LIBERALS VOTED AGAINST CONSERVATIVE MOTION

Submitted by Gerald Soroka MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, wishes to inform his constituents that although the Liberals acknowledged our natural gas is vital to our security and Europe's, they voted against our Conservative motion condemning Putin's illegal invasion of Ukraine and calling on the

government to undertake measures to allow Canadian natural gas to be exported to Europe to displace Russian gas.

Russia supplies 40 per cent of Europe's natural gas and uses this to intimidate Europe and Ukraine. If Russia cuts energy supplies to Europe, people will freeze, factories will shutter, and Europe's economy will grind to a halt.

We Conservatives are urging the Trudeau government to work more closely with NATO allies, particularly on energy security. Canada is the fifth-largest natural gas producer in the world, but we cannot get gas to tidewater to assist European democracies because we cannot get pipelines built.

POOL TOURNAMENT

Submitted by Spruce Grove Golden Age Club

On March 17, St. Patrick's Day was a lucky day for a few players participating in the Spruce Grove Golden Age Club's 1st Annual Pool Tournament. Players came from, Onoway, Barrhead, Stony Plain, Edmonton and Spruce Grove, all trying their chances to win the Cue. Door prizes were graciously donated from

Academy Mechanical Services Inc., Bing's of Spruce Grove, Carole Foster, City of Spruce Grove, Fix It Right Plumbing & Heating, George Pon, Glass 8 Inc., NWT Safety and Promotions, Raven Wolf Brewing Co. Ltd, Safeway, Sharks Club, Sobeys Liquor, and Zender Ford.

The day was filled with fun, excitement, good sportsmanship and comradery. Lunch was sponsored by

Raven Wolf Brewing Co. Ltd and was enjoyed by players, staff, line dancers and crafters.

We were honored to welcome Alberta's Minister of Seniors and Housing, Honorable Josephine Pon, MLA Searle Turton and City of Spruce Grove Councillor Jan Gillet.

With exciting shots, banks and bulls eye shooting, the

Obituary for Dustin

KJELLAND, Dustin Keith It is with great sadness that the family of Dustin Keith Kjelland announces his unexpected passing after a brief battle against many contributing factors, on Saturday, February 19, 2022, at the age of 42 years. Dustin was surrounded by his loving family upon passing. Dustin (Dust, Uncle Dust, Rusty) is survived by his parents; the love of his life, Dallas Rushton; his daughter, Torria Kjelland; his stepchildren, Brandon Maxwell (Shelby Maxwell), Caitlin Maxwell (Cody McKee), and Talise McLernon (Dylon McLernon); his grandchildren, Kingston McKee, and Lenora McKee; his sister, Kristie Poeter (Justin Poeter); along with many extended family and friends.

Dustin was born in Edmonton, AB on January 3, 1980, to Keith and Barb Kjelland. Dustin had a zest for life. He loved life and everyone in it. He had many passions including hockey, fishing, and hunting, just to name a few. Dustin was the proud owner and operator of DK Oilfield Maintenance and Construction LTD. He was a natural born leader and took pride in being labeled a Spread Boss. He was one of the best Pipe Fitters around. Yet his proudest moment was on September 20, 2010, the day his daughter was born. He was always willing to lend a hand, and many have referred to Dustin as the type of guy who would give you the shirt off his back. His contagious smile, boisterous laugh, and loving presence will be greatly missed. Dustin was a long-time resident of Evansburg, AB, where he and Dallas chose to raise their family. Dustin himself was raised between Wildwood, AB and Whitehorse, YT. The Yukon has always and will always hold a special place in Dustin's heart.

He had created quite the legacy and it will be celebrated as it should. A Celebration of Life will be held this Spring. Details, date, and location to be determined.

The family would like to thank all of you for your love and support.

ARTICLE FROM MLA SMITH

Submitted by Mark Smith, MLA for Drayton Valley

Budget 2022 invested a historic \$390 million to bridge the digital divide, and last week, we learned that the Government of Canada is matching our commitment, bringing the total public investment to \$780 million.

