WHITECOURT RCMP RESPOND TO BREAK AND ENTER AT OIL LEASE SITE

Submitted by Whitecourt RCMP

On the evening July 28 2024, Whitecourt RCMP received a report of a break and enter in progress at an oil lease site, located in the area of Windfall Road. Upon arrival, officers identified and located a vehicle matching the description of a vehicle used to access the site, a traffic stop was initiated and as a result two individuals have been arrested.

Theresa Savard, a 38-year-

old resident of Sturgeon County, Alta., has been charged with the following offences:

- Break and entering with intent
- Possess break-in instruments

Jesse Rudichuk, a 36-year-old resident of Sturgeon County, Alta., has been charged with the following offences:

- Break and entering with intent
- Possess break-in instruments

Both Theresa and Jesse

were taken before a Justice of the Peace and were released with conditions. They are scheduled to appear in court on August 17 2024, at the Whitecourt Provincial Courthouse in Whitecourt.

Your Whitecourt RCMP are committed to keeping our community safe. If you have information regarding this incident or any illegal activity within Whitecourt and surrounding areas please contact Whitecourt RCMP at 780-778-5454.

JOKE of the week

Vandals had set fire to a farmers haystack which then spread to his barn. While he surveyed the wreckage, his wife called their insurance company and asked them to send a check for £30,000 the amount of insurance on the barn. "We don't give you the money," a company official explained. "We replace the barn and all the equipment in it."

"In that case," replied the wife, "cancel the policy I have on my husband."

PREMIER TO ATTEND AGRA FAIR 2024: CELEBRATING OUR AGRICULTURAL HERITAGE IN SPRUCE GROVE

Submitted by Spruce Grove and District Agricultural Society

The Spruce Grove and District Agricultural Society is thrilled to announce that Honourable Danielle Smith, Premier of Alberta, will join the community for the Agra Fair 2024 at the Agrena-Central Park in Spruce Grove, Alberta.

The Premier will be attending Saturday afternoon of the weekend August 24-25, 2024.

This annual event promises a weekend filled with family-friendly activities celebrating the region's rich agricultural history and vibrant community spirit.

The Agra Fair traces its origins back to the founding of the Spruce Grove and District Agricultural Heritage Society in 1972. What began as a local initiative supported by federal and provincial funding to build the Agrena has blossomed into a beloved tradition that connects urban and rural lifestyles. This year's fair, marking its revival in 2022 on the Society's 50th anniversary, continues to uphold its commitment to preserving local heritage and supporting agriculture and horticulture.

"We are honored to welcome Premier Danielle Smith to the Agra Fair 2024," said Teresa

Bateman, President of the Spruce Grove and District Agricultural Heritage Society. "Her presence underscores the importance of events like ours in celebrating Alberta's agricultural legacy and fostering community pride and

connection."

The weekend's festivities include a traditional fair bench show, a customary pancake breakfast, a lively parade, entertainment for all ages, local food vendors, and a multicultural picnic on Sunday to culminate the

celebrations. The Agra Fair not only showcases local sponsors, producers, and artisans but also offers an opportunity for residents of the tri-region and visitors alike to come together and enjoy the best of

NOW ACCEPTING FCSS GRANT APPLICATIONS

The Town of Oneway administers FCSS funding for the following areas:

- Alberta Beach
- Summer Village of Castle Island
- Summer Village of Sunset Point
- Summer Village of Val Quentin
- Summer Village of Yellowstone
- Town of Oneway

Family & Community Support Services (FCSS) is:

"FCSS is a unique 80/20 funding partnership between the Government of Alberta and participating municipalities or Metis settlements. Provincially, the FCSS Program receives its mandate from the FCSS Act and Regulation. The Act describes what the province and municipality/Metis Settlement can do to provide preventive social services. The Regulation describes how services may be provided ... Under FCSS, communities design and deliver social programs that are preventive in nature to promote and enhance well-being among individuals, families and communities ..."

What are the eligible projects for FCSS funding?

Services provided under the program must:

1. Be of preventive nature that enhances the social well-being of individuals and families through promotion or intervention strategies provided at the earliest opportunity;
2. Do one or more of the following:
 - a. Help people to develop independence, strengthen coping skills and become more resistant to crisis;
 - b. Help people to develop an awareness of social needs;
 - c. Help people to develop interpersonal and group skills which enhance constructive relationships among people;
 - d. Help people and communities to assume responsibility for decisions and actions which affect them;
 - e. Provide supports that help sustain people as active participants in the community.

