# LAC STE. ANNE COUNTY COUNCIL DECLARES STATE OF AGRICULTURAL DISASTER

Excessive seasonal rainfall resulting in overland flooding, damaged fields and considerable impacts to landowner properties.

Submitted by Lac Ste. Anne County | [www.LSAC.ca](http://www.LSAC.ca)

Sangudo, Alberta, Wednesday, August 7, 2019 – Lac Ste. Anne County Council today declared

a State of Agricultural Disaster. The volume and frequency of precipitation in 2019 has caused incalculable damage to the crops within the municipality.

While various degrees of dam-

age exist throughout the municipality, almost all crop has been affected by current moisture conditions in a negative manner.

## INTERNET SERVICES

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform constituents that the Competition Bureau's study of competition and consumer habits in Canada's high-speed In-

ternet industry, found that many Canadians currently obtain their Internet services from traditional telephone and cable companies, and that CRTC regulations that allow independent Internet providers to buy access to telecom companies' networks have created more choice for consumers.

The Bureau also received comments from more than 42,000 Canadians through an online survey, and 20 written submissions from a variety of Internet service providers.

# ANOTHER CHOIR SEASON BEGINS!

Submitted by Lac Ste. Anne Community Choir

Wherever the Lac Ste. Anne Community Choir entertains, there are always some people who say they'd love to become part of this successful group. Here's that chance, as the group begins another season!

Most members live in the Lac Ste. Anne/Onoway area, but certainly not all. Members (and our accompanist!) come from as far away as Edmonton, Wabamun,

Sandy Beach, and Sangudo. They're willing to travel for both rehearsal and performances because of their love for singing. They enjoy the camaraderie and friendship of belonging to a group dedicated to singing for enjoyment and excellence. The group rehearses in Alberta Beach because it's a central location.

Debbie Rosen has directed the Lac Ste. Anne Community Choir since it began in 2008, and is proud of what she calls 'her choir'. "The combination of seasoned choir singers, professionals, and amateurs who don't know how to read a note of music really works. They learn from one another, and the joy that results is infectious. That joy combines with proven health benefits of choral singing to inspire both singers and audience."

While we strongly encourage those with choral experience to join us, there are no auditions. People with no choir experience, and/or no music reading ability, are also welcome. Rehearsal CDs of all parts are included in the registration package, so those who need to learn by ear will have an excellent tool for learning the music. Debbie Rosen and accompanist R.J. Chambers will inspire you to constantly improve, making you laugh along the way, and leave with a smile on your face at the end of every rehearsal. Special social gatherings provide a way for you to get to know the people "at the other end of the row".

The next season of the Lac Ste. Anne Community Choir begins Wednesday, September 4. Registration begins at 6:15 p.m. at the Heritage Centre in Alberta Beach (5012 - 49 Avenue). At

7 p.m., the first practice begins. All rehearsals are Wednesdays from 7 - 9 p.m., preparing for Christmas-season concerts. Can't make that night? A second chance for registration is on Wednesday, September 11, same time and place.

Not sure it's for you? Come out for two consecutive weeks before you make a firm decision. Membership is just \$70 each session (September to December; January to May), with a discount for multiple family members. Each member is also asked to help with our various fundraising efforts.

No one is refused membership, and if necessary, fees may be adjusted to meet individual needs. A black binder plus concert clothing is the only other cost.

Questions? Call Diane at 780-924-2348 or Gracie Anne at 780-967-5002.

## JOKE OF THE WEEK

A little girl called Martha was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though it was a very large mammal its throat was very small. Martha stated that Jonah was swallowed by a whale. Irritated, the teacher reiterated that a whale could not swallow a human; it was physically impossible. The little girl said, 'When I get to heaven I will ask Jonah'. The teacher asked, 'What if Jonah went to hell?' Martha replied, 'Then you ask him'.

# NDP CALLS ON MINISTER DREESHEN TO SUPPORT LAC STE. ANNE FARMERS

Submitted by Alberta's NDP Caucus

LAC STE. ANNE - Farmers and agricultural producers need support after excessive rainfall caused flooding in the County of Lac Ste. Anne prompting local officials to declare an agricultur-

al state of emergency. Flooding has resulted in damaged fields, county infrastructure and landowner properties and has impacted almost all crops in the municipality.

"It is critical that all agricultural producers know that their government has their back

during a crisis like this," said Lorne Dach NDP Agriculture and Forestry Critic and MLA for Edmonton-McClung. "I am calling on Agriculture Minister Devin Dreesen to act immediately to help the community deal with this state of emergency."

Farmers and Ranchers in Lac

Ste. Anne County are growing increasingly concerned about the fate of the 2019 crop year as rainfall continues. Livestock needs feed, and producers need a plan from this government to manage this emergency.

## NATIONAL STRATEGY FOR THE PROTECTION OF CHILDREN

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead wishes to advise constituents that the Minister of Public Safety and Emergency Preparedness, the Honourable Ralph Goodale, announced the expansion of the National Strategy for the Protection of Children from Sexual Exploitation

on the Internet. These include:

- \$2.09M to intensify our engagement with digital industry leaders to help them maintain their focus, develop new tools online and support effective operating principles;
- \$4.9M to increase prevention activities, such as more research, public engagement, awareness and collaboration with partners; and

• \$15.25M to enhance the capacity of Internet Child Exploitation Units in provincial and municipal police forces, and initiatives to inform and upgrade the work of prosecutors.

