### MP SOROKA CALLS FOR MORE SUPPORT FOR AGRICULTURE AND THE TOWN OF JASPER

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, and Deputy Shadow Minister for Natural Resources (Forestry and Mining) was in Ottawa to take part in the sitting of Parliament on April 29. While in the House he questioned the government on its response to the

COVID-19 pandemic.

Jasper National Park and the Town of Jasper are both heavily reliant on tourism, which has been shut down due to COVID-19. Each year they pay land rent for municipal purposes such as roads, parks and cemeteries, however this year they cannot afford to do so due to lost revenues.

MP Soroka asked if the

Deputy Prime Minister will "help the towns of Jasper and Banff, the only two municipalities in Canada that pay land rent to the federal government? Will the government eliminate the land rent for this year?" Ms. Freeland failed to indicate whether the government would be offering this relief or not.

### FAMILIES TO RECEIVE INCREASED SUPPORT THROUGH THE CANADA CHILD BENEFIT

Submitted by Prime Minister's Office

Families are feeling the social and economic impacts of COVID-19 in their everyday lives. Parents are concerned about putting food on the table, and trying to find creative ways to educate and entertain their kids. This is a difficult time for many families, and we

need to continue helping parents and investing in our children.

The Prime Minister, Justin Trudeau, today highlighted that families receiving the Canada Child Benefit (CCB) will get \$300 extra per child in May to help them deal with the added pressures of COVID-19.

Eligible families will automatically receive this one-

time increase as part of their scheduled CCB payment in May. Those who already receive the CCB do not need to re-apply for this one-time increase. This increase will deliver almost \$2 billion in extra support across the country to help families with the high cost of taking care of their kids during this challenging period.

# Families To Receive Increased Support Through The Canada Child Benefit

*Continued from Page 1*

This is just one of the many measures the Government of Canada has put in place to help families weather this crisis. In addition to this one-time CCB increase, we have provided individuals and families with low and modest incomes with a special top-up payment through the Goods and Services Tax credit. This measure gave, on average, close to \$400 for single in-

dividuals and close to \$600 for couples, injecting \$5.5 billion into the Canadian economy. We have also extended the tax filing deadline for individuals to June 1, 2020.

The government will continue to monitor and respond to the health, social, and economic impacts of COVID-19. We stand ready to take additional actions as needed to support all Canadians, including families and children, and stabilize the economy.

**Quote**

"Parents already know how much the Canada Child Benefit helps with the costs of raising kids. By increasing this benefit for May, we are putting even more money in the pockets of families to help them navigate these uncertain times. We are taking the necessary steps to support families and

children, so we can all get through this together."

—The Rt. Hon. Justin Trudeau, Prime Minister of Canada

**Quick Facts**

- In 2016, the Government of Canada introduced the CCB, a simpler, tax-free, and more generous child benefit better targeted to those who need it most.

- The CCB is a monthly payment made to eligible families to help with the cost of raising children under 18 years of age.

- The CCB has had a positive impact on families' incomes, and has played a key role in reducing child poverty. Since it was introduced, the benefit has put more money in the pockets of about 9 out of 10 Canadian families with children.

## JOKE of the week

Checking the menu, a restaurant customer ordered a bowl of vegetable soup. After a couple of spoonfuls, he saw a circle of wetness right under the bowl on the tablecloth. He called the waitress over and said, "It's all wet down here. The bowl must be cracked." The waitress said, "You ordered vegetable soup, maybe it has a leek in it."

## Alberta Beach Employment Opportunities

# WHITCOURT SUCCESSFUL IN RECEIVING FAMILY RESOURCE NETWORK FUNDING

**Submitted by Town of Whitecourt**

Whitecourt has been awarded funding by the Government of Alberta to provide Children's Services - Family Support/ Division Programming in the region under a new Family Resource Network model.

Alberta Children's Services recently adopted the new Family Resource Network framework to guide efforts to enhance prevention and early

intervention services for children, youth and families across the province. The new approach required Whitecourt to apply to provide services that align with the new framework in our community and region.

"The Town of Whitecourt has partnered with the province for many years, and we look forward to working with Alberta Children's Services, partner communities and agencies to continue to provide these important programs and services

for families in Whitecourt and our region," stated Chelsea Grande, Whitecourt Director of Community Services.

The new Whitecourt & Area Family Support Program (FSP) will provide free, family centered, solution-focused preventative services to families with youth aged 7-18 years in Whitecourt and surrounding area. The Program will also provide universal programming and parent education in Whitecourt for youth 0-18

years of age with a focus on early childhood development. Services will be coordinated from the Allan & Jean Millar Centre, and will be provided through in-home visits, at various community locations, and by virtual means when suitable. If you require services, or would like more information on the Whitecourt & Area Family Support Program call 780-778-6300 or follow the group on Facebook @WhitecourtAreaFamilySupportProgram.

