## PARKLAND RCMP THWART ATTEMPTED ABDUCTION

Submitted by Parkland RCMP

Spruce Grove, Alta. – On Tuesday, Aug. 21, 2019 at 7:10 p.m. Parkland RCMP were dispatched to the report of an alleged abduction at the parking lot of a local business. Witnesses reported a male smashed the window of a car and forced the female passenger into his vehicle. The suspect vehicle then left the scene.

The female driver of the car re-

mained on scene to wait for police. She provided information that the male suspect blocked her vehicle, smashed her front passenger headlight and then went to the passenger side window and demanded the female passenger get out. When the passenger refused, he smashed the passenger side window and opened the door. The male grabbed the passenger, took her to his van and fled the scene. The driver of the vehicle was not injured.

RCMP received information that the suspect vehicle was in Onoway. When members located the vehicle, it attempted to flee. In the interest of the safety of the passenger and the general public, RCMP forced the vehicle to stop and the driver, William Jensen was arrested. The victim was safe and had minor injuries on her arm from the glass fragments from the smashed car window.

## ALBERTA RCMP WARNS PROPERTY OWNERS OF PAVING CONTRACTOR SCAMS

Submitted by Alberta RCMP

This summer, the Alberta RCMP has received reports of several incidents involving paving scams in Western Alberta. Travelling companies, posing as legitimate contractors, offer paving or sometimes roof sealing services typically to senior citizens in rural communities. These individuals have been known to provide few details of their identity and utilize non-de-

script vehicles rarely bearing commercial logos.

The Alberta RCMP urges property owners to beware of out-of-town companies offering such services. The contractors claim to have leftover asphalt from previous jobs and promise to provide quality services. However, the product used is believed to be cold, recycled asphalt or a gravel and oil mixture with no lasting properties. This results in the asphalt falling apart once it is driven on. By that

time, these fraudsters are long gone, disappearing with their payment before the customer realizes they have been scammed.

We would like to remind residents to exercise caution when retaining contractor services and if it sounds too good to be true, then it probably is.

Residents should be weary of any contractors who:

- Come to your door saying they are working in the area offering a deal for leftover asphalt

# Alberta RCMP Warns Property Owners of Paving Contractor Scams

Continued from Page 1

- Drive vehicles bearing no business names or logos
- Pressure you into making a quick decision or refuse to take "no" for an answer

- Ask for a down payment to buy materials
- Refuse to give you a written quote with their business name, physical address and outlining the services they will provide prior to completing the work

Here a few tips to avoid falling prey to scammers:

- Before agreeing to contract a person who comes to your door, get names of their previous customers and verify that they were satisfied with the work

# SEPTEMBER IS PROSTATE CANCER AWARENESS MONTH

Submitted by Alberta Health Services – ahs.ca

This month marks Prostate Cancer Awareness Month. The annual event is an opportunity to educate North Americans about the importance of prostate health and to provide information about prostate cancer.

## Alberta RCMP Warns Property Owners of Paving Contractor Scams

Continued from Page 2

• Do some research on the company with either the Better Business Bureau in Alberta, with the Consumer Investigations Unit, with your local Rural Crime Watch or on social media site

• Make sure to obtain a written quote from the contractor that includes the full business name, full address, phone number, GST number and provincial and municipal license numbers, if applicable

• Ensure the quote you receive gives details such as the quantity and specifies the quality of materials being offered

• Obtain quotes from local supplier as a form of comparison

The Alberta RCMP is working with the Alberta Consumer Investigation Unit (CIU) to counter this trend. If you or anyone you know have any information on these companies, please contact the Consumer Investigations Unit - North (north of Ponoka) at 587-985-4735 or the Consumer Investigations Unit – South (south of Ponoka) at 403-803-8229.

Prostate cancer is the most common cancer facing men in Canada. One in seven Canadian men will be diagnosed with prostate cancer in their lifetime. Every year, about 21,000 Canadian men are diagnosed.

Any man can develop prostate cancer but you may be at a higher risk if you have a family history of it, or if you are black, overweight or over the age of 50.

