MISSING FEMALE YOUTH

Submitted by Stony Plain/Spruce Grove RCMP

On October 21st, 2017, 14 year old Mataya Vyse was reported as missing by her family. She was last seen by her family during the evening of October 18th, 2017. Mataya Vyse is described as Caucasian, 5'6 ft tall, with a heavy build and long red hair.

She has a homemade tattoo of a key on her forearm and no piercings. Mataya VYSE is believed to be in the Edmonton area.

Stony Plain/Spruce Grove RCMP request the public's assistance to locate Mataya Vyse. If you have any information, please contact the Stony Plain/Spruce Grove RCMP at (780) 968-7267.

MUNICIPAL MAGI GEORGE CUFF INFORMS FOUR COUNCILS AND MAYORS

Yellowhead County Mayor Gerald Soroka (left) thanks George Cuff (right) for his informative talk.

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

George Cuff, known for his extensive consulting experience on a variety of municipal governance topics, recently made his way into Yellowhead County. Mr. Cuff, an accomplished speaker, offered his

boundless knowledge to the county's own council and mayor, as well as the councilors and mayors of three other municipalities: Edson, Hinton, and Mayerthorpe.

Mr. Cuff offered both funny and severe anecdotes regarding failures and successes in municipal governance. But chiefly, his focus was on educating experienced and

George Cuff (at back) presents to council members and mayors.

new councilors and mayors alike about professional conduct, the expectations of municipal governance, what constitutes good governance, and what is outside of the roles of councilors and mayors.

Yellowhead County looks forward to working with its municipal partners in the future.

JOKE OF THE WEEK

A cab driver picks up a nun. She gets into the cab, and the cab driver won't stop staring at her. She asks him why he is staring. He replies: "I have a question to ask you, but I don't want to offend you". She answers, "My son, you cannot offend me. When you're as old as I am and have been a nun as long as I have, you get a chance to see and hear just about everything. I'm sure that there's nothing you could say or ask that I would find offensive." "Well, I've always had a fantasy to have a nun kiss me." She responds, "Well, let's see what we can do about that. But first, you have to be single and you must be Catholic." The cab driver is very excited and says, "Yes, I'm single and Catholic!" "OK" the nun says. "Pull off to the side of the road, maybe we will see what we can do." The nun plants a whopper of a kiss on the cabbie! But when they get back on the road, the cab driver starts crying. "My dear child," said the nun, "why are you crying?" "Forgive me, but I've sinned. I lied. I must confess, I'm married and I'm Jewish." The nun says, "That's OK, my name is Kevin and I'm going to a Halloween party."

EVANSBURG STREET IMPROVEMENT PROJECT COMPLETED FOR THE SEASON

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

Yellowhead County's street improvement program in Evansburg, regarding the replacement of water and sewer mains, and road and sidewalks, has been completed for the season.

The Hamlet of Evansburg Street Improvement program

for 46th and 47th Avenue has been completed for the season. As part of the program, a two-year project warranty period is in effect. During this time, the contractor will be required to monitor and address any issues that arise, including landscaping areas struggling to establish.

In order to encourage the growth of grass, we ask residents to continue to water and

maintain grass in their area. By doing this, weed growth will be minimized and bare areas will fill in. The contractor will monitor these areas and provide additional topsoil and grass seed as needed in the coming year.

We thank you for your patience and understanding during this project. Our consultants, WSP, are compiling a list of issues for the contractor to return and

address. Should an issue arise over the next two years, we ask residents to bring forth their question or concerns via email to dlaboucane@WSP.com or contact (780) 712-5000.

The project area includes:

- 46 Avenue From 48 Street to 50 Street
- 47 Avenue From 48 Street to 51 Street

LETTER TO THE EDITOR

Submitted by Steve Otway

Dear Editor,

I am writing to say thank-you for all the wonderful support I received this recent municipal election in the Division 2 Area around Wildwood. I was truly inspired by the words of encouragement and support received. There is so much to do in our area over the next four years and I will be watching closely to see what may happen.

I recently submitted a suggested paved walking path route around the Village of Wildwood to the County administration for consideration. We have waited too long already for specific suggestions to move this issue forward, while other communities have wonderful paths already completed. This is but one example of an area needing attention.

