### ENTWISTLE RESIDENTS: WE NEED YOU!

Submitted by Tipple Park Museum

Tipple Park Museum is looking for information about the Entwistle of days gone by. Interested residents that have a house or property with an

interesting or historic past are asked to consider submitting that information to the museum. Also, if you have any recollections of what living in Entwistle in the past was like we would love to hear that as well! Personal stories help us

to build a more complete history that we can in turn share with our visitors! Thank-you to all who consider getting involved! The best way to contact the museum is via e-mail: [tippelparkmuseum@gmail.com](mailto:tippelparkmuseum@gmail.com), or phone: 780-727-2240.

# Wheat Farmers Can Claim 31 Per Cent SR&ED Credit On Their 2020 Taxes

*Continued from Page 1*

For example, farmers who paid \$100 in check-off to AWC in 2020 would earn \$31 in tax credit.

The federal SR&ED program encourages R&D investment through tax-based incentives, giving claimants tax credits for their expenditures on eligible R&D work. The tax credit percentage is based

on the amount invested in R&D that meets the criteria laid out by the Canada Revenue Agency (CRA).

Farm individuals should use form T2038 (IND) to claim this credit when filing their taxes, while farm corporations must use form T2SCH31.

For more information, contact the Canada Revenue Agency directly, or visit the CRA website.

Farmers who have requested a refund of their check-off are not eligible for the tax credit.

For more information about claiming the SR&ED credit, please contact:

# GRACELIFE CHURCH UPDATE

**Submitted by Parkland RCMP**

Update 5: Parkland County, Alta. – Investigation into the circumstances of the operations of the GraceLife Church continue.

On Feb. 28, 2021, Parkland RCMP and AHS attended the GraceLife Church to gather evidence in relation to their service and non-compliance with the Public Health Order. Observations were again made that the church held a service beyond the

designated capacity.

The Parkland RCMP remain engaged in continued consultations with several partner agencies to determine the most productive course of action in relation to the church.

There is no further information available to the media today in relation to enforcement. The RCMP appreciates the media and public interest in this situation. When there is an outcome to report, one will be provided.

# COMMUNITY SUPPORT IN KEEPING STUDENTS SAFE

**Submitted by GYPSD**

All GYPSD students in K to Grade 3 received non-alcoholic, odourless foam hand sanitizers for use in their classrooms thanks to the generous donation of 1,200 bottles from the TC Energy Wildrose Mountainview Team. The sanitizers are Canada Health and Canada COVID Health approved as well.

The idea came from local TC Energy employees

who wanted to provide a less stringent resource to schools for their little ones to use during the pandemic. The TC Energy Wildrose Mountainview Team partnered with another local organization to provide the required funds for the welcome donation.

GYPSD is sincerely grateful for this and other generous support from our community partners in keeping our staff and students safe and healthy!

# DISABILITY DOESN'T DEFINE MISS EMILY!

**Submitted by Alison Ainsworth, Wags Cookies Ltd.**

Miss Emily's locally hand-made Wags Cookies are set for music's biggest night, \* as an official participant in this year's 63rd GRAMMY Award Gift Bags on March the 14th, 2021.

This year's GRAMMY \* theme of inclusivity and

diversity is a natural fit for Emily and her small growing business, having faced complex medical and developmental diagnosis since birth.

19-year-old Emily has high hopes that her puppy cookies take center stage with the show's presenter and performer gift bag recipients, including host Trevor Noah, and help to elevate a positive conversation about in-

clusivity going forward.

In the meantime, she is baking up a storm for the occasion and working to grow inventory at her local retailers for the occasion.

In just 12 short days she has sold of 370 bags of 13 cookies each to Parkland County area residents.

Thank you for your support!

## WHY IS TIRE ROTATION SO IMPORTANT?

Vehicle owners need to keep maintenance on the mind to ensure their cars and trucks are operating at peak capacity. Various components should be checked and serviced at key intervals. Oil changes and fluid top-offs are part of routine maintenance, but it can be easy to forget about other important parts of the vehicle, including tires.

Rotating tires is vital to their upkeep. Bridgestone Tires advises that tire rotation involves routinely repositioning a vehicle's tires in specific patterns from front to back and side to side.

According to Big O Tires, the front tires tend to wear on the outside edges because the tire leans over when a driver turns a corner. The rear tires just follow the front ones, so they usually wear more evenly. By leaving tires in place, the outside edges on the front tires will wear down much faster than the rest and those tires will need to be replaced sooner. Rotation may be required by tire warranties. Rotation also keeps the tires working properly.

Experts generally advise tire rotation every 6,000 to 8,000 miles, even if

they do not show any signs of wear. It is challenging to determine if weather treads are uneven or how much wear has been sustained just

by looking at them. Rotating tires can prolong the life of tires and decrease how frequently they need to be replaced.

