4H UPDATE: ANTICIPATION GROWING!!

Submitted by Wyatt Bahrynowski | Lobstick 4H

The big day for all 4-H beef members is drawing near, the annual show and sale!! As I previously reported this year was going to be a 2 day event,

but after some debate we back to having a one day action packed show and sale. The Lobstick 4-H members would like to invite you out to see their 4-H projects for this year. A lot of hard work has gone into getting our heifers and steers ready for

the show day. The journey started in November when it was time to pick out our projects and weigh them in, over the next 7 months there was daily feedings, halter breaking, grooming and clipping.

RCMP ARREST MALE ON CANADA WIDE WARRANT, EXECUTE SEARCH WARRANT

Submitted by Drayton Valley RCMP

On Monday May 6, 2019, at approximately 9:00 p.m., Drayton Valley RCMP, with assistance from the Western Alberta District Rural Crime Reduction Unit, ar-

rested one of Edmonton's Most Wanted Criminals, 29 year old Terence John Woodward. Woodward was wanted on a Canada Wide Warrant for Parole Violation stemming from a previous drug trafficking conviction.

A search warrant was execut-

ed at Woodward's residence in Drayton Valley. As a result, members seized 35.6 grams of methamphetamine, 4.0 grams of cocaine, a small quantity of heroin, a significant amount of cash and several prohibited devices.

4H Update: Anticipation Growing!!

Continued from Page 1

For those of you that are wondering if this is the only thing we focus on in the 4-H beef club, it's not... being a member of the club you are also required to attend monthly meetings, participate in community service, participate in public speaking and complete a record book. This record book documents the costs involved with our 4-H animals along with other information.

Our club had a mini show on May 5, it was very successful with all the animals cooperating, fingers crossed that everything runs just as smoothly at the big show and sale. This years event takes place May 27 at the Drayton Valley Omniplex. The show kicks off at 9 am and will run throughout the day. Parade of Champions takes place at 6:30 pm followed by the sale at 7pm. Along with our club, (Lobstick 4-H) will also be the Lin-Berry-Buck Club

and the Two Rivers Club, so there will be a lot of great show animals to view and to purchase.

If you are interested in purchasing some of this tasty quality Alberta 4-H Beef you can contact our beef leader Brent at 780 898 0659 or Corey Sekura at 780 542 4337. All the 4-H Beef members truly appreciate all the support they receive from the community and from the beef buyers.

JOKE OF THE WEEK

A farmer purchased an old, run-down, abandoned farm with plans to turn it into a thriving enterprise. The fields were grown over with weeds, the farmhouse was falling apart, and the fences were broken down. During his first day of work, the town preacher stops by to bless the man's work, saying, "May you and God work together to make this the farm of your dreams!" A few months later, the preacher stops by again to call on the farmer. Lo and behold, it's a completely different place. The farm house is completely rebuilt and in excellent condition, there is plenty of cattle and other livestock happily munching on feed in well-fenced pens, and the fields are filled with crops planted in neat rows. "Amazing!" the preacher says. "Look what God and you have accomplished together!" "Yes, reverend," says the farmer, "but remember what the farm was like when God was working it alone!"

MAYOR BOB YOUNG SEEKING TO RECOGNIZE YOUNG LEADERS IN LEDUC

– #Influencers awards to celebrate deserving youth at red carpet event in September

Submitted by City of Leduc

The City of Leduc has opened nominations for its second annual #Influencers awards – an event designed to acknowledge young people in our community who demonstrate leadership in all its forms. Nominations will be accepted until June 30 for deserving young leaders in Leduc currently enrolled in grades 9 through 12.

“We are very fortunate in our community to have so many outstanding young people living the principles of leadership every day, in big and small ways,” says Leduc Mayor Bob Young. “Whether it’s at home, school, various groups or clubs in their neighbourhoods or on a sports team, Leduc is full of young leaders who deserve to be celebrated.”

Nominations for this year’s awards opened on May 1. Nominations can be submitted either online or by filling out an #Influencers postcard available at the Civic Cen-

tre, Leduc Recreation Centre or the Leduc Public Library. All nominees will be invited to a red carpet movie event hosted by Mayor Bob Young in September.

“Recognizing the exceptional

young people in Leduc and the contributions they make to our community is so important,” says Young. “We are excited to roll out the red carpet for them again this year and reward our deserving young resi-

dents whose leadership is making a tremendous impact on our city.”

For more information about the #Influencers event or to submit an online nomination, please visit Leduc.ca/influencers.

 - S-203 (Third Reading) -- Ending the Captivity of Whales and Dolphins Act
- On Sunday, May 5th while in Ottawa, my wife Nancy and I attended an event Commemorating the Battle of the Atlantic.

On Monday, I participated in a short research interview regarding a study to better understand how representatives [MPs] deal with the extreme work load their position involves.

Later that day, in the Standing Committee on Public Safety and National Security (SECU), we continued hearing from witnesses on Bill C-93, An Act to provide no-cost, expedited record suspensions for simple possession of cannabis.

You can read comments and questions from Debates on the House Publications page at www.ourcommons.ca/en

On Tuesday, I asked a question during the Conservative Opposition Motion on the 'Price of Gas'. Also, on Tuesday, MP Mark Warawa delivered his farewell speech ahead of his retirement. This can be found on my Facebook at: www.facebook.com/jimeglinski.mp

On Wednesday, in the SECU Committee, we heard from witnesses on the Subject Matter of Clauses 222 to 224 (Part 4, Division 10) of Bill C-97, An Act to implement certain provisions of the budget tabled in Parliament on March 19, 2019 and other measures.

