PARKLAND RCMP INVESTIGATE ROBBERY IN PARKLAND COUNTY

Submitted by Parkland RCMP

On Nov. 7 at approximately 1:50 AM, Parkland RCMP received a report from a male who had been robbed at gun point in the area of Range Road 270 and Township Road 515. The suspects

had pointed a gun at the caller, took his wallet, cell phone, and a small amount of marijuana before fleeing.

RCMP Capital West Traffic members responded to the area with Parkland Detachment members and the suspect vehicle was located.

RCMP attempted to stop the vehicle, but it fled and a pursuit was initiated. As the vehicle travelled into Edmonton, Alta., the pursuit was taken over by Edmonton City Police helicopter, Air 1.

BULLYING AWARENESS WEEK

Submitted by Yellow-head County

The goal of this National Week is to promote an awareness and understanding of bullying and its impacts.

Bullying is a relationship problem that is

characterized by unequal power, hurtful actions, direct or indirect actions and repetitive behavior (Government of Canada: Bullying).

It can take different forms and can include:

- Physical- hitting, pushing, shoving, un-

wanted touching, etc.

- Verbal- name calling, teasing, sarcasm, threats, etc.

- Social- exclusion, humiliation, damaging someone's reputation, etc.

Parkland RCMP Investigate Robbery In Parkland County

Continued from Page 1

Edmonton Police were able to arrest the suspects a short time later at a car wash on 162 St and 118 Ave without incident. Parkland RCMP recovered a sawed-off shotgun, an air-soft pistol, and other items involved in the incident.

Four people were arrested in connection with the robbery with

only two being charged as follows:

Caleb Marks(30) - Robbery x1 and Fail to Comply with Court ordered conditions x 4

Keegan Power(20) - Robbery x 1, Operation (of Conveyance) While Prohibited x 1, Fail to Comply with a Probation Order x 2 and Flight from Police x 1

Marks and Power were remanded into custody.

Both are set to appear in Stony Plain Provincial Court on Nov. 10, 2021. The other two suspects were released without charges and the investigation is ongoing.

The victim in this case was known to the offenders and is believed to be an isolated incident. The victim sustained minor injuries during the altercation.

Bullying Awareness Week

Continued from Page 1

- Electronic/Cyber – the use of computers, cell phones or other devices to intimidate, embarrass, threaten or harass others

One of the most pervasive and common types of bullying, and other negative behaviors, is through social media. While the value of access to internet and technolo-

gy is clear (access to information, efficiency and opportunities for communication and connection, to name just a few), there are also some considerations to keep in mind-particularly when it comes to children and youth.

On November 17, from 7-9 PM, Yellowhead County Family and Com-

munity Support Services invites you to join:

The White Hatter: Internet Safety & Digital Literacy presentation - an online event for parents and caregivers.

Attendees will learn the role the internet and social media channels has on your kids, how their information is used and collected and the risks

and consequences associated with their online activity.

Topics covered will include: emojis, online slang, online gaming, cyberbullying, sexting, reputation management and more.

Registration is required for this event by phone (780-325-3782) or email (showe@yhcounty.ca)

SUPPORTING PROJECTS IN SILVER SANDS

Submitted by Government of Alberta

Alberta's government is investing \$70,000 in the riding.

This money will help the village complete stormwater infrastructure upgrades through the Municipal Sustainability Initiative (MSI). The Government of Alberta has allocated \$1.226 billion for the 2021-22 fiscal year under the MSI program. The program frontloads infrastructure funding to sustain economic recovery and stimulus funding in the short-term.

"I want to thank Municipal Affairs Minister Ric McIver for approving funding under the MSI program that will benefit the Summer Village of Silver Sands. Our government is supporting seven separate needs for our riding, I, and our government are listening to the municipalities and I was happy to advocate for this funding." Shane Getson – MLA for Lac St. Anne - Parkland

The MSI funding will allow the Summer Village of Silver Sands to upgrade its stormwater infrastructure along Aspen Avenue.

