PHASE ONE OF WARBURG ARENA UPGRADES UNDERWAY

Submitted by Katherine Degaust, Communications Coordinator | Leduc County

Construction has officially started on phase one of the Warburg Arena upgrades, thanks to a strong partnership between Leduc

County, the Village of Warburg and the Warburg Arena Board.

Continued on Page 3

BREAK AND ENTER TO MULHURST BAY FIRE HALL

Submitted by Thorsby RCMP

Between August 23 and 26 the Mulhurst Bay Fire Hall was broken into. Unknown suspects rifled through the offices and fire

apparatus taking several items including rescue equipment and emergency radio equipment.

The RCMP are investigating and seeking public assistance. If anyone has any information re-

garding this investigation, suspicious activity in the area, or the persons involved, please contact the Thorsby RCMP at (780) 789-3950 or Crime Stoppers at 1-800-222-8477

MARK SMITH WINS UNITED CONSERVATIVE NOMINATION IN DRAYTON VALLEY-DEVON

Submitted by United Conservative Party

United Conservative Leader Jason Kenney has issued a statement following the nomination of Mark Smith as the Party's candidate in Drayton Valley-Devon for the 2019 provincial election:

"I would like to congratulate

Mark Smith on his nomination victory in Drayton Valley-Devon."

"As the United Conservative Education Critic, Mark has applied his three decades of teaching experience to holding the NDP to account on its education policy, and I am pleased to know that our United Conservative team will continue to benefit

from this knowledge and expertise. Mark's strong, principled voice will be a tremendous asset as we work to restore the Alberta Advantage and get our province back on track."

"I would also like to thank Andrew Boitchenko and his team for their spirited campaign and dedication to the conservative movement."

FATALITY AT RACEWAY

Submitted by **Leduc RCMP**

On September 3, 2018 at approximately 2:30 p.m., Leduc RCMP responded to an incident at the Castrol Raceway in Leduc County.

A motorcyclist was racing on a track and a collision occurred. The 29-year-old male from Calgary suffered serious injuries and was transported to a hospital where he was later pronounced deceased.

Leduc RCMP continue to in-

vestigate and an autopsy will be completed by the Office of the Medical Examiner in Edmonton.

Our thoughts are with the family of the deceased at this time. His name will not be released.

No further updates are anticipated.

CITY OF LEDUC HOSTING NEW FAMILY VIOLENCE FUNDRAISER

– BREAKFAST WITH THE MAYOR EVENT TO EDUCATE COMMUNITY ON IMPACTS OF FAMILY VIOLENCE

Submitted by **Natalie Lang, Corporate Communications | City of Leduc**

On Nov. 6, the City of Leduc will host the inaugural 'Breakfast with the Mayor' event to raise awareness and funds to help end family violence in the Leduc region. The fundraiser will build on the success of 'Breakfast with the Guys', which the city previously hosted between 2015 and 2017. That event raised a total

of more than \$48,000 in support of local family violence support agencies.

"Family violence is a complex issue that requires compassion, understanding and support from every corner of our community to address," says City of Leduc Mayor Bob Young. "Its effects are more far-reaching than many people realize, and we wanted to create a 'Made in Leduc' solution to let people in our community know that we are here to help them in any way we can."

The theme for this year's event is 'It's Not that Easy: Understanding the Complexities of Family Violence.' Guest speaker Namrata (Mona) Gill, a member of Edmonton Police Service (EPS), will speak about her firsthand experience with family violence and the lessons she's learned through her 18-year career with EPS.

"Family violence is a human rights issue. We all have a duty to speak up and work towards ending this," says Gill. "We

also have a duty to support both women and men who are living with family violence as until you are in this situation, you don't understand why they don't just leave."

EVENT DETAILS

- **WHAT:** Breakfast with the Mayor
- **WHEN:** Nov. 6, 2018 (7:30 a.m.)
- **WHERE:** Executive Royal Hotel Edmonton (8450 Sparrow Drive, Leduc)
- **TICKETS:** \$400 for a table of eight; or \$65 per person (prices include GST, add \$1.50 ticket surcharge)

Tickets are available for purchase online at: <http://bit.ly/2MO4MSE>

Proceeds of this year's Breakfast with the Mayor will be going to two local organizations: Riseup Society Alberta and the Leduc and District Victim Services Unit.

