REGIONAL LEADERS REVIEW DUAL CALL-OUT FIRE SERVICES MODEL

MLA Getson applauds strengthened collaboration between Lac Ste. Anne County Fire Services and Onoway Regional Fire Services.

Submitted by Lac Ste. Anne County

Sangudo, AB, July 20, 2020 – Lac Ste. Anne County recently met with adjacent municipal officials to review the integrated fire services model that exists between Lac Ste. Anne County Fire

Services and Onoway Regional Fire Services operated by Northwest Fire Rescue. This unique model leverages the infrastructure and capacity of these public and private-sector contingents to provide comprehensive, collaborative and timely fire services to the

greater Lac Ste. Anne region. Lac Ste. Anne-Parkland MLA Shane Getson was in attendance for the review, and expressed interest in sharing the ongoing successes of the County's hybrid support model with other regions in the province.

PARKLAND RCMP INVESTIGATE FATAL COLLISION ON HIGHWAY 43

Submitted by Parkland RCMP

On July 25, 2020 at approximately 2 a.m., Parkland RCMP along with Emergency Services responded to a single vehicle roll over on Highway 43 and Range Road 34.

A SUV was located but did not have any occupant(s) inside. A search was con-

ducted in the area but no one was found.

Further investigation revealed that the vehicle was driven by a lone adult male occupant who had not been in contact with family since the collision occurred. An additional search utilizing RCMP Air Services and RCMP Police Dog Services was conducted. This morning search and rescue was

activated. Tragically, the missing 33-year-old male from Sangudo, Alta., was located deceased near Range Road 35. An autopsy will be conducted this week at the Office of the Chief Medical Examiner in Edmonton.

The name of deceased will not be released and no further updates are anticipated.

THE JUNE CLUB REPORT FOR THE CHERHILL 4-H MULTI CLUB

Submitted by Anthony Bouius, Cherhill 4-H Multi Club

...From The Covid-19 Pandemic, Self Isolation, Social Distancing, Quarantine Now Routine, The New Normal...

Covid-19 threw the 4-H year right upside down, but the members, parents, and leaders pushed through, and made a complete and successful year.

The year was all smooth sailing then the covid hit, everything was at a stand still. Then after about a week of mass confusion we managed to set up virtual meets. In those virtual meets our main topic was to get everyone's project finished and

the year over with.

Our life skills member had to send in photos of their displays and a powerpoint will be posted to our club facebook page when it gets done Our pheasants will be released on a later date.

The 4-H market steers were shown and sold online, everyone is thankful for VJV Westlock letting us use their facilities, and we would like to thank Team Auctions for hosting the sale for free. All of our members would like to thank bidders and buyers. Thank you for standing behind the changes we had to do this year!

Some of the members had an opportunity to go to a mini show at

Mayerthorpe, and take

videos of their female livestock for the virtual shows.

All of our market lambs were sold private, and the members would like to thank all of their buyers.

After June 22 we were able to do some 4-H activities with health safety measures in place. We had signed up to do garbage picking for 3 of the county landfills.

We have tentatively set our first meeting for next year on Sept. 18 We Cross our fingers that we can meet in person.

We would like to thank all of the leaders for helping us push for a successful year.

This is my last report of this 4-H season, hope everyone has a great summer.

JOKE of the week

Pete and Harry were talking one day.
"My wife asked me to buy ORGANIC vegetables from the market garden," said Pete.
"So were you able to find some?" Harry asked.
"Well when I got to the market, I asked the gardener, 'These vegetables are for my wife. Have they been sprayed with any poisonous chemicals?'"
"The gardener answered:
"No, you'll have to do that yourself."

Campground Manager Contract Opportunity

Alberta Beach is currently accepting resumes for the Campground Managers Contract for the Alberta Beach Family RV Park & Campground for the 2021 season. The contractor will be required to live on site for the term of the contract being May 1st to September 30th, 2021. Refer to the Alberta Beach website at www.albertabeach.com for further details. Please forward resume and references on or before August 14, 2020 to:

Regional Leaders Review Dual Call-Out Fire Services Model

Continued from Page 1

He suggested that the model that could fill the gap in areas where industry has the ability to augment services and support.

