ONOWAY CENOTAPH LATEST STEP IN LEGION IMPROVEMENTS

The cenotaph looks a bit different now. On the other side of the Legion, an extra base level pays homage to various conflicts where local veterans participated. The extra base also allows more space for wreaths on Remembrance Day.

Submitted by **Richard Moses, VP | Onoway Royal Canadian Legion**

With the move of the cenotaph to the other side of the entry, another

The community came together to get the cenotaph into its new location, with coordination by Lorne Olsvik. Thanks to Larry Morill for the use of Morand Industry's forklift, and Grant Robinson of IEI for doing the work, the cenotaph was lifted from its old position, and carefully placed on its new base.

step has been taken in making the Legion more accessible, and better for the community at large.

The entire project, led by Bob Clark, began with a decision to install a weather-resistant ramp to

the front door. It also included an upgraded glass entry to provide better access to the building. Many of the sponsored suppers over the past few years helped fund these much-needed changes.

BLUE-GREEN ALGAE BLOOM ADVISORY ISSUED FOR LAC STE. ANNE

Submitted by **Alberta Health Services**

ONOWAY – A blue-green algae (cyanobacteria) bloom has been identified in areas of Lac Ste. Anne. Residents living near the shores of this lake, as well as

visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possible.
- Do not swim or wade (or al-

low your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

Blue-Green Algae (Cyanobacteria) Bloom Advisory Issued For Lac Ste. Anne

Continued From Page 1

• Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, including Lac Ste. Anne,

at any time. Boiling of this water will not remove the toxins produced by blue-green algae. An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae is naturally occurring, and often becomes visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae can be blue-green, greenish-brown, brown, and/or pinkish-red, and of-

ten smell musty or grassy.

People who come in contact with visible blue-green algae or who ingest water containing blue-green algae may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions

can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Lac Ste. Anne, until further notice.

Please note that areas of Lac Ste. Anne in which the blue-green algae bloom is NOT visible can still be used for recreational purposes, even while this blue-green algae Health Advisory is in place.

If you suspect a problem related to blue-green algae or if you require further information on health concerns and blue-green algae, please call Health Link at 811. Additional information is also available online, at www.ahs.ca/bga.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

OPEN LETTER TO THE RESIDENTS OF ONOWAY

Submitted by Richard Moses, VP | Onoway Royal Canadian Legion

The Onoway Legion Branch 132 has heard rumours recently from many people that we plan to take over the Community Hall as our Legion building. We, the executive and members, want to say these rumours are false!

The Legion is satisfied with our present facility. Unofficially, some people think the present Legion building might make a good daycare, but other buildings in town could also suit that purpose.

The Legion is NOT interested in changing locations, in spite of talk to the contrary. We assure the community we have no plans to move! We are exploring ways to upgrade our building to meet our long-range needs, but

this planning has just begun. We recently made the building more accessible, moving our cenotaph in the process, but anything else could take years.

We want the rumour mill to provide accurate information. We are confident the Onoway community will continue to support Onoway Legion Branch 132, so that we, in turn, can continue to contribute to the community at large as we have for 80 years.

JOKE OF THE WEEK

A little girl opened the door to her teacher.
'Are your parents in?' asked the teacher.

'They was in', said the little girl,
'but they is out now.'

'They WAS in! They IS out!' exclaimed the teacher.
'Where's your grammar?'

'Oh, she's in the front room watching the telly.'

WHITECOURT TOWN COUNCIL UPDATE

Submitted by Tara Galant, Legislative Manager | Town of Whitecourt

August 24, 2018

Town Council encourages you to share your thoughts on projects and services at the 2019 Budget Public Input Session.

The session is scheduled during the Regular Meeting of Council.

Monday, September 24 at 7:00 p.m.

Forest Interpretive Centre – Council Chambers

3002 – 33 Street, Whitecourt
 If you are unable to attend the September 24 input session, please submit your written comments to the following address by 12:00 noon on Wednesday, September 19:

Town of Whitecourt
 Box 509, 5004 52 Avenue
 Whitecourt AB T7S 1N6
 administration@whitecourt.ca

All comments received regarding the 2019 Budget will be considered by Council during budget deliberations.