For more information, visit Leduc.ca or call 780-980-7177.

JOKE OF THE WEEK

Miss Hewitt, was one of the teachers at Northern Infants, Normanton, (kindergarten) when Philip came up to her and say that he had found a frog. Miss Hewitt asked if the frog was alive or dead. Philip, aged 6, declared that it was dead. Miss Hewitt enquired as to how he could be so sure that it was dead. Philip replied, 'I pissed in its ear.' Flabbergasted, Miss Hewitt demanded, 'You what, Phillip Brown?' Phillip added, 'You know, I went to his ear and said, 'PSST!' and it didn't move. So it must be dead.'

CHARGES DOWN DURING LABOUR DAY LONG WEEKEND TRAFFIC PATROL

LEDUC COUNTY PEACE OFFICERS ISSUE 44 CHARGES, 16 WARNINGS

Submitted by Lindsay Chambers, Communications Coordinator | Leduc County

While people across Leduc County celebrated the Labour Day long weekend, Leduc County peace officers were on patrol to keep our residents and visitors safe on the roads.

Over the four-day period from Aug. 31 to Sept. 3, peace officers travelled a total of 4,653 kilome-

tres and issued 44 charges and 16 warnings for speeding, intersection safety, liquor, documents and more.

In 2017, peace officers issued 93 charges and 42 warnings over the same four-day period.

"We are pleased to see a reduction in the overall number of charges laid over this Labour Day long weekend in comparison to last year. While the numbers are encouraging, our

dedicated peace officers will continue to proactively patrol roadways in the area to make sure everyone gets where they are going safely." - Clarence Nelson, director of Enforcement Services

During a traffic stop on Range Road 271, a 14-year-old male dirt bike operator was charged for speeding and failing to stop for a peace officer after he fled from authorities.

In addition to patrolling the roads, peace officers assisted Leduc County Fire Services and RCMP with a vehicle fire on Highway 2 in the southbound lanes near Highway 19 during the afternoon rush hour. They also conducted a boat check at Wizard Lake, where a motorist was restricted from accessing the water without a required pleasure craft licence and safety equipment.

Phase One of Warburg Arena Upgrades Underway

Continued From Page 1

"Leduc County has an incredibly successful history of recreation partnership with the Village of Warburg. Recreation lives in the heart of our communities, and Leduc County council recognizes the importance of working together for the benefit of our residents, both in Leduc County and in the Village of Warburg." - Leduc County Mayor Tanni Doblanko

"We are excited to get phase one of our arena upgrades underway. Having high-quality recreational infrastructure is important to us and to our residents; thank you to our partners at Leduc County and to the provincial government as well for helping to fund this upgrade." - Village of Warburg Mayor Kevin Maine

The \$2.4 million upgrade, funded through a partnership agreement between Leduc County, the Village of Warburg and provincial grant funding, will bring a larger, improved dressing room area to the arena and will improve access to the ice surface.

The Warburg Arena Board has many dedicated volunteers who help to provide a safe and high quality establishment for the community. These upgrades will carry on the efforts of the volunteers and will increase community capacity for various recreational events held at the arena.

BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR BUCK LAKE

Submitted by Alberta Health Services

RED DEER – A blue-green algae (cyanobacteria) bloom has been identified in areas of Buck Lake, located southeast of Drayton Valley. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possi-

ble.

- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from

this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, including Buck Lake, at any time. Boiling of this water will not remove the toxins produced by blue-green algae. An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae is naturally occurring, and often becomes

visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae or who ingest water containing blue-green algae may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Buck Lake, until further notice.

Please note that areas of Buck Lake in which the blue-green algae bloom is NOT visible can still be used for recreational purposes, even while this blue-green algae Health Advisory is in place.

If you suspect a problem related to blue-green algae or if you require further information on health concerns and blue-green algae, please call Health Link at 811. Additional information is also available online, at www.ahs.ca/bga.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

The Businesses in the
following Guide can be
your One Stop Solution to
all your Renovation Needs!

