PARKLAND RCMP SEEK OWNER OF BLACK THERMOS CONTAINING ASHES

Submitted by Parkland RCMP

On Sept. 21, 2022, a thermos was turned in to Parkland RCMP Detachment. The thermos was located at

the site of the former Hope Christian Reform Church in Stony Plain, now home to the Old Hope Society. The thermos was unearthed during construction and found to contain ashes, but

there are no records that allow for the thermos to be returned to it's owner or re-buried.

Home Ownership Key To Indigenous Housing Project

Continued from Page 2

“Every Canadian deserves a safe and affordable place to call home. We are listening to Indigenous communities and their housing needs, and that’s why we are investing in innovative affordable housing projects like this because it creates healthier and more vibrant communities. This is one of the ways our National Housing Strategy continues to ensure no one is left behind.”

Ahmed Hussen, federal Minister of Housing and Diversity and Inclusion

“No relationship is more important to our government than the one with Indigenous Peoples. That is why we are committed to supporting better housing outcomes for Indigenous communities and we are quickly creating safe and affordable homes all across the country for those in housing need. With our Indigenous partners and the provincial government, we are delivering regional housing solutions for communities from coast to coast. Congratulations to Paul First Nation on this innovative project, and I am sure it will have a positive impact on the community in the very near future.”

Randy Boissonnault, federal Minister of Tourism and Asso-

ciate Minister of Finance, and MP for Edmonton Centre

“For the first time, a housing project funded through our Indigenous Housing Capital Program is offering tenants a rent-to-own option. The Paul First Nation project reflects the flexibility of this program and we are proud to support this new housing and the promise to make home ownership a reality for Paul First Nation members.”

Josephine Pon, Minister of Seniors and Housing

“The availability of affordable, accessible off-reserve housing is important. These 24 units supported by IHCP for Paul First Nation provide equitable access and necessary supports in urban areas. This is a great development and I look forward to continued success.”

Rick Wilson, Minister of Indigenous Relations

“As the chief and council of Paul First Nation, it’s our responsibility to look after the needs of our membership both on-reserve and off-reserve. The rent-to-own model is a housing alternative for our membership living off-reserve that supports a sustainable future with all resources made available for a better life. We are honoured and grateful to have the support from the provincial government, the

federal government and the City of Edmonton that have come together and joined our efforts. I feel we are well on our way towards not only a brighter today, but a tomorrow that brings opportunity for change.”

Chief Arthur Rain, Paul First Nation

“I’m so pleased to see all orders of government working together to provide these 24 affordable housing units in our city. Every single affordable housing unit provided is a step in the right direction and this Indigenous-led housing will make a difference in the lives of families and seniors from the Paul First Nation.”

Amarjeet Sohi, mayor, City of Edmonton

The IHCP ensures a flexible, autonomous approach,

which encourages public and private developers to partner with Indigenous governments and organizations on housing projects. The government accepts IHCP applications on a continuous basis at alberta.ca/ihcp.

Supporting community-driven projects like the rent-to-own initiative undertaken by the Paul First Nation is a key action under Alberta’s Stronger Foundations affordable housing strategy and responds to the recommendations of the 2020 Affordable Housing Review Panel.

Federal funding for the IHCP is provided through the 10-year bilateral housing agreement between the Government of Canada and the Government of Alberta, announced in spring 2019.

PARKLAND RCMP INVESTIGATE FATAL COLLISION INVOLVING STOLEN VEHICLE

Submitted by Parkland RCMP

On Sept. 26, 2022, Parkland RCMP concluded a complex and lengthy investigation into a fatal collision involving a stolen vehicle

from October 2021. 25-year-old Thomas Bailey Rain, a resident of Paul First Nation, Alta., was arrested and charged with multiple offences including:
• Operation of a motor vehicle while impaired

causing death
• Dangerous operation of a motor vehicle causing death
• Possession of stolen property over \$5000 for the purposes of trafficking
Thomas Bailey Rain was

held for a Judicial Interim Release Hearing and was remanded into custody. He is set to appear before the courts on Sept. 28, 2022, in Stony Plain.

