## WELCOME BACK SCHOOL EVENTS

Submitted by GYPSD

Superintendent Lewis finished off a very successful first week of school with a visit to Parkland Composite High School in Edson

for their annual Welcome Back BBQ lunch. PCHS staff were busy flipping burgers and hot dogs to feed over 600 hungry students. Edson Trustee Fiona Fowler also popped in to say hi and enjoy a tasty lunch.

Superintendent Lewis has been busy visiting schools across the Division all week to welcome students and

staff back to another great year of learning. She will be joined by the Board of Trustees later this month when they do their official annual school tours.

GYPSD schools throughout the Division are hosting various welcome back events to recognize the launch of the 2022/23 school year. Families are invited to check out their schools' social media and websites to join in the fun.

## IS IT TIME FOR YOUR MAMMOGRAM?

Submitted by Alberta Health Services

Screen Test is coming to Evansburg September 28 to October 1, 2022

Thank you for supporting Screen Test over the past 30 years. It has been our pleasure bringing screening mammography to you. Together we are saving lives,

one community at a time.

Screen Test is a free service provided by Alberta Health Services that offers screening mammograms. Our mobile screening units travel to 120 communities throughout Alberta to provide convenient access to breast cancer screening.

Having regular screening mammograms is the best

way to find breast cancer early, before symptoms appear and when treatment may work better.

Who should have a screening mammogram?

If you're 50 to 74, you don't need a referral to have a mammogram. Make screening part of your regular health routine.

## Is It Time For Your Mammogram?

*Continued from Page 1*

Plan to have a mammogram every 2 years or as decided by you and your healthcare provider.

If you're 40 to 49 or over 75, discuss the risks and benefits of screening with your healthcare provider. You will need a referral if you're 40 to 49 and it's your first mammogram, or if you're over 75.

Call 1-800-667-0604 (toll-free) to book a mammogram with Screen Test.

Breast density scores are now included in your Screen Test result letter

Breast density is the amount of dense tissue compared to the amount of fat in a person's breasts.

*Continued on Page 3*

## Is It Time For Your Mammogram?

### *Continued from Page 2*

It can be harder to find cancer in dense breasts because this tissue appears white on a mammogram, the same colour as many kinds of breast cancer. It's common to have dense breast tissue.

Dense breasts are only

one of many risk factors for breast cancer. Other factors, such as age and genetics, have a bigger impact on your overall risk. You can't tell how dense your breasts are by size, look or feel. The only way to find out is by having a mammogram.

Talk to your healthcare provider about your breast

density score and your personal risk of breast cancer. Learn more about breast density on screeningforlife.ca.

Is it safe to go for screening mammograms during COVID-19?

Enhanced safety measures are in place to keep patients and staff safe and

help prevent the spread of COVID-19. Details will be shared when you call to book your mammogram.

For more information on Screen Test and breast cancer screening, visit screeningforlife.ca.

## WHAT IS RAILWAY SAFETY WEEK 2022?

Submitted by CN Railway

Every year, more than 2,100 North Americans are killed or seriously injured because of unsafe behaviour around tracks and trains. Every one of these incidents and deaths are preventable. By looking out for each other and working together, we can help keep our communities safe and prevent injuries and fatalities on or near railway property.

Safety is a core value at CN and we continue to take all necessary steps to protect our employees, communities, customers, vendors and partners with the objective of reducing rail related injuries and fatalities to zero. As we safely serve our customers and keep the economy moving, we remain committed in our

efforts to educate the public on rail safety.

Rail Safety Week will be held in Canada, the United States, and Mexico from September 19-25, 2022. Once again this year, efforts

to get the rail safety message out will be stronger than ever and represent a unique opportunity to work together with you, we want people to slow down, look in both directions, listen

for approaching trains and obey all railway signs and signals.

Rail Safety is a shared responsibility

### JOKE of the week

There was once a young man who, in his youth, professed his desire to become a great writer.

When asked to define "great" he said, "I want to write stuff that the whole world will read, stuff that people will react to on a truly emotional level, stuff that will make them scream, cry, howl in pain and anger!"