HomeReno

PROTECT YOUR HOME (AND MORE) FROM WINTER'S FREEZE

Freezing temperatures may be good for ice skating or building snowmen, but sub-freezing temperatures can be dangerous for the average person and his or her home.

Cold weather often leaves people scurrying to do whatever is necessary to safeguard themselves from the big chill. But it's important homeowners also protect their homes in cold weather.

Plumbing

Plumbing and pipes may be vulnerable to cold weather. Frozen pipes may burst and cause substantial damage to a home, potentially causing flooding and structural damage.

Homeowners should disconnect and drain garden hoses before winter arrives. Water to outdoor hose bibs should be turned off, though

the valves on these outdoor faucets should be left open to drain. Also, outdoor faucets can be covered with insulating foam covers.

The Red Cross says pipes that freeze most frequently include pipes in unheated areas, such as basements, attics, garages, and crawl spaces. Close vents to the outside in areas like attics and basements to limit the amount of cold air that gets indoors. Think about insulating unheated areas, as well as using pipe sleeves, heat tape or wraps on exposed pipes.

By opening kitchen and bathroom cabinet doors, homeowners can allow warm air from a home to reach pipes under the sink. During extreme freezes, keep cold water dripping from a sink to prevent pipes from freezing.

Service HVAC systems

It's important to ensure that heating systems are working properly prior to the cold-weather season. It may only take hours for the interior of a home to reach dangerously low temperatures without adequate heat. Homeowners should schedule annual checkups of furnaces and hot water heaters. Inspect the heat exchanger for cracks, install a clean air filter and make sure all thermostats are working properly.

Have fuel ready

Homeowners who heat their homes with oil, wood or coal should make sure they have plenty of fuel on hand in advance of winter. Shortages can occur, and it may take some time for new fuel to arrive in the midst of a cold snap.

As a precaution, homeowners can rely on portable space heaters to fill

in the heating gaps during freezing temperatures. Exercise extreme caution with these devices, turning them off when leaving the room and remembering to avoid overloading outlets.

Protect outside

Drain birdbaths, clean out downspouts and remove water from other items where water can freeze and cause damage. Inspect roofing prior to the snowy season, but stay off roofs during freezing weather.

Remove snow shovels and other winter gear from storage and make sure the items are easily accessible during snowstorms.

Winter's bite can be severe. Homeowners can protect themselves and their properties when the freeze sets in.

SIGNS IT IS TIME FOR NEW WINDOWS

Windows help regulate the temperature in a home, let in natural light and keep insects, weather and outdoor elements outside where they belong. The right windows also can add value to a property by providing aesthetic

appeal and increasing curb appeal.

Although homeowners can typically get many years out of their homes' windows, ultimately windows will need to be replaced. Homes that are more than 20

years old and still have their original windows could be due for an upgrade. Aluminum- or wood-framed windows also may be ripe for changing. Here are some signs that it's time to replace windows, courtesy of Good Housekeeping, Centra® and the real estate website Redfin.

- Drafty feel in the home: Window frames can begin to shrink as they age, allowing air to flow from the outdoors in and vice versa. Homeowners may notice drafts when standing near windows or hear whistling on notably windy days.

- Rising energy bills: If energy bills are inexplicably on the rise, then old windows could be to blame. Aging, drafty windows can make it necessary to run HVAC systems more often and at higher or lower temperatures in

order to keep homes comfortable.

- Windows are difficult to open or close: Homeowners may get used to the quirks of their windows, but those that are difficult to open or close may require replacement. In addition, if windows need to be propped open, it's time to replace them.

- Water infiltration: Warping or decaying window frames can make it easy for rain or snow to get into the home. Wood frames are particularly prone to moisture decay. If frames are warping or allowing water into the home, it's time for an upgrade.

- Condensation on windows: Fog or condensation build-up on windows can occur if the seal between panes is broken. In this instance, replacement windows are necessary.

ESSENTIALS FOR A DIY SPA BATHROOM

Relaxing at a spa each week may be a luxury reserved for celebrities and socialites. For many people, a day spa is a treat enjoyed on special occasions or while on vacation. However, home bathrooms can be designed to provide the same types of amenities offered at day spas right in the comfort of one's home.

