EVANSBURG RCMP RESPOND TO FATAL COLLISION WITH A MOOSE

Submitted by Evansburg RCMP

On Aug 10, 2021, shortly before 6 a.m., Evansburg RCMP, AHS ground ambulance, Parkland County Fire Services and STARS air ambulance, all responded to report of a collision on Highway 16 West, at Range Road 55. Preliminary investigation

supports the vehicle collided with a moose.

The 21-year-old male driver and sole occupant of the vehicle, sustained life threatening injuries in the collision. He was transported via STARS to an Edmonton-area hospital. The driver succumbed to the injuries and died in hospital.

A moose was found deceased a few hundred metres away from the collision.

Evansburg RCMP express their condolences to the family and friends impacted by this tragedy.

COMMUNITY PICNIC NEWS UPDATE

Submitted by Wildwood and District Agricultural Society

I can't believe it's already the second week of August. Normally this time of year, you all would be preparing your exhibits for the Wildwood And District Agricultural

Society's Annual fair. Because we could not host a fair, we are going to host a community picnic on Sunday, August 29th, 2021, from 1-4 pm. There will be fun activities for people of all ages. There will be hotdogs, hamburgers and drinks provided. The Wildwood UFA is

proud to sponsor this event and would like to thank the community for their ongoing support. I hope you all are enjoying your beautiful flower and vegetable gardens. And we wish you all a bountiful harvest

COAL POLICY ENGAGEMENT

Coal Policy Committee Guest column for your consideration

Submitted by Coal Policy Committee

Over the last few months, it's been made clear to the Coal Policy Committee that the topic of coal development is important

for Albertans, who hold many views and opinions on the subject. That's why the committee has been tasked by Alberta's Energy Minister Sonya Savage with leading a widespread public engagement to inform a

modern coal policy.

The independent committee is comprised of five members who represent a wide-range of backgrounds and perspectives on policy development.

FALLIS COMMUNITY ASSOCIATION PRESENTS ITS 15TH ANNUAL SHOW AND SHINE

Submitted by Fallis Community Association

On September 11th Fallis Community Association will present its 15th Annual Show and Shine. This long running event is a major fund raiser for the small hall located at Range Road 52 and

Highway 16 approximately 80 km west of Edmonton between the Villages of Wabamun and Seba Beach.

We will continue to put participant and volunteer safety first and foremost and will adhere to any AHS guidelines in place at the time of the event. As in past

years, car enthusiasts will be there with their custom and classic cars on display with registration starting at 10:00 AM. EQUUS is our prize sponsor and there will be prizes awarded based on vintage (eight in total). Winners will be announced at 3:00. Entry for into the Show and Shine is by donation. Our registration sponsor is the Fallis Country Store.

There will be a "King and Queen" contest at 11:30 sponsored by Martin Deerline. There will be a 50/50 and meat draw as well. The winners of the 50/50 and meat draw will be announced at 2:30. There will be a concession from 11:00 to 3:30. Back this year is the popular Kids Car Clinic. Kids will have an opportunity to customize and race wooden race cars.

JOKE of the week

One day a man with an elephant walks into a movie theater.
"I'm afraid I can't let your elephant in here, sir," the manager says.

"Oh, I assure you, he's very well behaved," the man says.

"All right then," the manager says. "If you're sure. ..."

After the movie, the manager says to the man, "I'm very surprised! Your elephant was well behaved, and he even seemed to enjoy the movie!"

"Yes, I was surprised, too," says the man. "He hated the book."