This means Alberta has now secured more than 75 per cent of required funding to equip every rural, remote, and Indigenous community with high-speed internet. Further, our government's commitment will likely drive significant private sector investment that will help us meet our goal of universal connectivity.

This investment is proof that Alberta's government is listening to the priorities

of Albertans and is taking action to secure a brighter future. Although they like to talk the talk, the Notley NDP didn't commit one red cent to rural broadband expansion when they had the opportunity. We're getting the job done.

Our United Conservative government is also working to make life more affordable for Albertans, as we all cope with high energy prices due to world events, short-sighted NDP policies, and the Trudeau carbon tax, which is set to increase again next month.

Starting April 1, to help ease pain of high fuel prices, our government will be scrapping the collection of the provincial fuel tax, equal to 13.6 cents per litre. This tax cut will apply to all gasoline and diesel, includ-

ing marked farm fuel. Our government will review the collection of the fuel tax on a quarterly basis and, if required, consider reinstating collection in stages, based on the average price of West Texas Intermediate over several weeks. We will not start to reinstate collection before July 1, however.

Our government will also be providing \$150 in electricity rebates to nearly two million homes, farms, and businesses to help retroactively cover the high costs they faced this winter. Exact rebate criteria will be determined soon, but is expected to include most households, farms, and small businesses. Comparisons have been made between this initiative and the NDP rate-cap, but the NDP rate-cap cleverly hid the true cost of energy

by shifting the burden from the ratepayer to the taxpayer. It also only provided relief to about half of the ratepayers in Alberta. This was not a sustainable solution. Our United Conservative electricity rebate is putting \$150 back in the pockets of ratepayers to account for high costs this past winter.

Before I go, I want to recognize the tenth anniversary of Open Farm Days. Agriculture is the lifeblood of our community, and Open Farm Days does so much to ensure our agriculture industry is strong for current and future generations. To find out more about Open Farms Days, visit Alberta-OpenFarmDays.ca.

Constituency Assistant – Event Planner and Coordinator

Constituent Assistants play a key role in the democratic process in the province of Alberta, as they are the first point of contact for constituents. The Constituency Assistant acts as a bridge between the citizen and the elected representative.

As an extension of the Legislative Assembly Office, we offer challenging work, dynamic environment and a rich history.

The constituency office of Lac Ste. Anne - Parkland is looking for an entry to mid level, Part Time Constituency Assistant. In this unique role, the ideal candidate will possess organizational skills along with strong attention to detail as they support the needs of constituents and carry out the functions of the office.

This Constituency Assistant position's key role is to provide outreach and plan and coordinate local events around the constituency on behalf of the MLA. The successful candidate will also provide back up and support within the office.

The ideal candidate would possess 1-2 years of experience in event planning and office experience. Strong communication and relationship building skills are necessary in order to effectively assist constituents and community members with various inquiries. The ideal candidate will be able to efficiently manage multiple demands while projecting a calm and professional presence. Experience with Microsoft Office suite and social media is essential for this position.

The rate of pay is \$17.38 - \$21.36 per hour with an additional 11.2% pay in lieu of vacation and general (statutory) holiday entitlements.

If you believe this job is right for you, please send your complete application package, including resume and cover letter, to:

Lac Ste. Anne - Parkland
Lacsteanne.parkland@assembly.ab.ca
Box 248
Onoway, AB T0E 1V0

The deadline to apply is April 6, 2022.

We thank all applicants for their interest; however, only candidates under further consideration will be contacted. Final candidates will undergo pre-employment checks.

REMOVE PRE-ENTRY TEST REQUIREMENT FOR FULLY VACCINATED TRAVELLERS ON APRIL 1

Submitted by Government of Canada

Today, the Government of Canada announced that effective April 1, 2022 at 12:01 AM EDT, fully vaccinated travellers will no longer need to provide a pre-entry COVID-19 test result to enter Canada by air, land

or water. Fully vaccinated travellers seeking to arrive in Canada before April 1, 2022, must still have a valid pre-entry test.