Common prostate cancer

symptoms include:

- Urination problems
- An urgent need to urinate
- Frequent urination, especially during the night
- A burning sensation or pain when urinating
- Being unable to urinate, or having problems starting or stopping urine flow
- Blood in urine or semen.

If you have any of these symp-

toms, tell your doctor or call 811.

The prostate is a small gland that is part of the male reproductive system. Normally about the size of a walnut, it is located just below the bladder.

If you have been diagnosed with prostate cancer, you can find more information, including biopsy, treatment options and support groups, online at prostatecancer.ca.

# RCMP THWART SUSPECT'S PLANS

Submitted by Parkland RCMP

Spruce Grove, Alta. - On Thursday, Aug. 22, 2019 members of Parkland RCMP observed a car being driven by a suspended driver who is known to police. The car entered the parking lot of the Westland Market Mall in Spruce Grove where it parked to drop off a male passenger. The car then drove around the parking lot and parked the car in a handicap stall.

RCMP pulled in behind the suspect vehicle to initiate a traf-

fic stop for the offence of being a suspended driver and for parking in a handicap stall. The suspect put the car in reverse and rammed the marked police vehicle. The suspect then exited the car and attempted to flee on foot. RCMP were quickly able to apprehend the suspect, who had placed a mask over his face. The RCMP attempted to locate the second male suspect with negative results. Further investigation revealed the car driven by the suspect was stolen from the Spruce Grove area.

Kalob Kochanowsky (20) of

Spruce Grove has been charged with:

- Obstruct a peace officer
- Possession of break and enter tools
- Possession of stolen property
- Operate a motor vehicle while prohibited

Kochanowsky did not speak to bail and was remanded into custody. He will be appearing in St Albert Provincial Court on September 26, 2019.

The investigation is ongoing. RCMP believe that the suspect

wasto be a get away driver for a potential crime at Westland Market Mall. RCMP are attempting to locate the second male. If you have any information in relation to this incident, please contact Parkland RCMP at 780-968-7267. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

## Parkland RCMP Thwart Attempted Abduction

Continued from Page 1

RCMP seized a significant amount of money, crystal methamphetamine and stolen property from inside the vehicle.

William Jensen (23) of Spruce Grove has been charged with:

- Forcible confinement
- Mischief under \$5000

- Possession for the purpose of trafficking
- Possession of property obtained by crime less than \$5000 (x2)
- Illegal possession or trafficking in government documents
- Failure to comply with condition of undertaking or recognizance
- Flight from peace officer

William Jensen was held for a justice interim hearing and was remanded into custody. He will be appearing in Stony Plain Provincial Court on Aug. 28, 2019.

The RCMP can confirm that Jensen and the female victim were known to each other and this was determined to be a targeted incident.

If you have any information in

relation to this incident, please contact Parkland RCMP at 780-968-7267. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

# CROP PRODUCERS GRANTED EXTENSION TO REPAY CASH ADVANCES

**Submitted by Agriculture and Agri-Food Canada**

OTTAWA, Aug. 15, 2019 / CNW/ - Farmers form the backbone of rural communities across Canada. They are integral to expanding our middle-class and strengthening our economy. The Government of Canada remains committed to growing Canada's agricultural sector by ensuring all farmers have the support they need to manage significant risks that threaten the viability of their farms.

Agriculture and Agri-Food Minister Marie-Claude Bibeau announced today that crop producers impacted by recent market disruptions may now be eligible for an additional six months to repay 2018 cash advances under the Advance Payments Program (APP).

The Stay of Default, which covers advances on grains, oilseeds and pulses, will provide

additional flexibility to repay advances for farmers that may be facing lower prices, reduced marketing opportunities or a decrease in farm cash income. The decision comes following recent changes made by the Government of Canada to strengthen the APP by increasing the maximum loan limit for all farmers to \$1 million and the interest-free portion to \$500,000 for canola.

The six-month Stay of Default to March 31, 2020, will provide producers with more time to repay their 2018 outstanding advances. The Stay of Default was granted at the request of nine program administrators. The Government of Canada will also continue to pay interest on the interest-free portion of farmers' outstanding advances until March 31, 2020, for those commodities.

