LEDUC RCMP SEEK PUBLIC ASSISTANCE IN LOCATING MISSING ADULT MALE

Submitted by Leduc
RCMP

The RCMP are seeking the public's assistance in locating Ryan Mcleod, 31 years of age, of Leduc, Alberta.

The Leduc RCMP's efforts

to locate him have been unsuccessful and police are concerned for his wellbeing.

Ryan Mcleod was last known to be in Leduc on September 10, 2020 at approximately 1:00 p.m.

Leduc RCMP Seek Public Assistance In Locating Missing Adult Male

Continued from Page 1

Ryan Mcleod is described as follows:

- 5'11 tall
- 229 lbs
- Brown hair
- Green eyes

Leduc RCMP have reason to believe that Ryan Mcleod may be in the Edmonton, Slave lake or Wabasca area.

On September 15, 2020, Ryan's vehicle was located abandoned in the area of Ellerslie Road and 70 Street in Edmon-

ton.

The RCMP wish to speak with Ryan Mcleod to verify his well-being. If you have been in contact with Ryan Mcleod, or have information on his whereabouts, please contact the Leduc RCMP at 780-980-7267.

Charges Laid Following Firearms Incident

Continued from Page 1

At 10:00 p.m., the RCMP responded to a 911 call on Range Road 63 and Township Road 474. Investigation led RCMP to believe that a suspect male got out of his truck and fired a gun at another male's vehicle. The farmer being shot at fled in his vehicle and called 911. The farmer was not injured.

Neighbourhood enquiries led the RCMP to locate the suspect truck and identify the male as Gavin Gregory Annett (41), who lived at a nearby res-

idence.

On Sept. 10, Annett was arrested without incident, with the assistance of the RCMP Emergency Response Team (ERT). A search warrant was executed on his property, and charges were laid.

For the incident of Sept. 8, Annett is facing nine criminal charges including point a firearm, assault with a weapon, fail to comply with a release order, et al.

During the course of this investigation, prior offences were revealed relating to a

different male victim. These offences were alleged to have occurred in Brazeau County on August 5. Annett is facing an additional nine criminal charges including point a firearm, possession of a firearm while prohibited, uttering threats, extortion with a firearm, et al.

Annett did not speak to bail and remains in custody. His next scheduled court date is September 17, 2020, in Leduc Provincial Court.

The investigation into these incidents remains ongoing.

MP SOROKA RETURNS TO OTTAWA FOR FIRST NATIONAL CAUCUS MEETING

Submitted by Gerald Soroka, MP for Yellowhead

Today, September 9, 2020, Gerald Soroka Member of Parliament for Yellowhead

was in Ottawa for the first Conservative National Caucus meeting under the new leadership of the Honourable Erin O'Toole. Many Conservative MPs from

across the country were in attendance.

MP Soroka says he is optimistic about the energy O'Toole's leadership brings to the Conservative party.

His first speech to National Caucus as our new leader was passionate.

Our leader's speech can be found at: <https://bit.ly/3ig-g6lY>

Breton RCMP Activate Search and Rescue To Locate Four Overdue Adults

Continued from Page 1

On Friday, Sept. 11, three adult females departed Rocky Mountain House in a Zodiac boat with the intention of arriving at the Drayton Valley bridge on Sunday, Sept. 13. At 5:00 p.m. on Sept. 13, an adult male was dropped off near the river with the intention of locating the females at the site where they activated a SPOT beacon ping. At that time, communications were

lost and there was no cell phone coverage in the area.

By 8:16 p.m. that evening, neither the male, nor the three females had returned to the area where the male was dropped off, and the RCMP were contacted to assist. EPS Air 1 was deployed to help, however poor weather conditions required it to terminate.

Early in the morning on Monday, Sept. 14, with the assistance of a family member, the RCMP coordinated

with several different detachments and Search and Rescue teams. The four adults were eventually located at 3:00 p.m., in two different locations, near the North Saskatchewan River.