PARKLAND RCMP RESPOND TO FATAL TWO VEHICLE COLLISION AT HIGHWAY 627 AND RANGE ROAD 12

Submitted by Parkland RCMP

On Sept. 25, 2022, at approximately 5:15 p.m., Parkland RCMP responded to multiple reports of a collision involving two pickup trucks at Highway 627 and Range Road 12 in Parkland County.

A pickup truck is alleged to have failed to stop at the stop sign when crossing the Highway, and was struck on the passenger side by a second pickup truck heading westbound. The 58-year-old female passenger of the first truck was transported to hospital via STARS, where she succumbed to her injuries. Her 60-year-old husband, and the 39-year-old male driver of the second vehicle both sustained lesser injuries as well. All parties were residents of Edmonton.

The collision is still under investigation with the assistance of a collision analyst.

PROPOSAL CALL FOR SNOW REMOVAL

Grande Yellowhead Public School Division invites all interested contractors to submit a proposal for the removal of snow, grading and the sanding of all Division owned parking lots at the following locations:

Grand Trunk High School, & Evansview School in Evansburg, Wildwood School, and Niton Central School.

The successful contractor must demonstrate that all of the areas bid on will be cleaned and sanded within a 12 hour period after any significant snowfall.

The proposal call should therefore include the type and number of pieces of equipment available to clean, grade, sand and remove the snow from all parking lots and the hourly rates charged including travel time. Include WCB clearance letter and proof of \$2 million liability insurance in proposal.

When submitting a proposal bear in mind the distance between the sites and restrictions on a single operator for a number of sites.

Preference will be given to those contractors that submit their company safety program including safe work practices and up to date equipment maintenance records.

Sealed quotes will be received by Grande Yellowhead Public School Division attention:

MUSEUM MICE

Submitted by Tipple Park Museum

One day all the museum mice came to the museum to play

They learnt about trains
They shared with their friends

The mice did not want the program to end

They splashed boats in the water

Coloured a picture for their mom

Built a tower with blocks
It was much fun!

We are thrilled to announce our new toddler program at Tipple Park Museum, Evansburg.

Every Wednesday, starting October 5th, from 11:00-11:40, children will learn about our town's his-

tory through play stations and sensory activities.

Toddlers will play with trains, water stations, rice stations, blocks, and colouring. A museum staff member will teach a sensory activity before the breakout stations to start the program.

The purpose of Museum Mice is to start teaching history at a young age through learning and play.

We ask parents to stay on-site and be with their toddlers.

MP SOROKA'S STATEMENT ON AFFORDABILITY

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead, gave the following statement in the House.

"Mr. Speaker, our new Conservative leader will put people's pay-cheques, homes, retirement and country first. Canadians

have lost hope in this government due to the affordability crisis and service levels. By choosing to retain and increase the carbon tax, this government has failed to secure a brighter future for Canadians, much less remedy the ongoing affordability crisis. This gross mismanagement has resulted in long lineups at airports and

passport offices, delays in processing immigration and firearms' applications, and the list goes on.

The Liberals have managed to hike the cost of everything, while offering nothing to serve Canadians' needs. Limiting farmers' fertilizer use and imposing the carbon tax will mean less food production and

higher costs for Canadians who are already struggling to afford groceries. Why is the government choosing to decrease the availability of food altogether?

This government can deflect, deny and blame all they want, but the facts remain - they have insufficiently addressed the cost-of-living crisis: too little, too late."

ARTICLE BY MLA SMITH

Submitted by MLA Mark Smith

Alberta is once again a lighthouse for all those seeking freedom, opportunity, and prosperity.

According to Statistics Canada, Alberta saw a net gain of approximately 10,000 people in the second quarter of 2022. This makes four consecutive quarters of positive net migration to our province.

