## 75TH ANNIVERSARY AS THE ROYAL CANADIAN LEGION WILDWOOD BRANCH 149

Submitted by Charlotte Winters and Ellen Greenwood | Royal Canadian Legion Wildwood Branch 149

The Royal Canadian Legion Wildwood Br 149 was granted a charter by the Canadian Legion of the British Empire Service League on April 11, 1944. The first meetings were held in a small building where the present Rosewood Lodge is located.

Further research gives details

in the location of past Cenotaphs. In the early seventies a park east of the new community hall was developed and the original Cenotaph had the first perpetual gas light of any Legion Cenotaph in a village. Later a new Cenotaph was built and dedicated September 13th, 1975 with the help of a stone mason and Legion volunteers. The perpetual light was installed again, and with sidewalks and a special sign 'Wildwood Memorial Park'

was placed on the gate of the fenced property.

In January 1985 the RCL Wildwood Br 149 held its first meeting in the current building which was the old Paragon theatre. With the new community association building in 1991 the Cenotaph was removed and rebuilt again as the Honor Wall on the outside of the current Legion building.

## COMMUNITY INFORMATION AND REGISTRATION NIGHT

Submitted by Darwell District Recreation Association

The Darwell District Recreation Association (DDRA) is hosting a Community Information and Registration Night on Wednesday, September 11, 5:30 - 7:00 PM at Darwell Community Hall for organizations in the Darwell and surrounding area. Volunteer, not-for-profit and

small organizations, such as Girl Guides, 4-H, Cadets, Jujitsu, Public Library, etc., will be sharing information about their scheduled events for the upcoming fall/winter season.

Come have coffee with us ... find out what is happening in your neighborhood and register for these fun evens or join a new club or organization.

If you participated in last year's event, you will have re-

ceived an email inviting your organization to participate in this year's Community Information and Registration Night. If you have not been contacted and would like to participate by having a display table and an opportunity to promote your organization, please contact Maria, Secretary, Darwell District Recreation Association at 780-892-3099. There is no cost to participating in our event.

# DONNY LEE KEEPING IT REAL

## Alberta Country Artist Donny Lee, Will Be Kicking Up Some Tunes At The Max In Drayton Valley September 20th!

**Submitted by Donny Lee Music**

Donny is looking forward to getting up close and personal with the audience in a concert unlike any other, where the vibe of the audience determines the songs of the evening.

"I really enjoy a theatre setting because it gives us an opportunity to breath. It is not just about seeing how many songs we can get in during a performance."

He said the band will be working off a bit of a guideline for the show but admits that 99 per cent of the time that gets thrown to the wayside and they end up rolling with whatever the crowd is feeling.

"The minute you engage with the crowd and start to get a feel for what is working for them and what is not working for them it is very easy to just flip the switch, especially when it comes to the cover songs.

"If they are digging old-school traditional country music—George Jones, Johnny Cash, Merle Haggard, Waylon Jennings, then we are going down that road. But if they get a little pep in their step with Alabama, Garth Brooks, Alan Jackson or George Strait then that is where we are going. Wherever I feel the crowd is going we are going to be quick to go there."

Donny said that his gigs in Nashville have taught him to be versatile and to change at a moments notice. He indicated that playing to suit the crowd mixes things up for, not only the crowd they are performing for, but for them as well.

"I love the art of entertaining people. My agenda by the end of the show is to make sure that every person in the crowd feels like I notice they are there, share a moment with them and give them an experience they won't forget.

"People remember the moment you left them not the song that you sang."

The Fort Saskatchewan artist introduced his first release to Ca-

nadian Country radio in March with "Country Way Of Life" off of his self-titled album Who I Am, that particular song speaks to a slower pace of life lived by an older generation who worked hard and enjoyed the simple things. He has his 5th release out to Canadian radio and it is charting in the top 100. He has played the music scene in Nashville for the past five years and has become a very popular perform-

er. He has been nominated the past two years for the ACMA Male Artist of the year category.

Besides an all around entertainer that obviously has a passion for what he does he and wife Shauna are also strong advocates of giving back to the communities they live and play in.

"Shauna and I have always felt really connected with the food bank, so when we go to these

cities or towns we chose the local food bank as the beneficiary of moneys we donate a portion of ticket sales to.

"We use our platform to try and create awareness and help out the local food bank.

This down-home country boy will be bringing joy to the stage and some help to the hungry with his show and promises to ensure everyone has a great night of country music.

# 75th Anniversary as the Royal Canadian Legion Wildwood Branch 149

Continued from Page 1

In 2012 on the property across the street from the Legion, to the west, Yellowhead County had given this derelict property a 99-year lease to the RCL Wildwood Br 149 to be transformed into the Veterans and Community Park you see today.

