ERIN BABCOCK FIGHTS FOR SENIORS AND THEIR HEALTHCARE PROVIDERS

-- Kenney's Plan to Cut and Privatize Health Care Hurts Albertans --

Submitted by Alberta's NDP

Spruce Grove — Erin Babcock applauded Alberta NDP Leader Rachel Notley's announcement today to open 2,000 more long-term care beds across the province.

Notley made the announcement today standing next to nurses and caregivers in Lethbridge, which will not only benefit seniors, but also those who take care of them.

"Our loved ones deserve to age safely and with dignity, and we're going to keep investing in them. Announcing our commitment to 2,000 more long-term spaces is a major commitment to seniors and to their families."

- Erin Babcock, Spruce Grove-Stony Plain candidate

The 2,000 new long-term care beds provide benefits to both patients and their caregivers by:

- Reducing crowding in emergency rooms which helps ER nurses and ER team.
- Helping to improve the responsiveness of our paramedics.
- Reducing wait times.
- Ensuring people who need long-term care are being treated in the proper facility.
- Allowing nurses and other staff to focus on patients who should be treated in hospital.
- Ensuring long-term care nurses and caregivers get the space and resources they need to care for long-term care patients.

Notley's \$170-million strategic investment ensures the 2,000 new long-term care beds are added over the next five years and that the beds already added under her government are kept operational. Since forming government, more than 2,100 long-term care and dementia beds have already been added, the seniors' benefit was protected and increased, and Alberta's first permanent seniors' advocate was appointed.

There are also more doctors and nurses working in Alberta now than ever before thanks to Notley's continued support of our public healthcare system.

Spend a Night Celebrating Emerging Musicians

Continued from Page 1

Intermission will feature live music in the lobby by Metis fiddler Brianna Lizotte and complimentary desserts. After intermission, Edmonton-based contemporary singer-songwriter Nuela Charles and her band will play a 45 minute set featuring music from her Juno-nominated albums.

Keltie is a singer/songwriter from Sherwood Park. Her style is unique and can best be described as alternative with crossovers into folk, roots, & rock. She engages audiences with her authenticity and extraordinary sound. She has won an Edmonton Music Award and was a CBC Searchlight finalist in 2017.

Hack is a small alternative rock band originally out of the Westlock area. They have performed at the Hollywood Jamboree in Jarvie and at Stage North in Slave Lake. For this Emerging Artists Showcase they will share a few upbeat acoustic originals and a couple covers. The members of Hack are Koltan Potts (guitar and lead vocals), Mat-

thew Seskus (guitar), and Curtis Paine (drums).

Hewson Grey has a super-cool vibe that is a complex mesh of indie, alternative, bluesy rock, and ambient psych. Rocking the charts and gaining airplay across Western Canada, highlights from their last year include performances at K-Days, the Starlite Room, and the Forge on Whyte, headlining Friday night of East Coulee Springfest (2018), and various other festival appearances around Alberta.

Brianna Lizotte is most recognized for her old time fiddling and from performing with the award-winning Red Deer Royals Marching Show Band. Having only taken up the fiddle seven years ago this young Albertan has performed in Western Canada and Europe and received the Rising Star Award from The Alberta Men and Women of Country Music. Brianna is an artist, teacher, and community leader, and is deeply proud of her Metis heritage.

Nuela Charles is an alternative/soul artist from Edmonton who is known for her expressive vocals

and captivating stage presence. Nominated for two Juno Awards (2018 & 2019) Nuela has brought her distinct voice to various stages across North America, headlined at the Edmonton Jazz Festival, and opened for Ziggy Marley. The lead single, "Crumbling Down", from her 2016 album, The Grand Hustle, was on the CBC Radio 2 Top 20 charts for seven weeks. Newer singles, from her 2018 album, Distant Danger, including "Forecast" and "Do It Right", have recently been

receiving a lot of air play on CBC Radio One.