Whether it's affordable homes, low taxes, good jobs, or world-class quality of life – families and businesses from across Canada are choosing to come to our province and participate in the new Alberta Advantage.

The real numbers are very exciting. From January to June 2022, we welcomed 15,208 people from oth-

er provinces. Over the past four quarters, we welcomed 23,132 people. But these latest second quarter numbers are the highest provincial migration numbers we've seen since the second quarter of 2014 and serve as a strong signal that Alberta is truly back on the right track.

Contrast this with the grim reality we witnessed under Rachel Notley and the NDP. Back then, Alberta experienced 13 consecutive quarters of negative net migration, all while we lost hundreds of thousands of jobs and billions of dollars of investment. When the NDP was in government, people spoke with their feet and left. Today, people are coming back.

Jobs and investment are also pouring back into Alberta, as we lead the nation

in economic growth. By cutting taxes and red tape, and by launching initiatives like Alberta Jobs Now and Alberta at Work, our United Conservative government is continuing to do all it can to make Alberta the best place in the world to live, work, play, start a business, and raise a family.

As more jobs are created, however, more skilled workers are needed to fill them, which is why these positive net migration numbers are so welcome. Right now, Alberta is estimated to have more than 100,000 job openings. To help address these labour challenges, our government launched a new advertising campaign called Alberta is Calling to highlight all the benefits of living and working in Alberta as opposed to egregiously expensive cities

like Toronto and Vancouver. Clearly, the message is getting through.

More than just a destination for business, Alberta is once again a place where everyday people see hope and opportunity for the future. People are choosing Alberta again, and this is good news for all of us.

For generations, Canadians came to Alberta in search of better lives and better futures. Now, a new generation is following in their footsteps and heading west to participate in the promise of Alberta.

Our entire United Conservative government welcomes these new Albertans and wishes them nothing but success and happiness in our great province, now and for generations to come.

TRUSTEES VISIT CLASSROOMS

Submitted by GYPSD

Students returned to school on September 6th, and the Board of Trustees for GYPSD were not far behind them!

The Trustees for all five of the zones that make up GYPSD were in classrooms, meeting with staff, talking with students, and hearing from principals about how

their school's instructional focus was addressing student learning.

Board Chair Karpluk even had the opportunity to try out the flight simulator at Grand Trunk High School – where students in the GTHS Aviation Academy can work towards their pilot licence.

NOTICE OF PUBLIC HEARING

In accordance with the requirements of Section 606 of the Municipal Government Act, as amended, the Council of Parkland County has scheduled a **Public Hearing** regarding the proposed adoption of the following Bylaw:

Bylaw: 2022-10 Date: **October 11, 2022** Time: 9:30 am Location: Parkland County Council Chambers
53109A Hwy 779,
Parkland County, Alberta

Proposed Bylaw 2022-10: Text Amendment to Land Use Bylaw 2017-18 Section 4.1.2(c) for site specific discretionary use (Storage, Warehousing and Distirbution, Outdoor) within AGG-Agricultural General District

Parkland County Administration has received an application to amend Land Use Bylaw 2017-18 to add Site Specific Use in the AGG-Agricultural General District, being Storage, Warehousing and Distribution, Outdoor as a discretionary use only on a parcel legally described as Plan 167MC Lot 3. The purpose of proposed Bylaw 2022-10 is to allow for the future development of a Storage, Warehousing and Distribution, Outdoor business to occur on Plan 167MC Lot 3. This use is not listed in the AGG-Agricultural General District and as such, the applicant is proposing a site specific Land Use Bylaw amendment to allow for this type of development, specifically on the subject parcel. The Bylaw received First Reading on September 13, 2022.

Hearing Procedure

This is a formal Public Hearing and Council is prepared to hear and receive formal submissions and presentations (verbal or written) from those who wish to speak to the proposed Bylaw. Written submissions or presentations may either be submitted in advance to Planning & Development by 4:00 p.m. on September 27, 2022, or submitted at the commencement of the Public Hearing on October 11, 2022.