The American Psychological Association says that money, work and the future of the country are particularly strong stressors today. Eighty percent of workers feel stress on the job and learning how to manage stress is a top concern, according to the American Institute of Stress. Creating a Zen-like retreat at home can help alleviate stress and improve health.

Homeowners whose renovation plans include turning a bath-

room into a spa oasis will need to choose which features they desire most. These suggestions can spur on more ideas to create the ideal retreat.

- **Soaker bathtub:** There's something to be said about a luxurious soak in a tub. Tubs come in different sizes and shapes, like the highly recognizable clawfoot tub and other freestanding units. These types of tubs, as well as corner tubs, can offer deep-seated luxury by way of a relaxing and restorative soak. Pair with scented bath bombs or salts for a true spa experience.

- **Steam shower:** Steam showers are self-enclosed units that feature generators that deliver steam through steam heads. The steam fills the space and can help a person unwind before a refreshing shower or

bath. According to the retailer Modern Bathroom®, modern steam showers come with digital controls, which makes it easy for users to activate the shower, adjust the length of time that the shower will operate and adjust temperature controls. Extra features like music, mood lighting and aromatherapy can be included as well.

- **Heated floors:** Heated floors provide the utmost in comfort when stepping out of the bath or shower. They can warm the room and make using the space more comfortable in cold weather.

- **Vessel sinks:** A vessel sink typically features a bowl or basin that looks like it was placed on top of the vanity. Vessel sinks can elevate the ambience in spa bathrooms.

- **Plush towels and**

robes: In addition to fixtures and other functional components of the bath, linens are key. Soft-spun Egyptian or Turkish cotton towels and robes are a must-have luxury for the full spa experience.

- **Comfortable seat:** A bench or chair nestled by a bathroom window is the perfect spot for pedicures or catching up on some light reading.

- **Natural light:** Skylights or privacy-ensuring windows are a must to create a relaxing space close to nature.

A spa bathroom at home is within reach. With a few touches, any bathroom can be transformed into a luxurious oasis.

PROJECT ENTRY IMPLICATES OUTLAW BIKERS IN DRUG TRAFFICKING

Submitted by ALERT

A joint investigation between ALERT and RCMP's Federal Serious and Organized Crime has dismantled an extensive cocaine distribution network linked to a member of the Hells Angels and support club members.

Project Entry was a year-long investigation that resulted in 10 people charged with 45 criminal offences. Those accused allegedly fulfilled various roles within a cocaine distribution network that impacted the communities of Edmonton, Spruce

Grove, Cold Lake, Whitecourt, and Grande Prairie.

Project Entry resulted in the seizure of five kilograms of cocaine, half a kilogram of the buffering agent Phenacetin, cannabis resin, and a handgun. Multiple vehicles and motorcycles were seized, along with \$13,000 cash proceeds of crime.

The project concluded with multiple arrests made between July 25 and 30, 2018.

Project Entry has resulted in extensive criminal charges being laid, including: instructing a criminal or-

ganization; participating in a criminal organization; conspiracy to traffic cocaine; and other drug-, firearms-, and property-related offences.

At the centre of the investigation was Hells Angels Westridge (Edmonton) member William McCabe. The 47-year-old man from Spruce Grove allegedly oversaw cocaine trafficking operations and facilitated distribution through various communities. McCabe has been charged with instructing a criminal organization.

Project Entry also implicated two support club members, Shane Daly and Pascal Jacques, who are members of the Dirty Few Lakeland chapter. Support clubs are typically utilized to carry out lower-level dirty work for the Hells Angels, such as drug trafficking and expanding territory to secondary markets.

The full list of people arrested includes:

- William McCabe, a 47-year-old man from Spruce Grove;
- Shane Daly, a 39-year-old man from Spruce Grove;
- Joseph Collicutt, a 32-year-old man from Grande Prairie;
- Pascal Jacques, a 40-year-old man from Cold Lake;

• Theresa Acker, a 42-year-old woman from Spruce Grove;

• Anton Petrowitz, a 36-year-old man from Calgary;

• Clinton Thomas, a 33-year-old man from Parkland County;

• Nicholas Stovell, a 38-year-old man from Cold Lake;

• Nicholas Delibasic, a 46-year-old man from Cold Lake; and

• Larissa Ausmus, a 31-year-old woman from Spruce Grove.