Many of the issues brought forward today to Council are complex and detailed. As we discussed during the campaign it is important for us all to see some action on the ground in the Division 2 Area to get things done. If we do not see significant progress over the next four years I would be honoured to once again run for Division 2 Councillor to represent our community. Thanks again,

Steve Otway

GYPSED OCTOBER SCHOOL NEWS

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellow-head Public School Division

LOBSTICK ZONE

Grand Trunk High School, Evansburg

September has been off to flying start for the staff and students of Grand Trunk High School. We are pleased to report that our enrollment numbers are up about ten students from our spring projections. During these first few weeks, staff has met with their advisory groups reviewing that the focus of the groups is to give students an opportunity to

complete any missed assignments, write any quizzes or exams, and stay current with all of their academic responsibilities. The advisory group time is also to help develop positive relationships amongst the students across all grades with a staff member in the building. Students are also enjoying a couple of new option choices at both the senior high and junior high level. Agriculture (aquaponics), forensic science, and sociology are new senior high options while at the junior high level, students have choices such as introductory music, communications technology, management and marketing to name a few.

Volleyball season has started at both the junior and senior high level. The senior girls travelled to Vermilion for a tournament the first weekend back. The girls played in ten matches from Friday night until Saturday night, and came home with a bronze medal in the B division, which is the team's best finish since attending this tournament. The senior boys' team went to Rocky Mountain House the following weekend and played extremely well and managed to come home with a fourth place finish. The junior high girls have started their league schedule and have a couple of tournaments planned for their season.

Evansview School, Evansburg
"Look! I got a ladybug!" "Can I have it?" "No, can I have it?..." This was the scene one Friday as Evansview's kindergarten students took their classroom outside for Forest Friday. Ever since that day, they have been out on the prowl for another ladybug; not to mention ants and grasshoppers, too. Despite all the time they have spent outdoors (which is everyday for anywhere between 90 minutes to almost the whole day), they have yet to find that elusive ladybug. As summer turns into fall, that ladybug hunt will most likely turn into something new and just as exciting!

At the end of September, the Kindergarten and Grade 1 students have their first opportunity to attend the biennial Terry Fox Run. Rather than running through town, multi-age teams of students will work together to run laps around the schoolyard in hopes of creating a high lap-count for our school not to mention continuing Terry Fox's dream of a dollar donation for every person in the country.

To close out September, our school will take the time to remember those children who attended residential schools. As we teach our students to be sensitive to the difficulties of those who have come before us, we will cover our school in orange shirts creatively designed by our the members of our community.

October continues to be an action-packed month starting with a M tis-based cultural program led by Ian Porteous meant to build community within our school. The classes will have a workshop with Mr. Porteous and then come together at the end of the day for a final celebration through storytelling and dance. Our storytelling events do not stop there. The Evansburg Public Library has invited Kathy Jessup to come to our school for a presentation, as well.

As students walk, drive or ride the bus to our school, they have witnessed a different kind of story unfolding before their eyes. Evansburg has the privilege of receiving an Emergency Response Building that houses not just the firefighters but also the EMTs and Peace Officers. Fire Chief, Les Schatz, invited the Evansview students to be the first official visitors to the building as we celebrate Fire Prevention Week.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

PARLIAMENT UPDATE – WEEK OF OCTOBER 23, 2017

Submitted by Jim Eglinski, MP – Yellowhead

This week the House of Commons debated the following:

- Bill C-17 – An act to amend the Yukon Environmental and Socio-economic Assessment Act (Third Reading)

- Bill C-24 – An Act to amend the Salaries Act and to make a consequential amendment to the Financial Administration Act (Report Stage)

- Bill C-46 – An Act to amend the Criminal Code (offences relating to conveyances) and to make consequential amendments to other Acts (Third Reading)

- Bill C-49 – Transportation Modernization Act (Report Stage)

- Bill C-343 – An Act to establish the Office of the Federal Ombudsman for Victims of Criminal Acts and to amend certain Acts (Second Reading)

- Bill C-344 – An Act to amend the Department of Public Works and Government Services Act (community benefit) (Second Reading)

- Bill S-211 – National Sickle Cell Awareness Day Act (Third Reading)

- Bill S-230 – An Act to amend the Criminal Code (drug-impaired driving) (Second Reading)

- Motion No. 17 – Ways and Means

- NDP Motion – Minister of Finance and Conflict of Interest Act

On Tuesday, I participated in debate on Bill C-46, which amends the provisions of the Criminal Code that deal with offences and procedures relating to alcohol and drug-impaired driving.

