### TRANS MOUNTAIN EXPANSION PROJECT CONSTRUCTION ACCELERATING

Close to Three Thousand People Working on the Project

Submitted by Trans Mountain Corporation

With a new year ahead of us and recent court decisions announced, the Trans Mountain Expansion Project is accelerating. Work is well underway with pipe in the ground and terminal construction in Alberta, and significant work ongoing at the Burnaby and Westridge Marine Terminals in British Columbia. Before the end of 2020, construction is expected to be underway across the entire line.

"Today, we have more than 2,900 people working on the Project and that number will grow significantly in the months ahead. With 65 per cent of the detailed route approved, and a process established by the Canada Energy Regulator for the remainder in progress, the path forward is clear. Construction is accelerating and we're very excited to be delivering this important Project and on our commitments to Canadians, our customers and communities," says Ian An-

derson, President and CEO of Trans Mountain Corporation.

The Trans Mountain Corporation Board of Directors recently approved a Project cost estimate of \$12.6 billion to bring it into service by the end of 2022. To date, the company has spent \$2.5 billion in respect to the Project, which includes the impact of delays and the resulting additional regulatory process.

Alberta RCMP is sending out valentines on behalf of people's vehicles for the month of February. Twice a week valentines will be sent from the Alberta RCMP social media accounts with tips about how to keep their vehicles safe from thieves

(valentine wording below). Last year, there were almost 10,000 thefts of motor vehicles in Alberta RCMP jurisdiction. Over 6,500 of those thefts were trucks, SUVs, or vans. Cars made up a smaller portion of thefts accounting for just over 1,200. There was a 5% decrease in vehicle thefts from 2018 to 2019, but there is still room for improvement. In February 2019, there were almost 700 vehicles stolen from Alberta RCMP jurisdiction.

One of the most important tips is to lock your vehicle and remove the keys. If you plan to start your car to warm it up, you need a remote starter or plan to stay with your vehicle.

Here are some easy steps to keep your vehicle safe:

- Lock the doors
- Remove all valuables
- Use a steering wheel lock
- Lock your garage
- Remove garage door opener from vehicle
- Use a vehicle tracking system
- Park in a well-lit area

Follow us on Facebook (@RCMPinAlberta), Twitter (@RCMPAlberta) and #VehicleValentines for more tips on keeping your vehicle safe.

RCMP encourage the public to report any criminal or suspicious activity to police. Reports tell us where to look, who to look for, and where to patrol in the future. If you see a crime in progress, dial 911. If you wish to remain anonymous, contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

Vehicle Valentines:

- I want you to be mine, Valentine. Stay with me while I'm running.

# A MESSAGE FROM MLA MARK SMITH

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

This last week Minister Shandro announced a highly anticipated and welcome review of Alberta's Healthcare System. The report, conducted by Ernst & Young LLP (EY), will look to maintain current healthcare spending while searching for greater efficiencies and more effective services for Albertans.

The review is the first in 10 years, since Alberta Health

Services was formed. The report contains 57 recommendations and 72 savings opportunities to improve the quality and long-term sustainability of health services.

"The AHS review is a key commitment to Albertans, and I'm very excited about moving forward with implementation. Every dollar we save will be put right back into the health system to deliver on our promise to improve access and make the system work better for patients. It's about freeing up administrative resources so

we can spend more directly on Albertans' health care." - Tyler Shandro, Minister of Health

The recommendations address four key areas: people, clinical services, non-clinical services and governance. The government accepts the report, with two important exceptions: there will be no hospital closures or consolidation of urban trauma centres.

Internal savings will allow more money to be directed to patients and front-line care, and will help free up funds for more surgeries while dimin-

ishing wait times.

The report identifies a range of long-term savings initiatives with the potential to save between \$1.5 billion to \$1.9 billion annually.

Stakeholder input into the review process far exceeded any similar projects that Ernst & Young LLP (EY) has conducted across Canada. Staff engagement included feedback from about 1,200 physicians, 27,000 front-line staff and 4,200 AHS leaders.

Over the next 100 days, AHS will engage staff and clinical leaders as it develops a long-term implementation plan. The successful completion of this AHS review will fulfill an important platform committed to cut administrative costs while increasing patient care.

I am also excited to tell you about an incredible opportunity to honour and recognize those who help keep our communities safe. The Alberta Community Justice Awards acknowledge the people and organizations involved with crime prevention and community safety initiatives. This includes youth justice, restorative justice and other community-based justice efforts that improve safety and well-being.

Nominations close February 28 and the 29th Annual Alberta Community Justice Awards ceremony will take place in Edmonton in June.

Finally, in regards to our oil and gas sector, we have been receiving some great news and even better numbers. Since being elected, our government has focused on attracting investment and sending a strong message that Alberta is open for business.

I am happy to report that the Canadian Association of Petroleum Producers expects total investment in oil and gas will be \$37 billion this year – up \$2 billion from \$35.1 billion in 2019. This investment will support approximately 8,100 jobs here in Alberta and 3,700 jobs in the rest of Canada. This is in addition to the 533,000 jobs that Alberta's energy industry provides across the country.

