### MAYERTHORPE RCMP SEEK PUBLIC ASSISTANCE TO LOCATE MISSING FEMALE

Submitted by Mayerthorpe RCMP

Mayerthorpe RCMP are asking for public assistance to locate 31-year-old

Franky Daylene Potts.

On Aug. 20, 2021, Franky was dropped off by a family member at a gas station in the area of Highway 43 and Township Road 534. At that

time, she indicated to family she would be heading west.

Submitted by Royal Canadian Army Cadet

20 MONTHS!  
It has been this period of time since our local army cadets have been in the field

conducting training and it was good!

With current covid protocols being observed, the cadets and staff of 3053 (Lac Ste Anne) Royal Canadian Army Cadet Coros were

able to gather at Imrie Park and safely cover some lessons in-person.

# Parkland RCMP Investigate Fatal Collision Involving Stolen Vehicle

*Continued from Page 1*

Preliminary investigation revealed that the involved vehicle was a white SUV recently stolen from Edmonton. It had allegedly left the roadway, rolled onto its roof, and become lodged between trees in a wooded area.

Two occupants were lo-

cated inside the vehicle. A 25-year-old male from Paul First Nation, Alta. was transported to hospital by STARS air ambulance in critical condition. The second male occupant was declared deceased on scene by EMS. His identity has not yet been confirmed.

Parkland RCMP with the assistance of the RCMP Collision Analyst are con-

tinuing to investigate the circumstances of this collision.

Parkland RCMP are asking residents in the area to check their security cameras for any CCTV footage or dash camera footage that may be related to the white SUV in the hours before the collision.

A large "Thank you" to the Onoway Fish and Game Club for opening up the camp for us to yes.

The switch from Saturday October 23rd to Sunday the 24th was also a great move!!

The balmy +10c and sunny sky was much more favour-

able to training than what was experienced on Saturday with plenty of rain and cold winds.

Staff and cadets found the opportunity to train in-person very fulfilling and hopefully a sign of things returning to a more normal state of being.

# WHITECOURT TOWN COUNCIL UPDATE

Submitted by Town of Whitecourt

Whitecourt Town Council for the 2021-2025 term had its first Regular Meeting on October 25. Council, which was sworn in on October 23, has already met for an orientation with Administration, and attended a governance presentation by George Cuff, a respected consultant in the municipal government sector. Council is moving forward on budget deliberations and has scheduled a number of meetings for the coming weeks to discuss and

prepare the 2022 operating and capital budgets.

A number of public appointments were made to Council Committees. To everyone that submitted applications for Council Committees – thank you for your commitment and willingness to serve our community. All applicants will be contacted in the coming days regarding the status of Council Committee appointments.

Whitecourt Town Council has proclaimed November 2022 as Family Violence Prevention Month. Events and activities planned through-

out the month aim to encourage Albertans to work together to promote healthy relationships and safe communities throughout our province. Albertans are also encouraged to show their support by wearing purple throughout the month. For information on events scheduled in Whitecourt, including the Shine A Light event and Breakfast with the Guys, visit [www.whitecourtfvi.ca](http://www.whitecourtfvi.ca).

Each year, Alberta Municipal Affairs compiles results of financial and governance performance measures for all

municipalities.

The performance measures are used as benchmarks by the Province to ensure Albertans live in viable municipalities that are responsible, collaborative and accountable. Whitecourt did not triggered any of the critical indicators.

## Friday Dinner

On Friday, November 5, Dwight and crew are back in the kitchen. They'll be serving stuffed loin roast with roasted potatoes and carrots, celery/apple slaw along with fresh buns and dessert. Don't forget to reserve your spot by the evening of Wednesday, November 3 by calling or texting Linda at 780-907-6300. Remember, the Legion is following the restricted exemption program so proof of vaccination is required for dining inside. Everyone can receive take-out orders by reservation.

## Remembrance Day Ser-

vice  
This year, the Remembrance Day service will be outside at the Onoway Legion. The public is invited to attend and is asked to be in place by 10:30 a.m. so the service can begin at 10:45. Anyone wishing to place a private wreath is welcome to do so after the formal ceremony is completed.