Producers who received a 2018 APP advance from any of the nine participating administrators

could be eligible for the Stay of Default and are encouraged to contact their respective administrator for more details.

Participating administrators are the Agri-Commodity Management Association, Alberta Sugar Beet Growers, Alberta Wheat Commission, BC Breeder and Feeder Association, Canadian Canola Growers Association, Manitoba Corn Growers Association Inc., Manitoba Livestock Cash Advance Inc., Producteurs de Grains du Québec and Western Cash Advance Program Inc.

Our government is working closely with our farmers to meet their needs and is taking many concrete steps to help them deal with the current market turmoil. This Stay of Default will give them more flexibility and the room to maneuver so they can better manage their liquidity. " - The Honourable Marie-Claude Bibeau, Minister of Agriculture and Agri-Food

### Quick Facts

- The Advance Payments Program is a financial loan guarantee program that provides producers easy access to credit through cash advances. There was over 21,000 producers who participated in the program in 2018, and the average advance was approximately \$118,000.

- For the 2018 program year, 12,902 grains, oilseed and pulse producers took more than \$1.68 billion in advances, representing a 3% increase in the number of grains, oilseed and pulse producers taking advances under the program, and a 6% increase in the value of advances taken in 2017.

- As of July 31, there has been close to 1,100 new producers who have joined the program in 2019 and there has been approximately 360 producers who have returned to the program after not participating in the last three years.

# A MESSAGE FROM MLA MARK SMITH

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

One of the great things about being an MLA is getting to meet and eventually serve your constituents.

Over the past three weeks I have had so many opportunities to celebrate special events with constituents.

The Calmar parade and the gigantic flea market down main street has become one of the things I most enjoy attending. Many of you have seen the little red 1965 Corvair my wife drives in all of the parades across the constituency. So it was a lot of fun to discover in the antique store in Calmar an old set of 1965 Alberta license plates that are even red and white that can now adorn my parade car.

There are not many businesses in this constituency that can claim to have been in business for 90 years. So it was an amazing night spent celebrating the 90th anniversary of the Thorsby Hotel and Bar. There was great music, lots of people and it was so interesting to see some of the old pictures of the hotel over the years, especially the picture of the Thorsby Men's baseball

team taken in the hotel.

Just the other day I went down to where the oil spill south of Drayton Valley occurred. No one wants to see an oil spill, especially one that affects a creek that feeds the North Saskatchewan River but I was so proud of the clean-up effort I saw going on. The scope of the effort taken to clean up what in comparison to some of the spills we have read about is a relatively small spill was impressive. The booms, skimmers and clean-up crews, the vac trucks and oversight by the AER all of these

people and agencies were working together and getting the job done. It made me proud to be part of the best, most environmentally responsible oil industry anywhere in the world. Good job guys!

I also had the pleasure this past week of attending the media event for EAVOR an Alberta energy company drilling a deep well geo-thermal pilot project near Rocky Mountain House. Several hundred attendees saw two rigs two and a half kilometers apart drill two wells 2.5 kilometres deep and then drill

laterally and connect the two bore holes together to create a continuous loop that will collect the heat of the earth. I don't believe that the expertise and technology exists anywhere else in the world to do this and should the technology prove successful then the first commercial geo-thermal electrical project is slated to begin sometime in the next year in Drayton Valley.

We live in an amazing province and this constituency has so much going for it and it is a privilege to represent you inside and outside of the Legislature.

# HEALTHY IDEAS FOR BACK-TO-SCHOOL SNACKS

Submitted by Alberta Health Services – ahs.ca

It's almost time for the new school year! Whether your kids spend their after-school time at home or on their way to an extra-curricular activity, they may be hungry. Plan and pack healthy snacks so your children get

the right energy they need to grow and be active.

- Offer snacks at least two hours before dinner to keep your child from being too full at meal time.
- Choose foods from two of the four food groups from the new Canada's Food Guide (available online in 28 languages) at snack time.