Anyone wishing to make a verbal presentation to Council must notify Planning & Development Services in advance of the Public Hearing by 4:00 p.m., on September 27, 2022. Verbal presentations at the Public Hearing will be limited to a maximum of 10 minutes. Anyone wishing to make a verbal presentation who has not made prior arrangements may be allocated a time at the commencement of the Public Hearing. Council advises that this is your last opportunity to comment on the proposed Bylaw as Council is unable to receive further submissions after the Public Hearing is closed.

Copies of Proposed Land Use Bylaw Amendment 2022-10

Copies of the proposed Land Use Bylaw Amendment 2022-10 are available free of charge on our website (www.parklandcounty.com/PublicHearing2022-10), by email or by visiting Parkland County Centre during regular business hours (8:30 a.m. to 4:30 p.m., Monday to Friday). If you have any questions related to this Bylaw, please email jessica.harnden@parklandcounty.com.

The personal information you provide will be used for the purpose of the items described above and is collected under the authority of Section 33 (c) of the Freedom of Information and Protection of Privacy (FOIP) Act. If you have any questions about the collection, use, and disclosure of this information, please contact the FOIP Coordinator at Parkland County, 53109A HWY 779, Parkland County, Alberta T7Z 1R1 (780-968-3229) or email foip@parklandcounty.com

ROOMS CAN SERVE DOUBLE DUTY

Many homes do not have space for guest rooms, kids' play areas and home theater lounges that are possible in homes with substantial square footage. But they may not be missing out at all.

While large homes remain popular, many people are embracing the benefits of smaller residences. Small homes help homeowners save money, require less maintenance, have smaller environmental impact, and reduce the temptation to accumulate "stuff."

Owners of small homes or apartments can still enjoy the benefits of larger spaces, they just need to equip rooms to perform double

duty.

Living room/guest room
Entertaining guests is easier when there's a dedicated space where visitors can feel at home. When furnishing a living room, keep the guest room in mind. A sofa that opens up to a bed or a convertible sectional can be a comfortable place for guests to lay their heads. Side tables provide guests with places to store their belongings, and an empty storage chest can house bed linens or guests' clothing.

Den/playroom
Children tend to accumulate toys and games. And as kids grow from children to young adults, their list of must-have items - from

video gaming systems to other electronics - grows along with them. Storage can make a room functional for both adults and children. Devote an entire wall to a closet or drawer system where toys can be stored out of sight when necessary. Storage ottomans can be used for extra seating while also providing somewhere for homeowners to stash stuffed animals or games for easy access. When choosing furniture, look for fabrics that are resistant to stains and modular pieces that can be moved around as necessary to create room for playing or entertaining.

Bedroom/home office
In 2015, 24 percent of em-

ployed people in the United States did some or all of their work at home, says the Bureau of Labor Statistics. Bringing work home means men and women will need a space to work. In tight quarters, bedrooms may be the only available area. An armoire-style desk will blend in with the decor and can hide paperwork and electronics behind doors. Otherwise, a makeup vanity can serve the dual purpose of providing a place to get ready for a night out and a ready space to house a laptop during the day.

In smaller homes, homeowners may be forced to turn rooms into dual purpose areas.

TOP 5 HOTTEST HOME BUILDING TRENDS

These days, home trends are about more than good design and aesthetics - they're about creating spaces that reflect our values and are more comfortable and enjoyable to live in. From net-zero and net-positive construction to tiny minimalist homes, trends are all about your family's lifestyle.

Whether you're shopping for a new home, renovating your own or creating a new build from scratch, here are some of the biggest trends you

need to know for inspiration.

Sustainable design: This one has been popular for a long time, but green design has evolved to be about much more than energy-efficient appliances and LED light bulbs. Now, it's all about making sure everything in your home reduces your carbon footprint and minimizes any impact on the environment.

