Every year, Albertans celebrate our seniors and you are encouraged to join those festivities across the province. Your participation in Seniors Week helps highlight and show appreciation for the Alberta seniors who have helped shape where we live, work and play.

Do you have Seniors Week events happening in your community? Register them with the

Alberta Government's Seniors and Housing Events Calendar: <http://www.seniors-housing.alberta.ca/events/>.

Communities are also encouraged to show their support for seniors in their areas by officially declaring Seniors Week each year. To register your declaration, email seniorsinformation@gov.ab.ca.

Local Counties Announced as Finalists in Smart City Challenge

Continued From Page 1

Over 200 communities, large and small, from across Canada submitted their ideas to the Smart Cities Challenge. An independent panel of 13 jury members evaluated these submissions and has selected twenty finalists.

"I was excited to learn that four of our very own counties have been selected to move on to the next step of the challenge," stated MP Eglinski.

Parkland, Brazeau, Lac Ste Anne and Yellowhead Counties all teamed together to submit a proposal that would help their "agricultural

community to revitalize and grow through the connection of people to the land and food while attracting citizens to share in its prosperous, innovative and resilient way of life."

The counties' submission is one of ten in the prize category for up to \$10 million that was open to communities with populations under 500,000 people. Out of the ten finalists in this category, two will be selected.

In the next and final stage, each applicant group will receive a \$250,000 grant to help develop its final proposal that outline all design, planning, privacy, data protection

and project management components of their plans. The grant can be used for activities such as staffing, professional services, feasibility assessments, capacity building, pilot projects, community engagement and communications, data, and relevant training.

The winners are expected to be announced in the spring of 2019.

"Congratulations to our counties on their grant and the best of luck in this final stage of the challenge!" concluded MP Eglinski.

JOKE OF THE WEEK

Fred is 32 years old and he is still single. One day a friend asked, "Why aren't you married? Can't you find a woman who will be a good wife?" Fred replied, "Actually, I've found many women I wanted to marry, but when I bring them home to meet my parents, my mother doesn't like them." His friend thinks for a moment and says, "I've got the perfect solution, just find a girl who's just like your mother." A few months later they meet again and his friend says, "Did you find the perfect girl? Did your mother like her?" With a frown on his face, Fred answers, "Yes, I found the perfect girl. She was just like my mother. You were right, my mother liked her very much." The friend said, "Then what's the problem?" Fred replied, "My father doesn't like her."

(Time Allocation)

- Bill C-262 – United Nations Declaration on the Rights of Indigenous Peoples Act (Third Reading)
- Bill C-281 – National Local Food Day Act (Second Reading)
- Bill C-391 – Aboriginal Cultural Property Repatriation Act (Second Reading)
- Government Motion No. 22 – Extension of Sitting Hours

- Bill C-396 – An Act to amend the Department of Industry Act (financial assistance) (Second Reading)

On Tuesday, I made a statement in the House calling on the Federal Government to increase their efforts to bring Widlene Alexis Earl

home to Canada so she can be with her adoptive parents, grandparents, and friends. I also encouraged my colleagues to give lots of hugs on May 31, in honour of an initiative started by Niton School's grade one class. You can watch my statement on my Facebook page (@jimeg-linski.mp).

On Thursday evening, I asked a question during the debate on Bill C-47, which attempts to bring Canada into line with the UN Arms Trade Treaty, also known as the ATT. Canada already has a responsible internal system to monitor and control the export of military and security equipment that meets or exceeds the UN Treaty. We do not need more red tape on firearms. Instead, the federal government should be focusing on how to address the issue of rural crime.

You can read all comments,

speeches, and debates in the House on the corresponding day's Hansard at www.ourcommons.ca/en.

In the Standing Committee on Canadian Heritage (CHPC), we continued our review of the Copyright Act, as well as unanimously passed Bill S-218, Latin American Heritage Month Act. For more information on these meetings, visit the CHPC Committee website at www.ourcommons.ca/Committees/en/CHPC.

This week, I attended 11 meetings and three events, as well as recorded two messages. I will return to Yellowhead over the weekend to attend events in the riding. I will fly back to Ottawa on Sunday as the House will continue to sit for three more weeks before the summer break. Look for my next update on the happenings of Parliament.

This year, 21 awards will be pre-

sented at the December 5, 2018 award ceremony on International Volunteer Day. Regional award recipients will be eligible to identify a not-for-profit organization to receive a \$5,000 grant, and the national award recipient will be eligible to identify a not-for-profit organization to receive a \$10,000 grant.

Nominations are being accepted in the following categories:

- One national award – Thérèse Casgrain Lifelong Achievement Award, for individuals who have volunteered for at least 20 years;

- Five regional awards – Social Innovator, to recognize the contributions of not-for-profit organizations.

The deadline for nominations is June 15, 2018.

"I know we have many volunteers in our riding of Yellowhead and there are a lot of community programs that would not be possible without them. If this call for nominations reminded anyone of a specific individual or organization, I encourage them to fill out a nomination form and make sure they are recognized for their efforts," concluded MP Eglinski.

CALL FOR PROPOSALS – NEW HORIZONS FOR SENIORS

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that Social Development Canada has launched the New Horizons for Seniors Program (NHSP) 2018-2019 call for proposals for Community-based Projects.

Programs like NHSP not only encourage seniors to stay involved in their community, but also increase their social participation and inclusion. This is key to enhancing their

well-being and quality of life, as well as to enable them to stay active and share their knowledge, skills and experience with other community members.

The NHSP call for proposals, open until June 15, 2018, is seeking proposals for projects led or inspired by seniors. Organizations are invited to apply for funding, under the following three national priorities, for projects that empower seniors to initiate and participate in activities that:

- benefit vulnerable seniors popu-

lations,

- focus on diversity of Canada's seniors; and

- will promote volunteerism to increase an organization's capacity.