It is anticipated that the pos-

session, sale and consumption of cannabis for recreational use will be legalized by the Government of Canada on October 17, 2018. In preparation for this, the Town of Whitecourt has been working to determine guidelines surrounding consumption within our community. At the August 21 Regular Meeting, Council gave first reading to an amendment to the Community Standards By-law to include prohibitions and provisions for the consumption of cannabis. The proposed By-law amendment would expand

proposed provincial regulations regarding consumption in public places. We want to hear what the community thinks of the proposed guidelines, and invite you to attend a Public Open House to learn about the proposed bylaw changes, and provide your feedback on the topic.

Thursday, September 20
 6:00 to 8:00 p.m.

Forest Interpretive Centre
 3002 – 33 Street, Whitecourt
 Reroofing of the Scott Safety Centre and Carlan Services Community Resource Centre will begin soon. Council awarded tenders for the projects to CCS Contracting and West point Roofing respectively.

The Whitecourt Fire Department has been selected by the Office of the Fire Commissioner to host one of the Province's Structural Protection Trailers that will serve our region. The trailer contains sprinklers, hoses, and auxiliary equipment that would be required to protect structures during a fire. The Whitecourt Fire Department will be training members to the provincial standard for the structural protection program, and if required will deploy a 2 or 3-member team to neighbouring communities when required.

Councillor Matt Connell has been appointed Deputy Mayor from September 1 through December 31, 2018.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

NOTES FROM THE ONOWAY LEGION

Submitted by Richard Moses, VP | Onoway Royal Canadian Legion

No Dinner on Long Weekend

Our volunteers deserve a long weekend too, so there'll be no meal served on Friday, August 31.

Buon Appetito

It's amore for Italian on Friday, September 7, when Sherry Brown serves her popular lasagna complete with garlic bread,

caesar salad and dessert.

Adults pay \$15. Doors open at 3, with the lasagna served from 5:30 to 7 pm. To ensure enough food is prepared, reservations are recommended. Call Louise at 789-340-0760, or leave a message on the Legion answering machine at 780-967-5361.

Every meal ticket comes with a chance to win a free meal. Adults can also buy raffle tickets on a delicious meat package, or take a chance on the 50:50

draw. Back by popular demand is Chase the President. This progressive jackpot (formerly know as Chase the Queen) increases in value each week there's no winner, while the chances of winning get better each week. You could be the big winner.

Famous Ribs are Served Again

Mark your calendar for dinner at the Legion on Friday, September 21. Blakeman Drilling

is sponsoring Lorne Olsvik and Bob Clark's famous ribs. These delicious melt-in-your-mouth ribs will be served with baked potato, maple-glazed carrots, Caesar salad garlic bread and dessert.

These meals fill up quickly, so make sure you reserve your spot! Call Louise at 789-340-0760, or leave a message on the Legion answering machine at 780-967-5361.

Pool Nights Begin

The balls will be racked again on Wednesday, September 5, for the weekly pool competition. Each Wednesday, drop-ins are welcome for a friendly game of pool. It's round-robin play for 8-ball, with Legion rules, not bar rules. Registration is at 7, and play begins at 7:30, every week from September to May. Tournaments are also held regularly.

Qualifications for the Legion singles pool league will begin on September 12. Contact Larry Villneff at 780-945-0600 for details.

Rack 'em up

Want to play a friendly game of darts each week, or occasionally? Beginning on September 11, and very Tuesday after that, dart enthusiasts gather at the Legion to throw and enjoy the camaraderie. Games begin at 7, but please arrive a bit early so you can be assigned to a team. Cost is just \$3 each week, plus some kind of snack if possible. The bar is always open.

