## THORSBY/WARBURG NURSE PRACTITIONER READY TO START SEEING PATIENTS

**Submitted by Leduc Beaumont Devon Primary Care Network**

Announced last month, the underserved towns of Thorsby and Warburg, and their surrounding communities, are going to be receiving primary care support from a dedicated

Nurse Practitioner NP). Michelle Williams, NP, has been hired by the Leduc Beaumont Devon Primary Care Network (LBD PCN) through a grant provided by the Government of Alberta via the Nurse Practitioner Support Program.

Space for the Thorsby and Warburg Nurse Practitioner-Led Clinics has been

secured and while minor renovations to the spaces are being completed, Michelle will begin "meet and greets" with potential patients at the LBD PCN office in Leduc starting March 16th.

*Continued on Page 2*

## PUBLIC INPUT HELPS SHAPE EMS SERVICE DELIVERY IMPROVEMENTS

**Submitted by Leduc Fire Services**

Quality customer care and patient safety are the top priorities for City of Leduc Fire Services, as demonstrated in achieving accreditation status in August 2018. However, the road to improvement doesn't end there.

Accreditation is an ongoing process set with a high level of professional standards for health care personnel, governed by Accreditation Canada.

To help improve the emergency medical services they provide, Leduc Fire offers an online survey for any customers and/or their family and friends to provide their opinions on the service they received. This also includes any members of the public who may have observed an emergency medical event and would like to share their input. In this survey, participants are asked a variety of questions, from overall satisfaction to the orderliness and tidiness of the ambulance. Survey results will

be used to help enhance emergency medical service delivery and patient care, and is part of the ongoing accreditation process.

Visit [Leduc.ca/emssurvey](http://Leduc.ca/emssurvey) to participate in the survey online. Hard copies are available at Fire House 1 (2-4119 50th St) and at the Leduc Civic Centre (1 Alexandra Park). For more information about the accreditation process visit [www.leduc.ca/fire/accreditation](http://www.leduc.ca/fire/accreditation) or call Leduc Fire Services at 780-980-8475.

## Thorsby/Warburg Nurse Practitioner Ready To Start Seeing Patients

*Continued from Page 1*

If you live in Thorsby or Warburg or their surrounding communities and do NOT have a family physician, you can request a meet and greet with the Nurse Practitioner by calling 780-986-6624.

After your meet and greet, if you then think that the Nurse Practitioner is a good fit for

you, you would then agree that Michelle will be your primary care provider and you will be counted on her patient panel. This means that you will see the Nurse Practitioner for your health care needs whenever possible. As a patient of an LBD PCN health care professional, you are then able to access any of the programs and services offered at the PCN.

Michelle will provide health services to individuals, families, and communities including health promotion, disease and injury prevention, and treatment of acute and chronic illness. NPs provide healthcare that is grounded in nursing care and includes the physical, emotional, social, and psychological aspects of your health. NPs can:

- Diagnose and treat illness and injury
- Perform physical examinations and screening interventions
- Order and interpret diagnostic tests, such as lab tests and x-rays
- Provide counselling and education
- Refer you to other health-care professionals and specialists
- Prescribe medications
- Manage chronic diseases such as diabetes, COPD and asthma
- Provide palliative care

# BUDGET 2020: STAYING ON TRACK TO BALANCE

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Our government's fiscal plan is working. This week, our government announced that the yearly deficit will be \$1.2 billion less than projected in Budget 2019. This will save taxpayers \$35 million in debt servicing costs and put this province on track to balance the budget by 2022-23. Balancing the budget means that hard-earned taxpayer dollars will be invested in services for Albertans, instead of going to global banks and investors.

Through Budget 2020, this government is expanding the ambitious Capital Plan. This year's budget adds an additional \$772 million in infrastructure projects over three years. This investment will help create 3,000 new, well-paying jobs by 2022. By expanding the Capital Plan, our government is investing in roads, schools, hospi-

tals, public transportation, and more. These key investments will help create jobs, grow the economy, and support the high-quality services that Albertans deserve. Despite what the opposition claims, Budget 2020 contained no cuts to spending on health or education. In fact, spending in these areas have been maintained at record highs. In order for our core public services to be sustainable, the budget outlines new models to ensure funds directly support Albertans instead of getting caught in red tape.

