WATER QUALITY ADVISORY ISSUED FOR ALBERTA BEACH ON LAC STE. ANNE

Submitted by Alberta Health Services

Due to elevated levels of fecal bacteria currently present in the water of Alberta Beach on Lac Ste. Anne, located in Lac Ste.

Anne County, within the North Zone of Alberta Health Services (AHS), AHS is advising the public not to swim or wade at this beach area, effective immediately. Elevated levels of fecal bacteria were detected via

testing of the lake water at this beach location. At current levels, gastrointestinal illness may result from ingestion of the water at

Alberta Beach at Lac Ste. Anne.

FIRE BAN ISSUED FOR THE TOWN OF WHITECOURT

Submitted by Town of Whitecourt

In consideration of current weather conditions, Whitecourt has instituted a full fire ban, effective Wednesday, July 10 at 4:00pm. No fire permits

will be issued, and all existing fire permits will be suspended until conditions improve within Whitecourt.

The fire ban includes the following but is not limited to:

- Backyard fire pits,
- Campground fire pits,

- All open burning,
- Fireworks,
- Flame propelled floating lanterns,
- Charcoal briquettes,
- Turkey fryers,
- Tiki torches.

CYANOBACTERIA (BLUE-GREEN ALGAE) ADVISORY ISSUED FOR ISLE LAKE

Submitted by Alberta Health Services

Cyanobacteria (blue-green algae) has been identified in the waters of Isle Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with cyano-

bacterial blooms. If contact occurs, wash with tap water as soon as possible.

• Do not swim or wade or allow your pets to swim or wade in any areas where cyanobacteria is visible.

• Do not feed whole fish or fish trimmings from this lake to your pets.

• Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water

Water Quality Advisory Issued For Alberta Beach On Lac Ste. Anne

Continued from Page 1

As well, there is the possibility of skin, ear and eye infections with water contact.

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any lake or reservoir, at any time. Water-borne organisms, including fecal bacteria, can cause vomit-

ing and diarrhea.

AHS Environmental Public Health officers will continue to monitor the water at Alberta Beach.

This advisory will remain in effect until further notice.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million

adults and children living in Alberta. Our mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait-times, improving EMS response times, increasing access to surgeries, and improving patient flow.

Fire Ban Issued For The Town Of Whitecourt

Continued from Page 1

Allowed for use during the fire ban:

- CSA approved or ULC certified gas or propane barbecues used for cooking,

- CSA approved or ULC certified Wood Pellet Smokers,

- Propane and natural gas fire pits,

- Catalytic or infrared-style heaters,

- Electric or propane meat smokers.

The fire ban will remain in effect until conditions improve.

The operation of Off Highway Vehicles (OHV) within the Town of Whitecourt is prohibited under the Traffic Bylaw 1573 which prohibits OHV use within Town boundaries between April 1 and November 30 annually. Penalties for contra-

vening Bylaw 1573 range from monetary fines to OHV seizure.

Updates on the fire ban will be posted on www.whitecourt.ca and on Whitecourt's Facebook page. For details on fire bans across Alberta, visit www.albertafirebans.ca.

JOKE of the week

Sherlock Holmes and Dr. Watson went on a camping trip. After a good meal and a bottle of wine, they lay down for the night, and went to sleep. Some hours later, Holmes awoke and nudged his faithful friend. "Watson, look up at the sky and tell me what you see." Watson replied, "I see millions and millions of stars." "What does that tell you?" Holmes asked. Watson pondered for a minute. "Astronomically, it tells me that there are millions of galaxies and potentially billions of planets. Astrologically, I observe that Saturn is in Leo. Horologically, I deduce that the time is approximately a quarter past three. Theologically, I can see that God is all-powerful and that we are small and insignificant. Meteorologically, I suspect that we will have a beautiful day tomorrow. "What does it tell you?" Holmes was silent for a minute, then spoke. "Watson, you idiot. Somebody has stolen our tent!"

Cyanobacteria (Blue-Green Algae) Advisory Issued For Isle Lake

Continued from Page 1

directly from any recreational body of water, including Isle Lake, at any time. Boiling of this water will not remove the toxins produced by cyanobacteria. An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Cyanobacteria is naturally occurring, and often becomes visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz, or globs on the surface of water, cyanobacteria can

be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible cyanobacteria or who ingest water containing cyanobacteria may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms. Exposure to the bacteria may be fatal to pets.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Isle Lake, until further notice.

Please note that waters of Isle Lake in which the cyanobacterial bloom is NOT visible can still be used for recreational purposes, even while this Health Advisory is in place.

If you suspect a problem related to cyanobacteria or if you require further information on health concerns and cyanobacteria, please call Health Link at 811. Additional

information is also available online, at www.ahs.ca/bga.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Our mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait-times, improving EMS response times, increasing access to surgeries, and improving patient flow.

COME ON OUT AND HAVE A GOOD TIME WHILE SUPPORTING THE LAC STE ANNE EAST FOOD BANK

Submitted by Gunn Hall

The Lac Ste Anne East Food Bank will be on location accepting non perishable food item during the show.

(Please make sure your items are not expired)

Thank-you.

What is a food bank? A food bank is a non-profit organization which collects and distributes food basics to assist those who are struggling to put meals on their table.

Our food bank has been operating for about 40 years, serving the eastern half of the Lac Ste Anne County, including the areas of Onoway, Darwell, Rich Valley, and Sandy Lake.