To try the trend yourself, think big and get creative - install solar panels on

your roof, choose building materials that don't require deforestation and upcycle old furniture for decorative elements instead of buying new.

Disaster resiliency: Climate change affects us in so many negative ways, and one of the top concerns is the increase in natural disasters. From wildfires that last for months to major floods that affect entire cities, we now need to prepare for the worst when building our homes.

Switching to disaster-resilient materials is an important first step. Many builders now prefer to use stronger, more energy-efficient materials like insulated concrete forms (ICFs) instead of more traditional materials like wood. For example, Nudura ICFs can withstand winds of up to 250 miles per hour (equivalent to an F4 tornado) and offer a fire protection rating of up to four hours.

Top 5 Hottest Home Building Trends

Continued from Page 12

Outdoor living: Many of us are now choosing to forgo getting a cottage or summer home and recreate the experience in our own backyards. This trend helps you make the most of your existing space and take full advantage of your yard or patio during the summer months.

You can design a full living space outside, complete with an outdoor television and comfy couches, as well as a kitchen and refrigerator for entertaining. Consider adding a fireplace or firepit to keep warm during cool summer nights and enjoy the outdoors through spring, fall and even winter if you're brave.

Home automation: This is another longstanding trend that shows no signs of slowing down. It has also evolved to encompass more of the home to make life even more comfortable and convenient. From an oven that can be turned on remotely to pre-heat, to skylights that can open and close automatically to create the perfect ambient temperature, there are more ways than ever to integrate smart home technology into your living space.

You can start small with voice assistant and smart light bulbs and work your

way up to a total smart home system that includes home security, temperature controls and all your electronic devices.

Customization: You don't

have to settle for what mass manufacturers decide to build, or what works for everyone else. Creating a home that's as unique as you are is

the latest trend, with custom-built storage and personalized architectural features to make your space stand out.

COUNCIL HIGHLIGHTS FOR YELLOWHEAD COUNTY

Submitted by Yellowhead County

A Public Hearing was held for Bylaw 02.22 to amend the Hinton-Yellowhead County Intermunicipal Development Plan (IDP). Minor text amendments are required for consistency between Land Use Bylaw 09.21 and the Statutory Plan. The bylaw will be brought back at a future council meeting.

Yellowhead Agricultural Society- Representatives of the Yellowhead Agricultural Society made a presentation to Council regarding mould and air quality issues in their facility, with the remediation work estimated at \$456,226.75. The society requested \$100,000 from Yellowhead County. Council accepted the presentation as information and requested Administration bring it back to a future Council meeting for further deliberation.

Edson & District Library Funding Request - Council voted to include \$538,000 in the 2023 Yellowhead County budget considerations for the proposed extension and renovations

to the Edson & District Public Library. The request was made by Library representatives at the September 20, 2022 Council Meeting.

Bylaw 17.22 Revised - Council gave first reading of Bylaw 17.22 that would return a property in Niton Junction to a district matching more closely to what it was prior to the adoption of Land Use Bylaw 09.21. The new bylaw changes the Urban Neighbourhood District zoning to Urban Neighbourhood District, Commercial District and Rural District. A

Public Hearing will be held on October 25, 2022. Grazing Lease - Council approved a five-year lease to Gloria Lowey for a grazing lease for the 3.85 acres for \$138.60 per year. Roadway Capital Plan - Council adopted the short-range capital roadway construction and rehabilitation plan for local road improvements in the County. The plan covers work scheduled to be done from 2023 to 2028 and will extend the life of the existing local road network. The plan is estimated to cost approximately 11 million dollars in 2023 for both minor and major reconstruction work.

Multi-Year Special Project - Council voted to support the potential multi-year Community Connect Project for \$19,939,646 and to bring a funding model for the project to the 2023 Yellowhead County budget deliberations.

Financial Request - Council denied a request from the Town of Whitecourt to support a proposed Whitecourt Cultural & Events Centre as it does not fall within Yellowhead County's Strategic Plan.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