Following the service, members and veterans are invited into the legion, following AHS guidelines which require proof of vaccination or a recent negative Covid test. If the weather is really severe, the service will be held inside the legion, with limited attendance to allow for the required

separation of people.

Dinner on November 12 The evening after Remembrance Day, there will be no Friday night dinner served at the Legion.

## Legion Memberships Due

Early-bird memberships for 2022 are available until the end of November. The regular membership costs \$50, with the early bird only \$45. Pay at the bar, e-transfer to onoway.legion.132@gmail.com, or mail a cheque to Box 471, Onoway, T0E 1V0.

No password is required to e-transfer; simply put "Membership" plus your last name in the notes section.

## Poppy-decorated Afghan Raffle

Time is running out to buy tickets on the "Lest we forget" patterned afghan being raffled off to raise funds for branch renovations. Tickets are \$2.00 each or 3 for \$5.00, with tickets available at the branch. The draw will be held on Remembrance Day.

# WHAT MATTERS TO YOU— EQUALIZATION CORRIDORS & WORLD NEED FOR CLEAN ENERGY

Submitted by MLA Shane Getson

Congratulations to all the successful candidates in the recent municipal elections. I look forward to meeting the new members of the councils and boards, as well as reengaging with incumbent members. I wish to thank all of those who ran in the election and were not successful in your run. In many cases you stepped out of your comfort zone and put your face and ideas out there on how you wanted to make a genuine difference for our communities. That is no small feat and requires courage.

I was very encouraged to see the results of the question on equalization – whether Albertans want to remove the program from Canada's constitution. This referendum question garnered the attention of the country, and the answer is a compelling demand for the federal government to engage with Alberta on this issue. Like many, I feel that Albertans have done more than their fair share over the years. Even with Alberta's disproportionate level of contribution, it's always been somewhat tolerable. However, given the number of federal policies that have been put in place to hamper our economy and freedoms, as well as the inability to fully access those funds when we needed it the most after years of contributions, is simply unacceptable. If we are indeed a highly valued member of confederation, then we need to see it in this program, and a plethora of others. Albertans wholeheartedly want a fair deal, and they deserve one.

The economic corridors task force I was asked to lead by the Premier, under Minis-

ter Schweitzer's department of Jobs Economy and Innovation, is in full swing. The need for this task force was identified in both the Fair Deal Panel study and the economic relaunch strategy. The mandate of the task force was to review the current rail system in the province, with a cross jurisdictional analysis of other provinces and successful regions. The larger scope was to identify existing corridors, potential for new corridors, and to review the interconnections that could be leveraged interprovincially as well as internationally. The report is intended to have short-term, mid-term, and long-term actionable items that would facilitate trade, commerce, upvaluing of products, and to garner us the much-coveted deep seaport access that we need.

Some constituents have asked me "How does this work have an impact on us?" This is a fair question. When you look at the local economies, they are directly related to the larger logistics and transportation situation. I'll give you two circumstances where the movement of local goods, and pricing of those goods is impacted. Note that this impacts nearly all the industries in our area in a profound way.

1. Pulp / Paper / Lumber.

a. The impacts of transportation capacity through Long Beach, Los Angeles and Prince Rupert are directly affecting the shipping costs and product cost of our local mills. The ability to book the train cars and move the materials has both a time and a cost impact.

b. Ships predominantly bring into the north American market 40' sea containers. These sea containers used

to flow very readily through North American ports, then onto trains and trucks to be moved into the overall supply stream. The costs of using a sea container to bring products onshore was arguably \$2500, per container. That price has ballooned to nearly \$20,000 per container. To further compound the issue, ships that normally could offload at a port, move onto the next one, offload, then onto the next one, offload, and take on cargo for the return trip in a short time frame, are now sitting anchored at one port for a week in some cases. So instead of catching the smaller ports along the way for cargo (Canadian Ports) they are heading back to Asia directly. As such, our pulp, paper, and lumber exports are not able to make it to the market in a timely manner. The products are parked in warehousing, double handled, triple handled, and outgoing shipping costs are at a premium. So, we end up pricing ourselves out of the market, or we need to slow productions, which then directly impact jobs at the local mills.