This leads us to celebrating our 75th Anniversary this year as the Royal Canadian Legion Wildwood Br 149. On September 13, we will be hosting a BBQ steak supper at

6:00 pm to celebrate receiving our charter, as of April 11, 1944. We invite everyone to come out to help us celebrate.

Another point of interest, the Wildwood Agricultural Society celebrated their 80th Anniversary this year. Also the Wildwood Ladies Aid is celebrating their 90th Anniversary this year. Wildwood Seniors Club had their 50th Anniversary in 2017. Wildwood Community Association 1982, has operated the Community Hall for 37

years. The first community group started in 1923 but has had several name change over the years. All these years add up to over 332 plus years of Volunteerism in Wildwood. We think the achievements of these groups and their contributions to the community over the years are AWESOME. These are only a few of the groups that have contributed volunteer hours.

Presidents Message: Our volunteers made a wonderful float which was well received as we drove

along the parade route. Lots of cheers and claps, thank you Wildwood. Fall, unfortunately is nearing and our fall elections are closing in. As General members we need your support to ensure the Wildwood Legion maintains its memberships.

As a part of our commitment to helping the area communities our RCL Wildwood Br 149 Community Connector bus is an integral part of continuing to provide a service to seniors and other groups. Zenobia Mocarski is the Community Connector bus coordinator. Her phone number is 780-727-2207 and Zenobia welcomes your calls on any and all bookings you may have for the Community Connector bus.

The bottle depot is open Tuesday through Friday 11:00 am to 5:00 pm. and Saturdays 10:00 am to 5:00 pm. We appreciate advance notice for large deposits, like a bottle drive, so we can serve you better.

We are open at 11:00 am for lunch on Thursdays with Elnora Wiebe cooking up different items each week. Crib players are welcome for Thursday afternoon at 1:00 pm for a friendly (or not so friendly) game of crib.

We are open Friday afternoons from 1:00 pm till 5:30 pm or later.

Every Saturday we have a meat draw, basket draw and a 50-50 draw, with ticket sales starting at 2:30 pm. Our meat draws have three meats and as always, bacon and/or sausage with eggs. Everyone is welcome to attend and try their luck. Meat draws have been well attended during the summer. Thank-you!

You do not have to be a member to attend any of our meat draws, suppers or lunches or just drop in for coffee and a visit. We appreciate your support of our Legion.

Next meeting is September 16, 2019 with the Executive meeting at 6:00 pm and the General meeting starting at 7:00 pm. Uniform dress please. First call for elections. Members please come and support your volunteer Executive. Do you want to join the legion, new members are welcome.

## NOTICE OF PUBLIC HEARING

In accordance with the requirements of Section 606 of the Municipal Government Act, as amended, the Council of Parkland County has scheduled a Public Hearing regarding the proposed adoption of the following Bylaw:

Bylaw: <b>2019-09</b>	Date: <b>Sept 24, 2019</b>	Time: <b>9:30 am</b>	Location: <b>Parkland County Council Chambers 53109A Hwy 779, Parkland County, AB</b>
-----------------------	----------------------------	----------------------	---

### Proposed Bylaw 2019-09 Parkland County and Summer Village of Seba Beach Intermunicipal Development Plan

An Intermunicipal Development Plan (IDP) is a statutory document prepared with two (or more) municipalities that share a common border, and where at least one member is not a part of a growth management region. An IDP ensures future development and land use policy are coordinated between municipalities. Parkland County and the Summer Village of Seba Beach, under the direction of Section 631 of the Modernized Municipal Government Act, have agreed to jointly engage in an IDP. This plan has been developed to reduce the possibility of any potential conflicts between the municipalities and to ensure the relationship remains strong, transparent and collaborative in the future.

#### Hearing Procedure

This is a formal Public Hearing and Council is prepared to hear and receive formal submissions and presentations (verbal or written) from those who wish to speak to the proposed Bylaw. Written submissions or presentations may either be submitted in advance to Planning & Development by 4:00 P.M. on September 13, 2019, or submitted at the commencement of the Public Hearing on September 24, 2019.

Anyone wishing to make a verbal presentation to Council must notify Planning & Development Services in advance of the Public Hearing by 4:00 P.M., on September 13, 2019. Verbal presentations at the Public Hearing will be limited to a maximum of 10 minutes. Anyone wishing to make a verbal presentation who has not made prior arrangements may be allocated a time at the commencement of the Public Hearing. Council advises that this is your last opportunity to comment on the proposed Bylaw as Council is unable to receive further submissions after the Public Hearing is closed.