On Wednesday, I spoke on Bill C-49, which substantially amends 13 different Acts and has consequential impacts on three modes of transportation: air, rail, and water.

On Thursday, I gave a statement to thank local candidates who put their names forward for our municipal elections, as well as congratulate those who were elected to office. Later that day, I participated in debate on Bill C-17, which will make development of natural resources more difficult in

the Yukon by slowing down the review process.

Also on Thursday during Adjournment Proceedings, I had the opportunity to raise a question I asked last Friday, calling on the federal government to assist Alberta in our fight against the Mountain Pine Beetle infestation.

You can read my questions and comments in the House on the

corresponding day's Hansard on the House Publications page at www.ourcommons.ca/en.

In the Standing Committee on Industry, Science and Technology (INDU), we continued to hear witnesses for a study on Canada's anti-spam laws. For more information on these meetings, visit the INDU Committee website at [www.ourcommons.ca/Commit-](http://www.ourcommons.ca/Committees/en/INDU)

tees/en/INDU.

This week, I attended 11 meetings and two events, as well as recorded one message. I will be back in the riding for the weekend to attend an event before heading back to Ottawa as the House will continue to sit. Look for my update next Friday on the happenings of Parliament.

GYPSD October School News

Continued From Page 4

Evansview School has become home to many programs above and beyond our kindergarten to Grade 6 programs. The Successful Kids and Families and Evansburg Playschool groups continue their services in a new classroom in our school. In addition to these programs, Family Community Support Services, and Yellowhead County will provide the Circle of Security Parent Program held on Tuesday afternoons. The students and staff of Evansview School want to extend a warm welcome to every community member who steps through our doors. We hope your life is enriched by spending time with us.

Wildwood School, Wildwood
New People! New Spaces! New Pro-

grams!
Wildwood School welcomes a new principal this year, Mr. Mike Gray. Former principal, Mr. Daniel Seitz, has retired and we thank him for his many years of dedicated service. Mike Gray, an educator with a special education background, has been a classroom teacher and administrator for a combined thirty years. Mr. Gray has expressed his intent to be constantly visible in the school and states, "My door is always open!"

Many of the school's physical spaces have been transformed! Drop by the school if you are curious to see the changes. Extra effort went into making each classroom ready for an exciting year of learning. For example, the look of what was formerly known as the library has completely changed. Where

schools were once known to have a central library in their building, individual classrooms now house their own books, often numbering in the hundreds, and the books are tailored to the reading levels of the students of that grade. Today, the giant amount of square footage with a carpeted floor formerly known as the library has become a performing arts based room. In fact students are currently undergoing the process of holding a vote to officially rename the room to match it's new purpose. A big thank-you goes out to everyone who pitched in to help move huge amounts of excess furniture.

Mrs. Shannon Kolotyuk, new to junior high, has spearheaded the creation of The Maker Lab, a shared space with an emphasis on implementing science and technology. The new Maker Lab exists

where the old computer lab was. Stand alone computers have been replaced by portable laptops that students can use anywhere so the expansive counters that used to hold computer workstations are now clear and perfect for doing science, construction or art projects. Fine Arts programming, especially music and singing, has increased in the higher grades. Outdoor education as a junior high option is back at Wildwood School. Teachers have also expanded field trip opportunities for their students with three trips happening by mid month: Pembina Valley Hiking Day, History of Metis Day at Tipple Museum and a Camp WARWA trip.

Niton Central School, Niton Junction
After two months of summer holidays, our Superflex team came back strong and ready to take action. Mr. Meier and the Grade 6 class, worked hard in the first two weeks making fabulous Superflex/Unthinkables costumes in order to put on some performances for our younger students. The goal is to help teach our younger students about the Unthinkables and provide them with entertaining social stories on how to defeat each one. To kick off our assembly, they reviewed the Unthinkables that our students worked to defeat last year. Then we moved on to our current Unthinkable "Space Invader." The students will spend the months of September and October working on defeating Space Invader, before challenging a new Unthinkable.

