## ANNOUNCES \$100 MILLION IN AGRICULTURE RECOVERY FUNDING TO FURTHER SUPPORT FARMERS FACING CONTINUED EXTREME WEATHER

Submitted by Government of Canada

Today, the Minister of Agriculture and Agri-Food, the Honourable Marie-Claude Bibeau, announced that the Government of Canada is making available \$100 million through the AgriRecovery Framework to address the immediate extraordinary costs faced by producers due to the drought and wildfires. This funding is designed to match all provincial AgriRecovery

submissions on the 60-40 cost-shared basis outlined under the Canadian Agricultural Partnership. By making funding available now, producers can be assured that they will receive assistance as soon as full assessments are completed.

The Government of Canada is working around the clock to help the governments of Manitoba, Ontario, Saskatchewan, Alberta and British Columbia complete the assessments of the disaster and examine how

AgriRecovery can help respond. Once these assessments are completed, the Government of Canada will expedite work to finalize an agreement with each province on support programs. The Government of Canada is open to submissions that include direct assistance to livestock producers for added costs of obtaining livestock feed, transportation and water.

Book your Place at the Table

Please make your reservations for Friday dinners (by text or phone) no later than the Wednesday before each meal. The cook needs to know how many to expect, and our volunteers shop for supplies on Thursday.

With reservations, we can make sure we have enough food without wasting any or disappointing last-minute diners. We do allow for a small number of those, but there have been times when the volunteers (who eat last) have had reduced portions or sometimes missed items completely because of too many walk-in diners!

Garage and Bake Sale  
On Saturday, Aug. 21, the

Legion will hold an outdoor garage sale from 9 to 4. Inside will be an assortment of baked goods for sale.

The bar will be open at 11 a.m., with barbecued hotdogs for sale, and Legion memberships will be available if you don't already have yours.

If you have garage sale or bake sale items to donate, they can be dropped off at the Legion. Contact Neil or Joanne Gorman at 780-960-4160 for more information about how to donate.

Drop-in Dart League

A drop-in dart league happens every Wednesday for the summer, with doors open at 6:30 and play beginning at 7:30. The bar and pool tables are open. It costs just \$3 to play, with no experience necessary. Bring

your own darts, or we have a few you can borrow.

**KALOS Couture** is a Gift Shop - Gallery - Women's Clothing located in downtown Onoway. The KALOS Couture family is made up of a group of female artisans whose locally hand crafted work is showcased and sold here. My mission for my store is to support local artisans and the passion for what they create.

There is a lovely mural painted on the store's back door by Robert Murray and I host an open air market every Saturday from 11am to 3pm. I have fresh produce, eggs, corn, honey, herbal teas and yummy fresh baking. My reason for the open air market is to bring life back into this wonderful town of Onoway!

Farm Market SUMMER Market

# UPCOMING EVENTS

Submitted by Alberta Beach Museum

Hello Everyone - Happy Summer!

Please find listed the next two events that will be held at the Alberta Beach Museum:

1) Sunday, August 15 - between 2 and 4 p. m. We will be showcasing The Train Station.

The train station may very well be the most important building at the museum. You see, Canadian Northern had a vision to turn Alberta Beach into a summer village. So they bought up the surrounding land and in 1912 began offering an excursion to their employees that included a train ride and family picnic at the lake. Well, it didn't take long or much persuasion for these railway men, their wives and

children to fall in love with the area, purchase a lot and begin building summer cottages.

Since the only access was by train, CN catered exclusively to this market for the next 24 years and three season cabins popped up all along the shores of Lac. St. Anne.

Then in 1936, not long after the first road was built as an alternative method of travel, the train ceased operating. But not before the now century old station had made its mark and surpassed its original expectations.

What started with the hopes of simply becoming a summer getaway is now known as The Alberta Beach Village. In addition to its seasonal occupants, The Village has also become home to hundreds of year round residents as well.

To view this original refurbished historic building and learn more about it we look forward to your visit.

2) On Thursday, August 19 - We will be hosting a High Tea for seniors between 2-3pm.

Guests must rsvp in advance @ 780-924-2140

So give us a call as soon as possible if you wish to attend as seating is limited.

Yours truly,  
Linda Sydor,  
Museum Publicist

### JOKE of the week

Three friends stranded on a deserted island find a magic lamp. Inside it is a genie who agrees to grant each friend one wish.

"I want to go home," says the first friend. The genie grants her wish.

"I want to go home, too," says the second friend. And the genie sends her back home.

"I'm lonely," says the third friend. "I sure wish my friends were back here."