#### Copies of Proposed Land Use Bylaw Amendment 2019-01

Copies of the proposed IDP are available free of charge during regular business hours (8:30 A.M. to 4:30 P.M., Monday to Friday) from Planning & Development Services at Parkland County Centre. They are also available on the County's website at <https://www.parklandcounty.com/en/county-office/inter-municipal-planning.aspx>. If you have any questions please call 780-968-8888 and dial extension 8393 for Martin Frigo, Manger, Long Range Policy Planning, Planning and Development Services.

The personal information you provide will be used for the purpose of the items described above and is collected under the authority of Section 33 (c) of the Freedom of Information and Protection of Privacy (FOIP) Act. If you have any questions about the collection, use, and disclosure of this information, please contact the FOIP Coordinator at Parkland County, 53109A HWY 779, Parkland County, Alberta T7Z 1R1 (780-968-3229) or email foip@parklandcounty.com

# ALBERTA RCMP REMIND CITIZENS OF THE GOOD SAMARITAN DRUG OVERDOSE ACT

Submitted by Alberta RCMP

Edmonton – From January 2016 to December 2018, 1,971 deaths in the province of Alberta have been attributed to apparent opioid-related overdoses. Alberta RCMP were dispatched to several of those incidents and determined that, in some cases, it is believed that bystanders, friends or family members were hesitant to call emergency services for assistance due to concerns of potential legal repercussions. Every overdose death is tragic, and many of these potential tragedies can be avoided if people who witness overdose situations seek emergency help promptly.

To encourage people to seek potentially life-saving emergency help in an overdose situation,

the RCMP, in collaboration with Health Canada and the Chief Medical Officer of Health of Alberta, want to remind residents of the Good Samaritan Drug Overdose Act, which provides some legal protections for people who experience or witness an overdose and call 911 or their local emergency number for help.

Legal protection granted by the Act

The Act is meant to encourage people to seek emergency help during an overdose by helping to reduce fear of seeking police or medical assistance. It applies to anyone seeking emergency assistance during an overdose, including the person experiencing an overdose. The Act protects the person who seeks help, whether they stay or leave from the overdose scene, as well as

anyone else who is at the scene when help arrives.

The Act can protect you from:

- Charges for possession of a controlled substance (i.e. drugs) under section 4(1) of the Controlled Drugs and Substances Act
- Consequences of breach of conditions regarding simple possession of controlled substances (i.e. drugs) in: pre-trial release, probation orders, conditional sentences and parole.

It is important to note that the Act does not provide legal protection against more serious offences, such as: production and trafficking of controlled substances, and all other crimes not outlined within the Act.

How to help save a life  
Drug overdoses could happen to someone close to you –

a friend, a family member, or someone nearby. Staying at the scene is important to help save the life of the person experiencing an overdose.

Witnesses should call for emergency help and render whatever assistance they can, including administering naloxone – a fast-acting drug that temporarily reverses the effects of opioid overdoses – if it is available, providing first aid, including rescue breathing (CPR) if necessary until help arrives, and staying calm and reassuring the person that help is on the way.

The Good Samaritan Drug Overdose Act is part of the Government of Canada’s comprehensive approach to addressing the opioid crisis.

You can learn more at [Canada.ca/Opioids](http://Canada.ca/Opioids).

**JOKE OF THE WEEK**

Miss Hewitt, a kindergarten teacher, was chaperoning recess when Philip came up to her and said that he had found a frog. Miss Hewitt asked if the frog was alive or dead. Philip, aged 6, declared that it was dead. Miss Hewitt enquired as to how he could be so sure that it was dead. Philip replied, 'I pissed in its ear.' Flabbergasted, Miss Hewitt demanded, 'You what, Philip Brown?' Philip added, 'You know, I went to his ear and said, 'PSST!' and it didn't move. So it must be dead.'

# GYPSP Kicks Off Another Great Year of Learning!

The Board of Trustees from Grande Yellowhead Public School Division (GYPSP) hosted the second annual Kick-Off event for over 600 staff in Edson on August 28, 2019. Staff from across the division enjoyed a full day of professional development well as an engaging keynote by motivational speaker, Jody Urquhart. As an important part of the division's employee recognition program, the board also recognized almost 100 employees who have served GYPSP from five to 40 years of continuous long service commitment to public education.

Board Chair Brenda Rosadiuk shared the importance of bringing all of the division's staff together to welcome back returning and new staff as well as offer meaningful PD to kickoff another year of successful learning. "Our board is committed to teaching and leadership excellence at all levels, thus it is important that we support staff with opportunities to keep them continually and actively engaged in their own learning throughout their career." GYPSP staff who were willing to share their knowledge and best practices with others led the majority of the workshops.