On September 15, our Grade 2/3 class hosted our annual Terry Fox Run. This year, a group of our Grade 2/3's created the banner for our school and then provided each class with an Adidas running shoe, just like Terry wore on his run across Canada. Each student colored a running shoe and then added it to our banner. On the day of the run, we had our entire school, along with the most community members we have ever had, join us to take part in our run. Not only did we raise money for a great cause, we encouraged school and community spirit.

In September 20th, we hosted our second annual Welcome Back BBQ. This event allows families to come together, meet other parents from their child's class and get to know their child's new teacher. The staff at Niton cooked up some delicious burgers and hot dogs, as well as provided snacks. Then as families arrived, they too brought snacks and goodies to share. Nothing brings people together like a good meal! Despite the rain, we had a wonderful turnout and another successful kickoff to our school year.

Fulham School
There are many things to be thankful for at Fulham this October! We will hold our parent/ teacher interviews this year about one month before report cards go out. This will give parents, students, and teachers time to voice any concerns, find solutions, and see results by report card time. Our Book Fair is a wild west theme this fall and we are hoping for a record-breaking turn-out! A percentage of all book fair sales will go towards new books and fun supplies for our school.

SHELTERBELT TREE WORKSHOP ON OFFER IN NITON

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

If you are planning to plant trees in 2018 and have an aging shelterbelt with pest or disease challenges, you'll appreciate Yellowhead County Agricultural Services' shelterbelt tree establishment and maintenance workshop.

Tara McGinn, Yellowhead County's Agricultural Services Coordi-

nator notes: "Residents who have questions about planning a shelterbelt or the upkeep of an existing one will find the workshop invaluable." The workshop will include information about designing a functional shelterbelt for Alberta, caring for and maintaining trees, pruning and common tree insect pests and disease. The use of stem mining weevils for Canada Thistle control will also be included in the evenings' agenda.

The workshop speaker, Toso Bozic, has 20 years' experience in the agroforestry and woodlot management sector, and will delve into the planning, planting, and maintenance aspects of shelterbelt development and upkeep. In addition, those residents looking for alternative methods of controlling Canada Thistle will find Jessica Watson's advice invaluable. Jessica will explain how using biological control agents such as stem mining weevils

can assist with thistle concerns. The workshop is set for Wednesday, November 22nd from 6 PM to 9 PM at the Niton Community Hall. Snacks will be provided and cost to attend is \$5.00 per person. Please pre-register by November 16. For more information or to register, please contact Yellowhead County's Wildwood Office at 1-800-814-3935 or 780-325-3782.

SECOND MALE CHARGED AFTER INCIDENT ON HAMPSHIRE ROAD

Submitted by Hinton RCMP

A second male has been arrested and charged for alleged involvement in an incident on Hampshire Road on October 5, 2017.

On October 16, 2017 a Hinton RCMP member conducted a traffic stop on Highway 16 in Yellowhead County. An adult male was arrested for outstanding warrants without incident.

Jesse Joseph Levi Leblanc, age 29, of Yellowhead County is facing several charges:

- 1) Forcible confinement
- 2) Aggravated assault
- 3) Assault with a weapon
- 4) Possession of property obtained by crime less than \$5000
- 5) Possession of cocaine for the purpose of trafficking
- 6) Possession of a controlled substance, methamphetamine

Leblanc has been remanded into custody and is due in Edmonton court on October 19, 2017.

As this matter is now before the courts no further information will be provided.

BACKGROUND:

1 male is in custody and an investigation continues on Hampshire Road after a 911 call yesterday afternoon.

On October 5, 2017 at 2:00 p.m.,

Hinton RCMP members were called to the area of Hampshire Road for a male who had been assaulted. The victim was transported to Hospital where he remains receiving treatment for non-life threatening injuries.

On October 6, 2017 at 1:00 a.m., an adult male from Hinton was taken into custody not far from the scene without incident and charges are pending.

4 REASONS FOR A CHECK ENGINE LIGHT

Vehicles rely on many components working harmoniously to function at optimal capacity.

Any number of systems can go wrong, and oftentimes the first indication that something has gone awry is an illuminated dashboard signal.

One such signal is the 'check engine' light. Many drivers have little idea what to do when this indicator lights up, and this light can cause some anxiety. According to Consumer Reports, a check engine light turning on does not usually require immediate action. However, it does mean that you should make an appointment to have the vehicle inspected for potential problems.

