A play on RhPAP's name, the Rhapsody Awards are designed to recognize the individuals, teams, and communities that make significant civic and health-care contributions within rural Alber-

ta. Nominations are evaluated by an Awards Selection Committee composed of rural health professionals and community members from all regions of the province.

What's next?

RhPAP celebrates Rhapsody Award recipients with a recognition event in their home community. Celebrations include a Rhapsody Award presentation and the airing of a video profiling the recipient or recipients. Details on recognition events will be forthcoming.

JOKE OF THE WEEK

The manager of the garden centre overhears one of his nurserymen talking to a customer. 'No, we haven't had any of that in ages,' says the nurseryman. 'And I don't know when we'll be getting any more.' The customer leaves and the manager walks over to give him a telling off. 'Never tell a customer we can't get them something,' he says. 'Whatever they want we can always get it on order and deliver it. D'you understand?' The nurseryman nods. 'So what did he want?' asks the manager.

'Rain,' replies the nurseryman.

Alberta Beach Friends of the Library (FOL), the group that raises funds for the library, is looking for volunteers to help plan and run a Pub Style Trivia Night Fundraiser. Volunteering to help with this fundraiser will be a great opportunity to support our library, meet new people and just have a little fun. For anyone interested in finding out more, FOL Trivia Night planning meetings will take place on the 1st Tuesday of the month at 7pm in the Alberta Beach Library. FIRE BAN ISSUED FOR THE TOWN OF WHITECOURT

Submitted by Town of Whitecourt

Effective at 16:00 hours on May 22, 2019, all burning is suspended within the Town of Whitecourt. No fire permits will be issued, and all existing fire permits are suspended until conditions improve in the Town and Whitecourt Forest Area. Any fires currently burning must be immediately extinguished.

The fire ban includes the following but is not limited to:

- Backyard firepits,
- Campground firepits,
- All open burning,
- Consumer fireworks,
- Flame propelled floating lanterns,
- Charcoal briquettes, including meat smokers,
- Turkey fryers,
- Tiki torches.

Allowed for use during the fire ban:

- CSA approved or ULC certified gas or propane barbeques used for cooking,

- Propane and natural gas fire pits,
- Catalytic or infrared-style heaters,
- Electric or propane meat smokers.

The fire ban will remain in effect until conditions improve.

The operation of Off Highway Vehicles (OHV) within the Town of Whitecourt is prohibited under Off Highway Vehicle Bylaw 1138 which prohibits OHV use within Town boundaries between April 1 and November 30 annually. Penalties for contravening Bylaw 1138 range from monetary fines to OHV seizure.

OHVs can start wildfires so operators are encouraged to check OHVs frequently to ensure hotspots are free of debris, to make sure mufflers and spark arrestors are working properly, and be familiar with any OHV restrictions in the Whitecourt Forest Area where the operation of any OHV, for recreational purposes, is prohibited.

Updates on the fire ban will be posted on www.whitecourt.ca

RIDING UPDATE – WEEK OF MAY 20, 2019

Submitted by Jim Eglinski, MP – Yellowhead

As mentioned in my Parliament Update for the week of May 13, I returned to the riding the evening of May 16th. The next morning, I drove to Rocky Mountain House where I met with constituents.

On Saturday, I attended the Big Horn Rodeo Parade in Caroline and later the Thorsby Parade where I attended a fundraising BBQ with graduates. Had fun in Caroline and Jasper even though it was very cold, -5. OUCH!

On Monday, May 20th, being Victoria Day, I enjoyed my time with friends and family.

On Tuesday, I met with Social 9 classes at Holy Redeemer High School. Our discussions were about current issues such as climate change, the economy, and the proposed pipeline, while other questions focused on my current role as an MP. The students also wished me well as I prepare to retire from federal politics in the next few months. If my calendar permits, I would be honoured to speak at your school. Call my Edson office to arrange a day and time.

On Wednesday, I flew back to Ottawa to attend the Annual Commemoration to Remember those who Served Canada and their families at the RCMP National Memorial Cemetery at Beechwood Cemetery on Thursday morning. At the commemoration, Senator Vernon White and I laid a wreath on behalf of the Government of Canada. I was proud to be there. Later that

evening, I flew back to the riding. Upon arriving in Edmonton that evening, I noticed I had a flat tire. Not happy.