Superintendent Carolyn Lewis shared her excitement about starting a new school year especially as the division has improved its financial position and division schools' Accountability Pillar results have increased significantly. The Superintendent spoke about the importance of literacy and numeracy as well as hope and purpose.

Kick-Off events center on GYPSP's theme One Vision, One Team, One Goal: Literacy across the Curriculum. Superintendent of Schools, Carolyn Lewis, shared, "Over the last two years, there has been a strong emphasis on building teacher capacity regarding literacy curriculum which has resulted in significant student growth. Providing educators with innovative tools and supporting them to effectively develop their skills has a direct impact on student achievement. However, these resources and their impact on student achievement is only as effective as the PD provided to the educators using them. There are great things happening in classrooms throughout our division; I applaud our staff in stepping up to share their best practices with each other, and nurture the lifelong learning model of successful educators."

Workshops on new technology tools, transportation updates, and refreshers on various subjects outside of the classroom were also available to address the learning needs of non-school based staff including bus drivers, central division staff, and facility services staff.

The Board of Trustees would like to thank the local dignitaries: MP Jim Eglinski, MLA Martin Long, Deputy Mayor Janet Wilkinson, Mayor Gerald Soroka, Councillor Trevor Bevan and CAO Mike Derricott, for joining GYPSP for the 2019 Kick-Off event. In addition, special thanks go to Elder Dorothy Courterreille, who began the day of celebration and learning with a blessing.

# PARKLAND RCMP MAKE ARRESTS FOR BREAK AND ENTER

**Submitted by Parkland RCMP**

Stony Plain, Alta. - On Aug. 26, 2019 at 12:00 a.m., Parkland RCMP responded to the report of a home invasion that occurred at a rural residence in the area north of Hwy 16 on Range Road 264.

The female home owner heard someone trying to break down the garage door. She contacted her husband who arrived in time to observe several individuals entering a car that was parked in his driveway. When confronted, the car fled the scene. The home owner was following the suspects in his vehicle when one of the car's occupants proceeded to shoot at him. The home owner immediately stopped and called and updated police. No one was injured.

The RCMP located the car. The occupants of the car had

fled the scene on foot. With the assistance of Edmonton Police Services Helicopter Air One and RCMP Police Dog Services (PDS), police were able to locate all five suspects in the bush near the car. The gun safe that was stolen from the residence and a shot gun were located in the car. The car and the license plate were determined to be stolen out of Edmonton. The five suspects were arrested without incident.

RCMP PDS returned in the daylight to the area where the subjects had been apprehended and located the stolen rifles and a quantity of drugs believed to be methamphetamine.

Elliot Steinhauer (21) of Saddle Lake, Chantel Cardinal (24) and Dorian Hunter (18) of Edmonton, and James Auigbelle (25) and Aaron Auigbelle (34) of Morinville are facing 14 charges including:

- Pointing a firearm

- Carrying a concealed weapon
  - Break and enter with intent – residence
  - Assault with weapon
  - Possession of property obtained for the purpose of trafficking over \$5000
  - Possession of methamphetamine
- Elliot Steinhauer has additional charges of:
- Weapons possession contrary to order and fail to surrender authorization
  - Fail to comply with probation order
- Aaron Auigbelle has additional charges of:
- Weapons possession contrary to order and fail to surrender authorization (x2)
- All five were held for justice interim hearings. Dorian Hunter and Chantel Cardinal were released with a recognizance. Their first appearance is on Aug.

28, 2019 at the Stony Plain Provincial Court. Elliot Steinhauer, Aaron Auigbelle and James Auigbelle were remanded into custody and will be appearing via CCTV on Aug. 28, 2019 at the Stony Plain Provincial Court.

The RCMP would like to remind everyone not to put their own safety at risk when providing assistance. Call 911 immediately and try to provide as many details as possible.

If you have any information in relation to this investigation, please contact Parkland RCMP at 780-968-7267. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

# *fall* HOME RENO **GUIDE**

SEPTEMBER 2019

# fall HOME RENO GUIDE

## THINGS TO CONSIDER BEFORE WARMING UP NEXT TO YOUR FIRST FIRE THIS WINTER

A warm fire can make even the coldest winter day more enjoyable. Fireplaces may not get much use in spring or summer, but come late fall and throughout the winter, the fireplace can be a great place for families to gather.

Before fireplace season hits full swing, homeowners might want to brush up on a few fireplace facts so they can safely enjoy nights spent sitting by the crackling flames.