Aldrich, Alan

It is with great sadness and heavy hearts that we regret to announce that our beloved Alan passed away at the age of 71 on August 11, 2021 with his wife (Noreen) and son (Kristian) by his side. He was born November 2, 1949 in Winnipeg, Manitoba to Ethel and Harold Aldrich. He is survived by his wife Noreen and his son Kristian, his son Robert (Gimja), his daughter Tracy (Phil), his daughter Megan (Tim), his daughter Kristie, his brother John (Evelyn), his brother Roger, his sister Lori (John), his brother Jerry (Kerry), his granddaughters Ayden, Erika and Felicia, his grandson William, and numerous nieces and nephews. Alan worked many years as a power lineman and treasured the memories and friendships that he made. Boating at the lake was one of his greatest joys, however his fondest memories were made travelling with his family to various destinations such as the Bahamas, Hawaii and Disneyland. He will be greatly missed and live on in our hearts forever

RURAL TRANSIT SOLUTIONS FUND

Submitted by Gerald Soroka MP for Yellowhead

Gerald Soroka Member of Parliament for Yellowhead would like to inform constituents of the Rural Transit Solutions Fund in the amount of \$250 million. This funding is available over five years beginning in 2021 and will support the development of locally driven and transit solutions by helping people living in rural communities get to work, school, appointments, and visit loved ones.

From on-demand services, to publicly owned, ride shares, and volunteer community car-pooling, funding will help rural, remote, Northern and Indigenous communities and eligible organizations across Canada develop and offer new public transit options to their residents.

Eligible applicants can seek

grants of up to \$50,000 in support of project planning; up to \$3 million to help cover capital costs (the purchase of a vehicle or digital platforms); and up to \$5 million to support zero-emission transit solutions (for the purchase of a zero-emission vehicle(s)).

A minimum of 10% of the total \$250 million funding envelope for Rural Transit Solutions Fund will be allocated to Indigenous projects being led by and for Indigenous populations and communities.

As part of the first call for applications from August 6, 2021 to October 8, 2021, eligible applicants can seek up to \$50,000 in support for project planning grants.

Coal Policy Engagement

Coal Policy Committee Guest column for your consideration

Continued from Page 1

We are working to gather Albertans' thoughts about coal development. These views will help shape and inform the province's long-term approach to the subject.

Since our appointment in March, mindful of past COVID restrictions, we have been meeting virtually with interested parties and technical experts from

across the province. The committee is continuing to meet with individuals and groups that we hope will include expanded engagements with Indigenous interests. We recently undertook informative tours of communities in southwest and central Alberta.

The conversations we've had are wide-ranging. The topics span the ecological impacts of coal mining, re-

sponsible resource development, effective regulatory regimes, water quality, fish and wildlife conservation, jobs, economic activity and specific concerns from municipalities, towns and cities.

To date, we have completed 48 engagement sessions and have received approximately 575 individual submissions. As part of our commitment to the pro-

cess, we hope to hear from as many Albertans as are interested and we reiterate our wish to hear from you. Your views will form valuable input to the committee's recommendations in our final report to the Minister of Energy.

We welcome your thoughts by email at energy.coalpolicy@gov.ab.ca or by mail:

\$100,000 EXTRA WIN IN STONY PLAIN!

Submitted by Town of Stony Plain

Terence Saxton was surprised when he looked up his LOTTO MAX and EXTRA numbers and discovered he had won \$100,000 on the May 14 EXTRA draw!

"I checked my numbers on WCLC's website the day

after the draw," he said. "When I saw that I had won \$100,000, I just sat at my computer in complete shock." The new winner said he has a couple plans for his winnings.

"I think the main thing for me is that this win will help me to enjoy my retirement just a little bit more," he

said. "And when it's safe to travel again, I'm going to!" Saxton purchased his \$11 ticket from the Safeway Gas Bar located at 4202 South Park Drive in Stony Plain. He won his prize by match-

ing the last six digits of the EXTRA number - 3236834.

