# ASC FOCUSES ON EMPOWERING SENIORS IN JUNE

**Nearly 40 per cent of Albertans age 55+ believe they have been approached with a potentially fraudulent investment.**

**Submitted by Alberta Securities Commission**

CALGARY - June 6, 2019 – The Alberta Securities Commission (ASC) has launched a month-long senior outreach campaign across Alberta to recognize Seniors Month (June) and World Elder Abuse Day (June 15, 2019). Nearly 40 per cent of Albertans age 55+ believe they have been approached with a potentially fraudulent investment, as identified in an Investor Index Study commissioned by the ASC. The ASC's campaign is focused on empowering seniors to improve their financial literacy, recognize the signs of investment fraud, empower them to make wise investment decisions and encourage all Albertans to be aware of the signs and symptoms of elder financial abuse. In 2018, the ASC conducted an online quiz targeted towards senior Albertans, the results of which

highlighted that over 50 per cent of Albertans 55 years of age and older didn't realize that if they had been a victim of a financial scam, they could be targeted again. This is an example of a "Recovery Room Scam" wherein the original fraudster often sells the victim's information to another scam, who then offers to recover their investment at a price. This may include paying taxes or a service fee, which is simply a fraudulent demand for more money and the victim loses again. It was also found that 61 per cent of respondents would consider an investment opportunity that 'guarantees' a legacy for their family, despite the fact that the promise of a 'guaranteed' return is an indication of a potential fraudulent investment. "Building relationships with seniors' groups is a critical part of our work to help Albertans advance their financial literacy and protect themselves from invest-

ment fraud," said Alison Trollope, Director, Communications and Investor Education. "This year, we are continuing to expand our reach, aiming to ensure all Albertans are empowered and have the knowledge to protect their retirement nest egg."

The ASC's 2019 activities aim to connect directly with seniors and their caregivers through a variety of community events, a financial literacy quiz and seniors resources on [Checkfirst.ca/seniors](http://Checkfirst.ca/seniors), including the Spot and Stop Seniors Investment Fraud fact sheet. Albertans can test their financial and investment knowledge and check if they are on the right track to protecting their financial future through the ASC's fun and interactive quiz called 'How Safe is Your Nest Egg'. The ASC is also a sponsor of the THIRD ACTION Film Festival in Calgary (June 7–9), which is focused on celebrating aging and the

accomplishments of older adults to promote elder empowerment and an age-positive culture shift.

Albertans 55 years of age and older and members of seniors groups are encouraged to visit the ASC's [CheckFirst.ca/Seniors](http://CheckFirst.ca/Seniors) website for unbiased investor education information, tools and resources on recognizing and avoiding fraud and how to 'CHECK-PROTECT-INVEST' before investing. Albertans without internet access can call (877) 355-4488 to request printed copies of seniors' materials.

The ASC is the regulatory agency responsible for administering the province's securities laws. It is entrusted with fostering a fair and efficient capital market in Alberta and with protecting investors. As a member of the Canadian Securities Administrators, the ASC works to improve, coordinate and harmonize the regulation of Canada's capital markets.

## EDMONTON INTERNATIONAL AIRPORT RCMP INVESTIGATING SECURITY BREACH

**Submitted by Edmonton International Airport RCMP**

Edmonton - RCMP at the Edmonton International Airport are investigating a security breach where a male passenger did not

wait for authorization to board his flight, and instead ran down the boarding ramp and on to the plane.

The plane was not occupied by any passengers at the time, and the flight crew was onboard in

the process of completing their pre-flight briefings. The male uttered threats to the crew and, fearing for their safety, the flight crew safely removed themselves from the plane. The male then caused damage to a door on the

# NEW HORIZONS FOR SENIORS PROGRAM

Submitted by Jim Eglinski,  
MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform constituents that the Department of Seniors has announced the launch of the 2019–20 New Horizons for Seniors Program (NHSP) call for proposals for community-based projects.

The Program's community-based stream supports activities that engage seniors and address one or more of its five objectives: volunteering, mentoring, expanding awareness of elder abuse, social participation and capital assistance.

Organizations are invited to apply for funding under the NHSP's three national priorities:

- preventing elder abuse and fraud,

including measures to reduce crimes and harms against seniors;

- supporting healthy aging in community and addressing dementia, including community supports and intergenerational housing; and

- counteracting ageism in the workplace to promote labour market retention of seniors.

The 2019–20 NHSP community-based call for proposals is open

until June 21, 2019.

"Our seniors have worked hard to support their families, communities and grow our economy. I encourage organizations in the Yellowhead to apply," concluded MP Eglinski.

For information on how to apply, visit <https://www.canada.ca/en/employment-social-development/programs/new-horizons-seniors.html>

## CITY OF LEDUC AND LEDUC COUNTY CO-PURCHASE ROADPATCHER

– Municipalities partner to bring innovative road repair technology to the region

Submitted by City of  
Leduc

The City of Leduc and Leduc County have enhanced resources for regional road maintenance by jointly purchasing a self-propelled roadpatcher. The new roadpatcher is an advancement in asphalt repair technology that both municipalities will use to fix potholes, cracking and other road surface damages.