As a reminder, travellers arriving to Canada from any country, who qualify as fully vaccinated, may need to take a COVID-19 molecular test on arrival if selected for

mandatory random testing. Travellers selected for mandatory random testing are not required to quarantine while awaiting their test result.

For partially or unvaccinated travelers who are currently allowed to travel to Canada, pre-entry testing requirements are not

changing. Unless otherwise exempt, all travellers 5 years of age or older who do not qualify as fully vaccinated must continue to provide proof of an accepted type of pre-entry COVID-19 test result:

- a valid, negative antigen test, administered or observed by an accredited lab or testing provider, taken outside of Canada no more than one day before their initially scheduled flight departure time or their arrival at the land border or marine port of entry;

- a valid negative molecular test taken no more than 72 hours before their initially scheduled flight departure time or their arrival at the land border or marine port of entry;

- a previous positive molecular test taken at least 10 calendar days and no more than 180 calendar days before their initially scheduled flight departure time or their arrival at the land border or marine port of entry. It is important to note that positive antigen test results will not be accepted.

All travellers continue to be required to submit their mandatory information in ArriveCAN (free mobile app or website) before their arrival in Canada. Travellers who arrive without completing their ArriveCAN submission may have to test on arrival and quarantine for 14 days, regardless of their vaccination status. Travellers taking a cruise or a plane must submit their information in ArriveCAN within 72 hours before boarding.

PUBLIC HEARING – PROPOSED BYLAW NO. 22-181 AMENDMENT OF LAND USE BYLAW 10 -157

In accordance with Section 606 of the Municipal Government Act, you are hereby advised that the Summer Village of Point Alison Council is considering Bylaw 22-181. If passed, this Bylaw would have the effect of closing a Portion of Prospect Drive in the Summer Village of Point Alison within the N.W. ¼ of Section 2 - 53- 4 - W5 at Lot 1.

In accordance with Section 22 of the Municipal Government Act, the Summer Village of Point Alison Council would like to hear from those persons who claim to be affected by proposed Bylaw 22-181.

Due to the Covid pandemic, the Public Hearing is being held via teleconference on:

April 11, 2022, at 6.00 PM.

All interested persons are encouraged to express their views by providing a written submission by email to Gordon Wilson Mayor Summer Village of Point Alison, gord@gwilson.ca. In return we will send you the link to the meeting.

Written submissions will be accepted up to 24 hours prior to Public Hearing of April 11, 2022. In order for persons to speak at the meeting we will require a written submission before hand.

Speakers will be given 5 minute to speak.

Any questions regarding the proposed Bylaw should be directed to Gordon Wilson gord@gwilson.ca

WHAT MATTERS TO YOU – I GOT IT HONEST

Submitted by MLA Shane Getson

When I was on the campaign trail for the first time, my wife told me I should get in touch with Aaron Tippin and see if I could get permission to use one of his songs as my “Theme” song. She said that when she heard that song, she thought of me. I thought she may be pulling my leg a little and teasing me, but I thought I’d play along, ask the name of the song, then get the punch line. She told me the name of the song was “I Got it Honest”. I must admit, country isn’t typically my first genre on the play list, and I had not heard the song, so I was still waiting for the punch line. Apparently, there wasn’t one. She found me the song and played it for me.

I was honestly moved that she saw me in that light. She respected me for the morals I had and that I had demonstrated them over the years. I knew money could buy a lot of things, that it couldn’t buy integrity, a person’s word is worth something, and although we may not have had all the shiny things out there, but what we had we worked for on our own, and the best thing I could pass onto my kids was a legacy of hard work and

integrity. Be proud of who you are, what you have, because you earned it, your word is worth something, and you got it honest. She gave me the nod to run, because she said we needed at least one person in the legislature that she, and others in our area could trust to do the right things, when it was going to be tough to do, and I wouldn’t forget who I was.

