MAYERTHORPE RCMP - DANGEROUS PERSON ALERT

Submitted by Mayerthorpe RCMP

As a result of a continued investigation into the incident which led to a public safety alert being issued by RCMP on Sept. 17, 2024 one male suspect surrendered himself to the RCMP with family and a warrant for arrest for the second male involved has been issued. The investigation remains open; however, it has been determined that the offences committed were targeted, and

Mayerthorpe RCMP would like to re-assure the members of the community that there is no imminent risk to the community.

RCMP have charged Whitecourt resident, 28-year-old Dakota Patterson with,

- Kidnapping with a firearm;
- Robbery with a firearm;
- Theft of truck;
- Assault with a weapon;
- Careless use of a firearm;
- Possession of a weapon for a dangerous purpose;
- Flight from Peace officer;

- Fail to comply with firearms prohibition;
- Fail to comply with Probation.

Dakota Patterson was taken before a justice of the Peace and remanded into custody.

A warrant of arrest has been issued for a 30-year-old resident of Grande Prairie, Santiago Patterson who has been charged with;

- Kidnapping with a firearm;
- Robbery with a firearm;
- Theft of truck;

ONOWAY SCHOOLS READY FOR A FANTASTIC YEAR OF LEARNING!

Submitted by NGPS

Onoway schools are looking forward to an inspired year of learning and possibilities with new students and administrative teams.

Onoway Jr/Sr High School

Mr. Paul Jespersen is new to his role as Principal at Onoway Jr/Sr High School (OJSH), but has been a part of the Onoway school community since 2021, when he

joined OJSH as Assistant Principal. Mr. Jespersen is an experienced administrator with extensive experience in the areas of school technology, instructional leadership, curriculum development and teacher growth.

New Assistant Principals Chris Hallowes and Karla Schmidt-Peterson round out the new administrative team at OJSH.

Mr. Hallowes is an experienced educator who understands the importance of cultivating relationships with all stakeholders to deliver exceptional results for students. Over his 20+ years in the classroom, Mr. Hallowes has taught a range of subjects, served

as a mentor for student teachers and coached numerous extracurricular sports for students.

Ms. Schmidt-Peterson joined OJSH in 2014.

Onoway Schools Ready For A Fantastic Year Of Learning!

Continued from Page 1

She has taught Independent Living Skills and a full range of core and option classes while engaging in leadership support, participating on NGPS' Quality Learning Environment Leadership Team, and serving as OJSH's Inclusive Education Facilitator.

The team is looking forward to building on the supportive culture of the Onoway school community, and to expanding future possibilities for students, alongside their colleagues across the field at Onoway Elementary School.

Onoway Elementary School
New OES Principal, Mr. Marc

Dickner has taught all grade levels in his career, with a focus on creating inclusive, creative, strength-based learning environments. An experienced leader, Marc is enjoying collaborating with his new staff, students and parent community in creating unforgettable experiences for students.

Ms. Nicole Mortimore joins the OES community from Darwell School where she has served as a teacher and Inclusive Education Facilitator since 2016. With a focus on instructional excellence and building strong relationships with students, families and stakeholders, Ms. Mortimore's background is tailored to the needs of the OES

community.

Both schools are looking forward to collaborating:

"Together, we will build on the strong partnerships between our staff, students, families, and the community and work cooperatively to provide our students with the support, assistance, and resources needed to empower them as learners."

JOKE of the week

One day my mother was out, and my dad was in charge of me. I was maybe 2 1/2 years old. Someone had given me a little 'tea set' as a gift, and it was one of my favourite toys. Daddy was in the living room engrossed in the evening news when I brought Daddy a little cup of 'tea', which was just water. After several cups of tea and lots of praise for such yummy tea, my Mom came home. My Dad made her wait in the living room to watch me bring him a cup of tea, because it was "just the cutest thing!" My Mom waited, and sure enough, here I came down the hall with a cup of tea for Daddy; and she watched him drink it up. Then she said: (as only a mother would know), "Did it ever occur to you that the only place she can reach to get water is the toilet?"

