WE WILL REMEMBER THEM

Submitted by Royal Canadian Legion Wildwood BR 149

PLEASE TAKE NOTICE

This year has been a challenging year for all of us and many Legions face closure. We believed strongly that it was important to hold a live ceremony, to honour our Veterans and their sacrifices. With the increasing amount

of Covid cases we sadly have cancelled our Remembrance Day service. Legion Executive members will gather outside at the Cenotaph on November 11. A few wreaths will be pre-laid. In this small way we will honour our Veterans and the sacrifices made, in spite of the pandemic!

This day of Remembrance is a day we all should say,

“WE WILL REMEMBER THEM.” Many have served and are still serving.

Thank You!

The Legion clubroom will be open for the afternoon. We will have an open house with a light lunch available. With the need for social distancing, attendance is limited to 50% of our capacity, with limited seating available.

Continued on Page 2

VOLUNTEER GROUP TO DEVELOP ACTIVITY PARK IN WABAMUN

Submitted by Wabamun WAVES

With support of Wabamun Village Council, Wabamun Area Volunteer Entertainment Society (WAVES) is developing an Activity Park for their community. The site is situated on 52 Ave next to the new Parkland County Fire Services build-

ing. The park will be built in phases, which consist of a 6000sq ft outdoor family skating rink and a 5000 sq ft skate spot for skateboarders & scooters.

This is a very exciting and long anticipated project for WAVES as this group of volunteers has been fundraising & planning for almost 5 years. All of our community

events, including our annual Music Festival during the Wabamun Dragonfly Festival have been in efforts to raise funds to get this project going.

The first phase of the Wabamun Activity Park is the Family Skating Rink which is now in the development stage.

Continued on Page 2

Remembering our veterans

On Remembrance Day, we honor the members of our armed forces who served and made the ultimate sacrifice. Their courage and dedication will always be remembered.

Lest we forget.

We Will Remember Them

Continued from Page 1

This year has changed many things in all of our lives, with most events being cancelled throughout the year.

Under our Legion Command direction, our Legion

Executive has decided, with regret, not to hold the Annual Veteran's dinner and Awards night. The award pins for years of service will be mailed out with a Thank You and Congratulations letter.

With all the changes in our

lives this year, however you choose to honour the Veterans this year, please take a moment to say, "WE WILL REMEMBER THEM."

We appreciate your commitment to the Legion and your membership. Thank you!

Volunteer Group To Develop Activity Park In Wabamun

Continued from Page 1

The Wabamun Village Council has given approval for WAVES to develop on the property, as well as donated the rink boards from the old arena. In the past week the site has been graded and the base has been prepared. The rink boards will be moved over to the site this week and then we are ready for the construction.

WAVES is hosting a Raising

the Rink Party on Saturday, November 7th at the Activity Park Site, starting at 9am. We look forward to having families come together to help build this project. We encourage adults and teens to assist us with placing poles, pouring cement, setting up & fastening boards. Lunch will be provided by Wabamun FCSS.

WAVES would like to send out a huge Thank You to Fred Lindsay for heading

up the skating rink project, The Village of Wabamun & Dave Durie for grading the site and Schafer Aggregate for donating the road crush for the rink base. We will be supported and receive materials and assistance for this project from Fence Link and Stony Plain North Central Co-op.

Come on out on Nov 7 to join in the fun of building this community project together!

On the 11TH hour on the 11TH day of the 11TH month...we stand in silence.

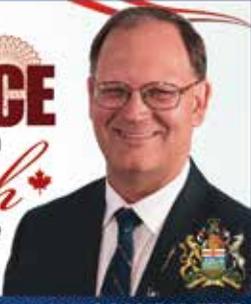

For two minutes, a serene quiet falls over our communities as we pause with thanks.