- Wash and slice vegetables and fruits; store them in a container in the fridge so they are easy to grab when you're heading out the door.
- Keep a small supply of non-perishable snacks such as unsalted nuts, pretzels, or whole-grain crackers in a sports bag so your child can have a quick snack before activities or

sporting events.  
 Plan ahead by stocking your fridge and cupboard with items that can be used to make these quick and healthy snacks:

- Low-fat cheese to eat with whole-grain crackers, mini whole-grain pitas, or apple slices.

Continued on Page 9

# TMX CONSTRUCTION RESTART: PREMIER KENNEY

Submitted by Government of Alberta

Premier Jason Kenney issued the following statement regarding the Trans Mountain Pipeline Expansion project restarting construction:

"The 'Notice to Proceed' is a step forward for the much-delayed Trans Mountain Pipeline. This project has the support of the vast majority of Canadians, including seven out of 10 British Columbians. The news that construction will restart on this project is positive; however, there is still not reason to celebrate. The se-

ries of delays and the existing uncertainty around this vital project continue to present serious challenges.

"As Trans Mountain begins to prepare for its construction restart, the federal and local authorities must ensure the rule of law is enforced and that construction is not illegally blocked. History has shown us that there are a small minority of individuals who are willing to break the law to prevent responsible resource development in Canada, and they must not be allowed to essentially veto a project that is vitally important – not only to Alberta, but to all

of Canada.

"The start of construction is an important milestone, but it should have never taken this long. TMX has been mired in delays and has been through countless months of consultation and a lengthy and rigorous review process. It has been cancelled twice. This cannot be allowed to happen again. Because of all of this, there is only one way to measure success for this project: completion of the pipeline.

"It is also worth pointing out that TMX is only one coastal pipeline. With the passage of the 'No More

Pipelines' Bill C-69 and the Alberta tanker ban, Bill C-48, TMX will be the only new coastal pipeline for the foreseeable future. This is unacceptable. We continue to urge the federal government to listen to Albertans, to the vast majority of Canada's premiers and to job creators, and repeal the 'No More Pipelines' law and the discriminatory Alberta tanker ban. Alberta's government remains committed to fighting for additional pipelines, growing the economy and creating good jobs."

## Recycling Changes

Effective September 3, 2019 the following can be placed in blue bags:

- Hard/rigid plastic containers, tubs and bottles, but no lids or caps (e.g. detergent, condiment or shampoo bottles; margarine and yogurt containers)

- Magazines, newspaper, flyers and catalogues

- Tin food cans (clean and in original shape)

- Wrapping paper (no foil), greeting cards (decorations removed)

- Books with front and back covers removed

- Boxboard (e.g. cereal, cracker, cookies, tissue boxes)
- Cardboard, flattened

For a full list of changes and to download the *What Goes Where* cheat sheet, please visit [www.parklandcounty.com/waste](http://www.parklandcounty.com/waste).

# GOLFER'S GUIDE

## DRIVE HOME A WINNING GOLF TOURNAMENT

(NC) The arrival of warmer weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While there are many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get a wider selection of dates and courses.

Ensuring your guests are well fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and

safe round.

What about prizes? The excitement of winning something is always a big draw, so hit up local businesses, suppliers, business partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting

Manager, Wayfarer Insurance. "You can get insurance coverage that will pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

[www.newscanada.com](http://www.newscanada.com)

## Healthy Ideas For Back-To-School Snacks

Continued from Page 8

- Peanut butter, soy butter or almond butter spread on a whole wheat tortilla and rolled around a banana. (Keep in mind that nut butters may not be allowed at some schools and sporting events because of allergies.)

- Low-fat yogurt with fresh, frozen, or canned fruit.

- Pair snacks with water, milk, fortified soy beverage, or 100-per-cent fruit juice. Limit juice to ½ cup (125 mL) per day.

For more information, search "healthy snacking" at ahs.ca.

## PROTECT YOUR PLANTS FROM WINTER WEATHER

For the majority of gardening enthusiasts, gardening is a warm weather activity. While some people live in climates that make it possible to enjoy gardening year-round, those who don't often lament the end of the gardening season.