**WEST INTER LAKE DISTRICT (WILD)
REGIONAL WATER SERVICES COMMISSION
REQUEST FOR PROPOSALS
SNOW CLEARING AND
SEASONAL MAINTENANCE SERVICES**

The WILD Water Commission operates a potable water transmission line and truck fill network in the greater Lac Ste. Anne County – Parkland County service area. The service network includes several stations (truck fills and booster stations) spanning from the Stony Plain area west along Highway 16 and north along Highway 43, with ultimate reach to the communities of Entwistle in the west, and as far north as Rich Valley. The Commission is organized as a regional services commission with a Board of Directors derived from our member municipalities and partners, and an independent internal Administration.

As part of our ongoing system operation, the Commission requires a contractor to undertake the regular (and required) snow removal and seasonal site maintenance of the existing truck fill and booster locations throughout the network. Interested parties are invited to submit proposals considerate of the following:

- I. Service shall be inclusive of all system stations (12 locations, full list provided on request);
- II. Service shall be inclusive of the core services:
 - a. Snow clearing within 24 hours of any single or cumulative 7.5cm (3") of accumulation,
 - b. Sanding of locations following each snow clearing, or as otherwise required/requested at the direction of the Commission,
 - c. Filling local sandboxes at each station, as required/requested by the Commission;
- III. Service shall be performed by a fully licenced and insured contractor (proof of same to be submitted with proposals);
- IV. Service shall be proposed as seasonal (October through April, annually) and may be offered as a multiyear engagement, subject to annual review by the parties;
- V. Service shall be proposed based on an expectation of 12 – 15 hours per occurrence (snow clearing event), with an hourly rate for additional required or requested works;
- VI. The proposed start date for this service is January 1st, 2022 but could be earlier on agreement of the parties;
- VII. Payment arrangements are to be as invoiced, paid by cheque and due payable not less than 30 days from date of invoice.

Proposals must be received in writing (in person or by mail/email) NOT LATER THAN December 1st, 2021 at 12:00 noon. Inquiries regarding this proposal, or requests for additional information, may be directed to our operations team at 780-967-0271 or via the email below.

Please forward proposals to:

fall...
AUTO TUNE-UP

NOVEMBER 2021

PREPARE VEHICLES FOR HARSH WEATHER

As the seasons change, motorists must take steps to safeguard their vehicles, especially when the season changes from fall to winter. Each winter, many vehicles are subjected to sub-zero temperatures, snowfall and icy roads, and such conditions can take their toll on vehicles over time. Taking steps to prepare vehicles for winter weather is a vital step that can make cars and trucks safer for drivers and their passengers.

Battery

Old batteries should be replaced before winter begins. Without a strong, properly functioning battery, engines cannot turn over. Most batteries last between three and five years. However, extreme cold can compromise batter-

ies, especially those that have been around awhile. Batteries are made up of acid and water, and cold temperatures can freeze the water, thereby affecting battery performance. According to AAA's Automotive Research Center, at 32 F, the average battery loses 35 percent of its strength. Newer batteries can be protected by starting the vehicle each day to warm up and recharge the battery. Let the car run for at least 10 minutes if you cannot take an extended drive.

Exterior Maintenance

Keeping a car waxed and sealed can help maintain a durable exterior finish. This includes not only the paint, but the rubber and vinyl parts of the car's exterior.

Winter is a good time to

switch to a heavy-duty synthetic wax that can shield against water and road salts. High-quality sealants can be used on bumpers, trim and rubber door seals as added protection. Speak with an au-

tomotive retailer or even the car dealership if you are unsure which products will make your car's parts most durable for winter weather.

Prepare Vehicles For Harsh Weather

Continued from Page 5

Do not stop washing your car just because the weather is cold. Slushy, wet roads and snow-melting salts can speed

up the formation of rust or other decay on the undercarriage of the vehicle. These materials will need to be periodically cleaned off. Flush the underside of the vehicle whenever

possible, taking advantage of any dry, slightly warmer days.

Tire Pressure
According to the automotive retailer Pep Boys, vehicle tires lose a pound of air pressure for every 10-degree drop in temperature. Many modern cars will alert to changes in air pressure, and drivers should be diligent in maintaining the proper tire pressure. Fuel economy as well as handling ability can decline when tires are not inflated properly. Tires can be refilled at many gas stations for little cost.