He now writes error messages for Microsoft Corporation.

# ST. PETER'S AND ST. PAUL'S UKRAINIAN ORTHODOX CHURCH BELL STOLEN

Submitted by St. Peter's and St. Paul's Ukrainian Orthodox Church

The theft of church collections is one of the most shameful, heinous crimes imaginable. To know that burglars entered the most sacred space of our beautiful little Church and took pains to pilfer is an act of disrespect that has left

our congregation feeling shocked, saddened and violated.

Between July 10-12, thieves stole the church bell and rocking mechanism from the Ukrainian Orthodox Church, located 7 km north of Onoway on RR22.

The bell is heavy, weighing more than 250 pounds, and was bolted to a 16-foot wooden tower. It would have taken more than one person to move.

The bell was originally donated and installed by the Wengreniuk Family, later undergoing a restoration funded under the Alberta Historical Resources Foundation in 1991. The value of the bell, which has been an integral part of the rural church for over 50 years, is not known.

One month later, this time breaking into the church, the thieves took several items of cultural, historical and spiritual significance. Some of items stolen include: chalice and liturgy set, incense boat & burner, candelabra, holy water bucket & sprinkle, gold and wooden crosses, framed icons, antique altar cloths and linens. Most cherished is our large Ukrainian red and gold Holy Gospel.

It was the fruit of the labour of the Ukrainian men and women who very early in their pioneer days saw a need for their enlightenment and spiritual guidance. In the early 1940's, they agreed that a Parish of their own should be organized. Alongside the church, it was also important to have a cemetery; a final resting place for loved ones. This past May, a funeral was held for a long time parishioner, and most recently,

*Continued on Page 5*

## SUMMER VILLAGE OF SEBA BEACH

### Employment Opportunity Public Works Maintenance Labourer

The Summer Village of Seba Beach is a vibrant municipality that is looking for a full-time Public Works Maintenance Labourer. If you enjoy working in an environment that encourages development and teamwork while looking at the big picture, this position will interest you. We are looking for a career-minded individual to provide various municipal services with the Public Works Department to residents. Competitive wage, benefits after six months and training will be provided for the right candidate.

The successful candidate will:

- Responsible for maintaining the roads in good condition for safe, hazard free driving including winter and summer road maintenance, construction projects, culverts, drainage systems and street signs.
- Responsible for the maintenance and repairs of equipment and tools.
- Perform waste management duties including recycling, compost and garbage pickup.
- Undertake construction, repair projects and general upkeep of Village owned facilities and recreational structures and parks.
- Perform maintenance of roadside and other Village owned property.
- Assist with budgeting, purchasing and providing recommendations to the CAO.
- Assist with maintaining the Health and Safety Program.
- Maintain the confidentiality of employees, ratepayers, and municipality business as defined by the Municipal Government Act and Freedom of Information and Protection of Privacy Act.
- Attend seminars and training programs as may be beneficial or necessary to remain qualified to perform the duties of the position as directs.

The successful applicant must possess:

- A minimum of grade 12 or equivalency diploma, a valid Alberta class (5) driver's license and clean drivers abstract.
- Good physical fitness in order to perform manual labour and assigned duties in all weather conditions.
- Ability to establish work priorities and schedules.
- Knowledge in road maintenance and experience in the operation of equipment used for grounds and road maintenance.
- Understanding of job safety procedures.
- Experience in a municipal setting is an asset.

Please submit your resume along with covering letter to:

Summer Village of Seba Beach  
Box 190, Seba Beach, AB T0E 2B0  
Email: svseba@telusplanet.net

Resumes will be accepted until a suitable applicant is chosen. We thank all applicants for their interest in this position and advise that only those applicants selected for interviews will be contacted.

# St. Peter's and St. Paul's Ukrainian Orthodox Church Bell Stolen

*Continued from Page 4*

the church was blessed with a wedding ceremony.

The dollar value of items taken is incalculable. They are irreplaceable. They've all been given over decades in memory of people's family members or in honour of someone's family.

