## INTERNET SERVICES

**Submitted by Jim Eglinski, MP – Yellowhead**

Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform constituents that the Competi-

tion Bureau's study of competition and consumer habits in Canada's high-speed Internet industry, found that many Canadians currently obtain their Internet services from traditional telephone and cable com-

panies, and that CRTC regulations that allow independent Internet providers to buy access to telecom companies' networks have created more choice for consumers.

## WARNING - SCAMS USING CBSA CREDENTIALS

**Submitted by Canada Border Services Agency**

The Canada Border Services Agency (CBSA) is warning the public about ongoing email, text messages or telephone scams in which people posing as officials from the CBSA are asking for personal information, including Social Insurance Number (SIN). The methods used by the scammers to communicate with the public, and

the rationale provided to justify being in contact with the victim, are varied, ever changing, but always designed to lure the public into providing personal information.

In some cases, these scams use false CBSA information. Telephone calls may display numbers and employee names that appear to be from the CBSA. Emails may contain CBSA logos, email addresses or employee names and titles to mislead the readers.

It is important to note that the

CBSA never initiates a request for social insurance number and credit card number by telephone or email. If an individual receives a telephone call or an email asking for this information, or requesting payments from the CBSA, it is a scam.

It is important to be vigilant. These calls or emails should be ignored and reported to appropriate authorities. If you have received this type of call, please report it to the Canadian Anti-Fraud Centre.

# FARM FREEDOM & SAFETY ACT

## Have your say on farm and ranch safety and workplace legislation

Submitted by **MLA Mark Smith, Drayton Valley-Devon**

Our government has initiated comprehensive consultations with farmers, ranchers, agriculture workers, and others as we move forward with the new proposed Farm Freedom and Safety Act.

The new legislation will address:

- Ensuring basic safety standards.
- Recognizing that a farm is unlike other businesses, and that farmers and ranchers require flexibility in meeting workplace standards.
- Minimizing red tape and the regulatory burden on farmers and ranchers.
- Requiring employers to have workplace insurance, but allowing

a choice of market insurance or the Workers' Compensation Board (WCB) as long as basic standards of coverage are met.

- Exempting small farms from employment standards legislation.

We are committed to restoring balance, fairness and common sense to the regulation of Alberta's agriculture sector. Farm and ranch operations have unique needs that are unlike other industries. We need legislation that balances the unique economic pressures of farming with the need for common sense, flexible farm safety and employment legislation.

Alberta Agriculture and Forestry is leading a range of stakeholder consultation opportunities throughout the summer. Watch for Agriculture and Forestry Minister Devin Dreeshen

at events in our community, and take that opportunity to connect with him and share your opinion.

A survey on Farm Freedom and Safety is available online at [Alberta.ca](http://Alberta.ca) until the end of the summer and I encourage you to provide your input. The survey is online at [alberta.ca/farm-safety-engagement](http://alberta.ca/farm-safety-engagement).

If you have any questions or would like to provide input into this important legislation, feel free to contact me at the Drayton Valley constituency office, 5136B – 52 Ave, 780-542-3355, or email: [draytonvalley.devon@assembly.ab.ca](mailto:draytonvalley.devon@assembly.ab.ca)

I appreciate your support as we move forward with another government promise that is meaningful and essential to so many of our friends and neighbours.

## JOKE OF THE WEEK

A little girl called Martha was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though it was a very large mammal its throat was very small. Martha stated that Jonah was swallowed by a whale. Irritated, the teacher reiterated that a whale could not swallow a human; it was physically impossible. The little girl said, 'When I get to heaven I will ask Jonah'. The teacher asked, 'What if Jonah went to hell?' Martha replied, 'Then you ask him'.

# APPROVAL OF TRANS MOUNTAIN PIPELINE EXPANSION BY THE FEDERAL GOVERNMENT: STATEMENT FROM MAYOR BOB YOUNG

Submitted by City of Leduc

City of Leduc Mayor, Bob Young, issued the following statement in response to the federal government's announcement that they have approved the Trans Mountain Pipeline expansion.

"I am pleased to see that the Government of Canada has taken action to support Alberta's energy industry and Albertans as a whole. This news could not have come at a better time and it is a much-needed boost for those hard-working Albertans in the oil and gas industry who have been hit hard by the economic downturn.

This announcement is a relief for many Leduc residents who work in the Leduc and Nisku Business Parks, which have strong ties to the oil and

gas industry. Today's approval of the Trans Mountain pipeline expansion gives them hope that long-term recovery is on the horizon and that their concerns

have been heard by all levels of government.

The sooner we can get shovels in the ground, the better it will be for all Canadians. On behalf

of the City of Leduc, I thank the Federal Government for making this decision and showing their support for our oil and gas industry."

## A MESSAGE FROM MLA MARK SMITH: A BUSY SUMMER

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

It has been a busy summer, I've been meeting with constituents and trying to ensure that the Government of Alberta is actually working for the people of Alberta in the Drayton Valley-Devon constituency.