The females were in possession of a SPOT beacon which was instrumental in assisting the experienced Search and Rescue teams in locating them. The male was safely located approximately three kilometres away. All adults were deemed to be

unharmed.

The RCMP want to thank all partner agencies who assisted, and acknowledge the pre-planning implemented by the boaters which led to a focussed and effective search. They had a shared plan, followed it, had appropriate gear for the weather and were in possession of safety equipment. All persons venturing into wilderness areas are encouraged to follow the above safety precautions.

CANADA EMERGENCY COMMERCIAL RENT ASSISTANCE (CECRA)

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA, ON – Gerald Soroka, Member of Parlia-

ment for Yellowhead wishes to advise that the Canada Emergency Commercial Rent Assistance (CECRA) for small businesses will

be extended by one month to help eligible small businesses pay rent for September.

Current CECRA applica-

tion deadlines will also be extended to accommodate this extension.

This will be the final extension of this program.

CALL FOR PROPOSALS FOR COMMUNITY-BASED PROJECTS THAT SUPPORT SENIORS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka Member of Parliament for Yellowhead wishes to advise the launching of the 2020-21 New Hori-

zons for Seniors Program (NHSP) Call for Proposals for community-based projects.

This year, organizations will be able to apply for funding to support seniors dealing with the pandemic by sub-

mitting project proposals that offer specific COVID-19 relief and recovery activities for seniors.

Organizations are invited to apply for funding that supports the NHSP national priorities for this cycle:

- Supporting healthy ageing
- Preventing elder abuse and fraud

• Combatting ageism, celebrating diversity and promoting inclusion

• Improving seniors' access to government services and benefits

• Adapting community-based organizations to a more virtual environment

Organizations are still welcome to submit proposals for more traditional NHSP projects that they plan to deliver in 2021-22.

The 2020-21 NHSP community-based Call for Proposals is open until October 20, 2020.

Details on how to apply, please go to: <https://www.canada.ca/en/employment-social-development/programs/new-horizons-seniors.html>

MORE AFFORDABLE HOMES FOR LEDUC RESIDENTS

Submitted by Canada Mortgage and Housing Corporation

The governments of Canada and Alberta are supporting safe, quality affordable housing for Leduc residents with the grand opening of 36 more units.

Designed to meet the needs of families with low income, the 36 units complete the 64-unit Linsford Gardens apartment complex. Residents have moved into their new homes. A relocated and redesigned City of Leduc park, adjacent to the apartment complex, is set to open later this month.

The Honourable Ahmed Hussein, Minister of Families, Children and Social Development and Minister responsible for Canada Mortgage and Housing Corporation (CMHC), and Seniors and Housing Minister, the Honourable Josephine Pon, announced the grand opening.

The governments of Alberta and Canada provided \$15.8 million, through the Investment in Affordable Housing Agreement, for the Linsford Gardens project. The total project created approximately 115 jobs.

"Leduc is a caring, thriving and inclusive community, and as such we are very pleased to celebrate the opening of these affordable housing units in Linsford Park. Everyone deserves a comfortable and safe place to call home, and we are grateful for the support and collaboration between the Government of Canada, the Province of Alberta, and the Leduc Regional Housing Foundation in making this project possible for those members of our community who need stable, secure housing." – Bob Young, Mayor, City of Leduc

"Leduc Regional Housing Foundation is excited to welcome the addition of three buildings with a total of 36 new units at Linsford Gardens. Growing the housing portfolio through the expansion of Lins-

ford Gardens provides additional housing options for low- to moderate-income families of the Leduc region. We thank the City of Leduc for agreeing to a land swap that permitted housing to be built on park land." – Kathy Barnhart, Chair, Leduc Regional Housing Foundation

Quick facts:

- Since 2011 and to March 2019, most of the federal fund-

ing for affordable housing has been provided through the Investment in Affordable Housing (IAH).