*You are Invited -  
to participate in a public open house  
regarding a proposed development  
in your neighborhood .....*

It is the intent of the Owners/Developers to further subdivide the described lands to be utilized for Country Residential purposes. Within the process of subdivision an Area Structure Plan must be prepared and formally adopted by County Council. An Area Structure Plan is a Statutory Plan authorized by Section 633 of the Municipal Government Act (MGA), Statutes of Alberta, 1994, Chapter M-26.1, for the purpose of providing a framework for the future subdivision and development of lands within a municipality. The MGA further requires that all statutory planning documents be consistent with each other and that an ASP must describe:

- sequencing of development.
- proposed land uses, either generally or specifically.
- population density.
- the general location of major transportation and public utilities; and
- any other planning matters that Council may consider necessary.

*As a stake holder with property in the vicinity of the described proposed development, you are invited to an "OPEN HOUSE" to review and discuss documents and drawings for the proposed development, to be known as Westwynd Equestrian Meadows.*

# COVID-19 UPDATE FOR WHITECOURT

Submitted by Town of Whitecourt

The Government of Alberta recently announced a number of changes to COVID-19 public guidelines.

**Masks**  
Starting August 16, mask use for public transit, including ride share vehicles, taxis, motor coaches, and shuttles, will no longer be required. Individuals who use Whitecourt public transit may choose to continue to wear masks.

**Isolation and Quarantine Requirements**

Effective currently:  
• Close contacts of an individual with COVID-19 will no longer be legally required to quarantine, unless directed to do so by local public health.

• Individuals with COVID-19 symptoms and confirmed cases will still be required to isolate.

Starting August 16:  
• The 10-day isolation period following a positive test result

will no longer be mandatory, but will be strongly recommended.

• Isolation hotels and quarantine support will no longer be available, as requirements for this will be removed.

**Testing**  
Starting August 16:

• In general, Albertans who feel unwell or who have COVID-19 symptoms should stay home and limit contact with others until they are back to normal. Testing will no longer be recommended for those with mild symptoms for whom a result will not change their treatment.

• Testing will be available for those with symptoms when it is needed to help direct patient care decisions.

As of August 31, testing assessment centres will close throughout the province, and testing will only take place in primary care settings including physicians' offices.

Vaccine Program  
Albertans aged 12 and over

are encouraged to book their first and second dose of COVID-19 vaccination.

COVID-19 vaccines help prevent you from getting infected and protect you from getting severely sick if you do get it. All vaccines are safe, effective, and save lives.

• Provincially, 65.8% of 12+ population is fully vaccinated.  
• Locally, Whitecourt's vaccination rate is lower than the Provincial average, with only 48.9% of 12+ population fully vaccinated.

• Since Jan 1, 2021, only 0.2% of people with one dose were diagnosed with COVID-19, 14 days after the first immunization date and 0% of people with two doses were diagnosed with COVID-19, 14 days after the second immunization date.

• 94.8% of cases since Jan 1, 2021 were unvaccinated or diagnosed within two weeks from the first dose immunization date.

• 92.1% of hospitalized cases (5,252/5,700) since Jan 1, 2021

were unvaccinated or diagnosed within two weeks from the first dose immunization date.

• 86.9% of COVID-19 deaths (691/795) since Jan 1, 2021 were unvaccinated or diagnosed within two weeks from the first dose immunization date.

"I encourage all eligible Whitecourt community members to get vaccinated to keep our families and community safe," stated Mayor Maryann Chichak. "I know that people have a lot of questions about the vaccine, and that conflicting information on this topic can be overwhelming. The provincial government has compiled information on each of the vaccines available to Albertans, and a listing of facts about the vaccine program on its website. Please visit the site, and contact your local health care provider for information." ## AGRIRECOVERY FUNDING

Submitted by Gerald Soroka MP for Yellowhead

Parliament for Yellowhead wishes to advise that Agriculture and Agri-Food Canada has announced \$100

million in AgriRecovery funding to further support farmers facing continued extreme weather due to the drought and wildfires. This funding is designed to match all provincial AgriRecovery submissions on the 60-40 cost-shared basis out-

lined under the Canadian Agricultural Partnership.

Once assessments are completed, work will be expedited to finalize an agreement with each province.

be connected to an intrusion alarm

Opt-in program facilitates rapid first-response premises entry As part of a collaborative regional initiative, Lac Ste. Anne County Fire Services has adopted the Knox Box program – and with it, a system that allows first responders to gain access to a home within seconds in a life threatening or critical situation.

• Fewer operational issues, such as keys jamming the lock mechanism

• Audited trails of when the key lock box is accessed  
Knox Box is presently the County's only approved key lock box program.

Other participating municipalities to date include the cities of Edmonton, Spruce Grove, Fort Saskatchewan and Leduc; the Town of Mayerthorpe; and Strathcona County.

# SUMMER SAFETY BBQ

Submitted by Lac Ste. Anne County

Keep this summer delicious and safe with these BBQ safety tips!

With summer finally arriving, it's an excellent time to remind ourselves about barbecue

safety. Poor barbecue practices and maintenance can result in house, or deck fires, so remain cautious when operating.