## Why Is Tire Rotation So Important?

Continued from Page 7

Rotating tires keeps the tread depth uniform and helps maintain traction and consistent han-

dling across all four tires. Bridgestone says the tire rotation pattern that is best for a particular vehicle depends on the type of tire being used. Pat-

terns are recommended by the standardizing body of the tire industry, called The Tire and Rim Association, Inc. Individuals can consult with professional mechanics about the proper way to rotate tires. Many tire manufacturers or automotive stores that have sold customers tires also will do tire rotations - some free of charge.

In addition to proper traction, minimizing uneven tire treads causes the vehicle to be more balanced, advises Wrench, a mobile auto repair and maintenance company. This enables

the driver to have more control even when roads are slippery. Many auto service centers will then align and balance tires after they have been rotated. At this time the mechanic will likely check brakes as well, since it is easy to see and reach them when the tires are off.

Tire rotation is an important component of vehicle maintenance. Check with a qualified automotive professional to see if it's time to have your vehicle's tires rotated.

# SERIOUS MOTOR VEHICLE COLLISION RESULTS IN FATALITY

Submitted by Drayton Valley RCMP

Drayton, Alta. – On Feb. 23, 2021, at approximately 6:40 a.m., Drayton Valley RCMP received a call of a serious motor vehicle collision on Highway 22 and Highway 39 in Brazeau County, Alta.

Drayton Valley RCMP, along with emergency services, attended the scene. Preliminary investigation indicates a semi-truck was westbound on Highway 39 and in the process of turning southbound onto Highway 22 when a car that was following the semi-truck

struck the rear of the semi-truck. The driver, 25-yr-old lone occupant from the county of Leduc, Alta., of the car was pronounced deceased at the scene by emergency medical services. The name of the deceased will not be released. Drayton Valley RCMP,

along with the RCMP Collision Analyst, conducted an investigation of the scene. All emergency and police personnel have now cleared and regular traffic flow in this area has now resumed. No further updates are anticipated.

# MP GERALD SOROKA PRESENTS PETITION ON OIL & GAS AND ANOTHER ON THERMAL COAL

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, was pleased to present two petitions to the House. The first petition was on oil and gas and the second on thermal coal.

He said:  
Mr. Speaker, I would like to present two petitions today. The first is regarding the fact Canada is still many years away from eliminating the use of oil and gas. Oil and gas produced in western Canada is produced with the highest labour and environmental standards in the world. Using Canadian oil nationwide first before importing any oil from any other country would greatly benefit the economy.

Petitioners call on the government to eliminate all importation of foreign oil and gas into Canada within the next five years, thus creating more jobs and building back a better economy.

Mr. Speaker, my second petition is on thermal coal.

Petitioners call on the government to keep mining thermal coal in Alberta because it has the highest environmental and labour standards, with very low sulphur content, thus giving China access to better coal to lower its environmental footprint.

# A MESSAGE FROM MLA MARK SMITH

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Recently, Finance Minister Travis Toews introduced Budget 2021: Protecting Lives and Livelihoods. Budget 2021 builds on the ongoing efforts of Alberta's government to protect both lives and livelihoods during the COVID-19 pandemic. It invests in healthcare and it positions the province for economic recovery with a continued focus on the efficient delivery of government services.

Although we are one year into Alberta's COVID-19 response, Albertans still face a long road ahead until life returns to normal. While vaccines offer some hope, ongoing delays from the federal government mean widespread immunization will not be achieved for several months yet. This means that Alberta's health care system will continue to remain under pressure for some time.

Budget 2021 makes a historic investment in healthcare to make sure the health system is properly resourced to keep fighting this pandemic. On top of the \$21.4 billion in non-COVID health care spending – nearly \$1 billion more than last year – the government has set aside another \$1.25 billion in contingency funds specifically to fight the COVID-19 pandemic. This represents the most ever spent on health care by any government in the province's history.

This year's budget also paves the way for growth in Alberta's post-pandemic economy. Over \$20 billion in capital infrastructure projects will create 90,000 new jobs now, when they are needed the most. Budget 2021 also includes \$1.5 billion to support core sectors like agriculture, technology, energy and tourism, and \$500 million in contingency funds to take advantage of further economic diversification opportunities that come our way later this year.

Alberta's government is also taking a careful approach to spending that will help get

the province's finances back on track. Moving forward, government spending will be anchored to sound fiscal principles that will put us back on a path to a balanced budget. We will also keep our debt-to-GDP ratio below 30 per cent, which will allow us to bring our spending in-line with other provinces such as B.C., Saskatchewan and Ontario. Alberta's hard-working public servants will also be asked to help find labour

efficiencies so we can invest more in health care and economic recovery. While we've had to delay our timeline to eliminate the deficit in order to fight COVID-19, these solid fiscal principles will get us back on the path to balance as soon as possible.

Alberta, like the rest of the country, remains in the middle of the COVID-19 storm. But Albertans can rest assured that through Budget 2021, their government is

preparing for brighter days. Alberta's government will remain nimble to respond to the needs of Albertans as they emerge. We will continue to follow through on our commitments so that every Albertan can feel confident as we continue to navigate through these challenging times together. And most importantly, we will stick with Albertans every step of the way – protecting both their lives and their livelihoods.

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**