This funding will support Public Safety's (PS) efforts towards the four pillars of the National Strategy: raising awareness of this serious issue; reducing the stigma associated with reporting; increasing Canada's ability

to pursue and prosecute offenders; and working together with industry to find new ways to combat the sexual exploitation of children online.

"All children deserve to feel safe, both online and offline," concluded MP Eglinski.

# Lac Ste. Anne County Council Declares State of Agricultural Disaster

## Continued from Page 1

Current conditions have also created an inability for local producers to harvest livestock feed. High humidity and the inability to access

waterlogged fields have severely limited the amount feed harvested to this point, with no forecasted change in sight. The small inventory of feed that has been harvested has been put up in poor condition with degraded

feed value and potential storage issues.

There is increasing desperation among the Farmers and Ranchers within Lac Ste. Anne County as they continue to watch the daily accumu-

lation of rainfall further inhibit the 2019 crop year.

Further information will be posted as it becomes available via the County website LSAC.ca, and via regular County social media channels.

## Internet Services

### Continued from Page 1

Of the 2,005 households surveyed:  
• 90% report being generally satisfied with their current home Internet provider, while customers of independent providers are more likely to

be very satisfied;  
• 1 in 3 households that considered switching providers in the past two years actually made a switch; and  
• 66% of households bundle their internet with at least one other service, but only 17% of those bundles

include wireless phone services.  
“More choice between providers will allow many Canadians, especially in rural areas of the Yellowhead, to choose a plan that meets their needs related to cost, network speeds and quality of service,” con-

cluded MP Eglinski.  
More information can be found at: <https://www.competitionbureau.gc.ca/eic/site/cb-bc.nsf/eng/04470.html> or at: <http://www.ic.gc.ca/eic/site/112.nsf/eng/07658.html>

## Update Regarding Administration Building Structure Issues

### Continued from Page 1

These issues were investigated by Professional Engineers and determined to be caused by swelling of high plastic clay that the building is situated on.

Following this assessment, recommendations to regrade

and redirect surface water were implemented, and the slab heaving appeared to have stabilized. However, despite these remediation measures, the building has experienced an exacerbation of the problems.

As the resolution process with the appropriate parties may re-

quire legal proceedings, the County is limited in the information that can be shared until such issues and/or proceedings are resolved. As such, County Council and Administration are not presently able to respond to any information requests pertaining to the outstanding issues with the

Administration Building.  
The County will make every effort to provide updates on the situation, as approved by its legal advisors. Ratepayers are thanked for their understanding and cooperation regarding this matter.

# NEW RESERVE INFRASTRUCTURE INVESTMENT PROGRAM

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform constituents that the Department of National Defence has announced a new Reserve infrastructure investment program that will see

approximately \$250 million in repairs and upgrades to Reserve armouries and training facilities across Canada over the next five years. Approximately \$38 million is expected to be invested in immediate maintenance and repairs across the country this year.

National Defence is also ana-

lyzing its Reserve infrastructure to help define Reservists' longer-term infrastructure needs, to modernize facilities across the country.

"These upgrades will support our women and men in uniform to remain well trained, equipped and prepared for operations," concluded MP Eglinski.

# WARNING - SCAMS USING CBSA CREDENTIALS

Submitted by Canada Border Services Agency

The Canada Border Services Agency (CBSA) is warning the public about ongoing email, text messages or telephone scams in which people posing as officials from the CBSA are asking for personal information, including Social Insurance Number (SIN). The methods used by the scammers to communicate with the public, and the rationale provided to justify be-

ing in contact with the victim, are varied, ever changing, but always designed to lure the public into providing personal information.

In some cases, these scams use false CBSA information. Telephone calls may display numbers and employee names that appear to be from the CBSA. Emails may contain CBSA logos, email addresses or employee names and titles to mislead the readers.

It is important to note that the CBSA never initiates a request for

social insurance number and credit card number by telephone or email. If an individual receives a telephone call or an email asking for this information, or requesting payments from the CBSA, it is a scam.

It is important to be vigilant. These calls or emails should be ignored and reported to appropriate authorities. If you have received this type of call, please report it to the Canadian Anti-Fraud Centre.

# PEMBINA PIPELINE CORPORATION WELCOMED AS A SPONSOR AT THE ALLAN & JEAN MILLAR CENTRE

Submitted by Town of Whitecourt

AUGUST 6, 2019

The Town of Whitecourt is pleased to announce Pembina Pipeline Corporation (Pembina), as the newest partner at the Allan & Jean Millar Centre. As part of the partnership agreement, Pembina will receive naming rights for the fitness centre, which will be called the Pembina Fitness Centre.

“Pembina has been a part of Whitecourt for over 50 years, and I thank them for their commitment to investing in healthy, livable communities,” said Whitecourt Mayor Maryann Chichak. “The newly named Pembina Fitness Centre is a significant component of the Allan & Jean Millar Centre and plays an important role in creating opportunities so that our residents can lead healthy and active lives.”