NATURAL GAS VISION & STRATEGY IS A KEY PART OF ALBERTA'S RECOVERY PLAN

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

In Alberta we understand the economic significance of our oil and gas sector as well as the responsibility our government has to promote and foster a robust industry within our province. This last year has been difficult for many reasons, Alberta's economy has taken a significant hit, our provincial government has lost as much as 20% of its expected revenue and Covid numbers continue to increase. Despite some of these setbacks, our government is putting into place an aggressive plan to grow and capitalize on emerging opportunities for clean hydrogen, petrochemical manufacturing, liquefied natural gas (LNG) and plastics recycling. The Natural Gas Vision and Strategy is a key part of Alberta's Recovery Plan and will help to diversify our economy further, and create tens of thousands of jobs.

Projected to pass coal as the second largest energy source in the world, natural gas has many uses and is one of the main components of hydrogen, a fuel source that produces only water and no carbon emissions. With its potential to become a major part of carbon reduction targets worldwide, international demand for natural gas has continued to increase over the years. As a leader in hydrogen production, Alberta has strong carbon capture and storage infrastructure in place and the potential to be one of the lowest cost hydrogen producers on the planet. Our robust infrastructure will also allow petrochemical producers to create valuable products while simultaneously lessening their environmental impacts, helping Alberta become an important global producer. Another one of our key strategy goals rests on gaining Asian and European market access through two to three additional large-scale LNG projects by 2030. The LNG Canada project currently un-

der construction will provide enough energy to displace 20 to 40 coal-fired power plants in Asia, reducing global GHG emissions by 60 million to 90 million tonnes of carbon dioxide each year. Growing access to global markets will help create jobs and generate billions of dollars in revenues.

As a member of the Plastics Alliance of Alberta, our government is working to establish a "circular plastics economy", a concept that has gained acceptance within the plastics and recycling industries. This

means that plastic waste is continuously reused and repurposed into new products through enhanced recycling techniques and technologies. Alberta is well-positioned to implement a circular economy for plastics thanks to our petrochemical manufacturing industry, lower transportation costs and our enhanced recycling technologies.

Finally, our natural gas strategy will include significant investments in current infrastructure to allow greater industrial use of natural gas. A

number of power-generation facilities in the province are already looking to convert to natural gas as a fuel source, increasing demand for natural gas as industrial electricity demand also climbs.

As Albertans, we already know we produce some of the most ethically sourced oil and gas in the world, now it's time for our province to lead the charge in safe and reliable energy as we continue to meet a growing global demand for clean and sustainable natural gas.

With gratitude on Remembrance Day

On Remembrance Day, we'd like to share our admiration and appreciation for the dedicated men and women in uniform whose service and actions have protected our freedom and our way of life through the generations. To all of the brave soldiers who made the ultimate sacrifice, our deepest gratitude remain with you and your families on Remembrance Day and always.

CEBA NOW OPEN TO BUSINESSES USING PERSONAL BANK ACCOUNTS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to inform constituents that the Canada Emergency Business

Account (CEBA) will be available to businesses that have been operating out of a non-business banking account. This change will greatly help farmers and smaller businesses that were not previously eligible.

To be eligible, businesses must:

- have been operating as a business as of March 1, 2020
- must successfully open a business account at a Canadian financial institution that is participating in

CEBA, and
 • meet the other existing CEBA eligibility criteria.

The deadline to apply for CEBA is December 31, 2020. For more information: <https://ceba-cuec.ca/>

MP SOROKA QUESTIONS THE MINISTER OF VETERANS AFFAIRS ON OUR LEGIONS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead stood in the House today and asked the Minister of Veterans Affairs the following:

“Madam Speaker, many Royal Canadian Legions across my riding have expressed financial concerns since the outbreak of

COVID. The legions continually support veterans in these difficult times. Branch No. 8 in Rocky Mountain House contacted the Minister of Veterans Affairs and was told that an aid package was in the works, but that was over a month ago.

Legions are in need of financial assistance. When will the government help legions and our veterans?”

The Parliamentary Secre-

tary to the Minister of Veterans Affairs replied:

“Madam Speaker, the well-being of our veterans and their families are top priority. We fully understand the vital role that legions play in supporting veterans and their families in all communities. That is why I am proud to share with the House that Bill C-4 was passed in the House a few weeks ago and includes

\$20 million to support organizations such as the Royal Canadian Legion and other partners.