Find some musical gems. Spend the night exploring new music and artists at the Emerging Artist's Showcase at Horizon Stage on Tuesday, April 9 at 7:30 p.m. Tickets are an affordable \$15 for all ages and may be purchased at the City Hall Ticket Centre (315 Jespersen Ave), by phone at 780-962-8995 or 1-888-655-9090, and online by visiting and clicking on the 'Tickets' link.

SPRUCE GROVE RCMP WARN RESIDENTS ABOUT ONGOING SCAM

Submitted by Spruce Grove RCMP

Spruce Grove RCMP are reminding the public about an ongoing scam in which taxpayers across the country receive phone calls or emails from individuals impersonating CRA employees. These people are scammers. A

local resident recently fell victim to this scam and RCMP are once again educating the public on this issue.

An individual received a call from the Canada Revenue Agency indicating that she owed taxes following an audit. The caller demanded that she pay the amount owing by purchasing iTunes cards and providing the

activation codes to the caller.

The phone scammers typically threaten individuals with arrest, imminent legal action, a warrant for arrest, or deportation if their demands are not met. No legitimate government agency or business will demand payment in gift cards or prepaid credit cards. These methods are used by criminals in order to hide

their activities from police.

ALBERTA RCMP STARTS 2019 BY TACKLING IMPAIRED DRIVING AND SHARING INTERSECTION SAFETY TIPS

Submitted by Alberta RCMP Traffic Services

This past holiday season, RCMP ran Checkstops across Alberta. From Dec. 22, 2018 to Jan. 2, 2019, Alberta RCMP laid 81 charges for impaired operation by alcohol and five charges for impaired operation by drugs.

As we enter into a new year, Alberta RCMP encourages drivers to maintain safe driving habits on all types of roads, including intersections, in both urban and rural roads. In Alberta, the most frequently identified driver errors leading to collisions that occurred at intersections in 2016 were: improper left turns, committing a stop sign violation and disobeying a traffic signal. (Alberta Transportation)

Alberta RCMP encourages you to practice the following intersection #TrafficSafety tips:

Drivers

- Slow down as you approach an intersection, stop and check all traffic before proceeding.

- Obey traffic signs and signals. Make a full stop at red lights and stop signs, even when turning right.

- At a four-way stop, remember the Right of Way rule. You must yield to the vehicle on your right.

- Leave ample room between your vehicle and the vehicle in front. It might stop unexpectedly.

- Use your signal when making turns. Ensure it is safe to turn left before doing so.

- Pedestrians have the right of way in all marked or unmarked crosswalks. Pay attention to pedestrians crossing when making any turns or at an all-way stop.

- Be prepared for the unexpected. Always look for pedestrians, changing lights, slippery road conditions and other drivers before proceeding through an intersection.

- Don't try to speed up on a yellow light. A yellow light means slow down and prepare to stop.

Pedestrians

- Never jaywalk. Check traffic before crossing and only proceed when it is safe to do so.

- Always use crosswalks and pedestrian-activated signals when they are available.

- Don't be a distracted pedestrian. Remove headphones; put away cell phones or other electronic devices when crossing the street.

"Intersection safety entails consistently watching the road and other drivers and pedestrians to avoid dangerous collisions. You should never assume that other drivers will do the right thing at an intersection," said Supt. Rick Gardner, Alberta Sheriffs. "We all have the responsibility as road users, drivers

and pedestrians alike, that intersection safety is a shared responsibility."

"Almost every collision is preventable. The most common driver errors at intersections include driving too fast for road conditions, unsafe turns, running yellow or red lights and unsafe lane changes," said Supt. Gary Graham, Alberta RCMP Traffic Services. "From Jan. 1 to Dec. 31, 2018, there were 31 fatalities involving intersections in

Alberta RCMP jurisdictions. When we all take steps to enhance intersection safety, we have the ability to reduce the number of collisions and save lives."

The Alberta RCMP will continue to work with Alberta Sheriffs and other law enforcement and safety partners to ensure Albertans make the right driving decisions. Follow our #TrafficSafety tips on Facebook @RCMPinAlberta and Twitter @RCMPAlberta.

