POLICE SEEK ASSISTANCE FOR SERIOUS INJURY HIT AND RUN INVOLVING A PEDESTRIAN

Submitted by Parkland RCMP

On June 3, 2024, at about 12:20 A.M., Parkland RCMP, Parkland Fire and AHS responded to a collision in-

volving a vehicle and a pedestrian on Highway 16 near Range Road 35 in Parkland County.

A Grey van was travelling east on this portion of the highway when it struck a

pedestrian who was crossing the highway. The vehicle failed to stop and continued east without checking on the person who was struck. The pedestrian suffered

AXE THE TAXES FOR SUMMER

Submitted by MP Gerald Soroka

After nine years of Justin Trudeau, Canadians are being forced to cancel their summer vacations as the

Liberals' tax-and-spend agenda has made even a simple camping trip unaffordable. Parents can barely afford basic necessities, much less a summer vacation.

In the middle of this historic cost-of-living crisis, Trudeau and his NDP coalition partners decided to hike the carbon tax by 23%. This is just one step

in his plan to quadruple the carbon tax over the next six years, making everything more expensive at the worst possible time. In fact, since Trudeau became Prime Minister, gas prices have surged by more than

50%.

Justin Trudeau may be able to jet set off on a \$230,000 taxpayer, luxury vacation, but most Canadians are having to scale back or cancel their summer plans after Trudeau's carbon tax made gas and groceries unaffordable.

Common Sense Conservatives are calling on Trudeau to give Canadians a summer break by axing the carbon tax, the gas tax, and GST between Victoria Day and Labour Day so families can afford a simple summer vacation. This would save Canadians \$670 over the

summer.

Conservatives will axe the tax on everything for everyone in a carbon tax election, but until that can happen, Trudeau must adopt this common-sense measure to give Canadians a summer break.

WATER QUALITY ADVISORY ISSUED FOR TRESTLE CREEK BEACH

Submitted by Alberta Health Services

Due to elevated levels of fecal bacteria currently present in the water at Trestle Creek Beach, located within the Edmonton Zone of Alberta Health Services (AHS), AHS is advising the public not to swim or wade at this beach area, effective immediately.

Elevated levels of fecal bacteria were detected via

testing of the lake water at this beach location. At current levels, gastrointestinal illness may result from ingestion of the water at

Trestle Creek Beach. As well, there is the possibility of skin, ear and eye infections with water contact.

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any lake or reservoir, at any time. Water-borne

organisms, including fecal bacteria, can cause vomiting and diarrhea.

AHS Environmental Public Health officers will continue to monitor the water at Trestle Creek Beach.

This advisory will remain in effect until further notice.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million

adults and children living in Alberta. Our mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait-times, improving EMS response times, increasing access to surgeries, and improving patient flow.

ELEVATING EMERGENCY MEDICAL SERVICE RESPONSE

Submitted by Government of Alberta

Alberta's government has finalized a new, Alberta-based air rescue contract that will

ensure emergency air rescue services continue.

Air ambulances play a critical role in Alberta's health care system. They serve as vital lifelines, bridging geograph-

ical barriers and providing quick access to specialized care during medical emergencies. Their rapid response capabilities and ability to swiftly transport patients to medical

facilities can often mean the difference between life and death.

The government is committed to delivering

exceptional emergency air rescue services to Albertans and has entered a 10-year contract with Shock Trauma Air Rescue Services (STARS). The new contract will ensure emergency medical services (EMS) remain available across the province. STARS has been instrumental in delivering fast and effective emergency medical response services to Albertans, especially those who live in rural and remote communities, and this agreement ensures this will continue.

"Every Albertan deserves access to the best-quality health care, no matter where they are in our province, and STARS helps us provide that. Through STARS, we are better able to connect Albertans in rural and remote communities to critical health care services, improving patient outcomes and providing assurance to families. This new agreement means Albertans can rely on another 10 years of the iconic, red helicopters with their highly skilled medical professionals responding to crises wherever they happen." Danielle Smith, Premier

This performance-based agreement marks a significant milestone in the province's commitment to ensuring timely access to life-saving care for Albertans. Equipped with a fleet of air ambulances and highly skilled medical personnel, STARS holds a unique position, able to tackle the challenges of delivering emergency medical services across the province. The partnership will leverage the expertise and operational excellence of STARS to optimize response times and improve patient outcomes in communities where access to health care services is limited.