Due to many factors, the number of clients who require assistance is continually increasing.

The Lac Ste Anne East Food Bank has outgrown its current location and is moving to a larger facility. We are asking the community for help to fill the shelves, so we can continue to help the growing number of people who depend on our assistance.

We gratefully accept dona-

tions of non- perishable food, personal hygiene items, and monetary donations.

Some of the non-perishable items that we currently really need are: Kraft Dinner, brown beans, canned fruit and vegetables, cereal, soup, pasta sauce and soda crackers.

If you are making a food donation, please check the date and make sure the item(s) have not expired as we cannot give these items out to our clients.

Donations can be dropped off at the Food Bank on Wednesday mornings between 8am and 10am. The food bank is currently located at 5028 48ave Onoway, and once the renovations are complete, the new address will be 5031 48ave Onoway. Monetary donations can also be dropped off at the food bank, mailed to Box 300 Onoway, AB T0E 1V0, or e-transfers to treasurer@lsaefb.org Please include your name and mailing address so that we can issue a tax receipt.

The food bank relies on donations and funds we receive from organizations, businesses, churches, and individuals of our community, as well as the

hard work of many volunteers. It takes an entire community for a food bank to be successful!

If you are in need of assistance from the food bank, please call us at (780) 271 3131

We will be placing our Poppy order soon, so if you are looking to purchase a wreath for your organization or company or require a new ribbon please send your request to president@onowaylegion132.com or contact 780-967-5361

CITIZEN OF THE YEAR 2024

Submitted by Darwell & District Agricultural Society

Marilyn (McDonald) Alexander

I was born and raised in Darwell. My grandparents moved to Darwell in 1935, first farming then eventually opening up a local business which evolved to become Darwell Motors/ Dale's Garage. I was fortunate to grow up in the center of

Darwell with my parents, siblings, and a large extended family. As a child, "Fair Day" was the highlight of the summer. Living right in Darwell, we were able to watch with anticipation, the preparation for the big weekend!

I began school in Darwell, and graduated from Onoway Junior Senior High. After high school, I worked in Edmonton for a bit, then attended the U of A to obtain my teaching degree which led to my first job at Darwell School. I loved it so much I spent my entire teaching career there. My time in Darwell also allowed me the pleasure of teaching multiple generations of families.

I married Woody (Marwood) Alexander, gain-

ing an instant family with two teenagers, Jennie and Jason. A year later, we welcomed our daughter Erin. Our family has grown to include our children's spouses and grandchildren who live in BC and Ontario. Our home is south of Stony Plain, and we enjoy family time with my siblings and their families at our shared property in Darwell.

When people ask me about Darwell, I tell them it is a tiny town with a huge community! Over the years I have been involved in the community; coaching, playing sports, volunteering, and being a member of various community organizations.. However, connecting students with the community has always been

a focus for me. Highlights of this include Darwell School Safari, the school choir, community Christmas concerts, Junior Ag, and introducing students to our local seniors through various activities. I am recently retired, but stay connected to the school through substitute teaching and volunteering.

Being recognized as Citizen of the Year is quite the honour, and I appreciate the acknowledgment. The school and this community will continue to be a big part of my life!

Thank you
 Chantelle Lalonde
 President
 Darwell & District Agricultural Society

BLUE-GREEN ALGAE ADVISORY IN PLACE FOR ISLE LAKE

Anticipated Occurrence in Other Local Lakes

Alberta Health Services (AHS) has issued a BLUE-GREEN ALGAE ADVISORY for Isle Lake and has posted signage in the area.

This common algae naturally occurs during the summer months when the days are sunny and hot.

To protect yourself and your pets, AHS advises to avoid contact with blue-green algae blooms, don't swim in water where blue-green algae is visible, and do not drink or cook with water from this lake.

If you suspect a problem related to blue-green algae or if you require further information on health concerns and blue-green algae, please call Health Link at 811. Additional information is also available online at ahs.ca/eph.

Please note that areas of the lake in which the blue-green algae bloom is not visible can still be used for recreational purposes, even while this Blue-Green Algae Health Advisory is in place.

SPOTLIGHT ON SUMMER PROGRAMS

Adventures for Kids and Youth

Summer programs offer area youngsters a unique opportunity to develop new skills and interests in a fun, structured environment, along with the opportunity to form lasting friendships.

Obituaries

JACK, Betty

She was predeceased by her parents, Fred and Margaret Berry. Betty was a long-time resident and farmer with her spouse in the Stanger area. She was a loving wife, mother, grandmother, sister and aunt. Thank you to the doctors and staff at the Mayerthorpe Healthcare Centre and home care for the compassionate care shown to Betty.

A Memorial Service will be held Friday July 26, 2024, at 1 p.m. at Stanger Community Hall (6231 Township Road 554, Lac Ste. Anne County), officiated by Reverend Shannon Laackmann. The inurnment will be a small family affair at a later date. Photos, memories, and condolences may be shared through www.parkmemorial.com. Dog Caretaker

Alberta Beach & Surrounding Areas, thinking of a Seasonal Getaway? Worried about leaving your dog in a kennel?

Don't worry anymore, you can leave your pet with me! There is a wrap around deck and courtyard! I will provide tender loving care, with walks every day. Best of all, I'm cheaper than a kennel! Daily drop in's or overnight stays welcome. If interested call 780-920-4166

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

ANSWER:
Last Weeks