If you feel you have a program that meets the FCSS funding mandate please visit www.onoway.ca to complete the application and submit prior to **Friday, August 30, 2024 for Town of Oneway and Monday, September 30, 2024 for Tri-Village funding:**

Town of Oneway, Box 540, Oneway, ABT0E 1V0

PARKLAND RCMP INVESTIGATE VEHICLE ROBBERY IN STONY PLAIN

Submitted by Parkland RCMP

On Aug. 2, 2024, at 10 a.m., Parkland RCMP responded to an attempted theft of a motor vehicle on Harmony Crescent in Stony Plain. Upon arrival, emergency workers tended to a 42-year-old victim who was transported to hospital with serious life-threatening

injuries. Investigation has revealed that the victim observed that his work truck was in the process of being stolen when he jumped into the box of the truck in an attempt to stop the thief. The truck drove at a high rate of speed before driving off the road and sticking a parked vehicle and house. The suspect exited the truck and entered a second vehi-

cle being driven by a second suspect and fled the area.

Police are in the early stages of this investigation and are asking the public for assistance.

The suspect vehicle is described as a blue Dodge truck with chrome rims and accents.

The suspect is described as a male with a light complexion and wearing a

mask.

The second suspect who was driving the Dodge truck is described as a female with a light complexion and blonde hair.

If you have any information about this crime of the suspects involved please call the Parkland RCMP at 825-220-7267.

WATER SAFETY: STAY SAFE WITH AHS' SUMMER TIPS

Submitted by Alberta Health Services

Alberta Health Services (AHS) wants Albertans to stay safe while enjoying the province's lakes and rivers this summer. Following

these safety tips will help you avoid serious injury and illness during recreational water activities.

There is always a risk of injury when swimming, especially in unmonitored bodies of water. Here are a

few ways you can prevent water-related injuries and illness:

- Wear a proper fitting Canadian-approved life-jacket or Personal Flotation Device (PFD) in a boat, kayak, canoe or other

water sports and make sure it fits.

- Make sure young children wear lifejackets when they are in, on, or around the water and be aware of fast-moving water.

Water Safety: Stay Safe With AHS' Summer Tips

Continued from Page 5

Stay right beside your child.

- Swim with others when there is no lifeguard present.

- Avoid alcohol, cannabis and any other substance that may affect your judgment before and during water activities.

Lakes, rivers and streams may contain illness-causing microorganisms.

- Check for recreational water advisories or look for posted advisory signs at public beaches. Not

all beaches are monitored for biological, chemical, and physical hazards.

- Do not swim or wade and keep pets out of water in areas where cyanobacterial (blue-green algae) blooms are visible.

- Never drink or cook with untreated water directly from any lake or reservoir, at any time. Water-borne organisms, including fecal bacteria, can cause vomiting and diarrhea.

Swimmer's itch is a rash caused by an allergic reac-

tion to the larvae of certain parasites. The parasites can get under your skin when you swim in lakes, ponds, creeks, streams and rivers. You can't get swimmer's itch from swimming pools that are treated with chlorine.

- Shower and dry yourself off with a towel as soon as you leave the water.

- Stay away from swimming areas that have weeds. Do not wade or swim in those areas.

Alberta Health Services is the provincial health au-

thority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Our mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans. Our current focus is on reducing emergency department wait-times, improving

EMS response times, increasing access to surgeries, and improving patient flow.

County News Highlights

August 15 Council Meeting

Sept 4 Municipal Planning Commission Meeting

Council meetings are held the second and fourth Thursday of each month, however, this schedule is subject to change. County Council meetings begin at 9:30 am.

Visit LSAC.ca/agenda for meeting agendas. Please note: to address Council, appointments must be booked at least 8 working days prior.

COUNTY CROP INSPECTIONS FOR CLUBROOT OF CANOLA Starting Soon!

Lac Ste. Anne County performs an annual inspection of all canola fields throughout the region, per **Policy 02-010-003 Control of Clubroot Disease**. This is done to monitor the pathogen's movement and reduce the spread throughout the County. In order to help producers make their own informed cropping decisions and reduce their risks, the County offers a map that shows where clubroot has been identified in canola. A copy of this map is available for viewing on our website.

Field staff will take all necessary bio-security precautions when entering a field for inspection including wearing disposable gloves and boot covers and sanitizing equipment between fields.

For further details on when your field will be inspected, or if you wish to be present at the time of inspections, please contact the Agricultural Services department at 780.785.3411 (toll-free 1.866.880.5722) or Agriculture@LSAC.ca.

CAPTURE THE COUNTY PHOTO CONTEST Returning this Fall

Attention amateur shutterbugs and seasoned photographers – here is the perfect opportunity to grab your camera and get some great shots. We're launching our 12th annual Capture the County – Photo Contest.

It's time to capture the adventures you have in the County!

Winning submissions will be showcased in our 2025 County Calendars!

More information coming soon.