GREAT THINGS ARE HAPPENING AT THE ONOWAY CURLING CLUB

Submitted by Onoway Curling Club

As we turn the page on another summer season, we look forward to another successful year at the Onoway Curling Club. With the support of the Government of Alberta's Community Facility Enhancement Program (CFEP), your local curling club was able to invest in our community by replacing the ice plant to ensure our long term operation so that we can

provide a great activity for the long winter months.

In fact, all three levels of government are to be commended for helping to keep vital recreation facilities going. The CFEP program was a massive part of the funding we need for the ice plant replacement project, but we could not have finished it without the financial backing from the County of Lac Ste Anne and the continued support from the Town of Onoway. Local partners have been

very generous too. Ste Anne Gas Co-op is a proud sponsor of our little rocks program which helps to teach our children the game of curling. Our volunteer coaches that run the program on the ice and teach the kids the game and sportsmanship, deserve our thanks for keeping that chaos organized.

We are fortunate to live in a community with active local sponsorship. A big thank you goes out to Trius Insurance,

Water Pure and Simple, Calahoo Meats, Smith Assessment Services, and Mitch Bourke at Mitches Makes for their generous support.

So come on out and see what is happening at your local curling club. The ice will be going in soon and the games will begin in November. Registration is now open. Find us on Facebook at Onoway Curling Club.

PARKLAND RCMP AND EDMONTON POLICE SERVICE CHARGED MALE AFTER A SERIES OF BANK ROBBERIES

Submitted by Parkland RCMP

Investigations by the Parkland RCMP and Edmonton Police Service (EPS) have resulted in a male being charged after two bank robberies.

On July 17, 2024, at approximately 11:30 a.m., a male suspect entered the CIBC bank located at 100 Mcleod Avenue in Spruce Grove, Alta. The male walked up to a bank teller and handed a note which stated that this is a robbery, he had a gun (not produced) and demanded money.

Parkland RCMP And Edmonton Police Service Charged Male After A Series Of Bank Robberies

Continued from Page 3

The male then left the bank on foot without further incident. The robbery was captured on bank CCTV video.

On July 18, 2024, at approximately 3:05 p.m., EPS responded to a Robbery at the Servus Credit Union bank located at

2315 Rabbit Hill Road in Edmonton. A lone male suspect had walked up to a bank teller stated that this is a robbery, demanded money and that he had a gun.

Investigators from the two police services quickly determined that both robberies

were likely carried out by the same person.

As a result of the investigations, on Sept. 14, 2024, the suspect, Chilliwack B.C. resident Jacob Luke McDonald (30), was arrested in Chilliwack. He was transported back to Alberta and was subsequently

charged with:

- Robbery (x2);
- Disguise with intent (x2).

McDonald is remanded into custody with his next court date set for Sept. 23, 2024 at the Alberta Court of Justice in St. Albert.

STONY PLAIN LOCAL WINS \$106,288 ON LOTTO 6/49!

Submitted by Western Canada Lottery Corporation

"I was very surprised!"

Elaine Gunderson was shocked when she won \$106,288.80 on her August 10 LOTTO 6/49 ticket, but she didn't really show it.

The Stony Plain local purchased her winning ticket from the Canadian Tire Gas Bar located at 255 Shawville Boulevard SE in Calgary. She returned to the store the following day to check her ticket.

"I was very surprised," she explained while claiming her prize.

"But I think the cashier at the store had a bigger reaction."

"I don't think it sunk in for me at first," she laughed.

The new winner said she has a couple ideas for her windfall, including a few home renovations and upgrading her vehicle.

Gunderson won her prize by matching five out of six Classic draw numbers plus the Bonus number on the August 10 LOTTO 6/49 draw - 9, 15, 17, 20, 25 and 49, and the Bonus number 28.