Check engine lights are part of a car's onboard diagnostics. The light turning on may indicate something minor, such as a loose fuel cap, or something more se-

Auto TUNE-UP

4 Reasons For A Check Engine Light

rious like a misfiring engine. When the light turns on, drivers wondering why may want to see if the answer is related to one of the following issues.

1. Loose gas cap: Fuel vapors can leak out and air can get in when the fuel cap isn't secured correctly. This can compromise the fuel system and make the check engine light come on. Take off the cap and then reseal it to see if that alleviates the problem. Cracked caps will need to be replaced.

2. Dirty oxygen sensor: A faulty or clogged sensor may not provide the right information about unburned oxygen from the vehicle's exhaust. This sensor monitors how much fuel is burned. Compromised data can cause a

decrease in fuel efficiency. Some do-it-yourselfers can replace an oxygen sensor on their own, but those who can't should have the issue addressed immediately by a professional.

3. Too much speed or load: Towing a trailer or another heavy item may put strain on the vehicle and cause the light to come on because of loss of power. Lightening the load and reducing speed can help fix the problem. Always consult with the owner's manual to determine the towing capacity of your vehicle.

4. Short or faulty code: Computers aren't always fool-proof, and sometimes an electrical short or another similar problem can cause a light to come on. Bring the vehicle to an automotive sup-

ply store. Such stores typically have diagnostics tools that can be hooked into the car's computer and provide a more detailed understanding of what is triggering the check engine indicator.

In many cases, a steady check engine light is not a serious concern. However, when such a light comes on, drivers should try to find out why as soon as possible.

KEY MESSAGES FROM GYPSD'S PUBLIC BOARD MEETING

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellowhead Public School Division

October 18, 2017

Our Board of Trustees is comprised of Brenda Rosadiuk, Chair, Joan Zaporosky, Vice Chair, Ellen Aust, Shirley Caputo, Ken Fate, Fiona Fowler and Dale Karpluk

Trustees held their annual organizational meeting prior to the start of today's Public Board

meeting. Incumbent Brenda Rosadiuk was re-elected as board chair for the 2017-18 school year and incumbent Joan Zaporosky was also re-elected to the vice chair position. During the meeting, trustees also re-established their committee assignments for the upcoming year.

The board approved up to \$6,800 towards assisting expenses for members of the new Superintendent's Youth Council to attend a student engagement ses-

sion in Edmonton Student Voice 2017 with the Public School Boards' Association of Alberta. GYPSD fully supports Alberta Education's belief that student voice plays a critical role in shaping every level of the education system and the educational experience. The Superintendent's Youth Council will allow high school students to build positive working relationships with others across the division, lead by example in their schools, provide

valuable input on education initiatives and participate in leadership opportunities. As part of their fiscal responsibilities as trustees, the board also received a report on the last six years of financial support that has been forwarded to assist various student initiatives and events.

A detailed update from transportation services included information on the current student ridership, number of ineligible students currently being transported, waiting lists and ride times. Grande Yellowhead has 2,599 students registered on 53 school bus routes with ineligible riders equalling 9% of the total ridership, or 287 students. This week is School Bus Safety Week and Chair Rosadiuk thanked all GYPSD drivers who work hard to ensure that our students arrive safe to school.

A number of facility maintenance projects will have the green light this year including the installation of new LED lighting in some gymnasiums, painting, and partial heating and ventilation upgrades. For the 2017-18 school year, Grande Yellowhead received their annual Infrastructure Maintenance and Renewal funding in the amount of \$1.7 million. An amount for the replacement of flooring and roofing plus a contingency fund are also included in the department's expenditure plan for the current year.

Trustees discussed the possible financial impacts to schools and the possible reduction of learning opportunities as a result of the province's announcement of a 45 credit cap for high schools. The 45 credit cap may impede the ability of boards to generate revenue from summer school, alternative/enhanced learning, and dual credit opportunities to offset operating expenses as schools will not receive any funding over and above the limit. Trustees will be bringing this concern forward for further discussion with other school boards at the provincial level.

MP EGLINSKI PUSHES FOR ACTION ON PINE BEETLE

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: On October 20th, in the House of Commons, Jim Eglinski, Member of Parliament for Yellowhead, again asked the Liberal government what their

plan was to stop the Mountain Pine Beetle from spreading.

