## PARKLAND RCMP DRUG UNIT INVESTIGATION LEADS TO SIGNIFICANT DRUG SEIZURE

**Submitted by Parkland RCMP**

The Parkland RCMP Drug Unit and Crime Reduction Unit have executed four

search warrants and arrested three males following a lengthy investigation.

On April 10, 2021 Parkland RCMP executed four separate search warrants

at residences in Edmonton and Spruce Grove and two storage lockers in Stony Plain, Alta.

## DRAFT K-6 CURRICULUM ANNOUNCEMENT

**Submitted by GYPSD**

In a recent letter to the editor of the Edmonton Journal, Minister LaGrange

communicated that she is seeking Albertans' input on the draft curriculum. She further identified that "School Divisions have flex-

ible options for how they provide feedback."

## SUSPECT IN ROAD RAGE INCIDENT IDENTIFIED

**Submitted by Parkland RCMP**

On April 26, 2021 Parkland RCMP requested assistance from the public to identify a suspect involved in a road rage incident. Numerous

tips were received and, as a result, the investigator was able to identify the suspect.

On Friday, April 16, 2021, sometime between 5:20 p.m. and 5:29 p.m., two cyclists were travelling east on Woodbend Road near

the Woodbend Community Hall. A Dodge Ram pickup, travelling west, veered towards them. The male driver yelled obscenities and continued west.

# Parkland RCMP Drug Unit Investigation Leads to Significant Drug Seizure

*Continued from Page 1*

During the search warrants, several items were seized in-

cluding what is believed to be:

- 11 kg of cocaine
- 2.5 kg of fentanyl
- 8700 Etizolam (sedative) capsules
- 15 litres of liquid cocaine
- 100 kg of buff (cutting agent)

Police also located drug paraphernalia, a firearm, over \$2000 in Canadian currency and items consistent with drug trafficking.

"This is one of the most significant drug seizures we've seen in Parkland", said Insp. Mike Lokken, Officer in Charge of Parkland RCMP. "This seizure will undoubtedly have a major impact on the organized crime and illicit drug trade in our area."

# Draft K-6 Curriculum Announcement

**JOKE of the week**

One day, a little girl was sitting and watching her mother do the dishes at the kitchen sink. She suddenly noticed that her mother had several strands of white hair sticking out in contrast to her brunette hair. Curious, the little girl looked at her mother and asked, "Why are some of your hairs white, Mom?" Her mother replied, "Well, every time you do something wrong and make me unhappy, one of my hairs turns white." The little girl thought about this for a while and then asked, "Momma, how come all of grandma's hairs are white?"

*Continued from Page 1*

At the April 21, 2021, Public Board Meeting, the Board of Trustees approved a motion giving the central office curriculum-working group, comprising teachers and central staff, permission to share feedback regarding their review of the draft curriculum with the Minister of Education. The Board felt they could still provide Alberta Education with meaningful and con-

structive feedback through the curriculum-working group rather than through schools.

At the Public Board Meeting, the Superintendent and Trustees applauded GYPSD staff for their flexibility, resiliency, and incredible professionalism, managing shifts between online and in-person teaching in response to the pandemic. They also shared the feedback received from parents, teachers, and community members who have deep concerns about the draft. However, the Trustees voiced their belief that providing feedback was too important of an opportunity to miss, given the many years the province has been without an updated curriculum: thus, the decision to task the Division's curriculum-working group to provide feedback to Alberta Education. This approach aligns with how many school jurisdictions in the province are also providing input.

The development and approval of the provincial curriculum are under the authority of the Alberta government. Members of the public are encouraged to review the draft K to 6 curricula and provide feedback to the Ministry of Education until Spring 2022 via the Alberta Education website: <https://www.alberta.ca/curriculum-have-your-say.aspx>.

# Suspect in Road Rage Incident Identified

*Continued from Page 1*

The suspect then returned and spun his tires spraying the cyclists with gravel. The suspect continued to harass the cyclists until they stopped and pulled into the ditch. He eventually left without further incident.

The 26-year-old male suspect was issued a provincial ticket for stunting. A stunting ticket has 3 demerit points and the fine is \$567.00.

The suspect's name will not be released as the charge is a provincial ticket and is not public information.

