### ONOWAY LEGION NEWS

Submitted by Onoway Legion

#### President's Message

With summer over, we had a very busy September. We embraced National Legion Week (Sept. 14 - 21) with everything we had.

We held a very popular Open House for the entire community with free hamburgers, hotdogs and cake with many people staying

into the evening to enjoy the regular Wednesday musical jam night.

We hosted a remarkably successful Gala celebrating the 90th Anniversary of Onoway Legion Branch #132. This semi-formal event included a piper, the Loyal Edmonton Regiment Band and delicious food. It was an evening to be remembered!

The plans do not stop there, though. Both weekly darts and weekly pool nights have begun again, and our social committee

is busy dreaming up events to appeal to everyone. Even cribbage will make an appearance this year.

The annual Halloween Team Trivia introduces the "spooky season", with memory-searching fun and unique prizes. As Christmas approaches, the Lac Ste. Anne Community Choir will entertain after dinner on Friday, November 22. The annual Christmas dinner heralds the holiday season on Friday, December 6.

# THE WALKING DEAD HOUSE AND HALLOWEEN HAUNTED HOUSE HUNT RETURN!

Submitted by Town of Stony Plain

Halloween season is here, and Stony Plain is excited to bring back two beloved Halloween events! The Halloween Haunted House Hunt returns, and for the second year, The Walking Dead House will be open at Heritage Park, hosted by the Town of Stony Plain and Parkland Search

and Rescue (PSAR).

The Walking Dead House will transform Heritage Park into a spooky playground for those looking for family fun and a few chills. The event, free for all to attend, will take place on October 26, from 10 AM to 4 PM. The Walking Dead House will feature two haunted house routes; one for the younger or more timid guests (recommended for

ages 0-8) and a scarier route for those seeking a bigger thrill (recommended for ages 8+). Attendees are encouraged to bring non-perishable food items or cash donations, which will benefit the Parkland Food Bank and Parkland Search and Rescue.

In addition to the haunted house, attendees can enjoy a variety of family-friendly activities along with two feature

films: one suited for families and the other for those seeking a spookier experience.

Additional activities at The Walking Dead House include:

- Balloon Twister
- Mad Science Show
- Magician Show
- Slime Making
- Axe Throwing
- Rage Room

“We’re thrilled to bring back The Walking Dead House for a second year at Heritage Park,” says Event Coordinator Tevra Graham. “It’s quickly becoming a must-attend Halloween event for families in our community, and this year’s activities are sure to bring even more excitement.”

In addition to The Walking Dead House, Stony Plain is also excited to host the return of the Halloween Haunted House Hunt. Starting October 21, daily clues will be posted at 9 AM on the Halloween webpage, guiding participants to miniature haunted houses hidden throughout public spaces in Stony Plain. Once a house is found, a new one will be hidden until all five are discovered. Lucky finders can bring the haunted houses to the Town Office during business hours to claim a prize with a limit of one prize per person.

“I’m excited to see the return of these exciting Halloween events in Stony Plain,” says Mayor William Choy. “Halloween is a time for fun, creativity, and community spirit, and these events offer something for everyone. I encourage everyone to come out, take part in the festivities, and make some great Halloween memories!”

Visit the Halloween webpage for all event details including daily Halloween Haunted House Hunt clues.

# CHILD ABUSE PREVENTION MONTH: MINISTER TURTON

Submitted by Government of Alberta

Minister of Children and Family Services Searle Turton issued the following statement recognizing Child Abuse Prevention Month:

“No child should ever have to experience abuse. Whether at school or in the home, online or out in the community, abuse of any kind is always unacceptable. Child Abuse Prevention Month serves as an important reminder that everyone has a responsibility to know the warning signs and speak up to keep young people safe.

“Our government re-

mains committed to protecting all children and youth and ensuring they have a safe place to turn, as well as the resources they need when abuse does happen. This includes supporting the invaluable work of Alberta’s child and youth advocacy centres, which foster welcoming environments where young survivors are empowered to tell their stories and seek justice, as well as Little Warriors, for those who need longer-term support to recover from child sexual abuse trauma.

“If you believe a child’s safety is at risk, don’t wait. Call the confiden-

tial, 24/7 Child Intervention line at 1-800-638-0715 or contact the nearest Children and Family Services office, Delegated First Nations Agency or local police.

“To every Albertan who has taken action to protect a child’s safety and well-being, or prevent abuse from happening in their community, thank you. To every child and youth who has experienced abuse: we believe you, you are not alone and help is available.”

## PROTECT YOUR VEHICLE FROM SNOW, ICE AND DAMAGE FROM THE COLD

Winter can be an unforgiving season. Freezing temperatures coupled with snow and ice can

take its toll on people who live in climates where cold weather is a fact of winter life.

While winter can test people's patience, it also can be harsh on cars and trucks. Understanding what components of a vehicle can be compromised by dropping temperatures and snowy roads can help drivers take action to safeguard their automotive investments.

While the Canadian Automobile Association notes that winter can wreak havoc on just about every part of a vehicle, there are some parts that seem to bear the brunt of Old Man Winter's abuse. Properly servicing and car-

ing for a car or truck can help.

Drivers should take their vehicles for a tuneup and inspection before wintry weather arrives. A mechanic will examine the car battery and check antifreeze levels and make sure that the thermostat, defroster, brakes, and even wiper blades are working effectively. Have the tires inspected for adequate tread, which can make navigating roads safer. If the treads are worn, replace the tires.

## Protect Your Vehicle From Snow, Ice And Damage From The Cold

Continued from Page 8

In addition to visiting their mechanics, drivers can perform some inspections and fixes themselves.

• Check that all of the vehicle's lights are operational so your car can be easily seen during inclement weather. Exchange your existing windshield washer fluid with one that will not freeze in cold conditions. Check the nozzles on the windshield-washer system routinely and clear out any blockages of ice or debris. While addressing windshield washer fluid, also replace worn out

windshield wiper blades with ones that can withstand snow and icy weather.

• A new coating of wax can serve as a shield against road salt, snow, sleet, and rain. Try a polymer wax to protect the paint. Whenever possible, rinse off salt and grime so it does not dry on the car and gradually wear away at the paint. Some drivers mistakenly believe that salt stops being a problem once it dries simply because moisture is the active ingredient for a corrosive reaction. But humidity

in the air is enough to keep the salt eating away at the car's paint, and that can contribute to rust. Be sure to rinse off the undercarriage of the vehicle as well.

• Have your tires' alignment checked toward the end of winter or early spring. A season of traveling over pothole-ridden roads or hitting curbs buried under snow drifts can affect the alignment. Get everything back on track. Similarly, inspect tires routinely, as weather changes can affect tire pressure and strength.

• Use a soft snow

brush or a foam brush to clear snow off of the car. Avoid hard plastic scrapers you might use on your windshield, as they can scratch painted surfaces.

• Try to park the vehicle in a garage or under a car port, each of which can protect cars and trucks from the often harsh elements of winter.

Vehicles can be affected by the cold weather. Keep them running efficiently to prevent damage this winter.

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER: Last Weeks**

4	5	8	6	7	9	2	1	3
6	7	9	3	2	1	8	4	5
2	1	3	5	8	4	6	9	7
9	8	4	1	6	3	7	5	2
1	3	7	2	4	5	9	6	8
5	2	6	7	9	8	4	3	1
7	4	1	9	5	2	3	8	6
3	9	2	8	1	6	5	7	4
8	6	5	4	3	7	1	2	9

You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
