PARKLAND HONOUR TREATY 6 LAND ACKNOWLEDGEMENT

Submitted by Parkland RCMP

On June 18, 2022, Parkland RCMP unveiled their Treaty 6 Land Acknowledgement display in honour of Indigenous History Month, just days before National Indigenous Peoples Day.

When Parkland RCMP Community Policing and Victim Services (CPVS) Unit received the original Treaty 6 Land Acknowledgement certificate from the Division, they knew they wanted to make an even larger statement.

YOUR COMMUNITY CHOIR SINGS AGAIN!

Submitted by Lac Ste. Anne Community Choir

Lac Ste. Anne Community Choir invites local singers to join the next musical season. If you love to sing, whether you've ever been part of a choir or not, you're welcome! We need both men and women to round out the choir.

Joining a choir is more than just musical fun; it also provides mental and physical benefits. Studies show joining a choir can improve symptoms of Parkinson's, depression and lung disease. Others indicate it not only...

Parkland Honour Treaty 6 Land Acknowledgement

Continued from Page 1

High School Resource Officer Constable Gord Marshall took the lead on the project, with the help of students at Memorial Composite High School. The feathers, Inukshuk and maple leaf were cut in the metal shop. The wood shop cut out the backing and prepared a blank plaque for the acknowledgement. Cst. Marshall designed the plaque and laser engraved it in the Com Tech lab. The Metis sash was provided by the Indigenous student grad coach. In all, approximately 20 hours of design and labour went into its

creation.

The display is now hanging in the front lobby of the Parkland RCMP Detachment. Inspector Mike Lokken, Cpl. Kandis Hiscock, Cpl. Cuneyt Zambak, Elder Elsie Paul, and several other Parkland RCMP members were present for the official unveiling ceremony. Parkland RCMP were honoured that Elsie Paul smudged the plaque for the event and offered opening remarks.

Parkland RCMP would like to thank all who contributed to this project, and hope that this Land Acknowledgement will leave a lasting impact on

all who come through the detachment doors.

JOKE of the week

A customer walked into my clothing shop and asked to see the pants that were advertised in the paper that day. "We don't have an ad in the paper today," I told her. She insisted I was wrong, so I got a copy of the paper, and we went through it, eventually landing on an ad for pants from another local store. Exasperated, the customer glared at me and said, "In my newspaper, the ad was for this store!"

Your Community Choir Sings Again!

Continued from Page 1

...increases oxygen levels in the blood but triggers the release of "happy" hormones such as oxytocin, which is thought to help lower stress levels and blood pressure. One choir member agrees. "Singing is a wonderful way to improve fitness from the inside out. It stimulates the brain."

Director Debbie Rosen chooses music that challenges choir members' abilities, and provides each member with a CD of his or her own part to reinforce the weekly rehearsals. Singers don't need to be able to read music but

it certainly helps.

One member commented "I enjoy the diverse mix of choir members, and also like the musical materials that Debbie continues to challenge us with." Another stressed the sense of community. "Like many others, I work in Edmonton. The choir is a way for me to remain connected to my home community. It also provides artistic expression for members and enjoyment for concert attendees."

The next season of the Lac Ste. Anne Community Choir begins Wednesday, September 7. Registration begins at 6:15 p.m. at the

Heritage Centre in Alberta Beach (5012 - 49 Avenue). At 7 p.m., the first practice begins. All rehearsals are Wednesdays from 7 - 9 p.m., preparing for Christmas-season concerts. If you aren't sure it's for you, try the choir for two consecutive weeks with no obligation.

Membership is just \$75 per session (September to December; January to May), with a discount for multiple family members.

County News Highlights

Sept 7 Municipal Planning Commission Meeting

*Sept 12 Council Meeting (rescheduled from Sept 8)

*Meetings take place on Zoom. Visit [LSAC.ca/agenda](https://lsac.ca/agenda) for meeting agendas. Please note: to address Council, appointments must be booked at least 8 working days prior.