I’ve maintained that the problem with Politics is that there are too many professional politicians involved. There is a machine that is running in behind them to keep the status quo, where that murky world does not come into the light of day. I believe the way that real changes can be made is not only at the general election, but at the party level, the grass roots as it were.

I’m going to stray a little here now and write as a UCP member, not as the MLA, simply because my office phone, and emails have been swamped by folks who have concerns with the decision that the UCP Party Provincial Board made regarding the format and venue of the leadership review in Red Deer on April 09. Please note, as a party member, I did not have any input into that decision. As a party member, I voted at the

AGM in the fall for members who ran for those positions. I like many were encouraging folks to be part of the process, and we had a high degree of interest in rural Alberta Specifically, where I have heard that the majority of members who registered for the SGM were indeed from Rural Alberta. I’d like to thank everyone for renewing, or buying your memberships, and in light of the recent developments, I’d 100% encourage you to still vote, and encourage others to purchase their memberships if they haven’t. I’d like to still have a live vote, complete with voting stations in our constituency for all members, and certified elections representatives, to know for sure, regardless of the official mail in ballots, of how the people out here in Lac Ste. Anne – Parkland feel about the leadership. It would be a great time to catch up, talk about what matters to you, and to find out what direction we are heading together.

I believe what we have seen demonstrated recently is an Ottawa style of politics being played out right here in Alberta, and the only way we get back to our values, is to make sure that we have a very strong representation in the party, as well as at the voting booths

not only at Leadership Reviews, but at the Annual General Meetings, as well as at the general election. If we don’t continue to participate in the process, we leave it for those who like to stay in the swamp, where the best interests of the people may not be best represented.

At the end of the day, for the folks out in our area, win loose or draw, we know that “We Got it Honest” and working together, that swamp is going to get a heck of a lot more shallow over the next few years if we keep working together, and not let others divide us, even if they want to change the rules of the game while it is still being played. Let’s continue to be Strong and Free, and keep doing the right things for the right reasons, with honor and integrity.

INVITATION TO TENDER 2022 East Vegetation Mowing For Yellowhead County

Yellowhead County requests a tender submission from parties interested in performing the work identified below.

Sealed tender marked: TENDER NO. 2022-799
Project: 2022 East Vegetation Mowing

Will be received until: 2:00 P.M., April 6, 2022

At the office of:
Yellowhead County
2716 – 1st Avenue
Edson, Alberta
T7E 1N9

For the following work:

Approximately 501 kilometers of Vegetation Mowing of local roads throughout Yellowhead County as well as 2 Lagoons.

Work shall be completed in accordance with the schedule contained within the Scope of Work and the Special Provisions.

Electronic (.PDF) copies of the tender documents are available for free download from the Alberta Purchasing Connection website on or after 12:00 P.M., March 23, 2022, at the following link: www.purchasingconnection.ca.

The Tender must be accompanied by a ten percent (10%) Bid Security as stated in the "Instruction to Bidders". Yellowhead County reserves the right to reject any or all tenders. The lowest or any other tender will not necessarily be accepted.

For further information, please contact Rex Wallace, Assistant Manager of Infrastructure Services for Yellowhead County at (780) 723-4800.

REQUEST FOR QUOTE 2022 HERBICIDE SUPPLY For Yellowhead County

Full details can be found at: www.yhcounty.ca
or www.purchasingconnection.ca

Will be received until: April 8, 2022, 4:00 p.m. MST

General Description:

Yellowhead County invites suppliers of herbicide products to provide a quote for products listed on the below "Quote Sheet." The list of specific herbicide products and the approximate volumes that Yellowhead County will purchase in 2022 is a guideline only and no guarantee of purchase is implied by this invitation or by acceptance of any supplier's quote. Herbicide products are interchangeable and the price quote submitted by the preferred supplier will be used by Yellowhead County to analyse cost-benefits of purchasing specific herbicides to address needs as they emerge.