Eligible organizations can receive up to \$25,000 in project funding. Starting this year, organizations that have not benefitted from NHSP funding during the last five years can receive up to \$5,000 as part of the new small grants pilot project.

"I strongly encourage all local organizations to submit applications for this funding. These activities

empower seniors, enabling them to pursue an active lifestyle, expand their social network and explore new learning experiences that will better equip them to face the challenges of our rapidly evolving society," concluded MP Eglinski.

For more information and the online application, visit: <https://www.canada.ca/en/employment-social-development/services/funding/new-horizons-seniors-community-based.html>

GREEN FREIGHT ASSESSMENT PROGRAM

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform transport companies with Heavy-Duty Vehicle (HDV) fleets that Natural Resources Canada has launched the new Green Freight Assessment Program (GFAP).

This program offers contributions of up to \$10,000 for Canadian companies to review the state of their

fleets to help make informed decisions to reduce their fuel costs, and their greenhouse gas emissions.

"Industry consultations have identified financial challenges and lack of information as the main barrier for implementing emission-reducing strategies. This program aims to help eliminate these barriers," stated MP Eglinski.

The assessment will determine the company's performance baseline and build scenarios to test strate-

gies to identify solutions for poor performing areas of their fleet and operations. This assessment will not only look at the fleet portrait as a whole, but also identify behavioural and operational opportunities that may be available to optimize business operations.

Successful program applicants who complete an assessment will be considered for participation in a Pilot Implementation Project, providing additional funding to help

finance solutions as outlined in the assessment.

"The recommendations that come out of these assessments will help business owners and operators make informed decisions to ultimately reduce operating costs and increase profits while having a positive impact on the environment," concluded MP Eglinski.

The deadline to apply is June 15, 2018. To apply, visit: gfap-peeft.nrcan-rncan.gc.ca/

RIDING UPDATE – WEEK OF MAY 14, 2018

Submitted by Jim Eglinski, MP – Yellowhead

Parliament was down for the week and I was happy to spend some time in the riding. I spent most of the week in the Edson office, meeting with constituents, returning phone calls, and planning my summer travels throughout Yellowhead.

On Saturday, I will have the pleasure of attending the Big Horn Rodeo Parade, hosted by Caroline's Chamber of Commerce. With the theme Wild, Wild West, I am sure there will

be a lot of cowgirls and cowboys! With rodeo season entering full swing, I want to encourage everyone to come out this summer and support your community's local stampede.

I also want to remind everyone that I am always an email or phone call away. Since my re-election to office in 2015, I have met many of you in my travels throughout the riding. Please never hesitate to get in touch with my Edson office should you require federal assistance, wish to meet with me, or are holding an event you would like me to attend. Also, if you find yourself in Ottawa, don't forget to contact my Ottawa office and I would be more than happy to welcome you, arrange a tour of Parliament, and reserve tickets for you to attend Question Period.

I will return to Ottawa on Sunday, as the House of Commons is scheduled to sit for the next five weeks before the summer break.

PARLIAMENT UPDATE – WEEK OF MAY 21, 2018

Submitted by Jim Eglinski, MP – Yellowhead

This week, we covered many topics including sustainable development, electoral reform, rural crime, and net neutrality. We will now be sitting until midnight every evening (except Fridays) as the House will only sit for four more weeks before the summer break.

The following was debated in

the House:

- Bill C-47 – An Act to amend the Export and Import Permits Act and the Criminal Code (amendments permitting the accession to the Arms Trade Treaty and other amendments) (Report Stage)
- Bill C-57 – An Act to amend the Federal Sustainable Development Act (Report Stage)
- Bill C-75 – An Act to amend the Criminal Code, the

Youth Criminal Justice Act and other Acts and to make consequential amendments to other Acts (Second Reading)

- Bill C-76 – Elections Modernization Act (Second Reading)

• Bill C-330 – An Act to amend the Controlled Drugs and Substances Act (landlord consent) (Second Reading)

- Motion No. 167 – Rural Crime in Canada

- Motion No. 168 – Net neutrality

• Committee of the Whole – Department of Finance – Main Estimates, 2018-19

• Committee of the Whole – Department of Citizenship and Immigration – Main Estimates, 2018-19

• Government Business No. 22 – Extension of sitting hours and conduct of extended proceedings

On Thursday, I participated in debate on Bill C-57, which was originally passed by our previous Conservative Government and aims to make decision-making related to sustainable development more transparent, more certain and subject to greater accountability. I stated:

“I will stand in this House all day long and wave the fact that I think Canada—the provinces of B.C., Alberta, Saskatchewan, and Manitoba, and even a little has been done in Ontario and Quebec—has the greatest, strongest environmental standards in the world, and we produce the cleanest energy, regardless of what it is, whether it is coal, oil, or gas.”

You can read comments, speeches, and debates in the House on the corresponding day's Hansard at www.ourcommons.ca/en.

In the Standing Committee on Canadian Heritage (CHPC), we continued our study on gender parity on the boards and in the senior leadership of Canadian artistic and cultural organizations. We also began our review of the Copyright Act, as well as began consideration of a draft report on the state of Canadian museums. For more information on these meetings, visit the CHPC Committee website at www.ourcommons.ca/Committees/en/CHPC.

This week, I attended seven meetings and one event. I will return to the riding over the weekend to attend events in Grande Cache, Edson, and Carleton Place. I will fly back to Ottawa on Sunday as the House will continue to sit. Look for my next update on the happenings of Parliament.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

4	9	2	5	6	1	8	7	3
6	3	8	9	7	2	1	4	5
7	5	1	8	4	3	9	6	2

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