PLEASE PRACTICE FARM TRAFFIC SAFETY

Sharing the motorways this harvest season

With the Summer season drawing to and end, there is an increase of farming equipment on the region's roadways. When driving during harvest time, please remain mindful of the potential of meeting large agricultural machinery.

Keep your distance from farm equipment on roadways, drive the appropriate speed limit, and stick to your side of the road - especially on curves and hills.

Visit [LSAC.ca/agriculture](https://lsac.ca/agriculture) for more farm transport safety tips.

10th ANNUAL PHOTO CONTEST UNDERWAY

Show off your best shots for a chance to win cash!

Are you a seasoned photographer or perhaps an amateur shutter bug? All photographers are welcome to share your take on what makes the County an exceptional place to live, work and play!

Winners will receive one of 12 \$100 prizes or the grand prize of \$250 (only one prize per entrant), and the winning photos will be featured in the 2023 County calendar.

All entries must be received no later than Friday, September 23. To qualify, photos must be taken within the Lac Ste. Anne County boundaries. Photo submissions will be posted on our social media channels, where the public can choose their favourites.

Visit [LSAC.ca/photocontest](https://lsac.ca/photocontest) for all the details!

We are asking for JPG or TIFF format landscape photos (of all seasons) in the following new categories: Adventure, Barns & Farms and Family.

MUNICIPAL BY-ELECTION Resources for candidates and voters

It's important that prospective candidates have the resources they need.

Please refer to [LSAC.ca/Election](https://lsac.ca/Election) for information about running for Council or other By-Election related details.

You can also contact Returning Officer Reanne Springer at 780.305.9013 or email returningofficer2022@lsac.ca.

KNOX BOX PROGRAM

Opt-in program facilitates rapid first-response premises entry

As part of a collaborative regional initiative, Lac Ste. Anne County Fire Services has adopted the Knox Box program — and with it, a system that allows first responders to gain access to a home within seconds in a life-threatening or critical situation.

Some of the primary benefits include:

- An optional tamper switch that can be connected to an intrusion alarm
- Fewer operational issues, such as keys jamming in the lock mechanism
- Audited trail of when the key lock box is accessed

To schedule a demonstration, or for more details on this program, please contact Lac Ste. Anne County Fire Services at 780.785.3411 (toll free 1.866.880.5722) or contact rschroeder@lsac.ca. For more information on the Lock Box system visit KnoxBox.com.

COUNTY ADMINISTRATION OFFICE CLOSED FOR LABOUR DAY

Sharing our appreciation to the workers of every industry

This is a friendly reminder that the County Administration Office will be closed on Monday, Sept 5 for Labour Day. The office will re-open for business on Tuesday, Sept 6. We hope you make the most of the long weekend.

LAC STE. ANNE COUNTY: NOTICE OF DEVELOPMENT PERMIT APPROVALS

The following Development Permits have been approved or conditionally approved under the provisions of the Land Use Bylaw. This list does not include Permitted Uses. ALBERTA OFFICER INVOLVED SHOOTING IN SMOKY LAKE

Submitted by Alberta RCMP

Alberta RCMP have laid charges following an investigation into the events on Aug. 8, 2022. On Aug. 7, 2022, Saddle Lake RCMP received a report of a domestic disturbance between two unknown individuals. After an investigation,

RCMP were able to identify the possible involved parties who were also persons of interest in recent criminal investigations.

On Aug. 20, 2022, a 21-year-old male, a resident of Enoch Cree Nation, was charged with:

- Flight from police
- Dangerous driving
- Possession of a

weapon contrary to order (x3)

- Unauthorized possession of firearm
- Robbery with a firearm
- Theft over \$5000
- Pointing a firearm (x2)

Following a judicial hearing, the 21-year-old-male was re-

manded into custody to speak to bail and is scheduled to attend St. Paul Provincial Court on Sept. 1, 2022.

As this matter is now before the courts, the Alberta RCMP are not able to provide further details.

SCAM ALERT: ENERGY REBATE SCAMS

Submitted by Government of Alberta

Albertans should use caution if they receive a text offering an energy rebate.

