My friend once called a few house painters to his house for some work. He wanted them to paint his porch. After a few hours, the house painters came back for the payment as their work was complete. Before leaving they told my friend that they had enjoyed painting his car, but it is not really a Porsche.

# Online Services Make Life Easier For Albertans

*Continued from Page 1*

The increased use in on-line services is an important milestone as we continue to reduce red tape and make services more accessible.”

Nate Glubish, Minister of Service Alberta

Services can be completed anytime, anywhere, and Albertans are increasingly looking to complete these transactions online. For

example, new parents can register the birth of their child and order their child's first birth certificate before they leave the hospital, or when they return home. Since changes were made, more than 83 per cent of all birth registrations and about 75 per cent of first birth certificate orders have been completed online.

The following registry services were brought online in 2020 and 2021:

- Birth registrations
- Birth certificate ordering
- Extra-provincial registration for corporations and limited partnerships across western Canada
- Name Search Report ordering
- Annual registra-

tion renewals for various vehicle types

- In-transit permit orders
- Specialty licence plate orders
- Standard and commercial driver's abstracts
- Vehicle information reports
- Duplicate vehicle registration certificates

MyAlberta Digital ID has been a key element for Alberta's government to bring more services online. A verified MyAlberta Digital ID account allows Albertans to sign in, verify their identities using their driver's licences or ID cards, and complete registry services without needing to visit a registry agent in person.

Thank you to the White-

## MP SOROKA QUESTIONS THE MINISTER ON FIREARMS

Submitted by Gerald Soroka  
MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, asked the following during Question Period:

"Mr. Speaker, John, a constituent in my riding, has been a firearm owner for over 50 years. He served in the military and never had an issue

related to the firearms he has owned. Many criminals in Canada purchase illegal handguns and commit crimes anywhere from armed robbery to murder and the government does nothing to stop them.

When will the Liberal government start punishing criminals instead of law-abiding citizens and remove the order in council so that John can sell

his firearms?"

Reply:

Hon. Mark Holland (Leader of the Government in the House of Commons, Lib.):

"Mr. Speaker, we have consistently introduced responsible legislation on firearms to make sure that the laws in place protect Canadians and that lawful firearms ownership is also protected, but that, like all

forms of rights and freedoms in our society, comes with reasonable restrictions. Just as in any other element of life, that is what we do with firearms because our priority is the safety of Canadians and making sure that we do not let ideology get in the way of making decisions for public safety."

## MP SOROKA'S STATEMENT ON FREEDOM OF SPEECH

Submitted by Gerald Soroka  
MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, gave the following statement in the House.

"Mr. Speaker, prior to my time in Parliament, I served in municipal government. I was encouraged to speak up on behalf of the people who put their trust in me. I am concerned I do not have the same freedom to ask legitimate questions about the government or popular narratives of society. In the past two years, many of the people in my riding have expressed concerns about their rights and freedoms. We say every Canadian has individual rights and freedoms, but our right to free speech is under attack. I am not talking about hate speech, but about having one's own opinion or questioning the government or society's popular narrative. For me, it seems that if someone asks questions about or does not agree with this narrative, their voice is shut down by hateful rhetoric, labelling them racist, misogynistic or a conspiracy theorist.

What has happened to our freedom of speech? I hope we all can work to re-establishing this core principle in our domestic society."

PART I Canadian Charter of Rights and Freedoms Whereas Canada is founded upon principles that recognize the supremacy of God and the rule of law:

Rights and freedoms in Canada 1 The Canadian Charter of Rights and Freedoms guarantees the rights and freedoms set out in it subject only to such

reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.

Fundamental freedoms 2 Everyone has the following fundamental freedoms: (a) freedom of conscience and religion; (b) freedom of thought, belief, opinion, and expression, including freedom of the press and other media of communication; (c) freedom of peaceful assembly; and (d) freedom of

association.

We are fortunate to have a very fulsome, yet simple charter of rights in our country, and elegant document that all can read and understand. Our charter of rights, the constitution as it were is not very old, so it still should be fresh in everyone's mind. The same can be said about the Emergency Measures Act, which was amended in 1988 I believe, before that it was called the WAR

Measures act.

WAR / Emergency Measures: Like the constitution, which defines the principals and rights we have in Canada, the emergency measures act is only to be used under the direst circumstances...like well, a war or in the case of PM Elliot Trudeau when a domestic terrorist group, known as the FLQ kidnapped a foreign ambassador (James Cross), and murdered a Quebec cabinet minister (Pierre LaPorte). Some say that the circumstances there didn't even warrant the act being invoked, but it was limited in time, and location to end very quickly a violent situation.

The preamble of the act below, the Coles notes version as it were, something that the current PM should have read states the purpose, and how in general terms the act should be used. Here is the link so you can read for yourself. (Emergencies Act (justice.gc.ca)).