Winter might not be conducive to gardening, but the arrival of cold weather does not necessarily mean a gardener's work is done until the following spring. Taking steps to protect plants from winter weather is an important part of maintaining a healthy garden that thrives from year to year.

Timing is of the essence when winterizing a garden. The online gardening resource Get Busy

Gardening!™ advises gardeners that the best time to winterize is after the first hard freeze in the fall. A hard freeze occurs when temperatures dip below freezing overnight. When that occurs, annual plants and vegetables are killed off and perennial plants, which grow back year after year, begin going dormant.

Better Homes and Gardens notes that perennials are the easiest plants to prepare for winter, as they require just a little cutting back and mulching to be safe from cold weather. But no two perennials are alike, so homeowners should consult their local gardening center for advice on how to prepare their partic-

ular perennials for the coming months.

The steps necessary to winterize annuals depends on

which type of annuals, cool- or warm-climate, you have.

## HOW TO PROTECT WOOD FLOORS FROM INCLEMENT WEATHER

Wood floors are a worthwhile investment that can improve the beauty and function of just about any room in

a home. Even though wood floors are durable, and new protective treatments help seal out many of the things

that may have damaged floors in the past, homeowners still need to prioritize protecting their hardwood floors.

up on hardwood if they live in an area that sees all four seasons. They just need to take a few steps to keep floors looking beautiful.

Certain seasons of the year can be more harsh on wood floors than others. For example, seasons characterized by moisture and precipitation, particularly the early spring, winter and fall, can be hard on wood floors. The experts at ServiceMaster Clean say that cold, snowy days can damage wood floors, and Lumber Liquidators agrees that winter weather can be harsh on flooring.

- Clean up the salt. Salt that keeps sidewalks and streets clear of snow and ice inadvertently gets tracked inside a home. Hard chunks of salt can scratch wood floors, and, if left to sit, that salt can eventually cause white marks and other stains. Routinely vacuuming and sweeping up salt is necessary to protect wood floors.

Homeowners need not give up on hardwood if they live in an area that sees all four seasons. They just need to take a few steps to keep floors looking beautiful.

## How To Protect Wood Floors From Inclement Weather

create puddles around the house. Have a special mat or tray by the front door where wet shoes can be kept. A nice bench in the entryway makes it easy for residents and guests to remove their shoes until it's time to go back outside.

- Use water-wicking mats. Homeowners will probably need a few extra mats around to tame errant drips and wipe shoes. Any entrance that might be used by people or pets should be protected. Try to avoid petroleum-based, rubber-backed mats, as they could discolor the wood floor.

- Control humidity indoors. Cold, dry air in a home can be problematic because

the moisture in the wood can eventually evaporate into the air. The heat will suck that moisture from the flooring, causing it to shrink, creak and splinter and become more brittle. Think about investing in an in-line humidifier for the home's HVAC system that can keep a moderate amount of humidity in the home. Hardwood floorboards are installed to accommodate minor temperature and humidity fluctuations. This is typically a range of between 60 and 80 degrees F with a relative humidity range of 35 to 55 percent, advises ServiceMaster.

- Use the right cleaning products. Avoid excessive

water to clean wood floors, and select soaps that are specially designed for wood flooring. Consult with the flooring manufacturer for a list of detergents that are safe

to use.

With proper care, hardwood flooring can survive rain, snow and cold weather.

## Protect Your Plants From Winter Weather

Continued from Page 11

Cool-climate annuals should be covered with polyspun garden fabric when light frost is in the forecast. In addition, Better

Homes and Gardens recommends pulling dead annuals and adding them to a compost pile after a killing frost. Any annuals that developed fungal disease should be discarded. Mulch an-

nual beds with a three- to four-inch layer of chopped leaves or similar materials, spreading the mulch only two inches thick over self-sown seeds you want to germinate in the spring.