Wipers
Visibility is key in hazardous weather conditions, and keeping the windshield clean is a priority. This means ensuring there is enough windshield wiper fluid in the car and that

it is a product that will not freeze.

Wiper blades can freeze and crack in the winter. Older blades may be more susceptible to damage. It's a worthy investment to replace existing wiper blades at the start of each winter. When vehicles are parked, pull the wipers off of the windshield to safeguard them from sticking and cracking.

Cold weather requires drivers to amp up their vehicle maintenance routines. Consult with a mechanic or automotive retailer for more ideas and products that can help your vehicles operate safely and efficiently this winter.

THE HYDROGEN ROAD MAP

Submitted by Mark Smith, MLA for Drayton Valley

Can hydrogen really lead Alberta's energy industry into a low-carbon future? To be clear, we do not see hydrogen replacing Alberta's oil and gas industry. The Government sees it as a new opportunity that builds upon our collective expertise in the oil and gas sector. All credible forecasts point to resilient demand for oil and gas, and Alberta is well positioned to be a critical global supplier for decades to come.

However, Clean hydrogen offers us a new opportunity that can be integrated into Alberta's existing energy system, while tapping into the emerging global hydrogen market. It is a market – but one where we can compete globally and attract billions of dollars of new investment. These new investments are only possible because of our existing infrastructure, expertise, and skilled workforce in the oil and gas industry.

We expect the oil and gas and hydrogen industries to operate and grow in tandem, as we all work towards a lower emission future. Hydrogen can become part of Alberta's larger energy industry, integrated into industries across the province.

Will hydrogen produced by natural gas actually be "clean"? Some organizations refer to hydrogen by colour, such as blue or green hydrogen, based on how the hydrogen is produced. However, there is a global movement to move away from hydrogen colour descriptions and look at the overall carbon intensity from producing hydrogen – regardless of how it is produced. This is the approach that both Alberta and Canada

strongly support, as we both apply a technology-neutral approach in our hydrogen strategies. Alberta's Hydrogen Roadmap is open to all techniques of hydrogen production, and looked at international programs like CertifHy, which establishes standards for carbon emissions related to hydrogen production. Our roadmap shows that Alberta-based clean hydrogen can

meet these carbon intensity thresholds. Alberta will engage with others as global standards for carbon intensity of clean hydrogen are built and used around the world.

Hydrogen's benefits aren't just in the energy sector, as it also provides Alberta's larger economy with an important option to decarbonize. This includes transportation, residential and commercial heat-

ing, and industrial processes like those used by the oilsands – all of which have faced challenges lowering emissions in the past.

Clean hydrogen presents an opportunity to decarbonize Alberta's existing markets, but it is only one of many decarbonisation solutions that companies can consider as they make plans for the future.

Continued on Page 8

GET FULLY PROTECTED.

YOU NEED BOTH INFLUENZA AND COVID-19 VACCINES.

Children under five years of age and their households can get their influenza vaccine at an AHS clinic. Appointments are required.

All other Albertans can get their flu shot from a participating pharmacy or doctor's office.

Don't have your COVID-19 vaccine? It's safe to get influenza and COVID-19 vaccines together. Both vaccines are available at selection locations.

If you need help booking one or multiple appointments for children and family, call Health Link at 811.

To learn more, visit ahs.ca/vaccine
Have questions? Call 811

The Hydrogen Road Map

Continued from Page 7

A key part of the Hydrogen Roadmap is working to reduce the risk for early investors and to build greater demand for hydrogen right here in Alberta. Part of that will include looking at how we can find relatively straightfor-

ward ways to use hydrogen in existing applications. For example, this includes blending hydrogen into existing natural gas systems, which is not currently allowed. We are going to be discussing the topic of blending hydrogen into natural gas for heating with our industry partners, municipal-

ities, and consumer groups in the next few months. Part of these conversations include how the cost of adding hydrogen into the system will be handled by industry and consumers.