Our response to the pandemic is ongoing and we will ensure that our partners who support veterans will continue to have what they need to continue to do their great work.”

PUBLIC NOTICE

NOTICE OF PUBLIC MEETING

ALBERTA MUNICIPAL AFFAIRS

A viability review has been completed for the Village of Wabamun.

The findings of the viability review can be found in the Viability Review Report, which is available on Municipal Affairs' website at: www.alberta.ca/viability-reviews-for-municipalities.aspx.

PUBLIC MEETING

Alberta Municipal Affairs will hold a public meeting for residents, property owners, and community stakeholders:

- to briefly outline the process to date and present the viability review report;
- to provide an opportunity to learn about the viability options for Wabamun; and
- to explain the next steps in the viability review, including the vote for village electors.

Location: Jubilee Hall
5124 53 Avenue
Wabamun, Alberta T0E 2K0

Date: Thursday, November 5, 2020

Time: 6:30 p.m. to 8:30 p.m.

VOTE ON A QUESTION

Notice of Vote on a Bylaw or Question
Local Authorities Election Act (Sections 7, 12, 35, 46, 53)

Notice is hereby given that a vote of the electors will be held on the following:

Based on the findings of the Village of Wabamun Viability Review, which one of the two options below do you support for the future of Wabamun? (Select one only)

Option 1. The Village of Wabamun remains a village and implements changes to achieve viability.

Option 2. Dissolve the Village of Wabamun and Wabamun becomes a hamlet in Parkland County.

Voting will take place on the 17th day of **November 2020**, between the hours of **4:00 p.m.** and **8:00 p.m.**, and the 18th day of **November 2020**, between the hours of **10:00 a.m.** and **4:00 p.m.**

The voting station will be located at:

Jubilee Hall
5124 53 Avenue
Wabamun, Alberta
T0E 2K0

In order to vote, you must produce identification for inspection. The identification must be in one or more of the forms as required by Section 53 of the *Local Authorities Election Act*.

Special ballots (mail-in) are available for electors who are unable to vote at the voting station on election days because of physical disability or absence from the Village of Wabamun on the days of the vote. Applications for a special ballot may be made in writing, by telephone, or by email to the Returning Officer. Special ballots must be returned to the Returning Officer (in Edmonton) by 4:00 p.m. on Monday, November 16, 2020.

Kevin Miller, Returning Officer
17th Floor Commerce Place
10155 - 102 Street NW
Edmonton AB T5J 4L4

Dial 310-0000, then 780-427-2225
viabilityreview@gov.ab.ca

For further information, please contact the Municipal Services Branch at Municipal Affairs, by dialing 310-0000, followed by 780-427-2225.

All current pandemic public health guidelines will be followed to make the polling station safer for everyone in attendance. This includes strict adherence to applicable gathering restrictions for indoor events.

MP SOROKA'S STATEMENT IN THE HOUSE OF COMMONS ON SUNCOR ENERGY LAYOFFS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, rose in the House of Commons to address the job losses in the oil and gas sector following Suncor en-

ergy announcing it would be laying off 15% of its staff as a result of hardships in the energy sector.

MP Soroka stated "Mr. Speaker, I rise today regarding the layoffs recently announced at Suncor Energy. A total of 15% of Suncor's

workforce will be laid off in the coming weeks. This comes directly as a result of the government's anti-energy policies. Instead of exporting our oil, the government is exporting our jobs.

Two weeks ago, the government delivered the throne speech. The only thing mentioned about oil and gas in the throne speech is how they will play a role in getting to net zero emis-

sions. I believe the Liberals' plan to get to net zero is to eliminate oil and gas in Canada. This is not a sound way to build back the economy while there is still a huge need for oil, gas and all the by-products it produces.

While the government does not support Canadian producers, it thinks nothing of bringing oil in from foreign countries, such as the United States, and instead support Donald Trump in making America great again. The Suncor layoffs are the most recent example.

When is the government going to stop exporting jobs and start exporting oil?

The full video of the statement can be found on MP Soroka's Facebook page <https://www.facebook.com/GeraldSorokamp/videos/613267589342043/>.