Budget 2020 outlined A Blueprint for Jobs, our plan for job creation, which employs a variety of strategies to make Alberta an attractive place to do business. By reducing red tape and taxes, investing in key infrastructure, and focusing on skills development for our young workforce, Budget 2020 is helping get Alberta back to work.

With session officially underway this week, we brought our first bill to the floor, Bill 1: Standing Up for the Rule of Law. Premier Kenney introduced Bill 1, the Critical Infrastructure Defence Act, ensuring that no radical group should be able to hold our economy hostage. If passed, this bill would impose fines and potential jail time on any individual or organization who damages or interferes with critical infrastructure. By protecting our railways, highways, bridges, oil and gas production and refinery sites, this government is sending a strong message that lawlessness is not tolerated in Alberta.

Finally, this week marked an

important victory for hard-working Albertan taxpayers as Federal courts have officially ruled the Federal Carbon Tax Unconstitutional! On February 24, the Alberta Court of Appeal announced a landmark 4-1 decision declaring the federal carbon tax unconstitutional. In their decision, the Court of Appeal called the effort to impose this punishing tax on families in Alberta a "constitutional Trojan Horse". I am proud of the hard work this government has put in place since taking office to protect the interests of Albertans. By fighting the federal carbon tax, this government is helping get a better deal for Alberta.

# MP SOROKA QUESTIONS THE GOVERNMENT'S APPROACH ON ILLEGAL BLOCKADES

**Submitted by Gerald Soroka, MP for Yellowhead**

Gerald Soroka, Member of

Parliament for Yellowhead, rose in the House of Commons to ask the government when the agricultural, forestry, and

coal producers in his riding would once again be able to get their products to market.

MP Soroka stated, "the Prime

Minister's weakness is costing Canada's economy once again. People in Alberta and across the country have lost all faith in the government's willingness to end the illegal blockades."

In Response, Mr. Joël Lightbound (Parliamentary Secretary to the Minister of Public Safety and Emergency Preparedness, had this to say, "Mr. Speaker, we recognize the hardships that these blockades have placed upon many Canadians across the country and on the economy. However, there is no simple solution to such a complex problem..."

The video can be found on my YouTube (<https://www.youtube.com/watch?v=5T-08pfC4m78>), and Facebook (<https://www.facebook.com/GeraldSorokamp/videos/2656839004385989/>) pages.

# FARM SAFETY WEEK

## Preventing Crushes

• From rolling machinery to falling front-end loaders there are countless crush hazards on a farm. While farm operators and workers can't prevent every hazard on a farm, they should prevent every hazard they can by taking simple preventative measures while working.

• Failure to block-up equipment safely can result in a fatal crushing injury. A jack may slip, a hose or overhead support may break, or the equipment may roll. Always take the precaution of placing support blocks under the equipment prior to working with raised machinery for any reason.

# FARM SAFETY WEEK

## Be SAFE – Plan Ahead Assess Risk

Risk concerns the expected value of results of a situation or event. The value of those results may be positive or negative. In the farming industry, the measure of risk can be rated as high, medium or low. Once the risk has been assessed, through your regular safety checks, employers can determine whether to take immediate action of a hazard or identify those that can be monitored and fixed at a later time. Regular assessment can help with budgeting time and resources for immediate or future repairs.

## Entanglements

° The average farm is full of machinery and device that can grab, cut, smash and entangle fingers, hands, toes, and feet causing injury to the extremities and even death. The sad truth is that most of these injuries can be avoided.

° Some of the key entanglement prevention measures to implement when working with or near machinery are:

- Before operating any machine or equipment, ensure that all guards are in place and in good condition.
- Wear tight fitting clothing, such as overalls. Avoid wearing any items that could become entangled, such as long coats or scarves.
- Never step over a PTO shaft or conveyer belt while it is still running.

° Ensure that anyone working with augers, PTOs, and other extremely hazardous machinery receives appropriate safety instruction and adequate supervision.

° Keep young children out of the farm or ranch work site, especially areas where there is moving machinery.