"We're lucky in our area to have a hybrid model of service and coverage when it comes to fire fighting and rescue services," stated MLA Getson. "I was pleased to be part of a coordination meeting recently to review the coverage and interface between the two groups, and the representatives from the communities they serve."

"After a little over a year with a new dispatch and coverage procedure I was also pleased to see now that there is enough information to perform a lessons learned review, and to tweak the system as required to continue to improve on efficiencies, and to maintain or improve services because of it."

During the review, MLA Getson commended the municipal leaders on their progress, stating: "we need you, and our community is better off be-

cause of the work that you are performing and the cooperation you are showing to develop this innovative model."

The dual call-out agreement between Lac Ste. Anne County Fire Services and Northwest Fire Rescue (the Town of Onoway's private-sector contractor) is a derivative of a standard mutual aid model. Under this agreement, both departments are simultaneously notified when a critical event occurs; resources are then coordinated based upon the crews and apparatus closest to the scene. By contrast, under a standard mutual aid agreement, the decision to engage outside resources would be the purview of the host municipality's fire department.

Collective Approval of Collaborative Model

"Intermunicipal collaboration can be tricky at the best of times," shared Lac Ste. Anne County Reeve Joe Blakeman. "We have had challenges and rough patches along the way. However, thanks to the perseverance, cooperation and respect of all involved, we've

created a viable, resourceful fire services model that distributes resources in ways that meet the demands of a wider segment of the Lac Ste. Anne County region – both today and years into the future."

Judy Tracy, Mayor of the Town of Onoway, expressed pride in the continued collaborative work of Onoway Regional Fire and Lac Ste. Anne County Fire Services. "The highways in the region have become safer to travel since the establishment of a dual call out system," shared Mayor Tracy. "The Fire Chiefs from both departments have overcome much in order to establish a cohesive working environment for all highways calls. While the system may still need some tweaking, it is working and that is good news for all who travel on the highways."

Other municipal leaders present at the review echoed the sentiments of Reeve Blakeman and Mayor Tracy. Bernie Poulin, Mayor of Silver Sands and representative of the the Summer Villages Lac

Ste. Anne County East (SVL-SACE), applauded the County's approval on dual call-outs on the region's highways. "Our residents now have superior response times helping ensure their future quality of life," he stated.

"Alberta Beach is very proud to be working in collaboration with our municipal neighbours on this very important issue," added Alberta Beach Mayor Jim Benedict. "The dual call out system has improved response times, saving lives and delivering cost-sharing efficiencies. We would like to Thank the County for having faith in our fire service, and taking the huge step of entering into this dual call-out agreement."

The County looks forward to building upon the successes of this unified framework, and continuing to strengthen the collaborative potential between Lac Ste. Anne County Fire Services and Onoway Regional Fire Rescue with the shared goal of servicing and safeguarding the community at large.

STUDENTS RETURNING TO SCHOOL FOR 2020-21 SCHOOL YEAR

Submitted by Government of Alberta

Schools will be ready to welcome students under scenario 1, which is near-normal daily operations with health measures.

Alberta's government has developed a re-entry tool kit to prepare parents and students for what to expect in the new school year. The tool kit includes videos for students explaining some of the health measures, a guide for parents, frequently asked questions, school posters, a self-screening questionnaire in multiple languages, and links to health guidelines.

"Alberta continues moving ahead with our recovery and relaunch plan. I'm proud of our

comprehensive plan that supports the safe return to daily in-school learning. The return of more than 750,000 students to near-normal learning in the new school year is indicative of Alberta's continued recovery as we work to relaunch our economy and return to our regular everyday lives." - Jason Kenney, Premier

"We are determined to do everything that we can to safely return our students, teachers and staff to school. I appreciate the input and support of school authorities across the province, as well as our education partners, in developing and refining our school re-entry plan. We are providing clear and detailed guidelines and a re-entry tool kit so everyone can do their part and prepare for a safe

return to school." - Adriana LaGrange, Minister of Education

"We are committed to doing everything possible to protect the health and safety of students, staff and families during the upcoming school year. There is no risk-free approach to COVID-19 but there are also risks to children's overall health from school closures. We are continually refining our public health advice for schools based on best available evidence. We also have plans in place to respond quickly when cases are identified. Limiting the spread of the virus in schools will require the dedication and support of all Albertans when the school year begins this fall." - Dr. Deena Hinshaw, chief medical officer of health