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Yellowhead County

October 27, 2020

Deputy Mayor Elected – Wade Williams was voted by Council to represent Yellowhead County as the Deputy-Mayor for one term ending on October 26, 2021.

RCMP Quarterly Updates – Representatives from the Hinton, Edson, and Evansburg RCMP detachments gave updates on recent crime statistics, emergency preparedness, and policing priorities for their areas. They stated the importance of residents to diligently report suspicious persons and vehicles and crimes as this will show trends that help local RCMP to focus on problem areas. A newly introduced Alberta RCMP online reporting service allows users to report non-emergency crimes under \$5,000.

Voting Stations Bylaw – Voting Station Bylaw 19.20 will allow for more than one voting station per division in the upcoming Yellowhead County municipal election on October 18, 2021. This bylaw will allow for more voting location options for residents living in rural areas.

County Road Allowance Request – Council denied a property owner's request to permit him to work within a road allowance located on the north end of RR171, adjacent to his property.

Culvert Replacement – Council approved administration to proceed with the design, permitting and tendering to replace a culvert on the Elk River Road. The culvert, which is approximately 3.2 metres in diameter and 35 metres long and is on a road used primarily by the oil and gas industry, was one of five sites damaged

earlier this year by a severe weather event. The replacement of the culvert is estimated at \$700,000.

ARB Training for Council – Additional members of Council will receive training that will make them eligible to sit on the Assessment Review Board (ARB). The board's purpose is to review complaints or appeals against the assessed value of

their property. The board is comprised of two members of the public and one member of Council.

County Library Board Appointments – Sheena Melin and Debbie Ceelen were appointed as members-at-large to the Yellowhead County Library Board from November 1, 2020, to October 31, 2023. The Yellowhead County Library Board

(mandated by the Alberta Libraries Act) creates bylaws and policies that shape the services provided by the local libraries in Yellowhead County.

The next scheduled regular Council meetings are November 10 & 24, 2020, at 9:30 AM. The next scheduled Governance & Priorities meeting is November 17, 2020.

LEST WE FORGET

THIS NOVEMBER
Yellowhead County Council & Staff honour
those who fought to preserve the freedoms that
have made Canada proud, strong, and free.

NOVEMBER IS FAMILY VIOLENCE PREVENTION MONTH

Submitted by Yellowhead Emergency Shelter

Keeping yourself and your loved ones safe during Family Violence and Prevention Month is as important as any other time of year. Remember, if you or a family member are in immediate danger call 911.

Often people are stressed from the added responsibilities of living in today's world. The COVID-19 pandemic has increased the pressures on families. Family dynamics can cause emotional and financial burdens. Increased expenses, job changes or loss can lead to arguments

and undue economic pressures. More time spent in close quarters with family and friends may lead to additional stress. Isolation pays a huge factor in family anxiety. Often people react to problems with increased use of alcohol and drugs; sometimes this can lead to acts of violence. Remember,

acts of intimate partner violence are not your fault.

Should this happen to you, remember there is help available. Talk to a family member, friend or someone who you trust. Speaking out will help. Plan for your safety! Should you leave in a hurry, take only the necessities with you (ID, medication, bank card, money and other important documents). Have transportation available. Help your children understand what is happening by explaining to them what is going on. Pack a bag with a change of clothing and a special toy for your child. Keep your mobile phone accessible and charged, turn off your GPS or any "find my phone" apps. Stop all contact with your abusive partner and send a clear message that you want the abusive relationship to end.

If you decide to stay, your safety and that of your children's is imperative. Learn how to protect yourself from future harm and document any incidents. Call 911 should you or your family be in danger.

The staff at the Yellowhead Emergency Shelter will answer any questions you may have and help you plan for your safety. Someone is available 24 hours a day, 7 days a week, including all holidays. Anyone can call, and all calls are confidential. You can reach the shelter by calling 780-865-5311 or 1-800-661-0937.