Cyclists are vulnerable road users. It is important to remember:

- Be aware of road conditions. While cyclists are required to ride as close as practicable to the right curve, they may need to ride further out to avoid hazards like pot holes, debris, gravel etc.
- When passing a cyclist, change lanes like you would for other vehicles
- When you are preparing to turn right, watch for cyclists who may ride beside your vehicle and shoulder check to your blind spots to the right.
- Cyclists using the streets and highways are to ride single file except when passing another bicycle

For other tips about sharing the road with vulnerable road users, please go

to <https://www.alberta.ca/vulnerable-road-users.aspx> Parkland RCMP would like to thank everyone for their assistance with this investigation.

# CELEBRATING OUR SCHOOL BUS DRIVERS!

**Submitted by Grande Yellowhead School Division**

May 3rd is School Bus Driver Appreciation Day, a day in which we recognize and thank our many dedicated school bus drivers for

getting our students safely to and from school each day.

School bus drivers are often the first and last smile that students see at the start and end of each school day. Caring and kind, school bus drivers are role models for

the children on their routes and a voice of welcome to parents in our community. GYPSD drivers transport over 2,000 students on 50 school bus routes, traveling over 8,000 kilometers each day.

On School Bus Driver Ap-

preciation Day – and indeed every day – Grande Yellowhead Public School Division extends a sincere thank you to its school bus drivers for their service, support and dedication all school year!

# ALBERTA FIRE FIGHTERS TO RECEIVE VACCINATION

**Submitted by Alberta Fire Chiefs Association**

In recognition of the Government of Alberta announcement Finishing Phase 2 of Vaccine Rollout; starting April 30th, Alberta fire fighters can begin booking appointments at participating pharmacies or Alberta Health Services (AHS) clinics to receive their COVID-19 vaccination.

The Alberta Association of Fire Chiefs would like to thank Premier Jason Kenney, Minister of Health Tyler Shandro, Cabinet, and members of the Alberta Public Service for their initiative and understanding of the importance of fire fighter’s role as first responders.

This move is seen as a critical acknowledgement by the Government, of the im-

portance of the Fire Service, whether delivered by volunteer or career firefighters. Many communities see fire trucks and crews responding to medical emergencies on a daily basis. As with other first responders, the vaccinations will protect the fire fighters, the crews that currently must self-isolate potentially leaving the communities with less protection, and the citizens that

they come into daily contact with.

The AFCA would like to thank all those who advocated on behalf of the Alberta Fire Service including many M.L.A.s, community leaders and individual citizens. We would also acknowledge the Alberta Fire Fighters Association for their efforts to bring attention to this public health concern.

# PARKLAND RCMP ARREST THREE YOUTHS FOR BREAK AND ENTER TO BUSINESS

Submitted by Parkland RCMP

Stony Plain, Alta. - During the early morning hours of April 28, 2021, Parkland RCMP responded to an alarm at a local business in the area of South Park Drive. The business's front window had been smashed and product was stolen.

RCMP Police Dog Services established a track and located three youths who were arrested without incident.

A 14 year old female and two males, aged 15 and 16 years old, were charged

with break and enter with intent to a business.

They are scheduled to appear in Stony Plain Provincial Court on July 16, 2021.

If you have information that will assist with the investigation, please contact the Parkland RCMP Detachment at 825-220-7267 or your local police. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

### Roadside Vegetation Management Program

*Spraying runs May to September.*

Yellowhead County's Ag Services Department will be spraying county roadsides from May to mid/late September.

**Roadside spraying controls the spread of prohibited noxious and noxious weeds and re-growth of small brush.**

**Herbicides to be used this upcoming season include:**

Lontrel 360 - PCP #23545	2,4-D Amine - PCP #14726
Escort - PCP #23005	Milestone - PCP #28517
ClearView - PCP #29752	Navius Flex - PCP #30922

# Golfer's **GUIDE**

## 9 WAYS TO IMPROVE YOUR GOLF GAME

Warmer weather sends scores of golfers to their favorite courses each and every day. Golf is a challenging pastime, but a few pointers can help golfers hone their short games, long games and everything in between.

- Choose the right clubs. There is more to selecting clubs than pulling any old iron out of your golf bag and whacking away. Wind, hazards and obstructions in landing areas should influence your decision of which club to use. Novice golfers may want to rely on their caddies to make club recommendations, and as they become more confident in their abilities they can start to make their own choices.

- Anchor your feet. Anchor your foot behind the ball to drive the ball further. Right-handed players will keep the right foot anchored, and lefties will do the opposite. Do not lift your foot prematurely; otherwise, you can lose power and distance.

- Identify your weaknesses. As with any hobby, identifying those areas that need the most work can help you be-

come a better golfer. Keep track of each shot you take, and then look at the results to see which areas of your game need the most work.