Warm-climate annuals also should be covered with polyspun garden fabric when light frost is expected. Seeds of cold-hardy annuals can be planted for extended winter bloom, while gardeners also can collect seeds of warm-weather plants that will breed true to type. Even though you're winterizing, Better Homes and Gardens recommends that gardeners continue to weed and water their plant beds and plants while also keeping an eye out for pests. If organic mulch has decomposed or thinned out, replace

it with a new layer.

Get Busy Gardening!™ notes that the bulbs of tender plants like dahlias and tuberous begonias can be dug up and overwintered in their dormant state. All dead foliage should be removed after the bulbs have been dug up, and the bulbs should be allowed to dry out a little before being stored. Container gardeners can overwinter their tender bulbs in their pots inside, but be sure to remove their foliage and store them in a dark, cool place that maintains temperatures above freezing.

Winterizing may mark the end of gardening season, but it's an important task that can ensure a healthy, beautiful garden next spring, summer and fall.

# SERVICE ALBERTA MINISTER TOURING TO MEET ALBERTANS

Submitted by Government of Alberta

Service Alberta Minister Nate Glubish is embarking on a province-wide tour to meet Albertans and discuss the path forward to reducing obstacles that affect their lives.

"I have heard about specific challenges that Alberta communities are facing, from broadband service in rural Alberta to local registries and mobile home tenancy issues in more urban settings. This is why it is important to go out and hear directly from Albertans who are in the best place to offer insight into the difficulties they face when accessing services." - Nate Glubish, Minister of Service Alberta

The minister's travel schedule includes both urban and rural communities, and will focus on a wide array of issues facing Albertans.

"This tour is the first of its kind in more than five years, and it demonstrates this government's commitment to hear, first-hand, the unique concerns and proposals that Albertans have on the issues that affect them." - Nate Glubish, Minister of Service Alberta

The minister's tour begins Aug. 20 in Lloydminster and wraps up on Sept. 4 in Mayerthorpe.

Tour schedule

# SPECIAL BOARD MEETING HIGHLIGHTS - JUNE 25, 2019

**Submitted by Parkland School Division**

June 25, 2019 - The Board of Trustees is pleased to share with all education stakeholders the highlights of our recent Special Board meeting held on Tuesday, June 25, 2019. The adopted minutes will be available on our website following the next Special Board meeting.

Update:

- The Board held its

annual Organizational Meeting in addition to the regular Board Meeting. Trustee Lorraine Stewart was elected Board Chair by acclamation. Eric Cameron was elected Vice Chair by acclamation. All the new positions posted below as the result of the Organization meeting will be effective September 1, 2019. The Board Chair and Vice Chair will be sworn in at the Regular Board Meeting September 3, 2019.

"I am humbled by the vote of

confidence from fellow trustees and am honoured and excited to serve as Board Chair for the 2019-2020 school year," stated Trustee Stewart. "I have been mentored for the past two years by Eric Cameron, who has provided integrity and admirable leadership to the Board. I am proud to collaborate with my colleagues who clearly emphasize student success and well-being in all their decisions. We really are a future-focused and

innovative organization."

"I am honored to serve as Vice Chair on the Board of Trustees for PSD," stated Trustee Cameron. "It has been my privilege to serve as Board Chair for all these years. Our dynamic team of Governors and Executive leadership keep the desire to serve students alive. It's an exciting time to be in education and I look forward to living out our new vision and mission daily."

The following committee positions were also chosen:

- Education Committee Chairperson (Anne Montgomery)
- Student Advisory Committee Chairperson (Anne Montgomery)
- Benefit Plan Advisory Committee (Lorraine Stewart)
- Teacher/Board Advisory Committee (Eric Cameron, Ron Heinrichs, Lorraine Stewart)
- Audit Committee (Ron Heinrichs, Paul McCann, Anne Montgomery)
- Advocacy Committee Chairperson (Paul McCann)
- Alberta School Boards Association, Zone II (Eric Cameron, Darlene Clarke)
- Public School Boards' Association (Ron Heinrichs, Sally Kucher-Johnson)
- Stony Plain Joint-Use Committee (Paul McCann)
- Spruce Grove Joint-Use Committee (Anne Montgomery)
- Alberta Teachers' Association Labour Relations (Eric Cameron, Darlene Clarke, Anne Montgomery)
- Central Alberta Association of Municipal and School Employees Labour Relations (Darlene Clarke, Ron Heinrichs, Sally Kucher-Johnson)
- International Union of Operating Engineers Labour Relations (Darlene Clarke, Sally Kucher-Johnson, Paul McCann)
- Council of School Councils (Paul McCann, Anne Montgomery)
- Teachers' Employer Bargaining Association Representative