The Chimney Safety Institute of America advises homeowners with fireplaces to hire a CSIA-certified chimney sweep to clean their fireplaces. After a lengthy period of non-use, various issues could be affecting the chimney, many of which might not be noticeable to an untrained eye. Professional, certified chimney sweeps have extensive knowledge of fireplaces,

making them valuable resources who can let homeowners know if any safety issues developed since fireplaces were last used. The National Protection Agency recommends that chimneys be swept at least once per year.

A full inspection of the chimney might be in order as well. Chimney service technicians will conduct thorough examinations of readily accessible portions of the chimney exterior and interior and accessible portions of the appliance and the chimney connection. The CSIA recommends that homeowners who plan to use their chimneys as they have in the past request a Level 1 inspection, which will examine the soundness of the chimney structure and flue as well as the basic appliance installation and connections. Technicians also

will verify if the chimney is free of obstruction and combustible deposits.

Homeowners also should inspect their chimney dampers before lighting their first fires of the season. Dampers should open and close smoothly. If not, a service technician can help fix or replace the damper.

Firewood is another thing homeowners must consider before lighting their first fires of the season. The CSIA says that well-seasoned firewood works best, noting that wood that is not well-seasoned will produce more smoke than heat. In addition, the home improvement resource This Old House recommends using dense wood that's been split and stored in a high and dry place for at least six months. Oak is an example of dense wood

that, when stored properly, can make for an enjoyable fireplace experience. Avoid softwoods like pine. Pine can produce a lot of creosote, which is a byproduct of wood combustion. Creosote is highly flammable, and as it builds up in a chimney, the risk for a chimney fire increases. Choosing the right wood, making sure it's well-seasoned and having a chimney professionally cleaned can reduce the risk of a creosote-related chimney fire. A Level 1 inspection should determine if there are potentially dangerous levels of creosote deposits in the chimney.

Before nestling up to a fireplace this winter, homeowners should consider a host of factors and safety measures to ensure their fireplaces are safe and ready for the season ahead.

## PREVENT GROWTH OF MOLD/MILDEW IN COLDER MONTHS

Mold and mildew are not only unsightly, but unhealthy. These fungi grow readily in damp areas and are found in the air breathed both indoors and outside. If left unaddressed, mold and mildew can threaten the health of a home's inhabitants.

Mildew is a type of mold that remains relatively flush with the surface it grows on. Other molds can grow puffy in appearance. Molds serve the purpose of destroying organic materials, but in high amounts, these microorganisms can cause respiratory problems, sinus congestion, throat irritation, headaches, and other issues, particularly when mold grows unchecked indoors, says Better Homes and Gardens. As a result, it is essential to ad-

dress mold before it becomes problematic.

According to Polygon, a drying technology and temporary climate solutions company, the wet season in winter is when molds often grow and expand. Mold can break down the integrity and strength of the surfaces where it grows.

Homeowners can employ the following strategies to prevent mold growth.

- Keep all surfaces clean, using proper cleaning products. Diluted bleach solutions are highly effective at killing microscopic fungi, viruses and bacteria.
- Reduce moisture and humidity by ensuring sufficient air circulation in rooms, partic-

ularly bathrooms and kitchens. An exhaust fan will help remove moisture quickly.

- Fabrics covered in mildew that can be laundered should be carefully removed and washed in chlorine bleach and hot water. An oxygen bleach product also can be effective.
- Invest in a dehumidifier that can reduce moisture in the home in problem areas, such as damp basements or garages.
- Fix plumbing leaks as soon as possible.
- Remove damp leaves and snow from areas around the foundation of the home. Ensure that gutters and downspouts are clear of debris and can shuttle water away from the house effectively.

- Replace cracked or defective mortar in basements.
- Make sure all seals on windows and doors are not compromised and are in good working condition.
- Be sure an HVAC inline humidifier is adjusted to the right setting and isn't pumping too much moisture into the heated air; otherwise, the added humidity can contribute to mold.
- If there is a flood or water infiltrates a home in other ways, hire a professional service to help clean and dry the home effectively.

Mold and mildew are problematic, but with diligence they can be kept at bay.

# fall HOME RENO GUIDE

## WHY HOMEOWNERS SHOULD ADD MORE EXTERIOR LIGHT TO THEIR PROPERTIES

Homeowners are increasingly realizing the benefits of improving the exteriors of their home, which can be just as valuable as improving the interior spaces. As individuals design picturesque garden beds and cultivate lavish lawns or revamp exteriors with architectural features, they probably want to spotlight these improvements. This is where exterior lighting can be put to great use.

Exterior illumination can cast a glow on various features, but there are many other reasons to increase lighting around the exterior of a home.