The Government of Alberta has received reports of Albertans receiving texts falsely claiming to be from the provincial government. In these phishing scams, recipients of the text are invited to apply for an energy rebate by clicking on a URL that appears to link to a provincial or federal government agency or program.

Neither the Government of Alberta nor the Government of Canada has sent emails or texts to Albertans about the electricity rebate program or any other energy rebates. Never click on links or provide personal or banking information in response to text messages or emails that you didn't ask for, or if you don't know the sender.

The Government of Alberta's forthcoming electricity rebate program will be applied directly to Albertans' bills in the coming months – there will be no need to apply for the rebate. More information will be released in the near future.

PLANNING & DEVELOPMENT

NOTICE OF PUBLIC HEARING
of Bylaw 22-2017-06-22 and Bylaw 08-2022

LOCATION OF HEARING	DATE OF HEARING	TIME
Lac Ste. Anne County Office 56521 Range Road 65	September 12, 2022	10:00 am

Pursuant to the provisions of Section 692 of the Municipal Government Act, the Council of Lac Ste. Anne County is considering an application for amendment to Land Use Bylaw 22-2017, by amending SW 09-54-02 W5M through proposed Bylaw 22-2017-01-22 and Bylaw 03-2022 for adoption of Westwynd Equestrian Meadows Area Structure Plan

- Bylaw 22-2017-06-22 for Redistricting Application 003REDST2022, for Redistricting SE 34-55-01 W5M from Agricultural '1' (AG1) District under Bylaw #22-2017 to Direct Control (DC) District

- Bylaw 08-2022 for Redistricting Application 004REDST2022, SE 34-55-01 W5M for adoption of Hummocky RV Resort Area Structure Plan

Written comments on the above proposed Bylaw may be provided prior to 4:30 pm, on September 7, 2022 to:

Lac Ste. Anne County
56521 RGE RD 65, Box 219
Sangudo, AB T0E 2A0

Attn: Craig Goldsmith, Development Officer
Or email at devassistant@LSAC.ca

Interested individuals may attend the Public Hearing to voice their comments. To schedule an appointment please contact Craig Goldsmith at 780.785.3411. To attend the meeting via zoom please use the link: <https://us06web.zoom.us/j/86968334712>

The proposed amendment and/or application may be reviewed during regular business hours at the County administration office located at 56521 Range Road 65 or on the County website at LSAC.ca/Hearings.

LOCATION SKETCH

003REDST2022
SE 34-55-01 W5M
Red Willow
Planning

OK, so what all this fancy language means is that a landowner/developer has applied to the municipality to develop a campground and rezone SE 34-55-01 W5M from Agricultural '1' (AG1) District under Bylaw #22-2017 to Direct Control (DC) Land Use District and to adopt a formal plan known as the Hummocky RV Resort Area Structure Plan.

Before this can happen, a bylaw must be drafted, and a public hearing held first. The ad above is to let folks know about when and where the Public Hearing will take place.

LAKE ISLE COMMUNITY HALL NEWS

Submitted by Lake Isle Community Hall

A couple of updates from recent events at the Lake Isle community Hall:

Summer is nearly over, we had held 5 awesome events this year: the annual Mother's Day and Father's Day Brunch, 2 pub nights (huge success on both) and a community yard sale. We are looking forward to having more events in the coming months and this winter so stay tuned..... Please follow us on FB for news and updates.

We are always looking for volunteers for the Lake Isle Farmers Association. This is a great way to support your local community. Meetings

are held 3rd Wednesday of every month, 7 pm at the Lake Isle Hall. Hwy 633 RR 55.

The hall is available for rent as well as the picnic grounds and ball diamond. For more information on rentals call 780-892-3121 or send a text to 780-725-2533.

Next event is:

Friday, September 9 -PUB NIGHT! More Happy Hour Fun with Live Music!! - 5 PM - 11 PM

No cover charge. \$5 drinks. Burgers, Nachos, Chili dogs!

All ages welcome

Welcome

NATURAL GAS REBATE TO SUPPORT ALBERTANS

Submitted by Government of Alberta

The upcoming natural gas rebate will support more than 1.6 million homes, farms and businesses facing high heating bills next winter.