"We are always looking for opportunities to support the Leduc

region in a way that benefits both the city and county while being fiscally responsible," says City of Leduc Mayor Bob Young. "Through collaboration we are able to bring new technology like the roadpatcher to the region, which strengthens service levels to the benefit of all rate payers." The city and county have partnered on a number of shared-investment for shared-benefit initiatives in the past; however, the roadpatcher marks the first joint purchase of road maintenance

equipment. Both municipalities will share in the ongoing operation and maintenance costs.

"We need to have accessible, safe roads 365 days a year. Leduc County is pleased to work with our partners at the City of Leduc in creating a well kept roadway system in the region that will benefit our residents," says Leduc County Mayor Tanni Doblanko.

The roadpatcher uses a specialized process called spray patching, which combines hot asphalt and crushed

aggregate using forced air. The process is more efficient and safer than typical repair methods as it requires only one operator compared to a crew of two or more individuals physically completing repairs. It has a higher production rate, and repairs last the same or longer than other commonly used methods. The city and the county are responsible for maintaining 232 km and 320 km of paved roadway, respectively. The machine will operate on a 10-day cycle between the city and county.

# A MESSAGE FROM MLA MARK SMITH: FILIBUSTER

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Good Morning,

It is 9:30 am on Thursday June 6 and the Legislature is in the middle of a filibuster on Bill 2: The Open for Business Act and Youth Minimum Wage. The debate on Bill 2 resumed 2nd reading after the Question Period around 3:00 pm on Wednesday, June 5th and is continuing as I write.

In our Parliamentary system of democracy it is said that the Government decides when the Legislature will sit but the Opposition decides when the debate in Legislature will end.

The same holds true when debating a bill. A filibuster occurs when the Opposition uses the rule of the legislature to draw out debate on any particular bill.

In this case the Opposition is placing amendments before the Legislature extending the debate on Bill 2.

Why filibuster?

There is no way the Opposition, no matter how long they string out the debate has the capacity to outvote the government and defeat Bill 2.

Filibusters are often used to try and draw to the attention of Albertans to an issue of political importance to the Opposition and they hope to average Albertans.

It can be used to send a message to the government that there is another point of view the government needs to consider by

drawing out the debate and to slow down the passage of a piece of legislation.

Filibusters can sometimes get a little goofy as members engage in the long time tradition of heckling each other in the Legislative chamber.

During my first filibuster, as a member of the Opposition, I was addressing the legislature in the early morning hours and heard one of the younger members

from the government benches yell out something like: "Your looking a little tired there old fellow. Don't you think it's time to go to bed?" To which I replied, "Do you have your parent's permission to be up this late?"

I have been writing this off and on over the last several hours, it is now 11:00 am and if we are still filibustering around 6:00 pm we might very well break the record for the longest filibuster in

Alberta Legislative history.

By the time this is printed in the papers this unique part of the parliamentary process will be completed, Bill 2 will have passed second reading and I will hopefully have caught up on some lost sleep.

P.S. The filibuster finally ended Thursday night and yes a record was made as it was the longest filibuster to date in the Alberta Legislature.

On Tuesday, I rose in the House to speak on my Private Member's Bill, C-206 -- "An Act to amend the Criminal Code (abuse of vulnerable persons)". My Bill dealt with the physical, emotional, sexual or financial abuse of a person over the age of 65 or of a person 18 years of age or older who depends on others for their care because of a mental or physical disability as an aggravating circumstance for sentencing purposes. On Wednesday, I met with representatives from the geothermal industry and later that evening, I rose in the House to give my 'farewell' speech to my colleagues, my constituents and to my staff in Ottawa and the riding. I will miss you all!

I flew back to the riding Thursday evening and the next day I dropped in at the Alberta Forest Fire Centre in Edson, before heading on to the Hinton Neighbourlink grand opening's ribbon cutting ceremony.

Later that evening, I attended Ecole Desrochers' graduation dinner and said a few words to the 2019 graduates.

On Saturday, I will be speaking at the Edson Legion's D-Day Commemorative Ceremony, acknowledging the 75th anniversary of the allied forces invasion of Normandy. The parade will begin at 10:45am, followed by a brief ceremony at the Cenotaph.

On Sunday, I will be returning to Ottawa as Parliament is scheduled to sit for the next two weeks.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

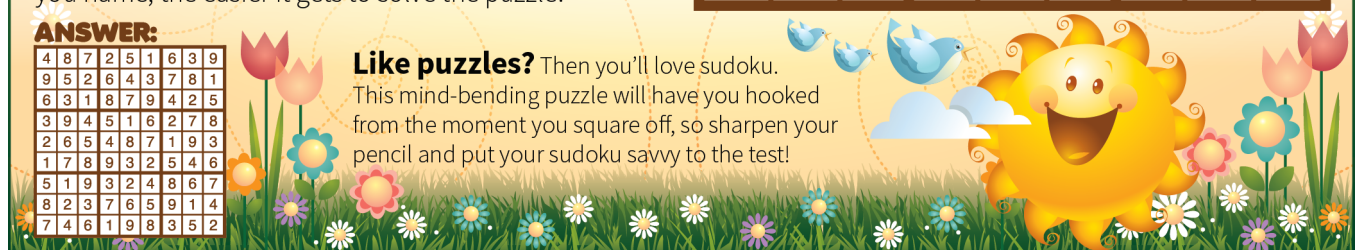

### ANSWER:
