WE ALL JOIN IN ASKING YOU TO TAKE TIME TO REMEMBER

Submitted by Mayerthorpe Legion Br. #126

Due to Provincial Health Regulations there will be no Legion Remembrance Services this year at the schools or the long term care and assisted living fa-

cilities. Following Provincial Health Regulations, the following format will be in place at the Mayerthorpe Legion: Attendance restricted to Legion members, retired and current veterans, and

RCMP. Maximum of 50 attendees permitted. Advanced registration is required. No admittance if you are not registered.

THIRD ANNUAL FUNDRAISER

Submitted by Mayerthorpe Family Dental

As we are going through the uncharted territories of COVID-19 Pandemic, our hope is to alleviate

some of the hardships that we have endured so far. Unfortunately, due to the government restrictions, Mayerthorpe Family Dental could not host our annual fundraising event this year.

Instead, we have decided to contribute a portion of our October proceeds where it matters most in OUR community.

RCMP REQUEST ASSISTANCE TO LOCATE STOLEN PROPERTY

Submitted by Parkland RCMP

On Oct. 12, 2020 at approximately 12:36 p.m., Parkland

RCMP responded to a theft of a 2001 Ford F350 with a flat deck and a utility trailer. Suspects damaged a green 1996 Dodge Ram truck

and took the end gate. The property was stolen from a residence within the community of Wabamun.

WHITECOURT RECEIVES \$15.6 MILLION FROM INVESTING IN CANADA INFRASTRUCTURE PROGRAM

Submitted by Town of Whitecourt

OCTOBER 27, 2020

The Town of Whitecourt is pleased to announce that the Arts & Culture Centre/Library Project has been approved for approximately \$15.6 million from the Investing in Canada Infrastructure Program (ICIP). Honourable Prasad Panda, Minister of Infrastructure,

and Mr. Martin Long, MLA for West Yellowhead, officially announced the grant allocation at the October 26 Regular Meeting of Whitecourt Town Council.

Through the ICIP program, the governments of Canada and Alberta are working together to make long-term infrastructure investment that will build inclusive and prosperous communities - leading to a higher quality of life for all Canadians.

Approved projects are cost-shared with the Alberta government, municipalities and other partners.

"Thank you to the federal and provincial governments for their support of this project. The development of the Arts and Culture Centre/Library

has been a topic of discussion for several years in our region," stated Whitecourt Mayor Maryann Chichak. "It is exciting to see that with this financial contribution we can move forward to the next stage in our community planning process for the facility."

In February 2018, the Town applied to the ICIP grant for funding for the Library and Arts & Culture Centre components of the proposed Municipal Centre. The application was made following the November 2017 approval of Municipal Centre Concept Plan which includes floor plans and preliminary cost estimates for the facility components. The Plan is available for viewing on the Town's website.

Now that grant funding has

been confirmed, Whitecourt can move to the next stage of planning, which involves confirming municipal partnerships and re-engaging the community.

"The Ad Hoc Building Steering Committee will be working with community stakeholders to confirm partnerships and educate the community on the project," stated Director of Community Services, Chelsea Grande. "The need for a multi-purpose culture centre/performance arts facility has been a topic of discussion for over 10 years, and multiple public input initiatives have been completed over this time period."

The project will be discussed at the next Regular Meeting of Council.

Physical distancing will be in place with assigned seating. Wearing a mask is mandatory.

To reserve seating call 780-786-2470 or V. Nelson at 780-305-7403.

A videotaped presentation of the service will be made available to the schools, care facilities, and posted

on the Mayerthorpe Legion's Facebook page.

For the general public and those unable to attend, the Mayerthorpe Legion invites you to place a poppy in Remembrance on November

11th on the wreath at the Cenotaph, located beside the Legion Hall.

WE WILL REMEMBER THEM.

Third Annual Fundraiser

Continued from Page 1

With the help of our patients, the first two annual fundraisers generated 16 thousand dollars! All of the proceeds went directly to

local clubs, including Mayerthorpe Minor Hockey, Anselmo Hall 4-H, Sabres Cheer and the Mayerthorpe Food Bank. As we know, every little bit helps and these clubs were able to purchase new equipment and help

support regular operations, while taking some fundraising stress off the parents.

Third annual fundraiser will benefit school breakfast programs, local food banks and local Legion branches. We would like to

raise awareness that Mayerthorpe Family Dental will always strive to give back to families of our great community and have an understanding that we are all in this together.

COVID-19 UPDATE FOR WHITECOURT

Submitted by Town of Whitecourt

OCTOBER 28, 2020

Confirmed COVID-19 cases are increasing in Alberta and as a province we are experiencing the highest levels of active cases to date. Recognizing how COVID-19 is impacting Whitecourt and our region, community members are asked to remain vigilant in mitigating the risk of getting sick or spreading COVID-19 locally.

The Town of Whitecourt continues to follow the Province of Alberta's public health guidelines, and monitors the COVID-19 statistics daily to determine how our community is being impacted by the virus and how we may be impacted in the future.

How you can help
To help mitigate COVID-19 infections in our community and across the province, people must continue practicing physical distancing to help limit the spread of COVID-19 and reduce the risk of getting sick. Physical distancing involves taking steps to limit the number of people you come into close contact with. To protect yourself and others:

- Keep at least 2 metres (about the length of a hockey stick) distance from people outside your household or cohort group.

As part of the Province's gathering restrictions people should establish a COVID-19 cohort consisting of a small group of up to 15 of the same people who can interact regularly without staying 2 me-

tres apart. A person in an established cohort should have little to no close contact with other people outside of their cohort. Maintaining a cohort is extremely important as it keeps the same people together, rather than mixing and mingling, which helps reduce a person's chance of getting sick, and makes it easier to track exposure when someone does get sick. Alberta's Chief Medical Officer has recently recommended that a person should limit themselves to no more than 3 cohorts (i.e. personal cohort, work cohort, sports cohort, school cohort, etc.). It is safest to limit the number of other cohorts you belong to reduce the risk of getting sick or spreading COVID-19.

- Limit the number of times you leave your home for errands; try to limit grocery store visits to once a week.

- Try to have only one person in the household do the shopping, and shop at less busy times.

- Go for a walk in your neighbourhood or park while maintaining distance from others.

- Avoid overcrowding in elevators or other enclosed spaces.

- Follow Alberta's mandatory restrictions on gatherings.

- Wash or sanitize your hands after touching communal surfaces.

All people must continue taking personal steps to help prevent the spread of COVID-19. To protect yourself and others:

- Wear a mask in public when distancing is not possible.

- Download and use the AB-TraceTogether mobile contact tracing app while out in public.

- Wash hands often with soap and water for at least 20 seconds or use hand sanitizer. Use gloves properly if you choose to wear them (they are not necessary).

- Cover coughs and sneezes with a tissue or your elbow.

- Avoid touching your face with unwashed hands.

- Avoid travel outside Canada.

- Watch for COVID-19 symptoms (see the full symptom list www.alberta.ca/covid-19-testing-in-alberta.aspx#symptoms).

Get tested when:

- you are exhibiting any symptom of COVID-19,

- you have no symptoms but are a close contact of a confirmed COVID-19 case,

- you are linked to an outbreak at a specific outbreak site.

- Follow mandatory isolation requirements:

- 10 days minimum if you develop any COVID-19 symptoms, or until the symptoms resolve, whichever is longer.

- 14 days if you recently returned from travel outside of Canada or are a close contact of someone who has tested positive for COVID-19, plus an additional 10 days from the onset of symptoms, should they occur, whichever is longer.

When people share the responsibility to establish appropriate cohorts, practice physical distancing, and take personal steps to limit the spread of COVID-19, we are better positioned to protect our health and limit the magnitude and effect of the virus on our community.

CEBA NOW OPEN TO BUSINESSES USING PERSONAL BANK ACCOUNTS

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, is pleased to inform constituents that the Canada Emergency Business Account (CEBA) will be

available to businesses that have been operating out of a non-business banking account. This change will greatly help farmers and smaller businesses that were not previously eligible. To be eligible, businesses must:

- have been operating as a business as of March 1, 2020
 - must successfully open a business account at a Canadian financial institution that is participating in CEBA, and
 - meet the other existing CEBA eligibility criteria.
- The deadline to apply for CEBA is December 31, 2020. For more information: <https://ceba-cuec.ca/>

NOVA GAS TRANSMISSION LTD. EXPANSION PROJECT GETS APPROVAL

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead is pleased to inform constituents that the Government of Canada has approved the NOVA Gas Transmission Ltd. (NGTL) 2021 System Expansion

Project. The \$2.3 billion NGTL project is of significant importance to Alberta, to Yellowhead riding and for economies across the country. It will add 344 kilometres of new pipeline to the existing NOVA Gas Transmission system from west of Red Deer to near Grande

Prairie, Alberta. The project will also create up to 2,920 direct jobs during construction and provide natural gas producers and shippers with greater access to domestic and US markets. "This \$2.3-billion project will contribute approximately \$1.2 billion to Alberta's GDP giving natural gas

producers better access to markets for their products" stated MP Soroka. "This project was approved just two weeks after I rose in the House of Commons to question the government on the delays in approving the NGTL Pipeline," concluded MP Soroka.

MP SOROKA QUESTIONS THE MINISTER OF VETERANS AFFAIRS ON OUR LEGIONS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead stood in the House today and asked the Minister of Veterans Affairs the following:

"Madam Speaker, many Royal Canadian Legions across my riding have expressed financial concerns since the outbreak of

COVID. The legions continually support veterans in these difficult times. Branch No. 8 in Rocky Mountain House contacted the Minister of Veterans Affairs and was told that an aid package was in the works, but that was over a month ago.

Legions are in need of financial assistance. When will the government help legions and our veterans?"

The Parliamentary Secre-

tary to the Minister of Veterans Affairs replied:

"Madam Speaker, the well-being of our veterans and their families are top priority. We fully understand the vital role that legions play in supporting veterans and their families in all communities. That is why I am proud to share with the House that Bill C-4 was passed in the House a few weeks ago and includes

\$20 million to support organizations such as the Royal Canadian Legion and other partners.

Our response to the pandemic is ongoing and we will ensure that our partners who support veterans will continue to have what they need to continue to do their great work."

ST. ALBERT RCMP CHARGE A MALE WITH SEXUAL EXPLOITATION

Submitted by St. Albert RCMP

St Albert RCMP arrested a 41 year old male in connection with an investigation dealing with Sexual Exploitation, Child Pornography, Making Sex-

ually Explicit Material and Child Luring that allegedly occurred between October 2017 and March 2020.

The accused began communicating with a female, who was 15 years old at the time, via text messaging, social media and in person.

The accused asked the female victim to make sexually explicit material and met her on several occasions for sexual purposes.

As a result of the investigation, Russell Drury (41) of St. Albert, Alta. is charged with the following offences:

- Sexual Exploitation
- Making Sexual Explicit Material available to a Child
- Child Luring (X2)

Following a Judicial Hearing, Russell Drury was release from custody with numerous conditions.

WHITCOURT RCMP SEEK ASSISTANCE IN IDENTIFYING ROBBERY SUSPECT

Submitted by Whitecourt RCMP

Whitecourt, Alta. – On Oct. 27, 2020, at 2:48 p.m., Whitecourt RCMP received a report of a robbery at the Pharmasave in Whitecourt. A male wearing a cam-

ouflage coloured bandana over his face entered the Pharmasave with a shoulder bag. He threatened the use of a firearm and demanded goods from an employee of the Pharmasave. The male suspect fled out the back door of the prop-

erty with undisclosed items. No employees were physically injured during this incident. Surveillance captured images of the suspect. The suspect male is described as:

- Shaved head
- Grey hoodie
- Black track pants with a white stripe
- Shoulder bag
- Camouflage bandana face covering

The public's assistance is being sought in identifying this individual. Please do not approach as this subject is considered possibly armed and dangerous.