WEEKLY SUMMARY: OCTOBER 17-23

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

Dear friends and neighbours,
Oil isn't just the driver of Alberta's economy, it's the largest single subsector of Canada's national economy. During previous times of economic uncertainty, it has been Alberta's oil sector that kept our economy afloat and guided us through the storm. While the roots of our economic challenges in 2020 differ greatly from what we faced in 2008, the fact remains that a strong Canada requires a prosperous Alberta.

I am pleased to share with you that Alberta's government will stop setting monthly oil production limits to allow producers to utilize available pipeline capacity and create jobs. While our government will extend the regulatory authority to curtail oil production through December 2021, we do not plan on resuming production limits at a time when sources of crude oil production remain offline as a result of COVID-19.

This measured approach maintains the stability and predictability vital for investor confidence and allows our government to respond swiftly if there is a risk of storage reaching maximum capacity while enabling industry to produce as the free market intended.

The completion of

long-awaited pipelines that we have fought tirelessly for – including Keystone XL, the Trans Mountain expansion and Enbridge Line 3 – will enhance Alberta's permanent ability to balance production and takeaway capacity, ensuring our resources are exported at full value.

Getting a driver's license is a significant milestone, critical to the lives and livelihoods of Albertans, and this shouldn't be challenged by limited road test availability. As a result of the NDP nationalizing road

tests in March 2019, half of Alberta's driver examiners left the system and wait times increased significantly. The damage was only compounded when COVID-19 resulted in even longer wait times and backlogs.

To provide Albertans with quicker access to road tests, our government has re-privatized driver exams for class 4, 5 and 6 licenses.

Returning to a privately-run model will restore a system which Albertans used for years with confidence. Albertans

will be able to book passenger vehicle road tests directly with local registry agents or through a new online system starting Dec. 1 for tests to be conducted after Jan. 5, 2021. Registry agents will be able to hire or contract driver examiners directly.

For the latest information on COVID-19, visit alberta.ca/covid19.

As always, it is my honour to serve as your MLA.

Sincerely,
MLA Mark Smith

To the citizens of Stony Plain Alberta and surrounding communities.

Due to the Covid-19 pandemic there will not be public Service(service) on November 11, 2020 at the Stony Plain Pavilion as in past years. A private by invitation In-House only event will be taking place at the Branch. (This year there will only be a small ceremony held inside the Legion hall for veterans and VIP's.

We ask that you watch on your TV or mobile devices the November 11 Service that takes place in our nation's capital Ottawa or a local Service that may broadcast. We have also planned to have our small ceremony live streamed on our website and Facebook page.

We respectfully ask that on **November 11 at 11:00 AM** that wherever you are please stand and observe the 2 minutes of silence for those that sacrificed their lives for our Nation.

This year you will not see Veterans and Royal Canadian Legion members in uniform asking for donations to the Poppy Fund at local stores. There will be poppy boxes at most businesses as in past years, and we ask that if you're able to please donate so that we can continue to support our Veterans and community.

The Branch wishes to thank the Town of Stony Plain and the surrounding communities for the outstanding support over past years that it has given to the Branch and Veterans.

..... **Lest We Forget**

**Larry Funge Sgt-at-Arms
Legion 256 Stony Plain**

RCMP REQUEST ASSISTANCE TO LOCATE STOLEN PROPERTY

Submitted by Parkland RCMP

On Oct. 12, 2020 at approximately 12:36 p.m., Parkland RCMP responded to a theft of a 2001 Ford F350 with a flat deck and a utility trailer. Suspects damaged a green 1996 Dodge Ram truck and took the end gate. The property was stolen from a residence within the

community of Wabamun.

The 2001 Ford F350 truck is described as:

- white
- 2 door
- flat deck
- black headache rack
- white tool box
- 109 unit number on the front passenger side

The 2020 Southland utility trailer is described as:

- black
- open
- Alberta license plate 5VR979

The license plate for the stolen F350 pickup truck was recovered in the area of Drayton Valley.

If you have any information regarding this investigation, you are asked to contact Parkland RCMP at 825-220-7267 or your local police.

PARKLAND RCMP SEEK PUBLIC'S ASSISTANCE TO IDENTIFY SUSPECT

Submitted by Parkland RCMP

On Oct. 22, 2020 at 2:50 p.m., Parkland RCMP responded to a fraud complaint. Two female suspects and a male suspect have been targeting local pet stores by stealing items and then trying to return the

items for a refund.