Volunteers Desperately Needed

The legion is in urgent need of volunteer kitchen staff, helping out the team leader with prepping, serving and cleaning up of a Friday dinner. Training and mentoring is always available for volunteers, so don't hesitate if you think you can help. Come with a friend, or come alone. It's actually a lot of fun, and we'll accept whatever time you have available. Phone the legion at 780-967-5361, or talk to any legion member to learn how you can contribute and help ensure the Friday dinners continue.

ARMED ROBBERY AT SCOTIABANK

Submitted by St Albert RCMP

File: 2018 – 1238787

St. Albert, AB – At approximately 12:00 p.m. (noon) on Monday, August 20, 2018, St. Albert RCMP received a report of an armed robbery at the Scotiabank on Hebert Road in St. Albert. Immediate attendance by RCMP found that the lone suspect had left the area with an undisclosed amount of money. The suspect is alleged to have entered the bank, shown a black handgun and demanded money from the teller. St. Albert RCMP General Investigation Section, RCMP General Duty Section, K Division RCMP Forensic Investigative Section and K Division RCMP Police Dog Section were all involved in this investigation.

RCMP are now asking for the help of the public in identifying the man responsible for this crime. He is described as:

- Male, about 21 to 28 years old
- dark complexion, possibly African descent
- dark eyes, with black hair with a 2 inch “afro” cut
- beard stubble on face
- approximately 5 foot 11 inches to 6 feet tall

No one was physically harmed during this incident, and St. Albert Victim Services were called to provide personal support for everyone impacted by this crime. Victim Services will continue to provide free services as this investigation proceeds.

If you have information about this crime and would like to remain anonymous, contact Crime Stoppers by phone at 1-800-222-TIPS (8477), online at p3tips.com, or with the P3 Tips app. Crime Stoppers does not collect information about your identity. A tip leading to an arrest may be eligible for a reward of up to \$2,000.

GOLFER'S GUIDE

DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

(NC) A little know-how can help golfers avoid unnecessary injury. Considering the number of times a

swing is repeated during a game, it's not surprising that the season often ends early for those who are not

physically prepared.

Below are a few simple stretching techniques that can help prevent or

reduce the impact of injuries:

- Side bending stretch**
1. Stand with feet shoulder-width apart.
 2. Hold the golf club above your head with your arms straight.
 3. Slowly bend to one side, without rotating, until you feel a stretch in the side of your back.
 4. Hold for 15 seconds and repeat twice for each side.
- Shoulder stretch**
1. Hold the shaft of a golf club vertically behind your back.
 2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower arm. Hold for 15 seconds.
 3. Gently pull the club down with your bottom hand until you feel a stretch in the top shoulder and arm.
 4. Hold for 15 seconds.
 5. Reverse hand positions and repeat.

HOW TO BUILD YOUR HOME BAR

Many people enjoy opening their homes to friends or family. In fact, according to the National Eating Trends survey and custom research by the NPD group, in 2016 the average person ate 38 meals at other people's homes.

Knowing how to cook, set the mood and entertain is increas-

ingly important for many homeowners. Installing and outfitting a home bar can provide guests with the features of a night out, only without the crowds or bar tabs that come at the end of the night. A home bar is a place where hosts and their guests can gather and enjoy great conversation. Such a spot also can serve

as a neighborhood hangout - a smart choice for those who want to indulge safely and not have to drive home afterward.

Creating a home bar need not be a difficult project. By investing in basic equipment, stocking up on preferred liquors and gaining some mixology expertise, hosts can impress and entertain

their guests.

Establish a bar setup

Home bars can range from rolling carts to built-in wet bars to a single tray of items. Space in a home will dictate the kind of bar homeowners can have. Rolling bar carts are popular and versatile, and they can be kept stationary or rolled in and out of a room as needed. If a bar cart is open, organization is key, as you don't want it to look unkempt.

A full-blown wet bar will require more construction, including plumbing and electricity if you need outlets for plugging in appliances. Wet bars are ideal in dens, renovated garages and finished basements.