The purpose of the Hydrogen Roadmap is to lay out the future direction of Alberta's

hydrogen sector, and identify potential policy actions the government can use to support and enable the growth of Alberta's clean hydrogen. In the coming weeks we will begin engaging with key partners on one policy opportunity – blending hydrogen into existing natural gas networks – and we will pursue other policy changes as technology, industry, and the market develop over the coming years. The Government of Alberta is also providing support for the hydrogen sector through the Technology Innovation and Emissions Reduction (TIER) program, which is funding a number of pilot programs to support emerging technology and innovative uses of hydrogen that could be rolled out across Alberta's economy.

Alberta's energy and natural gas sector continues to face challenges, especially in reaching new markets for our energy products. Hydrogen represents a premium, growing market for our natural gas in particular, but the market is not going to wait for Alberta.

Global governments are doubling down on hydrogen. Over 30 countries have committed more than CAD \$87 billion in public financing to kick-start their hydrogen economies. These governments recognize that the hydrogen value chain requires support before it will be self-sufficient, and that without they will miss out on a golden economic opportunity that spans decades into the future. This is our opportunity to build on Alberta's strengths, and demonstrate to the world that Albertan's innovation and ingenuity means our energy sector is here to stay, and will continue to be a cornerstone of affordable and responsible global energy security.

WEIGH IN DAY

Submitted by Lobstick 4H Beef Club

The weigh in day for the Lobstick 4H Beef Club took place on Saturday, October 30, 2021 at 11:00 o'clock. The temperature was 3 degrees celsius and some people were not dressed for the chilly weather. It was held at the Bahrynowski farm. The heaviest calf was a Simmental and he weighed a whopping 828 lbs. Some of the breeds were Black Angus, Speckle Park and Simmental. All of the

calves were getting new tags, vaccines and parasite control. Two kids had to chase two wild calves! The chase went through three pens and one alleyway. Some of the calves were already halter broke and some were wild. After all of the weighing was done we had our meeting and a pizza party. I would like to thank the Bahrynowski family for letting the 4H members use their farm.

PURE HEMP PRODUCTS
AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

A Health and Beauty Breakthrough!
Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp
Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp
Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS
PAIN RELIEF: Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.
PROMOTES HEALTH: Helps to promote relaxation and overall health.
WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

PET PRODUCTS

PET CHEW TREATS
KEY BENEFITS
SYNERGISTIC BENEFITS: Can be used in conjunction with regular medications with no side effects.
NO SIDE EFFECTS: Does not damage the liver, kidney or GI Tract like OTC medication.
DIETARY SUPPLEMENT: Can be administered daily as part of your pet's diet.

ORAL SPRAYS & DROPS
KEY BENEFITS
MANAGES PAIN: Helps to treat inflammation, arthritis and joint pain.
TREATS DIGESTIONAL ISSUES: Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.
GENERAL HEALTH: Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.
CONVENIENT: Can be sprayed into pet's mouth or on food.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

6	7	3	5	8	9	4	1	2
4	9	5	1	2	6	8	7	3
2	8	1	4	7	3	5	9	6
1	5	7	9	4	2	3	6	8
8	4	6	7	3	5	1	2	9
3	2	9	6	1	8	7	5	4
7	6	4	3	9	1	2	8	5
5	1	8	2	6	4	9	3	7

We now carry Manuli! They are a European manufacturer and they engineer it all in Europe. All of their product is produced in their own factory, no outsource. Adding this in we have been able to gain access to many of the European fittings that have become much more common in North America.

BSPB, Metric Din, Metic cone, JIS.

These fittings are clear across all brands John Deere, Case, New Holland, JCB, Fendt, Massey Ferguson. Many of the implements that have been sold in the last few years have also used these predominantly European fittings.

We offer these services

- CVIP Inspections
- **Hydraulic hose crimping and thousands of adapters in stock.**
- A/C Repair
- Espar and Webasto Repair, Installation.
- Engine Repair and Rebuilding.
- Power train/Driveline repair and service.
- Suspension and frame repair.
- Two Fully equipped service trucks for mobile needs.

WE STOCK PARTS FOR ALL MAKES AND MODELS OF TRUCKS, DRIVELINE & ENGINES.

We repair

- Truck Transport
- Heavy Equipment
- Automotive
- Industrial
- School Bus
- Agriculture