- Safety: Trips and falls can occur at night when trying to traverse walkways and landscapes

in the dark, as it can be difficult to see rocks, stairs and uneven pavement. Outdoor lighting can illuminate pathways, entryways and other areas for safer access for homeowners and their guests.

- Extend outdoor entertaining: Ample lighting can increase the amount of time one can use outdoor spaces and make them the perfect gathering spot. As autumn arrives, days become shorter. However, patios, porches and more can get extended use with lighting.

- Safeguard security: A well-lit home may be less likely to be targeted by burglars than one swathed in darkness and shadows. Lights can remain on all

evening or be motion-triggered. Setting lights on timers also ensures that the home is illuminated whether residents are home or not.

- Create drama: Landscape lighting designers can establish focal points around the landscape and highlight the best features of a property. Uplighting in trees, silhouetting techniques to showcase plants and spotlights to show off architectural features are all options for homeowners to consider.

- Add value: The experts at Parker Homescape, a landscape design service, say that exterior lighting can add roughly 30 percent to the value of a home. They also indicate that 50 percent of

all home buyers say that outdoor lighting is important when buying a home. If current residents are thinking about selling, now may be the time to invest in exterior lighting.

Improving a home's exterior may be as simple as adding more lighting to improve functionality and beauty.

# fall HOME RENO GUIDE

## SECRETS TO MAKING YOUR HOME LOOK LIKE YOU HIRED A DESIGN PRO

Photo spreads in home design magazines can be awe-inspiring. Quite often homeowners wish they could lift the looks right off the pages of magazines and transform their own homes into picture-perfect retreats.

It takes an eye for design to pull a room together - even with inspiration - and make it both functional and attractive. While hiring an interior designer is one way to go, homeowners can use some of the tricks and techniques the designers employ to do a remarkably good job of improving the interiors of their homes without such help.

### Embrace texture

The colors used in a home can add impact, but designers often

utilize various textures to create aesthetic appeal. A single color scheme can be enhanced by various fabrics. Consider a leather sofa made more cozy with chenille pillows next to a rustic side table. Figure out ways to incorporate a few different textures to add depth to the room.

### Be careful with color

Many high-end homes showcase neutral shades that are enhanced by pops of color. If you like a rich, royal purple, leave room for other colors as well. Add touches of purple in vases, throw pillows and other accessories.

Also, many designers work in shades of three for room colors. There may be one main color

for walls, another color for larger accents, such as couches and chairs, and then a third color that pops in accessories such as flowers, pillows and collectibles. These can be any colors, but the most muted tends to be the more abundant shade.

### Add a bit of bling

Glittery items and metallics can add a touch of luxury feel to any space. A shiny table lamp, mirrors, a sparkling chandelier, and the like are easy ways to produce a high-end feel. Reflective surfaces also will cast light around the room, giving the illusion of a larger space.

### Choose a big statement piece

Many homeowners make the mistake of filling a room with

several small pieces of furniture that only contribute to clutter. Instead, look for a statement piece, which can be a cabinet, armoire or chaise. Mix and match large and small elements for a sense of balance.

### Accessorize

Finish the room with accessories and flowers. When placing and hanging knickknacks and wall art, odd-numbered groupings often look the most cohesive and interesting. Experiment with different scales and heights for even more dimension.

When inspiration hits, take some cues from interior design pros to make spaces look like they belong on the pages of your favorite magazines.

# fall HOME RENO GUIDE

## HOUSE POWERWASHING TIPS

Powerwashing, also known as pressure-washing, utilizes a high-velocity water spray to remove dirt and residue from the exterior surfaces of a home. It is frequently used on vinyl siding, concrete and sometimes wood decks to treat mildew and other growth that accumulates over time.

Powerwashing can be a great way to remove grime without having to scrub by hand. But it requires a delicate touch to get it right. Sometimes it is best to leave the job to professionals. But homeowners willing to give it a go can try powerwashing themselves, as various stores rent power washers.

The home improvement website ImproveNet says that, until very recently, pressure wash-

ers were almost exclusively commercial machines sold to professionals or rented to do-it-yourselfers. Lately manufacturers have targeted homeowners looking to buy with lightweight options. For those who see powerwashing as a routine venture, purchasing a unit may be worth the investment.

It is important to exercise caution when operating a powerwashing machine. The high-velocity spray can tear through skin. It is key to get a feel for the washer, and try less pressure first to get a handle on the magnitude of the tool.

Don safety gear prior to using a pressure washer. Gloves, eye protection and ear protection can be handy. Most units will connect to a standard garden hose.

Choose old clothing and expect to get wet. Never point a powerwasher hose at anyone and do not attempt to rinse feet or hands in the spray.