"We are proud to announce this partnership with STARS, which represents a significant step forward in our ongoing efforts to strengthen emergency medical services in remote and rural areas. This 10-year contract underscores our com-

mitment to ensuring that all Albertans have access to timely and high-quality health care, when and where they need it." Adriana LaGrange, Minister of Health

This long-term collaboration with STARS is a commitment by Alberta's government to ensure Albertans, particularly those in rural and remote communities, have an EMS system that responds effectively to medical emergencies.

STARS has a proven track record of delivering exceptional care under challenging circumstances, and this partnership will reinforce its position as a cornerstone of Alberta's EMS network. The new contract aims to set new standards for emergency medical response and improve outcomes for patients across the province by stabilizing air ambulance services and strengthening health care delivery across Alberta.

"Albertans across the province face challenges accessing health care. In locations with limited road infrastructure, air ambulance operations are critical to support urgent and emergent health care needs. This 10-year contract will provide a new era of resilience and preparedness in communities."

Martin Long, parliamentary secretary for rural health

"We are deeply grateful for

the continued support from the Government of Alberta, enabling us to provide life-saving care wherever it's needed across the province, for many years to come. Our roots run deep in Alberta, and for nearly 40 years, we've relied on

the unwavering support from our government partners and the communities we serve to grow, evolve and deliver on our mission, every day." Katherine Emberly, president and CEO, STARS

IMPROVING ALBERTA'S SENIORS LODGES

Submitted by Government of Alberta

Alberta's government is investing more into Alberta's Lodge Assistance Program which will benefit seniors across the province.

Alberta's seniors need access to safe, secure and affordable homes and Alberta's government is committed to ensuring that happens.

Through Budget 2024, Alberta's government is providing a funding increase of \$20 million through the Lodge Assistance Program to help seniors lodge operators support low-income residents. This represents a funding increase of more than 50 per cent and brings the total investment to \$60 million. This funding will go a long way towards empowering Alberta's seniors lodge operators, who play a

critical role in providing affordable housing options for seniors across the province.

"Ensuring our seniors have access to safe, secure and affordable homes is not only a duty, but a moral imperative. Seniors are pillars of our communities, and they deserve our respect and support for the contributions they've made throughout their lives. Our government will continue to stand up for seniors and ensure that they are supported through our programs. Seniors lodges play an essential role in our housing system and empowering them to provide the services Albertans rely on is vital to supporting communities across our province."

Jason Nixon, Minister of Seniors, Community and Social Services.

The Seniors Lodge Program is Alberta's oldest so-

cial housing program. The program provides meals, housekeeping services and recreational opportunities for independent seniors. The Lodge Assistance Program provides operators with funding to help ensure they have the supports needed to provide these services to low-income seniors.

By investing in seniors lodge programs, Alberta's government is ensuring seniors across the province have access to safe, secure and affordable homes, while also fostering environments where they can thrive, maintain their dignity and continue to actively participate in their communities.

"Silvera for Seniors is grateful for the Alberta government's commitment to the Seniors Lodge Program. We believe the lodge program is essential, not only for offering affordable hous-

ing for low-income seniors but also for ensuring older adults are supported to live independently and not living in hospitals or long-term care facilities when all they need is supportive living. During a time of high inflation, the government's additional funding through the Lodge Assistance Program is critical and appreciated."

Arlene Adamson, chief executive officer, Silvera for Seniors

To further support seniors, Alberta's government announced a seniors lodge review panel in January to assess the program and offer recommendations for improvement. The panel continues to work closely with seniors and lodge providers to review how we can improve seniors lodges and facilities and ensure efficiency and sustainability into the future.

EASING FINANCIAL STRAIN FOR FOSTER FAMILIES

Submitted by Government of Alberta

Alberta's government is investing \$22 million over three years to help foster, kinship and other caregivers look after young people in government care.

Foster and kinship parents are vital in helping young people in government care stay connected to their siblings, culture and community, but the rising cost of living means they face increased financial pressure in covering day-to-day necessities like food and clothing.