Completed Quote Sheets may be submitted via email, mail, hand delivery, or fax to:

Jennifer Benson, Agricultural Services Supervisor
Yellowhead County
2716 1st Avenue
Edson, Alberta T7E 1N9
Phone: 780-325-3782
Fax: 780-325-3783
jbenson@yellowheadcounty.ab.ca

If you have any questions regarding this Request for Quotes, please contact the above Yellowhead County representative.

Spring HOME RENO GUIDE

SAFEGUARD YOUR HOME FROM INSECT INFESTATIONS

The dawn of spring marks the return of many things, including long hours of sunlight and warm temperatures in which to enjoy that sunshine. But homeowners know spring also marks the return of insects, unwelcome guests that can be difficult or expensive to control once they have entered a home.

As problematic as insect infestations can be, preventing such problems can be simple, especially when homeowners are proactive. The following are a handful of ways

to keep insects out this spring and summer.

- Consider potential food supplies and cut those supplies off. Insects often enter a home in search of food, so cutting off potential food supplies is a great way to prevent insects from coming inside. Give dining areas a thorough cleaning after meals, vacuuming or sweeping the floors beneath dining tables each night before going to bed. (Parents of young children may want to sweep floors after each meal.) In addition, clean pets' bowls each night to

- be sure there are no food scraps left that may entice insects, and make sure pet food containers are tightly sealed after each serving. Sinks are another potential food source, so empty food traps after using the sink and run the garbage disposal as well to remove any food that might be lingering.

- Address potential shelters. Insects also seek shelter inside homes, and there are many areas in a home that can provide adequate shelter. Cracks around windows and doors and in the foun-

dition provide both entry points and potential shelters for insects. Seal such cracks with caulk, testing the areas by feeling for any incoming air. If you still feel air coming in, there is still some sealing to do. Cracks in cabinets or counters also may provide shelter to insects, so address these areas as well.

- Reconsider exterior lighting. Exterior lighting may be inviting insects into your home.

Safeguard Your Home From Insect Infestations

Continued from Page 14

Insects tend to congregate around lights at nighttime, so avoid placing lights right outside entryways. Once doors are opened, insects can then fly right into your home. Keep exterior lights as far away from entryways as possible. If you need lights right outside your doors, install motion-sensing lights that only turn on when you come within a few feet of the door. This reduces the volume of insects that congregate outside your entryways, and lowers the risk that

insects will follow you in when you arrive home at night.

React quickly upon seeing insects. Insect infestations happen gradually, so homeowners should react quickly when seeing a single insect or a handful of insects inside their homes. The slower your response, the more likely one or two intruders is likely to turn into a large infestation. Immediately clean any areas where you see insects, and take more substantial measures if your initial efforts were not enough to prevent more insects from

coming in.

The presence of insects inside a home can be a nuisance, but there are many ways to prevent

such infestations and keep unwelcome guests at bay.

BOLD COLORS ADD VITALITY TO HOMES

Whether it's Independence Day, St. Patrick's Day or the holiday season, the bold hues that are synonymous with these events add a splash of color to rooms that can use a little design lift.

While some colors may be synonymous with certain

times of year, homeowners can employ bold colors in their homes all year long. By embracing bold painting and decorating styles, homeowners can use fresh color palettes to make rooms more inviting and colorful. These popular color combinations can provide

inspiration.

Green and pink

Colors on opposite ends of the color wheel will always complement each other. Green paired with pink (a lighter shade of green's opposite, red) calls to mind the great outdoors. These hues can add a touch of

floral spring sunshine even when that season has long since passed. Opt for a deep green and a carnation pink for maximum impact. And don't forget a vase full of fresh blooms as the finishing factor.

Lavender and deep blue

Analogous colors are three colors that sit side-by-side on the color wheel and share a common denominator in terms of shade. Lavender, blue and an orchid pink are examples of such hues. This cool, regal combination can add femininity to a bedroom or even drama to another space in the house. If painting the walls dark blue or lavender seems scary, opt for a neutral shade on walls and then dress up the space with inky and violet accents.