SPOTLIGHT ON SUMMER PROGRAMS Adventures for Kids and Youth

We've got local day camps throughout the region and weekly day trips too!
DAY CAMPS COMING SOON:
MESSY GOOEY SCIENCE
 It's roll up your sleeves kind of fun, including experiments and games!
 Monday, August 19 – Lessard Lake

BONKERS FOR BUGS
 Search for bugs, buggy crafts, all sorts of stuff about bugs!
 Tuesday, August 20 – Onoway
 Thursday, August 22 Mayerthorpe

ZOOPTOPIA
 Swing like a monkey – is just the start of this epic zoo themed day!
 Friday, August 23 – Sangudo

DAY TRIPS COMING SOON:
LAUNCH PAD & VERTICALLY INCLINED
 Another action packed day trip challenging gravity and burning energy!
 Wednesday, August 21

Bus pick-up/drop-off locations throughout the County include Mayerthorpe, Sangudo, Onoway, and Alberta Beach.

For the full lineup of programs and registration please visit LSAC.ca/summer.

OUTDOOR EDUCATION CENTRE Book Your Weekend Event Soon!

We have a few weekend dates available at this popular seasonal facility including:

- August 30 – September 2 (Long Weekend)
- September 6 – 8

Situated adjacent to the Lessard Lake Public Campground, the Centre includes the hall, tables, chairs, wood burning stone fireplace, AHS approved kitchen, cabins, firewood, and 10 power/water pedestals in a large group camping area. There are showers, laundry, and a playground too!

Call the Community Services department today and make this amazing location part of your next celebration!

BLUE-GREEN ALGAE ADVISORIES IN PLACE

Lac La Nonne Added to the Growing List of Lakes

Alberta Health Services (AHS) has issued a BLUE-GREEN ALGAE ADVISORY for Isle Lake, the Paddle River Dam Reservoir, Lac Ste. Anne, and recently added Lac La Nonne. Signs are posted at the affected lakes. Further advisories are anticipated in the region.

To protect yourself and your pets, AHS advises to avoid contact with blue-green algae blooms, don't swim in water where blue-green algae is visible, and do not drink or cook with water from this lake.

If you suspect a problem related to blue-green algae or if you require further information on health concerns and blue-green algae, please call Health Link at 811. Additional information is also available online at ahs.ca/eph.

Please note that areas of the lake in which the blue-green algae bloom is not visible can still be used for recreational purposes, even while this Blue-Green Algae Health Advisory is in place.

PREVENTING POWER PRICE SPIKES

Submitted by Government of Alberta

Alberta's government is ensuring Albertans have affordable and reliable power by making changes to electricity market rules.

Every hour of every day, power generators offer to sell their electricity to Alberta's grid. In Alberta's unique energy-only market, power generators are only paid for the power they generate. The lowest priced electricity is bought and dispatched first. To ensure generators are able to recoup their cost of production, generators may offer their power at prices above their marginal cost, a practice called economic withholding.

Economic withholding was designed as a legitimate tool to encourage new investment in the province's power market. The slightly higher prices that economic withholding causes in the short-term attracts new competitors to Alberta, leading to lower prices in the long-

term.

That all changed when the accelerated phaseout of baseload coal, and emphasis on intermittent renewables, altered Alberta's supply mix. The negative impacts of economic withholding would normally be offset by having adequate competition in the market. However, the accelerated coal phaseout significantly increased the impact of economic withholding on ratepayers, beyond the original intent of the policy.

While Alberta's government undertakes the important work of restoring balance in Alberta's electricity market, it is enacting temporary rules to limit the practice of economic withholding, lowering power prices.

"Albertans need to have affordable and reliable power. That's why our government is taking action to prevent price spikes on their utility bills, while ensuring the grid has a reliable supply of generation. These new regulations are just

the start of how our government is working to modernize Alberta's electricity system."

Nathan Neudorf, Minister of Affordability and Utilities

The current market rules around economic withholding were designed two decades ago, when coal was the primary source of power generation. The rules did not account for what Alberta's power supply mix would look like today. Alberta's accelerated coal phaseout significantly reduced the amount of reliable baseload power, decreasing the amount of competition in Alberta's market. This led to Albertans seeing prices spike on their power bills, as competition was no longer able to offset the negative impacts of economic withholding.

Based on recommendations from Alberta's Market Surveillance Administrator (MSA) and the Alberta Electric System Operator (AESO), Alberta's government is introducing new regulations to ensure Albertans have reliable and

affordable power. The Market Power Mitigation Regulation addresses economic withholding while ensuring generators make a reasonable rate of return by limiting the offer price for large generators if their net revenues exceeds a monthly predefined threshold. The Supply Cushion Regulation ensures our grid will remain reliable by requiring natural gas power plants to be online in times of high demand if there is not enough power supply to meet Alberta's needs.