“At Pembina, we know firsthand that having a healthy body and mind are paramount in getting our job done safely and effectively,” added Aubrey Adams, Day Foreman at Pembina’s Whitecourt office. “We are excited to be partnering with the Allan & Jean Millar Centre because it is such an important gathering place for people in our community to develop healthy lifestyle habits.”

Sponsorships, donations and advertising revenues make it possible for Whitecourt to expand its programs, services and initiatives, while reducing the need for additional user fees or use of tax revenues. Sponsorships also provide a great opportunity to assist organizations in meeting corporate goals. There are a variety of facility and partnership opportunities available at the Allan & Jean Millar Centre, as well as with other Whitecourt facilities and special events. For more information on opportunities please contact Kelly Sadoway, Manager of Recreation, at 780-778-3637 ext. 407.

Pembina Pipeline Corporation is a leading transportation and midstream service provider that has been serving North America’s energy industry for over 60 years. Pembina owns an integrated system of pipelines that transport various hydrocarbon liquids and natural gas products produced primarily in western Canada. The Company also owns gas gathering and processing fa-

cilities and an oil and natural gas liquids infrastructure and logistics business. Pembina’s integrated assets and commercial operations along the majority of the hydrocarbon value chain allow it to offer a full spectrum of midstream and marketing services to the energy sector. Pembina is committed to identifying additional opportunities to connect hydrocarbon production to new

demand locations through the development of infrastructure that would extend Pembina’s service offering even further along the hydrocarbon value chain. These new developments will contribute to ensuring that hydrocarbons produced in the Western Canadian Sedimentary Basin and the other basins where Pembina operates can reach the highest value markets throughout the world.

# A FEW NOTES ABOUT LAKEWELL 4-H MULTI CLUB

**Submitted by Lakewell 4-H Multi Club**

Alberta 4-H has been around since 1917 and Lakewell 4-H Multi, the longstanding local club, was dormant for some time until re-activated in 2016 with the help and support of the Darwell Ag Society.

Members are between the ages of 9-20 and we also welcome younger folks – Cleavers are aged 6-8; I think of them as like little brothers and sisters, learning from their siblings but not really being responsible for all the chores. 4-H offers the chance to learn Leadership, Community, Friendship, Communication, Responsibility and Commitment but we also try to put as much fun in there as we can. The 4-H Mission is to develop youth as self-reliant, contributing individuals with marketable skills.

There are five requirements for members to complete their year – they must participate in a Com-

munications Activity as well as a Community Service activity, complete a Project by handing in a Record Book, attend 70% of all club activities and attend the year end Achievement Day. Pretty simple, right? And 4-H offers so much! Members will have the opportunity to attend camps, to apply for Awards and Scholarships, to win trips and perhaps go on exchanges with another club in a different part of the country. And putting 4-H experience on a resume is a great way to get the interviewer’s attention!

The members and their parents take an active role in how their 4-H club evolves. Our meetings are run by both the parents and the members; in fact, the executive positions are held by members. Not only do the members have a say in how the individual projects look, they also have the opportunity to decide on things like community service, fundraising opportunities and fun

days, among others.

Speaking of fun days: over the past three years, Lakewell members have gone to Camp Warwa and Camp YoWoChas for team-building days; we have been to Galaxyland, had a bowling party in Wabamun and a year-end party down by the Pembina River; there have been District Fun Days at East End Park In Whitecourt and the Curling Rink in Mayerthorpe. Each year the Members, Cleavers, parents and leaders have the opportunity to attend the Regional Lifeskills Fair, where they can choose activities from a large diverse menu that ranges from making Wood Signs, to Line Dancing to Car mechanics and beyond.

And the projects – they are not just about animals! There are over 40 projects in the 4-H library including Foods, Sewing, Quilting, Woods, Vet Sciences, as well as the more well-known ones such as Horse, Beef and Sheep. For the uncertain, there

is a project called ‘Exploring 4-H’ which involves picking 6-8 project areas and exploring each one. This particular project is one I find intriguing and would like to see some members chose this year.

More information about 4-H can be found on their website at <http://www.4h.ab.ca> or you can join us for pizza on Sept 5th at 6:30 pm at the Lake Isle Hall on Hwy 633 just west of Darwell. Lakewell 4-H Multi Club will be holding its yearly organization meeting at that time and you are welcome to come and meet current members, parents and leaders. And we are always looking for volunteers. Most of the leaders are novices in their roles but we are all committed to the task and, even though we make the occasional poor choice, we learn from them and carry on. The 4-H motto – ‘Learn to do by doing’ – also applies to the adults in the group.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**ANSWER:**

4	5	2	3	7	1	8	9	8
7	8	3	6	5	9	4	1	2
9	1	6	4	8	2	5	7	3
8	6	5	9	1	7	3	2	4
1	2	4	8	3	6	7	5	9
3	7	9	5	2	4	1	8	6
2	4	8	7	6	5	9	3	1
5	9	1	2	4	3	8	6	7
6	3	7	1	9	8	2	4	5

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