Under scenario 1, schools will implement a number of public health measures, which include frequent cleaning of surfaces, placing hand sanitizers at school entrances and classrooms, grouping students in cohorts, and planning the school day to allow for physical distancing, which could include staggering start times for classes, recesses and lunches. Additional public health measures may be established prior to September on the advice of the chief medical officer of health in consultation with the education system.

In addition, students, staff,

parents and school visitors will be expected to use a self-screening questionnaire daily to determine whether they can enter the school.

"The Alberta School Boards Association is pleased that this plan was released earlier than expected as it provides more time for finalizing school board plans. We appreciate the various experts, parents and community members that helped inform a plan that prioritizes the health and safety of students and staff. ASBA and all school boards will work diligently to implement this plan and look forward to continuing to work with the Minister of Education throughout the upcoming school year." - Lorrie Jess, president, Alberta School Boards Association

"The College of Alberta School Superintendents appreciates the opportunity to work alongside government and education partners to develop a detailed re-entry plan. The CASS board of directors strongly believes that the re-entry plan offers the appropriate balance of guidance from the chief medical officer of health and the government while providing for the authority and autonomy for individual school divisions to assure their students, parents and staff that a successful return to school will be safe." - Bevan Daverne, president, College of Alberta School Superintendents

"We value the government's efforts to actively work with the education system, including independent schools, as they finalized details for the 2020-21 school year. Re-entry under scenario 1 gives us the information and confidence we need to prepare our schools for reopening. We appreciate the requirements set out by the government to ensure that student and staff safety remains the priority as we navigate through these times to safely move closer towards a sense of normalcy." - Simon Williams, president, Association of Independent Schools & Colleges in Alberta

Canada Emergency Wage Subsidy (CEWS)

Extended to December

The new changes to the CEWS would also:

- Make the subsidy accessible to a broader range of employers by including employers with a revenue decline of less than 30% and providing a gradually decreasing base subsidy to all qualifying employers. This would help many struggling employers with less than a 30% revenue loss get support to keep and bring back workers, while also ensuring those who have previously benefited could still qualify, even if their revenues recover and no longer meet the 30% revenue decline threshold.
- Introduce a top-up subsidy of up to an additional 25% for employers that have been most adversely affected by the pandemic. This would be particularly helpful to employers in industries that are recovering more slowly.
- Provide certainty to employers that have already made business decisions for July and August by ensuring they would not receive a subsidy rate lower than they would have had under the previous rules.

Bus Contractors Needed

We are currently accepting applications to provide bus service for a one-year contract agreement, ending June 28, 2021 for the following routes:

Onoway Area

Route 02, rural route, 184 days per year. Approx. 105.4 km; a 72-passenger bus is required. Contract amount is approximately \$50,305.00 per year excluding GST.

Route 29, rural route, 184 days per year. Approx. 63.5 km; a 66-passenger bus is required. Contract amount is approximately \$42,583.00 per year excluding GST.

Route 34, rural route, 184 days per year. Approx. 154.0 km; a 48-passenger bus is required. Contract amount is approximately \$56,232.00 per year excluding GST.

Alberta Beach Area

Route 18, rural route, 184 days per year. Approx. 95.8 km; a 48-passenger bus is required. Contract amount is approximately \$46,160.00 per year excluding GST.

Route 28, rural route, 184 days per year. Approx. 90.0 km; a 48-passenger bus is required. Contract amount is approximately \$45,157.00 per year excluding GST.

Sangudo Area

Route 37, rural route, 184 days per year. Approx. 154.4 km; a 36-passenger bus is required. Contract amount is approximately \$55,235.00 per year excluding GST.

Mayerthorpe Area

Route 51, rural route, 184 days per year. Approx. 157.7 km; a 48-passenger bus is required. Contract amount is approximately \$56,837.00 per year excluding GST.