Alberta's government is encouraging investment in the electricity market so that the province's energy sector can continue to create jobs in the long-term, while making sure electricity is affordable for Albertans. These two changes still allow power generators to earn revenue while ensuring Albertans have access to affordable and reliable power as Alberta's government works to modernize the province's electricity system.

SOLID YEAR-END SETS STAGE FOR PROSPEROUS ALBERTA FUTURE

Submitted by Government of Alberta

Positive 2023-24 year-end results display the government's commitment to fiscal responsibility that ensures prosperity and opportunity for Albertans.

For the third consecutive year, Alberta has balanced its budget, ending the fiscal year with a \$4.3-billion surplus. By staying true to fiscal discipline, government was able to pay down debt, save for the future in the Alberta Heritage Savings Trust Fund, and support Albertans through measures such as income tax indexation and fuel tax relief.

This responsible strategy has earned Alberta credit rating upgrades from multiple firms, including Fitch's recent upgrade to AA. Improved credit ratings make borrowing cheaper and attract investment and growth that

will ultimately create more jobs and opportunities for Albertans and Alberta businesses.

"Our government has kept its promise to balance our budget and provide Albertans the services and supports they need. We will keep building opportunity so that our children and grandchildren can continue to benefit, grow and share in the province's prosperity."

Nate Horner, President of Treasury Board and Minister of Finance

Alberta's government is committed to paying down debt. The government is allocating \$3.7 billion to debt repayment, with \$1.7 billion repaid in 2023-24 and another \$2 billion to pay debt coming due in 2024-25. This is part of the province's strategic payment plan to reduce the overall debt burden on Albertans.

The province also grew the

market value of the Heritage Fund to a record high of \$22.9 billion. That includes \$1.7 billion in annual investments earnings. Another \$2 billion in surplus cash has also been set aside to further grow the Heritage Fund this coming year. Alberta's government is embarking on a plan that will return the Heritage Fund to its original vision of building intergenerational wealth, with its long-term goal to grow the Fund to between \$250 billion and \$400 billion by 2050.

At the same time, Alberta's government provided the highest-ever levels of funding in 2023-24 to strengthen health care and education, while also supporting Albertans through last year's wildfires, floods, drought and the high cost of living.

To help Albertans, communities and farmers facing devastat-

ing consequences from natural disasters, the government provided \$3 billion in disaster and emergency relief. This included \$1.1 billion for the wildfires. Another \$1.9 billion went to help farmers and producers through the severe drought.

Albertans saved \$1.1 billion in 2023-24 as the government paused the fuel tax, saving Albertans a full 13 cents a litre in 2023. Albertans continue to save when they fuel up their vehicles in 2024 at a reduced rate that is in line with the fuel tax program and a drop in the price of oil. Since 2022, Albertans have saved \$2.2 billion from the fuel tax program.

Indexation of personal income taxes to inflation saved Albertans another \$680 million in 2023-24, while those receiving social benefits saw their payments rise.

SUPPORTING ALBERTA'S YOUNGEST STUDENTS

Submitted by Government of Alberta

New screening tools for Alberta's youngest learners will ensure they continue succeed in the classroom by identifying any learning gaps early.

Alberta's government is building an education system that ensures no student falls through the cracks. Through a phased-in approach, students in kindergarten to Grade 5 will be assessed on their foundational literacy and numeracy skills. Beginning fall 2024, teachers and educational staff will be able to identify areas where students may need an extra hand earlier on in a student's education journey.

"Supporting our youngest

learners as they develop essential literacy and numeracy skills is fundamental for their success in school and life. These skills are the foundation for living, working and succeeding in our modern world. These additional assessments will tell teachers, schools and parents about potential learning issues and better position them to support students."

Demetrios Nicolaidis, Minister of Education

Under the new requirements, beginning in fall 2024, students in grades 1 to 3 will be assessed twice a year, and students receiving extra support will be assessed a third time in June to monitor their progress. In January 2025, an early literacy and numeracy screen-

ing will be introduced for kindergarten students, and in September 2026, there will be new screening requirements for students in grades 4 and 5.

"Research studies around the world have clearly shown that there should be early screening and frequent monitoring of children's reading and mathematics performance. Alberta's new framework for Early Learning Assessments is perfectly in line with this research. Early screening and monitoring of children's literacy and numeracy skills is a human right, and I am happy to see Alberta's government prioritize this."

Dr. George K. Georgiou, Professor, Faculty of Education, University of Alberta

Alberta's government is committed to ensuring each and every Alberta student has a supportive learning environment where they thrive. The new early years assessment framework was developed with input from school authorities, academic experts and other education stakeholders. School authorities will be provided with a list of approved assessments for staff and will have the autonomy to select the screening and assessment tools needed to support their students. The assessments will enable school authorities to make local decisions to better support students' specialized learning needs.