## MP Soroka calls for More Support for Agriculture and the Town of Jasper

*Continued from Page 1*

Soroka went on to question the Minister of Agriculture asking, "Is the government going to announce a program geared specifically to agricul-

ture?" Canadian farmers are playing a vital role during this crisis, but they need help now.

"...We are working right now to see where the gaps are for the agriculture sector. We will come back with further measures as soon as we can," said

Minister Bibeau.

Soroka also questioned the Minister regarding the Canadian Federation of Agriculture's agri-food emergency preparedness plan, concerns surrounding meat processing capacity, and the Minister's

failure to implement industry proposed measures such as the set-aside program which has been on her desk for months.

These questions and the Ministers' responses can be viewed at <https://bit.ly/SOROKA>

**Submitted by Gerald Soroka, MP for Yellowhead**

The Liberal government announced major firearms policy changes in the middle of a global pandemic that does absolutely nothing to address the real problem – gun violence and illegal weapons in Canada. This is wrong. Members of Parliament should be allowed to debate policy changes and raise their constituents' concerns.

Conservatives have and will always support common-sense firearms policies that keep guns out of the hands of dangerous criminals. We are the only party calling for action to tackle the real issue -- illegal and smuggled guns. According to Peel Region police, 75% of seized illegal handguns are smuggled in from the U.S. This was also confirmed by Ottawa's police chief.

We want to ensure Canadians are safe and secure in their neighbourhoods, which is why during the last election, Conservatives campaigned on a plan for A Safer Canada. It included the creation of the Canada Border Services Agency (CBSA) Firearms Smuggling Task Force to work with law enforcement to crack down on smuggled guns. It also included making the possession of a smuggled firearm a criminal offence with a mandatory five-year sentence, as well as better information sharing to allow police forces to better-track illegal firearms.

Residents in Yellowhead and Canadians across the country know that taking firearms away from law-abiding citizens does not do anything to stop dangerous criminals. Conservatives will always support honest firearms owners and focus on cracking down on real criminals.

# LAC STE ANNE COUNTY NEWS HIGHLIGHTS

**Submitted by Lac Ste. Anne County**

## 2020 TAX NOTICES MAILED

County taxes are due and payable by June 30

Tuesday, May 12 marks the County's mail-out date for the 2020 property tax notices. This notice will consist of amounts for municipal taxes; education taxes; the new provincial policing requisition; the seniors housing requisition; and, if applicable, local improvement levies and special taxes.

To help ease the financial burden for ratepayers during COVID-19, the 2020 notices reflect tax relief measures including tax payment deadline extensions and deferral of penalties.

If you are able to pay your property taxes now, we encourage you to do so. This revenue helps the County provide the essential services that ratepayers rely upon.

In the interest of public safety during COVID-19, please note that paying your taxes in person at the County administration office is not an option. Ratepayers can continue to use the envelope depository by the main office entrance, or can submit cheques via regular post. Other options include online banking, telephone banking, or in person at your local financial institution where this service is provided

Penalties on current taxes (not including the Tax Prepayment Plan) will be applied at 6% on September 1, 2020. On November 1, 2020, penalties to current arrears will be applied at 9%, and on January 1, 2021, a 9% penalty will be applied to the entire outstanding balance.

For further information on your tax notice, including tax relief measures and the Tax Prepayment Plan,

please visit [LSAC.ca/assessment](http://LSAC.ca/assessment).

## IMPORTANT MAILING ADDRESS REMINDER

Didn't get your tax notice in the mail? Better call the County!

The County sends important mail to ratepayers throughout the year.

Sometimes this correspondence goes astray due to an incorrect or out-of-date mailing address

on file with the County. As more and more households abandon their land lines, it becomes increasingly problematic for the County to maintain accurate contact information.

Those living in rural areas can have two addresses: a mailing address, and a municipal address (street address). Your municipal address is that blue sign at the end of the driveway.

While a municipal address helps emergency responders or courier services find your property, it's not a valid mailing address.

If you haven't received your Tax & Assessment Notice this year, or if you wish to confirm that your current mailing address is on file, call the County office at 780.785.3411 or visit [LSAC.ca/address](http://LSAC.ca/address).