It's extremely sad, unthinkable even, that someone can walk into a church and want to take things.

Somebody knows something.

Our congregation is asking the public to keep an eye out on social media marketplace ads, yard sales, pawn

shops, etc. for items being sold that might have been stolen from our church.

We just want our heirlooms back.

A reward is offered for the recovery of these items or information leading to their recovery.

## FRIM PD FOR GYPSD TEACHERS

Submitted by GYPSD

GYPSD K-7 French Immersion teachers joined Myriam Le May for a day focused on French phonetics and learning techniques to assist students in their French language development.

Myriam Le May is a native French speaker with over twenty-five years of expe-

rience teaching French as a first and foreign language from elementary school to university levels. Myriam completed her Bachelor's and Master's degrees in French Linguistics, as well as an Education degree. Before settling in Vancouver, she taught in leading schools in Québec, Portugal, and France.

Having studied three for-

eign languages and overcoming a difficult stuttering problem, Myriam is well aware of the challenges involved in articulating a new language. She is passionate about integrating corrective phonetics as a way to help build confidence in oral competency. It gives her great satisfaction to share her expertise with teachers who will be able, in turn,

to help their own students better pronounce French. Myriam has been delivering workshops on Corrective Phonetics to French teachers across Canada, including those teaching in Core French, French Immersion, and Programme Cadre.

Merci pour cette belle journée Myriam !

If you live in Alberta, you'll be getting more money back in your pocket.

Inflation is tough on everyone. That's why the Government of Alberta is helping Albertans combat the rising cost of living by providing relief.

**FUEL TAX RELIEF** Alberta drivers automatically save 13¢ per litre at the pump until at least September 30th.

**ELECTRICITY REBATES** Over 1.9 million homes, farms, and businesses receive a total of \$300 until December to cover high electricity costs.

**NATURAL GAS REBATES** Rebates are coming this fall to address high winter heating costs from October 2022 to March 2023.

A family of four will save about \$2,200 this year, while a single Albertan will save nearly \$1,300.

We're also making life more affordable with lower overall taxes, affordable child care and more.

Led by Lara Felsing, participants will create their own healing salve from an olive oil and beeswax base, with added essential oils.

Learn about its uses and benefits, as well as local medicinal plants in this adult-only class.

Light refreshments provided.

What is a healing salve? A soothing mixture that combines herbs, beeswax, and infused oils. Rooted in natural medicine, salves are most commonly used to cure ailments or irritation.

3:00-5:00 PM  
Sunday, September 25  
Peers Multiplex • \$20/person

Register before September 21st by calling 780-723-4800. For more information, call or email [narves@yhcounty.ca](mailto:narves@yhcounty.ca).

**+ Kids Crafting Class**  
At the same time, children 6+ are invited to join us in another room for a fall-inspired crafting session! \$5/child. Snacks provided.

**Yellowhead County CULTURE DAYS**

**October 1st: Day of Older Adults in Alberta**

Let's celebrate the contributions of older adults, recognize those who support them, and raise awareness of the concerns of older adults!

Older adults are a vital part of our communities. As parents and grandparents, mentors and friends, employees and employers, they make a difference in our lives. It is important that we continue to recognize, celebrate and support older adults.

There are so many great opportunities to stay connected with the older adults in your life, say thank you, make sure they are safe, and see if they need anything. To stay connected safely:

- Make a phone or video call, email or send letters to check in
- Take an older adult(s) out for coffee, dinner or just have a face to face visit with them
- Host a games night with family and friends
- Write letters and send cards, drawings or photos to older adults in local continuing care facilities

To support the emotional, mental and physical well-being of older adults and to spread good cheer throughout your community:

- Offer to assist with grocery and prescription purchases – online or delivery
- Offer yard cleaning for older adults
- Drop off gift baskets at older adult's homes
- Volunteer with organizations that support older adults, like a telephone check in program (such as the Friendly Caller Program with Yellowhead County)
- Share stories with older adults and learn about their life experiences and history

*Let's celebrate and support older adults!*

- Commercial pesticides for golf courses and industrial and commercial pest control products (identified with a Pest Control Product number on the label).
- Livestock/equine medications that are used on-farm in the rearing of livestock, poultry or horses in an agricultural context (identified with a DIN number, serial number, notification number or Pest Control Product number on the label).