Project Entry began in March 2017 after information was received about the role of outlaw bikers in drug trafficking.

Members of the public who suspect drug or gang activity in their community can call local police, or contact Crime Stoppers at 1-800-222-TIPS (8477). Crime Stoppers is always anonymous.

ALERT was established and is funded by the Alberta Government and is a compilation of the province's most sophisticated law enforcement resources committed to tackling serious and organized crime. Members of Calgary Police Service, Edmonton Police Service, Lethbridge Police Service, Medicine Hat Police Service, and RCMP work in ALERT.

All goods on display, including outlaw motorcycle group apparel, handgun and cocaine.

DRAYTON VALLEY RCMP WARNS PUBLIC ABOUT TELEPHONE FRAUD SCAMS

Submitted by Drayton Valley RCMP

Drayton Valley, Alberta - Drayton Valley RCMP are warning the public about several different telephone scams that have recently been reported.

The first one involves receiving phone calls from someone impersonating Canada Revenue (CRA) Employees. These individuals

will tell the taxpayers that they have a warrant for their arrest and in order to not get arrested, they have to pay money or get gift cards and provide them to the scammers. The CRA would never request someone to pay money over the phone, and would not accept gift cards as payment.

These scammers have been using spoofing mechanism which

will show that the call is coming from an RCMP Detachment in order to convince the victim that they are not scammers.

Another scam involves the scammer advising the person that their iTunes account has been hacked. They request iTunes cards as payment. They tell the victim that if they do not comply, then their account will continue to be hacked and that

any of their personal information will be accessed.

Safety Tips:

No legitimate government agency or business will demand payment in gift cards or prepaid credit cards. These methods are used by criminals in order to hide their activities from police.

If you receive a call from someone claiming you owe money, get as much information from them as possible and tell them you will call them back. Find the government agencies' phone number through a trusted source (phone book or official website) and call the department back. Don't trust the phone number or email from the caller until you have verified that they are who they say the are.

Do not share any personal information with the caller, such as confirming the name, social insurance number, address etc.

The best protection from scammers is to learn how to resist being bullied into a decision regardless of how persuasive or aggressive the scammer may be. Arm yourself and the vulnerable people in your life by learning how to recognize and protect yourself from fraud at Canada's Anti-Fraud Centre website www.antifraudcentre.ca and <http://www.cra-arc.gc.ca/scrtcy/frdprvntn/menueng.html>

Please report any attempts of this kind to the Anti-Fraud Centre at 1-888-495-8501 and the Drayton Valley RCMP

The Canadian Anti-Fraud Centre (CAFC) monitors all types of scams and warns Canadians to be on the lookout for scammers.

decreased nutrients	nutrient assimilation
pH imbalance	balanced pH
poor endurance	optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

PURE POTENT CBD DROPS

The World's Purest CBD Oil

- 500mg • 750mg

Organic Non GMO

CBD is in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychactivity typically associated with marijuana products and high THC.

Our CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain 0.3% THC.

Benefits of CBD Oil

- Reduce Nausea & Vomiting
- Suppress Muscle Spasms
- Reduce Seizures & Convulsions
- Promotes Health
- Promotes Brain Tissue & Bone Growth
- Fibromyalgia Pain
- Reduces Blood Sugar Levels
- Antibacterial
- Anxiety & Depression
- Reduces Nicotine Cravings
- Digestive Aid
- Anti-Psychotic
- Ringing Ears - Tinnitus
- Inhibits Cell Growth in Tumors

CBD HEALTH BENEFITS

- Mental & Brain Health**
CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.
- General Health**
Cannabidiol has incredible medicinal benefits and will improve overall wellness.
- Healthy Balance**
Cannabidiol helps restore healthy balance to the endocannabinoid system.

DISTRIBUTORS NEEDED! Home Based Business MLM

FOR PETS

CBD Dog Treats and 250mg CBD Oil for Pets