NO SPRAY PROGRAM YEARLY RENEWAL REMINDER

Submitted by Dan Ivanov, Communications Department | Yellowhead County

If you are a Yellowhead County landowner who does not want herbicide applied adjacent to your property, you must enter into a no-spray agreement with the County prior to April 1st of each year. This means that you will be responsible for weed and brush control in the designated areas, as defined by the no-spray agreement.

Once an agreement has been completed, you must place no-spray signs in a highly visible area as close as possible to the property line. No-spray signs must be purchased from the Yellowhead County Edson or Wildwood Offices at a cost of \$5.00 for two signs.

Yellowhead County Agricultural Services requires each landowner who has signed the agreement to fulfill their obligations before the July 1st deadline. After the July 1st deadline, Yellowhead County re-assumes responsibility for weed and brush control and may apply herbicide adjacent to non-compliant roadsides if necessary.

If you chose not to renew your agreement for 2019, we ask that you please remove your signs prior to the start of the spray season starting May 1st, 2019.

Residents who have any concerns or questions are asked to contact Yellowhead County Agricultural Services at 1-800-814-3935 or (780) 325-3782.

CONCEPTUAL DESIGN AND LOCATION CHOSEN FOR EDSON MULTI-USE RECREATION COMPLEX

Submitted by Yellowhead County | Town of Edson

The joint Town of Edson and Yellowhead County Steering Committee has agreed to the project scope, location, timeline, and cost of the proposed Multi-Use Recreation Complex to be constructed in Edson, at Griffiths Park. The chosen location will be ideal for future expansion and parking considerations.

The project is estimated to cost \$70 million, though the proposed development and construction timeline will allow

both communities to budget in a responsible manner with the objective of a limited impact on future tax rates and consider the current and future impacts of the local economy.

This option has all the recreational requirements that were part of the Steering Committee's tender that were derived from recent community engagement, as well as previous consultation with various community groups and organizations that took into account all the needs for local recreation.

Going forward, the Steering

Committee intends to present their recommendations to both Yellowhead County and Edson Councils for adoption, as well as bringing it to the residents for information regarding the design concepts.

After a thorough review process, the facility's detailed design is planned to commence in late 2019 and construction anticipated to commence in late 2022. The Steering Committee is very pleased with the regional cooperation that has been displayed throughout the realization of this project, and believes this to be

the right recreational enterprise to serve our communities and future generations.

Moreover, the Steering Committee is confident that the timelines set out for this project will allow our communities to gauge and plan fiscally—so that this exciting new initiative can be accommodated with limited tax implications.

Thank you to all who participated in the development of this initiative, and we are excited to continue our regional collaboration to ensure that the needs of our residents are met.

The Businesses in the following Guide can be your One Stop Solution to all your Renovation Needs!

EXPAND LIVING SPACES WITH CLEVER IDEAS

Homeowners looking to add more space to their homes do not necessarily need to make major renovations. They simply have to see the possibilities in outdoor living spaces.

A recent survey from the online home design and remodeling resource Houzz found that more than 4,500 users were planning a landscape update. In addition, 56 percent of homeowners surveyed were making updates to improve their yards for entertaining.

While the creation of outdoor living spaces can cost thousands of dollars depending on the renovation, homeowners have more budget-friendly options at their disposal as well. The following are some ways to create inviting spaces no matter how much square-footage is present.

Revamp a garage or shed: Rather than turning a storage

area into a catch-all for items time forgot, clean out the space and put it to better use. For instance, kids may appreciate their own clubhouse away from the main living area. These spaces also can be handy bonus rooms for when Mother Nature doesn't cooperate and backyard guests need to seek shelter. Wall art, curtains, a pendant light, and some comfortable outdoor-compatible furniture can quickly transform a space.

Create a relaxing nook: Whether there's a ledge, overhang, small terrace, or porch off the house, turn it into a relaxing area for reading a book or sipping a beverage. Use a few outdoor pillows, pull up a small folding table and dress the area with hanging lights and potted plants for a quiet retreat.

Add privacy to a porch: If it's privacy you covet, install curtain

rods and hang lightweight mesh or another translucent material that obscures neighbors' views without blocking out natural light. Invest in outdoor sofas and chaises to create an outdoor living room right on the porch. If your budget allows, consider

closing in the porch as a true three-season room so it can be used throughout fall, spring and summer.