In Budget 2022, Alberta's government committed to ensuring natural gas consumers are protected from European-style price spikes next fall and winter. Now, the government is providing additional information on the rebates, including clarity for natural gas customers who are not connected to the distribution system and customers who use other heating fuels, such as propane, kerosene or heating oils, all of which will also be eligible for rebates.

The rebates will provide critical support and cost certainty to at least 1.6 million homes, farms and businesses, including those in rural and remote areas, from Oct. 1, 2022, through March 31, 2023.

"We are stepping up to provide more and more relief for Albertans as prices remain high. This rebate will provide price protection for millions of Albertans using natural gas, kerosene, propane and other fuels next winter. It will help families, farms and businesses manage high heating costs in the upcoming winter to keep life affordable in Alberta."

Dale Nally, Associate Minister of Natural Gas and Electricity

Natural gas rebate program

Starting Oct. 1, all consumers connected to the natural gas distribution system and paying a bill directly to a natural gas retailer with less than 2,500 gigajoules (GJ) of annual natural gas consumption will be eligible for government-provided rebates, which will appear directly on bills. No application will be necessary to receive the rebates if you are connected

to the natural gas distribution system.

Under this rebate program, if the monthly default natural gas rate from the regulated utility providers (ATCO Gas North, ATCO Gas South and Apex Utilities) goes above \$6.50 per GJ, the government will provide rebates to all consumers covering the difference between \$6.50 and the regulated rate, on a consumption ba-

sis. For example, if any of the regulated rates go to \$7.50 per GJ for the month of November, then all consumers would receive a rebate on their bill covering \$1 for every GJ used during the month of November.

These rebates will appear directly on eligible bills – protecting consumers on both regulated and competitive plans like fixed rate contracts.

Other heating fuels also qualify for rebates

Eligible consumers not on the natural gas distribution system or consumers using the annual equivalent of 2,500 GJ or less in other heating fuels (such as propane, kerosene and heating oil), will also be eligible and can apply directly for their rebates through a separate application system.

GOLFER'S GUIDE

INTERESTING FACTS ABOUT GOLF

Golf is played all over the globe. Golf is one of the world's oldest sports, boasting a rich history. Golf is a sport of skill, that can involve not only athletic prowess, but also brain power. Here are some interesting facts about the game.

- To this date, golf is only one of two

games to be played on the moon. The other is a javelin throw.

- Long before the advent of tees, golfers played off of hand-built sand piles.

- In 1889, Ab Smith inadvertently coined the phrase "birdie," when he hit a shot he defined as a "bird of a shot."

- Making a hole-in-one during a round of golf is quite a challenge. However, the odds of making two are incredibly low, at one in 64 million.

- Only around 20 percent of golfers have a handicap below 18. The United States Golf Teachers Federation defines

handicap as "a measure of a player's current ability over an entire round of golf, signified by a number. The lower the number, the better the golfer is."

- The word "caddy" comes from "cadet," the French word for "student."

- A regulation golf ball contains 336 dimples.

Natural Gas Rebate To Support Albertans

Continued from Page 7

For example, if one of the default regulated rates goes to \$7.50 for the month of November and an eligible consumer with a natural gas storage tank on their property purchases the equivalent of 200 GJ, that consumer can apply for a \$1 per GJ rebate for that amount of fuel. Specific eligibility limits for each fuel type are listed on alberta.ca.

The rebate for these heating fuels will be calculated in the same method, using a stan-

dardized equation to determine the consumption equivalency for the alternative fuel. Information on how to apply will be released before the Oct. 1 start date.

To keep Albertans informed about when they can expect rebates to be paid, regular updates on the default rate will be posted on alberta.ca for the duration of the rebate program. In Alberta, the default

regulated rates are set for the entire month and do not fluctuate throughout the month. If a regulated rate in Alberta is set above \$6.50 per GJ, the rebates will go into effect for all eligible consumers.