2. Fractionation Sand

a. Most of our fractionation sand comes in from either Texas or Wisconsin. It's estimated that 70% of the sand used in our local fields are USA products delivered by rail.

b. Locally, we have several formations which are very favorable in product type to be used in our own oil fields. The need is there for the materials, however the costs and security of supply in volume is jeopardized by transportation costs.

c. The estimated cost to move sand by rail from Glenevis up to Grand Prairie is only 1/3 cheaper than the cost of moving similar sand

from either Texas or Wisconsin. Logistics matters, rail infrastructure matters.

Through the work of the economic corridors task force, we can communicate with a many companies and multiple levels of government. We can look north to south and east to west, to where we can and should be playing a larger role not only provincially, but nationally. We have been extremely successful in our model up to this point, in allowing industry to push for growth where they saw the right market conditions, but with the number of policies and government regulations that have been layered over the years, and trade barriers between provinces, we have limited our ability for sustained growth. Recognizing mutually beneficial economic corridors will not only unlock and debottleneck the current level of production we have – it will set the stage for the next 50 years of growth. We are the gateway to the north and have yet to take advantage of that strategic fact.

A strong, collaborative, and productive northwester Canada makes us as a province and as a region. We can be a global player, rather than a lagger vulnerable to the whims of federal government policies and election cycles. Those I've spoken to at all level of organizations in the provinces, territories, and even a federal banking arm, look extremely favorable at the work the economic corridors task force is doing and the vision that is being laid out. Many believe this is a way to move forward in an efficient manner so that we are not left behind due to problems we created ourselves.

Have a great week.

## PRACTICE SCHOOL BUS SAFETY EVERY DAY

Millions of students rely on public transportation to get them to and from school each and every day.

The National Safety Council says 25 million students in the United States begin and end their school days on

school buses. The NCS adds that riding a bus to school is 13 times safer than riding in a family vehicle and 10 times safer than walking.

Although buses are designed for safety, student riders can do a lot to make their bus trips even safer.

- Stand only in the designated school bus stop. Always stand on the sidewalk, lawn or curb where the school bus stop is located. Stay away from the street because traffic in the morning and the

afternoon can be very busy and hectic.

- Arrive at the stop early. Rushing to the bus stop may cause you to make errors in judgment, including running in traffic to catch the bus. Leave early so you have ample time to catch the bus and obey all traffic laws.

- Only board and exit the bus when it is safe. Wait for the bus to come to a complete stop before boarding or exiting.

## Practice School Bus Safety Every Day

*Continued from Page 20*

The driver will engage the stop sign and put on the flashing red lights. Move around the bus only when it is stopped.

- Keep the aisles clear. Stay out of the aisle when the bus is in motion and store backpacks on your lap or under your seat so they are not tripping hazards.
- Use seat restraints. Use seat restraints when available on the school bus.

While not every school bus has seatbelts, many now do.

- Stay in your seat. Remain in your seat while the bus is in motion. Keep your hands inside of the windows. Do not get up to engage with other riders.
- Keep a good distance between you and the bus. Exit the bus and cross in front where the driver can see you. If you cannot see the driver, he or she cannot see you. Check for safety signals

from the driver to proceed when traffic has stopped. Always walk, never run, around a bus.

- Do not goof off. When on the bus, always behave so that you can hear any safety instructions and be aware of your surroundings. Behaving also means one less distraction for drivers.

School bus passengers can make their rides to school even safer by playing it smart.

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**We now carry Manuli! They are a European manufacturer and they engineer it all in Europe. All of their product is produced in their own factory, no outsource. Adding this in we have been able to gain access to many of the European fittings that have become much more common in North America.**

**BSPB, Metric Din, Metic cone, JIS.**

These fittings are clear across all brands John Deere, Case, New Holland, JCB, Fendt, Massey Ferguson. Many of the implements that have been sold in the last few years have also used these predominantly European fittings.

**We offer these services**

- CVIP Inspections
- **Hydraulic hose crimping and thousands of adapters in stock.**
- A/C Repair
- Espar and Webasto Repair, Installation.
- Engine Repair and Rebuilding.
- Power train/Driveline repair and service.
- Suspension and frame repair.
- Two Fully equipped service trucks for mobile needs.