Filled with helpful planning advice, savvy how-to tips and the latest wedding trends, as well as a host of local wedding vendors here to help you plan the perfect day!

# Bridal Guide

## THE EVOLUTION OF WEDDING FAVORS

Wedding favors have changed - and in many cases for the better. Favors have evolved from the inexpensive trinkets purchased in bulk into more personalized mementos that guests can cherish. Today's couples are interested in customizing their weddings and offering guests something meaningful, or at the very least, edible, so that favors don't immediately get relegated to the trash can. According to Heather Jones of Wente Vineyards in California, favors have moved from "goodie bags" toward items that are experimental and fun. Wedding planners from across the country offer these wedding favor trends that couples may want to incorporate into their own celebrations.

### Welcome bags

Rather than take-home bags, welcome bags have replaced the traditional favor trinket at some weddings. Many weddings have become multi-day events that ask guests traveling from out of town to attend a wedding weekend. To help greet them and make their experience memorable, couples may fill a gift bag with items guests can use or enjoy during their stay - like a bottle of locally sourced maple syrup or some handmade soaps from a nearby shopkeeper.

### Experience gifts

Instead of a candle or a monogrammed cake server, think of experiences to offer guests. A coupon for free drinks at a

nearby brewery, a tour of a local attraction while guests are in town or a group excursion for guests attending a destination wedding can be fun and will help guests create lasting memories.

### Charitable donations

Some couples feel that favors are wasteful and would rather set aside a portion of their wedding budgets toward giving back. In such situations, a donation to charity in guests' names can be the way to go. Guests can vote on two favorite charities advertised on a special table at the wedding reception. The one with the most votes will get the proceeds.

### Late-night snacks

After a night of celebrating, some guests may want the

festivities to continue, but may need some extra sustenance to make it through a few more hours. Some couples are eschewing traditional favors in lieu of making room for extra food or beverage expenses that can include after-party treats. These may run the gamut from wood-fired pizzas to food truck vendors to extra desserts. A tasty take-home option also may be given, such as fresh zeppolis or beignets, or even a personalized bottle of wine. Even if the food and drink is not consumed right away, there's a good chance it will hit the spot when guests return to their hotel rooms.

Wedding favors are changing to keep up with the times and keep guests feeling extra special.

## WEDDING FLOWERS BECOMING LARGER THAN LIFE

Move over bouquets and centerpieces. Flowers are taking over weddings in a big way. While wedding trends come and go, flowers will always have a place at the wedding table. The blooms brides and grooms choose and how they decide to display them can say much about the couple's style. Many modern couples are opting for statement pieces with their flowers to rival the big and bold ideas they're incorporating elsewhere into their occasions, such as in cakes and clothing. In fact, floral designer Tom Uberuaga says traditional hurricane vase centerpieces are outdated and only focus the eye on the middle of the table. He prefers guests enter the wedding and have their senses stimulated by

flowers from all angles. Large flower installations, as well as blooms popping up in unexpected places, are some of the hot trends for couples to keep their eyes on.

### Floral chandeliers

There's no need to worry about seeing over table centerpieces or flowers getting in the way of photo moments. Thanks to hanging flowers and floral chandeliers, flowers are quite literally moving up in the world. Hanging floral pieces can add instant drama and make a large visual impact. Florists can hang flowers from beams over table-tops to increase visual impact, whether as individual baskets, single stems or floral swags. Hanging floral chandeliers are dramatic but naturally exper-

sive. Think about a large installation that forces guests to look up into a sea of greenery and flowers. The smell and the sight can be breathtaking.

### Welcome wreaths

Why should wreaths only be reserved for front doors and holiday decor? A welcome floral wreath can be placed by the entryway to a chapel or reception hall with a heartfelt sentiment that shows guests how much they're appreciated.

### Fairy-tale flowers

A floral curtain of hanging flowers can line a chuppah or drape the altar in beautiful blooms. Couples who would like a fairy-tale entrance also can make their debut as a couple by coming through a flower curtain at the reception. Martha Stewart

Weddings says a cascade of flowers and greens can be romantic and elegant.

### Dance floor blooms

Who says flowers have to be overhead or on a table? With a plexiglass dance floor, or one made from some other transparent material, flowers can be underfoot, creating a magical floral carpet.

### Floral necklaces

Brides needn't carry their bouquets, they can wear ethereal and whimsical floral pieces around their necks or on their waists instead.

Couples are urged to speak with their florists about the innovative ways they can make flowers an even more awe-inspiring component of their weddings.

# GIVE YOUR LOVE THE GIFT OF HEART AND SOUL WITH A TOUCH OF COLE

**Submitted by Horizon Stage**

Celebrate Valentine's Day at Horizon Stage with A Touch of Cole. This Edmonton-based jazz band highlights the timeless music of Natalie and Nat King Cole. Paying tribute to the unforgettable musical legacy of both father and daughter, they weave together a collection of "Cole" standards to take the audience on a musical journey that spans from jazz and Latin to modern blues and soul. With a vision to uplift and inspire their audiences, A Touch of Cole performance provides a captivating experience for music lovers of all ages. Audiences will also enjoy classic jazz standards from artists such as Peggy Lee, Ella Fitzgerald, and Nina Simone. Spend a romantic night with A Touch of Cole at Horizon Stage on Saturday, February 15 at 7:30 p.m.