## THE IMPORTANCE OF ROUTINE VEHICLE MAINTENANCE

Owning a car is a big responsibility. Drivers who plan to keep their vehicles for the long haul must emphasize maintenance if they want to keep adding miles to their odometers. In fact, the automotive information site CarAdvice says that routine maintenance may be the most important thing drivers can do for their vehicles.

A vehicle needs consistent care if it is to run efficiently. Maintenance also reduces the risk of roadside breakdowns and costly repairs. Here's a look at some of the benefits of staying on top of maintenance.

**Saves money:** Even though maintenance costs money, sticking to a consistent maintenance schedule can save big bucks in the long run. For example, the cost of rotating and aligning tires is considerably less than repairing a car after a

major blowout and paying for a tow and tire replacement.

**Improves performance and efficiency:** Routine maintenance includes oil changes, filter changes and fluid top-offs. Such tasks keep engines running smoothly. Ignoring this routine maintenance can put engines in jeopardy of breaking down and adversely affect vehicle performance, diminishing fuel economy and leading to a sluggish ride.

**Identifies safety issues:** Routine inspections and work performed by reputable service stations help drivers stay abreast of recalls or issues that can affect the safety of the vehicle.

**Maintains a maintenance record:** When the time comes to sell the vehicle, having a log of routine maintenance indicates to potential buyers that the vehicle was well cared for.

**Keeps compliance:** Vehicles covered under manufacturer's warranties typically need to be maintained in adherence to factory-recommended maintenance schedules. This ensures that the vehicle is in compliance and will be covered in the event of a warranty

claim.

Routine vehicle maintenance is important for a variety of reasons. Drivers can work with a trusted and reliable mechanic to develop a schedule that keeps their cars and trucks on the road.

# FARM SAFETY & HEALTH WEEK

MARCH 15-21, 2020

## Keep an eye for safety

The type of safety eye protection you should wear depends on the hazards in your workplace. If you are working in an area that has particles, flying objects, or dust, you must at least wear safety glasses with side protection (side shields). If you are working with chemicals, you should wear goggles. If you are working near hazardous radiation (welding, lasers, or fibre optics) you must use special-purpose safety glasses, goggles, face shields, or helmets designed for that task.

## FARM SAFETY TIPS

- Hire right – hire the right person and pay them fairly rather than hire an unqualified person for less money then pay for their liability and errors.
- Get a check-up – make sure every worker is checked up on at least every two hours
- Know the code – the Code of Practices for Farm Safety (PEI) has set the industry standard for agriculture
- Train for safety

# FARM SAFETY & HEALTH WEEK

MARCH 15-21, 2020

## Farm Safety Tips

When farming please follow these precautions in order to keep yourself, your family and your workers safe:

- Decrease your risk of being crushed by using lockout procedures before beginning any maintenance or repair work. Lockout means to physically neutralize all energies in a piece of equipment. Machines, devices or power transmission lines can be de-energized by applying blocks to all parts under tension or pressure, bleeding the hydraulic pressure from the lines or by releasing pressure from a coil or spring.
- Provide a safe, fenced play area for all children and supervise closely. The working area of the farm is not a playground any more than a construction site or other industrial area would be a play area. Review the safety rules on your farm with your family often. Fence off all manure, retaining ponds and dugouts, and lock buildings containing hazardous goods.

## PURE HEMP CBD PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

### WHAT IS CBD?

**A Health and Beauty Breakthrough!**

Cannabidiol, CBD, is one of over 80 active cannabinoid chemicals in the hemp plant. CBD, unlike, THC, does not produce euphoria or intoxication. CBD targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using CBD products for both treatment and prevention of numerous ailments.

**Therapeutic Uses For Pure Hemp CBD**

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

**Anti-Aging Uses For Pure Hemp CBD**

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

**KEY BENEFITS**

**PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

**PROMOTES HEALTH:** Helps to promote relaxation and overall health.

**WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

### CBD PET PRODUCTS

**PET CHEW TREATS**

**KEY BENEFITS**

**SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.

**NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.

**DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

**ORAL SPRAYS & DROPS**

**KEY BENEFITS**

**MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.

**TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.

**GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.

**CONVENIENT:** Can be sprayed into pet's mouth or on food.

**For more information, Call (780) 907-8642**