- Fix your alignment. Align your shots by assessing the target from behind the ball. Then set the clubface behind the golf ball and align it with the target before you enter your stance.

- Use your torso for power. The torso is essential to a solid swing. Prac-

tice rotating from your core to control your backswing and then maintain the same spine angle and posture on the downswing.

- Use the wind. Not every golf game will be played in perfect weather. A good player knows how to make adjustments for the wind depending on the shot. Use the wind to your advantage when you can, and adjust your swing when hitting into the wind.

- Become a better chipper. Many players put so much emphasis on their backswings and putt shots that they fail to devote any practice to chips. All shots are important for golfers trying to shed strokes off of their scores.

- Keep fit. Maintaining or improving your physical strength and overall health can help your golf game. Exercise and eat right, and you will have more endurance on the links.

# INSURERS URGE ALBERTANS TO PREPARE FOR THE 2021 HAIL SEASON

**Submitted by Insurance Bureau of Canada**

June to September is hail season in Alberta. Homes are being damaged more frequently not only by hail, but also by heavy rainfall and strong winds. In preparation of this year's hail season, Insurance Bureau of Canada (IBC) is sharing tips and information to

help consumers protect themselves and their property.

During a severe weather event, such as a hailstorm, everyone's priority must be their own safety, and the safety of their loved ones and neighbours. With the COVID-19 pandemic still being a major factor across Canada, there is a greater need for Albertans to plan ahead and be prepared.

Be prepared

- Keep a current, detailed inventory of your home's contents.
- Assemble an emergency supply kit.
- Create an emergency preparedness plan for your household.
- Monitor the local weather forecasts and Alberta Emergency Alerts for watches and

warnings for thunderstorms (which often include hail).

- Know your risks and review your insurance policy with your insurance representative.
- How to get ready for severe weather
  - Secure barbecues, and secure or store patio furniture indoors when severe weather is in the forecast.
  - Park your vehicle in a covered area.

- Ensure proper grading around your home.
- Have someone check your property if you are away.
- Install a sump pump, and a sewer backup or backflow valve.
- Consider resilient building materials when completing repairs.

How to protect yourself before and during a storm

- Stay away from windows, doors and skylights during a storm.
- Do not drive through flooded intersections or large puddles.

• Watch for flooded areas. Excessive hail combined with heavy rain can plug storm drains and create local flooding.

• If driving, find a place to safely pull off roadways and protect yourself from shattered glass by facing away from all windows.

• If you are caught outdoors with no immediately available shelter, crouch down, face away from the wind and protect your head and neck with your hands.

If you need to make a claim, here's how to start the process

- When safe to do so, assess, photograph and document the damage.
- Call your insurance representative or company to report the damage or losses.
- Be as detailed as possible when providing information of the damage to you property.
- Water damage to vehicles is usually covered under comprehensive or all-perils auto insurance policies. Contact your insurance representative

# Insurers Urge Albertans to Prepare for the 2021 Hail Season

for details.

• If you need help getting in touch with your insurer, phone IBC's Consumer Information Centre at 1-844-2ask-IBC (1-844-227-5422) or email askibcwest@ibc.ca.

This decade, Alberta has experienced more severe weather events than any other region in Canada. Taxpayers and insurers share the cost for severe weather damage. For every dollar paid in insurance claims for damaged homes and businesses, all levels of government and taxpayers pay much more to repair public infrastructure. Yet Canada still lacks a national climate adaptation strategy with measurable targets and the accompanying investments needed to protect Canadian homes and businesses from natural disasters.

Canadians continue to experience accelerating financial losses from the changing climate. In 2020, the federal government created the Task Force on High-Risk Residential Flood Insurance and Strategic Relocation. Through this task force, insurers will work with governments across the country to better protect properties from flooding and to ensure that every Canadian has access to affordable flood insurance. Currently, this is a standalone effort. IBC believes it should be part of a larger climate adaptation plan that coordinates action by governments and the private sector to address the growing physical risks of climate change.

Visit IBC's website at [ibc.ca](http://ibc.ca) for information on ways to prepare for a hailstorm.

**Quotes**

"The hailstorms that hit Calgary and the surrounding area last June were the worst our province has ever seen and caused over \$1.3 billion in insured damage. They were the fourth most-expensive natural disaster in Canadian history and serve as an important reminder of the need to improve our physical and financial preparedness for such events.