## WHAT MATTERS TO YOU

**Submitted by MLA  
Shane Getson - Lac Ste.  
Anne-Parkland**

May 06, 2020

The last few months have been “Unprecedented” to be sure. That catch phrase has been used repeatedly, and I honestly believe it is, because hardly any of us in present day have anything to compare it to. I, like many, look for wisdom from my mentors, my elders, and seniors when I personally am in uncharted territory. There is a vast amount of knowledge out there that you will not find on the internet search engines, nor on social media posts. There is an oral history that will unfortunately never be written down, and can only be accessed if we take the time to visit, ask questions, and listen.

I know for certain that I am not the smartest person in most of the rooms I'm in, and humbly look to others for their input and guidance, especially if they have “Been There and Done That”. I can take their advice, apply my own knowledge, review the information at my disposal, and then make my informed decision. It is has kept me out of the glue on more than one occasion, and I greatly appreciate the people who have taken their time over the years to impart their knowledge and experience so, as one man put it, “You don't repeat my mistakes”.

The present circumstance is unprecedented, and although even many of our elders may not have seen the exact scenario that we see playing out all at once, they indeed have relevant knowledge that will offer us guidance, and also advice on precautions that should be taken. I have listened carefully in the past and will continue to seek council from my mentors, and now

from the constituents and community leaders that I have met over the last year. We will have many challenges ahead of us, and we need to draw on the past, so we can build on the future together, and avoid the missteps of our history. We must make the most of the time and resources we have to build the Alberta of the future that the next generations deserves.

Here are some of the challenges that we will all be facing going forward and, if we are going to overcome, we will need to be working together.

1. Health – The viruses don't care. They can, and will, attack as many people as they can. So we need to make sure we practice the simple habits for hygiene and social distancing that we have developed over the last month.

2. Economy – This is going to be one of our greatest challenges. In fact, it will in all likelihood be more challenging than COVID itself. This is due to the impact on the global and domestic economy relating to the shutdown that took place due to COVID, compounded by the price war between the Russians and Saudis, the attack internally on our own energy sector, the polarization of issues regarding pillars in the economy, and the lack of support for local and small business.

3. Public Services – there are going to have to be some real sobering discussions, and understanding on what is a “Need” and what is a “Want” when it comes to the services and the amenities that we had at our disposal when we had a robust economy and the realities of our situation today.

4. Identity – Who are we as a province and where do we fit in the confederation.

When I had the great fortune of working on several major pipeline, and facilities

projects in my career, I had my share of interviewing candidates for various positions on the project teams. Accounting, Cost Control, Engineering, Scheduling, Quality Control, Safety, Risk, Construction Management, Project Management and Inspection to name a few. One question that I posed to all of the applicants was “What do you want to be when you grow up?” Most of us have not been asked that since we were kids, you know before we “Knew any better” that if we put our mind to it, that we could be anything, and do anything as long as we were willing to put in the work. We often wanted to be more than one thing, sometimes in succession, sometimes at the same time. The reason that I asked that question is that I wanted to see the spark, I wanted to hear if that person wanted to still grow, I wanted to see if there were things that they wanted to grow into, and that they would want to be part of, as a team, so that they could “Be what they wanted to be” as they grew up with the team.

The successful candidates, always had an answer. They always had a sparkle in their eyes, a fire in their belly, and they worked very hard on something as a team that was bigger than themselves. They were working towards a path of growth that may not be fully realized on the project they were signed up for, but a few years down the road, they would have had a chance to develop the personal skills to grow into “What They Wanted to Be”

I'd like to ask you, the same question, and then apply that same question as to what would you want “Alberta to be” when it grows up. We are a young province, and have been hit very hard over the last few years, so if we look

to older provinces or states, we can see that the successful ones have built out the “Value Added” chains within each of their main pillars of economy. This offers certainty, and stability.

I feel that if we dare to dream big again, if we can combine the wisdom of our elders, with the optimism of a child, with the grit, determination, energy and enthusiasm of our working aged population and with a common goal and vision of growing our province together the sky really is the limit. We should never shy away from, or be ashamed of our resource and agriculture sectors, and not be willing to support and grow them, providing what Albertan's need. These industries have been cornerstones of our economy, and will be for years to come.

We do need to ensure that we have access to markets, and Canada should never be reliant on any foreign nation for our energy needs. We should be able to export our products to responsible trading partners, who are looking to secure their energy needs for years to come from an ethical producer like Alberta.

Given our wide open spaces, clean living, safe society, we have so many attributes that are the envy of most of the world, and we should be eternally grateful for our forefathers for their efforts building a sound foundation. If we are to express our gratitude, and “Pay It Forward” to the next generations it is up to us to not falter under the challenge in the next few years, but to dig deep, bear down, and do the work together. Let's dream big, and build on the solid foundation to allow the Province to be all that it can be with all the potential it has and with the great people who proudly call themselves Albertans. Stay Strong, Stay Free.