Outdoor living spaces are booming and highly achievable, and many such spaces need not be expensive.

Doing it right the first time.

6 OPTIONS FOR FUNDING YOUR NEXT HOME IMPROVEMENT PROJECT

Before starting a home improvement project, either on one's own or with the assistance of a professional contractor, homeowners must first

consider the costs involved. According to the home improvement resource HomeAdvisor, more than one-third of homeowners do not under-

stand what hiring a professional will cost, and then cannot successfully budget and secure financing once they have set their sights on a renovation project.

HomeAdvisor says that some of the more popular projects, such as remodeling a kitchen or bathroom or building a deck, can cost, on average, \$19,920, \$9,274 and \$6,919, respectively.

Homeowners may find that the more expensive renovations require them to secure some type of financing. Those who have never before sought such financing may want to consider these options.

1. Cash-out refinancing: With cash-out refinancing, a person will begin the mortgage process anew with the intention of paying off the current mortgage balance, and then taking out additional funds for other purposes. Cash-out refinancing is a way to tap into a home's existing equity for use on improvements or other expenses, such as college tuition.

2. Home equity line of credit: The financial experts at Bankrate indicate that a HELOC works like a credit card, with the house as collateral. There is a credit limit, and borrowers can spend up to that limit. The interest rate may or may not

6 Options For Funding Your Next Home Improvement Project

be fixed. However, the interest may be tax-deductible if the financing is used to improve, buy or build a home.

3. Home equity loan: Individuals also can borrow against equity in their homes with a fixed interest rate through a home equity loan. Most lenders will calculate 80 percent of the home value and subtract a homeowner's mortgage balance to figure out how much can be borrowed, according to the financial advisory site The Simple Dollar.

4. Personal loan: Homeowners can shop around at various financial institutions for competitive personal loans to be used for home improvement purposes. Funds may be ap-

proved within one business day, which can be ideal for those who want to begin their improvements soon.

5. Personal line of credit: A personal line of credit allows borrowers to borrow only the money needed at the time, and offers a variable interest rate that is generally lower than fixed loan rates. Again, like a credit card, PLOC gives a person a maximum borrowing amount and is ideal for ongoing purchases.

6. Credit cards: In a pinch, credit cards can be used to finance improvements, but they do come with the cost of very high interest rates if the balance is not paid in full by the time the bill comes due. How-

ever, for funding smaller projects and maximizing rewards points through home improvement retailers or specific credit card company promotions, credit cards can be a way to earn various perks in addition

to the benefit of improving a home.

Homeowners looking to finance their next improvements should speak to a financial advisor and shop around for the best types of funding for them.

WHEN IT CAN BE SMART TO HIRE A PAINTING PRO

Few things can revitalize a home more readily than a fresh coat of paint.

Thanks in part to the affordability of paint and its ease of application, painting is something that even novice DIYers can typically handle. According

to the marketing advice guru Brandon Gaille, it is estimated that residential interior paint only lasts around three years before it needs to be updated. Exterior paint can fade, chip and peel due to various environmental factors. As a result, many

homes can likely use a fresh coat of paint in at least one room.

As DIY-friendly as painting can be, when attempting to paint the interior or exterior of their homes, homeowners may learn that some painting projects are best left to the professionals.

Painting requires skill, patience and a knowledge of how various paints - including finishes for particular applications - will hold up. Novice painters may do more harm than good by dripping paint on expensive carpeting or floors or fail to recognize the nuances that indicate a spot-on painting job.

Professional painters have spent hours upon hours learning the ropes of what works - and what does not. Painters often understand that painstaking preparatory work is crucial to getting pristine finished results. Walls and ceilings must be properly repaired and prepared even before a base coat is applied.

Professional painters also have an eye for details. And because professional painters make a business out of doing interior and exterior surfaces, they understand which techniques can improve efficiency. That means a professional job can typically be completed much more quickly than a DIY project.