If consumers have insurance questions, they should contact their representative or reach out to IBC at 1-844-2ask-IBC. Insurers are here to help." - Aaron Sutherland, Acting Vice-President Pacific and Western, Insurance Bureau of Canada

"Calgary's unique location means we are susceptible to many different hazards. Summer storms with hail can be particularly dangerous and destructive. Last year we saw

these impacts first hand, but there are things you can do now to be prepared. We encourage all Calgarians to sign up for weather alerts, learn about the hazards you are vulnerable to and take the necessary steps to prepare." - Susan Henry, Chief, Calgary Emergency Management Agency

"Your insurance broker can make sure you have the right coverage to fit your needs. Speak to your broker before severe weather hits. We're here

to help." - George Hodgson, CEO, Insurance Brokers Association of Alberta

"Hail damage can be prevented or reduced. When building, use hail-resilient materials for your home and Class 4 impact resistant shingles. These materials can make a difference in protecting your home during a severe weather event." - Glenn McGillivray, Managing Director, Institute for Catastrophic Loss Reduction

# TIPS TO STOP SCHOOLYARD BULLYING

- Take it seriously. It's easy to say, "Kids will be kids" and assume it will pass. But if your child is coming home upset and is suddenly anxious about school because of the way a kid (or kids) are treating him, you should pay attention.
- Drop your kid off at school or stand on the sidelines during recess. Bullying tends to occur when adult supervision is lacking, so before school or on the playground at recess.
- Talk to other parents. Young kids are talkers. If you're friendly with a parent in your kid's class, ask them if their child has mentioned anything about kids being picked on at school.
- Tell the teacher. It's really important to let your child's teacher know what your kid is telling you -- especially if someone is getting hit.
- Empower your children. Let your kids know that it's not their fault that they are being bullied. Teach your kids to focus on their own behavior.

# RURAL CRIME AWARENESS

Protect machinery from theft by leaving valuables locked in a shed or storage facility and by marking equipment with your drivers licence and province of issue (an engraver can be borrowed free of charge from most local police detachments).

Protect livestock by checking herds regularly and keeping accurate records of livestock born, sold or purchased.

“Grain Fette” or “Grain Guard” is a unique approach to identifying your crops. Small bits of paper, each one imprinted with your special code number, are mixed with grain as grain is being augered into the storage shed. This is approved by the Canadian Grain Commission. The paper used is also digestible in animal feed.

Utilize the Report-A-Poacher Program. Their toll free number is 1-800-642-3800.

Rural Crime Watch Members are concerned citizens who are watchful for unusual activity in their community. They record information on suspicious people and vehicles and pass it along to local police. Join together with your neighbours to install a crime watch program in your area. Do not approach suspicious individuals on your own.

# BULLYING

## Tips for Dealing With Bullying

- 1) Take complaints of bullying seriously. Do not dismiss your child or expect your child to work through the situation alone.
- 2) Praise your child for reporting bullying situations to you and assure your child you will take action.
- 3) Talk to your child's teacher, counselor, or other caregiver about reports of bullying.
- 4) Work together to address the bullying situation. Don't confront the parents of the bully directly.
- 5) Ask your child specific questions about how your child is treated by peers, who he or she eats lunch with, and how other children are treated.
- 6) Teach your child to be assertive. Your child should be able to express feelings and needs clearly, without shouting or other aggressive behavior.

- 7) Provide opportunities for your child to make friends. Identify some of your child's interests and encourage your child to pursue them through sports, clubs, or other group activities.
- 8) Teach your child to identify bullying behaviors. These include hitting, damaging possessions, threatening, name calling, & excluding someone

# GYPSD NEW STAFFING ANNOUNCEMENT

## DIRECTOR OF INCLUSIVE EDUCATION

of Inclusive Education as part of the Education Services Centre's senior team beginning the 2021/2022 school year. She is replacing Kim McConnell, the current Director, who has been seconded to Alberta Education for the next two years.

Ms. Murphy is currently the Principal of École Pine Grove Middle School in Edson, Alberta. She was an Assistant Principal at Parkland Composite High School in Edson, and a Learning Support Teacher at Harry Collinge High School in Hinton. She has worked in elementary, middle, and high schools which provided her multiple opportunities to build relationships across

the Division.

Along with teaching math at varying grade levels, Ms. Murphy created and ran the Achieving Independence Program in Harry Collinge High School where she first found her passion for inclusive learning. She has also supported students as a Career and Academic Advisor at Parkland Composite and brought her experience and learning to her roles in administration.

Ms. Murphy has a Bachelor of Arts Degree from Concordia University of Alberta, and a Bachelor of Education from the University of Alberta. In recent years, she

has earned a Graduate Diploma in Leadership with Heart, and a Graduate Certificate in Advancing Healthy and Socially Just Schools and Communities through the University of Calgary. She is currently working toward a Master's Degree in Educational Research.