Route 53, rural route, 184 days per year. Approx. 116.1 km; a 54-passenger bus is required. Contract amount is approximately \$50,740.00 per year excluding GST.

Route 54, rural route, 184 days per year. Approx. 182.9 km; a 54-passenger bus is required. Contract amount is approximately \$62,300.00 per year excluding GST.

Whitecourt Area

22 urban and rural routes, 184 days per year. 24, 48, 66 and 72-passenger buses (one requiring wheelchair lift). Route kilometres and contract amounts vary from \$37,079.00 - \$63,458.00 per year excluding GST.

For complete information on this position please visit our website at ngps.ca/careers/current-opportunities or contact Rhett Czaban at 1-800-785-3396 or 780-524-8331.

Applications will be accepted until noon on Friday, July 31, 2020; with service to commence Monday, August 31, 2020.

Applications can be emailed to: rhett.czaban@ngps.ca

Evansburg RCMP issue Public Safety Advisory – TUBING ON THE PEMBINA RIVER

Submitted by Evansburg RCMP

With the coming of fantastic weather and the August long weekend, the Evansburg RCMP are issuing a public safety warning about tubing on the Pembina River. **DISEMBARK AT THE PROVINCIAL PARK!**

This past weekend saw the Evansburg Detachment respond to a couple of calls to service about overdue tu-

bers who missed exiting the river at the Provincial Park. A response by the RCMP to save stranded tubers ties up resources that may be needed for a high priority call elsewhere.

The river does not run in a circle or loop back. If you're planning on tubing on the river, do not enter at the Provincial Park Campgrounds. The Park is where you **MUST** exit the river. If you float past the park, you

will be stranded. You will not be able to exit until approximately reaching Sangudo, which is an 8-hour float.

Visitors and residents of the area who are wishing to tube the Pembina River are reminded to take extra steps and be prepared for their journey as follows:

- Wear a life jacket
- Know the area, review maps and plan for the length of your journey
- Notify a responsible per-

son where you are going, who you are with, and the route you plan on taking

- Dress appropriately for the weather, including the use of a wet suit when necessary. Remember sunscreen, water supplies and bug spray
- Do not consume alcohol prior to, or during tubing
- Bring a charged cell phone and store it properly

We encourage people to enjoy the river, but ask that they do so responsibly.

PLANNING & DEVELOPMENT

NOTICE OF DEVELOPMENT PERMIT APPROVALS

The following Development Permits have been approved or conditionally approved under the provisions of the Land Use Bylaw. This list does not include Permitted Uses. Interested parties are encouraged to contact the Planning and Development department at 1-866-880-5722 or devassistant@LSAC.ca, Monday to Friday 8:30am to 4:30pm to request additional information on a permit.

Students Returning To School For 2020-21 School Year

Continued from Page 4

“The health of students and staff is the priority. In our recent survey on re-entry, 86 per cent of parents that participated indicated they were in favour of a return to school plan for K-12 students. Community efforts are essential to ensure a safe learning environment for our children.” - Brandi Rai, president, Alberta School Councils’ Association

“The Association of Alberta Public Charter Schools is

pleased the government invested the time to engage with the education system as they pragmatically developed the 2020-21 school re-entry plan. This announcement provides Alberta’s public charter schools with the confidence and responsiveness they need to ensure a safe and successful return for the upcoming school year.” - Ron Koper, chair, The Association of Alberta Public Charter Schools

SUCCESSFUL TRANSITION TO SUMMER SCHOOL

AND CHILD CARE: Alberta’s school re-entry plan works, and already has mitigated risks to students and teachers. Throughout the summer, the Calgary Catholic Separate School Division ran in-person summer school programming in accordance to the guidelines developed and issued by the province. These comprehensive guidelines have mitigated risk, resulting in no COVID-19 outbreaks among teachers or students participating in summer school.

Additionally, Alberta has seen a successful reopening of child care centres across the province. Children and staff have safely returned to these centres with no outbreaks occurring.

