· Open the windows when possible. Winter does not typically provide many opportunities to open

the windows, but you might get a few chances to let some fresh air in through the windows during winter. Make the most of these opportunities, and when possible crack the windows when you're cleaning so dust and other particles

that kick up have a path outside of your home.

Clean interior air should be a year-round priority, but homeowners may have to go the extra mile to keep their homes' interior air clean when winter arrives.

# BRING HOME **FIRE SAFETY**

FIRE PREVENTION WEEK IS OCTOBER 8-14, 2017

### JOKE OF THE WEEK

Two men were walking home after a Halloween party and decided to take a shortcut through the cemetery just for laughs. Right in the middle of the cemetery they were startled by a tap-tap-tapping noise coming from the misty shadows. Trembling with fear, they found an old man with a hammer and chisel, chipping away at one of the headstones. "Holy cow, Mister," one of them said after catching his breath. "You scared us half to death -- we thought you were a ghost! What are you doing working here so late at night?" "Those fools!" the old man grumbled. "They misspelled my name!"

## PARLIAMENT UPDATE

### – WEEK OF SEPTEMBER 25, 2017

**Submitted by Jim Eglinski, MP – Yellowhead**

The following was debated in the House:

- Bill C-21 – Act to amend the Customs Act (Second Reading)
- Bill C-47 – An Act to amend the Export and Import Permits Act and the Criminal Code (amendments permitting the accession to the Arms Trade Treaty and other amendments) (Second Reading)
- Bill C-55 – An act to amend the Oceans Act and the Canada Petroleum Resources Act (Second Reading)
- Bill C-58 – An Act to amend the Access to Information Act and the Privacy Act and to make consequential amendments to other Acts (Second Reading)
- Bill C-325 – An Act to amend the Canadian Bill of Rights (right to housing) (Second reading)
- Bill C-345 – An Act to amend the Canada Labour Code (pregnant and nursing employees) (Second Reading)
- Bill S-231 – An Act to amend the Canada Evidence Act and the Criminal Code (protection of journalistic

sources) (Second Reading)

- Private Motion No. 128 – Venezuela

- Private Motion No. 132 – Federally Funded Health Research
- Emergency Debate – Situation of the Rohingyas

On Thursday, I took part in debate on Bill C-55, which deals with the designation of Marine Protected Areas (MPAs). You can read my comments on the corresponding day's Hansard on the House Publications page at [www.ourcommons.ca/en](http://www.ourcommons.ca/en).

In the Standing Committee on Industry, Science and Technology (INDU), we continued the consideration of a draft report for a study on intellectual property and technology transfer. We also heard witnesses for an upcoming study on Canada's anti-spam laws. For more information on these meetings, visit the INDU Committee website at [www.ourcommons.ca/Committees/en/INDU](http://www.ourcommons.ca/Committees/en/INDU).

This week, I attended 11 meetings and four events. I will be back in the riding for the weekend to attend an event in Jasper before returning to Ottawa on Sunday. Look for my update next Friday on the happenings in Parliament.

# A SALUTE TO OUR BRAVEST Stony Plain FIRE DEPARTMENT

## Fire Prevention Patrol

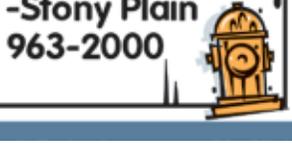

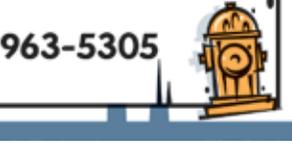

Always keep looking for ways to prevent and protect yourself against fires, especially during

### Fire Prevention Week is October 8-14

Try these helpful tips to get you started with fire safety:

- Replace smoke alarm batteries at least once a year.
- Teach children that fire is a tool, not a toy.
- Replace old, worn or damaged appliance cords.
- Keep matches and lighters in a locked drawer or cabinet, away from small children.
- Test smoke alarms once a month.
- Plan two exits out of every room.
- Always make sure candles, matches and cigarettes are properly extinguished.
- If you believe fire may be outside the room, check the door and doorknob for heat before opening it.
- Practice fire drills at home and at school. Find the fastest, safest exit route.
- In the event of a fire, leave the house quickly and don't go back inside! Call for help from a neighbor's house.