If you have information regarding this incident or the identity of the suspect, please contact Whitecourt RCMP at 780-778-2238 or your local police. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

INDICATORS IT'S TIME TO CHANGE AIR FILTERS

Vehicle maintenance can protect drivers' investments and help their automobiles run efficiently. One area drivers should pay particular attention to is their vehicles' air filters. When operating at optimal capacity, an air filter improves fuel efficiency while ensuring vehicles accelerate smoothly without taxing the engine. But when air filters are clogged, fuel efficiency is reduced and emis-

sions are increased, a 1-2 punch that costs motorists money and hurts the planet at the same time. Drivers can check their owners' manuals to determine the recommended intervals to replace air filters, but the following are a handful of indicators that suggest it's time to change them.

Gas mileage: Unless you just purchased your vehicle, you likely know how many miles you can drive on a full tank of gas. If that gas mileage is suddenly slipping and you find yourself visiting the filling station more frequently, then it might be time to replace your air filter.

Engine light: Drivers may be alerted to engine issues

when the "Check engine" lights up on the vehicle's dashboard. This light may come on to indicate a problem with the air filter, as clogged air filters reduce air flow to the engine, resulting in an imbalanced air-fuel mixture that adversely affects the engine.

Starting and idling problems: Vehicles sometimes don't start up as smoothly as they once did, and drivers may also notice vehicles are not idling smoothly. These symptoms may indicate misfiring spark plugs that are being polluted (and made less effective) by a dirty air filter that is reducing the flow of air to the engine.

Acceleration difficulties:

Automobiles that are operating at peak capacity accelerate quickly. But dirty, worn out air filters adversely affect acceleration. Drivers who notice that their cars are struggling to accelerate when stoplights turn green or on highways may need to replace their vehicles' air filters.

Dirty air filter: Perhaps the biggest indicator that an air filter needs to be replaced is the filter itself. If you cannot find the air filter on your own, consult your vehicle owner's manual to determine where it is. Once you find the air filter, examine it in broad daylight. Clean air filters are white, so if the filter has darkened, it may need to be replaced.

4 REASONS FOR A CHECK ENGINE LIGHT

Vehicles rely on many components working harmoniously to function at optimal capacity. Any number of systems can go wrong, and oftentimes the first indication that something has gone awry is an illuminated dashboard signal.

One such signal is the "check engine" light. Many drivers have little idea what to do when this indicator lights up, and this light can cause some anxiety. According to Consumer Reports, a check engine light turning on does not usually require immediate action. However, it does mean that you should make an appointment to have the vehicle inspected for potential problems.

Check engine lights are part of a car's onboard diagnostics. The light turning on may indicate something minor, such as a loose fuel cap, or something more serious like a misfiring engine. When the light turns on, drivers wondering why may want to see if the answer is related to one of the following issues.

1. Loose gas cap: Fuel vapors can leak out and air can get in when the fuel cap isn't secured correctly. This can compromise the fuel system and make the check engine light come on. Take off the cap and then reseal it to see if that alleviates the problem. Cracked caps will need to be replaced.

2. Dirty oxygen sensor: A

faulty or clogged sensor may not provide the right information about unburned oxygen from the vehicle's exhaust. This sensor monitors how much fuel is burned. Compromised data can cause a decrease in fuel efficiency. Some do-it-yourselfers can replace an oxygen sensor on their own, but those who can't should have the issue addressed immediately by a professional.

3. Too much speed or load: Towing a trailer or another heavy item may put strain on the vehicle and cause the light to come on because of loss of power. Lightening the load and reducing speed can help fix the problem. Always consult

with the owner's manual to determine the towing capacity of your vehicle.

4. Short or faulty code: Computers aren't always fool-proof, and sometimes an electrical short or another similar problem can cause a light to come on. Bring the vehicle to an automotive supply store. Such stores typically have diagnostics tools that can be hooked into the car's computer and provide a more detailed understanding of what is triggering the check engine indicator.

In many cases, a steady check engine light is not a serious concern. However, when such a light comes on, drivers should try to find out why as soon as possible.

PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

PAIN RELIEF: Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

PROMOTES HEALTH: Helps to promote relaxation and overall health.

WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

SUDOKU

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