EDMONTON INTERNATIONAL AIRPORT

Submitted by Gerald Soroka MP for Yellowhead

Gerald Soroka Member of Parliament for Yellowhead wishes to advise that

the Government of Canada is providing the Edmonton International Airport with almost \$18.5 million from Transport Canada's Airport Critical Infrastructure Program for critical infrastructure improvements including upgrades to runways and airfield lighting. The work will begin in late 2021 and is expected to be completed in 2024. These projects will help ensure continued safety for passengers, air crews and airport employees. In addition to the funding for the critical infrastructure projects, close to \$6.2 million from Transport Canada's Airport Relief Fund has been set aside to maintain continued airport operations and essential air services for residents and workers in Edmonton and surrounding communities. Information can be

found at:

A) Airport Critical Infrastructure Program: <https://tc.canada.ca/en/programs/airport-critical-infrastructure-program>

B) Airport Relief Fund: <https://tc.canada.ca/en/programs/airport-relief-fund>

BACK-TO-SCHOOL

DID YOU KNOW?

- Red means STOP. The penalty for passing a school bus with its alternating flashing red lights activated is \$402 and six demerit points.
- School buses in Alberta transport nearly 250,000 youngsters twice a day.
- Transport Canada reports that school bus travel in Alberta is 16 times safer than commuting in the family vehicle.
- The biggest bus danger to children is when they are getting on and off the bus.
- More than 6,300 school buses are driven by conscientious, dedicated drivers every school day in Alberta.

This safety reminder is brought to you by these caring businesses:

BACK-TO-SCHOOL

PLEASE DRIVE CAREFULLY!

SCHOOL BUS SAFETY

1. Always listen to the school bus driver
2. Always stand in a group while waiting for the bus. No pushing or shoving.
3. Always stay out of the DANGER ZONE until the bus driver says its ok to get on. You are too close if you can touch the bus.
4. Always remember to wait until the bus stops before standing up and leaving your seat. You move away from the bus and out of the DANGER ZONE right away when you get off the bus.

THIS SAFETY REMINDER IS COURTESY OF THE FOLLOWING LOCAL BUSINESSES:

Golfer's GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a

valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the

basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

PUTTING POOR CROPS TO GOOD USE

Submitted by Government of Alberta

The governments of Canada and Alberta, through the Canadian Agricultural Partnership, are adjusting the crop insurance program.

Low Yield Allowance is a standard part of the production insurance program, and is meant for situations of extreme heat and severe drought. Alberta is doubling the low yield threshold to allow for additional cereal or pulse crops to be salvaged for livestock feed. For example, the barley crop threshold will be increased from 150 to 300 kg per acre.

Since mid-June, there has been a significant deterioration of crops across the province. Current weather conditions are not improving, and industry expects to see further deterioration in crops.

Together with the federal government, Alberta is making an adjustment to crop insurance that will allow farmers to put more poor quality crops towards livestock feed, helping ease feed shortages for livestock during the current drought.

This adjustment encourages producers to act swiftly to salvage crops for livestock feed rather than watch their fields deteriorate further, and risk harvesting nothing. As these crops would otherwise be covered by crop insurance, there will likely be minimal additional payments resulting from this decision.

Under the federal-provincial cost-shared Canadian Agricultural Partnership, there are a number of business risk management programs available through Agriculture Financial Services Corporation (AFSC)

to help Alberta producers manage significant risks that threaten the viability of their farms, including crop insurance.

Alberta's AFSC has a total of 119 active adjustment team members following the addition of 21 new members in December 2020 and April 2021. The government has advised crop adjusters to be flexible and complete early assessments with affected crop and hay land; for example, offering alternative use of crops to address forecasted feed shortages in our livestock industry.

Last week, Alberta, along with Saskatchewan, Manitoba and Ontario, received verbal commitment from the federal government that a joint AgriRecovery program will be initiated to support producers affected by drought conditions prior to a federal election. Assessments are currently underway in these provinces.

Alberta announced a 20 per cent reduction in premium costs for crop, pasture and forage insurance earlier this year which protects against weather-related production loss. As a result:

- Almost 400 additional farmers and ranchers enrolled in crop, pasture and forage insurance.

- Almost 1,400 farmers and ranchers increased their

level of crop, pasture and forage insurance coverage.