**These businesses proudly support our local fire department, and thank our firefighters for all that they do.**

## **Questions You Should Have an Answer For:**

1. What is your Fire Department's emergency number?
2. What is your fire escape plan?
3. Where is your designated meeting place in the event of the fire?
4. Where is your fire extinguisher located?
5. Are your smoke detectors working?
6. Do you know the closest two emergency exits from your bedroom?

**Fire Prevention Week is October 8-14, 2017**

## DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources & in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.

## Obituaries

KESSIR, Frederick "Fred" Andrew. June 15, 1939 - September 19, 2017

It is with saddened hearts that we say goodbye to our Dad, Grandpa and Great Grandpa, Fred Kessir of Onoway, Alberta. Fred passed away peacefully in his home on September 19, 2017 at the age of 78. Fred is remembered with love by his children, Chris (Gisele), Deborah (Fred), David (Michelle), Bob (Dorothy), Teresa (Jody); His grandchildren; Michele, Tilea, Michael, Graham (Marina), Dylan, Eric, Dawson Jordan, Brooke; His great-grandsons; Jackson and Oliver. Fred is survived by his previous spouse Irma. He is also survived by his brother Alfred (Beatrice) and sister Lorraine (Roy) along with numerous nieces and nephews. He was predeceased by his parents, Ludwig and Lydia, sister Violet (John); his brothers Walter (Ethel) and Lawrence (Shirley). The funeral service was held on September 28, 2017 at 2:00 p.m. at End Time Message Tabernacle, Edmonton, Alberta. We will always carry your memory in our hearts.

Parkland Funeral Services, Stony Plain, 780.963.2520. (1)

**BILL HEGY: a proven, effective leader for Division 2 taxpayers.**

# LET'S CONTINUE THE MOMENTUM

**As a County resident for more than 40 years, I share your love for our region, and I have a vested interest in shaping its future while safeguarding its heritage.**

In my past term as Mayor and Councillor for Division 2, the County has progressed dramatically. We've helped foster more progressive yet practical environmental protections. We've implemented a sustainable road improvement strategy. Perhaps most importantly, I've introduced informed, constructive Council-based decision processes designed to get things done.

Under my watch, County Council has moved forward in a very positive, progressive manner. I'd like to invest my next four years in continuing this momentum, and I'd like to ask for your support to allow me to do so.

As your Division 2 candidate, I pledge to dedicate the next four years to working hard on behalf of my constituents. Up to the election, I plan to visit homes across Division 2 to discuss my track record, my qualifications, and my vision for a better County.

## COUNCIL'S 4 YEARS OF PROGRESS

- Residential tax rates maintained below the average of similar counties
- Policies that vastly improve the quality of budgets, and that enhance Council and public engagement in the process
- A ten-year Capital Infrastructure Plan that gives Council a long range look at infrastructure priorities and planning
- Policies to preserve agriculture lands
- Increased public engagement through open houses on budget and key issues
- Rekindled relationships with our urban neighbours, including completing IDPs and working on pending required ICFs
- Significant improvements to land use development process, including time limitations on repetitive applications

## A PRACTICAL PLAN FOR THE FUTURE

- Continued protection and restoration initiatives for riparian areas to help safeguard the health and beauty of our region for generations to come
- A long-term master plan that supports diverse agri-business, and that helps preserve agricultural lands to keep youth on the land and in the industry
- Exploring the feasibility of developing an agriculture-based commercial park
- Continued work on Intermunicipal Collaborative Frameworks with our neighbours to develop projects and agreements of mutual benefit