- Under the Investment in Affordable Housing, provinces and territories are responsible for choosing the programs they design and deliver, and also has the flexibility to invest in a range of affordable housing programs in order to meet local needs and pressures.

- The Government of Canada is currently rolling out its National Housing Strategy (NHS), an ambitious 10-year, \$55 billion plan that will create 125,000 new housing units and lift 530,000 families out of housing need, as well as repair and renew more than 300,000 housing units and reduce chronic homelessness by 50 percent.

Fall HOME RENO GUIDE

LAUNDRY ROOM RENOVATIONS YOU'LL LOVE

Does it seem like your hamper is always full and the washing machine is running constantly? You may not be imagining it. Laundry Butler for You, a wash, dry and fold service, says the average household washes 50 pounds of laundry a week and 6,000 articles of clothing every year. Families with children at home are doing laundry most often, and those with pets may find there is ample laundry to wash as well.

With so much laundry being generated, homeowners may want to consider paying extra attention to the space in the house where their clothing is being cleansed. Laundry room renovations may not

be limited to laundry only. Many homeowners make large laundry rooms catch-all spaces that can serve as utility or mud rooms, pantry overflows, or off-season storage areas. Consider the functions you want the room to serve and include those ideas in your designs.

Assess your equipment. If your appliances are aging, a laundry room renovation can start with an investment in new appliances. New models have large capacity loads, tend to be energy-efficient and could have innovative features that help fit with your laundry lifestyle. Purchasing front-loading models also can free up design space, as you can install a counter directly above the units, saving room for other items like drying racks.

Figure out your room needs

A laundry room need not

be limited to laundry only. Many homeowners make large laundry rooms catch-all spaces that can serve as utility or mud rooms, pantry overflows, or off-season storage areas. Consider the functions you want the room to serve and include those ideas in your designs.

Add some natural light

If possible, include a window in your laundry room. Natural light can help make the room more enjoyable. It also can help you identify stains on clothes that need to be addressed and make it easier to fold matching items like socks.

Think about a utility sink

Many washing machines drain out directly to waste pipes in the floor or wall,

but you also can opt to have them empty into a utility sink. This sink also provides a convenient place to hand-wash items, clean tools or paintbrushes, or store items that perhaps you do not want to bring into a bathroom or kitchen sink.

Include some flair

This utilitarian space need not be boring or bereft of design elements. Mirror your home's style in the laundry room, and include wall hangings, plants, accent items, and even task lighting. Play up certain features with a bold floor tile or brightly colored walls.

Updating laundry rooms can be a great way to make doing laundry more enjoyable and efficient.

Fall HOME RENO GUIDE

HOW TO REMOVE MILDEW FROM YOUR HOME'S EXTERIOR

Homeowners want their residences to look inviting inside and out. Part of keeping an attractive property involves addressing issues that can compromise not only the appearance of a home, but even its integrity.

People who live in regions with high humidity may find their homes are vulnerable to exterior mildew growth. Mildew is a kind of mold. Molds include all species of microscopic fungi that grow in the form of hyphae, which are multicellular filaments, according to the Environmental Protection Agency. Mold thrives on any organic matter and surfaces with moisture management problems. Mildew, in particular, lives on shower walls, windowsills and other places where moisture

levels are high. Mildew also can grow on home siding as well as fences and other exterior structures. While typically gray or white, mildew can be various colors.

Experts recommend various cleansers to help combat the issue of mildew on a home. One of the first products that homeowners tend to reach for is sodium hypochlorite, which is a standard bleach used in laundry and pool sanitation. While sodium hypochlorite seems to make mildew vanish, those at This Old House say that chlorine evaporates too quickly to get to mildew's roots on porous surfaces, such as wood or vinyl siding. Bleach also can stain clothing and damage foliage around the house. Hydrogen peroxide, or oxygen bleach, is less volatile,

will not affect foliage and can clean mildew, algae and dirt on and below the surface.

Trisodium phosphate is another effective cleanser. Commonly known as TSP, it often succeeds where other solutions fail in regard to stubborn stains and mildew. TSP also works well on various exterior surfaces. TSP needs to be used with extreme caution. When using TSP, wear long sleeves, gloves, goggles, and a respiratory mask, says Today's Homeowner. The product also requires adequate ventilation. There also are some environmental concerns, as TSP can damage foliage. In addition, if the product ends up in lakes and streams, it can trigger an overgrowth of algae that results in the depletion of oxygen levels in the

water. Eco-conscious homeowners may want to try oxy cleansers before TSP.

Mildew shies away from bright sunlight, so it tends to grow on the north side of homes. Removing trees or other foliage that can further block sunlight to areas of the house can help eradicate mildew growth and stop it before it starts. Another tactic is to clean out gutters regularly and thoroughly to reduce moisture and to prevent decomposing debris from running over the edge of the gutters. This runoff can drip down the home's siding and spread the mildew to other areas.

Mildew can be problematic any time of year. Clean up mildew when the weather cools down to spruce up the look of a home.

GET AHEAD OF CHIMNEY REPAIR THIS SEASON

Woodburning fireplaces or fuel stoves can add warmth and ambiance to a home. These appliances are particularly coveted in the cooler months when people spend more time indoors. Maintenance is necessary in order for fireplaces and stoves to function safely, and that upkeep must include paying close attention to the functionality of the chimney.

Chimneys are designed to last for decades. Cracks and spalling in brick chimneys are common concerns that can cause significant damage if left unchecked.

Chimney maintenance involves more than cleaning the flue. Rather than running the risk of costly repairs, which can cost several thousand dollars, homeowners can take some simple steps to keep their chimneys in

tip-top shape. Certain components of chimney maintenance are do-it-yourself tasks, while others may be better left to the professionals.

- Start from the inside and ensure that dampers are working properly. When using fireplaces and other appliances, dampers need to be open to allow smoke to vent outside; otherwise, smoke will be trapped in the home and could lead to carbon monoxide buildup. Dampers need to be fixed or replaced if they are not operational. Replacement fireplace dampers should be snug and not have any gaps, states Vertical Chimney Care.

- Conduct a visual inspection of the chimney to check for any cracks or spalling. Spalling is the

wearing away of masonry due to water, weather and time. If enough of the material erodes, that erosion can adversely affect the structural integrity of the chimney. Some repairs can be made by patching up cracks or replacing missing bricks. Chimney tuckpointing is the process of repairing mortar.

- Think about waterproofing the chimney to prevent damage. A water sealant applied to the outside of the chimney can prevent moisture from breaking down the masonry.

- Inspect and replace the chimney cap if it is worn out. A chimney cap is a contraption that sits atop the chimney to allow the smoke to vent while also preventing critters and water from going inside the flue, helping to extend the flue life.

The chimney cap attaches to the flue liner, so outside dimensions should be taken to ensure the cap is the right size for the chimney.

- Have the chimney swept. Sweeping helps remove the soot and debris that clings to the inside of the flue, known as creosote. The amount of time the fireplace is used will determine how often the chimney must be cleaned. Generally speaking, the chimney liner needs to be cleaned if it has 1/8-inch or more of soot.

Regular inspection and maintenance can help keep a chimney working safely for decades. For those who do not like working at such an elevation, leave exterior chimney repair to a certified professional.

ALBERTA CULTURE DAYS ONLINE, ALL SEPTEMBER LONG

Submitted by Government of Alberta

Now that September is designated Month of the Artist in the province, Alberta Culture Days celebrations will elevate our amazing local artists. Communities and organizations can apply for grants to put on events that help build partner-

ships, showcase homegrown talent, and boost existing cultural programs.