- Almost 230 clients re-enrolled in crop, pasture and forage insurance after canceling their subscriptions in 2020 or prior years.

The adjustments to crop insurance add to the steps already taken by the government of Alberta to ensure farmers are supported during this difficult time. Other steps include:

- Formally requesting the federal government initiate an AgriRecovery assessment.

- Asking the federal government to ensure all significantly affected municipalities are included as eligible in the designation for the federal Livestock Tax Deferral provision. This would allow farmers who sell part of their breeding herd due to drought in a prescribed drought region to defer a portion of sale proceeds to the following year.

- Increasing the percentage paid on interim payments under AgriStability.

Making a claim

It is extremely important that before clients put a crop to an alternative use, they talk to their AFSC branch office.

Priority will be given to clients who want to use crops for immediate pasture or clients who want to silage or bale crops.

School's In!

BACK TO SCHOOL

Below are tips to help your child start the school year well rested and back on their regular schedule.

1. Start early. Begin the transition to a regular sleep schedule a couple of weeks before school starts.
2. Shift times in small increments.
3. Be prepared for some resistance.
4. Limit the use of electronics before bedtime.
5. Use a different approach for adolescents.
6. Once the routine is established, don't backslide. Once your child or teen is in a good sleep routine, maintain this routine throughout the week.

PARKLAND RCMP CONDUCT WATER SAFETY PATROLS AND BOAT INSPECTIONS FOR AUGUST LONG WEEKEND

Submitted by Parkland RCMP

With the on going hot temperatures and the easing of health restrictions in Alberta, many people are taking to lakes and rivers to cool off and enjoy the outdoors. The Parkland RCMP conducted patrols and boat inspections over this August long weekend in Wabamun Lake, Nakamun Lake, and Lac Ste Anne.

Approximately 175 boats were checked for proper safety equipment, operator cards and to ensure there was no alcohol on board. The following is a break down of what police encountered:

20 warnings were issued for safety equipment violations

10 warnings were issued for persons not have a Pleasure Craft Operator's Card

5 Warnings were given for alcohol on board a pleasure craft and the liquor was seized

5 persons under the age of 16 were warned for operating Personal Water Craft (Seadoo / Waverunner)

2 groups of rafters / boaters were ordered off the lake for numerous safety violations

In addition, the Parkland RCMP performed three rescues consisting of one broken down boater, and two groups of people on floaties and paddle boards who were caught in the wind and unable to get back to shore.

No charges were laid as this was an educational approach to ensure people correct their behaviour on the water, given the high number of drownings in the Province this year.

Parkland RCMP are reminding the public that a Pleasure Craft Operators Card is mandatory for operating water craft in Canada, and alcohol is prohibited on pleasure craft. For more information, please

visit the Transport Canada website, Office of Boating Safety at www.tc.canada.ca/en/marine-transportation/marine-safety/office-boating-safety. There you will find information on obtaining a Pleasure Craft Oper-

ators Card, Safety guides, life jacket information and more.

ALBERTA-BASED SMALL AND MEDIUM SIZED TECHNOLOGY COMPANIES

Submitted by Gerald Soroka MP for Yellowhead

Gerald Soroka Member of Parliament for Yellowhead wishes to advise that Western Economic Diversification Canada (WD) has announced a \$5 million investment under the Regional Innovation Ecosystem (RIE) program to increase access to supports and resources for Alberta-based small- and medium sized technology companies. This investment will enable Alberta Innovates to expand funds available to not-for-profit business accelerators participating in its Scale-Up and Growth Accelerator Program. Alberta Innovates

is a provincial organization that provides funding programs, advice, connections, technical expertise and applied research services to stimulate and grow research and innovation across Alberta.

Approximately 300 Alberta technology firms across a range of economic sectors are expected to benefit from the initiative over the next three years. Western Economic Diversification Canada funding will complement an investment of up to \$25 million from Alberta Innovates, bringing total funding for the initiative to up to \$30 million.