#### WHAT'S OUT

- Fertilizer, diluted solution, large quantities of unopened product
- Full and unopened jugs of adjuvant or surfactant.
- Treated seed.
- Needles or sharps, medicated feed, aerosol containers, premises disinfectants and sanitizers, veterinary clinic waste and medications, ear tags, and aerosols
- Domestic pesticides, fertilizers and animal health products
- Any other household hazardous waste.

**MORE DETAILS AT: [CLEANFARMS.CA](http://CLEANFARMS.CA)**

\* Ponoka event cancelled.  
- Next Cleanfarms collection in these areas in 2025.  
- To view collection site maps or for collection dates elsewhere: [cleanfarms.ca/materials/unwanted-pesticides-animal-meds/](http://cleanfarms.ca/materials/unwanted-pesticides-animal-meds/)

It's free and easy! Visit [www.cleanfarms.ca](http://www.cleanfarms.ca) or call Yellowhead County Agriculture Services at 780-325-3782.

*It's time to fall in love with  
your home all over again!*

# fall HOME RENO GUIDE

## SHOULD I DIY?: 3 QUESTIONS TO DETERMINE IF IT'S BEST TO RENOVATE ON YOUR OWN

A do-it-yourself mentality has taken hold in millions of households across the

globe. Popular television channels like HGTV and DIY Network as well as acces-

sible home improvement content on apps like YouTube has inspired many

homeowners to tackle renovation projects around their homes. Taking such initiative is admirable, though it also can prove costly if homeowners end up biting off more than they can chew.

Home improvement videos and television shows have a tendency to oversimplify renovation projects, potentially giving homeowners a false sense of confidence in their DIY abilities. A concerted effort on the part of homeowners to determine if it's best to renovate on their own or hire a professional should always be the first step of any renovation project. No two homeowners are the same, but the following three questions can help homeowners determine if DIY is their best option.

### 1. Can I afford to DIY?

Professional home improvement projects are costly for a variety of reasons. Materials can be costly, but so are the tools and labor necessary to do the job right. Homeowners may not have the tools necessary to complete complicated projects. Specialty tools can be expensive to purchase or even rent, and the cost of acquiring such tools should be included in any DIY project cost estimates.

[www.theflooringstore.ca](http://www.theflooringstore.ca)

## Should I DIY?: 3 Questions To Determine If It's Best To Renovate On Your Own

*Continued from Page 10*

Labor also factors heavily into professional projects, and for good reason. Talented contractors have unique skills that have been developed and perfected over many years. Those skills can ensure projects are completed quickly and correctly. Labor may seem costly, but such costs may ultimately prove to be a bargain compared to the cost of fixing DIY mistakes. Projects that are minor in scope and don't require the use of potentially costly specialty

tools may be better suited for weekend warriors than more complicated renovations.

### 2. Do I have the time?

Homeowners must determine how much time they have to complete a project before deciding to do it themselves. No one wants to spend months staring at an unfinished renovation project. Homeowners who are already pressed for time may not be able to complete projects in a timely fashion, which can make homes less comfortable and even less

safe.

### 3. Can I pull this off?

DIY projects can instill homeowners with a sense of pride in their homes, but it's imperative that homeowners considering the DIY option conduct an honest assessment of their skills. A lack of renovation experience does not necessarily mean a homeowner cannot successfully complete a DIY project. But in such instances, it may be best to start with small, straightforward projects and then gradually move up to bigger, more

complicated projects as skills are fine tuned. And homeowners who have never been at their best with a hammer in hand should not be ashamed to leave the work to the professionals.

Television shows and online tutorials can make renovations appear easier than they actually are. Homeowners considering DIY renovations can ask themselves a handful of questions to determine if they're ready for the challenge of renovating their homes on their own.