A photo of one of the female suspects was provided to police.

The female suspect is described as:

- Caucasian
- Brown hair
- Average build
- Glasses

Descriptions of the other

two suspects were not provided.

If you are able to identify this individual or have information to assist with this investigation, please contact the Parkland RCMP or your local police at 825-220-7267. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477.

MP SOROKA QUESTIONS THE GOVERNMENT ON BIG HORN MINE EXPANSION

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, rose in the House of Commons to ask the government when the Big Horn Mine in Hinton will finally receive approval to expand operations.

MP Soroka asked "Mr. Speaker, last December, the environment minister declined to order an im-

pact assessment of the Bighorn mine outside of Hinton, saying that it would be dealt with by provincial approval. However, on July 30, ministerial discretion was used to designate the Vista mine expansion to be under federal review.

When will the government finally admit that it does not want any form of natural extraction in Canada?"

In Response, Mr. Peter Schiefke

(Parliamentary Secretary to the Minister of Environment and Climate Change), had this to say, "Mr. Speaker, my hon. colleague could not be further from the truth. The reality is that we have and continue to support our energy sector workers. Just during this pandemic, we invested over \$1.7 billion to help clean up abandoned oil wells. We have invested \$750 million to support the efforts in the oil sector to reduce

its greenhouse gas emissions. We have put in place measures to support the workers, and we will continue to do that.

We are going to continue to support all Canadians, regardless of what sector they are in. We are going to be there for Canadians."

The full video of the exchange can be found on MP Soroka's facebook page (<https://www.facebook.com/GeraldSorokamp/videos/3623159404374863/>)

INDICATORS IT'S TIME TO CHANGE AIR FILTERS

Vehicle maintenance can protect drivers' investments and help their automobiles run efficiently. One area drivers should pay particular attention to is their vehicles' air filters. When operating at optimal capacity, an air filter improves fuel efficiency

while ensuring vehicles accelerate smoothly without taxing the engine. But when air filters are clogged, fuel efficiency is reduced and emissions are increased, a 1-2 punch that costs motorists money and hurts the planet at the same time. Drivers

can check their owners' manuals to determine the recommended intervals to replace air filters, but the following are a handful of indicators that suggest it's time to change them.

Gas mileage: Unless you just purchased your vehicle, you likely know how many miles you can drive on a full tank of gas. If that gas mileage is suddenly slipping and you find yourself visiting the filling station more frequently, then it might be time to replace your air filter.

Engine light: Drivers may be alerted to engine issues when the "Check engine" lights up on the vehicle's dashboard. This light may come on to indicate a problem with the air filter, as clogged air filters reduce air flow to the engine, resulting in an imbalanced air-fuel mixture that adversely affects the engine.

Starting and idling problems: Vehicles sometimes don't start up as smoothly as they once did, and drivers may also notice

vehicles are not idling smoothly. These symptoms may indicate misfiring spark plugs that are being polluted (and made less effective) by a dirty air filter that is reducing the flow of air to the engine.

Acceleration difficulties: Automobiles that are operating at peak capacity accelerate quickly. But dirty, worn out air filters adversely affect acceleration. Drivers who notice that their cars are struggling to accelerate when stoplights turn green or on highways may need to replace their vehicles' air filters.

Dirty air filter: Perhaps the biggest indicator that an air filter needs to be replaced is the filter itself. If you cannot find the air filter on your own, consult your vehicle owner's manual to determine where it is. Once you find the air filter, examine it in broad daylight. Clean air filters are white, so if the filter has darkened, it may need to be replaced.

ADDRESS WINDSHIELD DAMAGE PROMPTLY

Windshields are designed to protect drivers and their vehicles from wind and other natural elements while the cars are in motion.

Windshields are made from tempered glass, which is processed by controlled thermal or chemical treatments to increase its strength compared to normal glass. While relatively strong for a piece of glass, windshields are not impervious to damage. All it takes is a single rock or piece of road debris to be kicked up from the roadway and hit the windshield to cause a problem.