Turquoise and brick red

Enhance the 'wow' factor with these bold colors. Although they are striking, when they work together, they also can impart a soothing feel, particularly since they are often inspired by Asian influences. Feature a light turquoise sofa with red throw pillows. Or dress up meals with a red tablecloth on the dining table and turquoise, white and red, patterned place mats.

Gray and yellow

Yellow is a pick-me-up color any time of the year, but, when combined with a gray, it's toned down to be soothing instead of startling. This color combination is popular in kitchens, nurseries and entryways. Have fun in the kitchen with mottled gray stone countertops, pale yellow walls and canary cafe curtains.

Color can affect mood and transform spaces with just a small investment of time and money. Homeowners can experiment with color palettes so rooms remain vibrant all year long.

SAFETY IN NUMBERS: WHY IT PAYS TO REPLACE HEADLIGHT BULBS IN PAIRS

- When it comes to vehicle maintenance, the rule of two has long reigned among professional automotive technicians and driving safety advocates. In accordance to this rule, drivers replacing important parts in their cars and trucks, such as tires, brakes, shocks and wiper blades, should always do so in pairs.

Replacing parts in pairs can ensure vehicles are properly balanced and functioning safely. But it's not just tires, brakes and other big-ticket components that should be replaced in pairs. Vehicle lighting plays an integral

role in keeping drivers and their passengers safe, and motorists should exercise the same caution regarding their vehicles' headlights, taillights and turn signals that they do when maintaining the rest of their cars and trucks.

Why replace aging headlight bulbs?

Few drivers include headlight bulb replacement in their vehicle maintenance routines. But old headlight bulbs can drastically compromise visibility at night, when drivers' visual acuity is naturally reduced by as much as 70 percent. As headlight bulbs age, the

effects of exposure to sunlight, ozone and pollution can significantly reduce their light output. According to Philips Automotive, a leading manufacturer of vehicle lighting components, headlight bulbs begin to project significantly less light within two to three years of their initial usage, producing dimmer light outputs that compromise the safety of drivers and their passengers. For example, new headlight bulbs capable of projecting 240-foot beams in front of a vehicle may see that projection dwindle to just 160 feet within two to three

years. Why replace bulbs two at a time?

In an effort to promote the importance of changing headlight bulbs two at a time, Philips developed the "Change In Pairs" safety campaign, which aims to educate motorists about the dangers of dimming lights while promoting the many reasons that changing bulbs in pairs makes the road safer for all travelers. To support this safety initiative, Philips also packages its Upgrade Headlight Bulbs in pairs.

Make Your Vehicle Less Vulnerable To Theft

Continued from Page 17

Though replacing two headlight bulbs when only one is dimming may seem unwarranted, maintaining a consistent light output in both headlights makes the road safer for drivers, their passengers and oncoming motorists. When only one bulb is replaced, the resulting light output can be both unbalanced and unpredictable, providing inadequate lighting that can compromise driver visibility. In addition, oncoming motorists may experience difficulty seeing vehicles with just one headlight op-

erating at full capacity, and some may even mistake oncoming cars and trucks for motorcycles, creating positioning issues for drivers on both sides of the yellow line.

How else can drivers improve visibility?

In addition to replacing headlight bulbs in pairs every two to three years, drivers can take the following proactive measures to reduce the likelihood that their vision will be compromised while on the road.

- Replace worn out wiper blades. Wiper blades need to be changed each season or in three-month intervals.

Rubber wiper blades can grow brittle rather quickly, potentially compromising driver visibility at times when they need their vision to be as strong as possible, such as when rain or snow is falling.

- Clean interior glass and mirrors. Over time, interior glass can develop a film-like buildup that reduces vision and creates hazy reflections from the sun. Smokers may notice such buildup is especially thick in their vehicles. Periodically clean interior glass and mirrors to prevent this film from compromising your vision.

- Don't hang accessories in your vehicle. Fuzzy dice, photos and other items hung on rearview mirrors can prove distracting and block you from seeing the road.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