On August 7, 2019 the Minister of Agriculture and myself met with farmers from across the constituency as we worked through providing feedback for the Farm Freedom and Safety Act that will be tabled in the Legislature in the fall. Approximately 60+ people attended the consultation providing feedback on how to best address farm safety and OHS legislation etc. that were creating problems for farmers as a result of the passage of Bill 6 by the previous government. It was a productive morning and I think most people that attended were happy to meet the Minister and see that his farming

background brings a great deal of common sense to the issues that farmers are facing.

Recently, the Ministry of Health announced that they are beginning a review of Alberta Health Services. The goal is simple: to strengthen the health system and deliver better access and better results overall. With the government fast approaching a \$60 Billion dollar debt and having campaigned on fiscal responsibility this review will include:

- An examination of AHS' structure and organization.
- Evaluation of AHS programs, services and policies to identify potential areas to reduce costs and improve performance.
- Identification of opportunities to make AHS operation more responsive to the front-lines and Albertans.
- Compare Alberta to other provinces and their best practices.

It is hoped that this review will

find efficiencies to save money and it is the intention of the government that these savings will be reinvested into the health care system. You can become involved by visiting: <https://www.alberta.ca/alberta-health-services-review.aspx> where you can provide any comments that you think would be helpful as part of this review. Ernst and Young have been hired to gather the perspectives of front line workers and this too will be built into the report. The final report will be sent to the government by Dec. 31, 2019 and the results will be shared in early 2020.

There is a lot more that could be discussed but if you have any questions about the Red Tape Reduction Consultations or the Rural Crime Consultations please feel free to contact my constituency office at 780-542-3355 or 780-987-3666.

Have a great summer and try to enjoy the sunshine as it peeks out between the clouds.

# RIDING UPDATE – MONTH OF JULY 2019

**Submitted by Jim Eglinski, MP – Yellowhead**

On June 20th all Members of Parliament were advised of the passing of MP Mark Warawa. Members paid tribute to Mark in the House that afternoon. Soon after, Parliament was adjourned for the summer.

As stated in my last update, on June 22nd, I attended the Dragonfly Festival Parade in Wabamun and later that day, the UCP AGM at the Galloway Station Museum in Edson. On Sunday, I attended the Alberta Beach Alliance Church's 70th celebration of service. The week of June 24th, I travelled to Fort Nelson, B.C., to attend my grandson's graduation and ended the week in Grande Cache where I attended their 50th anniversary celebrations.

On July 1st, I attended events celebrating Canada's 152nd birthday by participating in the Hinton Parade in the morning, Jasper parade in the afternoon and an event in Edson that evening.

## Internet Services

Continued from Page 1

The Bureau also received comments from more than 42,000 Canadians through an online survey, and 20 written submissions from a variety of Internet service providers.

Of the 2,005 households surveyed:

- 90% report being generally satisfied with their current home Internet provider, while customers of independent providers are more likely to be very satisfied;

- 1 in 3 households that considered switching providers in the past two years actually made a switch; and

- 66% of households bundle their internet with at least one other service, but only 17% of those bundles include wireless phone services.

"More choice between providers will allow many Canadians, especially in rural areas of the Yellowhead, to choose a plan that meets their needs related to cost, network speeds and quality of service," concluded MP Eglinski.

More information can be found at: <https://www.competitionbureau.gc.ca/eic/site/cb-bc.nsf/eng/04470.html> or at: <http://www.ic.gc.ca/eic/site/112.nsf/eng/07658.html>

On Tuesday, I was in the Edson office catching up on phone calls and emails. Later that day, I attended the Edson Rotary luncheon at the Galloway Station Museum.

On Thursday, I met with constituents in my riding office and on Friday, Nancy and I attended the memorial service for my dear friend, MP Mark Warawa in Langley, BC. We returned to the riding that evening.

During the second week of July, Nancy and I decided to spend some quality time away with family.

I met with constituents during the third week of July and on the 21st I attended the UCP Summer BBQ and Board Meeting in Edson.

On Monday and Tuesday in the fourth week of July, I met with constituents in the Edson office, returned calls and answered emails.

On Wednesday, I attended the unveiling of Wildwood Public Library's new logo. I was pleased to say a few words congratulating everyone who participated in making this event possible. Later, I greeted a tour group of seniors from Central Alberta at the Rochfort Bridge Trading Post, then I was off to personally deliver 'Appreciation Certificates', to constituents in Wildwood, Sanguedo, Onoway and Evansburg.

On Thursday, while in the Edson office, I returned phone calls and replied to emails. Later, I travelled to

Rocky Mountain House.

On Saturday, while in Rocky Mountain House, I attended Yellowhead EDA's 'Meet and Greet' BBQ. This was followed by an EDA meeting that afternoon. Later, I was pleased to attend and participate in the 70th Anniversary of Fallis Community Hall.

During the first part of the last week of July, I was in the office catching up on a few things.

During the month of August, I will be meeting up with many of my constituents and attending local events. Hope to see you around! Don't forget; if you do see me give me a wave! Happy trails.

## SAFETY FIRST!

With school starting back up, remember to slow down when driving near schools, parks and crosswalks. Keep watch for children on bicycles too. Teach your kids the rules of safety for walking near traffic and riding a bike.

# BACK-TO-SCHOOL

That means extra care is needed when driving in school zones and when busses are loading and unloading their students. Slow down for pedestrian crossings and watch for kids dashing across the street.