## HOW TO CHOOSE THE RIGHT LIGHTING INSIDE YOUR HOME

Lighting in a home serves both practical and aesthetic purposes. It's easy to maneuver around a well-lit home, reducing the risk of slips and falls, and the right lighting can help homeowners create their desired ambiance, which typically changes depending on which room you're in.

When choosing lighting for their homes, homeowners must walk a fine line between appearance and functionality. A fixture in the foyer that instantly impresses visitors likely won't prove as awe-inspiring if it's installed in the living room. When choosing lighting

for a home, some general rules about what works in each room can help homeowners make the most informed decision.

### Kitchen

Kitchens are often the busiest room in a home, so lighting here can be especially important. A kitchen often benefits, both practically and aesthetically, from different types of lighting. For example, pendant lighting above kitchen islands can make meal preparation easier and safer, but such lighting likely won't work in breakfast nooks and informal dining areas in the kitchen. Recessed lighting

works best in such areas. In kitchens with no island, under-cabinet lighting can be used to illuminate countertops and simplify meal preparation.

### Formal dining room

Many people enjoy the look of chandeliers in formal dining rooms, and such fixtures can be installed directly above the dinner table. The interior design experts at Better Homes & Gardens advise hanging chandeliers roughly 33 inches above the table in dining rooms with eight-foot ceilings, adding three inches for each additional foot above eight feet. Dark-

ened dining areas may be ideal in restaurants, but homeowners may want to split the difference at home and choose dimmable chandeliers for their dining rooms. This allows homeowners to dim the lights for romantic dinners but turn them up for family gatherings with lots of people around the table.

### Living room

Adaptability also is important in the living room, where homeowners may host anything from movie nights to book clubs to parties for the big game.

## ***How To Choose The Right Lighting Inside Your Home***

*Continued from Page 12*

It can be a tall order to accommodate such a wide range of activities, and many homeowners come down to deciding between recessed lighting and track lighting. If the living room currently has neither style, homeowners should recognize that it will cost considerably less to install track lighting than recessed lighting. Better Homes & Gardens notes that flexible track lighting provides ambient, task or accent lighting, and track lights can even be moved to change lighting schemes

at any time, making them a budget-friendly option for homeowners whose living rooms are multi-purpose spaces. Recessed lighting also works well in living rooms, especially ones with low ceilings. That's because recessed lighting is installed into the ceiling, meaning it does not take up any visual space in the room. That can help living rooms feel bigger.

### Bedroom

The home improvement experts at BobVila.com note that bedroom lighting should provide enough light when getting dressed, but also be able to be toned

down as residents prepare for their bedtime routines. Both portable and installed lighting can be used in bedrooms to serve these various functions. Recessed fixtures that dim can ensure there's ample light to get dressed in the morning, but they also can be dimmed at night as residents try to get ready to sleep. Portable nightstand lights can make it easier for couples sharing a bedroom, allowing one person to stay up and read while the other goes to sleep.

Homeowners have many options and many needs when choosing lighting for

their homes. A professional consultation with a lighting expert or interior decorator can help homeowners find lights that provide both practical and aesthetic appeal.

## CONSIDER MOISTURE ISSUES WHEN CHOOSING INSULATION

We insulate our homes primarily to keep them warm in the winter and cool in the summer. As a result, most of us evaluate insulation based on its thermal properties, which is definitely important to consider. However, there is another aspect of wall and ceiling insulation that should be considered before making a final decision, and that's moisture. If you choose the wrong insulation, moisture can seriously damage the long-term performance of the insulation, drastically reducing the benefits it offers to your home.

Although wall and ceiling cavities may be out of sight

after a home is built, they are very important spaces in residential construction and remodeling projects. They play a critical role in managing the interior temperature, noise level, air-flow and mold levels. It is important that the insulation in the walls and ceilings works just as well years after installation as it does the day after the project is completed. This means that the insulation needs to stay consistent over time -- any sagging, compressing or rotting will compromise the safety and comfort of your home.