Proud to name herself as a student-centered leader, she holds inclusive education at the core of her priorities in education. "I am so honored to be able to step into this role and support Grande Yellowhead Public School Division's students and communities on a larger scale."

Grande Yellowhead Public School Division (GYPSD) is pleased to announce that Ms. Erin Murphy has accepted the position of Director

## ACTING DIRECTOR OF FACILITIES

Grande Yellowhead Public School Division (GYPSD) is pleased to announce that Mr. Brian Orge has accepted the position of Acting Director of Facilities.

Mr. Orge has been with Grande Yellowhead Public School Division for over 20 years. He started in the facilities department as a carpenter in 2001, working on various projects throughout the Division. In 2013, he accepted the position of Assistant Director of Facilities as well as the Division's Health and Safety Coordinator and Crisis

Incident Commander, ensuring that Division facilities are kept safe with healthy working conditions and compliant with provincial laws and regulations governing workplace safety.

Receiving his journeyman carpentry ticket from Fairview College in 1995, Mr. Orge has also received various Occupational Health and Safety accreditations during his time with the Division including his Principles of Health and Safety Management in 2013, followed by a National Construction

Safety Officer designation in 2015 from the Alberta Construction Safety Association.

GYPSD's Director of Facilities is responsible for an annual operational budget in excess of \$8 million and accountable for a large portfolio including major capital projects, facility enhancement and maintenance projects, project services, an integrated workplace management system, energy management, and sustainability for 17 schools, and other Division-owned facilities as well as a bus com-

pound in Hinton.

# ABDUCTION IS NOT A GAME

## Tips about Strangers

A stranger is anyone you don't know. There is no way to tell by the way a person looks if they are dangerous or not. A dangerous person does not always look mean or scary, so judging by the way people look is a mistake. It's not so easy to tell who is okay and who is not. Just because someone looks nasty doesn't mean that they would hurt you and just because someone looks nice, doesn't mean that they are a nice person.

There is only one person that is with you all the time and can be responsible for keeping you safe at all times. **THAT PERSON IS YOU!** Safety rules need to apply ALL THE TIME, not just when someone who looks bad or scary is around. One of the most common ways that kids get hurt by strangers is when being friendly and helpful to adults who pretend to need help. When you are without your parents or other adult you know, it is your job to protect yourself. It is not your job to offer help to any adults, even if they ask! A grown-up who needs help should get help from another adult, not a child. So remember, looking out for yourself is your biggest job when you are not with your parents or another adult, so you have permission to ignore or refuse adult requests for help

## Stranger Tips:

- Walk and play with others and use the buddy system. If you walk somewhere, walk with other children.
- Adults do not usually ask children for directions or help, they should be asking other adults. If someone in a car should stop to ask for directions, you should not go near the car.
- Stay an arms reach or more away from strangers. Stand up, back up and run to someone who can help you if you feel afraid.
- If someone is following you on foot or in a car, go to a place where there are other people--to a neighbor's home or into a store, a police station or even a library for instance--and ask for help.
- No one should ask you to look for lost items such as a "lost puppy" or tell you that either of your parents is in trouble and that he or she will take you to mom or dad. If someone tells you this, run the other way immediately and find help with an adult you know or run into a safe place you know.
- Never go near a car with someone in it or get into a car without your parents' permission. You should learn whose cars you are allowed to ride in.

# IT'S YOUR DUTY TO REPORT AN IMPAIRED DRIVER

## TIPS TO SPOT AN IMPAIRED DRIVER

Drivers who are impaired by fatigue, drugs, alcohol or other distractions such as cell phones, are a danger not only to themselves, but also to the innocent drivers around them. If you witness any of the behaviors below, call 911 and tell the operator that you are calling to report an impaired driver. Be prepared to describe the make, model, color and license plate number of the vehicle, and provide its exact location.

### Signs of impaired driving include:

- Failure to turn on headlights at night.
- Illegal or sudden turning.
- Turning within an unusually wide radius.
- Nearly striking other cars or objects.
- Sudden or erratic braking.
- Drifting, swerving or weaving.
- Driving with the face close to the windshield.
- Drinking alcohol in the vehicle.
- Driving much slower than the posted speed limit.
- Rapidly accelerating.
- Tailgating.
- Driving in the middle of the road, or with the left tires on the center line.
- Responding slowly to traffic signals

# SUDOKU

## of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**
