### WHITECOURT TOWN COUNCIL UPDATE

**Submitted by Town of Whitecourt**

Whitecourt Town Council has adopted new Municipal Design Standards that will come into effect January 1, 2021. The Municipal Design Standards outline the Town of Whitecourt's minimum requirements for design and construction of municipal infrastructure within our

community. The Standards help to ensure that new municipal infrastructure is acceptable with regard to overall quality, safety, functionality, environmental considerations, operation, maintenance and life cycle costs. The document and associated best practices were developed with input from the general public, along with local developers

and engineers.

The Government of Alberta recently implemented a Municipal Indicators Dashboard which uses performance measures to ensure Albertans live in viable municipalities and communities with responsible, collaborative and accountable local governments.

The Town of Whitecourt did not trigger any of the performance indicators, and is deemed “not at risk” by Alberta Municipal Affairs. The Municipal Indicators Results report is available online at [www.alberta.ca/municipal-indicators.aspx](http://www.alberta.ca/municipal-indicators.aspx).

Marlene Pinchbeck has been appointed the Returning Officer for the 2021 Municipal Election. The election will be held on October 18, 2021.

Whitecourt Town Council has approved a request from the Whitecourt & District Chamber of Commerce for a drive through parade route on Friday, December 11. The Chamber previously requested road closures in the downtown core for a stationary parade, but changing COVID-19 protocols regarding gatherings prompted a new request. Details on the event will be shared and promoted through the Whitecourt & District Chamber of Commerce website and social media platforms.

Whitecourt will be entering into an agreement with Alberta Transportation for

the Transportation Routing and Vehicle Information System – Multi-Jurisdiction (TRAVIS-MJ). The agreement will come into effect on April 1, 2021 and will provide Alberta Transportation the ability to administer overweight and/or over dimensional vehicle permits for the designated truck route within Whitecourt.

Whitecourt Town Council denied a request to waive tax penalties for 957661 Alberta Ltd.

Whitecourt Town Council has scheduled an Electronic Special Meeting on Tuesday, December 1 at 4:00 p.m. to discuss the Regional Business Park Feasibility Study Phase 3. Due to the nature of the discussion, the majority of the meeting will be held in Closed Session per the Freedom of Information and Protection of Privacy (FOIP) Act.

# UNWRAPPING RED TAPE ON CHRISTMAS

*Alberta's government has removed the \$5 fee for harvesting up to three Christmas trees from Crown land for personal use.*

**Submitted by Government of Alberta**

Eliminating the fee will save Albertans almost \$100,000 and make it easier for individuals to get their own Christmas trees and firewood from Alberta's 87 million acres of forested land.

"I hope Albertans take the time to go out with their families to find the perfect Christmas tree this year. Alberta has so much to offer and we're blessed to live in the most free and open place in the world." - Devin Dreeshen, Minister of Agriculture and Forestry

Through the Personal Use Forest Products Permit, Albertans will receive a map of where they can go to access their trees. Permits can

be obtained online. For a confirmation email that includes a digital version of the permit, Albertans must click "view" after completing all steps. If you have any questions, reach out to one of Alberta's forest area offices.

"The Christmas tree is an important symbol of hope and joy this coming Christmas season. By cutting red tape and adopting a best practice, we're giving a little light to Albertans whose tradition includes retrieving their own trees." - Grant Hunter, Associate Minister of Red Tape Reduction

A Personal Use Forest Products Permit is valid for 30 days. During that 30-day period, the permit holder may harvest up to:

- three Christmas trees

- five cubic metres of firewood
- five cubic metres of roundwood, often used for fence posts and rails
- 20 tree transplants

Five cubic metres represents about three level truckloads.

**Background**

Getting a permit before harvesting Crown timber is still the law. Permits help preserve our forests for generations to come by keeping track of the number of trees being harvested, outlining rules to be followed and ensuring that public harvesting is done safely. The Personal Use Forest Products Permit is for small-scale personal use only. Any timber harvested with this permit is not for resale.

Harvesting without a permit or selling Crown timber are contraventions under Forests Act Section 10 and Timber Management Regulation Section 68. The penalty ranges from a minimum of \$50 to several thousand dollars based on the amount of timber harvested. If the volume of timber is significant, the Crown is authorized by the Forests Act to seize all of the harvested volume and could pursue prosecution.

**Quick facts**

- There were 8,116 provincial permits sold for Christmas trees in 2018 and 8,353 permits sold in 2019.
- Another approximately 10,000 permits per year are sold for other approved uses such as firewood.

She paused for a few seconds and then asked, "Grandpa, did God make me too?" He replied, "Yes, indeed pumpkin, God made you just a little while ago." Feeling their respective faces again, she whispered to him, "God's getting better at it, isn't he?"

# SUDOKU

## of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