SCHOOL AUTHORITY FUNDING: School authorities have returned to full funding levels as of July 1, and every school authority in Alberta is receiving a funding increase for the 2020-21 school year – roughly \$120 million across the province. A list of funding for every school authority is available here.

In addition, the Minister of Education has approved the use of school board reserves, if needed, to help cover local COVID-19-related costs. The total amount of money sitting in school board reserves is \$363 million.

ACCELERATED CAPITAL SCHOOL FUNDING: The province has also provided school boards an additional \$250 million to support accelerated capital maintenance and renewal projects, as part of the more than \$10 billion infrastructure spending announced in the Alberta Recovery Plan.

This funding supports infrastructure enhancements that will help in a COVID-19 learning environment. Seventy-nine school projects totalling \$15 million are moving forward with this primary purpose, including upgrades for enhanced hygiene such as hands-free sinks, automatic flush toilets, touchless soap and paper towel dispensers, automatic doors and water bottle filling stations to replace water fountains.

NEW ONLINE STUDENT LEARNING HUB: A new Student Learning Hub on new.learnalberta.ca is available for parents, students, and teachers to more easily access educational materials to support development of student literacy and numeracy, and provide health and wellness information.

The online hub is another resource to support Alberta’s school re-entry plan, with recognition that more online learning resources may be needed during the upcoming school year. Additional resources will also be added throughout the school year.

PARKLAND RCMP ATTEMPT TO LOCATE OWNER OF RECOVERED PROPERTY

Submitted by Parkland RCMP

On July 15, 2020, an Alberta Beach resident located a large, dark grey Lincoln

welder in the ditch near his property.

Parkland RCMP are asking anyone with information in relation to this item, or if they can identify the owner,

to please contact the Parkland RCMP at 825-220-7267 or your local police.

If you wish to remain anonymous, you can contact Crime Stoppers at

1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store."

Students Returning To School For 2020-21 School Year

Continued from Page 8

EXPANDING DIPLOMA EXAMS: Diploma exams will be offered in every subject in the November and April exam sessions. Expanding the offerings of the diploma exams will support school authorities who are shifting high school programming to a four-semester system as part of their COVID-19 re-entry plan. This shift allows for better cohorting by limiting the number of classes a student is in during a term without affecting total learning time

over the course of a year. **PERSONAL PROTECTIVE EQUIPMENT:** Students and staff may wear a mask if they choose to. However, practices such as physical distancing, cohorting, frequent handwashing, staying home when sick and increased cleaning of surfaces will continue to be the priority public health measures.

COVID-19 CASES AT SCHOOL: If a student or staff tests positive for COVID-19, a public health team will investigate to determine when symptoms developed and support the

school to minimize transmission.

While each case will be addressed based on its unique circumstances, it is anticipated that in most cases only the group of students and staff who came in close contact will likely be required to stay home for 14 days, and not the entire school population.

Parents will be notified if a case of COVID-19 is confirmed at school and public health officials will contact those who were in close contact with that person.

TRANSITIONING TO SCENARIO 2 OR SCENAR-

IO 3: If there is an outbreak of COVID-19 in a community or school, health officials will work with Alberta Education and impacted school authorities to make any decision to potentially transition to partial in-class learning or at-home learning. Decisions will be based on multiple factors including the number of cases in a community or school and the risk of ongoing transmission.

The health guidance for scenario 2 has been updated to allow for a maximum of 20 students per class.

PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

- PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.
- PROMOTES HEALTH:** Helps to promote relaxation and overall health.
- WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

PET PRODUCTS

PET CHEW TREATS

KEY BENEFITS

- SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.
- NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.
- DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

ORAL SPRAYS & DROPS

KEY BENEFITS

- MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.
- TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.
- GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.
- CONVENIENT:** Can be sprayed into pet's mouth or on food.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

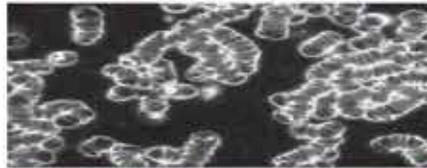

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU ...RIGHT DOWN TO THE LAST CELL!

How do you want your **BLOOD** to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