**BBQ Safety Tips:**

- Always clean your grill to prevent grease fires and flare-ups.
- Only use your grill outside

in a well-ventilated area.

- Place the grill a reasonable distance from the house.
- Never leave a lit grill unattended.
- Use long utensils and heat-resistant mitts to reduce the risk of burns.
- Always remember to shut

off the gas valve after cooking.

For more great information on preparing and maintaining your barbecue, visit the Barbecue Safety section on [canada.ca](http://canada.ca).

## Announces \$100 Million In Agri recovery Funding To Further Support Farmers Facing Continued Extreme Weather

*Continued From Page 1*

Minister Bibeau also announced that Manitoba is invoking the late participation provision of AgriStability. Provinces affected by drought are encouraged to invoke this provision to allow producers who did not enroll to access program support. Producers can also apply for interim payments under AgriStability, which can help cope with immediate financial challenges. To date, the Government of Canada and the governments of Saskatchewan, Alberta and Manitoba have agreed to increase the 2021 AgriStability interim benefit payment percentage from 50% to 75%, so producers can access a greater portion of their benefit when needed most. Minister Bibeau repeated the Government of Canada's offer to provinces to raise the AgriStability compensation rate from 70% to 80%. This would provide farmers across the country an additional \$75 million per year, benefiting distressed farmers who need help now more than ever.

Minister Bibeau also announced the designation for Livestock Tax Deferral of additional prescribed drought regions in British Columbia, Alberta, Saskatchewan and Ontario. This adds to the list of prescribed drought regions across Canada announced on July 22, 2021. The designation will allow beef producers who are forced to sell a significant amount of their breeding herd due to drought conditions to offset the resulting revenues with the costs to replace the herd.

AgriInsurance helps producers manage production and quality losses caused by these adverse weather conditions, including drought. Minister Bibeau highlighted the federal support to all Prairie provinces for immediate bilateral adjustments to the cost-shared AgriInsurance program to make drought-damaged crops available for feed. These measures will increase the amount of crops available for livestock producers in this time of need.

The Government of Canada stands with farm families during this difficult time, and is listening to their needs and taking action to respond.

### Quick Facts

- AgriRecovery responses that exceed \$60 million in total federal budget require additional program authorities. The Prime Minister has authorized access to the \$100 million announced today, and this funding will complement the \$25 million in COVID-19 support estimated for 2021-2022, primarily targeted towards the livestock sector in Canada.

- Producers have access to a suite of Business Risk Management (BRM) programs to help them manage significant risks that threaten the viability of their farm and are beyond their capacity to manage.

- On July 22, Minister Bibeau visited Manitoba's Interlake Region, where she met with drought-impacted farmers to see first-hand how drought conditions are creating crop losses, affecting crop quality, and reducing forage and water supplies available to livestock.

- AgriRecovery is a federal-provincial-territorial disaster relief framework

intended to work together with the core BRM programs to help agricultural producers recover from natural disasters. AgriRecovery helps with the extraordinary costs associated with recovering from disaster events.

- AgriStability is one of the BRM programs under the Canadian Agricultural Partnership. It protects Canadian producers against large declines in farming income for reasons such as production loss, increased costs and market conditions. While the deadline to enroll for the 2021 program year has passed, provinces may request late participation to make the program available to other producers during a crisis situation.

- An interim payment under AgriStability is based on estimates of a participant's program year production margin and reference margin. To receive an interim payment, the participant's estimated production margin must decline by more than 30% of their estimated reference margin. Participants can apply for an interim payment to access program funds early. Provincial governments can request that the interim payment percentage be increased from 50% to 75%.

- The Livestock Tax Deferral provision allows livestock producers in these regions who reduced their breeding herds by at least 15% due to drought or flooding, to defer a portion of their 2021 income from sales until the 2022 tax year, when the income may be at least partially offset by the cost of reacquiring breeding animals, which may reduce their potential tax burden. Eligible regions are

identified based on weather, climate and production data, in consultation with industry and provinces. The criteria for identifying regions for Livestock Tax Deferral is forage shortfalls of 50% or more caused by drought or excess moisture. Agriculture and Agri-Food Canada officials continue to monitor weather, climate and production data from across Canada and will add regions if they meet the eligibility criteria. When prescribed costs are identified, the list is announced publicly and posted to this web page.

- AgriInvest is a self-managed producer-government savings account designed to help producers manage small income declines and make investments to manage risk and improve market income. Canadian agricultural producers can access the funds in their AgriInvest accounts at any time.

- During a crisis such as this, farmers facing the stress and uncertainty of providing for their families may suffer serious mental health impacts. Those needing help are encouraged to reach out for support, and can contact The Do More Ag Foundation, a not-for-profit organization focusing on mental health in agriculture across Canada.

# SUDOKU

of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