For more information on these meetings, visit the SECU Committee website at www.ourcommons.ca/Committees/en/SECU

On Thursday, close to 20,000 people were on Parliament Hill for the National March for Life.

This week, I attended eight meetings and four events, I will remain in Ottawa over the weekend.

Look for my update next Friday on the happenings of Parliament.

HOW TO CONTROL CRABGRASS BEFORE IT APPEARS

Homeowners who enjoy tending to their lawns know that grass is vulnerable to a host of problems, many of which appear at a time of year when lawn enthusiasts want to showcase the fruits of their lawn-and-garden labors.

Crabgrass is a common problem that appears in summer. According to Lowes, crabgrass plants produce thousands of seeds between mid-summer and early fall. While the first frosts of late-fall or early winter kill the crabgrass plants, the seeds produced by the plants remain dormant throughout winter and then begin to grow as the ground temperature warms up with the spring and summer thaw. As a result, controlling germination, which is the development of a plant from a seed or spore after a period of dormancy, is the key to preventing crabgrass

from becoming an unsightly blemish that can harm your lawn in summer.

A proactive approach to crabgrass can save homeowners the headaches of dealing with this unwanted guest taking over their grass. The following tips, courtesy of Lowes, can help homeowners reduce the likelihood of their lawns being overcome by crabgrass as summer hits full swing.

- Recognize that routine lawn maintenance may not be enough. Even lawns that receive sufficient TLC can fall victim to crabgrass. A proactive, crabgrass-specific approach to lawn maintenance is the most effective way to control the problem before it pops up.

- Apply a pre-emergent herbicide. Pre-emergent herbicides kill crabgrass seedlings as they germinate. While these herbicides are highly effective, they must be applied

at precisely the right time. The right time to apply them depends on weather patterns. For example, Lowes notes that homeowners who live in regions that might have experienced warmer than usual winters will probably need to apply the herbicides earlier than usual. While the manufacturer instructions should always be followed when applying herbicides, it's essential that homeowners take weather patterns into consideration as well.

- Wait until the ground temperature rises above 60 F. Applying herbicides when the ground temperature is below 60 F might render the products ineffective. Gauging soil temperature can be tricky, but Lowes advises monitoring shrubs and trees on the property. Once shrubs begin to bloom and trees bud, herbicide can be applied.

- Wait when treating newly seeded lawns. Pre-emergent herbicides might kill new grass seedlings, so homeowners with newly seeded lawns should wait until they have mowed their lawns three times before applying a herbicide.

- Emphasize uniform application. If a herbicide is not applied uniformly across the lawn, crabgrass can establish itself and ultimately spread to the rest of the lawn.

- Do not thatch or aerate after applying a herbicide. Thatching or aerating a lawn after applying a herbicide might break the product's chemical barrier, thereby rendering it ineffective.

Crabgrass can quickly spread on an untreated lawn. A proactive approach that prevents its growth can keep lawns looking great through summer.

PATHWAY TO PERMANENT RESIDENCE FOR CAREGIVERS CLOSES JUNE 4, 2019

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform constituents that Immigration, Refugees and Citizenship Canada (IRCC) is launching two new five-year caregiver immigration pilot programs. This will replace expiring and ineffective pilot programs.

The new pilots will allow caregivers to come to Canada together with their family and provide a pathway to permanent residence.

Under the new pilots, applicants will be assessed for permanent residence criteria before they begin working in Canada. Once the caregiver has their work permit and 2 years of work experience, they will have access to a direct pathway to become a permanent resident.

These pilot programs will replace the Caring for Children and Caring for People with High Medical Needs pilots and include:

- Occupation-specific work permits for caregivers, providing the ability to change jobs quickly when necessary.
- Open work permits for spouses/common-law partners and study permits for dependent children, to allow the caregiver’s family to accompany them to Canada.

The Interim Pathway for Caregivers, which will be open from March 4, 2019, until June 4, 2019.

The Interim Pathway for Caregivers will provide those caregivers an opportunity to stay in Canada permanently.

“Caregivers provide care to families in Canada needing assistance. I encourage caregivers and all those involved with caregivers in the Yellowhead, whether personally or professionally, to let them know,” concluded MP Eglinski.

The Interim Pathway for Caregivers was launched as a three-month program on March 4 as a short-term pathway for caregivers, their spouses and their chil-

dren for the opportunity to become permanent residents. This pathway was launched to help caregivers who have been working in Canada but who haven’t qualified for any other current caregiver program.

To apply, a caregiver needs to have:

- a valid work permit (or have applied to extend their work permit or restore their status)
- one year of Canadian work experience as a home childcare provider or home support work-

er, or a combination of both jobs since November 2014

- a minimum of Canadian Language Benchmark level 5 in reading, writing, listening and speaking in either English or French

- a Canadian high school diploma or a foreign equivalent

If an applicant can’t get the results of a language test or Educational Credential Assessment in time before the deadline, they can submit proof they have scheduled a language test and

have submitted a request for an assessment.

“I encourage caregivers and all those involved with caregivers in the Yellowhead, whether personally or professionally, to let them know,” concluded MP Eglinski.

PREVAIL

MAX

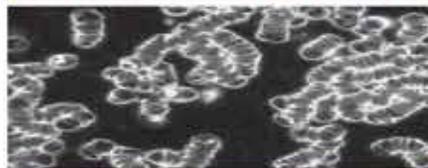

CELLULAR HOMEOSTASIS FORMULA

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU
...RIGHT DOWN TO THE LAST CELL!

How do you want your
BLOOD to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