"Alberta Culture Days connects us to an endless array of cultural celebration that makes Alberta so special. It is a wonderful way for communities to experience Alberta's largest celebration of arts, heritage, diversity and community

spirit. I look forward to seeing what our dedicated event organizers have in store for the thousands of Albertans who will be attending!" - Leela Sharon Aheer, Minister of Culture, Multiculturalism and Status of Women

Alberta Culture Days is the largest celebration of the province's heritage, arts, communi-

ty spirit and cultural diversity. More than 100,000 people attended 424 events in 55 communities across the province last year.

Alberta Culture Days is part of National Culture Days, when millions of people join in Culture Days celebrations across the country.

LEDUC RCMP CONDUCT JOINT TARGETED VEHICLE ENFORCEMENT - 48 VEHICLES STOPPED

Submitted by Leduc RCMP

On September 3, 2020, Members of the Leduc RCMP in partnership with Leduc Integrated Traffic Unit and Leduc City Peace Officers conducted

targeted traffic enforcement on Highway 2A between 3:15 p.m. and 3:45 p.m.

As a result of the targeted enforcement police conducted 48 vehicle stops, during which a Mandatory Screening Demand was made to the vehicle driv-

ers. Subsequent to the demand, a roadside screening device was administered and all were found to be compliant. Leduc City Peace Officers assisted with vehicle document checks.

The Leduc RCMP would like to commend the community

for helping to make our roads safer. We will continue to showcase our commitment to visible and pro-active enforcement as public safety is our number one priority.

RCMP INVESTIGATE SHOOTING

Submitted by Drayton Valley RCMP

The RCMP responded at 8:42am on Sept. 9, 2020 to a 911 call that a male suffered a gunshot wound to the chest. The 25-year-old male has been transported to a hospital, and the Drayton Valley RCMP are

investigating.

The RCMP are actively looking for a vehicle believed to be involved. Witness evidence indicates that a black Nissan Altima with silver rims fled the scene of the shooting. There is a white/red decal on the rear window; possibly a maple leaf. The suspects in the truck are

believed to be in possession of a firearm and should not be approached.

This incident occurred at a residence near 50 Avenue and 45 Street. It is not connected to any schools.

The public is advised that information received leads the Drayton Valley RCMP to

believe that this is an isolated incident, and public safety is not at risk. An update will be provided when more details are available.

If you have seen this truck or have information about the people involved in this incident, please contact the RCMP at 780-542-4456.

IMPROVED PROCESS TO NOTIFY AIR TRAVELLERS POTENTIALLY EXPOSED TO COVID-19 ON DOMESTIC FLIGHTS

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka Member of Parliament for Yellowhead wishes to advise that Transport Canada, provincial and territorial governments, public health authorities, and Canada's largest air carriers have established a consistent approach for air carriers to collect and share passenger information necessary to alert Ca-

nadians of possible COVID-19 exposure while travelling by air, in compliance with applicable privacy legislation. This would facilitate timely contact tracing and exposure notification for passengers on domestic flights.

The national enhanced notification allows contact tracing to be done in a more consistent manner across all jurisdictions. If a public health authority deems it necessary to conduct

contact tracing by notifying passengers directly of possible COVID-19 exposure, complete and accurate passenger contact information will be readily available from Canada's largest air carriers.

Provincial and territorial public health authorities maintain authority and decision-making over contact tracing while the Public Health Agency of Canada provides guidance.

As part of the improved process, passengers will be asked to provide contact information when they check-in for their flight with large Canadian air carriers.

A MESSAGE FROM MLA MARK SMITH

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

With children back to school life is starting to gain a sense of normalcy again. Despite the year looking very different than most, kids are happy to have rejoined their peers and parents are readjusting to once again maybe having a moment of time to themselves. Our government has been working hard to protect children and

their families while also ensuring that we maintain education standards and keep kids on track. Children have been provided with personal PPE and schools are taking incredible measures to sanitize and disinfect routinely throughout the day. We are also working towards safely and successfully reopening our economy and getting Albertans back to work during this difficult time.