Stock up on equipment

A new home bar requires barware and glassware. Various drinks are best served in requisite glassware and prepared with the right equipment. A home bar will benefit from a muddler, jigger, cocktail shaker, strainer, ice cube trays, and bar spoon. Glassware can include short glasses, tall glasses and wine glasses with stems. Martini glasses provide a chic look and are practical for those who prefer cosmopolitans and martinis.

Fill it with spirits

No bar is complete without alcohol and mixers. Homeowners can buy the types of spirits they love and complete their bars with the basics for mixing. When stocking a bar, keep in mind that everything does not have to be top-shelf. Vodka, gin, tequila, rum, and whiskey are some of the more popular spirits. Simple syrup, fresh fruit, club soda, cola, and bitters are examples of versatile mixers.

Entertaining guru Martha Stewart says to have enough supplies on hand for guests. Expect each person to have three drinks (requiring three glasses), use a pound of ice, and three cocktail napkins per two-hour party. Don't forget to also have nonalcoholic items on hand for those who don't imbibe.

DEFINING HARDSCAPE AND HOW TO USE IT

Curb appeal is beneficial in various ways. Curb appeal can make a home more attractive to prospective buyers and give existing homeowners a place they want to come home to. In its study of the worth of outdoor remodeling projects, the National Association of Realtors found standard lawn care and overall landscape upgrades were most appealing to buyers, as well as the most likely to add value to a home.

Although plants, grass and other items can improve curb appeal, homeowners should not overlook hardscaping.

Hardscaping is an industry term that refers to the non-living features of a landscape. These features can include everything from decks to walkways to ornamental boulders. Introducing paths or paver walls to a property helps develop that home's hardscape. Hardscape and soft elements often work in concert to create inspiring landscape designs.

DIY landscape designers can heed certain tips to make the most of hardscape features on their properties.

Choose materials.

As with many landscaping projects, homeowners must first determine what types of additions they would like on their properties. Common hardscape features include patios, decks, walkways of pavers or bricks, and retaining walls. Hardscape elements can be functional or simply decorative features that add whimsy to the yard.

Choose a theme.

The right style allows hardscaping and softscaping materials to work together. For example, homeowners may want to give their yards an eastern feel, complete with a koi pond and decorative bridge or trellis. A formal English garden, however, may include manicured paths with stepping stones and ornate topiaries. Mixing too many styles together can take away from the overall appeal.

The pros suggest looking at the overall plan of the design, even if all of the work can't be completed at once. This way the eventual finished project will be cohesive.

Think about the purpose.

Hardscaping can look good but also serve key purposes. Pebbles or gravel can mitigate trouble areas that don't grow grass or plant life

well. Retaining walls hold back soil in yards with sharply inclined hills. Mulch can set perimeters around trees and shrubs, as well as planting beds. Fencing, another form of hardscaping, is essential for establishing property boundaries and adding privacy.

Consult a professional.

While many hardscaping additions can be handled by novices, large-scale projects, such as patios and decking, can change the grading of the yard. Professionals can map out how to handle drainage issues and meet building codes. In addition,

professional installation can ensure hardscaping features last for years to come.

Hardscaping should blend with the nature around it and take its cues from the surrounding environment. This can help softscaping and hardscaping work as one.

GREEN OPTIONS IN HOME SIDING

If new siding is on the list of must-do home projects this year, there are many factors to consider. Though it's a transformative renovation, replacement siding is a significant and potentially

expensive undertaking. Therefore, careful consideration must be given to the materials used and their maintenance, longevity, insulation factor, and cost. Many homeowners also want

siding that is eco-friendly.

Sustainability is an important consideration for many homeowners. Data from the National Association of Home Builders' "Green Multifamily and Single Family Homes 2017 SmartMarket Brief" indicates that at least one-third of single-family and multifamily home builders who were surveyed said that green building is a significant portion of their overall activity (more than 60 percent of their portfolio). By 2022, this number should increase to nearly one-half in both the single-family and multifamily sectors. Green building has become an important and established part of the residential construction sector.