On Saturday, I will be in Hinton attending the EDA Directors' Meeting and then on to Drayton Valley for the Air Cadets Annual Ceremonial Review dinner.

On Sunday, I will be returning to Ottawa as Parliament will be re-convening for the next four weeks. Lot to be done!

Look for my next update for the week of May 27th on the happenings of Parliament.

FIRE FORCES CONCERT LOCATION CHANGE

Submitted by Lac Ste. Anne Community Choir

Because of the recent fire at Zion United Church, the Lac Ste. Anne Community Choir has been forced to look for another location for its final concert. Luckily when approached, another church stepped forward

with an alternative, making the planned concert possible.

The Lac Ste. Anne Community Choir's Friends and Family concert (where anyone who enjoys music is a friend!) will now be at 7 p.m. on Sunday, June 2 in the Alberta Beach Alliance Church, 4507 47 Street. Admission is by free will donation, and the entire

audience is invited to stay after the performance to enjoy some goodies and visit with choir members.

The Lac Ste. Anne Community Choir is grateful for the support of the Alliance Church board, and the whole community, for their help in bringing music to the area. The choir, now with

almost 60 local singers, is open to anyone over 18. No auditions are required, and there's no need to read music or have choir experience. You only need a love of singing, and a wish to meet other like-minded people.

Questions? Call Diane at 780-924-2348 or Deb at 780-497-0531.

WHITECOURT TOWN COUNCIL UPDATE

Submitted by Town of Whitecourt

MAY 14, 2019

Whitecourt Mayor Maryann Chichak travelled to Ottawa May 1 and 2 with members of the Coalition of Canadian Municipalities for Energy Action to discuss concerns with Bill C-69. Bill C-69, if passed in its current form, will change how major infrastructure projects, including energy projects, will be reviewed and approved in Canada. The Coalition attended meetings with Members of Parliament and Senators from both the Liberal and Conservative Caucuses to highlight concerns regarding the lack of adequate consultation and communication on Bill C-69, and the potential negative impact the legislation could have on local economies and families. The Coalition has launched a website that provides information on the topic and includes a venue for constituents to send their feedback to decision makers on C-69. Visit www.energytowns.ca for more information.

Seniors' Week 2019 is June 3 to 8, and Whitecourt will be hosting a number of events and activities to celebrate local seniors. A listing

of events and activities planned throughout the week is posted on www.whitecourt.ca and can be found by searching "Seniors' Week".

Council has granted approval for street closures for the following events:

- Wild Rose Amusements Carnival

Midway (hosted by the Whitecourt & District Chamber of Commerce) – Wednesday, July 10 through Monday, July 15: A portion of 51 Avenue (from 49 Street to 51 Street), and 50 Street (from 50 Avenue to 52 Avenue) in downtown Whitecourt.

- Run 4 Fun – Saturday, June 1: A portion of Sunset Boulevard will be

closed from 7:45 to 11:00 a.m.

Further information will be posted on social media closer to the event dates to remind motorists of the closures. Whitecourt Public Transit service will be impacted by the Run 4 Fun event, and information will be provided to riders regarding re-routing on that day.

SIMPLE WAYS TO PREVENT DOG-RELATED LAWN DAMAGE

Dogs love spending time outdoors. Dog owners with yards know that dogs benefit greatly from some exercise in the backyard. While that time might be great for dogs, it can take its toll on lawns.

Dog urine and feces can adversely affect the look and health of a lush green lawn. Nitrogen is essential to healthy soil, but only at certain levels. When those levels are exceeded, the result can be lawn damage. According to The Spruce Pets, an advisory site that offers practical tips and training advices to pet owners, this is what happens when pets frequently urinate on grass. Urine is naturally high in nitrogen, so when pets urinate on lawns, the grass might turn yel-

low or brown due to the excess nitrogen content. Nitrogen also is present in lawn fertilizers, further exacerbating the problem for pet owners who fertilize their lawns.

In addition to urine damage, dogs can trample frosted grass, contributing to problems that may not become evident until spring, and get into areas like gardens where they wreak additional havoc.

Pet owners who want to let their dogs run free in the yard but don't want damaged grass may be tempted to put their pooches in diapers or confine them to crates when letting them outside. But such an approach isn't necessary. In fact, some simple strategies can be highly effective at preventing dog-related lawn

damage.