WHEREAS the safety and security of the individual, the protection of the values of the body politic and the preservation of the sovereignty, security and territorial integrity of the state are fundamental obligations of government.

AND WHEREAS the fulfilment of those obligations in Canada may be seriously threatened by a national emergency and, to ensure safety and security during such an emergency, the Governor in Council should be authorized, subject to the supervision of Parliament, to take special temporary measures that may not be appropriate in normal times.

AND WHEREAS the Governor in Council, in taking such special temporary measures, would be subject to the Canadian Charter of Rights and Freedoms and the Canadian Bill of Rights ...

## HOW TO PLAN A WINTER WEDDING

Weddings take place throughout the year, but some months have traditionally proven more popular times of year for happy couples to tie the knot.

Summer was long known as the most popular season for weddings, but that trend has shifted in recent years. According to the 2020 WeddingWire Newlywed Report, 36 percent of couples get married in the fall, making autumn the most popular time to say "I do."

Though October and September are the two most popular months to marry, budget-conscious couples may want to

consider getting married in winter. December, January and February are the least popular wedding months, but the experts at WeddingWire note that getting married during the slow season has its benefits. Vendors, including wedding planners and venues, may offer their services and facilities at discounted prices in winter to account for the slow season. And guests might be thankful to have a fun event to look forward to during a time of year when social schedules tend to be less busy.

Many wedding components will stay the same regard-

less of when couples walk down the aisle. However, couples may need to take a few things into consideration as they begin planning winter weddings.

- Avoid holiday weekends. Just because social schedules are not always so busy in winter that doesn't mean couples can pick any winter weekend to tie the knot. The holiday season, which begins on Thanksgiving weekend in late November and lasts until New Year's Day, is a hectic time of year for many people. Avoid holiday weekends like Thanksgiving and the weekends before

or after Christmas and New Year's Eve/New Year's Day. These weekends already are busy travel times, so couples might not be able to get guest-friendly rates on hotel rooms, and some guests may already have plans to visit family. In addition to the December holidays, avoid the first weekend in February. That's Super Bowl weekend, and many people may be reluctant to travel on the day of the big game.

## How To Plan A Winter Wedding

### Continued from Page 8

Research local weather. It's impossible to predict the weather, but savvy couples can research local weather in the town or city where they're getting married to determine when is the most travel-friendly month to host their weddings. Some regions get heavy snowfall in January, while others may be more susceptible to late winter snowstorms. Couples with a lot of out-of-town guests should choose a winter weekend where snowfall is unlikely so guests don't have to endure travel delays on their way to and from the wedding.

Purchase wedding insurance. Wedding insurance is a wise investment for every couple, but it can be especially valuable for couples tying the knot in winter. Each policy is different, but wedding insurance policies should protect couples' investments if storms force local officials to declare a state of emergency that prohibits travel. Make sure the policy covers both cancellations and postponements.

Winter weddings can help couples save money. Planning such affairs may require paying attention to details that would not garner much con-

sideration during other times of year.

# What Matter to You -Freedom of Choice & Privacy

*Continued from Page 6*

...and must have regard to the International Covenant on Civil and Political Rights, particularly with respect to those fundamental rights that are not to be limited or abridged even in a national emergency.

So herein lies the rub. I honestly believe that neither the founding fathers of our country, nor those that create the laws, especially the constitu-

tion, the War Measures Act, or the Emergency Measures Act for that matter could have conceived that we would have such an underqualified Prime Minister that would be elected. Moreover, that there would be checks and balances in place, that would not allow only foolhardy actions but reckless abandon when it comes to rights and freedoms.

I'll ask all of you to help me to put this to an end, I fear that

we are going to have a stain on our country's history at this point, but there also have been so many good things that have come out of the last three weeks. We have seen many of the leaders for what they are. We have seen the best and the worst of ourselves along the way as well. What I am asking you is this.

Stop talking about vaccines and masks. Let people have their privacy back, and respect

their choices, even if they were not the same you would have made. We are at the end of this. Let's take the time to like each other again, there have been so many new names and labels invented that are hurtful, let them go, its not worth losing your soul over, and it sure as heck not worth losing our country over. We are way stronger together, then what we are being driven apart.

## LETTER TO THE EDITOR

Submitted by Carol Cunningham

My mother and I go out to see my father and brother at Fern Valley cemetery towards Gunn Alberta, County of Lac Ste Anne. We go at least two to three times a year. We have been out a couple times already this year (2021) and everything was fine, the grounds have been well-kept. September 4, 2021, we went out there and the pictures attached below are what we saw. My mom is terribly upset, and I am more extremely upset. Not only did they damage and desecrate my father and brother's grave covers they did not even have the courtesy to contact us. My father and brother have been out there for over 30 years, and this has never happened until now. I would like the county to contact me about when they plan to rectify the situation by replacing the grave covers hopefully in a timely manner. This has been ongoing for five months already.

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets. **ANSWER:**

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