Even though some people think they'll save money by painting their own homes, that's not necessarily true. Professionals already have all the equipment necessary, unlike novices who may need to make repeated and potentially costly trips to the hardware store for supplies. Plus, if mistakes happen, DIYers have to spend additional time and money fixing them.

Safety can be a large motivator for turning painting over to a pro. Navigating exterior areas or tall interior ceilings can be challenging and may require scaffolding or tall ladders DIYers do not have. Risk of falls or other injuries increase with lack of experience.

Painting can give a home a facelift, and oftentimes it is smart to turn the work over to professionals to ensure the job is done just right.

WHAT TO DO WHEN A TIRE BLOWS OUT WHILE DRIVING

Many frightening scenarios can unfold while driving. Inclement weather can affect visibility and the safety of roads, while distracted driving can put anyone on the road in harm's way.

One situation that can suddenly turn a Sunday drive into some-

thing scary is a blown out tire. No drivers or vehicles are immune to blown out tires. But savvy drivers who know what to do in such situations can greatly reduce their risk of a blown out tire turning into something far worse.

Recognizing a blown out tire

The movies might make blown out tires seem as though drivers suddenly find themselves in wholly uncontrollable situations. But blown out tires won't immediately send cars into the nearest roadside ditch. When a tire blows, the vehicle will immediately slow down and then begin pulling to the right or left, depending on which side of the car suffered the blowout. The automotive retailer Pep Boys notes that, if a front tire blows out, drivers will feel the force in their steering wheels, while a rear tire blowout will be felt more in the seat and/or body of the vehicle.

Driving through a blowout

Plenty of drivers have safely navigated their way through tire blowouts. When such a situation arises, drivers should avoid slamming on their brakes, instead allowing their vehicles to grad-

ually decelerate, making sure to turn on their emergency flashing lights once they are certain they have control of the vehicle. As the vehicle slows down, pull to the side of the road, calling for help if necessary.

When on the side of the road

Drivers who do not have a spare tire or cannot change the tire themselves should wait patiently for assistance to arrive after they have called for help. Drivers who can change their tires should place reflective cones or triangles behind their vehicles before they begin working. Such devices warn oncoming drivers of stranded vehicles. If replacing the tire with a donut, remember that such replacement tires are not designed to travel long distances and will need to be replaced shortly after they are put on the vehicle.

COUNTY STUDENTS ATTEND ONLINE SAFETY PRESENTATION

This December, over 400 Grade 4 to 12 students got some much-needed schooling on internet safety courtesy of The White Hatter team.

Submitted by Dan Ivanov, Communications Department | Yellowhead County

The award-winning White Hatter Team visited Yellowhead County to remind our students of best digital safety practices. The team includes Darren Laur, a former Staff Sergeant with the Victoria City Police Department, and his son, Brandon, who recently received his Master's Degree in Professional Communications. Both have devoted their professional lives to helping the public navigate the darker side of the internet.

This event was put on in partnership with both Grande Yellowhead and Parkland School divisions. Key messages for digital safety included:

- Old cell phones should not be sold, even after a factory reset, as some of the information can still be accessed.
- Six digit passwords are optimal for improving a phone's unlock security.
- Finally and probably the most important, kids should remember that "Everything they do online is public, permanent, searchable, exploitable, copy-able and for sale." The team stressed that banks, colleges, universities, and employers are

now all searching applicants' profiles online to match their credentials.

The White Hatter Team also facilitated a session of tips for parents, noting that the most important thing a parent can do to keep their kid(s) safe online is to keep Wi-Fi-capable devices out of kids' bedrooms. Devices should be used with parental su-

pervision until parents feel their kids can be trusted to use their devices responsibly.

Darren also impressed on parents that "The majority of kids are [...] really good digital citizens. Only a small percentage of them aren't and it's that small percentage that gets a lot of the media attention and as a result, a lot of parents think that all the

kids are doing bad stuff when in fact, that's not true."

Yellowhead County Family and Community Support Services (FCSS) would like to thank the White Hatter Team, Grand Yellowhead School Division, and Parkland School Division for helping to provide this much needed education for our children, youth, and families.