One of the key ways that we are going to kickstart our

province is by diversifying our economy and investing in core infrastructure like building roads and schools, this will not only directly benefit our communities, but create thousands of jobs for people across the province. As a government we are also focusing our efforts on creating and attracting international investment opportunities by making Alberta a more competitive tax environment. We will achieve this by accelerating the Job

Creation Tax Cut to 8 per cent, this tax cut went into effect July 1, 2020, a year and a half sooner than promised. On top of this, the Alberta government is adding \$1.5 billion in committed dollars towards the Keystone XL pipeline, this will make the government's total contributions to infrastructure in 2020-21 close to \$10 billion. We can anticipate infrastructure funding going toward facilities such as NAIT, Red Deer College, University of Lethbridge, Olds College and several more, ensuring Alberta's post-education students that we believe investment in their education is always paramount. Infrastructure spending will also occur at the local level across the Drayton Valley-Devon constituency receiving significant funding for local projects including several water projects an aquatics center, ice hockey arena and road improvements.

Albertans can also look forward to more than \$1 million going towards trail enhancement and infrastructure at some of Alberta's recreational facilities and parks, providing jobs throughout the design and construction phases. As Albertans have stayed closer to home this summer, many have been able to get out and enjoy our local outdoor spaces, reaffirming the importance of maintaining our backcountry.

Our government has also been changing internally to meet the ongoing needs of Albertans during this pandemic through the creation of a new government portfolio called Jobs, the Economy and Innovation. Led by Minister Doug Schweitzer, this new Ministry will be responsible for the implementation of Alberta's Recovery Plan, and its specific strategies and growth data. There will be a direct focus on small business priorities and creating economic growth within communities. Together, as a province, we will make it through these challenging times, one adjustment at a time.

PREVAIL

MAX

CELLULAR HOMEOSTASIS FORMULA

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU ...RIGHT DOWN TO THE LAST CELL!

PREVAIL MAX
CELLULAR HOMEOSTASIS FORMULA
DIETARY SUPPLEMENT

How do you want your BLOOD to look?

Before PrevailMAX:	After PrevailMAX:
	
poor circulation	better circulation
low energy	more vitality
brain fog	mental clarity
dehydration	cellular movement
decreased nutrients	nutrient assimilation
pH imbalance	balanced pH
poor endurance	optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

PUBLIC NOTICE FOR SEPT. 28 LEDUC CITY COUNCIL MEETINGS

Submitted by City of Leduc

Leduc City Council Committee-of-the-whole and regular council meetings will require any public attendees to wear a mask before entering council chambers.

This new health and safety protocol will be in place for the following dates as physical distancing may not be possible:

- Sept. 28 committee-of-the-whole at 5 p.m. and council meeting at 7 p.m.

Pre-registration is recommended for any members of the public who wish to attend or participate in public commentary. This can be done through the City Clerk's Office by emailing city_clerk@leduc.ca or calling 780-980-7132.

The following are other considerations to keep in mind:

- Pre-screening is required for all attendees upon entry to the civic centre
- In-person seating is first come, first served
- GoTo Meeting will be used for remote participants so any in-person attendees in council chambers will need to bring their own mobile devices (phone, laptop, tablet) and headphones to hear the meeting.

Should they not have these necessary items, they'll be directed to another room where the meeting will be live streaming. Attendees can still participate in public commentary from the meeting room.

- Although presenters can now participate in person, they're still encouraged to participate virtually

through GoTo Meeting

NOTE: Due to limited space and with the face covering requirement, the maximum numbers won't apply for the month of September. The following will be reinstated for the first meeting in October:

- 6-person maximum for members of the public seated within council chambers

- 20-person maximum in the Lede Room

Council and committee agenda packages are posted on the website, along with previous meeting recordings.

For more information, email city_clerk@leduc.ca or call 780-980-7132 to speak to someone in the City Clerk's Office.

PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

PAIN RELIEF: Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

PROMOTES HEALTH: Helps to promote relaxation and overall health.

WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

PET PRODUCTS

SUDOKU of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