Delivering relief for Albertans

This rebate is another component of the Alberta government's work to help support consumers dealing with high costs of living. It follows an

electricity rebate program implemented this summer and a gas tax repeal that will be in place until at least September.

With the electricity rebate reaching bills in July, August and September, and the natural gas rebate starting in October, the Government of Alberta will provide continuous monthly relief for millions of Albertans until March 31, 2023.

GROVE COLLISION REPAIRS LTD. EARNS OFFICIAL CERTIFICATION

Submitted by Grove Collision Repairs Ltd.

Grove Collision Repairs Ltd. has been officially Certified by Certified Collision Care, a non-profit consumer advocacy organization for maintaining the right tools, equipment, training, and facilities necessary to repair the participating Automaker brand vehicles according to the manufacturer's specifications. Grove Collision Repairs Ltd. Earns Official Certification

Continued from Page 9

...Repairs Ltd. is officially Certified by Certified Collision Care, Fiat Chrysler, Genesis, Hyundai, Kia, Nissan, Subaru, and Toyota.

To become Certified by the various Automakers, Grove Collision Repairs Ltd. passed the rigorous Certification process es-

sential to help ensure a proper and safe repair of the new generation of advanced vehicles. Less than 5% of body shops across the nation are able to meet the stringent requirements to become officially Certified and recognized. The Certified Network is made up exclusively of best-in-class collision re-

pair businesses that have met or exceeded the strict requirements of the Certification program.

According to Grove Collision Repairs Ltd. President, Keith Robin, "Our business has been built on a foundation of excellence and ethical business practices. We strive to provide the highest-quality

repair for our customers. Our state-of-the-art facility and certified technicians give us the ability to achieve this Certified status."

The Certification criteria are based upon auto manufacturer requirements. These are critical to ensure the vehicle fit, finish, durability, value and safety following an accident. As new model vehicles are being introduced that use lightweight high strength materials and advanced technology, a proper repair according to manufacturer specification is even more important to ensure the passenger safety and proper performance of the vehicle. Auto manufacturers want to ensure that consumers have the option of Certified Collision Repair wherever they live, work, or travel.

"Consumers need the confidence and peace of mind to know their vehicle is being repaired by a shop that has what it takes to ensure the vehicle's safety. Grove Collision Repairs Ltd. is officially a Collision Care Provider™," explained Leanne Jefferies, Director, Collision Repair Network (CRN) Operations and Accounts for Certified Collision Care™. "They represent the standard by which all other body shops are measured."

KEEPING ALBERTANS SAFE FROM DOMESTIC VIOLENCE

Submitted by Government of Alberta

Clare's Law continues to be a valuable resource for Albertans at risk of domestic violence, with more than 400 applications for disclosure since the law came into effect.

Through Clare's Law, Albertans have the right to know and ask about an intimate partner's past and whether they have a history of violence. People who feel they may be at risk can submit an online application through the Clare's Law website at no cost.

The government has improved the Clare's Law process to make it more efficient, easier to navi-

gate and more responsive. This includes adjusting the risk analysis process to decrease turnaround times so applicants are provided information as quickly as possible while also making sure applicants receive comprehensive information in a more accessible format.

As a result, the backlog of risk assessments caused by the large number of applications received has been addressed.

To date, more than 300 information disclosures have been made available to Albertans, helping them make informed choices about their safety and relationships. Many more disclosures are currently being completed by po-

lice.

In addition, police forms were consolidated to simplify the process and the application form was amended to make it easier to understand. These improvements were based on feedback from applicants.

"Intimate partner violence takes a huge toll in our communities, and we are taking action to prevent this from happening. Giving people access to the right information could potentially save their lives, and we continue to improve the program to make sure it is responsive to the complex needs of those who may be at risk of intimate partner violence." Tyler Shan-

dro, Minister of Justice and Solicitor General

"Alberta has long struggled with a high rate of domestic violence, and Alberta's government made a platform commitment to take action. The significant uptake of Clare's Law shows us this tool is a valuable resource for at-risk Albertans and helps them make better decisions about their lives. I urge any Albertan who feels they might be at risk to submit a Clare's Law application today. You have the right to know and ask about your partner's past." Jason Luan, Minister of Community and Social Services

We now carry Manuli! They are a European manufacturer and they engineer it all in Europe. All of their product is produced in their own factory, no outsource. Adding this in we have been able to gain access to many of the European fittings that have become much more common in North America.