A Touch of Cole features the vocal styling of Edmontonian Shelley Jones accompanied by Wes Caswell on bass, Wes Yaciuk on guitar, Bruce Mohacsy on piano, and Sandro Dominelli on drums. The group has performed together as a trio and a quintet and they have sold out both Festival Place and the Yardbird Suite.

Blessed with a voice that can seamlessly fit into almost any musical genre, Shelley Jones brings a sense of authenticity and soul to every song she sings. Be it jazz, blues, pop, R&B, soul, groove, rock or country, Shelley has sang it all and made each style her own. Growing up in rural Alberta listening and singing along to her four older siblings' music collections, Shelley first discovered jazz after entering the vocal music program at Grant MacEwan. After graduation she began performing jazz professionally, working in duos, trios, quartets and big bands as well as a few symphony orchestras. Some of her performance highlights

include being a guest vocalist with Tommy Banks at the Winspear Centre, performing with Alfie Zappacosta, and singing background vocals for Tom Cochrane. Shelley also regularly performs alongside some of Alberta's top musicians including PJ Perry, Sandro Dominelli, Andrew Glover, and Don Berner.

Shelley has also developed her songwriting skills; writing,

recording, and releasing four solo albums and a Christmas CD with the Flextime Band. She has appeared as a guest vocalist on numerous recordings from other artists and has sang several radio/television jingles. As a highly experienced stage performer with a warm, personable and captivating stage delivery, Shelley continues to expand her fan base across the country.

Give your love the gift of heart and soul with a Touch of Cole at Horizon Stage on Saturday, February 15 at 7:30 p.m. Tickets are \$35 for adults and \$30 for students and seniors. Tickets may be purchased at the City Hall Ticket Centre (315 Jespersen Ave), by phone at 780-962-8995 or 1-888-655-9090, and online by visiting [horizonstage.com](http://horizonstage.com) and clicking on the "Tickets" link.

# Trans Mountain Expansion Project Construction Accelerating

*Continued from Page 1*

It is anticipated that an additional \$8.4 billion will be spent to complete the Project, plus \$1.7 billion of financial carrying costs. The company has also recommended to the Government of Canada in its capacity as owner and lender, a further \$600 million reserve for cost impacts beyond the control of Trans Mountain. This cost will be presented to the Government of Canada as part of the process to obtain the necessary funding of the Corporation's capital needs. This estimated cost of the Expansion reflects today's realities of enhanced environmental pro-

tections, security, quality assurance and Indigenous inclusion, and is based on reasonable assumptions, including the completion of regulatory approvals, permits and route hearings.

The Corporation's projected earnings before interest, taxes, depreciation and amortization (EBITDA) are expected to be at least \$1.5 billion in the first year of the Project's operation and expected to grow annually. These projections are underpinned by long-term contractual commitments covering 80 per cent of the system's 890,000 barrels a day of capacity.

The board also affirmed that this Project remains commer-

cially viable, and that Canada's overall investment in Trans Mountain remains on course to generate a return at commercial levels.

The Project is also expected to drive significant economic benefits for workers, businesses and Indigenous communities across Alberta, British Columbia and the country. At peak construction, there will be approximately 5,500 workers employed in communities along the construction corridor in Alberta and British Columbia. Trans Mountain is prioritizing and maximizing Indigenous, local and regional hiring to the greatest extent possible. Canadians will also benefit from the economic and tax contributions made by the Project once it is in operation. Communities along the construction corridor will benefit from significant tax dollars, which are anticipated to exceed \$52 million annually, contributing to these local communities' ability to meet their respective social, economic and development goals.

"Today's Trans Mountain Expansion Project has seen significant changes, enhancements and improvements since it was originally envisioned in 2009, and first introduced to the public in 2012. The Project has set new standards for Indigenous par-

ticipation and inclusion - with 58 signed agreements worth over \$500 million. The Project reflects the input and feedback from thousands of Canadians and incorporates the very best safety and environmental protections. From the installation of state-of-the-art leak detection and monitoring technology, route adjustments to avoid sensitive areas, tunneling versus trenched crossings, to installing more valves and ground water monitoring stations, Canadians will be proud to know that Trans Mountain has established the very highest benchmark for the development and construction of a major energy infrastructure project," says Anderson.

Canadians will benefit from the economic and tax contributions made by the Project once it is in operation. In addition, Trans Mountain will make payments to the British Columbia government of between \$25 million and \$50 million annually, for a total contribution over a 20-year period of up to \$1 billion. These funds are to be used by the B.C. Clean Communities program to fund local, environmental projects everywhere in British Columbia.

Trans Mountain will continue to provide updates on its construction activities as the Project proceeds.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. The more numbers you name, the easier it gets to solve the puzzle!
