Darwyn Ronald Beaudry

Beaudry was identified as a suspect in multiple investigations and is alleged to have committed a number of crimes which resulted in significant property damage in the towns of Legal, and Slave Lake. The ATM thefts were from a credit union and gas station. He is also alleged to have committed a break and enter into the No Frills Pharmacy in Vegreville, Alta., which occurred on Nov. 20, 2019.

He was remanded into custody after a judicial hearing and is set to appear in Stony Plain Provincial Court on Dec. 9, 2020.

JOKE of the week

Three men died on Christmas Eve and were met by Saint Peter at the pearly gates. "In honor of this holy season," Saint Peter said, "You must each possess something that symbolizes Christmas to get into heaven." The first man fumbled through his pockets and pulled out a lighter. He flicked it on. "It represents a candle," he said. "You may pass through the pearly gates," Saint Peter said. The second man reached into his pocket and pulled out a set of keys. He shook them and said, "They're bells." Saint Peter said, "You may pass through the pearly gates." The third man started searching desperately through his pockets and finally pulled out a pair of women's glasses. St. Peter looked at the man with a raised eyebrow and asked, "And just what do those symbolize?" The man replied, "They're Carol's."

A MESSAGE FROM MLA MARK SMITH

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

Albertans are facing a critical situation with rising rates of COVID-19 and a quadrupling of outbreaks in continuing care facilities. This health emergency is putting the lives of our most vulnerable and our seniors at risk.

These are our parents, grandparents, aunts and uncles, friends, and mentors. They're the people who built Alberta and we must do everything we can to keep them safe while minimizing damage to our broader social health.

There are more than 13,000 active cases of COVID-19 in Alberta. If we do not slow the sharp rise in both hospitalizations and ICU admissions, COVID-19 will threaten our ability to deliver health services that Albertans rely on.

This is why our government recently announced targeted measures to protect the lives and livelihoods of Albertans. New restrictions and increased enforcement will reduce spread in targeted communities, protect hospitals, keep schools and businesses open as much as possible, and protect vulnerable Albertans.

This pandemic poses the greatest challenge our province has faced in more than a generation. Every decision we make in responding to it impacts the lives of our friends and neighbours. As a result, Alberta's government has resisted calls for a blanket lockdown of our society because of the profound damage it would cause, especially for the poor and vulnerable who would be the most affected.

A provincial lockdown would throw hundreds of thousands of Albertans out of work, deepen the mental health and addiction crisis, and pose a potential violation of Albertans' constitutionally-protected rights and freedoms.

Our approach stands in stark contrast to the economically devastating measures that the NDP is demanding. When asked during an interview with Danielle Smith if all restaurants and bars should be closed, the NDP leader responded saying "yes".

Alberta's restaurant sector is one of the largest sources of employment in the province, particularly for women and new Canadians. Alberta's government does not support the unscientific and

unconstitutional demands of Rachel Notley's NDP to shut down this entire economic sector.

Instead, we focused on targeted measures aimed at places where the data clearly shows COVID-19 was spreading. With adherence to public health guidelines, many services Albertans love and enjoy, including retail, movie theatres, and restaurants, will remain open.

Albertans must act together to protect the vulnerable

and stop the spike in COVID cases. By acting now, we can bend the curve of the virus and ensure our health care system has the capacity to protect Albertans.

I can be reached at the main constituency office in Drayton Valley at 1-800-542-7307 toll-free Monday to Friday, the Devon constituency office at 780-987-3666 Wednesdays and Thursdays or emailed at devon@assembly.ab.ca anytime.

TOUGH, SWIFT PENALTIES FOR IMPAIRED DRIVERS

Submitted by Government of Alberta

Starting Dec. 1, police will be able to administer stricter impaired driving penalties on the road, while most first-time impaired driving charges will be handled quicker outside of court through SafeRoads Alberta. Impaired drivers could face

larger fines and lose their vehicles for up to 30 days.

SafeRoads Alberta, a new adjudication branch, will allow drivers to pay their fees online, request more time to pay their penalty, or dispute their Immediate Roadside Sanction or vehicle seizure.

In the most serious cases, including repeat offenders and impaired driving caus-

ing bodily harm or death, individuals will still receive criminal charges on top of the other penalties.

"MADD Canada welcomes the implementation of these new measures to address the impaired driving problem, and we thank the Government of Alberta for its leadership. These measures deliver strong, immediate

penalties and sanctions to those individuals who continue to disregard the law and put lives in danger by driving impaired. They will reduce impaired driving and save lives." - Andrew Murie, chief executive officer, MADD Canada

"Impaired driving has tragic consequences that devastate families and communities. Alberta's new impaired driving framework delivers immediate penalties that match the seriousness of this crime and are proven to reduce impaired driving and make roads safer. What's most sobering, however, is that every case of impaired driving is completely preventable - we implore all Albertans to make a plan and separate substance use from driving." - Jeff Kasbrick, vice-president of government and stakeholder relations, AMA

Quick facts

- Under the new impaired driving laws, significant penalties will be handed out roadside, getting impaired drivers off the streets immediately. Stronger penalties for impaired driving include:

- Fines of up to \$2,000
- Vehicle seizure up to 30 days
- New mandatory education programs for repeat offenders
- Mandatory ignition interlock for repeat offenders
- New zero-tolerance consequences for novice drivers and commercial drivers will also be introduced.

- The Alberta Transportation Safety Board will finish hearing cases submitted before Dec. 1 and is expected to wrap up operations by March 31, 2021.

JOINT SECONDER ON BILL C-205 TO AMEND THE HEALTH OF ANIMALS ACT

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead is pleased to advise that he is a joint seconder on Conservative MP John Barlow's Private Members' Bill, C-205, 'An Act to amend the Health of Animals Act (Biosecurity on Farms).' This Bill will make it an offence under the Health of Animals Act to enter, without lawful authority or excuse, a place in which animals are kept if doing so could result in the exposure of the animals to a disease or toxic substance.

The Act currently provides for the control of diseases and toxic substances that may affect animals or may be transmitted by animals to persons. However, the obligations and prohibitions apply in respect of the owner of the animals. Currently, there is nothing which addresses trespassers. This legislation aims to change that situation.

This Bill will not, in any way, limit an individual's right to peacefully protest on public property. However, it will increase the penalties for groups and organizations who encourage individuals to threaten the biosecurity of animals and workers.

Bill C-205 is scheduled for debate in the House on November 26th.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