BSPP, Metric Din, Metric cone, JIS.
These fittings are clear across all brands John Deere, Case, New Holland, JCB, Fendt, Massey Ferguson. Many of the implements that have been sold in the last few years have also used these predominantly European fittings.

We offer these services

- CVP Inspections
- Hydraulic hose crimping and thousands of adapters in stock.
- A/C Repair
- Espar and Webasto Repair, Installation.
- Engine Repair and Rebuilding.
- Power train/Driveline repair and service.
- Suspension and frame repair.
- Two Fully equipped service trucks for mobile needs.

WE STOCK PARTS FOR ALL MAKES AND MODELS OF TRUCKS, DRIVELINE & ENGINES.

We repair

- Truck Transport
- Heavy Equipment
- Automotive
- Industrial
- School Bus
- Agriculture

Keeping Albertans Safe From Domestic Violence

Continued from Page 11

"When women and children are safe, we all thrive. We must work together as government, as community and as individuals to break the cycle of violence. Clare's Law is a vital part of the solution. It is an invaluable tool that is saving lives and helping prevent immeasurable pain." Whitney Issik, Associate Minister of Status of Women

All Clare's Law applicants can access supports and services throughout the entire Clare's Law process. In fact, more than half of all applicants were connected with partner agencies to receive support. These supports include access to services

like counselling, safety planning, emergency housing and specialized supports for sexual violence victims.

"Clare's Law has acted as a safe and accessible entry point for hundreds of Albertans to learn more about domestic abuse, many of whom have never connected with the social service sector previously. Since Clare's Law launched last year, Sagesse has completed 295 social service referrals. This means nearly 300 Albertans have had the opportunity to access resources and supports to prevent further abuse and live a safer, healthier life. People may experience fear, domestic abuse and

coercive control at any point in a relationship. Deciding what to do when experiencing abuse is hard, but increased information and support helps. We are thankful for programs such as Clare's Law. By providing resources to Albertans at risk or experiencing domestic abuse, we know we can prevent abuse before it begins." Andrea Silverstone, executive director, Sagesse

"The introduction of Clare's Law in the province of Alberta has added another option for those seeking safety from violence and abuse in their intimate relationships. The operationalization of this innovative response makes positive outcomes

more likely when dealing with these dangerous situations and gives more choices to those impacted. Changes like these are not easy to implement, but the process has been collaborative and focused on ensuring the easiest access possible to information and needed resources." Kim Ruse, chief executive officer, Calgary Women's Emergency Shelter

fall HOME RENO GUIDE

PREPARING YOUR FIREPLACE OR STOVE FOR THE SEASON

Fireplaces and wood-burning stoves not only can be beautiful focal points within a home, but they also provide an additional source of heat and can be used to keep rooms or entire homes comfortable without the need for additional and potentially costly heating sources.

Just like more modern home heating systems, stoves and fireplaces need to be maintained, and that maintenance includes readying them before winter when they are used more heavily. Ensuring

a fireplace or stove is in good working order helps to guarantee efficiency of use and safety during the winter months.

Open-flame heating sources carry with them certain risks. The National Fire Protection Association states that, between 2009-2013, American fire departments responded to 56,000 home structure fires that involved heating equipment. The NFPA notes that the leading factor contributing to home-heating fires is a failure to keep things clean, principally

from solid-fueled heating equipment. The following are a handful of ways to stay safe as you get ready for another cozy season around the fire.

- Start with the chimney. Begin by having your chimney thoroughly cleaned and inspected. Creosote can build up inside of the chimney. Creosote is highly flammable and becomes more difficult and expensive to clean the longer it builds up inside your flue lining. In addition, animals may have created nest inside of the chimney since the

last time the fireplace was used. A professional chimney sweep should be hired in this situation. He or she will be able to effectively clean the chimney in a manner that is the least messy and disruptive to residents.