The renovation resource The Family Handyman suggests starting with a wide-degree nozzle to test out the spray on the surface that needs to be cleaned. A 15- or 25-degree nozzle is usually the wand for general cleaning and paint stripping without damaging the surface of the home. Experiment with an optimal distance of the washer wand to get the desired cleaning effects without causing any damage. Work using a horizontal and slightly downward angle to avoid driving water up under the siding of a home.

Avoid spraying any electric

wires or components on the home. Also, try not to spray upward, and angle the spray away from doors, windows and vents.

Some washers have reservoirs that will hold a detergent solution. Choose the right detergent for the job. Keep in mind that cleansers containing bleach can damage surrounding plants, so they may need to be covered while the washing takes place.

Avoid the use of ladders when operating a powerwasher. The push-back from the wand can cause falls. Instead, opt for an extension wand to address the upper reaches of a home.

Powerwashing a home is an effective way to remove stubborn grime and refresh the look of a home's exterior.

# GYPSD WELCOMES NEW 2019/20 SCHOOL ADMINISTRATORS

**Taylor Heaslip, Assistant Principal, Grand Trunk High School, Evansburg**

**Kevin Bissoon, Principal, The Learning Connection Centres**

**Submitted by Grande Yellowhead Public School Division**

Grande Yellowhead Public School Division welcomes new administrators for the 2019/20 school year.

Taylor Heaslip, Assistant Principal, Grand Trunk High School, Evansburg - Taylor has been with Grande Yellowhead since 2012 at Wildwood School, teaching at the elementary and junior high levels. He also enjoyed his duties as the assistant principal, and is looking forward to deepening his leadership skills at the high school as 'it's a great opportunity to reconnect with former students and collaborate with new colleagues.'

Kevin Bissoon, Principal, The Learning Connection Centres - Kevin had a very busy summer

before he took over the helm of the five outreach centres for GYPSD. After his last week teaching at Vimy Ridge Academy for Edmonton Public School Board (EPSB), he spent the next few weeks teaching summer school in Edmonton, before officially joining Grande Yellowhead. Kevin likes the flexibility and challenge of multiple projects - in his 22 years with EPSB, he has spent time in several high schools as a teacher, department head, assistant principal, and was the program coordinator/developer for the Learn Write/LearnNet program which is similar to GYPSD's outreach program. Kevin believes that 'the journey is the reward' and he is ready to roll up his sleeves and work with the TLC team to build upon the current strengths of the program because 'kids

don't care about what your background is, or what your title is. They care what you do.'

2019/2020 School Administrators

Grand Trunk High School, Evansburg

# GOLFER'S GUIDE

## THESE GOLF TERMS ARE PAR FOR THE COURSE

Golf is a game of sport and skill that can be played at any age. Millions of people in North America participate in golf as a recreational endeavor or a professional pursuit. As of the spring 2016, 25.13 million people in the United States played golf over the previous 12 months, according to Statistica.

People may immediately think Canada's sports-based loyalty favors hockey. However, on the recreational side, golf is king in the country. Canada has the fourth most golf courses of any country in the world, says the National Golf Foundation. Plus, one out of every 10 Canadians play golf - a participation rate that is more than double that of the United States.

Storied golf history

Although golf can be traced back to the Netherlands during the Middle Ages, many people concur that the modern game of golf - played over 18 holes - is a Scottish invention.

The popularity of the sport began to spread throughout the world from Great Britain. The first permanent golf club in North America was founded in 1873 and was named Canada's Royal Montreal Club. The first 18-hole course in the United States was The Chicago Golf Club.

Golf lingo

Understanding the terminology is key to becoming a full-fledged golf fanatic. While golf lingo is

extensive, here is a sampling of some of the more popular terms to get novices started, courtesy of the PGA.

**Approach:** A shot hit towards the green.

**Attack:** The relative angle at which the clubhead approaches the ball at impact.

**Backswing:** The motion that involves the club and every element of the body in taking the club away from the ball.

**Birdie:** A score of one under par on a hole.

**Bogey:** A score of one over par on a hole.

**Bunker:** A hollow comprised of sand or grass that serves as an

obstacle.

**Carry:** The distance a ball will fly in the air.

**Chip:** A short approach with a low trajectory.

**Chunk:** A poor shot caused by hitting the turf.

**Divot:** The turf displaced when the club strikes the ball.

**Downswing:** The swing forward from the top of the backswing.

**Eagle:** A score of two under par on a hole.

**Golf range:** A facility where people can practice golf swings.

**Grip:** The positioning of hands on the club.

**Hole:** A round receptacle on the

green that the ball is aimed into.