This Saturday's LOTTO 6/49 Gold Ball jackpot is \$22 million! Tickets are available until 8:30 pm MT on the night of the draw at all Lotto Spot locations, online on the Lotto Spot app or Play Alberta, or by subscription at SubscriptionSpot.ca.

IMPROVE INDOOR AIR QUALITY IN ADVANCE OF WINTER

Upon the arrival of winter, people in regions where winter is marked by cold weather tend to spend significantly more time indoors. Be-

cause windows tend to be closed during winter, indoor air quality can suffer, making conditions inside a home less than desirable.

According to the American Lung Association, poor air circulation in a home can promote the spread of bacteria and viruses. Once such bacte-

ria or viruses are inhaled, coughs, colds and flu can spread. In addition, asthma and allergy sufferers may experience worsening symptoms thanks to the presence of endotoxins, which are substances that come from the broken-down cells of dead bacteria.

Because many people spend significantly more time indoors during winter than other times of the year, it's essential that they take measures to improve indoor air quality in the months ahead.

• Cut back on chemicals. It's ideal to avoid heavy chemical usage inside a home throughout the year, but it's especially important to do so during winter. Solvent-based cleaners or cleaning products with strong fragrances can negatively affect indoor air quality and potentially trigger allergic reactions. In lieu of chemically-enhanced cleaning products, use natural products that get the job done without sacrificing indoor air quality.

• Stop smoking indoors. Tobacco smoke can affect smokers and nonsmokers alike. The Centers for Disease Control and Prevention note that secondhand smoke causes numerous

health problems in infants and children. Those include more frequent and severe asthma attacks and respiratory infections. In addition, reports from the U.S. Department of Health and Human Services have linked secondhand smoke to an increased risk of sudden infant death syndrome. Adults exposed to secondhand smoke are at greater risk for coronary heart disease, stroke and lung cancer. Tobacco smoke

contains thousands of pollutants that can greatly diminish indoor air quality, so make sure smokers limit their smoking to outside the home throughout the year, but especially during winter.

- Take off your shoes when entering the home. Snowy conditions often require a home's inhabitants and guests to remove their footwear upon entering a home, but it helps to remove footwear in a mudroom or just inside the front door when entering a

home even when it's not snowing. Shoes can pick up dirt, dust and a host of other particles during winter, and if tracked inside those unwanted guests can negatively affect indoor air quality.

- Routinely inspect bathrooms for mold. During winter, mold can grow in rooms that are exposed to moisture but not properly ventilated. In many homes, that's the bathroom. Even if a bathroom has a ventilation fan, routinely inspect the ceiling and shower

for mold growth. Exposure to mold can cause a host of negative side effects, including nasal and sinus congestion and sore throat. Mold also can exacerbate asthma symptoms.

Improving and maintaining indoor air quality in winter can help a home's inhabitants stay healthy during the colder months.

WHAT TO LOOK FOR DURING ROOF INSPECTIONS

Cold weather can be tough on a home, and perhaps no part of a home is more vulnerable to harsh

winter weather than its roof.

Fallen snow can equate to several pounds of pressure

placed on a residential roof. Roofs do not often collapse under heavy snowfall. But adverse winter weather conditions can compromise roofs in other ways. Water leakage and damage to the roof's interior are just two of the potentially problematic issues that can arise when roofs are battered by cold, blustery weather. That's why many home improvement specialists advise homeowners to conduct roof inspections prior to the start of winter.

Many homeowners can conduct their own cursory

roof inspections, but they may not know exactly what to look for. The National Roofing Contractors Association says that there are certain key areas to inspect that may reveal some tell-tale signs of roof damage.

Curled, cracked or missing shingles may prove troublesome. Inclement weather can test the strength of even the most durable roofs. Even though many roofs are designed to last up to 30 years, some may need to be replaced early, particularly when they have

What To Look For During Roof Inspections

Continued from Page 8

been exposed to harsh weather over a period of years. Individual shingles can be replaced as spot treatments, but if the damage is widespread, a new roof may be necessary.