EXTENDING TIMELINES FOR COVID-19 TRANSITION

Submitted by Government of Alberta

Alberta will take additional time to implement its plan to bring the province's COVID-19 response in line with other respiratory viruses.

After closely monitoring COVID-19 in Alberta for the previous two weeks and reviewing emerging evidence from other jurisdictions, the following will continue until Sept. 27:

- Mandatory masking orders in publicly accessible transit, taxis and ride-shares.
- Mandatory isolation for 10 days for those with COVID-19 symptoms or a positive test result.
- Testing at assessment centres for any symptomatic individual.

tomatic individual.

These measures were scheduled to be eased on Aug. 16, however this six-week pause will provide additional time to monitor severe outcomes of COVID-19 and increase immunization rates.

"It's important that we move forward with decisions based on the best evidence and appropriate caution. I appreciate Dr. Hinshaw's advice to allow more time for us to monitor the situation and help ensure a safe reopening, including a safe return to school. This extra time will help us make a safe transition to living with COVID-19 as we get our communities, our economy, and our health system back to normal." Tyler Shandro,

Minister of Health

"Through the pandemic, we have monitored the situation closely and adapted our response as necessary. Reviewing data from Alberta and across the globe in the past few weeks has led me to a point where I feel that a pause on the next changes is the best way forward. I deeply care about, and am committed to, the overall health of all in Alberta. This is why I base my decisions on science and my professional assessment of an ever-changing situation." Dr. Deena Hinshaw, chief medical officer of health

Recent evidence

Recent data from here in Alberta and other jurisdictions including the U.K. and U.S. shows a wide range of acute care impacts at similar level of vaccination to Alberta's. The uncertainty and potential for larger impacts warrants further caution, although a peak in admissions that would disrupt the health system at provincial level remains extremely unlikely. Health officials will continue to closely monitor hospitalizations and other severe outcomes due to COVID-19 in the province.

Get fully vaccinated

Albertans are encouraged to continue booking appointments for first and second doses to ensure full effectiveness and long-lasting protection. Being fully immunized is the best way to protect yourself and those around you.

Anyone who has not yet booked their vaccine can do so by visiting www.alberta.ca/vaccine to find available appointments with AHS or participating pharmacies across the province. Select locations are offering walk-

in clinics for first doses.

Alberta is providing an extra incentive to Albertans who are vaccinated through its Open for Summer Lottery. To register and for complete details, visit www.alberta.ca/lottery.

Quick facts

- Changes that took effect on July 29 will continue to be in place. They are:

- o Quarantine for close contacts is recommended (previously mandatory).

- o Contact tracers are no longer notifying close contacts about exposure to COVID-19. Individuals are asked to tell their close contacts when informed of their positive result. All positive cases will continue to be notified. Contact tracers will continue to investigate cases that are in high-risk settings such as acute and continuing care facilities.

- o Outbreak management and identification will focus on high-risk locations, including continuing care and acute care facilities. Community outbreaks with a surge in cases leading to severe outcomes will also be addressed as needed.

- o Asymptomatic testing is no longer recommended.

PREVAIL MAX
CELLULAR HOMEOSTASIS FORMULA

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU
...RIGHT DOWN TO THE LAST CELL!

How do you want your
BLOOD to look?

Before PrevailMAX:	After PrevailMAX:
poor circulation	better circulation
low energy	more vitality
brain fog	mental clarity
dehydration	cellular movement
decreased nutrients	nutrient assimilation
pH imbalance	balanced pH
poor endurance	optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, PrevailMAX™ supports healthy cell performance – a nutritional breakthrough for your cells.

When you use PrevailMAX™, you will feel more energy and an ability to focus like never before. Take a few sips today and see just how good you can feel!

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

6	4	9	3	5	1	8	2	7
8	1	2	9	7	6	3	4	5