**Lie:** As it relates to the golf ball, the position when it has come to rest.

**Links:** Specific term for a course built on linksland, which is land reclaimed from the ocean.

**Mulligan:** An extra shot taken on a poor first shot.

**Par:** The score an accomplished player is expected to make on a hole, either a three, four or five.

**Putt:** A shot on the green.

**Stance:** The position of the feet.

Golf terms are as varied as the game itself. Knowing commonly used words and phrases makes for a more intimate understanding of the sport.

# EDMONTON HAILSTORM CAUSES \$90 MILLION IN INSURED DAMAGES

Submitted by Insurance Bureau of Canada

The hailstorm that took place on August 2, 2019 in the Edmonton area caused an estimated \$90 million in insured damages, according to Catastrophe Indices and Quantification (CatIQ) Inc.

Type of Insurance Coverage - Insured Damages\*

- Personal Property: \$39.5 million
  - Commercial Property: \$3.4 million
  - Auto: \$46.9 million
- \* initial estimates

The storm began with heavy rain, followed by thunderstorms and heavy winds that reached 91 km/hr. Large hail damaged house siding and vehicles in west Edmonton, Spruce Grove and Stony Plain. The storm also damaged crops to the northwest of Edmonton.

“Severe weather is causing

headaches for homeowners and is costing insurers, governments and Albertans significantly,” said Celyeste Power, Vice-President, Western, IBC. “Last year, insured damage from severe weather across Canada reached \$2 billion, the fourth-highest amount of annual losses on record.” Unlike the 2013 Calgary floods or the 2016 Fort McMurray wildfire, no single event caused the high amount paid out for 2018’s losses. Instead, Canadians and their insurers experienced significant losses from a host of smaller severe weather events from coast to coast to coast.”

As the financial cost of a changing climate has increased, IBC is working closely with governments at all levels to advocate for increased investment to mitigate the future impacts of extreme weather and build resilience to its damaging effects.

This includes advocating for investment in new infrastructure to protect communities from floods and fires, improved building codes, better land-use planning and, increasingly, creation of incentives to shift the development of homes and businesses away from areas of highest risk.

It is not only insurers that foot the bill for severe weather damage, but also taxpayers. That’s why all stakeholders should come together to reduce the financial strain caused by flood and other severe weather events. For every dollar paid out in insurance claims for damaged homes and businesses, Canadian governments and their taxpayers pay much more to recover public infrastructure damaged by severe weather.

The amount of insured damage is an estimate provided by CatIQ Inc. (www.catiq.com) under licence to IBC.

# PREVAIL

CELLULAR HOMEOSTASIS FORMULA

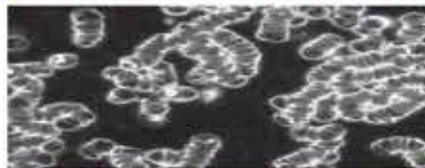

# MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU  
...RIGHT DOWN TO THE LAST CELL!

How do you want your  
**BLOOD** to look?

**Before PrevailMAX:**

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

**After PrevailMAX:**

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

**PrevailMAX™** is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

LIVIN TRIM WITH  
**VALENTUS**

# PURE HEMP CBD PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

## WHAT IS CBD?

### A Health and Beauty Breakthrough!

Cannabidiol, CBD, is one of over 80 active cannabinoid chemicals in the hemp plant. CBD, unlike, THC, does not produce euphoria or intoxication. CBD targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using CBD products for both treatment and prevention of numerous ailments.

### Therapeutic Uses For Pure Hemp CBD

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

### Anti-Aging Uses For Pure Hemp CBD

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

### KEY BENEFITS

**PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

**PROMOTES HEALTH:** Helps to promote relaxation and overall health.

**WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

## CBD PET PRODUCTS

### PET CHEW TREATS

#### KEY BENEFITS

**SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.

**NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.

**DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

### ORAL SPRAYS & DROPS

#### KEY BENEFITS

**MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.

**TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.

**GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.

**CONVENIENT:** Can be sprayed into pet's mouth or on food.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**ANSWER:**

6	1	4	2	7	9	5	3	8
2	7	3	8	5	1	4	9	6
5	8	9	6	3	4	7	1	2
8	3	5	4	9	2	1	6	7
4	6	2	3	1	7	9	8	5
1	9	7	5	6	8	2	4	3
9	2	1	7	8	6	3	5	4
7	5	8	9	4	3	6	2	1
3	4	6	1	2	5	8	7	9

6		4					3	8
2			8	5	1	4		
5	8		6			7		
8	3			9		1		
	6	2	3	1			8	5
	9		5	6				
	2	1		8	6	3		
		8	9		3			1
3			1	5		7		

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