Where siding is sourced, the

materials that go into its fabrication and how well that siding insulates a home are key aspects of its "green factor." The following are some of the more sustainable options in home siding.

Reclaimed timber

A house sided with clapboard, or a log cabin-inspired look, is iconic. These types of siding are typically made from insect-repellent pine, cedar, cypress, or redwood. While lumber certified by the Forest Stewardship Council is environmentally friendly, homeowners may want to seek out reclaimed lumber. This wood has history and causes very little environmental impact. Plus, timber salvaged from old buildings or fallen trees may be superior to new wood because it likely came

Green Options In Home Siding

from slow-growing, old trees with dense grain.

Brick

Avoid any negative environmental impact by choosing locally produced or reclaimed bricks - or those made from post-consumer content. The longevity of bricks can often offset the energy expenditure in their manufacture. Plus, many bricks are made from natural clay, which can be an excellent insulator.

Stucco

HouseLogic says traditional stucco is made from sand and Portland cement mixed with water to make a usable plaster. It's tough and durable - often lasting the life of the house. Eco-friendly variants include stucco made with an earth-and-lime mixture,

offsetting the CO2 emissions associated with cement production. Stucco can reduce air infiltration that causes drafts in a home.

Fiber-cement

Fiber-cement is similar to stucco in that it is made from sand, Portland cement, clay, and wood pulp fibers. It can be fire-resistant and insect-proof and will not rot. It's a stable material that can recover almost 80 percent of the initial cost, according to the National Association of Realtors®.

Stone

This nonrenewable resource can be beautiful on a home and durable, but mining it can impact the environment. If homeowners can use reclaimed or displaced

stone, those are more sustainable options. Manufactured stone, which is cement and other materials molded to look like stone, is also aesthetically appealing and more eco-friendly.

Replacing siding is a significant undertaking. Homeowners can consider sustainability when selecting replacement siding materials.

PAINT AND RENOVATE CORRECTLY

Changing paint colors is one of the easiest and least expensive ways to add a fresh new look to the interior or exterior of a home.

Both exterior and interior paint can be used to protect homes and make strong impressions. Painting projects are fun and can be

easy, but not all projects are so simple. Homeowners may need to exercise patience and devote an ample amount of time to get the job done right. One errand trip is all it takes to turn a perfect paint job into a colorful mess.

While paints are much safer

now than in years past, they still need to be handled with caution and disposed of with care after the job is done. Painting can be a tricky project because the fumes and chemicals found in many paints make these products more difficult to dispose of.

All homeowners should check

with their trash and recycling collection centers regarding the proper way to dispose of paints, stains and varnishes. It's also possible to visit Earth911.com and find a disposal facility online.

PURE POTENT CBD DROPS

The World's Purest CBD Oil

• 500mg • 750mg
Organic Non GMO

CBD is in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychactivity (typically associated with marijuana products and high THC).

Our CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain 0.3% THC.

CBD HEALTH BENEFITS

Mental & Brain Health

CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.

General Health

Cannabidiol has incredible medicinal benefits and will improve overall wellness.

Healthy Balance

Cannabidiol helps restore healthy balance to the endocannabinoid system.

DISTRIBUTORS NEEDED! Home Based Business MLM

WEIGHT WATCHERS Alberta Beach Agplex - Mondays, weigh in 6:30PM. Meeting at 7PM.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

1				3		2		
						1	9	
	9					3		5
						2		4
3	8			5	7		9	6
6			4	8			7	3
		1				8	5	
	7	5		1			3	
8		2	7	9	5	4		

ANSWER:

1	5	6	9	4	3	7	2	8
2	4	3	5	7	8	8	1	9
7	9	8	1	6	2	3	4	5
5	1	7	6	3	9	2	8	4
3	8	4	2	5	7	1	9	6
6	2	9	4	8	1	5	7	3
9	6	1	3	2	4	8	5	7
4	7	5	8	1	6	9	3	2
8	3	2	7	9	5	4	6	1

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