# Lawn & Garden

## IMPROVE SOIL QUALITY FOR A BETTER LAWN

A lush, green lawn can vastly improve a home's curb appeal. Thick, healthy grass indicates that homeowners care enough about their properties to invest the time, effort and money to make them beautiful.

According to the landscaping tool company Troy-Bilt, soil fertility is the foundation of healthy lawns. In fact, the quality of the soil is essential whether one is growing acres of grass, potted plants or vegetable garden beds. No matter which type of soil a homeowner is working with, there are various ways to make it better.

### Remove thatch

Thatch is a tightly knotted layer of leaves, grass roots, stems, and other debris that accumulates between the grass blades and the soil.

Too much thatch can hinder the movement of water, air and nutrients into the soil. According to organic fertilizer company Organo-Lawn, thatch often occurs if the production of dead organic material in the lawn exceeds the ability of the microorganisms in the soil to break down that organic matter. A half-inch of thatch is normal. If thatch gets too thick, it will need to be removed. The home improvement resource DIY Network says dethatching can take place in the summer, fall and winter using a thatching rake.

### Aerate

A lawn aerator will create holes in the soil. This can improve drainage and encourage worms and helpful microorganisms that require oxygen to thrive in the soil.

The Briggs & Stratton Company says the best time to aerate a lawn is during the growing season when the grass can heal and fill in any holes, such as spring and fall. Aeration can help develop deeper grass roots for a healthier lawn.

### Test and amend soil

A great lawn has loamy soil, which has a key ratio of clay, silt and sand. Silt is a granular material of a size between sand and clay that originates from quartz and feldspar. It is the most fertile of the three types of soil components. Sand does not retain water, but it helps to create spaces in the soil that permit air to circulate. Clay particles are small and bind together tightly, but clay is naturally nutrient-rich. The home improvement site

BobVila.com says loamy soil should have equal parts sand and silt and half as much clay.

If the lawn is not yet established, loamy soil can be created and then the grass seeds planted. For established soil, after removing thatch and aerating, top-dressing the lawn can help. This involves adding a thin layer of soil over the lawn. It can improve the soil without killing the existing turf. Ideally, it should be done in early fall or spring, as this gives the grass time to grow through three to four more mowings before severe heat or cold sets in.

Healthy soil is vital to a lush lawn. It takes a little work, but improving soil can create vibrant, healthy, green grass.

# SUDOKU of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**

4	5	8	2	3	9	6	1	7
1	6	2	5	8	7	4	3	9
3	9	7	1	4	8	2	8	5
7	8	4	3	6	2	5	9	1
9	2	3	7	1	5	8	6	4
6	1	5	4	9	8	7	2	3
5	3	1	8	2	4	9	7	6
2	7	6	9	5	1	3	4	8
8	4	9	6	7	3	1	5	2

		8			9

WEEKLY PUZZLE SPONSORED BY:

**WE'RE ALL IN THIS TOGETHER.**

Thanks to Our Team & Community!

As your community newspaper, we are committed to delivering the latest and most accurate COVID-19 news and local updates. We also remain dedicated to serving our local advertisers, as they struggle to overcome unprecedented economic challenges resulting from the pandemic.

ADVERTISERS, call 780.962.9228 to learn how we can help you.

In uncertain and troubled times like today, the importance of local news and community connection is more evident than ever. You can help support businesses in our community by purchasing gift cards for later use, frequenting restaurants that are open for takeout or checking to see if your favorite businesses have opened online stores. You can also support the future of local news and reporting by reserving your ad space today and letting our readers know how they can help you!

Together, we are all stronger.

**PURE HEMP CBD PRODUCTS**  
AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

**WHAT IS CBD?**

**A Health and Beauty Breakthrough!**  
Cannabidiol, CBD, is one of over 80 active cannabinoid chemicals in the hemp plant. CBD, unlike, THC, does not produce euphoria or intoxication. CBD targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using CBD products for both treatment and prevention of numerous ailments.

**Therapeutic Uses For Pure Hemp CBD**  
Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

**Anti-Aging Uses For Pure Hemp CBD**  
Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

**KEY BENEFITS**  
**PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.  
**PROMOTES HEALTH:** Helps to promote relaxation and overall health.  
**WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

**CBD PET PRODUCTS**

**PET CHEW TREATS**

**KEY BENEFITS**  
**SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.  
**NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.  
**DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

**ORAL SPRAYS & DROPS**

**KEY BENEFITS**  
**MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.  
**TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.  
**GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.  
**CONVENIENT:** Can be sprayed into pet's mouth or on food.