Every day, motorists encounter pebbles or other small missiles that bounce up from the road and come in contact with their windshields. Many deflect with no problem, but under high speeds, debris can cause chips,

dings, and even cracks in the windshield.

Cracks easily spread from road vibration and heat and can compromise the integrity of the windshield. If your car's windshield is cracked and it shatters during a collision, you and your passengers are at great risk of injury. In addition, police officers can write tickets if windshields appear to be unsafe. So it's in drivers' best interests to repair damaged windshields promptly.

Drivers may be able to repair small dings themselves with a do-it-yourself windshield kit available at automotive retailers. If a crack is less than six to 12 inches long, it can probably be repaired as well. However, more significant damage will require that the entire windshield be replaced.

CONNECT CARE WAVE 2 LAUNCHES TO SUPPORT HEALTHCARE FRONTLINES

Submitted by Alberta Health Services

On October 24, 2020, Alberta Health Services (AHS) launched Connect Care Wave 2 at several suburban locations in the Edmonton Zone.

Wave 2 includes acute care, long-term care, hospice, post-acute units and the related suburban pharmacies, diag-

nostic imaging and Alberta Precision Laboratory sites.

In addition to approximately 4,875 staff, and 1,100 physicians, nurse practitioners, physician assistants, and dentists, the following hospitals, sites and programs are part of the Wave 2 launch:

- Devon General Hospital;
- Fort Saskatchewan Community Hospital;

- Leduc Community Hospital;
- Redwater Health Centre (lab only);
- Strathcona Community Hospital (Sherwood Park);
- Sturgeon Community Hospital (St. Albert);
- WestView Health Centre (Stony Plain);
- North East Community Health Centre (Edmonton);

- Continuing Care Access;
- Palliative Community Consult Team;
- Northern Alberta Renal Program.

The launch of Wave 2 comes a year after the successful launch of Wave 1, which saw Connect Care implemented at the Walter C Mackenzie Campus, East Edmonton Health Centre, Pharmacy and Diagnostic Imaging sites in the Edmonton Zone, Alberta Precision Labs sites in Edmonton and the North Zone, DynaLIFE sites across Alberta, labs at the Cross Cancer Institute, and hundreds of ambulatory clinics in the Edmonton Zone.

The full Connect Care launch will be deliberate and cautious, with nine implementation waves in total, happening between late 2019 and 2023. Patients, physicians, nurses, other frontline staff and technical teams have been instrumental in building the system and preparing for the launch.

The wave approach means we are able to fix issues as they appear, allowing us to learn and adapt the system before we roll it out in other areas.

We already know Connect Care adds value. As the COVID-19 pandemic demands increased, Wave 1 sites and programs were able to use Connect Care to support COVID-19 care.

Connect Care was adapted to meet the needs of staff and patients, including adding information to the system for telephone and virtual visits to Connect Care, helping patients access virtual visits with their care providers, adding travel screening and COVID-19 diagnosis to patient charts, and other key elements to support the pandemic response.

“Ultimately, Connect Care will help us ensure high-quality care is being delivered in the same way no matter where you are in Alberta. It will let us record and share our patients’ health information with them and their healthcare teams,” said Dr. Belanger.

PREVAIL
CELLULAR HOMEOSTASIS FORMULA
MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU ...RIGHT DOWN TO THE LAST CELL!

How do you want your BLOOD to look?

Before PrevailMAX:	After PrevailMAX:
poor circulation	better circulation
low energy	more vitality
brain fog	mental clarity
dehydration	cellular movement
decreased nutrients	nutrient assimilation
pH imbalance	balanced pH
poor endurance	optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

- PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.
- PROMOTES HEALTH:** Helps to promote relaxation and overall health.
- WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

PET PRODUCTS

PET CHEW TREATS

KEY BENEFITS

- SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.
- NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.
- DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

ORAL SPRAYS & DROPS

KEY BENEFITS

- MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.
- TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.
- GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.
- CONVENIENT:** Can be sprayed into pet's mouth or on food.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