To make life more affordable for foster and kinship caregivers, and respond to their strong advocacy, Alberta is adjusting various caregiver rates, effective June 1. This will benefit almost 7,000 caregivers across the province and the 10,000 children, youth and young adults they care for and ensure they can continue to provide stable and loving homes for vulnerable children and youth who need a safe place to stay. Families who adopt or become private guardians of children in government care will also be positively impacted by these changes.

"Foster and kinship caregivers open their hearts and homes to give young people the connection and support they need to grow and find success. This investment means caregiver families can worry less about their finances and focus on what they do best: providing children and youth a strong foundation for the future."

Searle Turton, Minister of Children and Family Services

Temporary and permanent caregivers have received increases of 4.2 per cent in June to basic maintenance rates, skill fees, as well as babysitting and relief per diems.

This increase aligns with increases to other government programs, including the Alberta Child and Family Benefit, Assured Income for the Severely Handicapped (AISH), Income Support, and the Alberta Seniors Benefit.

"Alberta's foster and kinship caregivers reshape the futures of so many children and youth.

We are pleased Alberta's government is taking action to make sure they are fairly compensated and get the steadfast support they deserve."

Melissa Jones, chief executive officer, Alberta Foster and Kinship Association

"Recruiting and retaining foster caregivers with the skills, motivation and resilience to help children thrive is a struggle. This increased support will help with that and ensure caregivers can keep up with the rising costs

of supporting children in care."

Rhonda Barraclough, executive director, ALIGN Association of Community Services

This new investment builds on the more than \$23.6 million in new supports and stability measures for foster caregivers and young people in care announced in Fall 2023, including coverage of counselling sessions, implementing the Refer-a-Foster Caregiver program, and extending daily skill fee and special rates to caregivers caring for

Transition to Adulthood Program participants (until age 22).

The investment also builds on new adoption supports announced in spring 2023 to make adoption more affordable for Alberta families. These supports include investing \$4 million a year over three years on increased tax breaks, subsidies to help cover the costs of licensed agency adoptions, and increased health coverage for children adopted in Alberta.

GOLFER'S GUIDE

TIPS FOR NEWCOMERS TO THE GAME OF GOLF

Few hobbies can be as enjoyable one moment and as frustrating the next as golf. Golfers know a great putt can be quickly followed by a bad tee shot, and maintaining their composure through the highs and lows of the game is a key to success on the links.

Maintaining that composure isn't always easy, even for the professionals. It's even more difficult for beginners, who quickly learn the game of golf involves more than just spending sunny weekend afternoons on pristine golf courses. In fact, golf can be

quite demanding, and beginners would be wise to heed a few tips before hitting the course.

* Don't commit to an expensive set of clubs right off the bat. Golf clubs can be very expensive, so beginners should buy an affordable secondhand set of clubs so they can get the hang of what they like before spending a lot of money. Visit a pro shop and explain that you are just a beginner. The shop will likely make some valuable suggestions and might even let you try out a pair of clubs. In addition, many driving ranges allow customers to rent

clubs, and this can be a great and inexpensive way to find the right clubs for you.

* Take lessons. Even the very best at self-teaching might find it extremely difficult to become a self-taught golfer. When first trying your hand at golf, take some lessons and don't expect to be playing 18 holes any time soon. Before hitting the course, where you might be discouraged and you might frustrate those golfing behind you, learn the fundamentals by taking a few lessons at the driving range. Learn from a professional, who won't offer

you any hidden secrets to golfing glory (there aren't any) but will offer sound advice on the game's fundamentals.

* Take the game home with you. Beginners can even take advantage of golf's vast popularity by taking the game home with them. This doesn't mean building a putting green in your backyard. Rather, purchase some instructional DVDs to learn the game during your down time throughout the week. Many golfers don't have time to hit the links during the week, but they do have time to watch some DVDs when they get home from work. Such instructional DVDs can help you master your grip and stance, which you can then take with you to the course over the weekend.

* Have fun. Golf is a fun game; it just takes time to hone your skills. But even if you aren't ready for the professional tour after your first few rounds, you can still have fun. Don't let some beginner's frustration, which every golfer experiences, ruin the fun of the game. Take note of your surroundings when you hit the links, and appreciate the time you're spending with your group. If the game becomes more a source of frustration than fun, then take a break and put in some more work away from the course, be it at the driving range or studying at home.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