“Mr. Speaker, Alberta is getting eaten alive. Jasper Park is turning brown due to the pine beetle infestation. Now they are fed up with Parks Canada and are moving into the foothills

region, from 40,000 trees last year to over 500,000 this year. Our previous Conservative government gave \$8 million to fight this.

What is the Minister of Natural Resources going to do to stop the pine beetle from attacking

our forests?”

MP Eglinski will continue to press the federal government to stop the spread of the mountain pine beetle.

For more information: Jim Eglinski, MP 613-992-1653

FUNDS FOR CLASSROOM IMPROVEMENT

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellowhead Public School Division

Grande Yellowhead Public School Division is pleased to have received approval for their Classroom Improvement Funding (CIF) proposal as part of the province’s central agreement reached with the Alberta Teachers’ Association in May of 2017. School boards and teachers have until December 15, 2017 to submit their proposals for the fund and all the money must be spent by the end of the 2017-18 school

year. GYPSD submitted their proposal after their CIF committee, comprised of management, trustee and teacher representatives, collaborated to develop the parameters around the \$594,000 grant which is the division’s share of the province’s \$75 million classroom improvement fund.

As a member of the division’s CIF Committee, Chief Deputy Superintendent Ewen Murray believes that the approved proposal will greatly support teacher efficacy when dealing with challenges in their classroom. “Our project centers around pro-

fessional development (PD) as the committee felt that providing augmented PD, along with maker spaces and sensory room materials and resources, will have the greatest impact in our schools, and for our students.”

The committee formally met to review the grant proposal and process on June 22, 2017, and developed a survey to assess teachers’ wants and needs that was sent to division principals in August. Murray continued. “Three clear areas of focus came from the survey: new or augmented professional development opportunities in local

communities; maker space/digital library resources and new equipment/ tools to support self-regulation strategies in sensory rooms.”

Almost 80% of the funds, approx. \$475,000, will go towards new materials or non-capital equipment for individual schools, with the balance for in-house teacher professional development initiatives.

The province will be paying the CIF grant funding in equal monthly installments beginning October 2017 and ending August 2018.

MP EGLINSKI SPEAKS ON SUSTAINABLE DEVELOPMENT

Submitted by Jim Eglinski, MP - Yellowhead

directive,” stated MP Eglinski. “The commissioner concluded that the directive has not been applied to almost 80% of the proposals, which is a clear failure by the Liberals.”

OTTAWA: On October 18th, Jim Eglinski, Member of Parliament for Yellowhead, took part in debate on Bill C-57, An Act to amend the Federal Sustainable Development Act.

MP Eglinski also pointed towards a recent government-sanctioned hunt in Jasper National Park, the lack of progress on pipelines, the proposed tax changes, and the massive debt incurred by the Liberals as proof that the current federal government is unable to make long-term and sustainable decisions for Canadians.

The Federal Sustainable Development Act provides a legal framework for developing and implementing a Federal Sustainable Development Strategy (FSDS) that makes government environmental, economic and social decision-making more accountable to Parliament. Bill C-57 proposes to expand the number of departments and agencies accountable to the Act from 26 to more than 90, as well as require those departments and agencies to prepare implementation strategies and report on their progress.

“Sustainable development is important to the future of Canada and our grandchildren. Not only should environmental factors be considered, but social and economic pillars should be considered. . . . Going forward, I hope the government will honestly consider sustainable development throughout its departments when drafting new proposals,” concluded MP Eglinski.

MP Eglinski was critical of the Liberal Government's ability to implement sustainable policies.

“In a recent report . . . tabled by the Commissioner of the Environment and Sustainable Development, the minister and her government were given failing grades in applying a cabinet

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

7	9	4	2	1	6	3	5	8
8	3	2	5	7	9	4	1	6
6	5	1	3	8	4	7	2	9
9	8	3	7	2	5	6	4	1
4	1	6	8	9	3	2	7	5
5	2	7	6	4	1	9	8	3
2	7	5	9	6	8	1	3	4
1	6	8	4	3	2	5	9	7
3	4	9	1	5	7	8	6	2

	9			1	6	3		
			3	8	4	7	2	
9				2	5			1
4		6		9	3			5
5	2			4				3
				6		1		4
		8	4	3	2	5		
					7			

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