## NELSON AUCTIONS LTD.

BOB NELSON AT 780-991-2925

FOR MORE PHOTOS VISIT [WWW.NELSONAUCTIONS.CA](http://WWW.NELSONAUCTIONS.CA)

# Special Board Meeting Highlights - June 25, 2019

(Eric Cameron)

- Rural Caucus of Alberta School Boards (Sally Kucher-Johnson)

• The Board approved the Quarterly Financial Report for the period ending May 31, 2019. As of May 31st, 2019, revenues year to date were \$102.1M and expenditures year to date were \$104.0M resulting in a deficit of \$1.9M. A deficit of \$677K is forecast for year ended August 31, 2019.

• The Board approved the 2019-2020 Education Plan. The plan guides the strategic plans for the Division and Schools for the following year. The Education Plan for 2019-2020 and beyond are featured primarily as web-based in order to facilitate community access. The Education Plan is a key component in the education planning cycle which involves:

- Developing and updating plans that are aligned with provincial goals, outcomes and per-

formance measures and the Division's Vision, Mission, Values and Beliefs;

- Promoting meaningful community engagement;

- Preparing budgets in alignment with resource stewardship, and that support student learning to achieve the Ultimate Goal of Student Success and Well-being; and,

- Implementing strategies to maintain or improve students learning and achievement.

• The Board approved the Preliminary Budget for 2019-2020 which has to be submitted to Alberta Education by June 30th. The preliminary budget indicates an operating deficit of \$416,042 offset by the use of operating reserves. The total revenue is \$132,806,272 with expenses of \$133,222,314.

• The Board of Trustees approved the Fees and Allowances, as amended, for 2019-2020.

- In the March 5, 2019 Fee

Schedule, a fee of \$3750 (\$375 per month) is charged for participation in the Nature Kindergarten Program. This fee is collected to offset the staffing and operational costs as AB Education funds Kindergarten students at a .5 FTE rate.

- In 2019-2020, a pilot Full Day, Everyday French Immersion program is planned for École Broxton Park School. It is the intent to charge the fee of \$3750 (\$375 per month) to cover the unfunded portion of the staffing and operational costs.

- The previous Fee Allowances for 2019-2020 did not include a Fee for Adult Students. In some situations, it would be beneficial to charge an Adult Student Fee to allow students to finish their programs. This would be typically done through an Outreach or Alternative Education setting. Based on a comparison to other school jurisdictions, the new fee will be \$100 per credit.

Next Regular Board meeting will be held on Tuesday, September 3, 2019 at 6pm, Centre for Education

Trustee Cameron

Trustee Stewart

**PURE HEMP CBD PRODUCTS**  
AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

**WHAT IS CBD?**

**A Health and Beauty Breakthrough!**  
Cannabidiol, CBD, is one of over 80 active cannabinoid chemicals in the hemp plant. CBD, unlike, THC, does not produce euphoria or intoxication. CBD targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using CBD products for both treatment and prevention of numerous ailments.

**Therapeutic Uses For Pure Hemp CBD**  
Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

**Anti-Aging Uses For Pure Hemp CBD**  
Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

**KEY BENEFITS**  
**PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.  
**PROMOTES HEALTH:** Helps to promote relaxation and overall health.  
**WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

**CBD PET PRODUCTS**

**PET CHEW TREATS**

**KEY BENEFITS**  
**SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.  
**NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.  
**DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

**ORAL SPRAYS & DROPS**

**KEY BENEFITS**  
**MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.  
**TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.  
**GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.  
**CONVENIENT:** Can be sprayed into pet's mouth or on food.

**For more information, Call (780) 907-8642**