- Attic leaks or water elsewhere might signal issues with the roof. Figure out if water inside the home is coming from the roof. Water stains do not always indicate problems with the roofing, but it's better to be safe than sorry.

- Look for protective granules wearing off. If gutters are filled with the

sandy granular material that coats roofing shingles, that may be a sign of an aging or damaged roof.

- Inspect flashing. Professional roofers can recognize properly installed flashing, the material that connects the roof to other parts of the house that adjoin the roof, like skylights or a chimneys. Poorly installed flashing can cause leaks. Stains that appear below chimneys or near attic windows may indicate new flashing, and not new shingles, is needed.

- Gutters and down-

spouts should be in good condition. A roof is the sum of its parts, and that includes downspouts and gutters. If the gutters are clogged or damaged, they cannot direct water away from the house properly. Snow, leaves and other debris needs to be cleared from gutters to help them function at optimal capacity.

- Animals and insects can cause damage, too. It's not just poor weather that homeowners need to consider with regard to roof damage. Boring insects and animals

may cause problems with roofs as well. A roof inspection may shed light on potential pest problems. Holes or nesting materials may indicate that an animal or animals are using the attic as a shelter from the elements.

Get to the root of issues with your home's roof before they become bigger problems once winter arrives. A thorough inspection can reveal problems that may prove costly if ignored.

DOING AWAY WITH DINING ROOMS

Formal dining rooms are no longer as coveted as they once were. Family dinners, if they manage to be at home, are now just as likely to be served in the kitchen or in another space, such as on the patio or in the living room while watching television, as they are in formal dining rooms. Trendy homeowners have begun to ditch dining rooms in favor of using the space for other purposes. Homeowners with a passion for literature can outfit the

room with floor-to-ceiling bookcases to turn one-time dining rooms into the ultimate library. Those who need a bit more family space can use a dining room as a family room, outfitting the room with all storage nooks, a flat screen TV and a comfortable couch to make it more inviting. Because dining rooms are often located next to the kitchen, the removal of walls can make expanding the kitchen even easier. If their kitchens are

cramped, homeowners can look into ways to spread out into the space allotted for the dining area. There are many ways to repurpose dining rooms so they are functional to homeowners' specific needs, especially if those needs do not include formal dining areas.

Obituaries

Vera Daniels

July 30, 1940-July 16, 2024
 Vera Daniels, age 83, of Gunn, Ab, passed away Tuesday, July 16th, 2024, in Stony Plain Hospital Palliative care.

Vera was born July 30, 1940 in Warburg Ab. to John and Elsie Beierbach who preceded her in death. Also, preceding her was her sister Alice Cambell and her sons, Douglas, Patrick, James, and Adrian Sawchuk.

Vera is survived by her two brothers, Edwin (Isabel) (Judy-predeceased) and Emile (Myra) Beierbach, and brother-in-law Joe Cambell and daughter-in-law Lori Sawchuk. Also, by her grandchildren, Jason, Dustin and Bradley Sawchuk, Craig Dewald and Danielle (Tyler) Vandemark. She also leaves behind a number of great grandchildren.

The family would like to share their heartfelt gratitude

towards the nurses at the Sturgeon Community Hospital, Mayerthorpe Healthcare Centre, and the Palliative care nurses at Stony Plain Hospital.

Leona Pyska

1943 - 2024

It is with heavy hearts that the family of Leona Pyska announce her passing on September 3rd.

Leona will be forever loved and remembered by her sons Brad (Patsy), Darrel (Deb), and Marc; her daughter Leanne (Gerry) as well as numerous grandchildren and great-grandchildren.

Leona was predeceased by her parents Anne and Leo Bauer; her husband Edward; her brothers Marvin and Randy and her son Quenten. A Celebration of Life will be held on Saturday October 19th, 2024 at 2PM, at the Lake Isle Hall, RR55 and HWY 633, Lac

Ste Anne County, AB.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.