To combat these potential problems, look for insulation that does not absorb water,

but repels it. Stone wool insulation, like that produced by Roxul, is a good choice. Water-resistance is important year-round, but especially in summer, when humidity levels rise, and in spring and fall, when rain and moisture levels can increase dramatically. It's vital that your insulation won't compress or sag within the wall or ceiling cavity, because when insulation materials compress and sag, they leave gaps, compromising the thermal performance of the wall. Cold, heat and sound can pass through much more easily, creating a living space that's less comfortable and more expensive to heat and cool.

Another important consideration when choosing insulation is mold resistance. Materials that resist mold growth, like stone wool, are essential to the health of your home and family. Because mold feeds on organic matter, selecting an insulation that is composed of nonorganic matter is ideal to prevent rot.

Keeping moisture and mold at bay with a quality insulation will contribute to a safer indoor environment and provide energy savings and comfort benefits that can last for the lifetime of a home.

# KEEPING ALBERTANS SAFE FROM DOMESTIC VIOLENCE

Submitted by Government of Alberta

Clare's Law continues to be a valuable resource for Albertans at risk of domestic violence, with more than 400 applications for disclosure since the law came into effect.

Through Clare's Law, Albertans have the right to know and ask about an intimate partner's past and whether they have a history of violence. People who feel they may be at risk can submit an online application through the Clare's Law website at no cost.

The government has improved the Clare's Law process to make it more efficient, easier to navigate and more responsive. This includes adjusting the

risk analysis process to decrease turnaround times so applicants are provided information as quickly as possible while also making sure applicants receive comprehensive information in a more accessible format.

As a result, the backlog of risk assessments caused by the large number of applications received has been addressed.

To date, more than 300 information disclosures have been made available to Albertans, helping them make informed choices about their safety and relationships. Many more disclosures are currently being completed by police.

In addition, police forms were consolidated to simplify the process and the

application form was amended to make it easier to understand. These improvements were based on feedback from applicants.

All Clare's Law applicants can access supports and services throughout the entire Clare's Law process. In fact, more than half of all applicants were connected with partner agencies to receive support. These supports include access to services like counselling, safety planning, emergency housing and specialized supports for sexual violence victims.

"Clare's Law has acted as a safe and accessible entry point for hundreds of Albertans to learn more about domestic abuse, many of whom have never connected with the social

service sector previously. Since Clare's Law launched last year, Sagesse has completed 295 social service referrals. This means nearly 300 Albertans have had the opportunity to access resources and supports to prevent further abuse and live a safer, healthier life. People may experience fear, domestic abuse and coercive control at any point in a relationship. Deciding what to do when experiencing abuse is hard, but increased information and support helps. We are thankful for programs such as Clare's Law. By providing resources to Albertans at risk or experiencing domestic abuse, we know we can prevent abuse before it begins." Andrea Silverstone, executive director, Sagesse

# GOLFER'S GUIDE

## THESE GOLF TERMS ARE PAR FOR THE COURSE

Golf is a game of sport and skill that can be played at any age. Millions of people in North America participate in golf as a recreational endeavor or a professional pursuit. As of the spring 2016, 25.13 million people in the United States played golf over the previous 12 months, according to Statistica.

People may immediately think Canada's sports-based loyalty favors hockey. However, on the recreational side, golf is king in the country. Canada has the fourth most golf courses of any country in the world, says the National Golf Foundation. Plus, one out of every 10 Canadians play golf - a participation rate that is more than double that of the United States.

### Storied golf history

Although golf can be traced back to the Netherlands during the Middle Ages, many people concur that the modern game of golf - played over 18 holes - is a Scottish invention.

The popularity of the sport began to spread throughout the world from Great Britain. The first permanent golf club in North America was founded in 1873 and was named Canada's Royal Montreal Club. The first 18-hole course in the United States was The Chicago Golf Club.

### Golf lingo

Understanding the terminology is key to becoming a full-fledged golf fanatic. While golf lingo is extensive, here is a sampling of

some of the more popular terms to get novices started, courtesy of the PGA.