- Speak with a landscaper about planting new grass. Certain types of grass, such as Bermuda grass, can withstand dog damage better than others. Local climate will dictate which types of grass are likely to thrive in a given area, so speak with a professional landscaper about the viability of planting new grass.

- Install fencing. Pet owners with expansive yards can install fencing that allows dogs to spend time exercising outdoors without granting them access to the entire property. Large dogs will need more room than small ones, but try to build fenced-in areas that allow dogs to run freely and get the exercise they need to stay healthy.

- Work with a dog trainer. Dog trainers might be able to work with dogs so they only urinate in certain areas of the yard, greatly reducing the damage they can cause to a lawn. Trainers also might help curb digging and clawing behaviors that can damage lawns as well as gardens.

- Consider hardscaping. Hardscaping might be most effective for pet owners with small properties. Hardscaping does not include grass and can add visual appeal to a property while saving pet owners the headaches of dealing with dog-related lawn damage.

Dogs need time outdoors, and homeowners can take various steps to protect their lawns from dog-related damage.

HOW LAWNS BENEFIT FROM AERATION

Compacted soil can have a dramatic effect on grass. Compacted soil blocks oxygen, water and nutrients from reaching the root systems of the turf. That creates a lawn with weak roots, which make grass more vulnerable to disease and compromising its ability to withstand harsh weather, such as summer heat.

The buildup of thatch, which is a matted layer of grass clippings and other organic debris that collects on the top of the soil, is one indicator that a lawn could benefit from aeration, a process in which the surface of the lawn is perforated to break up compacted soil and allow oxygen, water and nutrients to reach root systems. Other signs that aeration may be necessary include patches of thin grass, brown spots and a high concentration of clay in the soil.

When faced with a lawn that could benefit from aeration, homeowners

may wonder if such as task lends itself to DIY or if it's best left to professional landscapers. Aerating a lawn is not always easy, and typically it involves the use of one of three types of aerators:

- **Core aerator:** A core aerator uses hollow tines to pull plugs of soil from the lawn. The plugs are left on the surface of the lawn. Homeowners can pick up the plugs or, according to the grass seed experts at Pennington, even leave them in the yard and allow them to break down.

- **Spike aerator:** The experts at Pennington note that spike aerators employ solid, spike-like tines to poke holes in the soil. These aerators leave the spikes in the soil. Some people wear spiked aeration shoes while walking around the yard to mimic the effects of spike aerators.

- **Slicing aerator:** According to Pennington, slicing aerators employ

rotating blades that slice through thatch and down into the soil. These aerators leave the soil in the ground.

Aerators can be operated manually, though professionals tend to use motorized aerators. The machines are often heavy, so homeowners

should consider their health and physical ability before deciding to aerate on their own. Hiring a professional landscaper who has experience aerating may be the quickest and most effective way to restore a lawn to full health.

Letter to the EDITOR

Insanity: def. To keep doing the same thing and expect a different result each time.

The 'Taj Mahal' is already falling apart and could easily cost taxpayers millions of dollars

more to fix – look at LSARA's posts – sooo if you elect (a majority of) the same councilors, - the board of the M.C.C. is going to be a majority of councilors, - why would you expect a differ-

ent result from the New Clinic they're going to finance???

The fact that the present clinic – which was started with tax payers money – finally made a "small profit" does NOT mean

that a new (\$1 million) one will. But it's amazing how confident people become in their entrepreneurial skills when they're using other peoples money.

SOARING EAGLES CAMP RETURNS AT ALBERTA RCMP HEADQUARTERS

Submitted by Alberta RCMP

The Alberta RCMP is excited to announce that the second Soaring Eagles Camp is actively accepting applications for 32 Indigenous youth who have a genuine interest in policing as a career.

The program is designed to simulate the same physical and intellectual training regular members receive in Depot. The week-long camp will take place at K DIV HQ from August 4-9, 2019 and will be offered to First Nation, Metis and Inuit youth between the ages of 16-19-years-old who embody the RCMP spirit.

"Experiences like these open doors for building trust and reconciliation with the Indigenous communities, all while representing the changing face of the RCMP," said Sgt. Kimberly Mueller, Indigenous Recruiting.

The Alberta RCMP invites members of the public to encourage eligible candidates to apply. All applications are to be submitted to Indigenous Recruiting by June 1, 2019, via mail or email at RCMP.KRecruiting-KRecruitment.GRC@rcmp-grc.gc.ca.