- Install or check smoke and carbon monoxide detectors. Operational alarms are essential to preventing injury or death resulting from smoke or carbon monoxide inhalation. Such detectors are inexpensive safeguards that...

Preparing Your Fireplace Or Stove For The Season

Continued from Page 14

...should be installed on every floor of the house. Batteries should be replaced every six months, and the alarms themselves should be changed every five to 10 years.

• Inspect the chimney from outdoors as well. Inspect the mortar around any bricks in the chimney and surrounding areas for cracks. If left unaddressed, these can cause dangerous fires. If there are serious cracks, a professional may need to make repairs or the chimney may need to be re-

placed. You also can have the chimney capped with a screen to keep animals and debris from entering.

• Inspect the damper. A damper is a valve or plate that stops or regulates the flow of air inside a chimney. It should be checked prior to the first use of a stove or fireplace so homeowners can be certain it opens and closes smoothly.

• Clear out flammable items. Move flammable items away from the front of a fireplace or stove. Be sure curtains or other home furnishings

are far enough away that they will not catch fire from any errant sparks or flames.

• Order wood now. Be sure there is plenty of wood for the season. Ask a wood supplier to estimate just how much will be needed, and double-check that the wood will arrive in time for the start of the season.

By preparing for fireplace and wood stove use now, homeowners can ensure their winters are comfortable and safe.

TIPS ON SHOPPING FOR NEW APPLIANCES

Now may be the right time to make large appliance purchases. Know the product before visiting the store.

As the weather turns cooler, outdoor improvements become less practical. Homeowners' thoughts may turn to projects they can tackle inside of the home. Now may be the time to consider the purchase of new appliances that can be the finishing touches to renovated spaces.

Fall is prime time to

purchase new large appliances. Manufacturers typically unveil their latest models during September and October. At this point, prices on older models will be reduced to make room for new ones. By the end of the year, any older models that have not yet been cleared out will be discounted further. Even though the end-of-the year deals will be better, the selection may be limited the longer you wait.

It is best never to wait

until an appliance is on its last leg for repair or replacement. Then consumers do not have the luxury to price shop nor find items that include the features they desire most. Here are some other buying tips.

Research

Shoppers should begin their research at home before they even enter a store. Make a list of features you want in the appliance, which helps narrow down the playing field and better focus your

purchasing decisions.

Once you have a list handy, speak with friends or family members about their experiences with brands and/or retailers. Ask about which features they like the most and how often they have had to call for repairs. If they could do things differently, what would those things be?

Know your space

Perhaps you are familiar with the adage to measure twice and cut once.

fall HOME RENO GUIDE

Tips on shopping for new appliances

Continued from Page 16

The same can be said for measuring prior to purchasing an appliance. Be sure you know the exact measurements of the space that will house the new appliance. Take into consideration the clearance needed to open doors, such as with a refrigerator or front-loading washing machine. It can be a waste of time and money to have an appliance delivered only to find it doesn't fit at the time of installation.

Energy savings

Consider appliances that reduce energy usage. Energy Star® appliances are produced in adherence to international standards for energy efficiency. The program was started more than 20 years ago by the EPA and the Department of Energy. Since then, other countries have adopted the program. Appliances that feature the Energy Star® logo use 20 to 30 percent less energy than required by typical federal standards. Homeowners who purchase qualifying appliances may be eligible for tax breaks and other incentives.

Consider your lifestyle

It is easy to be overwhelmed and awestruck by the number of appliances available. You may

desire the biggest and best there is, but if you are not a superstar in the kitchen, you may not need the commercial stove. A bachelor may not require

an oversized washing machine.

Do your research and comparison shop so you won't have any regrets later on.

Dog Caretaker

Alberta Beach & Surrounding Areas, thinking of a Seasonal Getaway? Worried about leaving your dog in a kennel? Don't worry anymore, you can leave your pet with me! There is a wrap around deck and courtyard! I will provide tender loving care, with

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

8	3	1	6	5	4	9	2	7