**Approach:** A shot hit towards the green.

**Attack:** The relative angle at which the clubhead approaches the ball at impact.

**Backswing:** The motion that involves the club and every element of the body in taking the club away from the ball.

**Birdie:** A score of one under par on a hole.

**Bogey:** A score of one over par on a hole.

**Bunker:** A hollow comprised of

sand or grass that serves as an obstacle.

**Carry:** The distance a ball will fly in the air.

**Chip:** A short approach with a low trajectory.

**Chunk:** A poor shot caused by hitting the turf.

**Divot:** The turf displaced when the club strikes the ball.

**Downswing:** The swing forward from the top of the backswing.

**Eagle:** A score of two under par on a hole.

**Golf range:** A facility where people can practice golf swings.

**Grip:** The positioning of hands

on the club.

**Hole:** A round receptacle on the green that the ball is aimed into.

**Lie:** As it relates to the golf ball, the position when it has come to rest.

**Links:** Specific term for a course built on linksland, which is land reclaimed from the ocean.

**Mulligan:** An extra shot taken on a poor first shot.

**Par:** The score an accomplished player is expected to make on a hole, either a three, four or five.

**Putt:** A shot on the green.

**Stance:** The position of the feet.

## Obituaries

Huddleston, Ruby Ruth Esther, born March 26, 1925 in Hughenden Alberta

It's with sad hearts that we announce the passing of our amazing Mom and Nana on September 10, 2022 at the age of 97. She will be lovingly remembered and so missed by her three sons, Irvin (Leone), Lyle, and Eldon (Tina) and daughter Maria (Roland), 11 grandchildren, and 24 great grandchildren and her partner Cecil Travis. She was predeceased by her daughter Sherry Granger, first husband Elmer Lund and second husband Allister Huddleston. Ruby was a woman of incredible strength and endurance and had a huge love for her family that was evident right to the very end of her life. She was the glue that held her family together. She so enjoyed her life on the farm as she really came into her own being a rancher with her husband Al and being a strong presence in the Wildwood Legion for

many years. In lieu of flowers the family would like you to consider a donation to the Alzheimer's Society or Good Samaritan Wedman House. We have been so blessed by an amazing Mom and Nana who loved us with a marvellous and enduring love! You're at home now Mom in perfect peace and we have such wonderful

memories!

Call 780-962-9228 for more information. (S) OG

## Employment Wanted

### LOCAL DRIVERS NEEDED!!

Community Voice is looking for local newspaper delivery drivers. Every Tuesday. Must have own vehicle.

## PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

### A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

### Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

### Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

### KEY BENEFITS

**PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

**PROMOTES HEALTH:** Helps to promote relaxation and overall health.

**WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

## PET PRODUCTS

### PET CHEW TREATS

#### KEY BENEFITS

**SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.

**NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.

**DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

### ORAL SPRAYS & DROPS

#### KEY BENEFITS

**MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.

**TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.

**GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.

**CONVENIENT:** Can be sprayed into pet's mouth or on food.

**For more information, Call (780) 907-8642**

# SUDOKU

## of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**

3	8	6	1	5	4	7	2	9
2	1	5	8	9	7	6	4	3
7	9	4	3	6	2	1	5	8
6	3	8	5	2	9	4	1	7
5	7	1	4	3	8	9	6	2
4	2	9	6	7	1	8	3	5
8	5	3	7	4	6	2	9	1
9	4	7	2	1	5	3	8	6
1	6	2	9	8	3	5	7	4

# PREVAIL MAX

CELLULAR HOMEOSTASIS FORMULA

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU  
...RIGHT DOWN TO THE LAST CELL!

How do you want your  
**BLOOD** to look?

**Before PrevailMAX:**

poor circulation

low energy

brain fog

dehydration

decreased nutrients

pH imbalance

poor endurance

**After PrevailMAX:**

better circulation

more vitality

mental clarity

cellular movement

nutrient assimilation

balanced pH

optimal endurance

**PrevailMAX™** is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
